Section 20. *Electronic Transmission.* Each of the parties hereto agrees that (a) any consent or signed document transmitted by electronic transmission shall be treated in all manner and respects as an original written document, (b) any such consent or document shall be considered to have the same binding and legal effect as an original document and (c) at the request of any party hereto, any such consent or document shall be re-delivered or re-executed, as appropriate, by the relevant party or parties in its original form. Each of the parties further agrees that they will not raise the transmission of a consent or document by electronic transmission as a defense in any proceeding or action in which the validity of such consent or document is at issue and hereby forever waives such defense. For purposes of this Agreement, the term “electronic transmission” means any form of communication not directly involving the physical transmission of paper, that creates a record that may be retained, retrieved and reviewed by a recipient thereof, and that may be directly reproduced in paper form by such a recipient through an automated process.

ENTRY OF THE CONFIRMATION ORDER BY THE BANKRUPTCY COURT SHALL CONSTITUTE THE BANKRUPTCY COURT'S APPROVAL, PURSUANT TO BANKRUPTCY RULE 9019, OF THE RELEASES IN SECTION [10.7(D)] OF THE PLAN (THE "**CUSA RELEASE-PARTY RELEASE**"), WHICH INCLUDES, BY REFERENCE, EACH OF THE RELATED PROVISIONS AND DEFINITIONS UNDER THE PLAN, AND, FURTHERMORE, SHALL CONSTITUTE THE BANKRUPTCY COURT'S FINDING THAT THE CUSA RELEASE-PARTY RELEASE IS (I) CONSENSUAL, (II) ESSENTIAL TO THE CONFIRMATION OF THE PLAN, (III) GIVEN IN EXCHANGE FOR THE GOOD, VALUABLE AND ADEQUATE CONSIDERATION PROVIDED BY THE RELEASED PARTIES, (IV) A GOOD FAITH SETTLEMENT AND COMPROMISE OF THE CLAIMS RELEASED BY THE CUSA RELEASE-PARTY RELEASE, (V) IN THE BEST INTERESTS OF THE DEBTORS AND THEIR ESTATES, (VI) FAIR, EQUITABLE AND REASONABLE, (VII) GIVEN AND MADE AFTER DUE NOTICE AND OPPORTUNITY FOR HEARING, AND (VIII) A BAR TO ANY OF THE CUSA PARTIES ASSERTING ANY CLAIM OR CAUSE OF ACTION RELEASED PURSUANT TO THE CUSA RELEASE-PARTY RELEASE.

(ii) No CUSA Entity shall be or shall be deemed to be a "Released Party" or a "Releasing Party" under the Plan or Confirmation Order. For the avoidance of doubt, other than set forth expressly in the Plan, no CUSA Entity has waived or released, or shall be deemed to have waived or released, any claim, including but not limited to any and all claims under the Bankruptcy Code, the Chevron Claims, and any and all claims related to or arising under this Agreement or the CUSA Definitive Documents; provided, any such claims shall receive the applicable treatment set forth in the Plan.

(iii) In exchange for the consideration provided hereunder, FWE (on behalf of itself and each of the other Debtors) hereby agrees, effective upon effectiveness of the CUSA Definitive Documents pursuant to Section 8, to waive any and all prepetition claims or causes of action against any of the CUSA Entities. Each CUSA Entity shall be an “Exculpated Party” under the Plan and Confirmation Order (to the maximum extent permitted by the Bankruptcy Court).

(iv) FWE’s assets to be allocated to, possessed by, assumed by, and vested in Fieldwood Energy I LLC (“**FWE I**”) and Fieldwood Energy III LLC (“**FWE III**”), respectively, pursuant to the transactions contemplated by and in accordance with the Initial Plan of Merger (the “**Initial Divisive Merger**”), including contracts, permits, leases, oil and gas leases and assets constituting real property interests (including all fee surface interests in land, surface leases, easements, rights of way, servitudes, licenses, franchises, road, railroad, and other surface use permits or agreements), shall be (a) free and clear of (i) any right of consent, notice, and other similar rights, if any, that are applicable to the vesting of the assets in connection with the Initial Divisive Merger and (ii) all preferential purchase rights, rights of first refusal, drag-along rights, tag-along rights, and other similar rights, if any, that are applicable to the vesting of the assets in connection with the Initial Divisive Merger, but (b) subject to and burdened by (x) the liabilities and obligations allocated to and vested in, respectively, FWE I or FWE III, as specified in the Initial Plan of Merger, pursuant to the Initial Divisive Merger and (y) Permitted Post-Closing Liens (as defined in Apache Implementation Agreement). Notwithstanding anything in this Agreement to the contrary, to the extent Section 4(iii) of the Apache Implementation Agreement is amended, this Clause 3(iv) will be deemed automatically amended to include a corresponding amendment, unless such amendment would be adverse to FWE IV or otherwise adversely affect the implementation of the FWE IV Divisive Merger.

(v) FWE III's assets to be allocated to, possessed by, assumed by, and vested in FWE IV pursuant to the transactions contemplated by and in accordance with the FWE III Plan of Merger (the "**FWE IV Divisive Merger**"), including contracts, permits, leases, oil and gas leases and assets constituting real property interests (including all fee surface interests in land, surface leases, easements, rights of way, servitudes, licenses, franchises, road, railroad, and other surface use permits or agreements), shall be (a) free and clear of (i) any right of consent, notice, and other similar rights, if any, that are applicable to the vesting of the assets in connection with the FWE IV Divisive Merger (such rights, the "**FWE IV Consent Rights**") and (ii) all preferential purchase rights, rights of first refusal, drag-along rights, tag-along rights, and other similar rights, if any, that are applicable to the vesting of the assets in connection with the FWE IV Divisive Merger (such rights, the "**FWE IV Preferential Purchase Rights**"), but (b) subject to and burdened by the liabilities and obligations allocated to and vested in, respectively, FWE III or FWE IV, as specified in the FWE III Plan of Merger (such liability and obligations allocated to and vested in FWE IV, the "**FWE IV Allocated Obligations**").

(vi) Entities (as defined under section 101(15) of the Bankruptcy Code) or Parties that fail to timely file an objection asserting a FWE IV Consent Right or FWE IV Preferential Purchase Right are (a) forever barred from objecting to the allocation and vesting of the assets in connection with the FWE III Plan of Merger free and clear of all FWE IV Consent Rights and FWE IV Preferential Purchase Rights, and from asserting any alleged FWE IV Consent Rights or FWE IV Preferential Purchase Rights with respect to the FWE III Plan of Merger, and (b) deemed to consent to and approve the allocation and vesting of the assets free and clear of all FWE IV Consent Rights and FWE IV Preferential Purchase Rights, regardless of whether such consent must be in writing pursuant to the terms of any agreement. For the avoidance of doubt,

nothing herein, including the releases provided in Section 3(i), shall affect or be deemed to restrict or limit CUSA's, CUSA's affiliates, or FWE IV's claims for or rights to seek payments or contribution from current or prior working interest owners, predecessors, co-owners and/or operators, or from any other parties that are contractually, legally, regulatorily or equitably liable for decommissioning or related obligations, including obligations under surety bonds, letters of credit or other instruments relating thereto, with respect to the Legacy CUSA Properties or the FWE IV Assets.

(vii) FWE shall, and shall cause its Debtor affiliates to, on the Effective Date, provide for the payment of any and all documentary, filing, recording, stamp, and registration fees, costs, taxes, and expenses (including all reasonable and documented attorneys' fees and regulatory consultant fees) incurred or imposed in connection with the filing of record by or on behalf of FWE III of any instrument or instruments with the appropriate records office of any county, parish, state, federal, or other governmental unit (including BOEM) that may be required in connection with the implementation of the FWE III Plan of Merger or that the applicable governmental unit or FWE III determines to be necessary or appropriate to reflect in the appropriate records of any governmental unit that as a result of the FWE IV Divisive Merger (a) ownership of the FWE IV Assets have been allocated to and are vested in FWE IV, and (b) the FWE IV Allocated Obligations have been allocated to and vested in, and constitute liabilities and obligations of, FWE III and FWE IV, respectively (collectively, the "**Implementation Costs**"); provided, to the extent any Implementation Costs remain unpaid as of the Effective Date, FWE shall have provided FWE IV with sufficient funds to pay any such outstanding Implementation Costs.

(viii) All rights of any applicable CUSA Entity with respect to bonds and letters of credit constituting security for the decommissioning of the assets allocated to and vested in

FWE IV shall be reserved as against such bonding companies and letter of credit issuers in all respects. The Debtors shall not terminate any bonds issued on behalf of the Debtors relating to such FWE IV assets under which any federal, state or local governmental entity is an obligee.

(ix) The Bankruptcy Court (i) approves the CUSA Definitive Documents and all transactions contemplated by this Agreement, including the FWE III Plan of Merger, and all actions to be taken, undertakings to be made, and obligations to be incurred by FWE III or FWE IV, as applicable, contemplated thereby; and (ii) following the consummation of the FWE III Plan of Merger, authorizes FWE III or FWE IV, as applicable, without further notice to or action, order, or approval of this Bankruptcy Court and without the need for any further corporate or shareholder action, to enter into, deliver, and fully perform their obligations under the CUSA Definitive Documents. Upon entry of the Confirmation Order, FWE III or FWE IV, as applicable, shall be authorized and empowered, without further approval of the Bankruptcy Court or any other party, to take such actions and perform such acts as may be necessary, convenient, desirable, or appropriate to execute and deliver the CUSA Definitive Documents in accordance with the Plan and to execute and deliver all documents relating thereto and to perform all of their obligations thereunder. On the Effective Date, the CUSA Definitive Documents shall constitute legal, valid, binding, and authorized obligations of FWE III or FWE IV, as applicable, enforceable in accordance with their terms, and such obligations of FWE III or FWE IV, as applicable, shall not be enjoined or subject to discharge, impairment, release, avoidance, recharacterization, or subordination by FWE III, FWE IV, the Post-Effective Date Debtors, or the Plan Administrator, under applicable law, the Plan, or the Confirmation Order.

(x) **Cures.** In accordance with the Plan, the Debtors or Post-Effective Date Debtors, as applicable, shall be responsible for paying any Cure Amounts associated with the

contracts assumed by the Debtors and allocated to FWE IV pursuant to the FWE III Plan of Merger. Notwithstanding anything in the Plan Supplement [Docket No. 1394] with respect to the Schedule of Assumed Contracts and Cure Amounts (or any subsequent schedules and notices with respect to assumed or assumed and assigned contracts and corresponding cure costs, including, without limitation, Docket Nos. 1395 and 1496) to the contrary, only the contracts to be assumed and allocated to FWE IV under the Plan of Merger shall be so assumed and allocated thereto. The Plan will be revised to remove FWE IV from the definition of “Post Effective Date Debtor.”

(xi) **Murrayfield and Emory Peak.** Notwithstanding anything in the Plan or Confirmation Order to the contrary, any overriding royalty interests, mortgages, memorandums of understanding and/or UCC-1s related to security documents associated with (x) that certain Joint Operating Agreement by and between Chevron U.S.A. Inc. and Fieldwood Energy LLC, dated July 1, 2019 (as amended) or (y) that certain Joint Operating Agreement by and among Chevron U.S.A. Inc., Fieldwood Energy LLC and Ridgewood Castle Rock, LLC, dated as of August 1, 2019 (as amended), that are being assumed and assigned to Newco in connection with Murrayfield and Emory Peak, shall be permitted encumbrances and shall continue in full force and effect following the Effective Date and such assumption and assignment to Newco.

4. **Treatment of ASPA Escrow Account and Production Payment.** FWE and CUSA agree that their intent is that the Production Payment (as used in this Section 4, as defined in that Certain Assignment of Production Payment, dated as of June 15, 2016, by Fieldwood Energy Offshore LLC, a Delaware limited liability company, as assignor, to U.S. Bank National Association, as escrow agent and assignee (the “**Production Payment Assignment**”)) will be reconveyed to Fieldwood Energy Offshore LLC and terminated as of the Effective Date. Each of FWE and CUSA will take such actions as are necessary (including causing their affiliates

to take actions and sending instructions to the Escrow Agent (as used in this Section 4, as defined in the Production Payment Assignment) to (a) terminate the Production Payment effective as of the Effective Date (which interest will revert to Fieldwood Energy Offshore LLC), including any obligations with respect to the Production Payment imposed by Section 18 of that certain Asset Sale and Purchase Agreement between CUSA and Fieldwood Energy Offshore LLC, dated August 1, 2015 (the “**2015 PSA**”), (b) cause the Escrow Agent to disburse all amounts held in the Escrow Account (as used in this Section 4, as defined in the Production Payment Assignment) to FWE IV (to the Escrow Account (in this instance, as defined in the Fieldwood Energy IV LLC Agreement) (such funds, the “**Prior Escrow Funds**”).

5. **Representations and Warranties.**

- a. FWE represents and warrants to CUSA that (in the case of each of clauses (i) through (iii), subject to entry by the Bankruptcy Court of the Confirmation Order):
 - (i) FWE has all requisite power and authority to execute and deliver this Agreement and each of the CUSA Definitive Documents to which it will be a party and to perform its obligations hereunder and thereunder. The execution, delivery and performance of this Agreement and the CUSA Definitive Documents to which FWE is or will be a party, and the consummation of the transactions contemplated hereby and thereby, have been duly and validly authorized by all requisite limited liability company action on the part of FWE.
 - (ii) This Agreement has been (and when executed, each CUSA Definitive Document to be executed and delivered by FWE will be) duly executed and delivered by FWE and constitutes (or, in the case of each CUSA Definitive Document to be executed by FWE, upon its execution by FWE will constitute) the valid and binding agreement of FWE

enforceable against FWE in accordance with its terms, except as may be limited by bankruptcy, insolvency, reorganization, moratorium, or other similar Laws now in effect relating to or affecting creditors' rights generally, general equitable principles (whether considered in a proceeding in equity or at Law), and the power of a court to deny enforcement of remedies generally based upon public policy.

(iii) The execution and delivery of this Agreement and the CUSA Definitive Documents by FWE and the consummation of the transactions contemplated hereby and thereby by FWE do not and shall not: violate, conflict with or result in any breach of any provision of any organizational document of FWE; result in the creation of any lien on any assets of FWE IV; violate (or be rendered void or ineffective by) any law or order applicable to FWE or by which FWE is bound.

(iv) to FWE's knowledge, as of the date hereof, there are no expenses that have been incurred by FWE that FWE has not paid of the type described in clause (viii) of the definition of "FWE IV Obligations" as set forth in the FWE III Plan of Merger.

b. CUSA represents and warrants to FWE that:

(i) CUSA has all requisite power and authority to execute and deliver this Agreement and each of the CUSA Definitive Documents to which it will be a party and to perform its obligations hereunder and thereunder. The execution, delivery and performance of this Agreement and the CUSA Definitive Documents to which CUSA is or will be a party, and the consummation of the transactions contemplated hereby and thereby, have been duly and validly authorized by all requisite corporate action on the part of CUSA. To the extent that in this Agreement or any CUSA Definitive Document, CUSA purports to covenant or agree on behalf of, grant a release by, or otherwise bind any affiliate of

(ii) This Agreement has been (and when executed, each CUSA Definitive Document to be executed and delivered by CUSA will be) duly executed and delivered by CUSA and constitutes (or, in the case of each CUSA Definitive Document to be executed by CUSA, upon its execution by CUSA will constitute) the valid and binding agreement of CUSA enforceable against CUSA in accordance with its terms, except as may be limited by bankruptcy, insolvency, reorganization, moratorium, or other similar Laws now in effect relating to or affecting creditors' rights generally, general equitable principles (whether considered in a proceeding in equity or at Law), and the power of a court to deny enforcement of remedies generally based upon public policy.

(iii) The execution and delivery of this Agreement and the CUSA Definitive Documents by CUSA and the consummation of the transactions contemplated hereby and thereby by CUSA do not and shall not: violate, conflict with or result in any breach of any provision of any organizational document of CUSA; result in the creation of any lien on any assets of FWE IV; violate (or be rendered void or ineffective by) any law or order applicable to CUSA or by which CUSA is bound.

6. **Termination of Agreement.** This Agreement shall terminate upon the earlier to occur of (a) the effectiveness of the CUSA Definitive Documents pursuant to Section 8 and (b) August 10, 2021 at 11:59 p.m. (Central Time) (the “**Outside Termination Date**”); provided that (i) the Outside Termination Date may be extended by mutual written agreement (which may include email) of the Parties, and (ii) Section 4 shall not terminate until the Prior

Escrow Funds have been deposited into the Escrow Account (as defined in the Fieldwood Energy IV LLC Agreement). Upon termination of this Agreement, each Party shall be immediately released from its obligations, commitments, undertakings and agreements under or related to this Agreement; provided that in no event shall any such termination relieve a Party from liability for its breach or non-performance of its obligations hereunder prior to the date of such termination.

7. **363 Credit Bid Transaction.** In the event that the 363 Credit Bid Transaction is pursued, CUSA agrees to take reasonable actions to facilitate the 363 Credit Bid Transaction, and cooperate in good faith with Debtors, the Required DIP Lenders and the Requisite FLTL Lenders to facilitate the 363 Credit Bid Transaction, including, if necessary, by making amendments to the CUSA Definitive Documents (to the extent that such amendments constitute reasonable actions to facilitate the 363 Credit Bid Transaction and, as it relates to the CUSA Entities, do not materially alter or negatively impact the economics of, or materially change the structure of, the transactions contemplated herein, unless otherwise agreed).

8. **Effectiveness.** This Agreement shall become effective and binding upon each Party upon the execution and delivery by such Party of an executed signature page hereto and shall become effective and binding on all Parties on the date when all Parties have executed and delivered a signature page hereto. The CUSA Definitive Documents shall become effective and binding upon each Party upon the occurrence (or waiver by CUSA in its sole discretion) of the following conditions precedent (and any conditions precedent included in the CUSA Definitive Documents themselves):

- a. the execution and delivery by each of the parties of countersignatures to the CUSA Definitive Documents, as applicable;
- b. the Parties shall have made the initial contributions to the Escrow Account in accordance with the CUSA Term Sheet, CUSA Definitive Documents, Section 4 of this Agreement and the Escrow Agreement, including the Prior Escrow

10. **Counterparts.** This Agreement may be executed in several counterparts, each of which shall be deemed to be an original, and all of which together shall be deemed to be one and the same agreement. 11. **Governing Law; Jurisdiction; Waiver of Jury Trial; Arbitration.** To the maximum extent permitted by applicable law, this Agreement is governed by and is to be construed in accordance with the internal laws of the State of Texas, without giving effect to any principles of conflicts of law thereunder that would result in the application of the laws of any other jurisdiction. Each Party irrevocably agrees that any legal action, suit, or proceeding arising out of or relating to this Agreement brought by any party or its successors or assigns shall be brought and determined in the Bankruptcy Court and each Party hereby irrevocably submits to the exclusive jurisdiction of the Bankruptcy Court, and if the Bankruptcy Court does not have (or abstains from) jurisdiction, Courts of the State of Texas and of the United States District Court of the Southern District of Texas, and any appellate court from any thereof, for itself and with respect to its property, generally and unconditionally, with regard to any such proceeding arising out of or relating to this Agreement. Each Party further agrees that notice as provided herein shall constitute sufficient service of process and the Parties further waive any argument that such service is insufficient. Each Party hereby irrevocably and unconditionally waives, and agrees not to assert, by way of motion or as a defense, counterclaim or otherwise, in any proceeding arising out of or relating to this Agreement, (a) any claim that it is not personally subject to the jurisdiction of the Bankruptcy Court as described herein for any reason, (b) that it or its property is exempt or immune from jurisdiction of such court or from any legal process commenced in such court (whether through service of notice, attachment prior to judgment, attachment in aid of execution of judgment, execution of judgment, or otherwise) and (c) that (1) the proceeding in such court is brought in an inconvenient forum, (2) the venue of such proceeding is improper, or (3) this Agreement, or the subject matter hereof, may not be enforced in or by such court. EACH OF THE PARTIES HERETO HEREBY IRREVOCABLY WAIVES, TO THE FULLEST EXTENT

PERMITTED BY APPLICABLE LAW, ANY AND ALL RIGHT TO TRIAL BY JURY IN ANY ACTION OR PROCEEDING ARISING OUT OF RELATING TO THIS AGREEMENT. EACH PARTY CERTIFIES THAT NO REPRESENTATIVE, AGENT OR ATTORNEY OF ANY OTHER PARTY HAS REPRESENTED, EXPRESSLY OR OTHERWISE, THAT SUCH OTHER PARTY WOULD NOT, IN THE EVENT OF LITIGATION, SEEK TO ENFORCE THE FOREGOING WAIVER.

EXHIBIT A

FIELDWOOD/CHEVRON TERM SHEET

This Term Sheet is an expression of interest only and creates no legally binding commitment by either party to negotiate any specific transaction or enter into any agreement. It is expressly understood that no liability or obligation of Fieldwood or Chevron of any nature whatsoever is intended to or will be created hereunder with respect to this Term Sheet or related discussions or writings or the transactions contemplated hereby and that this Term Sheet is neither a contract nor a binding offer. It is understood and agreed that any transaction is expressly conditioned, among others, upon approval by Fieldwood and Chevron, the execution and delivery by Fieldwood and Chevron or their affiliates of definitive written agreements, in form and substance satisfactory to Fieldwood and Chevron in their sole discretion, and the satisfaction of the conditions set forth therein. Fieldwood and Chevron expressly agree that this Term Sheet does not contain all terms that would be required to be agreed to in order to enter into any definitive agreement. Each party is responsible for its own costs and expenses, including those of its legal advisors in conjunction with this Term Sheet.

CHEVRON / FIELDWOOD COMMERCIAL TERM SHEET

Fieldwood Energy LLC (“FWE”) to create a new entity, Fieldwood Energy IV LLC (“FWE IV”), via a Texas divisive merger.

I. Term Sheet Expiration Date

FWE and Chevron U.S.A. Inc (“CUSA”) shall work together in good faith to negotiate the definitive documents contemplated below and any other agreements required to implement the transaction contemplated in this Term Sheet, in each case in accordance with the terms and conditions set forth herein (“**Definitive Documents**”), provided that this Term Sheet shall terminate if the parties have not fully agreed and finalized all such required Definitive Documents on or before midnight one business day before the deadline for filing objections to the Plan Confirmation Hearing as scheduled by the bankruptcy court for In Re: Fieldwood Energy LLC, et al, Chapter 11, Case No. 20-33948 (MI) (the “**Bankruptcy**”) (“**Termination Date**”).

II. Condition Precedent to Effectiveness

In addition to any other conditions precedent that may be agreed by the parties, it shall be a condition precedent to the effectiveness of the Definitive Documents that FWE IV will have been granted to the satisfaction of the parties to the Definitive Documents all necessary approvals by applicable regulatory authorities to act as a qualified operator in the Gulf of Mexico for the FWE IV Assets (as defined below) for which it will be required to assume operatorship under the Definitive Documents. In the event that FWE IV has not been granted such approval(s) by the Termination Date, but the Definitive Documents have been finalized as of the Termination Date, the effective date of the Definitive Documents shall be automatically extended on a day-by-day basis until all such approval(s) are received (or until such condition is waived by CUSA, at its sole discretion); provided that, in the event FWE IV has not been granted all such approvals by July 1, 2021, this Term Sheet and any and all executed Definitive Documents shall automatically terminate on such date. For the avoidance of doubt, in no event shall the failure to finalize and execute any Definitive Document result in any such extension after the Termination Date.

III. Withdrawal of Objection

In conjunction with the execution of this Term Sheet or promptly thereafter, FWE and CUSA will enter into a mutually agreed stipulation and order that will provide, among other things, that: (i) with respect to the Disclosure Statement For Joint Chapter 11” filed by FWE on January 1, 2021, as amended, in the Bankruptcy (the “**Disclosure Statement**”), CUSA will withdraw its objection to the approval of the Disclosure Statement filed February 12, 2021, upon filing the stipulation, and (ii) CUSA will not refile the objection or any other objection to FWE’s Disclosure Statement or Plan of Reorganization at any time prior to the Termination Date.

IV. FWE IV Assets

Assets to be allocated to FWE IV are restricted to the rights, title and interests in specific FWE IV assets and the liabilities and obligations associated with those designated assets as described herein. FWE IV shall be the designated operator for the assets allocated to it herein, unless otherwise expressly agreed by the parties. “**Closing**” shall take place in conjunction with the effectiveness of the divisive merger and simultaneous execution and delivery of the Definitive Documents, subject to and following due diligence review of the assets by CUSA, as described below.

Designated FWE IV Assets

At Closing, FWE shall allocate to FWE IV certain interests in the leases assigned previously to FWE by CUSA (and its predecessors and affiliates) as described in Exhibit “A” attached hereto, which are a portion of the interests acquired from CUSA that are described in the Abandoned Properties category under the FWE Disclosure Statement, or as otherwise agreed.

FWE IV assets will include the oil and gas leases contributed to FWE IV in accordance with the foregoing (or the section below on Agreed FWE III (Winddown Leases)), together with the platforms, wells, pipelines and equipment (including production equipment) located on and attributable to the CUSA interest in such leases, and any hydrocarbons produced from such leases, if applicable (collectively “**FWE IV Assets**”).

Agreed FWE III (Winddown Leases)

FWE IV will not be allocated any FWE leases that are currently allocated to Fieldwood Energy III LLC (“**FWE III**”) in the Disclosure Statement (the “**FWE III (Winddown Leases)**”); provided that a particular FWE III (Winddown Lease) scheduled on Exhibit B attached hereto may be allocated to FWE IV under the following circumstances: (i) if such lease is required by the government to be replaced by other leases during the Chapter 11 process, or (ii) if CUSA and FWE agree to have such lease allocated to FWE IV. For the avoidance of doubt, CUSA or an affiliate must be a predecessor in the chain of title as noted on BOEM’s Serial Register Page of any FWE III (Winddown Lease) lease/asset allocated to FWE IV.

If any such FWE III (Winddown Leases) leases/assets are to be allocated to FWE IV in accordance with (i) in the preceding, then an amount not less than 50% of FWE’s predecessor-in-interest share of the funding designated and allocated to FWE III for decommissioning such lease/asset; or, if such lease/asset is allocated to FWE in accordance with (ii) in the preceding, then the agreed upon amount of funding designated and allocated to FWE III for decommissioning such lease/asset (in either case, the “**FWE III Lease Payment Amount**”) shall be paid by FWE into the Escrow Account for general use at Closing.

V. FWE IV Governance and Operations

To the extent any of the oil and gas leases contained within the FWE IV Assets are terminated leases and as such not transferable, or are not transferrable for any other reason, CUSA and FWE shall negotiate in good faith in order to determine a mutually agreeable structure whereby FWE IV shall be allocated or otherwise obtain certain agreed rights

and obligations associated with such oil and gas leases and the FWE IV assets relating thereto, including, if applicable, the right to act as decommissioning contractor for such FWE IV assets and contractual rights to recover against predecessors-in-interest, surety bond providers and other applicable persons.

VI. Turnkey Removal Agreement

1. CUSA, FWE IV and NewCo to enter into the Turnkey Removal Agreement whereby, upon agreement of the price for a decommissioning project, NewCo will decommission the FWE IV Assets on a lump sum, turnkey payment basis, and NewCo will earn a single pre-agreed payment (turnkey amount) in exchange for completing such decommissioning project. NewCo will have profit opportunity if it is able to perform a decommissioning project for lower cost than the pre-agreed turnkey amount, and NewCo will bear the risk that the costs of a decommissioning project exceeds the pre-agreed turnkey amount. All such turnkey amounts shall be determined on a 100% (gross) basis and shall cover all costs, expenses and overhead associated with a particular decommissioning project, including all third party costs, any fixed and/or capital costs, tax, etc.
2. At Closing, the parties shall determine the turnkey amounts for all decommissioning projects under the Turnkey Removal Agreement (leases operated by FWE IV) and shall agree on the decommissioning projects scheduled to be conducted during the first year after Closing under the Turnkey Removal Agreement, all of which shall be attached to the Turnkey Removal Agreement. Additionally, the parties shall agree on certain qualified conditions for the decommissioning projects (“**Qualified Conditions**”), which such Qualified Conditions, if present, can, at the election of either NewCo or CUSA, as applicable, and subject to the notice requirements set forth in the Definitive Documents, cause the parties to adjust the applicable turnkey amount for a particular project or agree on alternative cost arrangement; provided that such Qualified Conditions shall be set forth in the Definitive Documents and shall be limited to (i) material changes in government regulations that can reasonably be expected to materially increase or decrease the applicable cost of decommissioning a particular project and (ii) as otherwise mutually agreed in the Definitive Documents to by the parties. In the event the parties are unable to agree to the adjusted turnkey amount or an alternative cost arrangement due to an occurrence of a Qualified Condition, the parties shall follow the method set forth in the Definitive Documents.

3. For all decommissioning projects to be conducted after the first anniversary of Closing, at least 90 prior to each anniversary of Closing, NewCo will provide CUSA final turnkey amounts for decommissioning projects to be completed in the next successive 12-month period, which final amounts may be the same or updated from the original schedule. Such amounts shall become the agreed upon turnkey amounts for the applicable 12 month period if such amount has not been updated from the original scheduled amount or if CUSA does not object in writing to an updated turnkey amount within 30 days of delivery of the final turnkey amounts. The parties will work in good faith to agree on a final turnkey amount; provided that, if the parties fail to reach agreement on a final turnkey amount for a particular project within 30 days of such objection, the parties shall follow the method set forth in the Definitive Documents. FWE IV will work in good faith with CUSA to determine applicable sources of committed third party funding payments on an asset-by-asset basis prior to commencement of the work for a particular decommissioning project, including (i) available bonds, and (ii) contributions from predecessors-in-interest.
4. Services provided by NewCo pursuant to the Turnkey Removal Agreement will include performing decommissioning operations to an agreed operational and regulatory performance standard on behalf of FWE IV on agreed terms and conditions. For purposes of clarity, FWE and CUSA agree that NewCo will meet such required standard if it performs such decommissioning operations consistent with required laws, rules and regulations promulgated by governing regulatory agencies, including but not limited to BOEM and BSEE, and consistent with any applicable third party contracts (the “**Performance Standards**”).
5. For each decommissioning project, CUSA shall pay its share of the agreed turnkey payment (as described in “*Funding Obligations and Cost Allocation*”, below) into the Escrow Account when FWE IV has received funds or secured a contractual commitment (such as AFE approval) for full funding of the applicable decommissioning project.
6. Newco shall not undertake the applicable decommissioning project until full funding of the applicable turnkey amount has been agreed to by CUSA and NewCo, including receiving funds or securing a contractual commitment (such as an AFE approval) from applicable third parties, including any Other FWE Party (defined below). Subject to 7 below, CUSA shall authorize, and NewCo shall receive, payment of the full agreed turnkey amount from the Escrow Account (as payment on behalf of FWE IV) upon delivery to FWE IV and CUSA of the filings and other evidence required by BOEM and BSEE or any other applicable governmental authority, including requisite approvals or regulatory concurrence, to support NewCo’s representation that all decommissioning obligations with respect to the applicable assets have been satisfied.
7. If any individual asset subject to the Turnkey Removal Agreement results in an agreed turnkey amount in excess of \$5 million or if the aggregate amount of agreed turnkey amounts in effect at any one time for multiple assets subject to the Turnkey Removal Agreement is in excess of \$10 million, NewCo and CUSA will agree on milestone payments to be paid in the above manner upon completion of interim decommissioning activities. In no event shall milestone payments equal 100% of the total turnkey amount. Payment of a final percentage of the agreed turnkey amount of 25% shall remain in the applicable Escrow Account until completion of the work in accordance with the terms of the Turnkey Removal Agreement.

8. CUSA retains the right to terminate the Turnkey Removal Agreement as to a particular asset and/or require FWE IV to competitively bid the decommissioning services with respect to a particular asset in the event NewCo is unable to (or otherwise fails to) perform the services in compliance with Government issued timelines or in the event NewCo is in breach of the Turnkey Removal Agreement, including, but not limited to, the Performance Standards with respect to a particular asset. In the event of termination, CUSA shall be refunded any funds deposited in the Escrow Account for the particular asset decommissioning.
9. With respect to certain FWE IV Assets for which such activities will be required or otherwise advisable / agreed at Closing, NewCo will perform , and FWE IV will engage NewCo to perform and will reimburse or otherwise pay up to \$5 million for, operations necessary to safe-out and otherwise perform preparatory activities to put such FWE IV Assets into a mechanical and operational state such so that they are ready to be decommissioned (up to the \$5 million cap on these costs, **“Initial Safe Out”**); provided that NewCo shall not be required to perform any such work without funding therefor from either FWE IV or CUSA.

CUSA will pay 100% of the turnkey amount agreed by the parties to be owed by CUSA for a particular FWE IV Asset decommissioning project when due; provided that in the event there are any other current working interest owner(s) with an interest in the applicable decommissioning project (or the underlying lease or assets), including FWE I or any other entity surviving the FWE divisive merger at Closing, whether as a co-working interest owner in an asset or otherwise (**“Other FWE Party”**), CUSA shall only be required to pay its predecessor-in-interest share of the FWE IV working interest percentage share of the applicable turnkey amount. In the event there are other predecessors-in-interest to the FWE IV Asset (excluding CUSA and the predecessors to CUSA), CUSA shall have the right to elect whether or not to pay 100% of the turnkey amount prior to commencement of work.

 - a. CUSA’s obligation to pay the turnkey amount shall be reduced by any funds or contributions that FWE IV secures or otherwise collects from other predecessors-in-interest or otherwise with respect to CUSA’s share of the turnkey amount or, if any such funds are collected after the turnkey amount is paid in full, such amounts shall be paid to CUSA as reimbursement such that CUSA’s funded amount is equal to its predecessor-in-interest percentage for the particular decommissioning project.
 - b. In the event that there are any funds received from NPI Revenue Amounts available in the Escrow Account, CUSA shall have the option to utilize such funds to reduce its obligation to pay a particular turnkey amount.
 - c. In the event that there are any funds associated with any FWE III Lease Payment Amounts available in the Escrow Account, CUSA shall have the option to utilize such funds to reduce its obligation to pay the FWE III (Winddown Lease) decommissioning turnkey amount or be provided to FWE IV for general use.
 - d. In the event that CUSA is in breach of any of its obligations under a Definitive Document, CUSA Payment Reduction shall exclude subparts (b) and (c) above.

3. FWE will contribute at Closing \$5,000,000 into the FWE IV Escrow Account to cover the Initial Safe Out. FWE IV will pay NewCo for performing the Initial Safe Out upon completion of individual works scopes with such funds from the Escrow Account; NewCo shall not be required to undertake any work scopes if funds therefor are not already in the FWE IV Escrow Account.
4. In no event shall CUSA be required to pay for or otherwise contribute funds in relation to (and no funds in the applicable Escrow Account or any other contribution by CUSA shall be used in any manner for) any of the following (“**Excluded CVX Costs**”):

If circumstances change (including changes to the assets or regulations covering operations), NewCo may charge a reasonable, mutually agreed fee for such services. The parties agree that third party costs associated with the operations of the FWE IV Assets or management of FWE IV, but not including overhead costs, such as rent or equipment lease payments (“**Permitted Third Party Costs**”) shall be paid by funds from the Escrow Account and shall be billed directly to FWE IV. To the extent that any Permitted Third Party Costs are not covered by available funds from the Escrow Account, CUSA shall reimburse and contribute such Permitted Third Party Costs to the Escrow Account on a monthly basis in arrears.
2. Notwithstanding Item 1 above, to the extent FWE IV or NewCo, through a shared services agreement, incurs lease operating expenditures associated with a permitted operation on or

For the avoidance of doubt, Newco shall not be obligated to either provide any such services without funding therefor or to advance any funds for FWE IV. Additionally, NewCo’s assumption of expenses in (1) above and Excluded CVX Costs shall not be included as or deemed Permitted LOE Costs.

3. Notwithstanding the foregoing, Permitted Third Party Costs and Permitted LOE Costs shall not include any amounts relating to or otherwise associated with (including any operating expenses or overhead allocated to) any Excluded CVX Costs.

(a) The purposes of the Company are to (i) engage in the Plugging and Abandonment and decommissioning of the FWE IV Assets, as such terms are defined in the Plan of Merger, (ii) the operation of the FWE IV Assets prior to their Plugging and Abandonment and decommissioning, (iii) such other activities as are approved pursuant to the terms of this Agreement, including subject to Section 7.04, and (iv) to engage in any and all activities necessary or incidental to the foregoing purposes.

(b) The Company shall have all the powers necessary or convenient to carry out the purposes for which it is formed, including the powers granted by the BOC.

Section 2.06 Term. The term of the Company commenced on the date the Certificate of Formation was filed with the Secretary of State of the State of Texas and shall continue in existence perpetually until the Company is terminated in accordance with the provisions of this Agreement.

**ARTICLE III
CAPITAL CONTRIBUTIONS; CAPITAL ACCOUNTS**

Section 3.01 Tax Partnership Provisions. This ARTICLE III is intended to apply only if the Company becomes a partnership for U.S. federal income tax purposes.

Section 3.02 Initial Capital Contributions. Contemporaneously with the execution of this Agreement, and pursuant to the Plan of Reorganization and as a result of a divisive merger pursuant to § 10.008 of the BOC, the Company holds the properties and assets identified as the FWE IV Assets, which shall, together with the amount of any expenses paid pursuant to Section 12.01, constitute the aggregate Capital Contributions made by the Initial Member. The Initial Member shall own Membership Interests in the amount set forth opposite such Member's name on Schedule A attached hereto (the "**Members Schedule**"). From and after the date of this Agreement, the Sole Manager shall maintain and update the Members Schedule upon the issuance or Transfer of any Membership Interests to any new or existing Member in accordance with this Agreement.

Section 3.03 Additional Capital Contributions. No Member shall be required to make any additional Capital Contributions to the Company. Any future Capital Contributions made by any Member shall only be made with the consent of the Sole Manager. To the extent that a Member makes an additional Capital Contribution to the Company, the Sole Manager shall revise the Members Schedule to reflect an increase in the Membership Interest of the contributing Member that fairly and equitably reflects the value of its additional Capital Contribution in relation to the aggregate amount of all Capital Contributions made by the Members.

Section 3.04 Maintenance of Capital Accounts. The Company shall establish and maintain for each Member a separate capital account (a "**Capital Account**") on its books and records in accordance with this Section 3.04. Each Capital Account shall be established and maintained in accordance with the following provisions:

(a) Each Member's Capital Account shall be increased by the amount of:

- (i) such Member's Capital Contributions, including such Member's initial Capital Contribution and any additional Capital Contributions;
 - (ii) any Net Income or other item of income or gain allocated to such Member pursuant to ARTICLE V; and
 - (iii) any liabilities of the Company that are assumed by such Member or secured by any property distributed to such Member.
- (b) Each Member's Capital Account shall be decreased by:
- (i) the cash amount or Book Value of any property distributed to such Member pursuant to ARTICLE VI and Section 11.03(d);
 - (ii) the amount of any Net Loss or other item of loss or deduction allocated to such Member pursuant to ARTICLE V; and
 - (iii) the amount of any liabilities of such Member assumed by the Company or that are secured by any property contributed by such Member to the Company.

Section 3.05 Succession Upon Transfer. In the event that any Membership Interests are Transferred in accordance with the terms of this Agreement, the Transferee shall succeed to the Capital Account of the Transferor to the extent it relates to the Transferred Membership Interests and, subject to Section 5.05, shall receive allocations and distributions pursuant to ARTICLE V, ARTICLE VI, and ARTICLE XI in respect of such Membership Interests.

Section 3.06 Negative Capital Accounts. In the event that any Member shall have a deficit balance in its Capital Account, such Member shall have no obligation, during the term of the Company or upon termination or liquidation thereof, to restore such negative balance or make any Capital Contributions to the Company by reason thereof, except as may be required by Applicable Law or in respect of any negative balance resulting from a withdrawal of capital or termination in contravention of this Agreement.

Section 3.07 No Withdrawals from Capital Accounts. No Member shall be entitled to withdraw any part of its Capital Account or to receive any distribution from the Company, except as otherwise provided in this Agreement. No Member shall receive any interest, salary, or drawing with respect to its Capital Contributions or its Capital Account, except as otherwise provided in this Agreement. The Capital Accounts are maintained for the sole purpose of allocating items of income, gain, loss, and deduction among the Members and shall have no effect on the amount of any distributions to any Members, in liquidation or otherwise.

Section 3.08 Treatment of Loans from Members. Loans by any Member to the Company shall not be considered Capital Contributions and shall not affect the maintenance of such Member's Capital Account, other than to the extent provided in Section 3.04(a)(iii), if applicable.

Section 3.09 Modifications. The foregoing provisions and the other provisions of this Agreement relating to the maintenance of Capital Accounts are intended to comply with Treasury Regulations Section 1.704-1(b) and shall be interpreted and applied in a manner consistent with such Treasury Regulations. If the Sole Manager determines that it is prudent to modify the manner in which the Capital Accounts, or any increases or decreases to the Capital Accounts, are computed in order to comply with such Treasury Regulations, the Sole Manager may authorize such modifications without the consent of any Member.

ARTICLE IV MEMBERS

Section 4.01 No Personal Liability. Except as otherwise expressly provided in the BOC, by Applicable Law, or expressly in this Agreement, no Member will be obligated personally for any debt, obligation, or liability of the Company or other Members, whether arising in contract, tort, or otherwise, including a debt, obligation, or liability under a judgment, decree, or order of a court, solely by reason of being a Member.

Section 4.02 No Withdrawal. So long as a Member continues to hold a Membership Interest, such Member shall not have the ability to withdraw or resign as a Member prior to the winding up and termination of the Company and any such withdrawal or resignation or attempted withdrawal or resignation by a Member prior to the winding up and termination of the Company shall be null and void. As soon as any Person who is a Member ceases to hold a Membership Interest, such Person shall no longer be a Member.

Section 4.03 No Interest in Company Property. No real or personal property of the Company shall be deemed to be owned by any Member individually, but shall be owned by, and title shall be vested solely in, the Company. Without limiting the foregoing, each Member hereby irrevocably waives during the term of the Company any right that such Member may have to maintain any action for partition with respect to the property of the Company.

Section 4.04 Certification of Membership Interests.

(a) The Sole Manager may, but shall not be required to, issue certificates to the Members representing the Membership Interests held by such Member.

(b) In the event that the Sole Manager shall issue certificates representing Membership Interests in accordance with Section 4.04(a), then in addition to any other legend required by Applicable Law, all certificates representing issued and outstanding Membership Interests shall bear a legend substantially in the following form:

THE MEMBERSHIP INTEREST REPRESENTED BY THIS CERTIFICATE IS SUBJECT TO A LIMITED LIABILITY COMPANY AGREEMENT AMONG THE COMPANY AND ITS MEMBERS, A COPY OF WHICH IS ON FILE AT THE PRINCIPAL EXECUTIVE OFFICE OF THE COMPANY. NO TRANSFER, SALE, CONVEYANCE, ASSIGNMENT, GIFT, PLEDGE, HYPOTHECATION, ENCUMBRANCE, OR OTHER DISPOSITION OF THE MEMBERSHIP

INTEREST REPRESENTED BY THIS CERTIFICATE MAY BE MADE EXCEPT IN ACCORDANCE WITH THE PROVISIONS OF SUCH COMPANY AGREEMENT.

THE MEMBERSHIP INTEREST REPRESENTED BY THIS CERTIFICATE HAS NOT BEEN REGISTERED UNDER THE SECURITIES ACT OF 1933, AS AMENDED, OR UNDER ANY OTHER APPLICABLE SECURITIES LAWS AND MAY NOT BE TRANSFERRED, SOLD, ASSIGNED, GIFTED, PLEDGED, HYPOTHECATED, OR OTHERWISE DISPOSED EXCEPT PURSUANT TO (A) A REGISTRATION STATEMENT EFFECTIVE UNDER SUCH ACT AND LAWS OR (B) AN EXEMPTION FROM REGISTRATION THEREUNDER.

Section 4.05 Meetings of Members.

(a) Meetings of the Members may be called by (i) the Sole Manager or (ii) Members holding a majority of the Membership Interests.

(b) Written notice stating the place, date, and time of the meeting and, in the case of a meeting of the Members not regularly scheduled, describing the purposes for which the meeting is called, shall be delivered not fewer than ten days and not more than 60 days before the date of the meeting to each Member, by or at the direction of the Sole Manager or the Member(s) calling the meeting, as the case may be. The Members may hold meetings at the Company's principal office or at such other place, within or outside the State of Texas, as the Sole Manager or the Member(s) calling the meeting may designate in the notice for such meeting.

(c) Any Member may participate in a meeting of the Members by means of conference telephone or other communications equipment by means of which all Persons participating in the meeting can talk to and hear each other, and participation in a meeting by such means shall constitute presence in person at such meeting.

(d) On any matter that is to be voted on by Members, a Member may vote in person or by proxy, and such proxy may be granted in writing, by means of Electronic Transmission or as otherwise permitted by Applicable Law. Every proxy shall be revocable in the discretion of the Member executing it unless otherwise provided in such proxy; provided, that such right to revocation shall not invalidate or otherwise affect actions taken under such proxy prior to such revocation. In lieu of a proxy, a Member may grant an irrevocable power of attorney to conduct the affairs of such Member with respect to matters of the Company, including matters relating to the organization, internal affairs, or termination of the Company.

(e) The business to be conducted at such meeting need not be limited to the purpose described in the notice and can include business to be conducted by Members; provided, that the appropriate Members shall have been notified of the meeting in accordance with Section 4.05(b). Attendance of a Member at any meeting shall constitute

a waiver of notice of such meeting, except where a Member attends a meeting for the express purpose of objecting to the transaction of any business on the ground that the meeting is not lawfully called or convened.

(f) A quorum of any meeting of the Members shall require the presence, whether in person or by proxy, of the Members holding a majority of the Membership Interests. Subject to Section 4.06, no action may be taken by the Members unless the appropriate quorum is present at a meeting.

(g) Subject to Section 4.06, Section 7.04, Section 12.10 or any provision of this Agreement or the BOC requiring the vote, consent, or approval of a different percentage of the Membership Interests, no action may be taken by the Members at any meeting at which a quorum is present without the affirmative vote of the Members holding a majority of the outstanding Membership Interests.

Section 4.06 Action Without Meeting.

(a) Notwithstanding the provisions of Section 4.05, any matter that is to be voted on, consented to, or approved by the Members may be taken without a meeting, without prior notice, and without a vote if consented to, in writing or by Electronic Transmission, by a Member or Members holding not less than the minimum number of votes that would be necessary to authorize or take such action at a meeting at which each Member entitled to vote on the action is present and votes. A record shall be maintained by the Sole Manager of each such action taken by written consent of a Member or Members.

(b) A Member's consent may not be established by a Member's failure to object to an action in a timely manner or by any other means not explicitly provided for in this Agreement.

(c) If any action or decision permitted by this Agreement to be taken or made by less than all of the Members is taken or made by a written consent signed by less than all of the Members, the Sole Manager shall, within ten calendar days after such action is taken or such decision is made, give written notice of the action taken or the decision made to the Members who did not sign the written consent.

Section 4.07 Power of Members. The Members shall have the power to exercise any and all rights or powers granted to Members pursuant to the express terms of this Agreement and the BOC. Except as otherwise specifically provided by this Agreement or required by the BOC, no Member, in its capacity as a Member, shall have the power to act for or on behalf of, or to bind, the Company, other than to the extent that the Company has granted a power of attorney to such Member to bind the Company on such actions.

Section 4.08 Similar or Competitive Activities; Business Opportunities. Nothing contained in this Agreement shall prevent any Member or any of its Affiliates from engaging in any other activities or businesses, regardless of whether those activities or businesses are similar to or competitive with the Company. None of the Members nor any of their Affiliates shall be

obligated to account to the Company or to the other Members for any profits or income earned or derived from such other activities or businesses. None of the Members nor any of their Affiliates shall be obligated to inform the Company or the other Members of a business opportunity of any type or description.

ARTICLE V ALLOCATIONS

Section 5.01 Tax Partnership Provisions. This ARTICLE V is intended to apply only if the Company becomes a partnership for U.S. federal income tax purposes.

Section 5.02 Allocation of Net Income and Net Loss. For each Fiscal Year (or portion thereof), after giving effect to the special allocations set forth in Section 5.03, Net Income and Net Loss of the Company shall be allocated among the Members pro rata in accordance with their Membership Interests.

Section 5.03 Regulatory and Special Allocations. Notwithstanding the provisions of Section 5.02:

(a) If there is a net decrease in Company Minimum Gain (determined according to Treasury Regulations Section 1.704-2(d)(1)) during any Fiscal Year, each Member shall be specially allocated Net Income for such Fiscal Year (and, if necessary, subsequent Fiscal Years) in an amount equal to such Member's share of the net decrease in Company Minimum Gain, determined in accordance with Treasury Regulations Section 1.704-2(g). The items to be so allocated shall be determined in accordance with Treasury Regulations Sections 1.704-2(f)(6) and 1.704-2(j)(2). This Section 5.03(a) is intended to comply with the "minimum gain chargeback" requirement in Treasury Regulations Section 1.704-2(f) and shall be interpreted consistently therewith.

(b) Member Nonrecourse Deductions shall be allocated in the manner required by Treasury Regulations Section 1.704-2(i). Except as otherwise provided in Treasury Regulations Section 1.704-2(i)(4), if there is a net decrease in Member Nonrecourse Debt Minimum Gain during any Fiscal Year, each Member that has a share of such Member Nonrecourse Debt Minimum Gain shall be specially allocated Net Income for such Fiscal Year (and, if necessary, subsequent Fiscal Years) in an amount equal to that Member's share of the net decrease in Member Nonrecourse Debt Minimum Gain. Items to be allocated pursuant to this paragraph shall be determined in accordance with Treasury Regulations Sections 1.704-2(i)(4) and 1.704-2(j)(2). This Section 5.03(b) is intended to comply with the "minimum gain chargeback" requirement in Treasury Regulations Section 1.704-2(i)(4) and shall be interpreted consistently therewith.

(c) Nonrecourse Deductions shall be allocated to the Members in accordance with their Membership Interests.

(d) In the event any Member unexpectedly receives any adjustments, allocations, or distributions described in Treasury Regulations Section 1.704-1(b)(2)(ii)(d)(4), (5) or (6), Net Income shall be specially allocated to such Member in an

amount and manner sufficient to eliminate the Adjusted Capital Account Deficit created by such adjustments, allocations, or distributions as quickly as possible. This Section 5.03(d) is intended to comply with the “qualified income offset” requirement in Treasury Regulations Section 1.704-1(b)(2)(ii)(d) and shall be interpreted consistently therewith.

(e) Simulated Depletion and Simulated Gain or Loss with respect to any Depletable Property shall be allocated among the Members in proportion to their shares of the Simulated Basis in such property. Each Member’s share of the Simulated Basis in each of the Company’s Depletable Properties shall be allocated to each Member in accordance with such Member’s Membership Interest as of the time such Depletable Property is acquired by the Company, and shall be reallocated among the Members in accordance with the Members’ Membership Interest as determined immediately following the occurrence of an event giving rise to any adjustment to the Book Values of the Company’s oil and gas properties pursuant to the terms of this Agreement (or at the time of any material additions to the federal income tax basis of such Depletable Property).

(f) The allocations set forth in subsections Section 5.03(a), Section 5.03(b), Section 5.03(c), Section 5.03(d) and Section 5.03(e) above (the “**Regulatory Allocations**”) are intended to comply with certain requirements of the Treasury Regulations under Code Section 704. Notwithstanding any other provisions of this ARTICLE V (other than the Regulatory Allocations), the Regulatory Allocations shall be taken into account in allocating Net Income and Net Losses among Members so that, to the extent possible, the net amount of such allocations of Net Income and Net Losses and other items and the Regulatory Allocations to each Member shall be equal to the net amount that would have been allocated to such Member if the Regulatory Allocations had not occurred.

Section 5.04 Tax Allocations.

(a) Subject to Section 5.04(b), Section 5.04(c), and Section 5.04(d), all income, gains, losses and deductions of the Company shall be allocated, for federal, state, and local income tax purposes, among the Members in accordance with the allocation of such income, gains, losses, and deductions pursuant to Section 5.02 and Section 5.03, except that if any such allocation for tax purposes is not permitted by the Code or other Applicable Law, the Company’s subsequent income, gains, losses, and deductions shall be allocated among the Members for tax purposes, to the extent permitted by the Code and other Applicable Law, so as to reflect as nearly as possible the allocation set forth in Section 5.02 and Section 5.03.

(b) Items of Company taxable income, gain, loss, and deduction with respect to any property contributed to the capital of the Company shall be allocated among the Members in accordance with Code Section 704(c) using such reasonable method under Treasury Regulations Section 1.704-3 as shall be determined by the Sole Manager, so as to take account of any variation between the adjusted basis of such property to the Company for federal income tax purposes and its Book Value.

(c) If the Book Value of any Company asset is adjusted pursuant to Treasury Regulations Section 1.704-1(b)(2)(iv)(f) as provided in clause (c) of the definition of Book Value, subsequent allocations of items of taxable income, gain, loss, and deduction with respect to such asset shall take account of any variation between the adjusted basis of such asset for federal income tax purposes and its Book Value using such reasonable method under Treasury Regulations Section 1.704-3 as shall be determined by the Sole Manager.

(d) Allocations of tax credit, tax credit recapture, and any items related thereto shall be allocated to the Members according to their interests in such items as determined by the Sole Manager taking into account the principles of Treasury Regulations Section 1.704-1(b)(4)(ii).

(e) The deduction for depletion with respect to each separate oil and gas property (as defined in Section 614 of the Code) shall, in accordance with Section 613A(c)(7)(D) of the Code, be computed for federal income tax purposes separately by the Members rather than the Company. The proportionate share of the adjusted tax basis of each oil and gas property shall be allocated to each Member in accordance with such Member's Membership Interest as of the time such oil and gas property is acquired by the Company (and any additions to such U.S. federal income tax basis resulting from expenditures required to be capitalized in such basis shall be allocated among the Members in a manner designed to cause the Members' proportionate shares of such adjusted U.S. federal income tax basis to be in accordance with their Membership Interests as determined at the time of any such additions), and shall be reallocated among the Members in accordance with the Members' Membership Interests as determined immediately following the occurrence of an event giving rise to an adjustment to the Book Values of the Company's oil and gas properties. For purposes of the separate computation of gain or loss by each Member on the taxable disposition of each oil and gas property, the amount realized from such disposition shall be allocated (i) first, to the Members in an amount equal to the Simulated Basis in such oil and gas property in proportion to their allocable shares thereof and (ii) second, any remaining amount realized shall be allocated consistent with the allocation of Simulated Gain or Loss. The allocations described in this Section 5.04(e) are intended to be applied in accordance with the Members' "interests in partnership capital" under Section 613A(c)(7)(D) of the Code; provided, however, that the Members understand and agree that the Sole Manager may authorize special allocations of federal income tax basis, income, gain, deduction or loss, as computed for U.S. federal income tax purposes, in order to eliminate differences between Simulated Basis and adjusted U.S. federal income tax basis with respect to each oil and gas property, in such manner as determined consistent with the principles outlined in Sections 5.04b) and 5.04c).

The provisions of this Section 5.04(e) and the other provisions of this Agreement relating to allocations under Section 613A(c)(7)(D) of the Code are intended to comply with Treasury Regulations Section 1.704-1(b)(4)(v) and shall be interpreted and applied in a manner consistent with such Treasury Regulations. Each Member, with the assistance of the Company, shall separately keep records of its share of the adjusted tax basis in each oil and gas property, adjust such share of the adjusted tax basis for any cost or percentage depletion allowable with respect to such property and use such adjusted tax basis in the computation of its cost depletion or in the computation of its gain or loss on the disposition

of such property by the Company. Upon the reasonable request of the Company, each Member shall advise the Company of its adjusted tax basis in each oil and gas property and any depletion computed with respect thereto, both as computed in accordance with the provisions of this subsection for purposes of allowing the Company to make adjustments to the tax basis of its assets as a result of certain transfers of interests in the Company or distributions by the Company. The Company may rely on such information and, if it is not provided by the Member, may make such reasonable assumptions as it shall determine with respect thereto. When reasonably requested by the Members, the Company shall provide all available information needed by such Members to comply with the record keeping requirements of this Section 5.04(e) and other applicable tax reporting obligations.

(f) Allocations pursuant to this Section 5.04 are solely for purposes of federal, state, and local taxes and shall not affect, or in any way be taken into account in computing, any Member's Capital Account or share of Net Income, Net Losses, distributions, or other items pursuant to any provisions of this Agreement.

Section 5.05 Allocations in Respect of Transferred Membership Interests. In the event of a Transfer of Membership Interests during any Fiscal Year made in compliance with the provisions of ARTICLE VIII, Net Income, Net Losses, and other items of income, gain, loss, and deduction of the Company attributable to such Membership Interests for such Fiscal Year shall be determined using the interim closing of the books method.

ARTICLE VI DISTRIBUTIONS

Section 6.01 General.

(a) Subject to Section 6.02 and Section 7.03(b), distributions of available cash shall be made to the Members when and in such amounts as determined by the Sole Manager and only following (i) payment of all operating expenses of the Company, including required payments under the Material Project Contracts, and the termination of the Material Project Contracts, (ii) the payment in full of any and all amounts owing to Credit Bid Purchaser or CUSA under any Material Project Contract, and (iii) the cessation of all production from, and Final Completion of all plugging and abandonment and decommissioning of the FWE IV Assets. After making all distributions required for a given Fiscal Year under Section 6.02, and paying all operating expenses, and making appropriate reserves for future operating expenses, and paying all amounts then due and outstanding under the Material Project Contracts as described in the preceding sentence, the termination of the Material Project Contracts, and the satisfaction of the condition under item (iii), in each case as described in the preceding sentence, distributions determined to be made by the Sole Manager pursuant to this Section 6.01(a) shall be paid to the Members in accordance with their respective Membership Interests.

(b) Notwithstanding any provision to the contrary contained in this Agreement, the Company shall not make any distribution to the Members (i) prior to the cessation of all production from, and Final Completion of all plugging and abandonment and

decommissioning activities on, the FWE IV Assets, except as provided in Section 6.02, or (ii) if such distribution would violate § 101.206 of the BOC or other Applicable Law.

Section 6.02 Tax Advances.

(a) Subject to (i) any restrictions in the Company's then-applicable debt financing arrangements, if any, and (ii) the Sole Manager's good faith determination to retain any other amounts necessary to satisfy obligations of the Company that are reasonably expected to be due and payable in the 90 days following the date of determination, at least three days before each date prescribed by the Code for a calendar-year corporation to pay quarterly installments of estimated tax, the Company shall use commercially reasonable efforts to distribute cash to each Member in proportion to and to the extent of such Member's Quarterly Estimated Tax Amount for the applicable calendar quarter (each such distribution, a "**Tax Advance**").

(b) If, at any time after the final Quarterly Estimated Tax Amount has been distributed pursuant to Section 6.02(a) with respect to any Fiscal Year, the aggregate Tax Advances to any Member with respect to such Fiscal Year are less than such Member's Tax Amount for such Fiscal Year (a "**Shortfall Amount**"), the Company shall use commercially reasonable efforts to distribute cash in proportion to and to the extent of each Member's Shortfall Amount. The Company shall use commercially reasonable efforts to distribute Shortfall Amounts with respect to a Fiscal Year before the 90th day of the next succeeding Fiscal Year; provided, that if the Company has made distributions other than pursuant to this Section 6.02, the Sole Manager may apply such distributions to reduce any Shortfall Amount.

(c) If the aggregate Tax Advances made to any Member pursuant to this Section 6.02 for any Fiscal Year exceed such Member's Tax Amount (an "**Excess Amount**"), such Excess Amount shall reduce subsequent Tax Advances that would be made to such Member pursuant to this Section 6.02, except to the extent taken into account as an advance pursuant to Section 6.02(d).

(d) Any distributions made pursuant to this Section 6.02 shall be treated for purposes of this Agreement as advances on distributions pursuant to Section 6.01 and shall reduce, dollar-for-dollar, the amount otherwise distributable to such Member pursuant to Section 6.01.

Section 6.03 Tax Withholding; Withholding Advances.

(a) **Tax Withholding.** Each Member agrees to furnish the Company with any representations and forms as shall be reasonably requested by the Company to assist it in determining the extent of, and in fulfilling, any withholding obligations it may have.

(b) **Withholding Advances.** The Company is hereby authorized at all times to make payments ("**Withholding Advances**") with respect to each Member in amounts required to discharge any obligation of the Company, including any obligation under Section 6225 of the Code (as determined by the Tax Matters Representative based on the

advice of legal or tax counsel to the Company) to withhold or make payments to any federal, state, local or foreign taxing authority (a “**Taxing Authority**”) with respect to any distribution or allocation by the Company of income or gain to such Member and to withhold the same from distributions to such Member. Any funds withheld from a distribution by reason of this Section 6.03(b) shall nonetheless be deemed distributed to the Member in question for all purposes under this Agreement. If the Company makes any Withholding Advance in respect of a Member hereunder that is not immediately withheld from actual distributions to the Member, then the Member shall promptly reimburse the Company for the amount of such payment, plus interest at a rate equal to the prime rate published in the Wall Street Journal on the date of payment plus two percent per annum, compounded annually, on such amount from the date of such payment until such amount is repaid (or deducted from a distribution) by the Member (any such payment shall not constitute a Capital Contribution). Each Member’s reimbursement obligation under this Section 6.03(b) shall continue after such Member transfers its Membership Interests.

(c) **Indemnification.** Each Member hereby agrees to defend, indemnify and hold harmless the Company and the other Members from and against any liability with respect to taxes, interest, or penalties that may be asserted by reason of the Company’s failure to deduct and withhold tax on amounts distributable or allocable to such Member. The provisions of this Section 6.03(c) and the obligations of a Member pursuant to Section 6.03(b) shall survive the termination, dissolution, liquidation, and winding up of the Company and the withdrawal of such Member from the Company or Transfer of its Membership Interests. The Company may pursue and enforce all rights and remedies it may have against each Member under this Section 6.03, including bringing a lawsuit to collect repayment with interest of any Withholding Advances.

(d) **Overwithholding.** None of the Company or the Sole Manager shall be liable for any excess taxes withheld in respect of any distribution or allocation of income or gain to a Member. In the event of an overwithholding, a Member’s sole recourse shall be to apply for a refund from the appropriate Taxing Authority.

Section 6.04 Distributions in Kind.

(a) Subject to Sections 6.01 and 6.02, the Sole Manager is hereby authorized, as it may reasonably determine, to make distributions to the Members in the form of securities or other property (but not including any oil and gas properties) held by the Company; provided, that Tax Advances shall only be made in cash. In any non-cash distribution, the securities or property so distributed will be distributed among the Members in the same proportion and priority as cash equal to the Fair Market Value of such securities or property would be distributed among the Members pursuant to Section 6.01.

(b) Any distribution of securities shall be subject to such conditions and restrictions as the Sole Manager determines are required or advisable to ensure compliance with Applicable Law. In furtherance of the foregoing, the Sole Manager may require that the Members execute and deliver such documents as the Sole Manager may deem necessary or appropriate to ensure compliance with all federal and state securities laws that

apply to such distribution and any further Transfer of the distributed securities, and may appropriately legend the certificates that represent such securities to reflect any restriction on Transfer with respect to such laws.

ARTICLE VII MANAGEMENT

Section 7.01 Management of the Company. The business and affairs of the Company shall be managed, operated, and controlled by or under the direction of one manager designated pursuant to Section 7.02 (the “**Sole Manager**”). Subject to the provisions of Section 7.04, the Sole Manager shall have, and is hereby granted, full and complete power, authority, and discretion for, on behalf of, and in the name of the Company, to take such actions as it may deem necessary or advisable to carry out any and all of the objectives and purposes of the Company, to the exclusion of the Members unless expressly provided for otherwise in this Agreement or expressly required under the BOC. Subject to the provisions of Section 7.06, the Sole Manager shall have, and is hereby granted, full and complete power, authority, and discretion for, on behalf of, and in the name of the Company, to take such actions as it may deem necessary or advisable to carry out any and all of the objectives and purposes of the Company.

Section 7.02 Sole Manager. The Company shall not have any officers or employees other than the Sole Manager. Sunset Energy Gulf Coast Asset Management LLC has been selected and designated by the Member with the consent of CUSA to serve as the initial Sole Manager. The Sole Manager may not be removed without CUSA’s prior written consent, which may be given, delayed or withheld in its sole discretion. In the event that the Sole Manager is removed with CUSA’s written consent or the Sole Manager resigns or otherwise ceases to serve in such capacity, then the Sole Manager shall be selected pursuant to the following procedure: CUSA and the Company (acting through the Member for all purposes under this Section 7.02, who shall solicit input from Credit Bid Purchaser for all purposes under this Section 7.02) shall agree on a replacement, and, if they cannot agree, the Company shall designate a replacement, which shall be subject to CUSA’s approval (which approval shall not to be unreasonably withheld, conditioned or delayed).

Section 7.03 Material Project Contracts; Net Profit Interest.

(a) The Company’s execution and performance of its obligations under each of the Omnibus Agreement, the NPI Conveyance, the Contract Operating Agreement, the Turnkey Removal Agreement, the Joint Development Agreement, the Deepwater Assets Decommissioning Funding Agreement, the SEMS Bridging Agreement, the Transition Services Agreement and the Escrow Agreement has been approved by the Member and shall not require any other approval on the part of the Company (by the Sole Manager or otherwise). The Sole Manager shall not amend or modify such agreements, except in accordance with this Agreement.

(b) At the end of each Production Period, the Company shall pay into the Escrow Account the NPI Payment, if any is due, as calculated pursuant to the terms of the NPI Conveyance.

Section 7.04 Actions Requiring CUSA Consent. Without the prior written consent of CUSA (which written consent may be given, delayed or withheld in CUSA's sole discretion, unless expressly indicated otherwise), the Company shall not do, or enter into any commitment to do, any of the following:

- (a) engage in any business or activity other than (i) plugging and abandoning and decommissioning the FWE IV Assets and (ii) operating the FWE IV Assets prior to their plugging and abandonment and decommissioning;
- (b) use revenue or free cash flow for any purpose other than (i) for funding Reimbursable Costs or Third Party Payments under the Contract Operating Agreement (or similar charges under a replacement thereto) and, if applicable, payment into the Escrow Account and (ii) Tax Advances pursuant to Section 6.02(a);
- (c) issue additional Membership Interests or any other equity securities or admit additional Members to the Company;
- (d) approve any decommissioning plan with respect to the FWE IV Assets; or engage or retain any decommissioning subcontractor other than Credit Bid Purchaser pursuant to the Turnkey Removal Agreement;
- (e) incur any Indebtedness;
- (f) make any loan, advance, or capital contribution or make any investment in any Person;
- (g) replace, remove or change the powers of the Sole Manager;
- (h) replace or remove Credit Bid Purchaser under the Contract Operating Agreement; engage or retain any contract operator other than Credit Bid Purchaser pursuant to the Contract Operating Agreement; amend, or waive the application of, any provision of the Contract Operating Agreement;
- (i) divest any of the FWE IV Assets (other than sales of hydrocarbons in the ordinary course of business) or acquire any other assets (other than for a purpose permitted under Section 7.04(a) and in accordance with the terms of the Contract Operating Agreement, and further subject to any approval rights contained therein);
- (j) approving any prospective joint development project or other capital project for which an election to participate has been delivered to the Company pursuant to the Joint Development Agreement or approve any well takeover under the Joint Development Agreement;
- (k) agree to any (i) settlement or order with any Governmental Authority relating to the FWE IV Assets or the operations conducted thereon, (ii) settlement relating to contribution or payment amounts relating to decommissioning obligations with any Person, including any predecessor-in-interest to all or any portion of the leases and lands

covered by the FWE IV Assets or any surety bond provider or other provider or holder of security relating to decommissioning operations, or (iii) any other settlement involving FWE IV Assets or the operation of FWE IV;

(l) amend any provision of a Material Project Contract, or waive any material right of the Company under a Material Project Contract;

(m) [Reserved];

(n) take any act of Bankruptcy, liquidate or otherwise terminate the existence of the Company or any of its Subsidiaries;

(o) enter into a fundamental business transaction within the meaning of such term in the BOC;

(p) establish a Subsidiary or enter into any joint venture or similar business arrangement or enter into a transaction covered by Section 7.03;

(q) enter into, amend, waive, or terminate any contract with an Affiliate of the Company; or

(r) amend, modify, supplement, restate, or waive any provision of the Certificate of Formation, this Agreement or any other organizational documents of the Company or its Subsidiaries (and any such amendment, modification, supplement, or waiver that is attempted without CUSA's prior written consent shall be void *ab initio* and without effect).

If CUSA in good faith believes that (x) Credit Bid Purchaser is in breach the Contract Operating Agreement in a manner that is materially adverse to the Company or is liable to the Company for indemnification pursuant to the terms of the Contract Operating Agreement, and (y) the Company has failed to enforce its rights (including, if applicable, termination right) with respect to such breach or indemnification and such failure is materially adverse to the Company, then CUSA may (i) deliver a written notice to the Company requesting that the Company enforce such rights (any rights to which such request relates must be specifically identified) and (ii) if the Company fails to enforce such rights within thirty days of its receipt of such notice, CUSA may itself enforce the rights of the Company against Credit Bid Purchaser on the Company's behalf.

Section 7.05 No Compensation of the Sole Manager. The Sole Manager shall receive an offer letter and be compensated for the services provided by such individual as the Sole Manager of the Company in the amount set forth in such offer letter. The Company shall reimburse the Sole Manager for all reasonable, ordinary, necessary, and direct third-party expenses incurred by the Sole Manager on behalf of the Company in carrying out the Company's business activities.

Section 7.06 No Personal Liability. Except as otherwise provided in the BOC or by Applicable Law, or expressly provided in this Agreement or any written agreement between the Company and the Sole Manager, (i) the Sole Manager will not be obligated personally for any debt, obligation, or liability of the Company, whether arising in contract, tort, or otherwise,

including a debt, obligation, or liability under a judgment, decree, or order of a court, solely by reason of being or acting as the Sole Manager and (ii) subject to Section 7.04, the Sole Manager shall carry out his or her duties under this Agreement in good faith and a manner in which the Sole Manager believes to be consistent with and in furtherance of the purpose of the Company specified in Section 2.05(a).

ARTICLE VIII TRANSFER

Section 8.01 General Restrictions on Transfer.

(a) No Member shall Transfer all or any portion of its Membership Interest in the Company without the prior written approval of the Sole Manager.

(b) Subject to Section 8.01(a), each Member agrees that it will not Transfer all or any portion of its Membership Interest in the Company, and the Company agrees that it shall not issue any Membership Interests:

(i) except as permitted under the Securities Act and other Applicable Laws, and then, with respect to a Transfer of Membership Interests, only upon delivery to the Company of an opinion of counsel in form and substance satisfactory to the Company to the effect that such Transfer may be effected without registration under the Securities Act;

(ii) if the Company becomes a partnership for U.S. federal income tax purposes, if such Transfer or issuance would cause the Company to be considered a “publicly traded partnership” under Section 7704(b) of the Code within the meaning of Treasury Regulations Section 1.7704-1(h)(1)(ii), including the look-through rule in Treasury Regulations Section 1.7704-1(h)(3);

(iii) if such Transfer or issuance would affect the Company’s existence or qualification as a limited liability company under the BOC;

(iv) if the Company becomes a partnership for U.S. federal income tax purposes, if such Transfer or issuance would cause the Company to lose its status as a partnership for federal income tax purposes;

(v) if such Transfer or issuance would cause the Company to be required to register as an investment company under the Investment Company Act of 1940, as amended;

(vi) if such Transfer or issuance would cause the assets of the Company to be deemed “Plan Assets” as defined under the Employee Retirement Income Security Act of 1974 or its accompanying regulations or result in any “prohibited transaction” thereunder involving the Company; and

(vii) such Transfer would limit, hinder or prohibit the Company from carrying out its purpose under Section 2.05(a).

(c) Any Transfer or attempted Transfer of any Membership Interest in violation of this Agreement shall be null and void *ab initio*, no such Transfer shall be recorded on the Company's books, and the purported Transferee in any such Transfer shall not be treated (and the purported Transferor shall continue to be treated) as the owner of such Membership Interest for all purposes of this Agreement.

(d) No Transfer of any Membership Interest to a Person not already a Member of the Company shall be deemed completed until the prospective Transferee has executed a joinder agreement in form and substance acceptable to the Company.

(e) For the avoidance of doubt, any completed Transfer of a Membership Interest permitted by this Agreement shall be deemed a sale, transfer, conveyance, assignment, or other disposal of such Membership Interest in its entirety as intended by the parties to such Transfer, and shall not be deemed a sale, transfer, conveyance, assignment, or other disposal of any less than all of the rights and benefits described in the definition of the term "Membership Interest."

ARTICLE IX EXCULPATION AND INDEMNIFICATION

Section 9.01 Exculpation of Covered Persons.

(a) **Covered Persons.** As used herein, the term "**Covered Person**" shall mean (i) each current or former Member; (ii) each current or former manager, officer, director, shareholder, partner, member, Affiliate, employee, agent, or Representative of each Member, and each of their Affiliates; and (iii) each manager (including the Sole Manager), officer (if any), employee (if any), agent, or Representative of the Company.

(b) **Standard of Care.** No Covered Person shall be liable to the Company or any other Covered Person for any loss, damage, or claim incurred by reason of any action taken or omitted to be taken by such Covered Person in good faith reliance on the provisions of this Agreement, so long as such action or omission does not constitute fraud or willful misconduct by such Covered Person.

(c) **Good Faith Reliance.** A Covered Person shall be fully protected in relying in good faith upon the records of the Company and upon such information, opinions, reports, or statements (including financial statements and information, opinions, reports, or statements as to the value or amount of the assets, liabilities, Net Income, or Net Losses of the Company or any facts pertinent to the existence and amount of assets from which distributions might properly be paid) of the following Persons or groups: (i) another Member; (ii) one or more managers, officers or employees of the Company; (iii) any attorney, independent accountant, appraiser, or other expert or professional employed or engaged by or on behalf of the Company; or (iv) any other Person selected in good faith by or on behalf of the Company, in each case as to matters that such relying Person

reasonably believes to be within such other Person's professional or expert competence. The preceding sentence shall in no way limit any Person's right to rely on information to the extent provided in § 3.102 or § 3.105 of the BOC.

Section 9.02 Liabilities and Duties of Covered Persons.

(a) **Limitation of Liability.** This Agreement, unless otherwise specifically stated herein, is not intended to, and does not, create or impose any fiduciary duty on any Covered Person. Furthermore, each of the Members and the Company hereby waives any and all fiduciary duties that, absent such waiver, may be implied by Applicable Law, and in doing so, acknowledges and agrees that the duties and obligations of each Covered Person to each other and to the Company are only as expressly set forth in this Agreement. The provisions of this Agreement, to the extent that they restrict the duties and liabilities of a Covered Person otherwise existing at law or in equity, are agreed by the Members to replace such other duties and liabilities of such Covered Person.

(b) **Duties.** Subject to Section 7.06, whenever in this Agreement a Covered Person is permitted or required to make a decision (including a decision that is in such Covered Person's "discretion" or under a grant of similar authority or latitude), the Covered Person shall be entitled to consider only such interests and factors as such Covered Person desires and shall have no duty or obligation to give any consideration to any interest of or factors affecting the Company or any other Person. Whenever in this Agreement a Covered Person is permitted or required to make a decision in such Covered Person's "good faith," the Covered Person shall act under such express standard and shall not be subject to any other or different standard imposed by this Agreement or any other Applicable Law.

Section 9.03 Indemnification.

(a) **Indemnification.** To the fullest extent permitted by the BOC, as the same now exists or may hereafter be amended, substituted or replaced (but, in the case of any such amendment, substitution, or replacement, only to the extent that such amendment, substitution, or replacement permits the Company to provide broader indemnification rights than the BOC permitted the Company to provide prior to such amendment, substitution, or replacement), the Company shall indemnify, hold harmless, defend, pay, and reimburse any Covered Person against any and all losses, claims, damages, judgments, fines, or liabilities, including reasonable legal fees or other expenses incurred in investigating or defending against such losses, claims, damages, judgments, fines, or liabilities, and any amounts expended in settlement of any claims (collectively, "**Losses**") to which such Covered Person may become subject by reason of:

- (i) any act or omission or alleged act or omission performed or omitted to be performed on behalf of the Company, any Member, or any direct or indirect Subsidiary of the foregoing in connection with the business of the Company; or
- (ii) such Covered Person being or acting in connection with the business of the Company as a member, shareholder, Affiliate, manager, director, officer, employee, or agent of the Company, any Member, or any of their respective

Affiliates, or that such Covered Person is or was serving at the request of the Company as a member, manager, director, officer, employee, or agent of any Person including the Company;

provided, that (x) such Covered Person acted in good faith and in a manner believed by such Covered Person to be in, or not opposed to, the best interests of the Company and, with respect to any criminal proceeding, had no reasonable cause to believe his conduct was unlawful, and (y) such Covered Person's conduct did not constitute fraud or willful and intentional misconduct, in either case as determined by a final, nonappealable order of a court of competent jurisdiction. In connection with the foregoing, the termination of any action, suit, or proceeding by judgment, order, settlement, conviction, or upon a plea of nolo contendere or its equivalent, shall not, of itself, create a presumption that the Covered Person did not act in good faith or, with respect to any criminal proceeding, had reasonable cause to believe that such Covered Person's conduct was unlawful, or that the Covered Person's conduct constituted fraud or willful misconduct.

(b) **Control of Defense.** Upon a Covered Person's discovery of any claim, lawsuit, or other proceeding relating to any Losses for which such Covered Person may be indemnified pursuant to this Section 9.03, the Covered Person shall give prompt written notice to the Company of such claim, lawsuit, or proceeding; provided, that the failure of the Covered Person to provide such notice shall not relieve the Company of any indemnification obligation under this Section 9.03, unless the Company shall have been materially prejudiced thereby. The Company shall be entitled to participate in or assume the defense of any such claim, lawsuit, or proceeding at its own expense. After notice from the Company to the Covered Person of its election to assume the defense of any such claim, lawsuit, or proceeding, the Company shall not be liable to the Covered Person under this Agreement or otherwise for any legal or other expenses subsequently incurred by the Covered Person in connection with investigating, preparing to defend, or defending any such claim, lawsuit, or other proceeding. If the Company does not elect (or fails to elect) to assume the defense of any such claim, lawsuit, or proceeding, the Covered Person shall have the right to assume the defense of such claim, lawsuit, or proceeding as it deems appropriate, but it shall not settle any such claim, lawsuit, or proceeding without the consent of the Company (which consent shall not be unreasonably withheld, conditioned, or delayed).

(c) **Reimbursement.** The Company shall promptly reimburse (and/or advance to the extent reasonably required) each Covered Person for reasonable legal or other expenses (as incurred) of such Covered Person in connection with investigating, preparing to defend, or defending any claim, lawsuit, or other proceeding relating to any Losses for which such Covered Person may be indemnified pursuant to this Section 9.03; provided, that if it is finally judicially determined that such Covered Person is not entitled to the indemnification provided by this Section 9.03, then such Covered Person shall promptly reimburse the Company for any reimbursed or advanced expenses.

(d) **Entitlement to Indemnity.** The indemnification provided by this Section 9.03 shall not be deemed exclusive of any other rights to indemnification to which those

seeking indemnification may be entitled under the BOC, any agreement or otherwise. The provisions of this Section 9.03 shall continue to afford protection to each Covered Person regardless of whether such Covered Person remains in the position or capacity pursuant to which such Covered Person became entitled to indemnification under this Section 9.03 and shall inure to the benefit of the executors, administrators, legatees, and distributees of such Covered Person.

(e) **Insurance.** To the extent available on commercially reasonable terms, the Company may purchase, at its expense, insurance to cover Losses covered by the foregoing indemnification provisions and to otherwise cover Losses for any breach or alleged breach by any Covered Person of such Covered Person's duties in such amount and with such deductibles as the Sole Manager may reasonably determine; provided, that the failure to obtain such insurance shall not affect the right to indemnification of any Covered Person under the indemnification provisions contained herein, including the right to be reimbursed or advanced expenses or otherwise indemnified for Losses hereunder. If any Covered Person recovers any amounts in respect of any Losses from any insurance coverage, then such Covered Person shall, to the extent that such recovery is duplicative, reimburse the Company for any amounts previously paid to such Covered Person by the Company in respect of such Losses.

(f) **Funding of Indemnification Obligation.** Notwithstanding anything contained herein to the contrary, any indemnity by the Company relating to the matters covered in this Section 9.03 shall be provided out of and to the extent of Company assets only, and no Member (unless such Member otherwise agrees in writing) shall have personal liability on account thereof or shall be required to make additional Capital Contributions to help satisfy such indemnity by the Company.

(g) **Savings Clause.** If this Section 9.03 or any portion hereof shall be invalidated on any ground by any court of competent jurisdiction, then the Company shall nevertheless indemnify and hold harmless each Covered Person pursuant to this Section 9.03 to the fullest extent permitted by any applicable portion of this Section 9.03 that shall not have been invalidated and to the fullest extent permitted by Applicable Law.

(h) **Amendment.** The provisions of this Section 9.03 shall be a contract between the Company, on the one hand, and each Covered Person who served in such capacity at any time while this Section 9.03 is in effect, on the other hand, pursuant to which the Company and each such Covered Person intend to be legally bound. No amendment, modification, or repeal of this Section 9.03 that adversely affects the rights of a Covered Person to indemnification for Losses incurred or relating to a state of facts existing prior to such amendment, modification or repeal shall apply in such a way as to eliminate or reduce such Covered Person's entitlement to indemnification for such Losses without the Covered Person's prior written consent.

Section 9.04 Survival. The provisions of this ARTICLE IX shall survive the dissolution, liquidation, winding up, termination of the Company and the withdrawal of any Member or the Transfer of any Member's interest in the Company.

ARTICLE X ACCOUNTING; TAX MATTERS

Section 10.01 Financial Statements and Other Information. The Company shall prepare and furnish to each Member and CUSA the following reports:

(a) **Annual Financial Statements.** As soon as available, and in any event within 105 days after the end of each Fiscal Year, its unaudited consolidated balance sheet and related consolidated statements of operations, Members' equity and cash flows as of the end of and for such year prepared in accordance with GAAP consistently applied.

(b) **Quarterly Financial Statements.** As soon as available, and in any event within 60 days after the end of each quarterly accounting period in each Fiscal Year (including the last fiscal quarter of the Fiscal Year), its unaudited consolidated balance sheet and related unaudited consolidated statements of operations, Members' equity and cash flows as of the end of and for such fiscal quarter and the then elapsed portion of the current Fiscal Year, setting forth in each case in comparative form the figures for the corresponding period or periods of the previous Fiscal Year or as at the end of such period or periods, all in reasonable detail and certified by the Company as presenting fairly in all material respects the consolidated financial condition and results of operations of the Company in accordance with GAAP consistently applied, subject to normal year-end audit adjustments and the absence of footnotes.

(c) **Monthly Operating Data.** As soon as available, but in no event later than 45 days after the end of each calendar month, a statement in a form reasonably satisfactory to each Member and CUSA showing all operating data for the Company, including operating expenses and revenue for each of the Company, for such calendar month.

(d) **Budget Updates.** Promptly once available and no less than bi-annually, an operating budget for the Fiscal Year, forecasting revenue, operating costs, and capital expenses for each fiscal quarter.

(e) **Material Government Communication.** Promptly following receipt thereof by FWE IV, copies of all material written notices or other material communications issued or provided by or to any Governmental Authority.

(f) **Additional Information.** Promptly following any reasonable request therefor, such other information regarding the operations, business affairs and financial condition of the Company, as any Member or CUSA may reasonably request, including, without limitation, decommissioning cost estimates and calculations.

Section 10.02 Inspection Rights. Upon reasonable notice from a Member or CUSA, the Company shall afford each Member or CUSA and their respective Representatives access during normal business hours to (a) the Company's properties, offices, plants, and other facilities; (b) the corporate, financial, and similar records, reports, and documents of the Company, including, without limitation, all books and records, minutes of proceedings, internal management documents, reports of operations, reports of adverse developments, copies of any management

letters and communications with Members or the Sole Manager, and to permit each Member or CUSA and their respective Representatives to examine such documents and make copies thereof; and (c) the Sole Manager, any officers, senior employees, and public accountants of the Company, and to afford each Member or CUSA and their respective Representatives the opportunity to discuss the affairs, finances, and accounts of the Company with such Sole Manager, officers, senior employees, and public accountants (and the Company hereby authorizes said accountants to discuss with such Member or CUSA and their respective Representatives such affairs, finances, and accounts).

Section 10.03 Income Tax Status. The Company and the Initial Member intend that the Company shall be treated as a disregarded entity for U.S., federal, state, and local income tax purposes. Neither the Company nor any Member shall make an election for the Company to be classified as other than a partnership or a disregarded entity pursuant to Treasury Regulations Section 301.7701-3.

Section 10.04 Tax Matters Representative. The following Sections 10.04(a)-(f) are intended to apply if the Company becomes a partnership for U.S. federal income tax purposes:

(a) **Appointment.** The Members hereby appoint the Sole Manager as “partnership representative” as provided in Code Section 6223(a) (the “**Tax Matters Representative**”). If any state or local tax law provides for a tax matters partner/partnership representative or Person having similar rights, powers, authority or obligations, the Person designated as the Tax Matters Representative shall also serve in such capacity. To the extent required by Applicable Law, if the Tax Matters Representative is an entity, it shall appoint a “designated individual” to act on its behalf. The Tax Matters Representative can be removed at any time by a vote of Members holding a majority of the Membership Interests, and shall resign if it is no longer a Member. In the event of the resignation or removal of the Tax Matters Representative, Members holding a majority of the Membership Interests shall select a replacement Tax Matters Representative.

(b) **Tax Examinations and Audits.** The Tax Matters Representative is authorized and required to represent the Company (at the Company’s expense) in connection with all examinations of the Company’s affairs by Taxing Authorities, including resulting administrative and judicial proceedings, and to expend Company funds for professional services and costs associated therewith. The Tax Matters Representative shall promptly notify the Members in writing of the commencement of any tax audit of the Company, upon receipt of a tax assessment and upon receipt of a notice of final partnership adjustment, and shall keep the Members reasonably informed of the status of any tax audit and resulting administrative and judicial proceedings. Without the consent of Members holding a majority of the Membership Interests, the Tax Matters Representative shall not extend the statute of limitations, file a request for administrative adjustment, file suit relating to any Company tax refund or deficiency or enter into any settlement agreement relating to items of income, gain, loss or deduction of the Company with any Taxing Authority.

(c) **US Federal Tax Proceedings.** The Members acknowledge that the Company may elect the application of Section 6226 of the Code. This acknowledgement applies to each Member whether or not the Member owns an interest in the Company in both the reviewed year and the year of the tax adjustment. In the event that the Company elects the application of Section 6226 of the Code, the Members agree and covenant to take into account and report to the Internal Revenue Service (or any other applicable taxing authority) any adjustment to their tax items for the reviewed year of which they are notified by the Company in a written statement, in the manner provided in Section 6226(b) of the Code, whether or not the Member owns any interest in the Company at such time. Any Member that fails to report its share of such adjustments on its tax return, agrees to indemnify and hold harmless the Company and the Tax Matters Representative from and against any and all losses, costs, liabilities and expenses related to taxes (including penalties and interest) imposed on the Company as a result of the Member's inaction. If the Company is required to pay the assessment of the imputed underpayment under Section 6225(a)(1) of the Code or similar provisions of state law, any taxes, penalties, and interest payable by the Company shall be treated as attributable to the Members, and, to the extent possible, the Tax Matters Representative shall allocate the burden of any such amounts to those Members to whom such amounts are reasonably attributable taking into account the Member's or former Member's allocable share of taxable income or loss with respect to the Fiscal Year to which such assessment pertains and adjustments that may have been made in computing the imputed underpayment. To the extent that any such amount is payable by the Company, at the option of the Tax Matters Representative, such amount shall be recoverable from such Member as provided in Section 6.03(c). The provisions contained in this Section 10.04 shall survive the dissolution, termination or liquidation of the Company, the withdrawal of any Member or the Transfer of any Member's interest in the Company and apply to unadmitted assignees of a Member's interest who may be considered current or former partners of the Company for federal tax purposes.

(d) **Tax Returns.** Each Member agrees that such Member shall not treat any Company item inconsistently on such Member's federal, state, foreign or other income tax return with the treatment of the item on the Company's return.

(e) **Section 754 Election.** The Tax Matters Representative will make an election under Code Section 754, if the Company becomes a partnership for U.S. federal income tax purposes.

(f) **Indemnification.** The Company shall defend, indemnify, and hold harmless the Tax Matters Representative against any and all liabilities sustained as a result of any act or decision concerning Company tax matters and within the scope of responsibilities as Tax Matters Representative, so long as such act or decision was done or made in good faith and does not constitute gross negligence or willful misconduct.

Section 10.05 Tax Returns. At the expense of the Company, the Sole Manager (or any officer of the Company that it may designate pursuant to this Agreement) shall endeavor to cause the preparation and timely filing (including extensions) of all tax returns, if any, required to be filed by the Company pursuant to the Code as well as all other required tax returns in each

jurisdiction in which the Company owns property or does business. If the Company becomes a partnership for U.S. federal income tax purposes, as soon as reasonably possible after the end of each Fiscal Year, the Sole Manager or any designated officer of the Company, as applicable, will cause to be delivered to each Person who was a Member at any time during such Fiscal Year, IRS Schedule K-1 to Form 1065, if applicable, and such other information with respect to the Company as may be necessary for the preparation of such Person's federal, state, and local income tax returns for such Fiscal Year.

Section 10.06 Company Funds. All funds of the Company shall be deposited in its name, or in such name as may be designated by the Sole Manager, in such checking, savings, or other accounts, or held in its name in the form of such other investments as shall be designated by the Sole Manager. The funds of the Company shall not be commingled with the funds of any other Person. All withdrawals of such deposits or liquidations of such investments by the Company shall be made exclusively upon the signature or signatures of the Sole Manager, or any officer or officers of the Company that may be designated by the Sole Manager, as applicable, pursuant to this Agreement.

ARTICLE XI WINDING UP AND TERMINATION

Section 11.01 Events Requiring Winding Up. The Company shall begin to wind up its business and affairs only upon the occurrence of any of the following events (in each case, subject to the applicable provisions of Section 7.04):

- (a) upon the permanent cessation of all production from, and Final Completion of all plugging and abandonment and decommissioning of, the FWE IV Assets;
- (b) the occurrence of a nonwaivable event under the terms of the BOC which requires the winding up of the Company after its termination unless a Continuance occurs in respect of such event; or
- (c) the entry of a judicial decree ordering winding up and termination under § 11.314 of the BOC in proceedings of which CUSA has been given notice and an opportunity to participate.
- (d) Notwithstanding the occurrence of an event referenced in Section 11.01(b), if the Company is permitted prior to the termination of its existence in accordance with the BOC to revoke a winding up upon the occurrence of such event and the Sole Manager provides its prior written consent to such revocation, then, to the extent so permitted under the BOC and in the manner provided therein, the Company's existence shall be continued (the revocation of such a winding up and continuance of the Company, a "**Continuance**").

Section 11.02 Effectiveness of Termination. The Company shall begin to wind up its business and affairs as soon as reasonably practicable upon the occurrence of an event described in Section 11.01 (if such event has not been revoked or cancelled), but the Company shall not terminate until the winding up of the Company has been completed, the assets of the Company

have been distributed as provided in Section 11.03, and the Certificate of Termination shall have been filed as provided in Section 11.04.

Section 11.03 Liquidation. If the Company is to be terminated pursuant to Section 11.01, the Company shall be liquidated and its business and affairs wound up in accordance with the BOC and the following provisions:

(a) **Liquidator.** The Sole Manager shall act as liquidator to wind up the Company (the “**Liquidator**”); provided, however, that if there is then a vacancy in the position of the Sole Manager or the Sole Manager is not willing to act as the Liquidator, the Members shall appoint a Person to act as the Liquidator with the consent of CUSA. The Liquidator shall have full power and authority to sell, assign, and encumber any or all of the Company’s assets and to wind up and liquidate the affairs of the Company in an orderly and business-like manner.

(b) **Accounting.** As promptly as possible after the event requiring winding up and again after final liquidation, the Liquidator shall cause a proper accounting to be made by a recognized firm of certified public accountants of the Company’s assets, liabilities, and operations through the last day of the calendar month in which such event occurs or the final liquidation is completed, as applicable.

(c) **Notice.** The Liquidator shall deliver to each known claimant of the Company the notice required by § 11.052 of the BOC.

(d) **Distribution of Proceeds.** The Liquidator shall liquidate the assets of the Company and distribute the proceeds of such liquidation in the following order of priority, unless otherwise required by mandatory provisions of Applicable Law:

(i) First, to the payment of all of the Company’s debts and liabilities to its creditors (including Members, if applicable), including amounts owed, if any, pursuant to the Material Project Contracts to CUSA and/or Credit Bid Purchaser, and the expenses of liquidation (including sales commissions incident to any sales of assets of the Company);

(ii) Second, to the establishment of and additions to other reserves that are determined by the Liquidator to be reasonably necessary for any contingent unforeseen liabilities or obligations of the Company; and

(iii) Third, to the Members in accordance with the positive balances in their respective Capital Accounts, as determined after taking into account all Capital Account adjustments for the taxable year of the Company during which the liquidation of the Company occurs.

(e) **Discretion of Liquidator.** Notwithstanding the provisions of Section 11.03(d) that require the liquidation of the assets of the Company, but subject to the order of priorities set forth in Section 11.03(d), if upon winding up of the Company the Liquidator reasonably determines that an immediate sale of part or all of the Company’s

assets would be impractical or could cause undue loss to the Members, the Liquidator may defer the liquidation of any assets except those necessary to satisfy Company liabilities and reserves, and may, upon approval of holders of a majority of the outstanding Membership Interests, distribute to the Members, in lieu of cash, as tenants in common and in accordance with the provisions of Section 11.03(d), undivided interests in such Company assets as the Liquidator deems not suitable for liquidation. Any such distribution in kind shall be subject to such conditions relating to the disposition and management of such properties as the Liquidator deems reasonable and equitable and to any agreements governing the operating of such properties at such time. For purposes of any such distribution, any property to be distributed will be valued at its Fair Market Value.

Section 11.04 Certificate of Termination. Upon completion of the distribution of the assets of the Company as provided in Section 11.03(d) hereof, the Liquidator or other such officer or Sole Manager shall execute and cause to be filed a Certificate of Termination in the State of Texas and shall cause the cancellation of all qualifications and registrations of the Company as a foreign limited liability company in jurisdictions other than the State of Texas and shall take such other actions as may be necessary to terminate the Company. Upon acceptance of the Certificate of Termination by the Texas Secretary of State, the Company shall be terminated.

Section 11.05 Survival of Rights, Duties, and Obligations. Dissolution, liquidation, winding up, or termination of the Company for any reason shall not release any party from any Loss that at the time of such dissolution, liquidation, winding up, or termination already had accrued to any other party or thereafter may accrue in respect of any act or omission prior to such dissolution, liquidation, winding up, or termination. For the avoidance of doubt, none of the foregoing shall replace, diminish, or otherwise adversely affect any Member's right to indemnification pursuant to Section 9.03.

Section 11.06 Recourse for Claims. Each Member shall look solely to the assets of the Company for all distributions with respect to the Company, such Member's Capital Account, and such Member's share of Net Income, Net Loss, and other items of income, gain, loss, and deduction, and shall have no recourse therefor (upon termination or otherwise) against the Liquidator or any other Member.

ARTICLE XII MISCELLANEOUS

Section 12.01 Expenses. The Initial Member will pay, or cause to be paid, or contribute to the Company amounts necessary for the Company to pay, all amounts necessary to fully cover (a) costs associated with the formation of the Company in connection with the Divisive Merger Documents and (b) any premiums to satisfy organizational or area wide bonding requirements.

Section 12.02 Further Assurances. In connection with this Agreement and the transactions contemplated hereby, the Company and the Member hereby agree, at the request of the Company or any other Member, to execute and deliver such additional documents, instruments, conveyances, and assurances and to take such further actions as may be required to carry out the provisions hereof and give effect to the transactions contemplated hereby.

Section 12.03 Confidentiality.

(a) Each Member acknowledges that it will have access to and become acquainted with trade secrets, proprietary information, and confidential information belonging to the Company and its Affiliates that are not generally known to the public, including, but not limited to, information concerning business plans, financial statements, and other information, operating practices and methods, expansion plans, strategic plans, marketing plans, contracts, customer lists, or other business documents that the Company treats as confidential, in any format whatsoever (including oral, written, electronic, or any other form or medium) (collectively, “**Confidential Information**”). In addition, each Member acknowledges that: (i) the Company has invested, and continues to invest, substantial time, expense, and specialized knowledge in developing its Confidential Information; (ii) the Confidential Information provides the Company with a competitive advantage over others in the marketplace; and (iii) the Company would be irreparably harmed if the Confidential Information were disclosed to competitors or made available to the public. Without limiting the applicability of any other agreement to which any Member is subject, no Member shall, directly or indirectly, disclose or use (other than solely for the purposes of such Member monitoring and analyzing its investment in the Company) at any time, including, without limitation, use for personal, commercial, or proprietary advantage or profit, either during its association with the Company or thereafter, any Confidential Information of which such Member is or becomes aware. Each Member in possession of Confidential Information shall take all appropriate steps to safeguard such information and to protect it against disclosure, misuse, espionage, loss, and theft.

(b) Nothing contained in Section 12.03(a) shall prevent any Member from disclosing Confidential Information: (i) upon the order of any court or administrative agency; (ii) upon the request or demand of any regulatory agency or authority having jurisdiction over such Member; (iii) to the extent compelled by legal process or required or requested pursuant to subpoena, interrogatories, or other discovery requests; (iv) to the extent necessary in connection with the exercise of any remedy hereunder; (v) to the other Members; or (vi) to such Member’s Representatives who, in the reasonable judgment of such Member, need to know such Confidential Information and agree to be bound by the provisions of this Section 12.03 as if a Member; or (vii) to any potential Transferee in connection with a proposed Transfer of Membership Interests from such Member, as long as such potential Transferee agrees in writing to be bound by the provisions of this Section 12.03 as if a Member before receiving such Confidential Information; provided, that in the case of clause (i), (ii), or (iii), such Member shall notify the Company and other Members of the proposed disclosure as far in advance of such disclosure as practicable (but in no event make any such disclosure before notifying the Company and other Members) and use reasonable efforts to ensure that any Confidential Information so disclosed is accorded confidential treatment satisfactory to the Company, when and if available.

(c) The restrictions of Section 12.03(a) shall not apply to Confidential Information that: (i) is or becomes generally available to the public other than as a result of a disclosure by a Member in violation of this Agreement; (ii) is or has been independently developed or conceived by such Member without use of Confidential

Information; or (iii) becomes available to such Member or any of its Representatives on a non-confidential basis from a source other than the Company, the other Members, or any of their respective Representatives, provided, that such source is not known by the receiving Member to be bound by a confidentiality agreement regarding the Company.

(d) The obligations of each Member under this Section 12.03 shall survive for so long as such Member remains a Member, and for three years following the earlier of (i) termination, dissolution, liquidation, and winding up of the Company; (ii) the withdrawal of such Member from the Company; or (iii) such Member's Transfer of its Membership Interests; provided that with respect to Confidential Information that constitutes a trade secret under Applicable Law, the obligations of each Member under this Section 12.03 shall survive until, if ever, such Confidential Information loses its trade secret protection other than due, directly or indirectly, to an act or omission of the Member.

Section 12.04 Notices. All notices, requests, consents, claims, demands, waivers, and other communications hereunder shall be in writing and shall be deemed to have been given:

Section 12.05 Headings. The headings in this Agreement are inserted for convenience or reference only and are in no way intended to describe, interpret, define, or limit the scope, extent, or intent of this Agreement or any provision of this Agreement.

Section 12.06 Severability. If any term or provision of this Agreement is held to be invalid, illegal, or unenforceable under Applicable Law in any jurisdiction, such invalidity, illegality, or unenforceability shall not affect any other term or provision of this Agreement or invalidate or render unenforceable such term or provision in any other jurisdiction. Except as provided in Section 9.03(g), upon such determination that any term or other provision is invalid, illegal, or unenforceable, this Agreement shall be modified automatically so as to effect the original intent of the parties as closely as possible in order that the transactions contemplated hereby be consummated as originally contemplated to the greatest extent possible, legal, and enforceable.

Section 12.07 Entire Agreement. This Agreement, together with the Certificate of Merger, Plan of Merger, Certificate of Formation, the Material Project Contracts and all related Exhibits and Schedules, constitute the sole and entire agreement of the parties to this Agreement with respect to the subject matter contained herein and therein, and supersede all prior and contemporaneous understandings, agreements, representations, and warranties, both written and oral, with respect to such subject matter.

Section 12.08 Successors and Assigns. Subject to the restrictions on Transfers set forth herein, this Agreement shall be binding upon and shall inure to the benefit of the parties hereto and their respective heirs, executors, administrators, successors, and assigns.

Section 12.09 No Third-Party Beneficiaries. Except (a) with respect to certain rights reserved to CUSA as set forth in this Agreement, which shall be for the benefit of and enforceable by CUSA, and (b) as provided in ARTICLE IX, which shall be for the benefit of and enforceable by Covered Persons as described therein, this Agreement is for the sole benefit of the parties hereto (and their respective heirs, executors, administrators, successors, and assigns) and nothing herein, express or implied, is intended to or shall confer upon any other Person, including any creditor of the Company, any legal or equitable right, benefit, or remedy of any nature whatsoever under or by reason of this Agreement; provided, however that CUSA and each Covered Persons shall be an express third party beneficiary of this Agreement.

Section 12.10 Amendment. Subject to Sections 2.02, no provision of this Agreement may be amended or modified except by an instrument in writing executed by the Company and the Members holding a majority of the Membership Interests; provided, however that any amendment or modification which impacts the rights of CUSA hereunder, including changes to Section 2.05 (Purpose) shall be subject to the prior written consent of CUSA, which may be given, delayed or withheld in its sole discretion. Any such written amendment or modification will be binding upon the Company, CUSA and each Member. Notwithstanding the foregoing, amendments to the Members Schedule following any new issuance, redemption, repurchase, or Transfer of Membership Interests in accordance with this Agreement may be made by the Sole Manager without the consent of or execution by the Members.

Section 12.11 Waiver. No waiver by any party or CUSA of any of the provisions hereof shall be effective unless explicitly set forth in writing and signed by the party so waiving or CUSA, respectively. No waiver by any party or CUSA shall operate or be construed as a waiver in respect of any failure, breach, or default not expressly identified by such written waiver, whether of a similar or different character, and whether occurring before or after that waiver. No failure to exercise, or delay in exercising, any right, remedy, power, or privilege arising from this Agreement shall operate or be construed as a waiver thereof, nor shall any single or partial exercise of any right, remedy, power, or privilege hereunder preclude any other or further exercise thereof or the exercise of any other right, remedy, power, or privilege. For the avoidance of doubt, nothing contained in this Section 12.11 shall diminish any of the explicit and implicit waivers described in this Agreement.

Section 12.12 Governing Law. All issues and questions concerning the application, construction, validity, interpretation, and enforcement of this Agreement shall be governed by and construed in accordance with the internal laws of the State of Texas, without giving effect to any choice or conflict of law provision or rule (whether of the State of Texas or any other jurisdiction) that would cause the application of laws of any jurisdiction other than those of the State of Texas.

Section 12.13 Submission to Jurisdiction. The parties hereby agree that any suit, action, or proceeding seeking to enforce any provision of, or based on any matter arising out of or in connection with, this Agreement or the transactions contemplated hereby, whether in contract, tort, or otherwise, shall be brought in the federal courts of the United States of America or the courts of the State of Texas, in each case located in Harris County and in Houston, Texas. Each of the parties hereby irrevocably consents to the jurisdiction of such courts (and of the appropriate appellate courts therefrom) in any such suit, action, or proceeding and irrevocably waives, to the fullest extent permitted by law, any objection that it may now or hereafter have to the laying of the venue of any such suit, action, or proceeding in any such court or that any such suit, action, or proceeding that is brought in any such court has been brought in an inconvenient forum. Service of process, summons, notice, or other document by registered mail to the address set forth in Section 12.04 shall be effective service of process for any suit, action, or other proceeding brought in any such court.

Section 12.14 Waiver of Jury Trial. EACH PARTY HERETO ACKNOWLEDGES AND AGREES THAT ANY DISPUTE OR CONTROVERSY THAT MAY ARISE UNDER THIS AGREEMENT IS LIKELY TO INVOLVE COMPLICATED AND DIFFICULT ISSUES

AND, THEREFORE, EACH SUCH PARTY IRREVOCABLY AND UNCONDITIONALLY WAIVES ANY RIGHT IT MAY HAVE TO A TRIAL BY JURY IN RESPECT OF ANY LEGAL ACTION ARISING OUT OF RELATING TO THIS AGREEMENT OR THE TRANSACTIONS CONTEMPLATED HEREBY.

Section 12.15 Equitable Remedies. Each party hereto acknowledges that a breach or threatened breach by such party of any of its obligations under this Agreement would give rise to irreparable harm to the other parties or CUSA, for which monetary damages would not be an adequate remedy, and hereby agrees that in the event of a breach or a threatened breach by such party of any such obligations, each of the other parties hereto and CUSA shall, in addition to any and all other rights and remedies that may be available to them in respect of such breach, be entitled to equitable relief, including a temporary restraining order, an injunction, specific performance, and any other relief that may be available from a court of competent jurisdiction (without any requirement to post bond).

Section 12.16 Attorney's Fees. In the event that any party or third-party beneficiary hereto institutes any legal suit, action, or proceeding, including arbitration, against another party in respect of a matter arising out of or relating to this Agreement, the prevailing party or third-party beneficiary in the suit, action, or proceeding shall be entitled to receive, in addition to all other damages to which it may be entitled, the costs incurred by it in conducting the suit, action, or proceeding, including reasonable attorneys' fees and expenses and court costs.

Section 12.17 Remedies Cumulative. The rights and remedies under this Agreement are cumulative and are in addition to and not in substitution for any other rights and remedies available at law or in equity or otherwise, except to the extent expressly provided in Section 9.02 to the contrary.

Section 12.18 Counterparts. This Agreement may be executed in counterparts, each of which shall be deemed an original, but all of which together shall be deemed to be one and the same agreement. A signed copy of this Agreement delivered by email or other means of Electronic Transmission shall be deemed to have the same legal effect as delivery of an original signed copy of this Agreement.

**ARTICLE III
CAPITAL CONTRIBUTIONS; CAPITAL ACCOUNTS**

Section 3.02 Initial Capital Contributions. Contemporaneously with the execution of this Agreement, and pursuant to the Plan of Reorganization and as a result of a divisive merger pursuant to § 10.008 of the BOC, the Company holds the properties and assets identified as the FWE IV Assets, which shall, together with the amount of any expenses paid pursuant to Section 12.01, constitute the aggregate Capital Contributions made by the Initial Member. The Initial Member shall own Membership Interests in the amount set forth opposite such Member's name on Schedule A attached hereto (the "**Members Schedule**"). From and after the date of this Agreement, the Sole Manager shall maintain and update the Members Schedule upon the issuance or Transfer of any Membership Interests to any new or existing Member in accordance with this Agreement.

Section 3.03 Additional Capital Contributions. No Member shall be required to make any additional Capital Contributions to the Company. Any future Capital Contributions made by any Member shall only be made with the consent of the Sole Manager. To the extent that a Member makes an additional Capital Contribution to the Company, the Sole Manager shall revise the Members Schedule to reflect an increase in the Membership Interest of the contributing Member that fairly and equitably reflects the value of its additional Capital Contribution in relation to the aggregate amount of all Capital Contributions made by the Members.

Section 3.04 Maintenance of Capital Accounts. The Company shall establish and maintain for each Member a separate capital account (a "**Capital Account**") on its books and records in accordance with this Section 3.04. Each Capital Account shall be established and maintained in accordance with the following provisions:

(a) Each Member's Capital Account shall be increased by the amount of:

- (i) such Member's Capital Contributions, including such Member's initial Capital Contribution and any additional Capital Contributions;
 - (ii) any Net Income or other item of income or gain allocated to such Member pursuant to ARTICLE V; and
 - (iii) any liabilities of the Company that are assumed by such Member or secured by any property distributed to such Member.
- (b) Each Member's Capital Account shall be decreased by:
- (i) the cash amount or Book Value of any property distributed to such Member pursuant to ARTICLE VI and Section 11.03(d);
 - (ii) the amount of any Net Loss or other item of loss or deduction allocated to such Member pursuant to ARTICLE V; and
 - (iii) the amount of any liabilities of such Member assumed by the Company or that are secured by any property contributed by such Member to the Company.

Section 3.05 Succession Upon Transfer. In the event that any Membership Interests are Transferred in accordance with the terms of this Agreement, the Transferee shall succeed to the Capital Account of the Transferor to the extent it relates to the Transferred Membership Interests and, subject to Section 5.05, shall receive allocations and distributions pursuant to ARTICLE V, ARTICLE VI, and ARTICLE XI in respect of such Membership Interests.

Section 3.06 Negative Capital Accounts. In the event that any Member shall have a deficit balance in its Capital Account, such Member shall have no obligation, during the term of the Company or upon termination or liquidation thereof, to restore such negative balance or make any Capital Contributions to the Company by reason thereof, except as may be required by Applicable Law or in respect of any negative balance resulting from a withdrawal of capital or termination in contravention of this Agreement.

Section 3.07 No Withdrawals from Capital Accounts. No Member shall be entitled to withdraw any part of its Capital Account or to receive any distribution from the Company, except as otherwise provided in this Agreement. No Member shall receive any interest, salary, or drawing with respect to its Capital Contributions or its Capital Account, except as otherwise provided in this Agreement. The Capital Accounts are maintained for the sole purpose of allocating items of income, gain, loss, and deduction among the Members and shall have no effect on the amount of any distributions to any Members, in liquidation or otherwise.

Section 3.08 Treatment of Loans from Members. Loans by any Member to the Company shall not be considered Capital Contributions and shall not affect the maintenance of such Member's Capital Account, other than to the extent provided in Section 3.04(a)(iii), if applicable.

Section 3.09 Modifications. The foregoing provisions and the other provisions of this Agreement relating to the maintenance of Capital Accounts are intended to comply with Treasury Regulations Section 1.704-1(b) and shall be interpreted and applied in a manner consistent with such Treasury Regulations. If the Sole Manager determines that it is prudent to modify the manner in which the Capital Accounts, or any increases or decreases to the Capital Accounts, are computed in order to comply with such Treasury Regulations, the Sole Manager may authorize such modifications without the consent of any Member.

ARTICLE IV MEMBERS

Section 4.01 No Personal Liability. Except as otherwise expressly provided in the BOC, by Applicable Law, or expressly in this Agreement, no Member will be obligated personally for any debt, obligation, or liability of the Company or other Members, whether arising in contract, tort, or otherwise, including a debt, obligation, or liability under a judgment, decree, or order of a court, solely by reason of being a Member.

Section 4.02 No Withdrawal. So long as a Member continues to hold a Membership Interest, such Member shall not have the ability to withdraw or resign as a Member prior to the winding up and termination of the Company and any such withdrawal or resignation or attempted withdrawal or resignation by a Member prior to the winding up and termination of the Company shall be null and void. As soon as any Person who is a Member ceases to hold a Membership Interest, such Person shall no longer be a Member.

Section 4.03 No Interest in Company Property. No real or personal property of the Company shall be deemed to be owned by any Member individually, but shall be owned by, and title shall be vested solely in, the Company. Without limiting the foregoing, each Member hereby irrevocably waives during the term of the Company any right that such Member may have to maintain any action for partition with respect to the property of the Company.

Section 4.04 Certification of Membership Interests.

(a) The Sole Manager may, but shall not be required to, issue certificates to the Members representing the Membership Interests held by such Member.

(b) In the event that the Sole Manager shall issue certificates representing Membership Interests in accordance with Section 4.04(a), then in addition to any other legend required by Applicable Law, all certificates representing issued and outstanding Membership Interests shall bear a legend substantially in the following form:

THE MEMBERSHIP INTEREST REPRESENTED BY THIS CERTIFICATE IS SUBJECT TO A LIMITED LIABILITY COMPANY AGREEMENT AMONG THE COMPANY AND ITS MEMBERS, A COPY OF WHICH IS ON FILE AT THE PRINCIPAL EXECUTIVE OFFICE OF THE COMPANY. NO TRANSFER, SALE, CONVEYANCE, ASSIGNMENT, GIFT, PLEDGE, HYPOTHECATION, ENCUMBRANCE, OR OTHER DISPOSITION OF THE MEMBERSHIP

INTEREST REPRESENTED BY THIS CERTIFICATE MAY BE MADE EXCEPT IN ACCORDANCE WITH THE PROVISIONS OF SUCH COMPANY AGREEMENT.

THE MEMBERSHIP INTEREST REPRESENTED BY THIS CERTIFICATE HAS NOT BEEN REGISTERED UNDER THE SECURITIES ACT OF 1933, AS AMENDED, OR UNDER ANY OTHER APPLICABLE SECURITIES LAWS AND MAY NOT BE TRANSFERRED, SOLD, ASSIGNED, GIFTED, PLEDGED, HYPOTHECATED, OR OTHERWISE DISPOSED EXCEPT PURSUANT TO (A) A REGISTRATION STATEMENT EFFECTIVE UNDER SUCH ACT AND LAWS OR (B) AN EXEMPTION FROM REGISTRATION THEREUNDER.

Section 4.05 Meetings of Members.

(a) Meetings of the Members may be called by (i) the Sole Manager or (ii) Members holding a majority of the Membership Interests.

(b) Written notice stating the place, date, and time of the meeting and, in the case of a meeting of the Members not regularly scheduled, describing the purposes for which the meeting is called, shall be delivered not fewer than ten days and not more than 60 days before the date of the meeting to each Member, by or at the direction of the Sole Manager or the Member(s) calling the meeting, as the case may be. The Members may hold meetings at the Company's principal office or at such other place, within or outside the State of Texas, as the Sole Manager or the Member(s) calling the meeting may designate in the notice for such meeting.

(c) Any Member may participate in a meeting of the Members by means of conference telephone or other communications equipment by means of which all Persons participating in the meeting can talk to and hear each other, and participation in a meeting by such means shall constitute presence in person at such meeting.

(d) On any matter that is to be voted on by Members, a Member may vote in person or by proxy, and such proxy may be granted in writing, by means of Electronic Transmission or as otherwise permitted by Applicable Law. Every proxy shall be revocable in the discretion of the Member executing it unless otherwise provided in such proxy; provided, that such right to revocation shall not invalidate or otherwise affect actions taken under such proxy prior to such revocation. In lieu of a proxy, a Member may grant an irrevocable power of attorney to conduct the affairs of such Member with respect to matters of the Company, including matters relating to the organization, internal affairs, or termination of the Company.

(e) The business to be conducted at such meeting need not be limited to the purpose described in the notice and can include business to be conducted by Members; provided, that the appropriate Members shall have been notified of the meeting in accordance with Section 4.05(b). Attendance of a Member at any meeting shall constitute

a waiver of notice of such meeting, except where a Member attends a meeting for the express purpose of objecting to the transaction of any business on the ground that the meeting is not lawfully called or convened.

(f) A quorum of any meeting of the Members shall require the presence, whether in person or by proxy, of the Members holding a majority of the Membership Interests. Subject to Section 4.06, no action may be taken by the Members unless the appropriate quorum is present at a meeting.

(g) Subject to Section 4.06, Section 7.04, Section 12.10 or any provision of this Agreement or the BOC requiring the vote, consent, or approval of a different percentage of the Membership Interests, no action may be taken by the Members at any meeting at which a quorum is present without the affirmative vote of the Members holding a majority of the outstanding Membership Interests.

Section 4.06 Action Without Meeting.

(a) Notwithstanding the provisions of Section 4.05, any matter that is to be voted on, consented to, or approved by the Members may be taken without a meeting, without prior notice, and without a vote if consented to, in writing or by Electronic Transmission, by a Member or Members holding not less than the minimum number of votes that would be necessary to authorize or take such action at a meeting at which each Member entitled to vote on the action is present and votes. A record shall be maintained by the Sole Manager of each such action taken by written consent of a Member or Members.

(b) A Member's consent may not be established by a Member's failure to object to an action in a timely manner or by any other means not explicitly provided for in this Agreement.

(c) If any action or decision permitted by this Agreement to be taken or made by less than all of the Members is taken or made by a written consent signed by less than all of the Members, the Sole Manager shall, within ten calendar days after such action is taken or such decision is made, give written notice of the action taken or the decision made to the Members who did not sign the written consent.

Section 4.07 Power of Members. The Members shall have the power to exercise any and all rights or powers granted to Members pursuant to the express terms of this Agreement and the BOC. Except as otherwise specifically provided by this Agreement or required by the BOC, no Member, in its capacity as a Member, shall have the power to act for or on behalf of, or to bind, the Company, other than to the extent that the Company has granted a power of attorney to such Member to bind the Company on such actions.

Section 4.08 Similar or Competitive Activities; Business Opportunities. Nothing contained in this Agreement shall prevent any Member or any of its Affiliates from engaging in any other activities or businesses, regardless of whether those activities or businesses are similar to or competitive with the Company. None of the Members nor any of their Affiliates shall be

obligated to account to the Company or to the other Members for any profits or income earned or derived from such other activities or businesses. None of the Members nor any of their Affiliates shall be obligated to inform the Company or the other Members of a business opportunity of any type or description.

ARTICLE V ALLOCATIONS

Section 5.01 Tax Partnership Provisions. This ARTICLE V is intended to apply only if the Company becomes a partnership for U.S. federal income tax purposes.

Section 5.02 Allocation of Net Income and Net Loss. For each Fiscal Year (or portion thereof), after giving effect to the special allocations set forth in Section 5.03, Net Income and Net Loss of the Company shall be allocated among the Members pro rata in accordance with their Membership Interests.

Section 5.03 Regulatory and Special Allocations. Notwithstanding the provisions of Section 5.02:

(a) If there is a net decrease in Company Minimum Gain (determined according to Treasury Regulations Section 1.704-2(d)(1)) during any Fiscal Year, each Member shall be specially allocated Net Income for such Fiscal Year (and, if necessary, subsequent Fiscal Years) in an amount equal to such Member's share of the net decrease in Company Minimum Gain, determined in accordance with Treasury Regulations Section 1.704-2(g). The items to be so allocated shall be determined in accordance with Treasury Regulations Sections 1.704-2(f)(6) and 1.704-2(j)(2). This Section 5.03(a) is intended to comply with the "minimum gain chargeback" requirement in Treasury Regulations Section 1.704-2(f) and shall be interpreted consistently therewith.

(b) Member Nonrecourse Deductions shall be allocated in the manner required by Treasury Regulations Section 1.704-2(i). Except as otherwise provided in Treasury Regulations Section 1.704-2(i)(4), if there is a net decrease in Member Nonrecourse Debt Minimum Gain during any Fiscal Year, each Member that has a share of such Member Nonrecourse Debt Minimum Gain shall be specially allocated Net Income for such Fiscal Year (and, if necessary, subsequent Fiscal Years) in an amount equal to that Member's share of the net decrease in Member Nonrecourse Debt Minimum Gain. Items to be allocated pursuant to this paragraph shall be determined in accordance with Treasury Regulations Sections 1.704-2(i)(4) and 1.704-2(j)(2). This Section 5.03(b) is intended to comply with the "minimum gain chargeback" requirement in Treasury Regulations Section 1.704-2(i)(4) and shall be interpreted consistently therewith.

(c) Nonrecourse Deductions shall be allocated to the Members in accordance with their Membership Interests.

(d) In the event any Member unexpectedly receives any adjustments, allocations, or distributions described in Treasury Regulations Section 1.704-1(b)(2)(ii)(d)(4), (5) or (6), Net Income shall be specially allocated to such Member in an

amount and manner sufficient to eliminate the Adjusted Capital Account Deficit created by such adjustments, allocations, or distributions as quickly as possible. This Section 5.03(d) is intended to comply with the “qualified income offset” requirement in Treasury Regulations Section 1.704-1(b)(2)(ii)(d) and shall be interpreted consistently therewith.

(e) Simulated Depletion and Simulated Gain or Loss with respect to any Depletable Property shall be allocated among the Members in proportion to their shares of the Simulated Basis in such property. Each Member’s share of the Simulated Basis in each of the Company’s Depletable Properties shall be allocated to each Member in accordance with such Member’s Membership Interest as of the time such Depletable Property is acquired by the Company, and shall be reallocated among the Members in accordance with the Members’ Membership Interest as determined immediately following the occurrence of an event giving rise to any adjustment to the Book Values of the Company’s oil and gas properties pursuant to the terms of this Agreement (or at the time of any material additions to the federal income tax basis of such Depletable Property).

(f) The allocations set forth in subsections Section 5.03(a), Section 5.03(b), Section 5.03(c), Section 5.03(d) and Section 5.03(e) above (the “**Regulatory Allocations**”) are intended to comply with certain requirements of the Treasury Regulations under Code Section 704. Notwithstanding any other provisions of this ARTICLE V (other than the Regulatory Allocations), the Regulatory Allocations shall be taken into account in allocating Net Income and Net Losses among Members so that, to the extent possible, the net amount of such allocations of Net Income and Net Losses and other items and the Regulatory Allocations to each Member shall be equal to the net amount that would have been allocated to such Member if the Regulatory Allocations had not occurred.

Section 5.04 Tax Allocations.

(a) Subject to Section 5.04(b), Section 5.04(c), and Section 5.04(d), all income, gains, losses and deductions of the Company shall be allocated, for federal, state, and local income tax purposes, among the Members in accordance with the allocation of such income, gains, losses, and deductions pursuant to Section 5.02 and Section 5.03, except that if any such allocation for tax purposes is not permitted by the Code or other Applicable Law, the Company’s subsequent income, gains, losses, and deductions shall be allocated among the Members for tax purposes, to the extent permitted by the Code and other Applicable Law, so as to reflect as nearly as possible the allocation set forth in Section 5.02 and Section 5.03.

(b) Items of Company taxable income, gain, loss, and deduction with respect to any property contributed to the capital of the Company shall be allocated among the Members in accordance with Code Section 704(c) using such reasonable method under Treasury Regulations Section 1.704-3 as shall be determined by the Sole Manager, so as to take account of any variation between the adjusted basis of such property to the Company for federal income tax purposes and its Book Value.

(c) If the Book Value of any Company asset is adjusted pursuant to Treasury Regulations Section 1.704-1(b)(2)(iv)(f) as provided in clause (c) of the definition of Book Value, subsequent allocations of items of taxable income, gain, loss, and deduction with respect to such asset shall take account of any variation between the adjusted basis of such asset for federal income tax purposes and its Book Value using such reasonable method under Treasury Regulations Section 1.704-3 as shall be determined by the Sole Manager.

(d) Allocations of tax credit, tax credit recapture, and any items related thereto shall be allocated to the Members according to their interests in such items as determined by the Sole Manager taking into account the principles of Treasury Regulations Section 1.704-1(b)(4)(ii).

(e) The deduction for depletion with respect to each separate oil and gas property (as defined in Section 614 of the Code) shall, in accordance with Section 613A(c)(7)(D) of the Code, be computed for federal income tax purposes separately by the Members rather than the Company. The proportionate share of the adjusted tax basis of each oil and gas property shall be allocated to each Member in accordance with such Member's Membership Interest as of the time such oil and gas property is acquired by the Company (and any additions to such U.S. federal income tax basis resulting from expenditures required to be capitalized in such basis shall be allocated among the Members in a manner designed to cause the Members' proportionate shares of such adjusted U.S. federal income tax basis to be in accordance with their Membership Interests as determined at the time of any such additions), and shall be reallocated among the Members in accordance with the Members' Membership Interests as determined immediately following the occurrence of an event giving rise to an adjustment to the Book Values of the Company's oil and gas properties. For purposes of the separate computation of gain or loss by each Member on the taxable disposition of each oil and gas property, the amount realized from such disposition shall be allocated (i) first, to the Members in an amount equal to the Simulated Basis in such oil and gas property in proportion to their allocable shares thereof and (ii) second, any remaining amount realized shall be allocated consistent with the allocation of Simulated Gain or Loss. The allocations described in this Section 5.04(e) are intended to be applied in accordance with the Members' "interests in partnership capital" under Section 613A(c)(7)(D) of the Code; provided, however, that the Members understand and agree that the Sole Manager may authorize special allocations of federal income tax basis, income, gain, deduction or loss, as computed for U.S. federal income tax purposes, in order to eliminate differences between Simulated Basis and adjusted U.S. federal income tax basis with respect to each oil and gas property, in such manner as determined consistent with the principles outlined in Sections 5.04b) and 5.04c).

The provisions of this Section 5.04(e) and the other provisions of this Agreement relating to allocations under Section 613A(c)(7)(D) of the Code are intended to comply with Treasury Regulations Section 1.704-1(b)(4)(v) and shall be interpreted and applied in a manner consistent with such Treasury Regulations. Each Member, with the assistance of the Company, shall separately keep records of its share of the adjusted tax basis in each oil and gas property, adjust such share of the adjusted tax basis for any cost or percentage depletion allowable with respect to such property and use such adjusted tax basis in the computation of its cost depletion or in the computation of its gain or loss on the disposition

of such property by the Company. Upon the reasonable request of the Company, each Member shall advise the Company of its adjusted tax basis in each oil and gas property and any depletion computed with respect thereto, both as computed in accordance with the provisions of this subsection for purposes of allowing the Company to make adjustments to the tax basis of its assets as a result of certain transfers of interests in the Company or distributions by the Company. The Company may rely on such information and, if it is not provided by the Member, may make such reasonable assumptions as it shall determine with respect thereto. When reasonably requested by the Members, the Company shall provide all available information needed by such Members to comply with the record keeping requirements of this Section 5.04(e) and other applicable tax reporting obligations.

(f) Allocations pursuant to this Section 5.04 are solely for purposes of federal, state, and local taxes and shall not affect, or in any way be taken into account in computing, any Member's Capital Account or share of Net Income, Net Losses, distributions, or other items pursuant to any provisions of this Agreement.

Section 5.05 Allocations in Respect of Transferred Membership Interests. In the event of a Transfer of Membership Interests during any Fiscal Year made in compliance with the provisions of ARTICLE VIII, Net Income, Net Losses, and other items of income, gain, loss, and deduction of the Company attributable to such Membership Interests for such Fiscal Year shall be determined using the interim closing of the books method.

ARTICLE VI DISTRIBUTIONS

Section 6.01 General.

(a) Subject to Section 6.02 and Section 7.03(b), distributions of available cash shall be made to the Members when and in such amounts as determined by the Sole Manager and only following (i) payment of all operating expenses of the Company, including required payments under the Material Project Contracts, and the termination of the Material Project Contracts, (ii) the payment in full of any and all amounts owing to Credit Bid Purchaser or CUSA under any Material Project Contract, and (iii) the cessation of all production from, and Final Completion of all plugging and abandonment and decommissioning of the FWE IV Assets. After making all distributions required for a given Fiscal Year under Section 6.02, and paying all operating expenses, and making appropriate reserves for future operating expenses, and paying all amounts then due and outstanding under the Material Project Contracts as described in the preceding sentence, the termination of the Material Project Contracts, and the satisfaction of the condition under item (iii), in each case as described in the preceding sentence, distributions determined to be made by the Sole Manager pursuant to this Section 6.01(a) shall be paid to the Members in accordance with their respective Membership Interests.

(b) Notwithstanding any provision to the contrary contained in this Agreement, the Company shall not make any distribution to the Members (i) prior to the cessation of all production from, and Final Completion of all plugging and abandonment and

decommissioning activities on, the FWE IV Assets, except as provided in Section 6.02, or (ii) if such distribution would violate § 101.206 of the BOC or other Applicable Law.

Section 6.02 Tax Advances.

(a) Subject to (i) any restrictions in the Company's then-applicable debt financing arrangements, if any, and (ii) the Sole Manager's good faith determination to retain any other amounts necessary to satisfy obligations of the Company that are reasonably expected to be due and payable in the 90 days following the date of determination, at least three days before each date prescribed by the Code for a calendar-year corporation to pay quarterly installments of estimated tax, the Company shall use commercially reasonable efforts to distribute cash to each Member in proportion to and to the extent of such Member's Quarterly Estimated Tax Amount for the applicable calendar quarter (each such distribution, a "**Tax Advance**").

(b) If, at any time after the final Quarterly Estimated Tax Amount has been distributed pursuant to Section 6.02(a) with respect to any Fiscal Year, the aggregate Tax Advances to any Member with respect to such Fiscal Year are less than such Member's Tax Amount for such Fiscal Year (a "**Shortfall Amount**"), the Company shall use commercially reasonable efforts to distribute cash in proportion to and to the extent of each Member's Shortfall Amount. The Company shall use commercially reasonable efforts to distribute Shortfall Amounts with respect to a Fiscal Year before the 90th day of the next succeeding Fiscal Year; provided, that if the Company has made distributions other than pursuant to this Section 6.02, the Sole Manager may apply such distributions to reduce any Shortfall Amount.

(c) If the aggregate Tax Advances made to any Member pursuant to this Section 6.02 for any Fiscal Year exceed such Member's Tax Amount (an "**Excess Amount**"), such Excess Amount shall reduce subsequent Tax Advances that would be made to such Member pursuant to this Section 6.02, except to the extent taken into account as an advance pursuant to Section 6.02(d).

(d) Any distributions made pursuant to this Section 6.02 shall be treated for purposes of this Agreement as advances on distributions pursuant to Section 6.01 and shall reduce, dollar-for-dollar, the amount otherwise distributable to such Member pursuant to Section 6.01.

Section 6.03 Tax Withholding; Withholding Advances.

(a) **Tax Withholding.** Each Member agrees to furnish the Company with any representations and forms as shall be reasonably requested by the Company to assist it in determining the extent of, and in fulfilling, any withholding obligations it may have.

(b) **Withholding Advances.** The Company is hereby authorized at all times to make payments ("**Withholding Advances**") with respect to each Member in amounts required to discharge any obligation of the Company, including any obligation under Section 6225 of the Code (as determined by the Tax Matters Representative based on the

advice of legal or tax counsel to the Company) to withhold or make payments to any federal, state, local or foreign taxing authority (a “**Taxing Authority**”) with respect to any distribution or allocation by the Company of income or gain to such Member and to withhold the same from distributions to such Member. Any funds withheld from a distribution by reason of this Section 6.03(b) shall nonetheless be deemed distributed to the Member in question for all purposes under this Agreement. If the Company makes any Withholding Advance in respect of a Member hereunder that is not immediately withheld from actual distributions to the Member, then the Member shall promptly reimburse the Company for the amount of such payment, plus interest at a rate equal to the prime rate published in the Wall Street Journal on the date of payment plus two percent per annum, compounded annually, on such amount from the date of such payment until such amount is repaid (or deducted from a distribution) by the Member (any such payment shall not constitute a Capital Contribution). Each Member’s reimbursement obligation under this Section 6.03(b) shall continue after such Member transfers its Membership Interests.

(c) **Indemnification.** Each Member hereby agrees to defend, indemnify and hold harmless the Company and the other Members from and against any liability with respect to taxes, interest, or penalties that may be asserted by reason of the Company’s failure to deduct and withhold tax on amounts distributable or allocable to such Member. The provisions of this Section 6.03(c) and the obligations of a Member pursuant to Section 6.03(b) shall survive the termination, dissolution, liquidation, and winding up of the Company and the withdrawal of such Member from the Company or Transfer of its Membership Interests. The Company may pursue and enforce all rights and remedies it may have against each Member under this Section 6.03, including bringing a lawsuit to collect repayment with interest of any Withholding Advances.

(d) **Overwithholding.** None of the Company or the Sole Manager shall be liable for any excess taxes withheld in respect of any distribution or allocation of income or gain to a Member. In the event of an overwithholding, a Member’s sole recourse shall be to apply for a refund from the appropriate Taxing Authority.

Section 6.04 Distributions in Kind.

(a) Subject to Sections 6.01 and 6.02, the Sole Manager is hereby authorized, as it may reasonably determine, to make distributions to the Members in the form of securities or other property (but not including any oil and gas properties) held by the Company; provided, that Tax Advances shall only be made in cash. In any non-cash distribution, the securities or property so distributed will be distributed among the Members in the same proportion and priority as cash equal to the Fair Market Value of such securities or property would be distributed among the Members pursuant to Section 6.01.

(b) Any distribution of securities shall be subject to such conditions and restrictions as the Sole Manager determines are required or advisable to ensure compliance with Applicable Law. In furtherance of the foregoing, the Sole Manager may require that the Members execute and deliver such documents as the Sole Manager may deem necessary or appropriate to ensure compliance with all federal and state securities laws that

apply to such distribution and any further Transfer of the distributed securities, and may appropriately legend the certificates that represent such securities to reflect any restriction on Transfer with respect to such laws.

ARTICLE VII MANAGEMENT

Section 7.01 Management of the Company. The business and affairs of the Company shall be managed, operated, and controlled by or under the direction of one manager designated pursuant to Section 7.02 (the “**Sole Manager**”). Subject to the provisions of Section 7.04, the Sole Manager shall have, and is hereby granted, full and complete power, authority, and discretion for, on behalf of, and in the name of the Company, to take such actions as it may deem necessary or advisable to carry out any and all of the objectives and purposes of the Company, to the exclusion of the Members unless expressly provided for otherwise in this Agreement or expressly required under the BOC. Subject to the provisions of Section 7.06, the Sole Manager shall have, and is hereby granted, full and complete power, authority, and discretion for, on behalf of, and in the name of the Company, to take such actions as it may deem necessary or advisable to carry out any and all of the objectives and purposes of the Company.

Section 7.02 Sole Manager. The Company shall not have any officers or employees other than the Sole Manager. Sunset Energy Gulf Coast Asset Management LLC has been selected and designated by the Member with the consent of CUSA to serve as the initial Sole Manager. The Sole Manager may not be removed without CUSA’s prior written consent, which may be given, delayed or withheld in its sole discretion. In the event that the Sole Manager is removed with CUSA’s written consent or the Sole Manager resigns or otherwise ceases to serve in such capacity, then the Sole Manager shall be selected pursuant to the following procedure: CUSA and the Company (acting through the Member for all purposes under this Section 7.02, who shall solicit input from Credit Bid Purchaser for all purposes under this Section 7.02) shall agree on a replacement, and, if they cannot agree, the Company shall designate a replacement, which shall be subject to CUSA’s approval (which approval shall not to be unreasonably withheld, conditioned or delayed).

Section 7.03 Material Project Contracts; Net Profit Interest.

(a) The Company’s execution and performance of its obligations under each of the Omnibus Agreement, the NPI Conveyance, the Contract Operating Agreement, the Turnkey Removal Agreement, the Joint Development Agreement, the Deepwater Assets Decommissioning Funding Agreement, the SEMS Bridging Agreement, the Transition Services Agreement and the Escrow Agreement has been approved by the Member and shall not require any other approval on the part of the Company (by the Sole Manager or otherwise). The Sole Manager shall not amend or modify such agreements, except in accordance with this Agreement.

(b) At the end of each Production Period, the Company shall pay into the Escrow Account the NPI Payment, if any is due, as calculated pursuant to the terms of the NPI Conveyance.

Section 7.04 Actions Requiring CUSA Consent. Without the prior written consent of CUSA (which written consent may be given, delayed or withheld in CUSA's sole discretion, unless expressly indicated otherwise), the Company shall not do, or enter into any commitment to do, any of the following:

- (a) engage in any business or activity other than (i) plugging and abandoning and decommissioning the FWE IV Assets and (ii) operating the FWE IV Assets prior to their plugging and abandonment and decommissioning;
- (b) use revenue or free cash flow for any purpose other than (i) for funding Reimbursable Costs or Third Party Payments under the Contract Operating Agreement (or similar charges under a replacement thereto) and, if applicable, payment into the Escrow Account and (ii) Tax Advances pursuant to Section 6.02(a);
- (c) issue additional Membership Interests or any other equity securities or admit additional Members to the Company;
- (d) approve any decommissioning plan with respect to the FWE IV Assets; or engage or retain any decommissioning subcontractor other than Credit Bid Purchaser pursuant to the Turnkey Removal Agreement;
- (e) incur any Indebtedness;
- (f) make any loan, advance, or capital contribution or make any investment in any Person;
- (g) replace, remove or change the powers of the Sole Manager;
- (h) replace or remove Credit Bid Purchaser under the Contract Operating Agreement; engage or retain any contract operator other than Credit Bid Purchaser pursuant to the Contract Operating Agreement; amend, or waive the application of, any provision of the Contract Operating Agreement;
- (i) divest any of the FWE IV Assets (other than sales of hydrocarbons in the ordinary course of business) or acquire any other assets (other than for a purpose permitted under Section 7.04(a) and in accordance with the terms of the Contract Operating Agreement, and further subject to any approval rights contained therein);
- (j) approving any prospective joint development project or other capital project for which an election to participate has been delivered to the Company pursuant to the Joint Development Agreement or approve any well takeover under the Joint Development Agreement;
- (k) agree to any (i) settlement or order with any Governmental Authority relating to the FWE IV Assets or the operations conducted thereon, (ii) settlement relating to contribution or payment amounts relating to decommissioning obligations with any Person, including any predecessor-in-interest to all or any portion of the leases and lands

covered by the FWE IV Assets or any surety bond provider or other provider or holder of security relating to decommissioning operations, or (iii) any other settlement involving FWE IV Assets or the operation of FWE IV;

(l) amend any provision of a Material Project Contract, or waive any material right of the Company under a Material Project Contract;

(m) [Reserved];

(n) take any act of Bankruptcy, liquidate or otherwise terminate the existence of the Company or any of its Subsidiaries;

(o) enter into a fundamental business transaction within the meaning of such term in the BOC;

(r) amend, modify, supplement, restate, or waive any provision of the Certificate of Formation, this Agreement or any other organizational documents of the Company or its Subsidiaries (and any such amendment, modification, supplement, or waiver that is attempted without CUSA's prior written consent shall be void *ab initio* and without effect).

If CUSA in good faith believes that (x) Credit Bid Purchaser is in breach the Contract Operating Agreement in a manner that is materially adverse to the Company or is liable to the Company for indemnification pursuant to the terms of the Contract Operating Agreement, and (y) the Company has failed to enforce its rights (including, if applicable, termination right) with respect to such breach or indemnification and such failure is materially adverse to the Company, then CUSA may (i) deliver a written notice to the Company requesting that the Company enforce such rights (any rights to which such request relates must be specifically identified) and (ii) if the Company fails to enforce such rights within thirty days of its receipt of such notice, CUSA may itself enforce the rights of the Company against Credit Bid Purchaser on the Company's behalf.

Section 7.05 No Compensation of the Sole Manager. The Sole Manager shall receive an offer letter and be compensated for the services provided by such individual as the Sole Manager of the Company in the amount set forth in such offer letter. The Company shall reimburse the Sole Manager for all reasonable, ordinary, necessary, and direct third-party expenses incurred by the Sole Manager on behalf of the Company in carrying out the Company's business activities.

Section 7.06 No Personal Liability. Except as otherwise provided in the BOC or by Applicable Law, or expressly provided in this Agreement or any written agreement between the Company and the Sole Manager, (i) the Sole Manager will not be obligated personally for any debt, obligation, or liability of the Company, whether arising in contract, tort, or otherwise,

including a debt, obligation, or liability under a judgment, decree, or order of a court, solely by reason of being or acting as the Sole Manager and (ii) subject to Section 7.04, the Sole Manager shall carry out his or her duties under this Agreement in good faith and a manner in which the Sole Manager believes to be consistent with and in furtherance of the purpose of the Company specified in Section 2.05(a).

ARTICLE VIII TRANSFER

Section 8.01 General Restrictions on Transfer.

(a) No Member shall Transfer all or any portion of its Membership Interest in the Company without the prior written approval of the Sole Manager.

(b) Subject to Section 8.01(a), each Member agrees that it will not Transfer all or any portion of its Membership Interest in the Company, and the Company agrees that it shall not issue any Membership Interests:

(i) except as permitted under the Securities Act and other Applicable Laws, and then, with respect to a Transfer of Membership Interests, only upon delivery to the Company of an opinion of counsel in form and substance satisfactory to the Company to the effect that such Transfer may be effected without registration under the Securities Act;

(ii) if the Company becomes a partnership for U.S. federal income tax purposes, if such Transfer or issuance would cause the Company to be considered a “publicly traded partnership” under Section 7704(b) of the Code within the meaning of Treasury Regulations Section 1.7704-1(h)(1)(ii), including the look-through rule in Treasury Regulations Section 1.7704-1(h)(3);

(iii) if such Transfer or issuance would affect the Company’s existence or qualification as a limited liability company under the BOC;

(iv) if the Company becomes a partnership for U.S. federal income tax purposes, if such Transfer or issuance would cause the Company to lose its status as a partnership for federal income tax purposes;

(v) if such Transfer or issuance would cause the Company to be required to register as an investment company under the Investment Company Act of 1940, as amended;

(vi) if such Transfer or issuance would cause the assets of the Company to be deemed “Plan Assets” as defined under the Employee Retirement Income Security Act of 1974 or its accompanying regulations or result in any “prohibited transaction” thereunder involving the Company; and

(vii) such Transfer would limit, hinder or prohibit the Company from carrying out its purpose under Section 2.05(a).

(c) Any Transfer or attempted Transfer of any Membership Interest in violation of this Agreement shall be null and void *ab initio*, no such Transfer shall be recorded on the Company's books, and the purported Transferee in any such Transfer shall not be treated (and the purported Transferor shall continue to be treated) as the owner of such Membership Interest for all purposes of this Agreement.

(d) No Transfer of any Membership Interest to a Person not already a Member of the Company shall be deemed completed until the prospective Transferee has executed a joinder agreement in form and substance acceptable to the Company.

(e) For the avoidance of doubt, any completed Transfer of a Membership Interest permitted by this Agreement shall be deemed a sale, transfer, conveyance, assignment, or other disposal of such Membership Interest in its entirety as intended by the parties to such Transfer, and shall not be deemed a sale, transfer, conveyance, assignment, or other disposal of any less than all of the rights and benefits described in the definition of the term "Membership Interest."

ARTICLE IX EXCULPATION AND INDEMNIFICATION

Section 9.01 Exculpation of Covered Persons.

(a) **Covered Persons.** As used herein, the term "**Covered Person**" shall mean (i) each current or former Member; (ii) each current or former manager, officer, director, shareholder, partner, member, Affiliate, employee, agent, or Representative of each Member, and each of their Affiliates; and (iii) each manager (including the Sole Manager), officer (if any), employee (if any), agent, or Representative of the Company.

(b) **Standard of Care.** No Covered Person shall be liable to the Company or any other Covered Person for any loss, damage, or claim incurred by reason of any action taken or omitted to be taken by such Covered Person in good faith reliance on the provisions of this Agreement, so long as such action or omission does not constitute fraud or willful misconduct by such Covered Person.

(c) **Good Faith Reliance.** A Covered Person shall be fully protected in relying in good faith upon the records of the Company and upon such information, opinions, reports, or statements (including financial statements and information, opinions, reports, or statements as to the value or amount of the assets, liabilities, Net Income, or Net Losses of the Company or any facts pertinent to the existence and amount of assets from which distributions might properly be paid) of the following Persons or groups: (i) another Member; (ii) one or more managers, officers or employees of the Company; (iii) any attorney, independent accountant, appraiser, or other expert or professional employed or engaged by or on behalf of the Company; or (iv) any other Person selected in good faith by or on behalf of the Company, in each case as to matters that such relying Person

reasonably believes to be within such other Person's professional or expert competence. The preceding sentence shall in no way limit any Person's right to rely on information to the extent provided in § 3.102 or § 3.105 of the BOC.

Section 9.02 Liabilities and Duties of Covered Persons.

(a) **Limitation of Liability.** This Agreement, unless otherwise specifically stated herein, is not intended to, and does not, create or impose any fiduciary duty on any Covered Person. Furthermore, each of the Members and the Company hereby waives any and all fiduciary duties that, absent such waiver, may be implied by Applicable Law, and in doing so, acknowledges and agrees that the duties and obligations of each Covered Person to each other and to the Company are only as expressly set forth in this Agreement. The provisions of this Agreement, to the extent that they restrict the duties and liabilities of a Covered Person otherwise existing at law or in equity, are agreed by the Members to replace such other duties and liabilities of such Covered Person.

(b) **Duties.** Subject to Section 7.06, whenever in this Agreement a Covered Person is permitted or required to make a decision (including a decision that is in such Covered Person's "discretion" or under a grant of similar authority or latitude), the Covered Person shall be entitled to consider only such interests and factors as such Covered Person desires and shall have no duty or obligation to give any consideration to any interest of or factors affecting the Company or any other Person. Whenever in this Agreement a Covered Person is permitted or required to make a decision in such Covered Person's "good faith," the Covered Person shall act under such express standard and shall not be subject to any other or different standard imposed by this Agreement or any other Applicable Law.

Section 9.03 Indemnification.

(a) **Indemnification.** To the fullest extent permitted by the BOC, as the same now exists or may hereafter be amended, substituted or replaced (but, in the case of any such amendment, substitution, or replacement, only to the extent that such amendment, substitution, or replacement permits the Company to provide broader indemnification rights than the BOC permitted the Company to provide prior to such amendment, substitution, or replacement), the Company shall indemnify, hold harmless, defend, pay, and reimburse any Covered Person against any and all losses, claims, damages, judgments, fines, or liabilities, including reasonable legal fees or other expenses incurred in investigating or defending against such losses, claims, damages, judgments, fines, or liabilities, and any amounts expended in settlement of any claims (collectively, "**Losses**") to which such Covered Person may become subject by reason of:

- (i) any act or omission or alleged act or omission performed or omitted to be performed on behalf of the Company, any Member, or any direct or indirect Subsidiary of the foregoing in connection with the business of the Company; or
- (ii) such Covered Person being or acting in connection with the business of the Company as a member, shareholder, Affiliate, manager, director, officer, employee, or agent of the Company, any Member, or any of their respective

Affiliates, or that such Covered Person is or was serving at the request of the Company as a member, manager, director, officer, employee, or agent of any Person including the Company;

provided, that (x) such Covered Person acted in good faith and in a manner believed by such Covered Person to be in, or not opposed to, the best interests of the Company and, with respect to any criminal proceeding, had no reasonable cause to believe his conduct was unlawful, and (y) such Covered Person's conduct did not constitute fraud or willful and intentional misconduct, in either case as determined by a final, nonappealable order of a court of competent jurisdiction. In connection with the foregoing, the termination of any action, suit, or proceeding by judgment, order, settlement, conviction, or upon a plea of nolo contendere or its equivalent, shall not, of itself, create a presumption that the Covered Person did not act in good faith or, with respect to any criminal proceeding, had reasonable cause to believe that such Covered Person's conduct was unlawful, or that the Covered Person's conduct constituted fraud or willful misconduct.

(b) **Control of Defense.** Upon a Covered Person's discovery of any claim, lawsuit, or other proceeding relating to any Losses for which such Covered Person may be indemnified pursuant to this Section 9.03, the Covered Person shall give prompt written notice to the Company of such claim, lawsuit, or proceeding; provided, that the failure of the Covered Person to provide such notice shall not relieve the Company of any indemnification obligation under this Section 9.03, unless the Company shall have been materially prejudiced thereby. The Company shall be entitled to participate in or assume the defense of any such claim, lawsuit, or proceeding at its own expense. After notice from the Company to the Covered Person of its election to assume the defense of any such claim, lawsuit, or proceeding, the Company shall not be liable to the Covered Person under this Agreement or otherwise for any legal or other expenses subsequently incurred by the Covered Person in connection with investigating, preparing to defend, or defending any such claim, lawsuit, or other proceeding. If the Company does not elect (or fails to elect) to assume the defense of any such claim, lawsuit, or proceeding, the Covered Person shall have the right to assume the defense of such claim, lawsuit, or proceeding as it deems appropriate, but it shall not settle any such claim, lawsuit, or proceeding without the consent of the Company (which consent shall not be unreasonably withheld, conditioned, or delayed).

(c) **Reimbursement.** The Company shall promptly reimburse (and/or advance to the extent reasonably required) each Covered Person for reasonable legal or other expenses (as incurred) of such Covered Person in connection with investigating, preparing to defend, or defending any claim, lawsuit, or other proceeding relating to any Losses for which such Covered Person may be indemnified pursuant to this Section 9.03; provided, that if it is finally judicially determined that such Covered Person is not entitled to the indemnification provided by this Section 9.03, then such Covered Person shall promptly reimburse the Company for any reimbursed or advanced expenses.

(d) **Entitlement to Indemnity.** The indemnification provided by this Section 9.03 shall not be deemed exclusive of any other rights to indemnification to which those

seeking indemnification may be entitled under the BOC, any agreement or otherwise. The provisions of this Section 9.03 shall continue to afford protection to each Covered Person regardless of whether such Covered Person remains in the position or capacity pursuant to which such Covered Person became entitled to indemnification under this Section 9.03 and shall inure to the benefit of the executors, administrators, legatees, and distributees of such Covered Person.

(e) **Insurance.** To the extent available on commercially reasonable terms, the Company may purchase, at its expense, insurance to cover Losses covered by the foregoing indemnification provisions and to otherwise cover Losses for any breach or alleged breach by any Covered Person of such Covered Person's duties in such amount and with such deductibles as the Sole Manager may reasonably determine; provided, that the failure to obtain such insurance shall not affect the right to indemnification of any Covered Person under the indemnification provisions contained herein, including the right to be reimbursed or advanced expenses or otherwise indemnified for Losses hereunder. If any Covered Person recovers any amounts in respect of any Losses from any insurance coverage, then such Covered Person shall, to the extent that such recovery is duplicative, reimburse the Company for any amounts previously paid to such Covered Person by the Company in respect of such Losses.

(f) **Funding of Indemnification Obligation.** Notwithstanding anything contained herein to the contrary, any indemnity by the Company relating to the matters covered in this Section 9.03 shall be provided out of and to the extent of Company assets only, and no Member (unless such Member otherwise agrees in writing) shall have personal liability on account thereof or shall be required to make additional Capital Contributions to help satisfy such indemnity by the Company.

(g) **Savings Clause.** If this Section 9.03 or any portion hereof shall be invalidated on any ground by any court of competent jurisdiction, then the Company shall nevertheless indemnify and hold harmless each Covered Person pursuant to this Section 9.03 to the fullest extent permitted by any applicable portion of this Section 9.03 that shall not have been invalidated and to the fullest extent permitted by Applicable Law.

(h) **Amendment.** The provisions of this Section 9.03 shall be a contract between the Company, on the one hand, and each Covered Person who served in such capacity at any time while this Section 9.03 is in effect, on the other hand, pursuant to which the Company and each such Covered Person intend to be legally bound. No amendment, modification, or repeal of this Section 9.03 that adversely affects the rights of a Covered Person to indemnification for Losses incurred or relating to a state of facts existing prior to such amendment, modification or repeal shall apply in such a way as to eliminate or reduce such Covered Person's entitlement to indemnification for such Losses without the Covered Person's prior written consent.

Section 9.04 Survival. The provisions of this ARTICLE IX shall survive the dissolution, liquidation, winding up, termination of the Company and the withdrawal of any Member or the Transfer of any Member's interest in the Company.

ARTICLE X ACCOUNTING; TAX MATTERS

Section 10.01 Financial Statements and Other Information. The Company shall prepare and furnish to each Member and CUSA the following reports:

(a) **Annual Financial Statements.** As soon as available, and in any event within 105 days after the end of each Fiscal Year, its unaudited consolidated balance sheet and related consolidated statements of operations, Members' equity and cash flows as of the end of and for such year prepared in accordance with GAAP consistently applied.

(b) **Quarterly Financial Statements.** As soon as available, and in any event within 60 days after the end of each quarterly accounting period in each Fiscal Year (including the last fiscal quarter of the Fiscal Year), its unaudited consolidated balance sheet and related unaudited consolidated statements of operations, Members' equity and cash flows as of the end of and for such fiscal quarter and the then elapsed portion of the current Fiscal Year, setting forth in each case in comparative form the figures for the corresponding period or periods of the previous Fiscal Year or as at the end of such period or periods, all in reasonable detail and certified by the Company as presenting fairly in all material respects the consolidated financial condition and results of operations of the Company in accordance with GAAP consistently applied, subject to normal year-end audit adjustments and the absence of footnotes.

(c) **Monthly Operating Data.** As soon as available, but in no event later than 45 days after the end of each calendar month, a statement in a form reasonably satisfactory to each Member and CUSA showing all operating data for the Company, including operating expenses and revenue for each of the Company, for such calendar month.

(d) **Budget Updates.** Promptly once available and no less than bi-annually, an operating budget for the Fiscal Year, forecasting revenue, operating costs, and capital expenses for each fiscal quarter.

(e) **Material Government Communication.** Promptly following receipt thereof by FWE IV, copies of all material written notices or other material communications issued or provided by or to any Governmental Authority.

(f) **Additional Information.** Promptly following any reasonable request therefor, such other information regarding the operations, business affairs and financial condition of the Company, as any Member or CUSA may reasonably request, including, without limitation, decommissioning cost estimates and calculations.

Section 10.02 Inspection Rights. Upon reasonable notice from a Member or CUSA, the Company shall afford each Member or CUSA and their respective Representatives access during normal business hours to (a) the Company's properties, offices, plants, and other facilities; (b) the corporate, financial, and similar records, reports, and documents of the Company, including, without limitation, all books and records, minutes of proceedings, internal management documents, reports of operations, reports of adverse developments, copies of any management

letters and communications with Members or the Sole Manager, and to permit each Member or CUSA and their respective Representatives to examine such documents and make copies thereof; and (c) the Sole Manager, any officers, senior employees, and public accountants of the Company, and to afford each Member or CUSA and their respective Representatives the opportunity to discuss the affairs, finances, and accounts of the Company with such Sole Manager, officers, senior employees, and public accountants (and the Company hereby authorizes said accountants to discuss with such Member or CUSA and their respective Representatives such affairs, finances, and accounts).

Section 10.03 Income Tax Status. The Company and the Initial Member intend that the Company shall be treated as a disregarded entity for U.S., federal, state, and local income tax purposes. Neither the Company nor any Member shall make an election for the Company to be classified as other than a partnership or a disregarded entity pursuant to Treasury Regulations Section 301.7701-3.

Section 10.04 Tax Matters Representative. The following Sections 10.04(a)-(f) are intended to apply if the Company becomes a partnership for U.S. federal income tax purposes:

(a) **Appointment.** The Members hereby appoint the Sole Manager as “partnership representative” as provided in Code Section 6223(a) (the “**Tax Matters Representative**”). If any state or local tax law provides for a tax matters partner/partnership representative or Person having similar rights, powers, authority or obligations, the Person designated as the Tax Matters Representative shall also serve in such capacity. To the extent required by Applicable Law, if the Tax Matters Representative is an entity, it shall appoint a “designated individual” to act on its behalf. The Tax Matters Representative can be removed at any time by a vote of Members holding a majority of the Membership Interests, and shall resign if it is no longer a Member. In the event of the resignation or removal of the Tax Matters Representative, Members holding a majority of the Membership Interests shall select a replacement Tax Matters Representative.

(b) **Tax Examinations and Audits.** The Tax Matters Representative is authorized and required to represent the Company (at the Company’s expense) in connection with all examinations of the Company’s affairs by Taxing Authorities, including resulting administrative and judicial proceedings, and to expend Company funds for professional services and costs associated therewith. The Tax Matters Representative shall promptly notify the Members in writing of the commencement of any tax audit of the Company, upon receipt of a tax assessment and upon receipt of a notice of final partnership adjustment, and shall keep the Members reasonably informed of the status of any tax audit and resulting administrative and judicial proceedings. Without the consent of Members holding a majority of the Membership Interests, the Tax Matters Representative shall not extend the statute of limitations, file a request for administrative adjustment, file suit relating to any Company tax refund or deficiency or enter into any settlement agreement relating to items of income, gain, loss or deduction of the Company with any Taxing Authority.

(c) **US Federal Tax Proceedings.** The Members acknowledge that the Company may elect the application of Section 6226 of the Code. This acknowledgement applies to each Member whether or not the Member owns an interest in the Company in both the reviewed year and the year of the tax adjustment. In the event that the Company elects the application of Section 6226 of the Code, the Members agree and covenant to take into account and report to the Internal Revenue Service (or any other applicable taxing authority) any adjustment to their tax items for the reviewed year of which they are notified by the Company in a written statement, in the manner provided in Section 6226(b) of the Code, whether or not the Member owns any interest in the Company at such time. Any Member that fails to report its share of such adjustments on its tax return, agrees to indemnify and hold harmless the Company and the Tax Matters Representative from and against any and all losses, costs, liabilities and expenses related to taxes (including penalties and interest) imposed on the Company as a result of the Member's inaction. If the Company is required to pay the assessment of the imputed underpayment under Section 6225(a)(1) of the Code or similar provisions of state law, any taxes, penalties, and interest payable by the Company shall be treated as attributable to the Members, and, to the extent possible, the Tax Matters Representative shall allocate the burden of any such amounts to those Members to whom such amounts are reasonably attributable taking into account the Member's or former Member's allocable share of taxable income or loss with respect to the Fiscal Year to which such assessment pertains and adjustments that may have been made in computing the imputed underpayment. To the extent that any such amount is payable by the Company, at the option of the Tax Matters Representative, such amount shall be recoverable from such Member as provided in Section 6.03(c). The provisions contained in this Section 10.04 shall survive the dissolution, termination or liquidation of the Company, the withdrawal of any Member or the Transfer of any Member's interest in the Company and apply to unadmitted assignees of a Member's interest who may be considered current or former partners of the Company for federal tax purposes.

(d) **Tax Returns.** Each Member agrees that such Member shall not treat any Company item inconsistently on such Member's federal, state, foreign or other income tax return with the treatment of the item on the Company's return.

(e) **Section 754 Election.** The Tax Matters Representative will make an election under Code Section 754, if the Company becomes a partnership for U.S. federal income tax purposes.

(f) **Indemnification.** The Company shall defend, indemnify, and hold harmless the Tax Matters Representative against any and all liabilities sustained as a result of any act or decision concerning Company tax matters and within the scope of responsibilities as Tax Matters Representative, so long as such act or decision was done or made in good faith and does not constitute gross negligence or willful misconduct.

Section 10.05 Tax Returns. At the expense of the Company, the Sole Manager (or any officer of the Company that it may designate pursuant to this Agreement) shall endeavor to cause the preparation and timely filing (including extensions) of all tax returns, if any, required to be filed by the Company pursuant to the Code as well as all other required tax returns in each

jurisdiction in which the Company owns property or does business. If the Company becomes a partnership for U.S. federal income tax purposes, as soon as reasonably possible after the end of each Fiscal Year, the Sole Manager or any designated officer of the Company, as applicable, will cause to be delivered to each Person who was a Member at any time during such Fiscal Year, IRS Schedule K-1 to Form 1065, if applicable, and such other information with respect to the Company as may be necessary for the preparation of such Person's federal, state, and local income tax returns for such Fiscal Year.

Section 10.06 Company Funds. All funds of the Company shall be deposited in its name, or in such name as may be designated by the Sole Manager, in such checking, savings, or other accounts, or held in its name in the form of such other investments as shall be designated by the Sole Manager. The funds of the Company shall not be commingled with the funds of any other Person. All withdrawals of such deposits or liquidations of such investments by the Company shall be made exclusively upon the signature or signatures of the Sole Manager, or any officer or officers of the Company that may be designated by the Sole Manager, as applicable, pursuant to this Agreement.

ARTICLE XI WINDING UP AND TERMINATION

Section 11.01 Events Requiring Winding Up. The Company shall begin to wind up its business and affairs only upon the occurrence of any of the following events (in each case, subject to the applicable provisions of Section 7.04):

- (a) upon the permanent cessation of all production from, and Final Completion of all plugging and abandonment and decommissioning of, the FWE IV Assets;
- (b) the occurrence of a nonwaivable event under the terms of the BOC which requires the winding up of the Company after its termination unless a Continuance occurs in respect of such event; or
- (c) the entry of a judicial decree ordering winding up and termination under § 11.314 of the BOC in proceedings of which CUSA has been given notice and an opportunity to participate.
- (d) Notwithstanding the occurrence of an event referenced in Section 11.01(b), if the Company is permitted prior to the termination of its existence in accordance with the BOC to revoke a winding up upon the occurrence of such event and the Sole Manager provides its prior written consent to such revocation, then, to the extent so permitted under the BOC and in the manner provided therein, the Company's existence shall be continued (the revocation of such a winding up and continuance of the Company, a "**Continuance**").

Section 11.02 Effectiveness of Termination. The Company shall begin to wind up its business and affairs as soon as reasonably practicable upon the occurrence of an event described in Section 11.01 (if such event has not been revoked or cancelled), but the Company shall not terminate until the winding up of the Company has been completed, the assets of the Company

have been distributed as provided in Section 11.03, and the Certificate of Termination shall have been filed as provided in Section 11.04.

Section 11.03 Liquidation. If the Company is to be terminated pursuant to Section 11.01, the Company shall be liquidated and its business and affairs wound up in accordance with the BOC and the following provisions:

(a) **Liquidator.** The Sole Manager shall act as liquidator to wind up the Company (the “**Liquidator**”); provided, however, that if there is then a vacancy in the position of the Sole Manager or the Sole Manager is not willing to act as the Liquidator, the Members shall appoint a Person to act as the Liquidator with the consent of CUSA. The Liquidator shall have full power and authority to sell, assign, and encumber any or all of the Company’s assets and to wind up and liquidate the affairs of the Company in an orderly and business-like manner.

(b) **Accounting.** As promptly as possible after the event requiring winding up and again after final liquidation, the Liquidator shall cause a proper accounting to be made by a recognized firm of certified public accountants of the Company’s assets, liabilities, and operations through the last day of the calendar month in which such event occurs or the final liquidation is completed, as applicable.

(c) **Notice.** The Liquidator shall deliver to each known claimant of the Company the notice required by § 11.052 of the BOC.

(d) **Distribution of Proceeds.** The Liquidator shall liquidate the assets of the Company and distribute the proceeds of such liquidation in the following order of priority, unless otherwise required by mandatory provisions of Applicable Law:

(i) First, to the payment of all of the Company’s debts and liabilities to its creditors (including Members, if applicable), including amounts owed, if any, pursuant to the Material Project Contracts to CUSA and/or Credit Bid Purchaser, and the expenses of liquidation (including sales commissions incident to any sales of assets of the Company);

(ii) Second, to the establishment of and additions to other reserves that are determined by the Liquidator to be reasonably necessary for any contingent unforeseen liabilities or obligations of the Company; and

(iii) Third, to the Members in accordance with the positive balances in their respective Capital Accounts, as determined after taking into account all Capital Account adjustments for the taxable year of the Company during which the liquidation of the Company occurs.

(e) **Discretion of Liquidator.** Notwithstanding the provisions of Section 11.03(d) that require the liquidation of the assets of the Company, but subject to the order of priorities set forth in Section 11.03(d), if upon winding up of the Company the Liquidator reasonably determines that an immediate sale of part or all of the Company’s

assets would be impractical or could cause undue loss to the Members, the Liquidator may defer the liquidation of any assets except those necessary to satisfy Company liabilities and reserves, and may, upon approval of holders of a majority of the outstanding Membership Interests, distribute to the Members, in lieu of cash, as tenants in common and in accordance with the provisions of Section 11.03(d), undivided interests in such Company assets as the Liquidator deems not suitable for liquidation. Any such distribution in kind shall be subject to such conditions relating to the disposition and management of such properties as the Liquidator deems reasonable and equitable and to any agreements governing the operating of such properties at such time. For purposes of any such distribution, any property to be distributed will be valued at its Fair Market Value.

Section 11.04 Certificate of Termination. Upon completion of the distribution of the assets of the Company as provided in Section 11.03(d) hereof, the Liquidator or other such officer or Sole Manager shall execute and cause to be filed a Certificate of Termination in the State of Texas and shall cause the cancellation of all qualifications and registrations of the Company as a foreign limited liability company in jurisdictions other than the State of Texas and shall take such other actions as may be necessary to terminate the Company. Upon acceptance of the Certificate of Termination by the Texas Secretary of State, the Company shall be terminated.

Section 11.05 Survival of Rights, Duties, and Obligations. Dissolution, liquidation, winding up, or termination of the Company for any reason shall not release any party from any Loss that at the time of such dissolution, liquidation, winding up, or termination already had accrued to any other party or thereafter may accrue in respect of any act or omission prior to such dissolution, liquidation, winding up, or termination. For the avoidance of doubt, none of the foregoing shall replace, diminish, or otherwise adversely affect any Member's right to indemnification pursuant to Section 9.03.

Section 11.06 Recourse for Claims. Each Member shall look solely to the assets of the Company for all distributions with respect to the Company, such Member's Capital Account, and such Member's share of Net Income, Net Loss, and other items of income, gain, loss, and deduction, and shall have no recourse therefor (upon termination or otherwise) against the Liquidator or any other Member.

ARTICLE XII MISCELLANEOUS

Section 12.01 Expenses. The Initial Member will pay, or cause to be paid, or contribute to the Company amounts necessary for the Company to pay, all amounts necessary to fully cover (a) costs associated with the formation of the Company in connection with the Divisive Merger Documents and (b) any premiums to satisfy organizational or area wide bonding requirements.

Section 12.02 Further Assurances. In connection with this Agreement and the transactions contemplated hereby, the Company and the Member hereby agree, at the request of the Company or any other Member, to execute and deliver such additional documents, instruments, conveyances, and assurances and to take such further actions as may be required to carry out the provisions hereof and give effect to the transactions contemplated hereby.

Section 12.03 Confidentiality.

(a) Each Member acknowledges that it will have access to and become acquainted with trade secrets, proprietary information, and confidential information belonging to the Company and its Affiliates that are not generally known to the public, including, but not limited to, information concerning business plans, financial statements, and other information, operating practices and methods, expansion plans, strategic plans, marketing plans, contracts, customer lists, or other business documents that the Company treats as confidential, in any format whatsoever (including oral, written, electronic, or any other form or medium) (collectively, “**Confidential Information**”). In addition, each Member acknowledges that: (i) the Company has invested, and continues to invest, substantial time, expense, and specialized knowledge in developing its Confidential Information; (ii) the Confidential Information provides the Company with a competitive advantage over others in the marketplace; and (iii) the Company would be irreparably harmed if the Confidential Information were disclosed to competitors or made available to the public. Without limiting the applicability of any other agreement to which any Member is subject, no Member shall, directly or indirectly, disclose or use (other than solely for the purposes of such Member monitoring and analyzing its investment in the Company) at any time, including, without limitation, use for personal, commercial, or proprietary advantage or profit, either during its association with the Company or thereafter, any Confidential Information of which such Member is or becomes aware. Each Member in possession of Confidential Information shall take all appropriate steps to safeguard such information and to protect it against disclosure, misuse, espionage, loss, and theft.

(b) Nothing contained in Section 12.03(a) shall prevent any Member from disclosing Confidential Information: (i) upon the order of any court or administrative agency; (ii) upon the request or demand of any regulatory agency or authority having jurisdiction over such Member; (iii) to the extent compelled by legal process or required or requested pursuant to subpoena, interrogatories, or other discovery requests; (iv) to the extent necessary in connection with the exercise of any remedy hereunder; (v) to the other Members; or (vi) to such Member’s Representatives who, in the reasonable judgment of such Member, need to know such Confidential Information and agree to be bound by the provisions of this Section 12.03 as if a Member; or (vii) to any potential Transferee in connection with a proposed Transfer of Membership Interests from such Member, as long as such potential Transferee agrees in writing to be bound by the provisions of this Section 12.03 as if a Member before receiving such Confidential Information; provided, that in the case of clause (i), (ii), or (iii), such Member shall notify the Company and other Members of the proposed disclosure as far in advance of such disclosure as practicable (but in no event make any such disclosure before notifying the Company and other Members) and use reasonable efforts to ensure that any Confidential Information so disclosed is accorded confidential treatment satisfactory to the Company, when and if available.

(c) The restrictions of Section 12.03(a) shall not apply to Confidential Information that: (i) is or becomes generally available to the public other than as a result of a disclosure by a Member in violation of this Agreement; (ii) is or has been independently developed or conceived by such Member without use of Confidential

Information; or (iii) becomes available to such Member or any of its Representatives on a non-confidential basis from a source other than the Company, the other Members, or any of their respective Representatives, provided, that such source is not known by the receiving Member to be bound by a confidentiality agreement regarding the Company.

(d) The obligations of each Member under this Section 12.03 shall survive for so long as such Member remains a Member, and for three years following the earlier of (i) termination, dissolution, liquidation, and winding up of the Company; (ii) the withdrawal of such Member from the Company; or (iii) such Member's Transfer of its Membership Interests; provided that with respect to Confidential Information that constitutes a trade secret under Applicable Law, the obligations of each Member under this Section 12.03 shall survive until, if ever, such Confidential Information loses its trade secret protection other than due, directly or indirectly, to an act or omission of the Member.

Section 12.05 Headings. The headings in this Agreement are inserted for convenience or reference only and are in no way intended to describe, interpret, define, or limit the scope, extent, or intent of this Agreement or any provision of this Agreement.

Section 12.06 Severability. If any term or provision of this Agreement is held to be invalid, illegal, or unenforceable under Applicable Law in any jurisdiction, such invalidity, illegality, or unenforceability shall not affect any other term or provision of this Agreement or invalidate or render unenforceable such term or provision in any other jurisdiction. Except as provided in Section 9.03(g), upon such determination that any term or other provision is invalid, illegal, or unenforceable, this Agreement shall be modified automatically so as to effect the original intent of the parties as closely as possible in order that the transactions contemplated hereby be consummated as originally contemplated to the greatest extent possible, legal, and enforceable.

Section 12.07 Entire Agreement. This Agreement, together with the Certificate of Merger, Plan of Merger, Certificate of Formation, the Material Project Contracts and all related Exhibits and Schedules, constitute the sole and entire agreement of the parties to this Agreement with respect to the subject matter contained herein and therein, and supersede all prior and contemporaneous understandings, agreements, representations, and warranties, both written and oral, with respect to such subject matter.

Section 12.08 Successors and Assigns. Subject to the restrictions on Transfers set forth herein, this Agreement shall be binding upon and shall inure to the benefit of the parties hereto and their respective heirs, executors, administrators, successors, and assigns.

Section 12.09 No Third-Party Beneficiaries. Except (a) with respect to certain rights reserved to CUSA as set forth in this Agreement, which shall be for the benefit of and enforceable by CUSA, and (b) as provided in ARTICLE IX, which shall be for the benefit of and enforceable by Covered Persons as described therein, this Agreement is for the sole benefit of the parties hereto (and their respective heirs, executors, administrators, successors, and assigns) and nothing herein, express or implied, is intended to or shall confer upon any other Person, including any creditor of the Company, any legal or equitable right, benefit, or remedy of any nature whatsoever under or by reason of this Agreement; provided, however that CUSA and each Covered Persons shall be an express third party beneficiary of this Agreement.

Section 12.10 Amendment. Subject to Sections 2.02, no provision of this Agreement may be amended or modified except by an instrument in writing executed by the Company and the Members holding a majority of the Membership Interests; provided, however that any amendment or modification which impacts the rights of CUSA hereunder, including changes to Section 2.05 (Purpose) shall be subject to the prior written consent of CUSA, which may be given, delayed or withheld in its sole discretion. Any such written amendment or modification will be binding upon the Company, CUSA and each Member. Notwithstanding the foregoing, amendments to the Members Schedule following any new issuance, redemption, repurchase, or Transfer of Membership Interests in accordance with this Agreement may be made by the Sole Manager without the consent of or execution by the Members.

Section 12.11 Waiver. No waiver by any party or CUSA of any of the provisions hereof shall be effective unless explicitly set forth in writing and signed by the party so waiving or CUSA, respectively. No waiver by any party or CUSA shall operate or be construed as a waiver in respect of any failure, breach, or default not expressly identified by such written waiver, whether of a similar or different character, and whether occurring before or after that waiver. No failure to exercise, or delay in exercising, any right, remedy, power, or privilege arising from this Agreement shall operate or be construed as a waiver thereof, nor shall any single or partial exercise of any right, remedy, power, or privilege hereunder preclude any other or further exercise thereof or the exercise of any other right, remedy, power, or privilege. For the avoidance of doubt, nothing contained in this Section 12.11 shall diminish any of the explicit and implicit waivers described in this Agreement.

Section 12.12 Governing Law. All issues and questions concerning the application, construction, validity, interpretation, and enforcement of this Agreement shall be governed by and construed in accordance with the internal laws of the State of Texas, without giving effect to any choice or conflict of law provision or rule (whether of the State of Texas or any other jurisdiction) that would cause the application of laws of any jurisdiction other than those of the State of Texas.

Section 12.13 Submission to Jurisdiction. The parties hereby agree that any suit, action, or proceeding seeking to enforce any provision of, or based on any matter arising out of or in connection with, this Agreement or the transactions contemplated hereby, whether in contract, tort, or otherwise, shall be brought in the federal courts of the United States of America or the courts of the State of Texas, in each case located in Harris County and in Houston, Texas. Each of the parties hereby irrevocably consents to the jurisdiction of such courts (and of the appropriate appellate courts therefrom) in any such suit, action, or proceeding and irrevocably waives, to the fullest extent permitted by law, any objection that it may now or hereafter have to the laying of the venue of any such suit, action, or proceeding in any such court or that any such suit, action, or proceeding that is brought in any such court has been brought in an inconvenient forum. Service of process, summons, notice, or other document by registered mail to the address set forth in Section 12.04 shall be effective service of process for any suit, action, or other proceeding brought in any such court.

Section 12.14 Waiver of Jury Trial. EACH PARTY HERETO ACKNOWLEDGES AND AGREES THAT ANY DISPUTE OR CONTROVERSY THAT MAY ARISE UNDER THIS AGREEMENT IS LIKELY TO INVOLVE COMPLICATED AND DIFFICULT ISSUES

AND, THEREFORE, EACH SUCH PARTY IRREVOCABLY AND UNCONDITIONALLY WAIVES ANY RIGHT IT MAY HAVE TO A TRIAL BY JURY IN RESPECT OF ANY LEGAL ACTION ARISING OUT OF RELATING TO THIS AGREEMENT OR THE TRANSACTIONS CONTEMPLATED HEREBY.

Section 12.15 Equitable Remedies. Each party hereto acknowledges that a breach or threatened breach by such party of any of its obligations under this Agreement would give rise to irreparable harm to the other parties or CUSA, for which monetary damages would not be an adequate remedy, and hereby agrees that in the event of a breach or a threatened breach by such party of any such obligations, each of the other parties hereto and CUSA shall, in addition to any and all other rights and remedies that may be available to them in respect of such breach, be entitled to equitable relief, including a temporary restraining order, an injunction, specific performance, and any other relief that may be available from a court of competent jurisdiction (without any requirement to post bond).

Section 12.16 Attorney's Fees. In the event that any party or third-party beneficiary hereto institutes any legal suit, action, or proceeding, including arbitration, against another party in respect of a matter arising out of or relating to this Agreement, the prevailing party or third-party beneficiary in the suit, action, or proceeding shall be entitled to receive, in addition to all other damages to which it may be entitled, the costs incurred by it in conducting the suit, action, or proceeding, including reasonable attorneys' fees and expenses and court costs.

Section 12.17 Remedies Cumulative. The rights and remedies under this Agreement are cumulative and are in addition to and not in substitution for any other rights and remedies available at law or in equity or otherwise, except to the extent expressly provided in Section 9.02 to the contrary.

Section 12.18 Counterparts. This Agreement may be executed in counterparts, each of which shall be deemed an original, but all of which together shall be deemed to be one and the same agreement. A signed copy of this Agreement delivered by email or other means of Electronic Transmission shall be deemed to have the same legal effect as delivery of an original signed copy of this Agreement.

This letter agreement (this “**Agreement**”) sets forth the terms and conditions whereby Sunset Energy Gulf Coast Asset Management LLC (“Sunset”, “you”, “your”) agrees to provide the services to be performed by the “Sole Manager” on behalf of or in the service of Fieldwood Energy IV LLC, a Texas limited liability company (the “**Company**”), as more fully set forth and described in the Limited Liability Company Agreement of the Company, dated as of [●], 2021 (such agreement, as it may be amended, supplemented, or modified from time to time, the “**Company Agreement**”), a copy of which is attached as Exhibit A hereto. In connection with this Agreement, Sunset will appoint David Abell to direct or otherwise oversee and be responsible for the activities of the Sole Manager. As used in this Agreement, the term “**Parties**” shall refer to both Sunset and the Company and “**Party**” shall refer to Sunset or the Company. For purposes of this Agreement and the Company Agreement, Sunset will be a “manager” within the meaning of that term under the Texas Business Organizations Code, which is referred to as the Sole Manager in the Company Agreement. Capitalized terms used but not defined herein shall have the meaning set forth in the Company Agreement.

Section 1. Services.

(a) The Company hereby agrees that Sunset will serve as Sole Manager of the Company and the Company will engage Sunset, and Sunset hereby accepts such appointment as Sole Manager and the engagement to perform for or provide to the Company the services that are specified in the Company Agreement to be performed or provided by the Sole Manager in accordance with the Company Agreement and as otherwise set forth herein (collectively, the “**Services**”), such Services to be performed or provided on the terms and subject to the conditions set forth in the Company Agreement and this Agreement.

(b) The scope of the Services to be performed or provided by the Sole Manager and Sunset’s authority to take actions on behalf of the Company as the Sole Manager shall be subject to the limitations thereon as set forth in the Company Agreement and this Agreement.

(c) Sunset shall devote the appropriate business time and attention and its full skill and best efforts to performing or providing the Services and to the furtherance of the Company’s interests. Sunset shall perform or provide the Services and carry out the responsibilities reasonably related thereto, to the best of its ability, in a diligent, trustworthy, and businesslike manner for the purpose of advancing the business of the Company.

(d) Sunset agrees that it shall work with Mako Buyer LLC in accordance with the terms of the Contract Operating Agreement between Mako Buyer LLC and Company.

Section 2. Service as Sole Manager; Term of Engagement. The term of your service as Sole Manager and engagement under this Agreement shall commence as of the date set forth above and shall continue until the earlier of (a) the date on which you are removed as the Sole Manager by the Company for any reason, with the consent of CUSA, and (b) the [tenth] anniversary of this Agreement, unless extended annually thereafter (such period of time, the “**Engagement Period**”). **You acknowledge and understand that your engagement with the Company may be terminated pursuant to Section 9 below,**

meaning that you or the Company (with CUSA's consent) may terminate the engagement and your role as Sole Manager at any time, with or without Cause (as defined herein), and with or without notice and for any reason or no particular reason. Although your compensation and benefits may change from time to time, the at-will nature of your engagement and service as Sole Manager may only be changed with the prior written consent of CUSA.

Section 3. Compensation.

(a) In consideration for your performing or providing the Services and any duties related thereto and the rights granted to the Company in this Agreement, the Company shall pay you an initial annual fee of [REDACTED], subject to review from time to time, payable at the beginning of each month in equal monthly instalments without deductions; provided, however, that you acknowledge that you shall be solely responsible and liable for any all taxes payable with respect thereto and shall remit and pay such taxes on a timely basis and indemnify the Company for any failure to do so.

(b) The Company shall pay or reimburse you for all expenses (including travel expenses) reasonably incurred by you during the Engagement Period in connection with performing or providing the Services or carrying out the responsibilities reasonably related thereto, provided that you shall provide to the Company reasonable documentation or evidence of expenses for which you seek reimbursement.

Section 4. Property Rights.

(a) You shall protect the assets of the Company from misuse or misappropriation, including, without limitation, any Confidential Information (as defined below) or other intellectual property rights of the Company.

(b) As between you and the Company, the Company is, and will remain, the sole and exclusive owner of all right, title, and interest in and to any documents, specifications, data, know-how, methodologies, software, and other materials provided to you by the Company, including any intellectual property rights therein or other Confidential Information ("**Company Materials**"). You have no right or license to reproduce or use any Company Materials except solely during the Engagement Period to the extent necessary to perform your obligations under this Agreement in furtherance of the Company's business. All other rights in and to the Company Materials are expressly reserved by the Company. Without prior written permission, you have no right or license to use the Company's trademarks, service marks, trade names, logos, symbols, or brand names.

Section 5. Confidentiality.

(a) You acknowledge that you will have access to information that is non-public or otherwise treated as confidential and proprietary by the Company, including, without limitation, the existence and terms of the Company Agreement, trade secrets, technology, and information pertaining to business operations and strategies, customers, pricing, marketing, finances, sourcing, seismic information, projected production, projected cost and expenses (including projected plugging and abandonment and decommissioning costs) or operations of the Company, its Affiliates, or their suppliers or customers, in each case whether spoken, written, printed, electronic, or in any other form or medium, including with respect to the Company's or its Affiliates' arrangements with CUSA or agreements related thereto (collectively, the "**Confidential Information**"). Any Confidential Information that you access in connection with the Services or any work related thereto shall be subject to the terms and conditions of this Section 5 during the term of your engagement and for two years after Termination. You agree not to use any Confidential Information for any purpose except as required in the performance of the Services. You

shall notify the Member of the Company (who shall also notify CUSA) immediately in the event you become aware of any loss or disclosure of any Confidential Information.

(b) Confidential Information shall not include information that:

(i) is or becomes generally available to the public other than through your breach of this Agreement; or

(ii) is communicated to you by a third party that had no confidentiality obligations with respect to such information; or

(iii) was available to you on a non-confidential basis prior to its disclosure by the Company without violation of any confidentiality obligations applicable to Sunset or its affiliates.

(c) Nothing herein shall be construed to prevent disclosure of Confidential Information as may be required by applicable law or regulation, or pursuant to a valid order of a court of competent jurisdiction or an authorized government agency.

(d) Notice of Immunity Under the Defend Trade Secrets Act of 2016 (“DTSA”).

Notwithstanding any other provision of this Agreement:

(i) You will not be held criminally or civilly liable under any federal or state trade secret law for any disclosure of a trade secret that:

(A) is made: (1) in confidence to a federal, state, or local government official, either directly or indirectly, or to an attorney and (2) solely for the purpose of reporting or investigating a suspected violation of law; or

(B) is made in a complaint or other document that is filed under seal in a lawsuit or other proceeding.

(ii) If you file a lawsuit for retaliation by the Company for reporting a suspected violation of law, you may disclose the Company’s trade secrets to your attorney and use the trade secret information in the court proceeding if you:

(A) file any document containing the trade secret under seal; and

(B) do not disclose the trade secret, except pursuant to court order.

Section 6. Representations and Warranties.

(a) You represent and warrant to the Company that:

(i) you have the right to enter into this Agreement, to grant the rights granted herein and to perform fully all of your obligations in this Agreement and the Company Agreement;

(ii) your entering into this Agreement with the Company and your performance of the Services or any work related thereto do not and will not conflict with or result in any breach or default under any other agreement to which you are subject, including, without limitation, any non-competition, non-solicitation, or other work-related restrictions imposed by a current or former employer, and you have informed any entity with which you have such restrictions that are you assuming the role of Sole Manager;

(iii) you will inform the Member (who shall promptly inform CUSA) about any non-competition, non-solicitation, or other work-related restrictions to which you are subject and provide as much information about them as legally possible, including any agreements describing such restrictions on your activities;

(iv) you will not use or disclose non-public, confidential or propriety information of others or subject to other confidentiality agreements with the Company;

(v) you will discuss any questions you may have about ownership of particular documents or other information with appropriate personnel from your clients or former employers before removing or copying the documents or information for use in connection with your employment with the Company;

(vi) you have the required skill, experience, and qualifications to perform the Services and any work related thereto, you shall perform the Services and such work in a professional and workmanlike manner in accordance with generally recognized industry standards for similar services and you shall devote sufficient resources to ensure that the Services are performed in a timely and reliable manner; and

(vii) you shall perform the Services in compliance with all applicable federal, state, and local laws and regulations, including by maintaining all licenses, permits, and registrations required to perform the Services or any work related thereto.

(b) The Company hereby represents and warrants to you that:

(i) it has the full right, power, and authority to enter into this Agreement and to perform its obligations hereunder; and

(ii) the execution of this Agreement by its representative whose signature is set forth at the end hereof has been duly authorized by all necessary limited liability company action.

Section 7. Indemnification. You shall be entitled to indemnification by the Company on the terms and subject to the conditions set forth in the Company Agreement, all of which you acknowledge by your signature below.

Section 8. Insurance. The Company may, at its own expense, but is not required to, provide directors' and officers' liability insurance coverage to you in your capacity as the Sole Manager, in an amount and on terms reasonably customary for directors and officers of oil and gas exploration and production companies that are similarly situated to the Company. The Company shall notify you of the existence of and any termination, cancellation, or material adverse changes to such insurance coverage provided to you.

Section 9. Termination.

(a) You or the Company (in the case of the Company, as directed by the Member and subject to the prior consent or approval of CUSA as provided in the Company Agreement) may terminate this Agreement without Cause upon sixty (60) calendar days' written notice to the other Party. In the event of termination by you pursuant to this clause (a), the Company shall pay you on a pro-rata basis for any portion of your compensation then due and payable for any Services completed up to and including the date of such termination, plus unreimbursed expenses pursuant to Section 3 (b) above. In the event of termination by

the Company pursuant to this clause (a), the Company shall pay you six (6) months of your annual fee from and after the date of such termination.

(b) The Company (as directed by the Member and subject to the prior consent and approval of CUSA) may terminate this Agreement, effective immediately upon written notice to you, for “Cause” (as defined below) or should David Abell cease (or otherwise be unavailable) to direct the activities of the Sole Manager. You may terminate this Agreement upon thirty (30) days advance written notice to the Member (who shall promptly notify CUSA). As used herein, “Cause” means a good faith finding by the Member (in consultation with CUSA) of: (a) the commission by you of an act of fraud, dishonesty, or embezzlement against the Company or any of its Affiliates or Subsidiaries, or any customer or client thereof; (b) the unauthorized use or disclosure by you of material Confidential Information or intellectual property rights of the Company or any of its Affiliates or Subsidiaries; (c) your indictment or conviction (or a plea by you or on your behalf of nolo contendere) for: (i) a felony or (ii) a crime involving fraud, dishonesty or moral turpitude; or (d) your failure to perform your material duties as the Sole Manager of the Company in accordance with this Agreement or if you intentionally, or with gross negligence, take action (or elect not to take action) or engage in conduct adverse to the interests of the Company, its Affiliates, its Subsidiaries, or its or their assets, business or business opportunities that the Member has reasonably determined is or could be materially injurious to the Company; provided, however, that prior to a termination for Cause under clause (d) of this definition, the Member shall provide written notice to you of any such failure(s), violation(s), breach(es), action(s), or inaction(s) upon which the Company intends to rely as the basis for a termination for Cause and the Member will offer the Sole Manager (subject to the consent of CUSA) no less than five (5) calendar days to cure such failure(s), violation(s), breach(es), action(s), or inaction(s) (as applicable) if the Member, in the exercise of its good faith judgment, deems such failure(s), violation(s), breach(es), action(s), or inaction(s) (as applicable) to be capable of cure; provided, further, that the Member shall only be required to give the Sole Manager such notice and opportunity to cure one time. In the event of termination by the Member pursuant to this clause (b) for Cause or by you pursuant to this clause (b), the Company shall pay you on a pro-rata basis for any portion of your compensation then due and payable for any Services completed up to and including the effective date of such termination.

(c) Upon expiration or termination of this Agreement for any reason, or at any other time upon the Company’s written request, you shall promptly after such expiration or termination:

(i) deliver to the Company all materials, equipment, and other property provided for your use by the Company;

(iii) permanently erase all the Confidential Information from your personal computer systems; and

(d) The terms and conditions of clause (c) and this clause (d) of Section 9 and Sections 4, 5, 6, 7, 10, 11, 12, 13, 14, and 15 shall survive the expiration or termination of this Agreement.

Section 10. Reserved

Section 11. Additional Acknowledgments.

(a) You acknowledge and agree that (i) the Services to be performed or provided by you to the Company as Sole Manager under the Company Agreement are of a special and unique character; (ii) you will obtain knowledge and skill relevant to the Company's industry, methods of doing business, and marketing and operational strategies by virtue of your engagement; and (iii) the restrictive covenants and other terms and conditions of this Agreement (including, but not limited to, those in Section 5 of this Agreement) are reasonable and reasonably necessary to protect the legitimate business interest of the Company and its Affiliates.

(b) You further acknowledge that (i) the benefits provided to you under this Agreement, including the amount of your compensation, reflect, in part, your obligations and the Company's rights under this Agreement, including, but not limited to, those in Section 5 of this Agreement; (ii) you have no expectation of any additional compensation, royalties, or other payment of any kind not otherwise referenced herein in connection herewith; and (iii) you will not suffer undue hardship by reason of full compliance with the terms and conditions of Section 5 of this Agreement or the Company's enforcement thereof.

Section 12. Assignment. You may not assign any rights or obligations under this Agreement without the prior written consent of the Member (which such consent is subject to the prior consent of CUSA). Any purported assignment in violation of the foregoing sentence shall be deemed null and void *ab initio*. Subject to the limits on assignment stated in this Section 12, this Agreement will inure to the benefit of, be binding on, and be enforceable against each of the Parties and their respective successors and assigns.

Section 13. Remedies. In the event you breach or threaten to breach Section 5 of this Agreement, you hereby acknowledge and agree that monetary damages would not afford an adequate remedy and that the Company shall be entitled to seek, in addition to other available remedies, a temporary or permanent injunction or other equitable relief restraining such breach or threatened breach from any court of competent jurisdiction, without the necessity of showing any actual damages, and without the necessity of posting any bond or other security. This equitable relief shall be in addition to, not in lieu of, legal remedies, monetary damages, or other available forms of relief.

Section 14. Disputes. The allocations described in this Section 5.04(e) are intended to be applied in accordance with the Members' "interests in partnership capital" under Section 613A(c)(7)(D) of the Code; provided, however, that the Members understand and agree that the Sole Manager may authorize special allocations of federal income tax basis, income, gain, deduction or loss, as computed for U.S. federal income tax purposes, in order to eliminate differences between Simulated Basis and adjusted U.S. federal income tax basis with respect to each oil and gas property, in such manner as determined consistent with the principles outlined in Sections 5.04b) and 5.04c).

The provisions of this Section 5.04(e) and the other provisions of this Agreement relating to allocations under Section 613A(c)(7)(D) of the Code are intended to comply with Treasury Regulations Section 1.704-1(b)(4)(v) and shall be interpreted and applied in a manner consistent with such Treasury Regulations. Each Member, with the assistance of the Company, shall separately keep records of its share of the adjusted tax basis in each oil and gas property, adjust such share of the adjusted tax basis for any cost or percentage depletion allowable with respect to such property and use such adjusted tax basis in the computation of its cost depletion or in the computation of its gain or loss on the disposition

of such property by the Company. Upon the reasonable request of the Company, each Member shall advise the Company of its adjusted tax basis in each oil and gas property and any depletion computed with respect thereto, both as computed in accordance with the provisions of this subsection for purposes of allowing the Company to make adjustments to the tax basis of its assets as a result of certain transfers of interests in the Company or distributions by the Company. The Company may rely on such information and, if it is not provided by the Member, may make such reasonable assumptions as it shall determine with respect thereto. When reasonably requested by the Members, the Company shall provide all available information needed by such Members to comply with the record keeping requirements of this Section 5.04(e) and other applicable tax reporting obligations.

(f) Allocations pursuant to this Section 5.04 are solely for purposes of federal, state, and local taxes and shall not affect, or in any way be taken into account in computing, any Member's Capital Account or share of Net Income, Net Losses, distributions, or other items pursuant to any provisions of this Agreement.

Section 5.05 Allocations in Respect of Transferred Membership Interests. In the event of a Transfer of Membership Interests during any Fiscal Year made in compliance with the provisions of ARTICLE VIII, Net Income, Net Losses, and other items of income, gain, loss, and deduction of the Company attributable to such Membership Interests for such Fiscal Year shall be determined using the interim closing of the books method.

ARTICLE VI DISTRIBUTIONS

Section 6.01 General.

(a) Subject to Section 6.02 and Section 7.03(b), distributions of available cash shall be made to the Members when and in such amounts as determined by the Sole Manager and only following (i) payment of all operating expenses of the Company, including required payments under the Material Project Contracts, and the termination of the Material Project Contracts, (ii) the payment in full of any and all amounts owing to Credit Bid Purchaser or CUSA under any Material Project Contract, and (iii) the cessation of all production from, and Final Completion of all plugging and abandonment and decommissioning of the FWE IV Assets. After making all distributions required for a given Fiscal Year under Section 6.02, and paying all operating expenses, and making appropriate reserves for future operating expenses, and paying all amounts then due and outstanding under the Material Project Contracts as described in the preceding sentence, the termination of the Material Project Contracts, and the satisfaction of the condition under item (iii), in each case as described in the preceding sentence, distributions determined to be made by the Sole Manager pursuant to this Section 6.01(a) shall be paid to the Members in accordance with their respective Membership Interests.

(b) Notwithstanding any provision to the contrary contained in this Agreement, the Company shall not make any distribution to the Members (i) prior to the cessation of all production from, and Final Completion of all plugging and abandonment and

decommissioning activities on, the FWE IV Assets, except as provided in Section 6.02, or (ii) if such distribution would violate § 101.206 of the BOC or other Applicable Law.

Section 6.02 Tax Advances.

(a) Subject to (i) any restrictions in the Company's then-applicable debt financing arrangements, if any, and (ii) the Sole Manager's good faith determination to retain any other amounts necessary to satisfy obligations of the Company that are reasonably expected to be due and payable in the 90 days following the date of determination, at least three days before each date prescribed by the Code for a calendar-year corporation to pay quarterly installments of estimated tax, the Company shall use commercially reasonable efforts to distribute cash to each Member in proportion to and to the extent of such Member's Quarterly Estimated Tax Amount for the applicable calendar quarter (each such distribution, a "**Tax Advance**").

(b) If, at any time after the final Quarterly Estimated Tax Amount has been distributed pursuant to Section 6.02(a) with respect to any Fiscal Year, the aggregate Tax Advances to any Member with respect to such Fiscal Year are less than such Member's Tax Amount for such Fiscal Year (a "**Shortfall Amount**"), the Company shall use commercially reasonable efforts to distribute cash in proportion to and to the extent of each Member's Shortfall Amount. The Company shall use commercially reasonable efforts to distribute Shortfall Amounts with respect to a Fiscal Year before the 90th day of the next succeeding Fiscal Year; provided, that if the Company has made distributions other than pursuant to this Section 6.02, the Sole Manager may apply such distributions to reduce any Shortfall Amount.

(c) If the aggregate Tax Advances made to any Member pursuant to this Section 6.02 for any Fiscal Year exceed such Member's Tax Amount (an "**Excess Amount**"), such Excess Amount shall reduce subsequent Tax Advances that would be made to such Member pursuant to this Section 6.02, except to the extent taken into account as an advance pursuant to Section 6.02(d).

(d) Any distributions made pursuant to this Section 6.02 shall be treated for purposes of this Agreement as advances on distributions pursuant to Section 6.01 and shall reduce, dollar-for-dollar, the amount otherwise distributable to such Member pursuant to Section 6.01.

Section 6.03 Tax Withholding; Withholding Advances.

(a) **Tax Withholding.** Each Member agrees to furnish the Company with any representations and forms as shall be reasonably requested by the Company to assist it in determining the extent of, and in fulfilling, any withholding obligations it may have.

(b) **Withholding Advances.** The Company is hereby authorized at all times to make payments ("**Withholding Advances**") with respect to each Member in amounts required to discharge any obligation of the Company, including any obligation under Section 6225 of the Code (as determined by the Tax Matters Representative based on the

advice of legal or tax counsel to the Company) to withhold or make payments to any federal, state, local or foreign taxing authority (a “**Taxing Authority**”) with respect to any distribution or allocation by the Company of income or gain to such Member and to withhold the same from distributions to such Member. Any funds withheld from a distribution by reason of this Section 6.03(b) shall nonetheless be deemed distributed to the Member in question for all purposes under this Agreement. If the Company makes any Withholding Advance in respect of a Member hereunder that is not immediately withheld from actual distributions to the Member, then the Member shall promptly reimburse the Company for the amount of such payment, plus interest at a rate equal to the prime rate published in the Wall Street Journal on the date of payment plus two percent per annum, compounded annually, on such amount from the date of such payment until such amount is repaid (or deducted from a distribution) by the Member (any such payment shall not constitute a Capital Contribution). Each Member’s reimbursement obligation under this Section 6.03(b) shall continue after such Member transfers its Membership Interests.

(c) **Indemnification.** Each Member hereby agrees to defend, indemnify and hold harmless the Company and the other Members from and against any liability with respect to taxes, interest, or penalties that may be asserted by reason of the Company’s failure to deduct and withhold tax on amounts distributable or allocable to such Member. The provisions of this Section 6.03(c) and the obligations of a Member pursuant to Section 6.03(b) shall survive the termination, dissolution, liquidation, and winding up of the Company and the withdrawal of such Member from the Company or Transfer of its Membership Interests. The Company may pursue and enforce all rights and remedies it may have against each Member under this Section 6.03, including bringing a lawsuit to collect repayment with interest of any Withholding Advances.

(d) **Overwithholding.** None of the Company or the Sole Manager shall be liable for any excess taxes withheld in respect of any distribution or allocation of income or gain to a Member. In the event of an overwithholding, a Member’s sole recourse shall be to apply for a refund from the appropriate Taxing Authority.

Section 6.04 Distributions in Kind.

(a) Subject to Sections 6.01 and 6.02, the Sole Manager is hereby authorized, as it may reasonably determine, to make distributions to the Members in the form of securities or other property (but not including any oil and gas properties) held by the Company; provided, that Tax Advances shall only be made in cash. In any non-cash distribution, the securities or property so distributed will be distributed among the Members in the same proportion and priority as cash equal to the Fair Market Value of such securities or property would be distributed among the Members pursuant to Section 6.01.

(b) Any distribution of securities shall be subject to such conditions and restrictions as the Sole Manager determines are required or advisable to ensure compliance with Applicable Law. In furtherance of the foregoing, the Sole Manager may require that the Members execute and deliver such documents as the Sole Manager may deem necessary or appropriate to ensure compliance with all federal and state securities laws that

apply to such distribution and any further Transfer of the distributed securities, and may appropriately legend the certificates that represent such securities to reflect any restriction on Transfer with respect to such laws.

ARTICLE VII MANAGEMENT

Section 7.01 Management of the Company. The business and affairs of the Company shall be managed, operated, and controlled by or under the direction of one manager designated pursuant to Section 7.02 (the “**Sole Manager**”). Subject to the provisions of Section 7.04, the Sole Manager shall have, and is hereby granted, full and complete power, authority, and discretion for, on behalf of, and in the name of the Company, to take such actions as it may deem necessary or advisable to carry out any and all of the objectives and purposes of the Company, to the exclusion of the Members unless expressly provided for otherwise in this Agreement or expressly required under the BOC. Subject to the provisions of Section 7.06, the Sole Manager shall have, and is hereby granted, full and complete power, authority, and discretion for, on behalf of, and in the name of the Company, to take such actions as it may deem necessary or advisable to carry out any and all of the objectives and purposes of the Company.

Section 7.02 Sole Manager. The Company shall not have any officers or employees other than the Sole Manager. Sunset Energy Gulf Coast Asset Management LLC has been selected and designated by the Member with the consent of CUSA to serve as the initial Sole Manager. The Sole Manager may not be removed without CUSA’s prior written consent, which may be given, delayed or withheld in its sole discretion. In the event that the Sole Manager is removed with CUSA’s written consent or the Sole Manager resigns or otherwise ceases to serve in such capacity, then the Sole Manager shall be selected pursuant to the following procedure: CUSA and the Company (acting through the Member for all purposes under this Section 7.02, who shall solicit input from Credit Bid Purchaser for all purposes under this Section 7.02) shall agree on a replacement, and, if they cannot agree, the Company shall designate a replacement, which shall be subject to CUSA’s approval (which approval shall not to be unreasonably withheld, conditioned or delayed).

Section 7.03 Material Project Contracts; Net Profit Interest.

(a) The Company’s execution and performance of its obligations under each of the Omnibus Agreement, the NPI Conveyance, the Contract Operating Agreement, the Turnkey Removal Agreement, the Joint Development Agreement, the Deepwater Assets Decommissioning Funding Agreement, the SEMS Bridging Agreement, the Transition Services Agreement and the Escrow Agreement has been approved by the Member and shall not require any other approval on the part of the Company (by the Sole Manager or otherwise). The Sole Manager shall not amend or modify such agreements, except in accordance with this Agreement.

(b) At the end of each Production Period, the Company shall pay into the Escrow Account the NPI Payment, if any is due, as calculated pursuant to the terms of the NPI Conveyance.

Section 7.04 Actions Requiring CUSA Consent. Without the prior written consent of CUSA (which written consent may be given, delayed or withheld in CUSA's sole discretion, unless expressly indicated otherwise), the Company shall not do, or enter into any commitment to do, any of the following:

- (a) engage in any business or activity other than (i) plugging and abandoning and decommissioning the FWE IV Assets and (ii) operating the FWE IV Assets prior to their plugging and abandonment and decommissioning;
- (b) use revenue or free cash flow for any purpose other than (i) for funding Reimbursable Costs or Third Party Payments under the Contract Operating Agreement (or similar charges under a replacement thereto) and, if applicable, payment into the Escrow Account and (ii) Tax Advances pursuant to Section 6.02(a);
- (c) issue additional Membership Interests or any other equity securities or admit additional Members to the Company;
- (d) approve any decommissioning plan with respect to the FWE IV Assets; or engage or retain any decommissioning subcontractor other than Credit Bid Purchaser pursuant to the Turnkey Removal Agreement;
- (e) incur any Indebtedness;
- (f) make any loan, advance, or capital contribution or make any investment in any Person;
- (g) replace, remove or change the powers of the Sole Manager;
- (h) replace or remove Credit Bid Purchaser under the Contract Operating Agreement; engage or retain any contract operator other than Credit Bid Purchaser pursuant to the Contract Operating Agreement; amend, or waive the application of, any provision of the Contract Operating Agreement;
- (i) divest any of the FWE IV Assets (other than sales of hydrocarbons in the ordinary course of business) or acquire any other assets (other than for a purpose permitted under Section 7.04(a) and in accordance with the terms of the Contract Operating Agreement, and further subject to any approval rights contained therein);
- (j) approving any prospective joint development project or other capital project for which an election to participate has been delivered to the Company pursuant to the Joint Development Agreement or approve any well takeover under the Joint Development Agreement;
- (k) agree to any (i) settlement or order with any Governmental Authority relating to the FWE IV Assets or the operations conducted thereon, (ii) settlement relating to contribution or payment amounts relating to decommissioning obligations with any Person, including any predecessor-in-interest to all or any portion of the leases and lands

covered by the FWE IV Assets or any surety bond provider or other provider or holder of security relating to decommissioning operations, or (iii) any other settlement involving FWE IV Assets or the operation of FWE IV;

(l) amend any provision of a Material Project Contract, or waive any material right of the Company under a Material Project Contract;

(m) [Reserved];

(n) take any act of Bankruptcy, liquidate or otherwise terminate the existence of the Company or any of its Subsidiaries;

(o) enter into a fundamental business transaction within the meaning of such term in the BOC;

(p) establish a Subsidiary or enter into any joint venture or similar business arrangement or enter into a transaction covered by Section 7.03;

(q) enter into, amend, waive, or terminate any contract with an Affiliate of the Company; or

(r) amend, modify, supplement, restate, or waive any provision of the Certificate of Formation, this Agreement or any other organizational documents of the Company or its Subsidiaries (and any such amendment, modification, supplement, or waiver that is attempted without CUSA's prior written consent shall be void *ab initio* and without effect).

If CUSA in good faith believes that (x) Credit Bid Purchaser is in breach the Contract Operating Agreement in a manner that is materially adverse to the Company or is liable to the Company for indemnification pursuant to the terms of the Contract Operating Agreement, and (y) the Company has failed to enforce its rights (including, if applicable, termination right) with respect to such breach or indemnification and such failure is materially adverse to the Company, then CUSA may (i) deliver a written notice to the Company requesting that the Company enforce such rights (any rights to which such request relates must be specifically identified) and (ii) if the Company fails to enforce such rights within thirty days of its receipt of such notice, CUSA may itself enforce the rights of the Company against Credit Bid Purchaser on the Company's behalf.

Section 7.05 No Compensation of the Sole Manager. The Sole Manager shall receive an offer letter and be compensated for the services provided by such individual as the Sole Manager of the Company in the amount set forth in such offer letter. The Company shall reimburse the Sole Manager for all reasonable, ordinary, necessary, and direct third-party expenses incurred by the Sole Manager on behalf of the Company in carrying out the Company's business activities.

Section 7.06 No Personal Liability. Except as otherwise provided in the BOC or by Applicable Law, or expressly provided in this Agreement or any written agreement between the Company and the Sole Manager, (i) the Sole Manager will not be obligated personally for any debt, obligation, or liability of the Company, whether arising in contract, tort, or otherwise,

including a debt, obligation, or liability under a judgment, decree, or order of a court, solely by reason of being or acting as the Sole Manager and (ii) subject to Section 7.04, the Sole Manager shall carry out his or her duties under this Agreement in good faith and a manner in which the Sole Manager believes to be consistent with and in furtherance of the purpose of the Company specified in Section 2.05(a).

ARTICLE VIII TRANSFER

Section 8.01 General Restrictions on Transfer.

(a) No Member shall Transfer all or any portion of its Membership Interest in the Company without the prior written approval of the Sole Manager.

(b) Subject to Section 8.01(a), each Member agrees that it will not Transfer all or any portion of its Membership Interest in the Company, and the Company agrees that it shall not issue any Membership Interests:

(i) except as permitted under the Securities Act and other Applicable Laws, and then, with respect to a Transfer of Membership Interests, only upon delivery to the Company of an opinion of counsel in form and substance satisfactory to the Company to the effect that such Transfer may be effected without registration under the Securities Act;

(ii) if the Company becomes a partnership for U.S. federal income tax purposes, if such Transfer or issuance would cause the Company to be considered a “publicly traded partnership” under Section 7704(b) of the Code within the meaning of Treasury Regulations Section 1.7704-1(h)(1)(ii), including the look-through rule in Treasury Regulations Section 1.7704-1(h)(3);

(iii) if such Transfer or issuance would affect the Company’s existence or qualification as a limited liability company under the BOC;

(iv) if the Company becomes a partnership for U.S. federal income tax purposes, if such Transfer or issuance would cause the Company to lose its status as a partnership for federal income tax purposes;

(v) if such Transfer or issuance would cause the Company to be required to register as an investment company under the Investment Company Act of 1940, as amended;

(vi) if such Transfer or issuance would cause the assets of the Company to be deemed “Plan Assets” as defined under the Employee Retirement Income Security Act of 1974 or its accompanying regulations or result in any “prohibited transaction” thereunder involving the Company; and

(vii) such Transfer would limit, hinder or prohibit the Company from carrying out its purpose under Section 2.05(a).

(c) Any Transfer or attempted Transfer of any Membership Interest in violation of this Agreement shall be null and void *ab initio*, no such Transfer shall be recorded on the Company's books, and the purported Transferee in any such Transfer shall not be treated (and the purported Transferor shall continue to be treated) as the owner of such Membership Interest for all purposes of this Agreement.

(d) No Transfer of any Membership Interest to a Person not already a Member of the Company shall be deemed completed until the prospective Transferee has executed a joinder agreement in form and substance acceptable to the Company.

(e) For the avoidance of doubt, any completed Transfer of a Membership Interest permitted by this Agreement shall be deemed a sale, transfer, conveyance, assignment, or other disposal of such Membership Interest in its entirety as intended by the parties to such Transfer, and shall not be deemed a sale, transfer, conveyance, assignment, or other disposal of any less than all of the rights and benefits described in the definition of the term "Membership Interest."

ARTICLE IX EXCULPATION AND INDEMNIFICATION

Section 9.01 Exculpation of Covered Persons.

(a) **Covered Persons.** As used herein, the term "**Covered Person**" shall mean (i) each current or former Member; (ii) each current or former manager, officer, director, shareholder, partner, member, Affiliate, employee, agent, or Representative of each Member, and each of their Affiliates; and (iii) each manager (including the Sole Manager), officer (if any), employee (if any), agent, or Representative of the Company.

(b) **Standard of Care.** No Covered Person shall be liable to the Company or any other Covered Person for any loss, damage, or claim incurred by reason of any action taken or omitted to be taken by such Covered Person in good faith reliance on the provisions of this Agreement, so long as such action or omission does not constitute fraud or willful misconduct by such Covered Person.

(c) **Good Faith Reliance.** A Covered Person shall be fully protected in relying in good faith upon the records of the Company and upon such information, opinions, reports, or statements (including financial statements and information, opinions, reports, or statements as to the value or amount of the assets, liabilities, Net Income, or Net Losses of the Company or any facts pertinent to the existence and amount of assets from which distributions might properly be paid) of the following Persons or groups: (i) another Member; (ii) one or more managers, officers or employees of the Company; (iii) any attorney, independent accountant, appraiser, or other expert or professional employed or engaged by or on behalf of the Company; or (iv) any other Person selected in good faith by or on behalf of the Company, in each case as to matters that such relying Person

reasonably believes to be within such other Person's professional or expert competence. The preceding sentence shall in no way limit any Person's right to rely on information to the extent provided in § 3.102 or § 3.105 of the BOC.

Section 9.02 Liabilities and Duties of Covered Persons.

(a) **Limitation of Liability.** This Agreement, unless otherwise specifically stated herein, is not intended to, and does not, create or impose any fiduciary duty on any Covered Person. Furthermore, each of the Members and the Company hereby waives any and all fiduciary duties that, absent such waiver, may be implied by Applicable Law, and in doing so, acknowledges and agrees that the duties and obligations of each Covered Person to each other and to the Company are only as expressly set forth in this Agreement. The provisions of this Agreement, to the extent that they restrict the duties and liabilities of a Covered Person otherwise existing at law or in equity, are agreed by the Members to replace such other duties and liabilities of such Covered Person.

(b) **Duties.** Subject to Section 7.06, whenever in this Agreement a Covered Person is permitted or required to make a decision (including a decision that is in such Covered Person's "discretion" or under a grant of similar authority or latitude), the Covered Person shall be entitled to consider only such interests and factors as such Covered Person desires and shall have no duty or obligation to give any consideration to any interest of or factors affecting the Company or any other Person. Whenever in this Agreement a Covered Person is permitted or required to make a decision in such Covered Person's "good faith," the Covered Person shall act under such express standard and shall not be subject to any other or different standard imposed by this Agreement or any other Applicable Law.

Section 9.03 Indemnification.

(a) **Indemnification.** To the fullest extent permitted by the BOC, as the same now exists or may hereafter be amended, substituted or replaced (but, in the case of any such amendment, substitution, or replacement, only to the extent that such amendment, substitution, or replacement permits the Company to provide broader indemnification rights than the BOC permitted the Company to provide prior to such amendment, substitution, or replacement), the Company shall indemnify, hold harmless, defend, pay, and reimburse any Covered Person against any and all losses, claims, damages, judgments, fines, or liabilities, including reasonable legal fees or other expenses incurred in investigating or defending against such losses, claims, damages, judgments, fines, or liabilities, and any amounts expended in settlement of any claims (collectively, "**Losses**") to which such Covered Person may become subject by reason of:

- (i) any act or omission or alleged act or omission performed or omitted to be performed on behalf of the Company, any Member, or any direct or indirect Subsidiary of the foregoing in connection with the business of the Company; or
- (ii) such Covered Person being or acting in connection with the business of the Company as a member, shareholder, Affiliate, manager, director, officer, employee, or agent of the Company, any Member, or any of their respective

Affiliates, or that such Covered Person is or was serving at the request of the Company as a member, manager, director, officer, employee, or agent of any Person including the Company;

provided, that (x) such Covered Person acted in good faith and in a manner believed by such Covered Person to be in, or not opposed to, the best interests of the Company and, with respect to any criminal proceeding, had no reasonable cause to believe his conduct was unlawful, and (y) such Covered Person's conduct did not constitute fraud or willful and intentional misconduct, in either case as determined by a final, nonappealable order of a court of competent jurisdiction. In connection with the foregoing, the termination of any action, suit, or proceeding by judgment, order, settlement, conviction, or upon a plea of nolo contendere or its equivalent, shall not, of itself, create a presumption that the Covered Person did not act in good faith or, with respect to any criminal proceeding, had reasonable cause to believe that such Covered Person's conduct was unlawful, or that the Covered Person's conduct constituted fraud or willful misconduct.

(b) **Control of Defense.** Upon a Covered Person's discovery of any claim, lawsuit, or other proceeding relating to any Losses for which such Covered Person may be indemnified pursuant to this Section 9.03, the Covered Person shall give prompt written notice to the Company of such claim, lawsuit, or proceeding; provided, that the failure of the Covered Person to provide such notice shall not relieve the Company of any indemnification obligation under this Section 9.03, unless the Company shall have been materially prejudiced thereby. The Company shall be entitled to participate in or assume the defense of any such claim, lawsuit, or proceeding at its own expense. After notice from the Company to the Covered Person of its election to assume the defense of any such claim, lawsuit, or proceeding, the Company shall not be liable to the Covered Person under this Agreement or otherwise for any legal or other expenses subsequently incurred by the Covered Person in connection with investigating, preparing to defend, or defending any such claim, lawsuit, or other proceeding. If the Company does not elect (or fails to elect) to assume the defense of any such claim, lawsuit, or proceeding, the Covered Person shall have the right to assume the defense of such claim, lawsuit, or proceeding as it deems appropriate, but it shall not settle any such claim, lawsuit, or proceeding without the consent of the Company (which consent shall not be unreasonably withheld, conditioned, or delayed).

(c) **Reimbursement.** The Company shall promptly reimburse (and/or advance to the extent reasonably required) each Covered Person for reasonable legal or other expenses (as incurred) of such Covered Person in connection with investigating, preparing to defend, or defending any claim, lawsuit, or other proceeding relating to any Losses for which such Covered Person may be indemnified pursuant to this Section 9.03; provided, that if it is finally judicially determined that such Covered Person is not entitled to the indemnification provided by this Section 9.03, then such Covered Person shall promptly reimburse the Company for any reimbursed or advanced expenses.

(d) **Entitlement to Indemnity.** The indemnification provided by this Section 9.03 shall not be deemed exclusive of any other rights to indemnification to which those

seeking indemnification may be entitled under the BOC, any agreement or otherwise. The provisions of this Section 9.03 shall continue to afford protection to each Covered Person regardless of whether such Covered Person remains in the position or capacity pursuant to which such Covered Person became entitled to indemnification under this Section 9.03 and shall inure to the benefit of the executors, administrators, legatees, and distributees of such Covered Person.

(e) **Insurance.** To the extent available on commercially reasonable terms, the Company may purchase, at its expense, insurance to cover Losses covered by the foregoing indemnification provisions and to otherwise cover Losses for any breach or alleged breach by any Covered Person of such Covered Person's duties in such amount and with such deductibles as the Sole Manager may reasonably determine; provided, that the failure to obtain such insurance shall not affect the right to indemnification of any Covered Person under the indemnification provisions contained herein, including the right to be reimbursed or advanced expenses or otherwise indemnified for Losses hereunder. If any Covered Person recovers any amounts in respect of any Losses from any insurance coverage, then such Covered Person shall, to the extent that such recovery is duplicative, reimburse the Company for any amounts previously paid to such Covered Person by the Company in respect of such Losses.

(f) **Funding of Indemnification Obligation.** Notwithstanding anything contained herein to the contrary, any indemnity by the Company relating to the matters covered in this Section 9.03 shall be provided out of and to the extent of Company assets only, and no Member (unless such Member otherwise agrees in writing) shall have personal liability on account thereof or shall be required to make additional Capital Contributions to help satisfy such indemnity by the Company.

(g) **Savings Clause.** If this Section 9.03 or any portion hereof shall be invalidated on any ground by any court of competent jurisdiction, then the Company shall nevertheless indemnify and hold harmless each Covered Person pursuant to this Section 9.03 to the fullest extent permitted by any applicable portion of this Section 9.03 that shall not have been invalidated and to the fullest extent permitted by Applicable Law.

(h) **Amendment.** The provisions of this Section 9.03 shall be a contract between the Company, on the one hand, and each Covered Person who served in such capacity at any time while this Section 9.03 is in effect, on the other hand, pursuant to which the Company and each such Covered Person intend to be legally bound. No amendment, modification, or repeal of this Section 9.03 that adversely affects the rights of a Covered Person to indemnification for Losses incurred or relating to a state of facts existing prior to such amendment, modification or repeal shall apply in such a way as to eliminate or reduce such Covered Person's entitlement to indemnification for such Losses without the Covered Person's prior written consent.

Section 9.04 Survival. The provisions of this ARTICLE IX shall survive the dissolution, liquidation, winding up, termination of the Company and the withdrawal of any Member or the Transfer of any Member's interest in the Company.

ARTICLE X ACCOUNTING; TAX MATTERS

Section 10.01 Financial Statements and Other Information. The Company shall prepare and furnish to each Member and CUSA the following reports:

(e) **Material Government Communication.** Promptly following receipt thereof by FWE IV, copies of all material written notices or other material communications issued or provided by or to any Governmental Authority.

(f) **Additional Information.** Promptly following any reasonable request therefor, such other information regarding the operations, business affairs and financial condition of the Company, as any Member or CUSA may reasonably request, including, without limitation, decommissioning cost estimates and calculations.

Section 10.02 Inspection Rights. Upon reasonable notice from a Member or CUSA, the Company shall afford each Member or CUSA and their respective Representatives access during normal business hours to (a) the Company's properties, offices, plants, and other facilities; (b) the corporate, financial, and similar records, reports, and documents of the Company, including, without limitation, all books and records, minutes of proceedings, internal management documents, reports of operations, reports of adverse developments, copies of any management

letters and communications with Members or the Sole Manager, and to permit each Member or CUSA and their respective Representatives to examine such documents and make copies thereof; and (c) the Sole Manager, any officers, senior employees, and public accountants of the Company, and to afford each Member or CUSA and their respective Representatives the opportunity to discuss the affairs, finances, and accounts of the Company with such Sole Manager, officers, senior employees, and public accountants (and the Company hereby authorizes said accountants to discuss with such Member or CUSA and their respective Representatives such affairs, finances, and accounts).

Section 10.03 Income Tax Status. The Company and the Initial Member intend that the Company shall be treated as a disregarded entity for U.S., federal, state, and local income tax purposes. Neither the Company nor any Member shall make an election for the Company to be classified as other than a partnership or a disregarded entity pursuant to Treasury Regulations Section 301.7701-3.

Section 10.04 Tax Matters Representative. The following Sections 10.04(a)-(f) are intended to apply if the Company becomes a partnership for U.S. federal income tax purposes:

(a) **Appointment.** The Members hereby appoint the Sole Manager as “partnership representative” as provided in Code Section 6223(a) (the “**Tax Matters Representative**”). If any state or local tax law provides for a tax matters partner/partnership representative or Person having similar rights, powers, authority or obligations, the Person designated as the Tax Matters Representative shall also serve in such capacity. To the extent required by Applicable Law, if the Tax Matters Representative is an entity, it shall appoint a “designated individual” to act on its behalf. The Tax Matters Representative can be removed at any time by a vote of Members holding a majority of the Membership Interests, and shall resign if it is no longer a Member. In the event of the resignation or removal of the Tax Matters Representative, Members holding a majority of the Membership Interests shall select a replacement Tax Matters Representative.

(b) **Tax Examinations and Audits.** The Tax Matters Representative is authorized and required to represent the Company (at the Company’s expense) in connection with all examinations of the Company’s affairs by Taxing Authorities, including resulting administrative and judicial proceedings, and to expend Company funds for professional services and costs associated therewith. The Tax Matters Representative shall promptly notify the Members in writing of the commencement of any tax audit of the Company, upon receipt of a tax assessment and upon receipt of a notice of final partnership adjustment, and shall keep the Members reasonably informed of the status of any tax audit and resulting administrative and judicial proceedings. Without the consent of Members holding a majority of the Membership Interests, the Tax Matters Representative shall not extend the statute of limitations, file a request for administrative adjustment, file suit relating to any Company tax refund or deficiency or enter into any settlement agreement relating to items of income, gain, loss or deduction of the Company with any Taxing Authority.

(c) **US Federal Tax Proceedings.** The Members acknowledge that the Company may elect the application of Section 6226 of the Code. This acknowledgement applies to each Member whether or not the Member owns an interest in the Company in both the reviewed year and the year of the tax adjustment. In the event that the Company elects the application of Section 6226 of the Code, the Members agree and covenant to take into account and report to the Internal Revenue Service (or any other applicable taxing authority) any adjustment to their tax items for the reviewed year of which they are notified by the Company in a written statement, in the manner provided in Section 6226(b) of the Code, whether or not the Member owns any interest in the Company at such time. Any Member that fails to report its share of such adjustments on its tax return, agrees to indemnify and hold harmless the Company and the Tax Matters Representative from and against any and all losses, costs, liabilities and expenses related to taxes (including penalties and interest) imposed on the Company as a result of the Member's inaction. If the Company is required to pay the assessment of the imputed underpayment under Section 6225(a)(1) of the Code or similar provisions of state law, any taxes, penalties, and interest payable by the Company shall be treated as attributable to the Members, and, to the extent possible, the Tax Matters Representative shall allocate the burden of any such amounts to those Members to whom such amounts are reasonably attributable taking into account the Member's or former Member's allocable share of taxable income or loss with respect to the Fiscal Year to which such assessment pertains and adjustments that may have been made in computing the imputed underpayment. To the extent that any such amount is payable by the Company, at the option of the Tax Matters Representative, such amount shall be recoverable from such Member as provided in Section 6.03(c). The provisions contained in this Section 10.04 shall survive the dissolution, termination or liquidation of the Company, the withdrawal of any Member or the Transfer of any Member's interest in the Company and apply to unadmitted assignees of a Member's interest who may be considered current or former partners of the Company for federal tax purposes.

(d) **Tax Returns.** Each Member agrees that such Member shall not treat any Company item inconsistently on such Member's federal, state, foreign or other income tax return with the treatment of the item on the Company's return.

(e) **Section 754 Election.** The Tax Matters Representative will make an election under Code Section 754, if the Company becomes a partnership for U.S. federal income tax purposes.

(f) **Indemnification.** The Company shall defend, indemnify, and hold harmless the Tax Matters Representative against any and all liabilities sustained as a result of any act or decision concerning Company tax matters and within the scope of responsibilities as Tax Matters Representative, so long as such act or decision was done or made in good faith and does not constitute gross negligence or willful misconduct.

Section 10.05 Tax Returns. At the expense of the Company, the Sole Manager (or any officer of the Company that it may designate pursuant to this Agreement) shall endeavor to cause the preparation and timely filing (including extensions) of all tax returns, if any, required to be filed by the Company pursuant to the Code as well as all other required tax returns in each

jurisdiction in which the Company owns property or does business. If the Company becomes a partnership for U.S. federal income tax purposes, as soon as reasonably possible after the end of each Fiscal Year, the Sole Manager or any designated officer of the Company, as applicable, will cause to be delivered to each Person who was a Member at any time during such Fiscal Year, IRS Schedule K-1 to Form 1065, if applicable, and such other information with respect to the Company as may be necessary for the preparation of such Person's federal, state, and local income tax returns for such Fiscal Year.

Section 10.06 Company Funds. All funds of the Company shall be deposited in its name, or in such name as may be designated by the Sole Manager, in such checking, savings, or other accounts, or held in its name in the form of such other investments as shall be designated by the Sole Manager. The funds of the Company shall not be commingled with the funds of any other Person. All withdrawals of such deposits or liquidations of such investments by the Company shall be made exclusively upon the signature or signatures of the Sole Manager, or any officer or officers of the Company that may be designated by the Sole Manager, as applicable, pursuant to this Agreement.

ARTICLE XI WINDING UP AND TERMINATION

Section 11.01 Events Requiring Winding Up. The Company shall begin to wind up its business and affairs only upon the occurrence of any of the following events (in each case, subject to the applicable provisions of Section 7.04):

- (a) upon the permanent cessation of all production from, and Final Completion of all plugging and abandonment and decommissioning of, the FWE IV Assets;
- (b) the occurrence of a nonwaivable event under the terms of the BOC which requires the winding up of the Company after its termination unless a Continuance occurs in respect of such event; or
- (c) the entry of a judicial decree ordering winding up and termination under § 11.314 of the BOC in proceedings of which CUSA has been given notice and an opportunity to participate.
- (d) Notwithstanding the occurrence of an event referenced in Section 11.01(b), if the Company is permitted prior to the termination of its existence in accordance with the BOC to revoke a winding up upon the occurrence of such event and the Sole Manager provides its prior written consent to such revocation, then, to the extent so permitted under the BOC and in the manner provided therein, the Company's existence shall be continued (the revocation of such a winding up and continuance of the Company, a "**Continuance**").

Section 11.02 Effectiveness of Termination. The Company shall begin to wind up its business and affairs as soon as reasonably practicable upon the occurrence of an event described in Section 11.01 (if such event has not been revoked or cancelled), but the Company shall not terminate until the winding up of the Company has been completed, the assets of the Company

have been distributed as provided in Section 11.03, and the Certificate of Termination shall have been filed as provided in Section 11.04.

Section 11.03 Liquidation. If the Company is to be terminated pursuant to Section 11.01, the Company shall be liquidated and its business and affairs wound up in accordance with the BOC and the following provisions:

(a) **Liquidator.** The Sole Manager shall act as liquidator to wind up the Company (the “**Liquidator**”); provided, however, that if there is then a vacancy in the position of the Sole Manager or the Sole Manager is not willing to act as the Liquidator, the Members shall appoint a Person to act as the Liquidator with the consent of CUSA. The Liquidator shall have full power and authority to sell, assign, and encumber any or all of the Company’s assets and to wind up and liquidate the affairs of the Company in an orderly and business-like manner.

(b) **Accounting.** As promptly as possible after the event requiring winding up and again after final liquidation, the Liquidator shall cause a proper accounting to be made by a recognized firm of certified public accountants of the Company’s assets, liabilities, and operations through the last day of the calendar month in which such event occurs or the final liquidation is completed, as applicable.

(c) **Notice.** The Liquidator shall deliver to each known claimant of the Company the notice required by § 11.052 of the BOC.

(d) **Distribution of Proceeds.** The Liquidator shall liquidate the assets of the Company and distribute the proceeds of such liquidation in the following order of priority, unless otherwise required by mandatory provisions of Applicable Law:

(i) First, to the payment of all of the Company’s debts and liabilities to its creditors (including Members, if applicable), including amounts owed, if any, pursuant to the Material Project Contracts to CUSA and/or Credit Bid Purchaser, and the expenses of liquidation (including sales commissions incident to any sales of assets of the Company);

(ii) Second, to the establishment of and additions to other reserves that are determined by the Liquidator to be reasonably necessary for any contingent unforeseen liabilities or obligations of the Company; and

(iii) Third, to the Members in accordance with the positive balances in their respective Capital Accounts, as determined after taking into account all Capital Account adjustments for the taxable year of the Company during which the liquidation of the Company occurs.

(e) **Discretion of Liquidator.** Notwithstanding the provisions of Section 11.03(d) that require the liquidation of the assets of the Company, but subject to the order of priorities set forth in Section 11.03(d), if upon winding up of the Company the Liquidator reasonably determines that an immediate sale of part or all of the Company’s

assets would be impractical or could cause undue loss to the Members, the Liquidator may defer the liquidation of any assets except those necessary to satisfy Company liabilities and reserves, and may, upon approval of holders of a majority of the outstanding Membership Interests, distribute to the Members, in lieu of cash, as tenants in common and in accordance with the provisions of Section 11.03(d), undivided interests in such Company assets as the Liquidator deems not suitable for liquidation. Any such distribution in kind shall be subject to such conditions relating to the disposition and management of such properties as the Liquidator deems reasonable and equitable and to any agreements governing the operating of such properties at such time. For purposes of any such distribution, any property to be distributed will be valued at its Fair Market Value.

Section 11.04 Certificate of Termination. Upon completion of the distribution of the assets of the Company as provided in Section 11.03(d) hereof, the Liquidator or other such officer or Sole Manager shall execute and cause to be filed a Certificate of Termination in the State of Texas and shall cause the cancellation of all qualifications and registrations of the Company as a foreign limited liability company in jurisdictions other than the State of Texas and shall take such other actions as may be necessary to terminate the Company. Upon acceptance of the Certificate of Termination by the Texas Secretary of State, the Company shall be terminated.

Section 11.05 Survival of Rights, Duties, and Obligations. Dissolution, liquidation, winding up, or termination of the Company for any reason shall not release any party from any Loss that at the time of such dissolution, liquidation, winding up, or termination already had accrued to any other party or thereafter may accrue in respect of any act or omission prior to such dissolution, liquidation, winding up, or termination. For the avoidance of doubt, none of the foregoing shall replace, diminish, or otherwise adversely affect any Member's right to indemnification pursuant to Section 9.03.

Section 11.06 Recourse for Claims. Each Member shall look solely to the assets of the Company for all distributions with respect to the Company, such Member's Capital Account, and such Member's share of Net Income, Net Loss, and other items of income, gain, loss, and deduction, and shall have no recourse therefor (upon termination or otherwise) against the Liquidator or any other Member.

ARTICLE XII MISCELLANEOUS

Section 12.01 Expenses. The Initial Member will pay, or cause to be paid, or contribute to the Company amounts necessary for the Company to pay, all amounts necessary to fully cover (a) costs associated with the formation of the Company in connection with the Divisive Merger Documents and (b) any premiums to satisfy organizational or area wide bonding requirements.

In connection with this Agreement and the transactions contemplated hereby, the Company and the Member hereby agree, at the request of the Company or any other Member, to execute and deliver such additional documents, instruments, conveyances, and assurances and to take such further actions as may be required to carry out the provisions hereof and give effect to the transactions contemplated hereby.

Section 12.03 Confidentiality.

(a) Each Member acknowledges that it will have access to and become acquainted with trade secrets, proprietary information, and confidential information belonging to the Company and its Affiliates that are not generally known to the public, including, but not limited to, information concerning business plans, financial statements, and other information, operating practices and methods, expansion plans, strategic plans, marketing plans, contracts, customer lists, or other business documents that the Company treats as confidential, in any format whatsoever (including oral, written, electronic, or any other form or medium) (collectively, “**Confidential Information**”). In addition, each Member acknowledges that: (i) the Company has invested, and continues to invest, substantial time, expense, and specialized knowledge in developing its Confidential Information; (ii) the Confidential Information provides the Company with a competitive advantage over others in the marketplace; and (iii) the Company would be irreparably harmed if the Confidential Information were disclosed to competitors or made available to the public. Without limiting the applicability of any other agreement to which any Member is subject, no Member shall, directly or indirectly, disclose or use (other than solely for the purposes of such Member monitoring and analyzing its investment in the Company) at any time, including, without limitation, use for personal, commercial, or proprietary advantage or profit, either during its association with the Company or thereafter, any Confidential Information of which such Member is or becomes aware. Each Member in possession of Confidential Information shall take all appropriate steps to safeguard such information and to protect it against disclosure, misuse, espionage, loss, and theft.

(b) Nothing contained in Section 12.03(a) shall prevent any Member from disclosing Confidential Information: (i) upon the order of any court or administrative agency; (ii) upon the request or demand of any regulatory agency or authority having jurisdiction over such Member; (iii) to the extent compelled by legal process or required or requested pursuant to subpoena, interrogatories, or other discovery requests; (iv) to the extent necessary in connection with the exercise of any remedy hereunder; (v) to the other Members; or (vi) to such Member’s Representatives who, in the reasonable judgment of such Member, need to know such Confidential Information and agree to be bound by the provisions of this Section 12.03 as if a Member; or (vii) to any potential Transferee in connection with a proposed Transfer of Membership Interests from such Member, as long as such potential Transferee agrees in writing to be bound by the provisions of this Section 12.03 as if a Member before receiving such Confidential Information; provided, that in the case of clause (i), (ii), or (iii), such Member shall notify the Company and other Members of the proposed disclosure as far in advance of such disclosure as practicable (but in no event make any such disclosure before notifying the Company and other Members) and use reasonable efforts to ensure that any Confidential Information so disclosed is accorded confidential treatment satisfactory to the Company, when and if available.

(c) The restrictions of Section 12.03(a) shall not apply to Confidential Information that: (i) is or becomes generally available to the public other than as a result of a disclosure by a Member in violation of this Agreement; (ii) is or has been independently developed or conceived by such Member without use of Confidential

Information; or (iii) becomes available to such Member or any of its Representatives on a non-confidential basis from a source other than the Company, the other Members, or any of their respective Representatives, provided, that such source is not known by the receiving Member to be bound by a confidentiality agreement regarding the Company.

(d) The obligations of each Member under this Section 12.03 shall survive for so long as such Member remains a Member, and for three years following the earlier of (i) termination, dissolution, liquidation, and winding up of the Company; (ii) the withdrawal of such Member from the Company; or (iii) such Member's Transfer of its Membership Interests; provided that with respect to Confidential Information that constitutes a trade secret under Applicable Law, the obligations of each Member under this Section 12.03 shall survive until, if ever, such Confidential Information loses its trade secret protection other than due, directly or indirectly, to an act or omission of the Member.

Section 12.07 Entire Agreement. This Agreement, together with the Certificate of Merger, Plan of Merger, Certificate of Formation, the Material Project Contracts and all related Exhibits and Schedules, constitute the sole and entire agreement of the parties to this Agreement with respect to the subject matter contained herein and therein, and supersede all prior and contemporaneous understandings, agreements, representations, and warranties, both written and oral, with respect to such subject matter.

Section 12.10 Amendment. Subject to Sections 2.02, no provision of this Agreement may be amended or modified except by an instrument in writing executed by the Company and the Members holding a majority of the Membership Interests; provided, however that any amendment or modification which impacts the rights of CUSA hereunder, including changes to Section 2.05 (Purpose) shall be subject to the prior written consent of CUSA, which may be given, delayed or withheld in its sole discretion. Any such written amendment or modification will be binding upon the Company, CUSA and each Member. Notwithstanding the foregoing, amendments to the Members Schedule following any new issuance, redemption, repurchase, or Transfer of Membership Interests in accordance with this Agreement may be made by the Sole Manager without the consent of or execution by the Members.

Section 12.11 Waiver. No waiver by any party or CUSA of any of the provisions hereof shall be effective unless explicitly set forth in writing and signed by the party so waiving or CUSA, respectively. No waiver by any party or CUSA shall operate or be construed as a waiver in respect of any failure, breach, or default not expressly identified by such written waiver, whether of a similar or different character, and whether occurring before or after that waiver. No failure to exercise, or delay in exercising, any right, remedy, power, or privilege arising from this Agreement shall operate or be construed as a waiver thereof, nor shall any single or partial exercise of any right, remedy, power, or privilege hereunder preclude any other or further exercise thereof or the exercise of any other right, remedy, power, or privilege. For the avoidance of doubt, nothing contained in this Section 12.11 shall diminish any of the explicit and implicit waivers described in this Agreement.

Section 12.12 Governing Law. All issues and questions concerning the application, construction, validity, interpretation, and enforcement of this Agreement shall be governed by and construed in accordance with the internal laws of the State of Texas, without giving effect to any choice or conflict of law provision or rule (whether of the State of Texas or any other jurisdiction) that would cause the application of laws of any jurisdiction other than those of the State of Texas.

Section 12.17 Remedies Cumulative. The rights and remedies under this Agreement are cumulative and are in addition to and not in substitution for any other rights and remedies available at law or in equity or otherwise, except to the extent expressly provided in Section 9.02 to the contrary.

Section 12.18 Counterparts. This Agreement may be executed in counterparts, each of which shall be deemed an original, but all of which together shall be deemed to be one and the same agreement. (b) **Initial Safe Out Costs.** From the Decommissioning Escrow Account to Operator upon Operator's delivery of an Invoice containing Safe Out Costs in accordance with Section 3.4.

(c) **Escrow Agreement.** From the Decommissioning Escrow Account to the applicable Person(s) in accordance with instructions given jointly by CUSA and Operator pursuant to Sections 5 or 6.1(A) of the Escrow Agreement, for the amount specified in such instructions.

(d) **Termination.** On the termination of this Agreement, in the following order, (i) first, from the Decommissioning Escrow Account to Operator in an amount equal to all amounts then due and payable to Operator pursuant to this Agreement, (ii) second, from the Decommissioning Escrow Account to the applicable non-Affiliates, such amounts as are subject to any contractual obligations of CUSA or Company with respect to any non-Affiliate that would require returning such funds to such non-Affiliate, (iii) third, from the Decommissioning Escrow Account to CUSA (after taking into account the releases specified by the preceding clauses (i) and (ii)) (A) any amounts constituting CUSA Turnkey Payments and, as applicable to the extent permitted by applicable agreements with third parties, Other WI Turnkey Payments, Contributed Predecessor Funds or Recovered Bond Proceeds then held in the Decommissioning Escrow Account, and (B) any additional amounts sufficient to reimburse CUSA for all other Decommissioning Costs paid by CUSA and/or payments made by CUSA pursuant to Section 4.2 (for the avoidance of doubt, clause (iii) is limited to recovery to the extent available in the Escrow Account and no Party will have any obligation to reimburse CUSA for such amounts), and (iv) fourth, from the Decommissioning Escrow Account to Company any remaining funds on deposit in the Decommissioning Escrow Account (after taking into account the releases specified by the preceding clauses (i), (ii) and (iii)).

Section 2.4 Timing of Escrow Notices. Subject to Section 2.3, the following shall apply with respect to the timing of written instructions made to the Escrow Agent (as contemplated under paragraph (i) of the first paragraph of Section 2.3):

(a) With respect to transfers made under Section 2.3(a)(i), CUSA shall send the written instruction to the Escrow Agent promptly, and in any event within five (5) Business Days following Operator's delivery of the written Notices of Payment Milestone or Final Completion in accordance with Section 3.2(b), Section 3.2(c) or Section 3.2(d)(3), respectively;

(b) With respect to transfers made under Section 2.3(b), CUSA shall send the written instruction to the Escrow Agent promptly, and in any event within five (5) Business Days following Operator's delivery of written Notice of completion of the Initial Safe Out Work in accordance with Section 3.4; and

(c) If CUSA intends to cause a release of Escrowed Project Funds that relate to a Decommissioning Project for which CUSA has delivered the Notice specified by Section 3.2(a)(i)

to Operator under Section 3.3(c)(i) following a termination of the Turnkey Removal Agreement in its entirety by CUSA due to an alleged breach of the Turnkey Removal Agreement, then CUSA shall deliver written Notice of its intent to cause such release to Operator at least five (5) Business Days prior to delivering a written instruction to the Escrow Agent with respect to such release.

ARTICLE III. TURNKEY REMOVAL AGREEMENT

Section 3.1 Decommissioning Cost Funding Obligation.

(a) With respect to each Decommissioning Project conducted under the Turnkey Removal Agreement, subject to the other provisions of this Section 3.1 and subject to Section 5.7, CUSA shall fund the CUSA Turnkey Payment attributable to such Decommissioning Project by wire transfer of immediately available funds made into the Decommissioning Escrow Account by no later than the Target Funding Date for such Decommissioning Project; provided that, in the event that there are one or more Other WI Parties other than CUSA (or its Affiliates) with respect to a particular Asset subject to a Decommissioning Project and such Other WI Parties have not provided Committed WI Payments in support of such Decommissioning Project in an amount that is, in total, equivalent to the Other WI Turnkey Payment with respect to the applicable Decommissioning Project (and CUSA has not agree to contribute such amount as a CUSA Covered Payment), then CUSA shall not be required to fund or otherwise pay any amount in excess of the CUSA Turnkey Payment. If a Decommissioning Project does not become Fully Committed within 90 days of the Target Funding Date, then CUSA shall be entitled to transfer any CUSA Turnkey Payment associated with such Decommissioning Project that CUSA has made into the Decommissioning Escrow Account for such Decommissioning Project to CUSA from the Decommissioning Escrow Account.

(b) No Orphan Asset shall be part of any Decommissioning Project. Each Orphan Asset shall be Decommissioned to Final Completion on or before the applicable scheduled completion date for such Orphan Asset set out on Exhibit A attached hereto. If an Orphan Asset is not listed on Exhibit A but is designated by the Parties as an Orphan Asset under Section 3.5, then Operator will Decommission the applicable Orphan Asset to Final Completion; provided further that Operator shall use commercially reasonable efforts to achieve Final Completion with respect to any such Orphan Asset within one hundred eighty (180) days following such designation. Notwithstanding any other provision contained herein or in any other Material Project Contract, it shall be Operator's sole responsibility to Decommission each Orphan Asset, at Operator's sole cost, and Company and CUSA shall not bear any costs associated therewith.

(c) If there is an Other WI Turnkey Payment amount associated with an applicable Decommissioning Project, then, the Company shall use commercially reasonable efforts to obtain Committed WI Payments from each applicable Other WI Party with respect to such Person's allocable share of such Other WI Turnkey Payment, by no later than the Target Funding Date for such Decommissioning Project and all Committed WI Payments shall be transferred directly into the Decommissioning Escrow Account when and as received (except as contemplated by the final proviso to Section 3.2(c)). Operator, in its capacity as "Operator" under the Contract Operating Agreement shall use commercially reasonable efforts to support such efforts to obtain Committed WI Payments from each Other WI Party for each Decommissioning Project. In the event that

Company or Operator (as stated above) has not deposited or otherwise obtained, as applicable, Committed WI Payments for a particular Decommissioning Project equivalent to the total Other WI Payment amount associated with such Decommissioning Project then, at any time prior to the applicable Target Start Date for such Decommissioning Project, CUSA, at its sole discretion, may elect to cover all or any portion of the applicable shortfall amount by providing written Notice to each other Party hereunder (any such amount, a “CUSA Covered Payment”). Such CUSA Covered Payment will be transferred to the Decommissioning Escrow Account pursuant to clause (a) above.

(d) To the extent Company (or any other Party) receives any Contributed Predecessor Funds or Recovered Bond Proceeds relating to a particular Decommissioning Project, such funds shall be transferred to the Decommissioning Escrow Account as funds designated in support of such Decommissioning Project.

(e) In the event that there are any Available Funds in the Decommissioning Escrow Account on the Target Funding Date for a particular Decommissioning Project, CUSA may designate such funds to be allocated to the such Decommissioning Project by providing written Notice to the Parties (any such funds so designated, “Allocated Available Funds”); *provided*, that CUSA will not be permitted to designate Available Funds as Allocated Available Funds pursuant to this Section 3.1(e) at any time that CUSA (or any of its Affiliates) is in breach of any of its (or their) obligations under a Material Project Contract.

(f) In the event that the Turnkey Amount for an applicable Decommissioning Project increases in accordance with the Turnkey Removal Agreement following the Target Funding Date for such Decommissioning Project, (i) Operator shall provide written Notice to CUSA of such increase, and (ii) CUSA shall deposit funds into the Decommissioning Escrow Account to cover any shortfall between the CUSA Turnkey Payment for such Decommissioning Project as calculated prior to such increase and the CUSA Turnkey Payment as calculated following such increase within thirty (30) days following receipt of such Notice, provided that if there are any Available Funds in the Decommissioning Escrow Account at such time, CUSA shall have the option to allocate such Available Funds for such particular Decommissioning Project to cover such shortfall (which such funds shall thereafter be deemed Allocated Available Funds).

(g) With respect to each Decommissioning Project, (i) any CUSA Turnkey Payment, Contributed Predecessor Funds, Recovered Bond Proceeds, or Committed WI Payment that are paid into the Decommissioning Escrow Account for such Decommissioning Project, (ii) any Allocated Available Funds contained in the Decommissioning Escrow Account that are designated by CUSA in accordance with Section 3.1(e) for such Decommissioning Project, and (iii) for the avoidance of doubt, any amounts associated with a CUSA At-Cost Payment (including At-Cost Allocated Funds or CUSA At-Cost Shortfall Payments) or an Other At-Cost Payment made under Section 3.2(d) shall remain in the Decommissioning Escrow Account and not be used for any other purposes or otherwise distributed to any Person, except in accordance with Section 3.1(a), Section 3.2 or Section 3.3.

Section 3.2 Payment under Turnkey Removal Agreement.

(a) In the event that the total amount of Escrowed Project Funds for a particular Decommissioning Project equals or exceeds the Turnkey Amount (such project is “Fully Committed”), (i) CUSA shall provide written Notice to Operator, and (ii) Operator, in its capacity as “Contractor” under the Turnkey Removal Agreement, shall initiate work on the applicable Decommissioning Project.

(b) In the event that a particular Decommissioning Project qualifies for Payment Milestones under the Turnkey Removal Agreement, Operator shall provide written Notice to CUSA certifying that such Payment Milestone has been met and that payment associated with a Payment Milestone is due and, pursuant to Section 2.3(a), CUSA shall transfer to Operator Escrowed Project Funds for such Decommissioning Project, in an amount equal to the amount due and payable to Operator, in its capacity as “Contractor” under the Turnkey Removal Agreement for the applicable Payment Milestone, for the benefit of Company, in its capacity as “FWE IV” under the Turnkey Removal Agreement.

(c) Upon Final Completion of an applicable Decommissioning Project, Operator shall provide written Notice to CUSA certifying that Final Completion has occurred and, pursuant to Section 2.3(a), CUSA shall transfer to Operator the Escrowed Project Funds for such Decommissioning Project, in an amount equal to the Turnkey Amount (as adjusted from time to time in accordance with the Turnkey Removal Agreement) for such Decommissioning Project (less any Payment Milestone payments actually made in connection with such Decommissioning Project or any Committed WI Payment not yet received by Company), payable to Operator, in its capacity as “Contractor” under the Turnkey Removal Agreement, for the benefit of Company in its capacity as “FWE IV” under the Turnkey Removal Agreement. Such payment shall be deemed to satisfy all payment obligations of Company and CUSA, respectively, under the Turnkey Removal Agreement for the applicable Decommissioning Project; provided that in the event that any Committed WI Payment has not been paid in full by an applicable Other WI Party at the time of such payment and any amounts attributable to such Committed WI Payment are received by Company following such date, Company shall transfer such amounts to Operator (and, if such amounts are received into the Decommissioning Escrow Account, CUSA shall, pursuant to Section 2.3(a), cause such amounts to be released to Operator), promptly, and not later than thirty (30) days of receipt by Company or Escrow Agent, as applicable.

(d) Notwithstanding any provisions to the contrary in this Article 3, the following provisions shall apply to Decommissioning Projects on the Additional FWE IV Properties:

- (1) The applicable Decommissioning Project shall be conducted as an At-Cost Project under the Turnkey Removal Agreement. CUSA’s obligation to make or otherwise secure payment under the Turnkey Removal Agreement for an At-Cost Project shall be limited to an amount equivalent to the Company Working Interest share of the applicable amounts due under Section 2.3(a)(iii) of the Turnkey Removal Agreement for such At-Cost Project.
- (2) Each applicable Decommissioning Project shall be deemed “Fully Committed” hereunder if the Company Working Interest in the applicable Decommissioning Project is 100%. If the Company Working Interest in an applicable Decommissioning Project is not 100%,

then Operator, CUSA and Company shall negotiate in good faith to agree on cost sharing arrangements with the applicable Other WI Parties to cover the Other Party Working Interest share of applicable amounts due under Section 2.3(a)(iii) of the Turnkey Removal Agreement for such Decommissioning Project; and such Decommissioning Project shall be deemed “Fully Committed” once such Other WI Parties have entered into contractual commitments covering such payments that are satisfactory to each Party at its reasonable discretion. Each payment made by an Other WI Party in accordance with such contractual commitments shall be referred to herein as an “Other At-Cost Payment”.

- (3) Upon delivery by Operator of an invoice for monthly costs associated with an At-Cost Project under Section 3.2(a)(iii) of the Turnkey Removal Agreement (an “At-Cost Invoice”), CUSA shall transfer to Operator the following amounts by the date that is 30 days after receipt of the At-Cost Invoice (the “At-Cost Invoice Due Date”):
 - (i) The total amount due under such At-Cost Invoice, multiplied by the Company Working Interest in the applicable Decommissioning Project (the “CUSA At-Cost Payment”); and
 - (ii) If the Company Working Interest in the applicable Decommissioning Project is not 100%, the aggregate amount of Other At-Cost Payments that have been made into the Decommissioning Escrow Account prior to the At-Cost Invoice Due Date; provided that, in the event that any Other At-Cost Payment has not been paid in full by an applicable Other WI Party at the time of such payment and any amounts attributable to such Other At-Cost Payment are received by Company following such date, Company shall transfer such amounts to Operator (and, if such amounts are received into the Decommissioning Escrow Account, CUSA shall cause such amounts to be released to Operator), promptly, and not later than thirty (30) days of receipt by Company.
- (4) CUSA shall be entitled to cover all or any portion of a CUSA At-Cost Payment by one or more of the following sources of funds, by providing written notice to the Parties setting out the applicable allocation of the At-Cost Allocated Funds on or prior to the applicable At-Cost Invoice Due Date (in aggregate, the “At-Cost Allocated Funds”):
 - (i) Any Available Funds in the Decommissioning Escrow Account that are allocated by CUSA to cover all or any part of the amount due, in accordance with the procedures under Section 3.1(e);
 - (ii) The equitable portion (as determined in good faith by CUSA and the Company) of any Contributed Predecessor Funds that have been contributed into the Decommissioning Escrow Account for such Decommissioning Project; and
 - (iii) Any Recovered Bond Proceeds that have been contributed into the Decommissioning Escrow Account for such Decommissioning Project to the extent CUSA is the beneficiary of such Recovered Bond Proceeds (and any other Recovered Bond Proceeds that the Company and CUSA agree to apply).

- (5) In the event that CUSA is unable to (or, at its discretion, chooses not to) cover all or any portion of a CUSA At-Cost Payment with At-Cost Allocated Funds, CUSA shall transfer the applicable shortfall amount into the Decommissioning Escrow Account on or prior to the At-Cost Invoice Due Date (as applicable, a “CUSA At-Cost Shortfall Payment”).
- (6) The funds transferred under Section 3.2(d)(3) above shall be amounts payable to Operator, in its capacity as “Contractor” under the Turnkey Removal Agreement, for the benefit of Company in its capacity as “FWE IV” under the Turnkey Removal Agreement. Such payment shall be deemed to satisfy the payment obligations of Company and CUSA, respectively, under the Turnkey Removal Agreement for the applicable Decommissioning Project that are attributable to the applicable At-Cost Invoice.

Section 3.3 Refund or Reuse of Escrow Amounts for Decommissioning.

(a) To the extent that CUSA has elected to make, and has paid into the Decommissioning Escrow Account, any CUSA Covered Payment, and the applicable Other WI Payment covered by such CUSA Covered Payment is recovered by any Party, it shall be paid into the Decommissioning Escrow Account. Following payment of such funds into the Decommissioning Escrow Account, the Company shall give CUSA written Notice of such deposit and, pursuant to Section 2.3(a), CUSA may transfer funds from the Escrow Account equal to the amount of such Other WI Payment so contributed, payable to CUSA as reimbursement of the corresponding portion of the applicable CUSA Covered Payment.

(b) In the event that any Contributed Predecessor Funds or Recovered Bond Proceeds for a particular Decommissioning Project are transferred into the Decommissioning Escrow Account and CUSA has already paid the CUSA Turnkey Payment for such Decommissioning Project into the Decommissioning Escrow Account as of the date of such transfer, the Company shall give CUSA written Notice of such deposit and, pursuant to Section 2.3(a), CUSA may transfer funds payable to CUSA (as reimbursement) from the Decommissioning Escrow Account in an amount reasonably determined by CUSA and the Company to represent CUSA’s equitable share of such Contributed Predecessor Funds or Recovered Bond Proceeds (determined consistent with the definition of CUSA Turnkey Payment).

(c) In the event that the Turnkey Removal Agreement is terminated with respect to a particular Decommissioning Project prior to Final Completion thereof pursuant to the Turnkey Removal Agreement (including any termination of the Turnkey Removal Agreement in its entirety prior to Final Completion of one or more Decommissioning Projects), then: (i) in the event CUSA has funded any CUSA Turnkey Payment into the Decommissioning Escrow Account for such Decommissioning Project, pursuant to Section 2.3(a), CUSA may transfer funds from the Decommissioning Escrow Account in an amount equal to the amount of such CUSA Turnkey Payment to CUSA (less any Decommissioning Costs or Payment Milestones paid prior to such time with respect to such Decommissioning Project); (ii) in the event any Other WI Turnkey Payment, Contributed Predecessor Funds or Recovered Bond Proceeds have been funded into the Decommissioning Escrow Account, such funds shall remain in the Decommissioning Escrow Account to cover future Decommissioning Costs for the applicable Assets in accordance with

Section 5.3, subject to any contractual obligations of CUSA or Company with respect to any non-Affiliate that would require returning such funds, in which case, pursuant to Section 2.3(a), CUSA may transfer funds from the Decommissioning Escrow Account in an amount equal to the amount of such Other WI Turnkey Payment, Contributed Predecessor Funds or Recovered Bond Proceeds that such non-Affiliate is entitled to, to such non-Affiliate; and (iii) in the event that CUSA has designated any Allocated Available Funds to the applicable Decommissioning Project, CUSA shall be entitled to release such funds from their designation as Allocated Available Funds within the Decommissioning Escrow Account, to be applied to other permitted uses as addressed herein.

Section 3.4 Initial Safe-Out Costs. With respect to the five million dollars (\$5,000,000) contributed into the Decommissioning Escrow Account on the Effective Date for the purpose of performing the Initial Safe Out Work (the “Safe Out Funds”), Operator shall conduct the Initial Safe Out Work until the total actual costs incurred by Operator for such Initial Safe Out Work (the “Safe Out Costs”) is equivalent to the total actual amount of Safe Out Funds contributed into the Decommissioning Escrow Account on the Effective Date. For the first full or partial calendar month following the Effective Date, and then for each calendar month thereafter, following the end of the applicable prior month, Operator shall deliver to CUSA and Company an invoice setting out (i) the Initial Safe Out Work conducted by Operator during such (full or partial) month, and (ii) the Safe Out Costs incurred by Operator for such Initial Safe Out Work. Upon receipt by CUSA of such an invoice from Operator, CUSA shall initiate a release of funds from the Decommissioning Escrow Account in an amount equivalent to the Safe Out Costs set forth therein, payable to Operator; provided that the total amount of Safe Out Costs invoiced and paid under this Section 3.4 shall not exceed the total amount of the Safe Out Funds contributed into the Decommissioning Escrow Account on the Effective Date. The Safe Out Funds do not constitute Available Funds and will not be released for any purpose other than pursuant to this Section 3.4, except with the written consent of Operator. Operator shall use commercially reasonable efforts to complete the Initial Safe Out Work in a commercially prudent manner, provided that Operator will not be obligated to perform a particular Initial Safe Out Work if the Decommissioning Escrow Account does not hold Safe Out Funds sufficient to cover the applicable Safe Out Costs associated with such Initial Safe Out Work. Subject to the foregoing payment provisions, the Initial Safe Out Work shall be conducted under the Contract Operating Agreement and shall be deemed to be “Services” (as such term is defined in the Contract Operating Agreement) conducted by Operator thereunder for all purposes; provided that all fees and costs earned or incurred by Operator and/or funded, reimbursed or paid by Company or CUSA for such Services shall be limited solely to the transfer of the Safe Out Funds as forth in this Section 3.4. For the avoidance of doubt, all Safe Out Work (other than Initial Safe Out Work), if any is conducted, shall be performed by Operator subject to and in accordance with the Contract Operating Agreement and shall be subject to the terms set out thereunder, including Operator’s right to recover Reimbursable Costs.

Section 3.5 Orphan Assets. The Parties agree that the Assets listed on Exhibit A attached hereto shall be deemed to be Orphan Assets for the purpose of this Agreement and the other Material Project Contracts, as applicable. In the event that following the Effective Date CUSA determines in good faith that any Asset (or part thereof) that is not listed on Exhibit A is an Orphan Asset, it shall provide written Notice to Operator with a description of the particular Asset (or part thereof) and information in support of CUSA’s determination that such Asset (or part thereof) is an Orphan Asset. If Operator fails to respond to such Notice within thirty (30) days or

otherwise affirms CUSA's determination, then the applicable Asset shall be deemed to be an Orphan Asset for all purposes hereunder. If Operator provides a written Notice in response to CUSA's Notice disputing CUSA's determination that the Asset is an Orphan Asset, then the applicable dispute shall be resolved in accordance with the dispute resolution provisions of Article IX. Notwithstanding the foregoing, the Parties agree for the purposes of this Agreement that those certain pipeline segments listed on Exhibit A-2 are not Orphan Assets.

Section 3.6 Surety Decommissioning. In the event that a surety bond or other private bond in support of Decommissioning any of the Assets provides the surety or other bond counterparty (a "Surety Counterparty") with the option to perform the applicable Decommissioning of the Asset in lieu of payment of Decommissioning Costs or otherwise, and the applicable Surety Counterparty elects to exercise such performance right, the Parties shall permit the Surety Counterparty to perform the applicable Decommissioning. To the extent the Surety Counterparty then actually does Decommission the applicable Asset, the Turnkey Removal Agreement shall no longer apply to such Asset (and any Decommissioning Project associated therewith) and no Party hereunder shall have any related obligations (including performance or payment obligations) under the Turnkey Removal Agreement with respect to such Asset.

ARTICLE IV. CONTRACT OPERATING AGREEMENT

Section 4.1 Company Payment Request. In the event that, in accordance with the terms of the Contract Operating Agreement, Operator delivers to Company during a particular month: (i) an Invoice requiring Company to make an Invoice Payment relating to Reimbursable Costs or Third Party Payments to Operator or (ii) a cash call pursuant to Section 3.1(b) of the Contract Operating Agreement and, in each case, the amounts required to be paid by the Company thereunder are properly due and payable under the Contract Operating Agreement, then Company shall (or Operator may on Company's behalf) deliver such Invoice or cash call(s) to CUSA (x) in the case of an Invoice, within three (3) Business Days following receipt by the Company and (y) in the case of a cash call, on, on but not prior to the succeeding 15th day of a calendar month following its delivery to the Company, provided that, if a particular amount owed by the Company to Operator for a cash call exceeds two hundred fifty thousand dollars (\$250,000), then Company shall deliver such cash call to CUSA within one (1) Business Day following receipt of such cash call (a "COA Payment Request").

Section 4.2 CUSA Payment. CUSA shall, no later than thirty (30) days after CUSA receives a COA Payment Request, transfer into the Revenue Account an amount equivalent to (a) the Invoice Payment amount payable with respect to any Invoice included in such COA Payment Request and (b) the amount requested and payable pursuant to any cash call included in such COA Payment Request.

ARTICLE V. OTHER PAYMENT COVENANTS

Section 5.1 Excluded CUSA Costs. Notwithstanding any other provision herein or in any other Material Project Contract, the Parties agree that CUSA shall not be obligated to bear any costs or expenses of Company or otherwise associated with the Assets to the extent consisting of or relating to the following (collectively, the "Excluded CUSA Costs"):

(a) Any costs, damages, fines, penalties or liabilities owed to third parties, governmental fines and penalties, Environmental Liabilities, employment claims and/or any costs, expenses, claims or other liability relating to action taken by Company;

(b) Any costs, damages, fines, penalties or liabilities owed to third parties, governmental fines and penalties, Environmental Liabilities, employment claims and/or any costs, expenses, claims or other liability relating to action taken by Operator (i) in breach of, and subject to, the Turnkey Removal Agreement or Contract Operating Agreement or (ii) arising due to the negligence, gross negligence or willful misconduct of Operator, in each case in Operator's capacity as "Contractor" under the Turnkey Removal Agreement or as "Operator" under the Contract Operating Agreement, as applicable; and

(c) Any costs, damages, fines, penalties or liabilities (including Environmental Liabilities and Decommissioning Costs) related to any Orphan Assets.

Section 5.2 Covered Operator Costs.

(a) Notwithstanding any other provision herein or in any other Material Project Contract (but without duplication of any payment made under a Material Project Contract), the Parties agree that Operator shall be responsible for all costs or expenses of Company to the extent consisting of or relating to the following (collectively, the "Covered Operator Costs"):

- (1) Any costs, damages, fines, penalties or liabilities owed to third parties, governmental fines and penalties, Environmental Liabilities, employment claims and/or any costs, expenses, claims or other liability relating to action taken by Operator (i) in breach of, and subject to, the Turnkey Removal Agreement or Contract Operating Agreement or (ii) arising due to the negligence, gross negligence or willful misconduct of Operator, in each case in Operator's capacity as "Contractor" under the Turnkey Removal Agreement or as "Operator" under the Contract Operating Agreement, as applicable; and
- (2) Any costs, damages, fines, penalties or liabilities (including Environmental Liabilities and Decommissioning Costs) related to any Orphan Assets; and
- (3) The premiums for any organizational or areawide bonds for the Company.

(b) To the extent Company incurs any Covered Operator Costs, it shall provide written Notice to Operator and CUSA detailing such costs. Operator shall pay to Company the applicable Covered Operator Costs contained in such Notice by the later of (i) thirty (30) days prior to the date that such costs are due, or (ii) thirty (30) days following the date of such Notice.

Section 5.3 Other Decommissioning Costs. In the event that the Turnkey Removal Agreement does not apply to a particular Asset for whatever reason, including the fact that the Turnkey Removal Agreement has terminated with respect to a particular Asset in accordance with its terms (a "Non-Covered Asset"):

(a) Operator shall remain liable for Decommissioning all Orphan Assets to Final Completion in accordance with the terms of Section 3.1(b).

(b) Operator, in its capacity as “Operator” under the Contract Operating Agreement, will remain the contract operator with respect to such Non-Covered Asset until (x) with respect to a Non-Covered Asset that is a Terminated Property, a decommissioning contractor is engaged pursuant to Section 5.3(c) and such decommissioning contractor assumes operational control of such Asset or (y) with respect a Non-Covered Asset that is an Operating Property, the date that is three (3) months following the termination of the Turnkey Removal Agreement with respect to such Non-Covered Asset, upon the expiration of which period such Non-Covered Asset will be removed from the scope of the Contract Operating Agreement and Operator and Company will enter into a new agreement in the form attached hereto as Exhibit C, pursuant to which Operator will act as contract operator with respect to such Non-Covered Asset (subject to Section 5.3(c)).

(c) With respect to a particular Non-Covered Asset, CUSA shall have the right to use any of the following type of funds contained in the Escrow Account to fund Decommissioning Costs associated with a Decommissioning Project for such Asset: (i) Available Funds, (ii) Contributed Predecessor Funds attributable to such Asset, and (iii) Recovered Bond Proceeds attributable to such Asset. With respect to a particular Non-Covered Asset, CUSA shall have the option, but not the obligation, to fund any Decommissioning Costs associated with a Decommissioning Project on such Non-Covered Asset that are not covered by amounts available in the Escrow Account under this Section 5.3(c) with respect to such Non-Covered Asset, either through deposit to the Decommissioning Escrow Account or otherwise. CUSA shall provide Notice to Company of the applicable amount available in the Decommissioning Escrow Account for a particular Decommissioning Project by no later than ten (10) days prior to the targeted start date for work for such Decommissioning Project. Upon written Notice from Company of Decommissioning Costs that are due and payable with a respect to a Non-Covered Asset, subject to the foregoing provisions of this Section 5.3(c), CUSA shall transfer funds from the Decommissioning Escrow Account (pursuant to Section 2.3(a)) equivalent to the amount contained in such Notice, payable to Company or to the applicable decommissioning contractor, as applicable; provided that CUSA and Company shall work together in good faith to coordinate the amount and timing of distribution of the applicable funds.

Section 5.4 Certain Covenants. Each Party shall use commercially reasonable efforts:

(a) to cause Company to be made “decommissioning operator” (or provided functionally equivalent status) of the Terminated Properties, including engaging with BSEE to reach an agreement memorializing that Company shall be “decommissioning operator” (or provided functionally equivalent status) with respect to the Terminated Properties, in each case, to the extent permitted by BSEE and applicable Law.

(b) to seek to recover Recovered Bond Proceeds and Contributed Predecessor Funds with respect to the Assets to the extent available under Law, prior to or following Final Completion with respect to any applicable Asset (or part thereof); provided that Company and Operator shall obtain the written consent of CUSA prior to entering settlement negotiation(s) or agreeing to a

settlement and/or initiating dispute resolution with respect to Recovered Bond Proceeds and Contributed Predecessor Funds.

(c) To execute, in conjunction execution of this Agreement, the BOEM-0150 “Assignment of Record Title in Federal OCS Oil and Gas Lease” document attached as Exhibit D to effectuate the transfer of record title from CUSA to Company of Ship Shoal 175, OCS-G05550.

Section 5.5 Additional Bonding. CUSA shall use its commercially reasonable efforts to assist Company with obtaining bonding; provided that CUSA shall have no obligation to contribute any funds towards obtaining such bonding.

Section 5.6 Set-Off. In the event Operator has an unpaid balance due to CUSA or Company for any reason under any Material Project Contract, and that unpaid balance remains due and unpaid for ninety (90) days, CUSA and/or Company expressly reserves the right to set-off any amounts due to Operator under the Turnkey Removal Agreement or the Contract Operating Agreement (including any amount payable under this Agreement) against such amounts.

Section 5.7 Limitations. Notwithstanding any other provision contained herein, unless otherwise agreed (i) CUSA shall not be required to fund or pay Operator any portion of Decommissioning Costs of any Decommissioning Project in an amount that is in excess of CUSA’s equitable share of Decommissioning Costs that is directly attributable to CUSA’s (and its Affiliate’s) prior ownership of the applicable underlying oil and gas leases as an Existing Predecessor thereof, and (ii) CUSA shall not be required to fund or pay Operator any portion of Decommissioning Costs of any Decommissioning Project that is not conducted under the Turnkey Removal Agreement. With respect to the foregoing, and notwithstanding any other provision in contained herein, unless otherwise agreed by CUSA in writing, the Company Working Interest for a particular Asset shall never exceed the working interest percentage that is directly attributable to CUSA’s (and its Affiliate’s) prior ownership of the applicable underlying oil and gas leases as an Existing Predecessor thereof, which such working interest percentage is set out on Exhibit E attached hereto.

ARTICLE VI. TERM OF AGREEMENT

Section 6.1 Term. Subject to Section 6.2, the term of this Agreement shall be from the Effective Date until Final Completion has been achieved for all Assets, provided that the following provisions shall survive termination: Articles V through IX.

Section 6.2 Termination of Contract Operating Agreement and Turnkey Removal Agreement. In the event that the Turnkey Removal Agreement terminates in its entirety, then Article III of this Agreement shall terminate upon the effective date of such termination; provided that Article III shall continue to apply to any rights or obligations that accrued prior to the effective date of such termination. In the event that the Contract Operating Agreement terminates in its entirety, then Article IV of this Agreement shall terminate upon the effective date of such termination; provided that Article IV shall continue to apply to any rights or obligations that accrued prior to the effective date of such termination.

Any attempted assignment in breach of this Section 7.10 is void.

TRANSITION SERVICES AGREEMENT

This Transition Services Agreement dated and effective as of _____, 2021 (the “Effective Date”) (this “Agreement”) is by and between Mako Buyer LLC, a Delaware company (the “Service Provider”) and [_____] a [state] [entity] (the “Predecessor”). Service Provider and Predecessor are sometimes referred to collectively as the “Parties” and individually as a “Party”.

WHEREAS, pursuant to the final confirmation order in respect of the Chapter 11 cases of Fieldwood Energy LLC and its debtor Affiliates (as defined below) (collectively the “Debtors”) in Case No. 20-33948 the Debtors have abandoned certain oil and gas properties and assets for which Predecessor is a predecessor-in-interest;

WHEREAS, Predecessor has requested that Service Provider provide certain operational maintenance, monitoring, technical, and administrative services with respect to the Asset (as defined below), upon the terms and conditions set forth herein, for three hundred sixty-five (365) days from the exit of the Chapter 11 cases, and Service Provider has agreed to do so; and

WHEREAS, other than as otherwise agreed by the Parties, during the Service Term (as defined below) and during any transition activities, Predecessor will be responsible for and shall pay all costs associated with the Asset and/or the Services (as defined below), including but not limited to third party costs and costs associated with Services provided by Service Provider’s employees.

NOW, THEREFORE, in consideration of the premises and of the mutual promises, covenants, conditions, and agreements contained herein, and for other valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the Parties hereby agree as follows:

ARTICLE I. TRANSITION SERVICES

Section 1.1 Services. Subject to the terms of this Agreement, Service Provider shall provide or cause to be provided the transition services described on Exhibit A (collectively, the “Services”) for all of the oil and gas assets described in Schedule 1 attached hereto (the “Asset”) in accordance with the standard of performance set forth in Section 1.2 below for the period set forth in Article IV, subject to the provisions of Article V. The Services will be provided to Predecessor in connection with the continued maintenance and monitoring of the Asset and, as necessary, to assist in the transition of the maintenance and monitoring of the Asset to Predecessor or another service provider and terminate the Services hereunder on or before the end of the Service Term.

Section 1.2 Standard of Performance. Subject to the terms of this Agreement, Service Provider shall perform or cause to be performed the Services (a) as a reasonably prudent operator as the contract service provider hereunder would perform such Services, (b) in a good and workmanlike manner consistent with past practices related to the Asset, (c) with due diligence and dispatch, and (d) in compliance with all Laws (as defined below), licenses, authorizations and permits; **PROVIDED, HOWEVER, EXCEPT AS EXPRESSLY PROVIDED HEREIN, IN NO EVENT SHALL SERVICE PROVIDER HAVE ANY OBLIGATIONS OR LIABILITY TO ANY PREDECESSOR GROUP MEMBER EXCEPT WITH RESPECT TO SERVICE**

PROVIDER'S INDEMNITY OBLIGATIONS AS PROVIDED IN SECTION 6.2. For purposes of this Agreement, "Laws" means any and all applicable laws, statutes, codes, constitutions, ordinances, decrees, writs, injunctions, orders, judgments, principles of common law, rules, licenses, authorizations, or regulations (including environmental laws) that are promulgated, issued, or enacted by any Governmental Authority (as defined below) having jurisdiction. In providing the Services to the Predecessor, Service Provider may use, at its discretion, its own personnel or the personnel of any of its Affiliates or employ the services of contractors, subcontractors, vendors, or other third parties. For purposes of this Agreement, "Affiliates" with respect to a Party means any person or entity that controls, is controlled by or is under common control with such Party where control means the direct or indirect power to direct the management of the entity at issue.

Section 1.3 Independent Contractor. At all times during the performance of Services by Service Provider, all persons performing such Services who shall be in the employ and/or under the control of Service Provider or its Affiliates (including agents, contractors, temporary employees, and consultants) shall be independent from Predecessor and not employees of Predecessor and shall not be entitled to any payment, benefit, or perquisite directly from Predecessor on account of such Services, including, but not limited to, group insurance and participation in any employee benefit and pension plans maintained by Predecessor or any Affiliate of Predecessor. Service Provider shall be responsible for all employee benefits and payroll taxes of its employees performing the Services. Service Provider will not be required to provide any Services the provision of which would violate applicable Laws. Notwithstanding any other provision contained elsewhere in this Agreement, in all cases where the Service Provider is performing Services under this Agreement offshore the State of Louisiana or are otherwise covered by the Louisiana Worker's Compensation Act, La. Rev. Stat. § 23.1021 et seq., the Parties acknowledge and agree that all such operations pursuant to this Agreement are an integral part of and are essential to the ability of Predecessor to generate Predecessor's goods, products, or services, and that whenever Services and work are performed hereunder in or offshore Louisiana, or the Louisiana Workers' Compensation Act may be applicable, the employees of Service Provider and their contractors providing such Services or performing such work, if any, whether direct, statutory, borrowed, or otherwise, are statutory employees of Predecessor in accordance with the Louisiana Worker's Compensation Act, La. Rev. Stat. § 23.1021 et seq. and the protections afforded a statutory employer under Louisiana Law shall apply. In such event, Service Provider agrees that Predecessor is and shall be deemed a statutory employer of Service Provider's employees for the sole purposes of La. Rev. Stat. § 23.1061(A)(3), as the same may be amended from time to time.

Section 1.4 Records. Service Provider shall use commercially reasonable efforts to maintain or cause to be maintained true and correct records of all receipts, invoices, reports, and such other documents as are customarily maintained by Service Provider for its own operations relating to each Service rendered hereunder for a period of the later of (i) two (2) years following the end of the Service Term or (ii) such other time required by applicable Law. All such receipts, invoices, reports, and other documents are the property of Predecessor.

Section 1.5 Limitation of Services. Notwithstanding anything herein to the contrary, Predecessor acknowledges certain personnel of Service Provider and/or its Affiliates involved in

the provision of the Services may leave the employment of such Service Provider and/or its Affiliates or terminate their employment or contract with such Service Provider or its Affiliates during the term of this Agreement. The Services shall not include providing any technical evaluations regarding any proposals for drilling, reworking, or other capital expenditure projects, or the new development of any assets. Service Provider makes no representation or warranty regarding the ability of Service Provider and/or its Affiliates to retain any employees, contractors, or subcontractors and neither Service Provider nor any of its Affiliates shall have any liability to Predecessor as to the result of the loss of any such employees, contractors, or subcontractors. Service Provider and its Affiliates shall use commercially reasonable efforts to report all information accurately but shall not be responsible for the accuracy or completeness of any information furnished by any other party for inclusion in any reports or for results obtained by use of any inaccurate information so furnished.

(A) Notwithstanding any other provision in this Agreement to the contrary:

- (i) Service Provider shall have no obligation to be designated with any applicable state, local, or federal governmental entity (each individually, a “Governmental Authority”; and collectively, “Governmental Authorities”) as a designated operator, designated applicant, designated payor, or responsible party for the Asset;
- (ii) Service Provider shall have no obligation to post any bond or other security on behalf of Predecessor or to make any payment directly out of Service Provider’s own funds for any Services;
- (iii) Service Provider shall have no obligation to provide any Service for which a third party is obligated or permitted (under a joint operating agreement, contract services agreement or otherwise) to provide the same service for Predecessor; provided, however, that Service Provider’s use of a subcontractor to perform any part of the Services shall not excuse Service Provider from the obligation to perform such Services;
- (iv) Predecessor acknowledges and agrees that it will be responsible for and shall provide any required bond or security for the Services;
- (v) if Service Provider reasonably believes that it cannot perform any Service without creating a breach of an existing agreement to which Predecessor is a party or the Asset is bound as of the Effective Date, and/or violating the Law, then Service Provider shall have no obligation to perform such Service and such Service shall no longer be included within the Services, and Service Provider shall give prompt, written Notice (as defined below) of such issue to Predecessor, prior to the discontinuation of such Service, with detailed descriptions of the agreement in question and the breach and/or violation Service Provider believes will be created. In the event such possible breach and/or violation is cured or remedied within thirty (30) days following Predecessor’s receipt of such Notice, Service Provider may perform such Service only insofar as performance would not create the breach or violation; and
- (vi) In the performance of the Services, Service Provider must obtain consent of Predecessor to perform any of the following actions on behalf of Predecessor: execute, amend, waive, release, extend, terminate, or otherwise modify any of the

governmental approvals, leases, or other agreements related to the Asset (other than an agreement in the ordinary course of business with a service provider using agreements substantially in the form previously used or other forms reasonably approved by Predecessor).

Section 1.6 Service Provider's Access to the Asset. To the extent necessary for Service Provider to perform the Services, Predecessor shall provide Service Provider unrestricted access to the Asset and shall execute any instrument, license, certificate, or other agreement reasonably necessary to provide such access.

Section 1.7 Designated Operator. To the extent allowed or required under applicable Law, as soon as reasonably possible after the Effective Date, Predecessor shall become the designated operator of the Asset for decommissioning purposes.

ARTICLE II. COMPENSATION

Section 2.1 Compensation for Services. During the Service Term, Predecessor shall pay to and reimburse Service Provider the amounts determined pursuant to Section 3.1 below for the provision of the Services to Predecessor.

ARTICLE III. PAYMENT AND DEFAULT

Section 3.1 Submission of Invoice. Service Provider shall submit a written invoice (the "Invoice") to Predecessor, along with copies of any third party invoices and other supporting details evidencing the expenses satisfactory to Predecessor, on or before the fifteenth (15th) Business Day of each month setting forth an itemized accounting of the actual costs incurred in the preceding month, or as applicable, the preceding months for which an Invoice was not issued, for the Services provided by Service Provider. For the purposes of this Agreement, "Business Day" shall mean any day other than a Saturday or a Sunday or a day on which federally chartered banking institutions in Houston, Texas, are authorized by Law to close, but for purposes of Notices or other communications given hereunder, means before 4:00 p.m. on such day in the city of Houston, Texas.

For shared costs, such as salaried and hourly personnel, IT systems, and other office related infrastructure and overhead, Service Provider shall allocate those costs as follows:

For "people" costs, Service Provider shall bill Predecessor for actual time incurred by its full-time employees in performing Services hereunder rounded up to the nearest hour. The hourly rate of each Service Provider employee shall be equal to the annual payroll cost (including salary, vacation pay, target bonus, 401(k) match, and payroll taxes) of the employee divided by 2,080 hours.

For illustrative purposes, two actual employees are shown below:

For all other shared costs identified below, Service Provider shall bill Predecessor for the proportionate use in the performance of the Services hereunder. The proportionate use shall be determined by the Total Hours Billed divided by the Total Employee Hours. "Total Hours Billed" is equal to the total number of hours recorded by Service Provider's full-time employees in performing Services hereunder and "Total Employee Hours" is equal to Service Provider's average daily headcount of full-time employees performing Services hereunder during the applicable month multiplied by eight hours multiplied by the number of Business Days in the month.

All other shared costs include and are limited to the following:

- (i) IT-related costs (IT systems and software)
- (ii) Healthcare and other benefits (benefits cost and administration)
- (iii) Communications

For example, assuming an average daily headcount of 275 full-time employees performing Services hereunder and 20 Business Days in the applicable month, Total Employee Hours for the month would equal 44,000 hours (275 employees x 20 Business Days x 8 hours). If the Total Hours Billed for the month is 100, Predecessor's proportionate use would be 0.23%; and Service Provider would bill Predecessor for 0.23% of these other shared costs.

Any third party costs associated with the Services will be billed to the Service Provider and charged to the Predecessor on monthly invoices.

Section 3.2 Payment of Invoices. Absent manifest error in inclusion or omission of items or calculations contained in an Invoice (if there is a manifest error, Predecessor will correct such error and show such recalculation on or before the date when payment would otherwise be due), the Predecessor shall pay within thirty (30) Business Days of Predecessor's receipt of an Invoice the undisputed amounts invoiced to Predecessor by wire transfer of immediately available funds to the bank account designated on the Invoice by Service Provider. Service Provider shall be liable for any state or local sales or use taxes required to be paid in connection with its receipt of such payment of Invoice amounts. Adjustment credit or debits shall be shown on the Invoice next succeeding the Invoice in which the adjustment is made. Service Provider shall provide reasonable back-up and supporting documents related to any Invoice within five (5) Business Days of Predecessor's written request. Any preexisting obligation to make payment for the Services provided hereunder or out-of-pocket costs of Service Provider shall survive the termination of this Agreement until paid. Predecessor shall have access to and the right to audit all records supporting such Invoice amounts for the period set forth in Section 1.4 and Section 7.4.

Section 3.3 Predecessor Default. It shall constitute a default on behalf of Predecessor (an "Predecessor Default") if Predecessor fails to timely pay any Invoice amount for Services

provided pursuant to this Agreement in accordance with the provisions of this Article III or fails to perform any covenants of Predecessor under this Agreement, which failure continues for at least fifteen (15) days following receipt of written Notice to Predecessor that such Invoice amount is past due; provided, however, that if Predecessor cannot reasonably cure such failure (other than for the payment of money or providing indemnity defense) within such fifteen (15) day period, no Predecessor Default shall be deemed to occur provided Predecessor demonstrates that it has diligently taken reasonable steps to cure such failure within such fifteen (15) day period and diligently prosecutes such cure to completion. Upon the occurrence of a Predecessor Default, Service Provider may, in addition to all other remedies available at Law or at equity, (i) suspend all or any portion of the provision of Services hereunder to Predecessor until such time as the Predecessor Default is cured and all unpaid, undisputed Invoice amounts for Services to Service Provider under this Agreement for such suspended Services are paid in full or (ii) terminate this Agreement effective immediately and be entitled to any amounts owed to Service Provider by Predecessor hereunder together with interest on such amount at a rate equal to 5% per annum, calculated daily on the basis of a year of 365 days and the actual number of days elapsed (the “Rate”) from the date due, until such undisputed amounts, together with all accrued and unpaid interest thereon, are paid in full.

Section 3.4 Service Provider Default. Subject to Section 3.3 above, it shall constitute a default on behalf of Service Provider (an “Service Provider Default”) if Service Provider fails to provide a Service to Predecessor in accordance with the terms and conditions of this Agreement, which failure is not by reason of an Predecessor Default or Force Majeure and continues for at least fifteen (15) days following receipt of written Notice to Service Provider; provided, however, that if Service Provider cannot reasonably cure such failure within such fifteen (15) day period, no Service Provider Default shall be deemed to occur provided Service Provider demonstrates that it has diligently taken reasonable steps to cure such failure within such fifteen (15) day period and diligently prosecutes such cure to completion. Upon the occurrence of a Service Provider Default, Predecessor may, in addition to any other rights or remedies available at Law, in equity, or by contract, terminate this Agreement within the time frame specified by Predecessor in a written Notice to Service Provider so terminating this Agreement.

Section 3.5 Third Person Services. Predecessor recognizes that Service Provider may hire third parties to provide certain portions of the Services, and Predecessor shall be responsible for the payment to Service Provider of amounts due by Service Provider to such third parties, which are incurred from and after the Effective Date with respect to the Asset. In the event Service Provider incurs costs of a third party, such costs will be included in an Invoice, and Predecessor shall reimburse Service Provider at the same time and in the same manner as the payment described in Section 3.2.

Section 3.6 Sales Taxes. Except as otherwise provided in Section 3.2, any sales, use, value-added or similar taxes paid or incurred hereunder for Services that Service Provider is required to pay or incur as a result of such Services shall be passed on to, and be the obligation of, Predecessor as an explicit surcharge and shall be paid by Predecessor in addition to any payments for Services as set forth in Section 3.1 above, whether included in the applicable Invoice, or added retroactively, such that the amount received by the Service Provider shall be as if no such taxes had been imposed. If Predecessor submits to Service Provider a timely and valid resale or other

exemption certificate sufficient to support the exemption from sales taxes, then such taxes will not be added to the Invoices for Services payable pursuant to this Article III; provided, however, that if Service Provider is ever required to pay such taxes, Predecessor will promptly reimburse Service Provider for such tax, including any interest, penalties, and attorney's fees assessed thereon by the applicable Governmental Authority. The Parties will reasonably cooperate to contest any invalid sales or use taxes imposed on the Services and to minimize the imposition of any such sales taxes.

ARTICLE IV. TERM OF AGREEMENT

Section 4.1 Term. The term of this Agreement (the "Service Term") shall be a period beginning on the Effective Date until the earlier to occur of (i) the date Predecessor, in its sole discretion, is ready and able to take over operations on the Asset and (ii) a date which is 365 days from the Effective Date, subject to Article V. No Services shall be provided after the expiration of the Service Term, except by the mutual written agreement of the Parties.

ARTICLE V. CESSATION OF SERVICES

Section 5.1 Discontinuation of Services. Predecessor may, with or without cause and for any or no reason, terminate the Service Term and discontinue any Service by giving Service Provider not less than ten (10) days prior written Notice of such discontinuation. Predecessor shall be liable to Service Provider for all costs, expenses, losses, and obligations Service Provider remains obligated to pay for (i) Services provided through the date of such termination or discontinuation under the terms hereunder or (ii) the actual and documented costs incurred under any other existing contract directly as a result of the termination or discontinuation of such Services, provided that Service Provider has an obligation to mitigate such costs and any such costs billed to Predecessor pursuant to clause (ii) shall be limited to the average monthly charge billed to Predecessor under Section 3.1 using the previous three (3) calendar months to determine such average monthly charge.

Section 5.2 Effect of Termination of Services. Upon the discontinuation or termination of all Services hereunder, this Agreement shall terminate and be of no further force and effect, except as to obligations accrued prior to the date of discontinuation or termination; provided, however, that Section 1.4, Articles VI and VII, and Predecessor's audit rights under Section 3.2 and Section 7.4 of this Agreement shall survive such discontinuation or termination.

Section 5.3 Transition of Operations. The Parties agree to preserve as a priority during any transition of operations the safety of individuals and the environment in compliance with all Laws and Governmental Authorities. If the General Maritime Laws of the United States are held to be inapplicable to this Agreement or the Services (or any part thereof) to be performed hereunder by a court of competent jurisdiction, then Subsections 8.1(b) and 8.1(c) below shall apply, as appropriate, but only to the extent that United States General Maritime Law is held to be inapplicable.

(b) If any court of competent jurisdiction determines that United States General Maritime Law is not applicable to any relevant part of this Agreement or the work to be performed hereunder, then such part of this Agreement and/or the work to be performed hereunder, shall, to the fullest extent enforceable under applicable Law, be interpreted and enforced exclusively in accordance with the Laws of the State of Texas.

(c) If any court of competent jurisdiction determines that neither United States General Maritime Law nor the Laws of the state of Texas are applicable to any relevant part of this Agreement or the work to be performed hereunder, then such part of this Agreement and/or the work to be performed hereunder, shall, to the fullest extent enforceable under applicable Law, be interpreted and enforced exclusively in accordance with the Laws of the State of Louisiana, excluding any conflicts of law rules that might refer same to another jurisdiction.

Section 8.3 Direct Negotiations. If a Dispute arises, a Party seeking to initiate the dispute resolution process shall give Notice to the other Party setting out, in writing and in detail, the issues in Dispute and the value of the claim. The Parties shall attempt to resolve the Dispute through direct negotiations in a meeting between the Parties, attended by individuals with decision-making authority, which must take place within thirty (30) days, or as otherwise agreed to by the Parties, from the date the Notice was sent.

Section 8.4 Mediation. If the Dispute cannot be resolved by direct negotiations within 30 days of initiation of the resolution process, either Party may initiate mediation by giving Notice to the other Party. Mediation must be attended by a representative from each Party with decision-making authority, and the proceeding must take place in Houston, Texas.

The arbitration must be conducted in accordance with the International Institute for Conflict Prevention and Resolution (“CPR”) Rules. To the extent of any conflicts between the Act or the CPR Rules and the provisions of this Agreement, the provisions of this Agreement prevail. The CPR is the appointing authority. The place of arbitration must be Houston, Texas.

The following provisions will apply to arbitration proceedings:

- (D) The arbitrator(s) does not have the power to award, nor will the arbitrator(s) award, the Damages waived and released under Section 6.5. The arbitrator(s) has no authority to appoint or retain expert witnesses for any purpose unless agreed to by the Parties. The arbitrator(s) may not act as *amiable compositeur* or *ex aequo et bono*.
- (E) Unless a Party is otherwise entitled to be indemnified for such costs pursuant to this Agreement, the Parties intend that regardless of which Party prevails, all arbitration fees and costs must be split equally, between the Parties, and each Party shall bear its own costs of legal representation, witness expenses, and ancillary costs.
- (F) The award is final and binding, and except for proceedings under Sections 8.5(G) and 8.5(H), the Parties agree to waive their rights to: (1) apply to the court for

determination of a point of law; and (2) any form of appeal, review or recourse in respect of any such award to any court or other judicial authority, to the extent that such waiver may be validly made.

FIELDWOOD ENERGY IV LLC

AND

MAKO BUYER LLC

THIS TURNKEY REMOVAL AGREEMENT (the “**Agreement**”) is made effective as of [_____] (the “**Effective Date**”), by and among Chevron U.S.A. Inc. (“**CUSA**”) a Pennsylvania corporation with offices at 1500 Louisiana Street, Houston, Texas 77002, Fieldwood Energy IV LLC (“**FWE IV**”) a Delaware limited liability company with offices at 2000 W. Sam Houston Pkwy S, Suite 1200, and Mako Buyer LLC, a Delaware limited liability company, with offices at 2000 W Sam Houston Pkwy S, Suite 1200, Houston, Texas 77042 (hereinafter referred to as “**Contractor**”). CUSA, FWE IV and Contractor may hereinafter be referred to collectively as “**Parties**” or individually as a “**Party**.”

RECITALS

WHEREAS, FWE IV is a resulting entity of a divisive merger effected in connection with the confirmed plan of reorganization of Chapter 11 Case 20-33948, In re: Fieldwood Energy LLC et al., in the United States Bankruptcy Court for the Southern District of Texas, Houston Division;

WHEREAS, CUSA is identified as a predecessor-in-interest of the FWE IV Assets (as defined herein);

WHEREAS, CUSA and FWE IV desire that Contractor provide certain decommissioning and removal services with respect to the FWE IV Assets, upon the terms and conditions set forth herein, and Contractor has agreed to do so for the consideration set forth herein.

NOW, THEREFORE, in consideration of the premises and of the mutual promises, covenants, conditions, and agreements contained herein, and for other valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the Parties hereby agree as follows:

**ARTICLE I.
SERVICES**

Section 1.1 Services. Subject to the terms of this Agreement, Contractor will plug, abandon, decommission, and remove certain assets associated with the leases, together with the platforms, wells, pipelines and equipment (including production equipment) located on such leases, and any hydrocarbons produced from such leases, if applicable (collectively the “**FWE IV Assets**”) on a lump sum, project-by-project, turnkey payment basis. Each such decommissioning project is described in detail on Exhibit A hereto (each a “**Decommissioning Project**”). In exchange for completing each such Decommissioning Project identified on Exhibit A hereto, Contractor will earn a single lump sum amount (the “**Turnkey Amount**”) for such Decommissioning Project. Each Turnkey Amount is subject to adjustment only by Change Order

pursuant to Section 1.3, Section 1.4 or Section 1.6, and each Turnkey Amount shall compensate Contractor in full for the full and complete performance of each applicable Decommissioning Project, including all taxes, costs, expenses, charges and overhead associated with a particular Decommissioning Project, including all third party costs and expenses. Additionally, the Parties agree that Contractor shall have no obligation to commence any one Decommissioning Project until the full funding of such project (i.e. the one hundred percent (100%) of the applicable Turnkey Amount) has been Fully Committed as further defined in Section 2.2 below.

Section 1.2 First Year. The Parties agree that the Decommissioning Projects that Contractor will endeavor to commence during the twelve (12) month period commencing on the Effective Date (“**Year 1**”) are those identified on Exhibit A for Year 1 (the “**Year 1 Projects**”). All Decommissioning Projects to be commenced by Contractor under this Agreement in years subsequent to Year 1 (each year a “**Contract Year**”) are additionally identified on Exhibit A and are identified by the Contract Year. Additionally, the Turnkey Amounts for all Decommissioning Projects to be performed and completed by Contractor under this Agreement are identified on Exhibit A, which such Turnkey Amounts may only be adjusted by Change Order as provided herein. The Parties agree it shall not be a breach of this Agreement if Contractor does not complete a Decommissioning Project in the scheduled Contract Year, provided that this sentence shall not limit CUSA’s rights to terminate any Decommissioning Project or this Agreement as provided in Section 3.2 or Section 3.3.

Section 1.3 Subsequent Years.

(a) For Decommissioning Projects to be commenced in Contract Years other than Year 1, Contractor shall have the opportunity to submit for CUSA’s consideration updated proposed Turnkey Amounts for any such Decommissioning Project. Contractor shall submit such updated proposed Turnkey Amounts no later than the date that is (90) days prior to the beginning of the Contract Year in which such Decommissioning Project is to be commenced by Contractor as identified on Exhibit A. Any such updated proposed Turnkey Amounts shall become the agreed upon Turnkey Amount for the applicable Decommissioning Project if the Parties agree on such updated proposed pricing, or if CUSA does not object in writing to an updated Turnkey Amount within thirty (30) days of delivery of such updated Turnkey Amount to CUSA, and the Turnkey Amount shall be updated by Change Order signed by all Parties. If Contractor submits any updated proposed Turnkey Amount pursuant to this Section 1.3, the Parties will work in good faith to agree on a final Turnkey Amount; *provided that*, if the Parties fail to reach agreement on a final Turnkey Amount for a particular Decommissioning Project by the beginning of the applicable Contract Year, the Parties shall submit the dispute for Expert Determination as provided in Section 1.6; *provided further, however*, the Parties may at any time agree on a final Turnkey Amount and may issue a Change Order to reflect the same (even if proceedings for an Expert Determination have already commenced).

(b) The Parties agree that upon the date that funding with respect to a Decommissioning Project has been Fully Committed pursuant to Section 2.2, the Turnkey Amount applicable to such Decommissioning Project shall not be subject to further adjustment, except as provided in Section 1.4 below.

Section 1.4 Claims for Qualified Conditions.

(a) The Parties have agreed upon certain qualified conditions for all of the Decommissioning Projects which are provided in Exhibit B (the “**Qualified Conditions**”).

(b) If Contractor believes that any such Qualified Conditions exist with respect to any Decommissioning Project, Contractor shall promptly provide written notice to CUSA. Contractor’s notice shall state in detail all known and presumed facts upon which its claim is based, including the character, duration and extent of such circumstance, the date Contractor first knew of such circumstance, any activities impacted by such circumstance, the cost and time consequences of such circumstance (including showing the impact of such circumstance, if any, on the critical path of the Work for such Decommissioning Project) and any other details or information that are expressly required under this Agreement (including under Appendix 1 hereto). Thereafter, Contractor shall submit to CUSA a request for a proposed Change Order as soon as reasonable practicable after giving CUSA written notice but in no event later than thirty (30) days after the completion of each such circumstance, together with a written statement (i) detailing why Contractor believes that a Change Order should be issued, plus all documentation reasonably requested by or necessary for CUSA to determine the factors necessitating the possibility of a Change Order and all other information and details expressly required under this Agreement; and (ii) setting forth the effect, if any, which such proposed Change Order would have for the Work.

(c) After receiving the required notice and proposed Change Order pursuant to Section 1.4(b), if CUSA agrees that a Change Order is necessary to adjust the Turnkey Amount and agrees with Contractor’s proposed adjustment to the applicable Turnkey Amount, then CUSA shall issue a Change Order reflecting such agreed-upon adjustment to the applicable Turnkey Amount, and such Change Order shall become binding on the Parties as part of this Agreement upon execution thereof by CUSA and Contractor.

(d) In the event CUSA and Contractor are unable to agree either (i) that a Qualified Condition occurred or (ii) upon the appropriate adjustment to the Turnkey Amount due to the occurrence of a Qualified Condition, CUSA and Contractor shall submit the dispute for Expert Determination as provided in Section 1.6; *provided, however*, CUSA and Contractor may agree to resolve the dispute by and between themselves at any time, and may issue a Change Order to reflect the same (even if proceedings for an Expert Determination have already commenced).

(e) The Parties acknowledge that CUSA may be prejudiced if Contractor fails to provide the notices and proposed Change Orders as required under this Section 1.4. Contractor therefore agrees that, to the extent Contractor’s failure to comply with such requirements prejudices CUSA, that such requirements are an express condition precedent necessary to any right for an adjustment to any Turnkey Amount arising out of any Qualified Conditions and that, to the extent Contractor’s failure to comply with such requirements in fact prejudice CUSA, any right to adjust the Turnkey Amount related to the required notice or Change Order proposal that was not provided by Contractor in accordance with such requirements shall be waived and the related claim shall be barred. Oral notice, shortness of time, or CUSA’s actual knowledge of a particular

circumstance shall not waive, satisfy, discharge or otherwise excuse Contractor's strict compliance with this Section 1.4.

Section 1.5 Terms and Conditions. The Parties agree that the performance of each Decommissioning Project shall also be governed by the definitions, terms and conditions attached hereto as Appendix 1, which are incorporated herein by this reference.

Section 1.6 Expert Determination.

(a) If CUSA and Contractor cannot agree on an adjusted Turnkey Amount either (i) after Contractor's submission of proposed updated pricing in accordance with Section 1.3 or (ii) in relation to Contractor's claim for an adjustment to a Turnkey Amount due to the occurrence of Qualified Conditions in accordance with Section 1.4 after good faith negotiations, such Parties shall submit the dispute for Expert Determination pursuant to this Section 1.6.

(b) Prior to submitting a dispute for Expert Determination, the Party intending to make the submission shall provide written notice to the other Parties of such intent (a "**Dispute Notice**"). The Parties to the dispute shall attempt to resolve the dispute through direct negotiations in a meeting between the Parties to the dispute, attended by individuals with decision-making authority, which must take place no later than thirty (30) days from the date the notice was sent, or any longer time as mutually agreed by the Parties in writing. If CUSA and Contractor are unable to agree upon the Turnkey Amount within such time period, the Party intending to submit the matter for Expert Determination may so submit such matter to the Expert for final and binding determination.

(c) The Party that submits a dispute for Expert Determination pursuant to this Section 1.6 (the "**Disputing Party**") shall provide the Expert (copying the other Parties) with (i) its proposed Turnkey Amount and (ii) all such supporting data and information that the Disputing Party believes justifies its proposed Turnkey Amount, which such data and information shall include applicable well data and information related to any structures, pipelines, facilities and other assets associated with the Decommissioning Project, provided that if Contractor is the Disputing Party and the dispute is concerning a Qualified Condition under Section 1.4, the supporting data and information submitted by Contractor shall be materially consistent with the supporting data and information provided by Contractor under Section 1.4(e). No later than fourteen (14) days after the Disputing Party's submission of its proposed Turnkey Amount and all permitted supporting evidence, the other Party (the "**Responding Party**") shall provide the Expert with (i) its proposed Turnkey Amount (which, for clarity, may be the original Turnkey Amount set forth in Exhibit A) and (ii) all such supporting data and information justifying its proposed Turnkey Amount (as applicable).

(d) After receiving all information required under Section 1.6(c) from both the Disputing Party and the Responding Party, the Expert shall within fifteen (15) days, select the final Turnkey Amount by selecting either (i) the Turnkey Amount proposed by the Disputing Party pursuant to Section 1.6(c) or (ii) the Turnkey Amount proposed by the Responding Party pursuant to Section 1.6(c). For clarity, the Expert shall not have the authority to calculate or select any other Turnkey Amount but must select between the options presented by such Parties.

(e) If, prior to the Expert finalizing its determination of the Turnkey Amount, CUSA and Contractor reach agreement, such Parties may withdraw the matter from the Expert. If different from the Turnkey Amount in Exhibit A, the final Turnkey Amount shall be implemented by a Change Order.

(f) The determination of the Expert pursuant to Section 1.6(d) shall be final and binding on the Parties for all purposes hereunder. The fees and expenses of the Expert under this Section 1.6 shall be borne one half by CUSA and one half by Contractor, and such cost sharing shall occur regardless of who prevails in a dispute before the Expert or if the dispute is resolved by the Parties prior to or after issuance of the Expert's determination pursuant to Section 1.6(d). Additionally, for all purposes of this Section 1.6, FWE IV and CUSA shall be treated as being one (1) Party, and Contractor shall be treated as the other Party (and thus if Contractor is the Disputing Party, CUSA and FWE IV shall be treated as the Responding Party).

(g) The Parties agree to utilize one of the following as the Expert for the purposes herein (the "**Expert**"): *EDG, Inc.* (<https://www.edg.net/>) ("**EDG**"); or *TSB Offshore* (<https://tsboffshore.com/>) ("**TSB**"), with TSB being the Expert unless TSB is unable or unwilling to serve as the Expert, in which case, EDG shall be the Expert, unless the Parties otherwise agree in writing. If both Experts are unable or unwilling to serve as the Expert hereunder, CUSA and Contractor shall agree on a newly identified Expert.

(h) Notwithstanding any dispute between the Parties regarding a Qualified Condition on a particular Decommissioning Project, it shall be the responsibility of Contractor to continue to prosecute all of the Work on all Decommissioning Projects diligently in conformity with this Agreement, including the particular Decommissioning Project which is the subject of such dispute pursuant to this Section 1.6. Contractor shall have no right to cease performance hereunder or to permit the prosecution of the Work to be delayed on such Decommissioning Project unless the amount of the disputed adjustment to the subject Turnkey Amount due to a Qualified Condition is more than fifty percent (50%) of said original Turnkey Amount for the particular Decommissioning Project.

Section 1.7 Acknowledgement Regarding Certain Decommissioning Projects.

(a) The Parties acknowledge that the following two (2) pipeline segments were installed after CUSA sold its ownership interest to an Affiliate of FWE IV; however the Parties have agreed to include such as Decommissioning Projects. Such assets are identified as follows:

- o Vermillion Block 196 (OCS-G 19760) SN 18591 Pipeline
- o Vermillion Block 196 (OCS-G 19760) SN 18588 Pipeline

ARTICLE II. FUNDING AND COST REPORTS

Section 2.1 **Escrow Account.** The following escrow account has been established by the Parties to fund portions of the decommissioning liabilities for the FWE IV Assets (the “**Escrow Account**”): [_____]. The Escrow Account shall be funded and distributions from the Escrow Account shall be made, in each case, in accordance with the Omnibus Agreement (as defined in Appendix 1 hereto) and is called the “Decommissioning Escrow Account” under the Omnibus Agreement.

Section 2.2 **Funding Commitment and Commencing a Decommissioning Project.**

(a) When Contractor is ready to commence a particular Decommissioning Project, Contractor shall issue written notice of the same to CUSA (each a “**Ready-to-Commence Notice**”), *provided that*, Contractor shall not issue a Ready-to-Commence Notice to CUSA for a given Decommissioning Project earlier than the date that is ninety (90) days before the Targeted Funding Date (as set forth in Exhibit A) for such Decommissioning Project (unless CUSA and Contractor otherwise agree in a writing signed by both such Parties referring to this Section 2.2(a)).

(b) Within the ninety (90) days after issuance of a Ready-to-Commence Notice for a Decommissioning Project, CUSA shall deposit its proportionate share of the Turnkey Amount into the Escrow Agreement. The Parties agree that Contractor shall not be obligated to commence a Decommissioning Project until one hundred percent (100%) of the Turnkey Amount applicable to such Decommissioning Project has been Fully Committed.

(c) Funds are “**Fully Committed**” when Contractor has received notice of the same in accordance with the Omnibus Agreement.

(d) If one hundred percent (100%) of the Turnkey Amount applicable to a Decommissioning Project has been Fully Committed, and Contractor nonetheless has not commenced the applicable Decommissioning Project within the ninety (90) days after issuance of notice under the Omnibus Agreement that such funds have been Fully Committed, CUSA shall be entitled to withdraw its proportionate share of the Fully Committed funds from the Escrow Account; *provided that* such ninety (90) day period shall be extended if the Work has not commenced due to an event of *force majeure* (as defined in Appendix 1) with such extension equal to the time that such event of *force majeure* prevented the commencement of such Work. In such event, Contractor shall be required to issue a new Ready-to-Commence Notice for such Decommissioning Project when it is ready to commence the applicable Decommissioning Project, and this Section 2.2 shall apply as if the original notice had not been issued. Furthermore, if Contractor has not received notice under Section 2.2(c) above that the funds are Fully Committed within ninety (90) days of the date CUSA deposits its proportionate share of the Turnkey Amount for any particular Decommissioning Project into the applicable Escrow Account, CUSA shall have the right to withdraw its proportionate share of such Turnkey Amounts pursuant to this Section 2.2(d). In such event, Contractor shall be required to issue a new Ready-to-Commence Notice for

such Decommissioning Project when it is ready to commence the applicable Decommissioning Project, and this Section 2.2 shall apply as if the original notice had not been issued.

Section 2.3 **Payments.** Contractor shall be compensated for the performance of each Decommissioning Project pursuant to this 0.

(a) Upon achieving Final Completion (as defined in Appendix 1) of a Decommissioning Project, Contractor shall be entitled to the Turnkey Amount applicable to such Decommissioning Project as set forth in Exhibit A, as adjusted pursuant to this Agreement; *provided, however*, CUSA and Contractor may agree on a case-by-case basis to an alternative payment structure for any Decommissioning Project provided that such alternative payment structure is incorporated into a writing referencing this Section 2.3(a) and signed by both such Parties. For clarity, Contractor's compensation earned under this Agreement shall be paid pursuant to and subject to the Omnibus Agreement.

(i) **Interim Payment Milestones.** Notwithstanding Section 2.3(a), the Parties agree that if the Turnkey Amount of a particular Decommissioning Project is in excess of Five Million U.S. Dollars (U.S. \$5,000,000), or if the commencement of a particular Decommissioning Project would result in Contractor simultaneously performing Work on two or more Decommissioning Projects that, in the aggregate, result in CUSA's proportionate share of the Turnkey Amounts being in excess of Ten Million U.S. Dollars (U.S. \$10,000,000), then, for such Decommissioning Project, CUSA and Contractor will negotiate interim payment milestones authorizing the release of agreed-upon sums of compensation to Contractor upon achievement of objectively-defined milestones in the Work to complete any such Decommissioning Project; *provided, however*, the Parties agree that the last payment milestone for any such Decommissioning Project shall not be less than twenty five (25%) of the applicable Turnkey Amount and shall not become owed before achievement of Final Completion of such Decommissioning Project. The agreed-upon payment milestones for such Decommissioning Project shall be set forth in writing and signed by both such Parties.

(ii) **Alternative Cost-Plus Pricing.** The Parties agree that Contractor shall be compensated on a lump sum, turnkey basis for all Decommissioning Projects unless, prior to the commencement of a particular Decommissioning Project, CUSA and Contractor mutually elect in writing (signed by both such Parties) to utilize a cost-plus reimbursable pricing and compensation methodology (instead of a lump sum, turnkey payment and compensation methodology) for that particular Decommissioning Project. The Parties agree that any such cost-plus reimbursable compensation model shall be set forth in detail and agreed to by CUSA and Contractor in writing, including procedures, rules and limitations on what shall be and what shall not be reimbursable thereunder, and which shall be based, to the extent applicable, on the procedures, rules and limitations set forth in the "COPAS

2012 Deepwater Accounting Procedure” published by the Council of Petroleum Accountants Societies (COPAS). The markup for profit owed under any such cost-plus compensation model shall be fifteen percent (15%) on allowable costs. The details of the cost-plus reimbursable payment methodology shall be finalized by CUSA and Contractor prior to the commencement of Work on any such Decommissioning Project.

- (iii) **At-Cost Projects**. Certain Decommission Projects have been designated by the Parties in Exhibit A as “at-cost” Decommissioning Projects (the “**At-Cost Projects**”). The Parties agree that Contractor shall be compensated for such At-Cost Project on a reimbursable, at-cost basis without markup. The Parties agree that they will negotiate in good faith and agree upon a reimbursable compensation model applicable to the At-Cost Projects, including procedures, rules and limitations on what shall be and what shall not be an “allowable cost” thereunder, and which shall be based, to the extent applicable, on the procedures, rules and limitations set forth in the “COPAS 2012 Deepwater Accounting Procedure” published by the Council of Petroleum Accountants Societies (COPAS). The details of the reimbursable payment methodology shall be finalized by CUSA and Contractor prior to the commencement of Work on any At-Cost Project. After the commencement of an At-Cost Project, Contractor shall submit invoices in the first ten (10) days of each month during the performance of such At-Cost Project incorporating the allowable costs incurred in the prior month. Contractor’s entitlement to receive compensation under this Agreement for the At-Cost Projects shall be pursuant to the Omnibus Agreement. The Parties agree that Section 2.2 shall not apply to the At-Cost Projects.

(b) Notwithstanding Section 2.3(a), if Contractor has achieved all requirements of Final Completion of a particular Decommissioning Project but BOEM has failed to issue the applicable approval required under the definition of Final Completion with respect to such Decommissioning Project within the forty-five (45) day period immediately following Contractor’s proper request and submission for such approval from BOEM, and *provided that* BOEM’s failure to issue an approval in such forty-five (45) day period is not due to the fault or other act or omission of Contractor or any person for whom Contractor is responsible under this Agreement, including but not limited to Contractor failing to meet BOEM’s requirements to receive such approval, “Final Completion” for the purposes of this Q shall be deemed to have been achieved and Contractor shall be entitled to the applicable payment provided that Contractor submits to CUSA all documents provided to BOEM to obtain such Final Completion. Notwithstanding the foregoing, if BOEM requires that additional work be performed as a condition of BOEM issuing its approval in relation to the applicable Decommissioning Project, Contractor shall promptly and diligently complete such additional work at Contractor’s own cost.

Section 2.4 **Cost Reporting**. Contractor shall submit a monthly cost report to FWE IV LLC, with a copy to CUSA, summarizing the accrued costs for each Decommissioning Project in each month after the Effective Date (each a “**Monthly Cost Report**”). If CUSA or

FWE IV request additional information with respect to any cost in any Monthly Cost Report, Contractor shall provide reasonable and appropriate documentation to substantiate the charges on the cost report and/or respond to such request for additional information.

ARTICLE III. TERM

Section 3.1 **Term.** The term of this Agreement shall be from and after the Effective Date until the FWE IV Assets identified on Exhibit A are completely plugged and abandoned and Site Clearance (as defined in Appendix 1) has been achieved with respect to all such FWE IV Assets, unless terminated earlier as provided herein.

Section 3.2 **Termination by CUSA of Entire Agreement.** CUSA retains the right to terminate this Agreement in its entirety in the event that (i) Contractor repudiates or abandons this Agreement; or (ii) the Decommissioning Projects on Exhibit A are performed in a manner or in a timing that is materially inconsistent with the Standard of Performance (as defined in Appendix 1). In the event the Agreement is terminated in its entirety, any funds deposited in the Escrow Account for any uncompleted portions of any Decommissioning Projects shall be transferred to CUSA in accordance with the Omnibus Agreement.

Section 3.3 **Termination by CUSA for Particular Asset.** CUSA retains the right to terminate this Agreement as to a particular Decommissioning Project or portion thereof in the event Contractor (i) is unable to (or otherwise fails to) perform or complete such Work in compliance with government issued timelines, or (ii) in the event Contractor is in breach of this Agreement, including, but not limited to, the Standard of Performance (as defined in Appendix 1) with respect to such Work, and such breach remains outstanding after CUSA or FWE IV having provided thirty (30) days' written notice to Contractor. In the event of termination as to a particular Decommissioning Project, any funds deposited in the Escrow Account for the particular Decommissioning Project shall be transferred to CUSA in accordance with the Omnibus Agreement.

Section 3.4 **Additional Rights After Such A Termination.** If this entire Agreement is terminated pursuant to Section 3.2 or if this Agreement is terminated as to a particular Decommissioning Project or portion thereof pursuant to Section 3.3, CUSA may: (i) if requested by CUSA and if agreed by Contractor, take assignment of any or all of Contractor's subcontracts with respect to such terminated Work; and (ii) complete such Work either itself or through others (including through FWE IV). In the event of such a termination, the Parties shall have all rights at law with respect to such a termination.

Section 3.5 **Termination for Convenience by CUSA.** If Contractor assigns its obligations under this Agreement to any other person or entity pursuant to Section 5.10, notwithstanding anything to the contrary, CUSA shall have the right to terminate this Agreement in whole by issuing written notice of the same to Contractor. The termination for convenience shall become effective six (6) months after Contractor's receipt of the termination notice; provided that Contractor shall be entitled (but not obligated) to complete any Decommissioning Projects commenced prior to the date of CUSA's termination notice, in which case this Agreement shall

remain in effect as it relates to such Decommissioning Projects until such Decommissioning Projects reach Final Completion. Upon termination pursuant to this Section 3.5, Contractor shall (i) not commence any further Decommissioning Projects, (ii) place no further orders for subcontracts, equipment, or any other items or services except as may be necessary for completion of such portion of the Work as is not discontinued, (iii) promptly make every reasonable effort to procure cancellation upon terms satisfactory to CUSA of all subcontracts and rental agreements to the extent they relate to the performance of the Work that is discontinued unless CUSA elects to take assignment of any such subcontracts subject to the agreement of Contractor, and (iv) use commercially reasonable efforts to cooperate with CUSA for the efficient transition of the Work. Upon termination for convenience, Contractor shall be entitled to (a) the portion of the applicable Turnkey Amount(s) for the Work completed prior to termination, less that portion of the Turnkey Amount(s) previously paid to Contractor, plus (b) actual and direct close-out costs reasonably incurred by Contractor on account of such termination (which costs shall be adequately documented and supported by Contractor) but in no event shall Contractor be entitled to receive any amount for unabsorbed overhead, contingency, risk, or anticipatory profit. Contractor shall submit all reasonable direct close-out costs to CUSA for verification and audit within sixty (60) Days after the effective date of termination. If no Work has been performed by Contractor under the Agreement at the time of termination, Contractor shall be entitled to the sum of One Hundred U.S. Dollars (U.S. \$100) for its undertaking to perform. Upon termination for convenience, any funds deposited in the Escrow Agreement for any Decommissioning Projects shall be transferred in accordance with the Omnibus Agreement.

Section 3.6 Termination by Contractor.

(a) **Suspension of Work:** Subject to CUSA's right to withhold or offset payment to Contractor, if Contractor does not receive undisputed amounts owed to Contractor when due and owing, Contractor shall provide written notice of the same to CUSA, and, if such failure has not been cured by CUSA within thirty (30) days after Contractor's written notice to CUSA to cure such failure, Contractor may suspend performance of the Work and the obligation to commence or progress any Decommissioning Project during a Contract Year shall be tolled until such failure is cured by CUSA.

(b) **Termination of Work:** Contractor may terminate this Agreement if Contractor has suspended performance of the Work in accordance with Section 3.6(a) and Contractor has provided CUSA with notice at the time of such Work suspension that it intends to terminate the Agreement if such nonpayment is not cured in ninety (90) days after such notice, and such nonpayment is not cured within ninety (90) days after receipt of such notice from Contractor. In the event of such a termination, the Parties shall have all rights at law with respect to such a termination. Contractor's sole right to terminate any portion of this Agreement is set forth in this Section 3.6(b).

ARTICLE IV. GOVERNING LAW; DISPUTES

Section 4.1 Governing Law.

(a) Notwithstanding the place of execution hereof or the place for performance of any covenant, promise or agreement herein made, this Agreement and the validity hereof, the agreements evidenced hereby, and all matters and issues arising hereunder, shall, to the fullest extent possible, be construed pursuant to and governed by the General Maritime Laws of the United States. If the General Maritime Laws of the United States are held to be inapplicable to this Agreement or to the Work (or any part thereof) to be performed hereunder, then such part of this Agreement or of the Work shall, to the fullest extent possible, be construed pursuant to and governed by the laws of the State of Texas, without regard to its choice of law rules, except that the substantive and procedural rules of the Federal Arbitration Act, 9 U.S.C. §§ 1-16 (the “**Act**”) govern this Article IV, provided that if it is not possible for the laws of the State of Texas to apply as to a particular issue due to the application of the federal law of the United States (specifically, the Outer Continental Shelf Lands Act (OCSLA)), then the laws of the State of the United States adjacent to the part of the Agreement or the Work giving rise to such dispute shall govern such dispute.

Section 4.2 Resolution of Disputes. The Parties shall exclusively and finally resolve any dispute between them using direct negotiations, mediation, and then arbitration as set out in this Article IV, except as permitted in Section 1.6.

Section 4.3 Direct Negotiations. If a dispute arises, a Party seeking to initiate the dispute resolution process shall give notice to the other Party (or Parties) to the dispute setting out, in writing and in detail, the issues in dispute and the value of the disputed amount (the “**Claim**”). The Parties to the dispute shall attempt to resolve the dispute through direct negotiations in a meeting between the Parties to the dispute, attended by individuals with decision-making authority, which must take place within 30 days, or as otherwise agreed to by such Parties, from the date the notice was sent.

Section 4.4 Mediation. If the dispute cannot be resolved by direct negotiations within 30 days of initiation of the resolution process, a Party to the dispute may initiate mediation by giving notice to the other Party (or Parties) to the dispute. Mediation must be attended by a representative from each such Party with decision-making authority, and the proceeding must take place in Houston, Texas.

Section 4.5 Arbitration Proceedings. If the Parties to a dispute fail to resolve the dispute within 60 days from notice of mediation, any Party (or Parties) the dispute may initiate binding arbitration by giving notice to the other Party (or Parties) to the dispute. The arbitration must be conducted in accordance with the International Institute for Conflict Prevention and Resolution (“**CPR**”) Rules. To the extent of any conflicts between the Act or the CPR Rules and the provisions of this Agreement, the provisions of this Agreement prevail. The CPR is the appointing authority. The place of arbitration must be Houston, Texas.

The following provisions will apply to arbitration proceedings, in each case with respect to the Parties to a particular dispute:

(a) One arbitrator (or 3 arbitrators if the monetary value of the dispute is more than US \$5,000,000 or its currency equivalent) will conduct the arbitral proceedings in English. If there is

a dispute whether the monetary value exceeds the US \$5,000,000, then the number of arbitrators must be 3.

(b) The maximum number of witnesses each Party may call to give evidence on its behalf, including by oral testimony, declaration or witness statement, is 5 witnesses of fact and 3 expert witnesses.

(c) The existence of a dispute and any negotiations, mediation, and arbitration proceedings between the Parties in relation to any dispute are confidential and the Parties shall not make any disclosure to any third party. Any information, documents, or materials, created or produced for the purposes of, or used in, negotiations, mediation, or arbitration of a dispute are confidential and the Parties shall not disclose them to any third party unless there is a legal or regulatory obligation to make a disclosure (but the disclosure must be limited to the extent necessary to comply with that legal or regulatory obligation), or to the extent required to enforce or challenge an award in bona fide legal proceedings before a state court or other judicial authority.

(d) The arbitrator(s) has no authority to appoint or retain expert witnesses for any purpose unless agreed to by the Parties. The arbitrator(s) may not act as *amiable compositeur* or *ex aequo et bono*.

(e) Subject to Section 4.3(b), the Parties intend that regardless of which Party prevails, all arbitration fees and costs must be split equally, between the Parties, and each Party shall bear its own costs of legal representation, witness expenses, and ancillary costs.

(f) The award is final and binding, and except for proceedings under Section 4.3(g), the Parties agree to waive their rights to: (1) apply to the court for determination of a point of law; and (2) any form of appeal, review or recourse in respect of any such award to any court or other judicial authority, to the extent that such waiver may be validly made.

(g) The Parties may apply to a court with appropriate jurisdiction for any of the following without waiving its arbitration rights:

- (i) Interim measures as necessary until appointment of the arbitrator(s) or pending determination by the arbitrator(s).
- (ii) Preserving property pending determination by the arbitrator(s).
- (iii) Enforcing judgment entered on an award over the Person or assets of the non-prevailing Party.
- (iv) Enforcing Section 4.3(c) and preventing any information, documents or materials used in those proceedings from being used or disclosed by that Party for any purpose other than enforcement of Section 4.3(c).

(h) Proceedings to (1) preserve property pending determination by the arbitrator(s), (2) enforce Section 4.3(c), (3) enforce judgment entered on an award may be brought in any court having jurisdiction over the Person or assets of the non-prevailing Party. The prevailing Party may

seek, in any court having jurisdiction, judicial recognition of the award, or order of enforcement or any other order or decree that is necessary to give full effect to the award.

Section 4.6 Consolidation of Disputes. The Parties agree that a dispute under this Agreement may raise issues that are common with other disputes under one or more of the Material Project Documents or which are substantially the same or interdependent and interrelated or connected with issues raised in any such related dispute, controversy, or claim between or among the Parties and their Affiliates under one or more of the Material Project Documents. “**Material Project Documents**” shall have the meaning set forth in the Omnibus Agreement (as defined in Appendix 1). Accordingly, any Party to a dispute under this Agreement or another Material Project Documents that is related to another dispute under this Agreement or another Material Project Document may elect in writing within fifteen (15) days after the initiation of a such dispute to refer such new dispute and any such related dispute for resolution in accordance with the provision of Section 4.5 on a consolidated basis. If the applicable arbitral panel determines that the applicable disputes are related, then the disputes shall be resolved on a consolidated basis; provided that, if the arbitral panel determines that the disputes are not related or for any other equitable reason should not be consolidated, then the disputes shall proceed separately.

Section 5.3 No Fiduciary Duty. It is expressly understood and agreed that this Agreement is a purely commercial transaction among the Parties and that nothing stated herein shall operate to create any fiduciary duty which a Party shall owe to another Party.

Section 5.4 Confidentiality.

(a) Each Party acknowledges that during term of this Agreement, it will have access to and become acquainted with trade secrets, proprietary information and confidential information belonging to each other Party that are not generally known to the public, including, but not limited to, information concerning business plans, operating practices and methods, financial statements, personnel information, contracts, and other information provided pursuant to this Agreement that each other Party treats as confidential, in any format whatsoever (including oral, written, electronic or any other form or medium) (collectively, “**Confidential Information**”). In addition, each Party acknowledges that: (i) each other Party has invested, and continues to invest, substantial time, expense and specialized knowledge in developing its Confidential Information; (ii) the Confidential Information provides each such other Party with a competitive advantage over others in the marketplace; and (iii) each such other Party would be irreparably harmed if the Confidential Information were disclosed to competitors or made available to the public. Without limiting the applicability of any other agreement to which each Party is subject, each such Party may not, without the each other Party’s consent, directly or indirectly, disclose or use (other than solely for the purposes of complying with a Party’s obligations under this Agreement or the other Material Project Contracts) at any time, including, without limitation, use for personal, commercial or proprietary advantage or profit, any Confidential Information of which such Party is or becomes aware. Each Party must take all appropriate steps to safeguard the Confidential Information in its possession and to protect it against disclosure, misuse, espionage, loss and theft.

(b) Nothing contained in this Section 5.4 will prevent a Party from disclosing Confidential Information: (i) upon the order of any court or administrative agency; (ii) upon the request or demand of any regulatory agency or authority having jurisdiction over such Party; (iii) to the extent compelled by legal process or required or requested pursuant to subpoena, interrogatories or other discovery requests; (iv) to the extent necessary in connection with the exercise of any remedy hereunder; or (v) to the Party’s employees, agents, representatives and advisors who, in the reasonable judgment of the Party, need to know such Confidential Information and agree to be bound by the provisions of this Section 5.4 (provided that such Party will remain liable for any breach of this Section 5.4 by any such Person); provided, that in the case of clause (i), (ii) or (iii), the applicable Party must notify the other Parties of the proposed disclosure as far in advance of such disclosure as practicable (but in no event make any such disclosure before notifying the other Parties) and use reasonable efforts to ensure that any Confidential Information so disclosed is accorded confidential treatment satisfactory to the other Parties, when and if available.

(c) With respect to a particular Party, the restrictions of Section 5.4 will not apply to Confidential Information that: (i) is or becomes generally available to the public other than as a result of a disclosure by such Party in violation of this Agreement; (ii) is or has been independently developed or conceived such Party without use of Confidential Information and outside of its duties hereunder; or (iii) becomes available to such Party or any of its employees, agents, representatives and advisors on a non-confidential basis from a source other than the other Parties or any of their employees, agents, representatives and advisors, provided, that such source is not known by the Party to be bound by a confidentiality agreement with one of the other Parties.

(d) The obligations of each Party under this Section 5.4 shall survive the termination of this Agreement.

(e) Each Party hereby acknowledges that the provisions of Section 5.4 are reasonable and necessary to protect the legitimate interests of the other Parties and that any violation of such provisions would result in irreparable injury to the other Parties. In the event of a violation of the provisions of this Section 5.4, each Party further agrees that the other Parties may, in addition to all other remedies available to it, be entitled to equitable relief by way of injunction and any other legal or equitable remedies without any requirement to post bond.

Section 5.5 Costs and Expenses. Each Party shall bear its own costs and expenses in relation to the negotiation and preparation of this Agreement.

Section 5.6 Further Assurances. The Parties shall at their own cost and expense execute and deliver such further documents and instruments and shall take such other actions as may be reasonably required or appropriate to evidence or carry out the intent and purposes of this Agreement.

Each Party represents and warrants to the other that the execution and delivery of this Agreement and the performance of such Party's duties have been duly authorized and that this Agreement is a valid and legal agreement binding on such Party and enforceable in accordance with its terms.

Section 5.8 Public Announcements. No Party shall issue any public announcement or statement concerning this Agreement or make any use of the names, image, logos, or trademarks of any other Party or any of its Affiliates without obtaining the prior written consent of the other Parties.

Section 5.9 Entire Agreement. This Agreement (together with the Schedules, Exhibits and Appendices hereto), together with the other Material Project Contracts, constitutes the entire agreement among the Parties with respect to the subject hereof and supersedes any other representations, understandings or agreements (whether written, oral or otherwise) by any Party or any of its Affiliates relating to the transactions contemplated hereby or the subject hereof.

Section 5.10 Successors and Assignments. No Party may assign, directly or indirectly, all or any part of its rights or obligations under this Agreement to any person, including in the event of a reorganization, merger, consolidation or asset sale, without the prior written consent of each other Party, which may be withheld at such Party's sole discretion; *provided that* the foregoing shall not apply if Contractor assigns this Agreement in total (i) along with all of its personnel who are performing any part of the Work (as defined in Appendix 1) hereunder to an Affiliate, provided that no such assignment by Contractor to an Affiliate shall relieve Contractor of its obligations under this Agreement, or (ii) to an acquirer of all or substantially all of Contractor's business or all or substantially all of Contractor's employees providing Work (as defined in Appendix 1). Any attempted assignment in breach of this obligation is void.

Section 5.11 Amendment. This Agreement may be amended or modified in whole or in part, and terms and conditions may be waived, only by a duly authorized agreement in writing or by Change Order which makes reference to this Agreement executed by each Party.

Section 5.12 Construction.

All article, section, schedule, and exhibit references used in this Agreement are to articles and sections of, and Schedules, Appendices and Exhibits to, this Agreement, unless otherwise specified. The schedules and exhibits attached to this Agreement constitute a part of this Agreement and are incorporated herein for all purposes.

Unless otherwise indicated, with respect to a Party, the terms “ordinary course of business” or “ordinary course” shall be deemed to refer to the ordinary conduct of business in a manner consistent with the past practices and customs of such Party.

If a term is defined as one part of speech (such as a noun), it shall have a corresponding meaning when used as another part of speech (such as a verb). Terms defined in the singular have the corresponding meanings in the plural, and vice versa. Unless the context of this Agreement clearly requires otherwise, words importing the masculine gender shall include the feminine and neutral genders and vice versa. The words “include”, “includes” or “including” do not limit the preceding terms and shall be deemed to be followed by the words “without limitation.” The words “hereof,” “hereto,” “hereby,” “herein,” “hereunder” and words of similar import, when used in this Agreement, shall refer to this Agreement as a whole and not to any particular section or article in which such words appear. The term “or” is not exclusive.

The terms “day” and “days” mean and refer to calendar day(s). The terms “year” and “years” mean and refer to calendar year(s), provided that the terms “Year 1” and “Contract Year” shall have the meanings specified in Section 1.2.

Each Party has participated in the negotiation and drafting of this Agreement, and, if an ambiguity should arise, this Agreement shall be construed as if drafted jointly by the Parties and no presumption or burden of proof shall arise favoring or burdening any Party by virtue of the authorship of any of the provisions in this Agreement.

The captions in this Agreement are for convenience only and shall not be considered a part of or affect the construction or interpretation of any provision of this Agreement.

All references to currency herein shall be to, and all payments required hereunder shall be paid in, United States Dollars.

The serial comma is sometimes included and sometimes omitted. Its inclusion or omission shall not affect the interpretation of any phrase.

Section 5.13 Severability. If any provision of this Agreement is held invalid or unenforceable by any court of competent jurisdiction, the other provisions of this Agreement shall remain in full force and effect. The Parties further agree that if any provision contained herein is, to any extent, held invalid or unenforceable in any respect under the laws governing this Agreement, they shall take any actions necessary to render the remaining provisions of this Agreement valid and enforceable to the fullest extent permitted by applicable law and, to the extent

necessary, shall amend or otherwise modify this Agreement to replace any provision contained herein that is held invalid or unenforceable with a valid and enforceable provision giving effect to the intent of the Parties to the greatest extent legally permissible.

Section 5.14 Counterparts. This Agreement may be executed in one or more counterparts, each of which shall be deemed an original, but all of which together shall constitute one and the same instrument. Any .pdf or other electronic transmission hereof or signature hereon shall, for all purposes, be deemed originals.

Section 5.15 Third Party Beneficiaries. No Person who is not a Party to this Agreement has any rights under this Agreement or may enforce any provision in this Agreement.

Section 5.16 Waivers. No waiver by any Party of this Agreement's terms, provisions or conditions is effective unless specifically evidenced in writing and signed by or on behalf of the Party granting such waiver. Any Party's failure to pursue remedies for breach of this Agreement, or payment by any Party of invoices, does not constitute a waiver by any such Party of any breach of this Agreement or raise any defense against claims against a Party for breach of this Agreement. The waiver, failure to pursue remedies or to require the performance of any agreement or obligation under this Agreement, does not constitute (1) a waiver of any breach of this Agreement, or (2) a waiver of a later breach of any such agreement or obligation.

Any provision of this Appendix that may appear to give FWE IV or its representatives or invitees (including CUSA) the right to direct Contractor as to the details of doing the Work or to exercise a measure of control over the Work shall be deemed to mean that Contractor shall follow the desires of FWE IV or its representatives or its invitees (including CUSA) in the results of the Work only and not in the means whereby the Work is to be accomplished. Except as otherwise expressly provided in Section 4.2 hereof, no member of the Contractor Group shall be deemed to be an agent, representative, or employee of FWE IV or any other member of FWE IV Group. Contractor shall remain responsible for all of the actions of its subcontractors and the agents, representatives and employees of such subcontractors.

When Contractor experiences zero (0) flow and zero (0) bubbles for thirty (30) consecutive minutes, such monitoring may cease. In the event of denial by BSEE of sustained casing pressure departure requests submitted on the wells known to the Parties as the EB 159 A007, EB 160 A029, EB 160 A007 and EB 160 A024 Wells, the above requirement shall be conducted only when Work scheduling allows (as determined by Contractor).

Notwithstanding the foregoing, such Party shall resume performance within a reasonable time after such event of *force majeure* has ended or been removed, or such Party is able to overcome the prevention caused by such event. Contractor shall consistently monitor and use its commercially reasonable endeavors, including the reasonable expenditure of money, to

overcome, mitigate and minimize the event of *force majeure* and its consequences. No Party shall be entitled to additional compensation or other payment as a result of an event of force majeure.

Waiver of Subrogation. Such policies will expressly waive subrogation as to FWE IV Group.

Additional Insured. Such policies, other than workers' compensation, employer's liability, and professional liability policies, will include FWE IV Group as an additional insured, on a broad-form basis. Such additional-insured endorsements must include coverage for the sole, joint, or concurrent negligence of the additional insureds and not be restricted to: (i) ongoing operations and products/completed operations; (ii) coverage for vicarious liability; or (iii) circumstances in which the named insured is partially negligent. The parties deem a portion of the payment made by CUSA for Work performed to include compensation to Contractor for any costs Contractor may incur due to including FWE IV Group as additional insured. If any additional-insured endorsement limits coverage to amounts required by written contract, the amounts required in the agreement will instead be the maximum amounts of Contractor's insurance policies, but not less than the minimums set forth herein.

Primary. Such policies will be primary to and receive no contribution from any insurance policies maintained by FWE IV Group.

SCHEDULE "D" to APPENDIX 1

DRUG AND ALCOHOL POLICY

PURPOSE

This policy implements Contractor's effort to enhance the safety of its operations and to provide its employees an opportunity to work in an environment free of drugs and alcohol. Contractor will deter alcohol and drug abuse by prevention through education, detection through testing, and disciplinary action when warranted.

POLICY

Contractor prohibits:

- employees possessing or consuming alcohol or drugs while working;
- employees working while under the influence of alcohol or drugs; and
- employees possessing or consuming drugs while not working.

EXCEPTIONS

Contractor permits employee possession of prescription drugs in containers that bear the doctor's and employee's name and a prescription date less than one year old, and permits the safe use of those drugs for the prescribed purposes, but Contractor does not permit employees to work while under the influence of prescription medications that may have an adverse effect on the employee's fitness for duty.

Contractor permits possession and moderate, lawful consumption of alcohol at business-related social functions that have been appropriately authorized by management, but prohibits employees and other attendees from working or operating motor vehicles after such a function if their abilities may have been impaired by alcohol.

DEFINITIONS

"Employees" means (for purposes of this policy only) all regular full-time, regular part-time or temporary employees, all Contractor independent contractors and agents, and all other persons using Contractor equipment, vehicles or boats (including those owned, used, rented or leased by or for Contractor) or performing duties on Contractor premises or property.

"Drugs" means (1) marijuana, cocaine, opiates, phencyclidine (PCP) and amphetamines; and (2) any other substances specified in Schedule I through V of the federal Controlled Substances Act whether or not prescribed for employee use by a physician.

"Test" means a drug test and/or alcohol test using urine and/or blood samples, conducted in accordance with this policy and Contractor testing procedures.

"Working" means reporting for work, performing job duties, engaging in business-related travel or entertainment, operating any Contractor equipment, vehicle or boat (including those owned, used, rented or leased by or for Contractor), being on Contractor property or premises, or attending any Contractor -related business or social function.

TESTING AND DISCIPLINE

Contractor may require employees to submit to tests to determine the presence of drugs or alcohol. If an employee's test yields a verified positive result, their employment will be terminated immediately. In the case of a verified positive pre-employment test result, any offer of employment will be automatically withdrawn.

A refusal to take a test, failure to cooperate with a test, an attempt to tamper with a specimen, violation of Contractor testing policies or procedures or any attempt to subvert Contractor testing policies or procedures will have the same consequences as failing a drug test – immediate termination of employment or withdrawal of offer of employment.

The Contractor human resources department maintains written procedures for testing, which may be changed by Contractor at any time, for any reason. The procedures are available for employee review.

EMPLOYEE DRUG CONVICTIONS

As required by the Drug Free Work Place Act of 1989, any employee convicted of any violation of any criminal drug statute must notify management of the conviction no later than five (5) days after a conviction. Failure to give notice shall result in the employee's termination. The management personnel given the notice will immediately notify the human resources department of any reported conviction. Contractor may terminate any employee convicted of drug-related crime regardless of the results of any administered drug test.

PRE-EMPLOYMENT TESTING

All applicants for employment at Contractor shall undergo a pre-employment drug test within 24 hours of Contractor's request.

POST ACCIDENT TESTING

Contractor will test each employee whose performance either contributed to an accident or cannot be completely discounted as a contributing factor to the accident, if the accident:

- results in a death or a personal injury necessitating medical attention;
- results in an explosion or fire;

- causes a significant damage to or loss of property;
- requires the emergency shut-down of an operation or facility;
- is a reportable incident regarding a gas pipeline facility under 49 CFR Part 191; or
- is a reportable accident involving pipeline facilities used in the transportation of hazardous liquids under 49 CFR Part 195.

In addition to the mandatory post-accident testing described above, Contractor may, in its sole discretion, also require post-accident testing following any accident that it determines is significant and warrants post-accident testing.

RANDOM TESTING

Contractor will conduct random testing on employees at certain Contractor facilities designated by the Vice President of Exploration and Production, the Vice President of Human Resources, and the Sr. Vice President and General Counsel. Procedures for selecting of employees for random testing are stated in Contractor's written procedures for testing.

REASONABLE CAUSE TESTING

Contractor will test an employee when there is reasonable cause to believe that the employee is using a drug or is under the influence of alcohol. "Reasonable cause" depends on the circumstances of each case. It includes observation of an employee's:

- unauthorized use or possession of alcohol while working;
- use or possession of drugs;
- slurred speech;
- unsafe actions;
- inability or difficulty in performing routine tasks effectively;
- unsteady standing or walking;
- disorientation or confusion; or
- erratic or unusual behavior.

It may also include:

- concerns about the employee's fitness for duty;
- an employee's voluntary admission of the prohibited use of alcohol or drugs;
- an employee's arrest or conviction for a drug-related offense, or the identification of an employee as the focus of a criminal investigation into illegal drug possession, use or trafficking;
- information related to employee drug use or prohibited alcohol use provided by reliable and credible sources or independently corroborated by Contractor;
- evidence that an employee has tampered with a drug test;
- the odor of alcohol, marijuana, or any other drug; or
- an employee's operation of a Contractor vehicle after leaving an establishment where alcohol is served.

Reasonable cause for testing may arise in circumstances in addition to those specified above. A test for reasonable cause will be conducted only upon concurrence of at least two of the employee's supervisors, one of whom is trained in the detection of the possible symptoms of drug and alcohol use. A drug test for reasonable cause will also require the concurrence of either the Vice President of Human Resources or the Sr. Vice President and General Counsel (either of whom may also constitute the concurring supervisors).

OTHER TESTING

If an employee transfers to a facility designated for random testing, a drug test will be required before transfer. If an employee is on a leave of absence from a facility designated for random-testing, a drug test may be required before the employee may return to work. Employees may be drug tested upon commencing or ending multiple-day work shifts on offshore facilities.

MEDICAL REVIEW OFFICER

Contractor has designated a licensed physician with knowledge of drug abuse disorders as its medical review officer ("MRO"). The MRO reviews and interprets positive test results obtained through Contractor's testing program. The MRO is responsible for verifying positive test results. The MRO examines alternative medical explanations for any positive test results, and review all medical records made available by the tested employee when a confirmed positive drug test could have resulted from legally prescribed drugs. Contractor's test procedures describe the process under which the MRO reviews information, gives the tested employee an opportunity to discuss the test result, and otherwise determines whether the test result should be reported as negative or should be reported as a verified positive test:

RE-TESTING AT THE EMPLOYEE'S REQUEST

An employee may submit a written request to the MRO within 72 hours of receipt of a verified positive drug test, asking that the employee's original specimen be re-tested. Employees are entitled to only one re-test of each specimen. Re-testing procedures are stated in the written procedures for testing maintained by the human resources department.

EMPLOYEE EDUCATION AND TRAINING

Employees at the facilities designated for random testing will participate in a training program that addresses the consequences of alcohol and drug use on personal health, safety, and the work environment. The program will also address indicators of alcohol and drug use and abuse. Informational materials (including a community service drug hot-line telephone number for employee assistance), and Contractor's policy regarding drug and alcohol use in the work place will be distributed as part of the training program.

In addition to training for all employees, supervisors of the designated facilities will receive annual training of specific contemporaneous physical, behavioral and performance indicators of probable drug use.

VOLUNTARY REHABILITATION

Employees are encouraged to seek treatment for any alcohol or drug problem before being in a situation that may warrant a test. Upon request, the Contractor human resources department will refer employees to an independent treatment program.

Medical and disability benefits will be provided for treatment to the extent available under Contractor's medical and disability plans. Employees referred by Contractor to a treatment program and employees seeking Contractor medical or disability benefits for treatment must consent to the disclosure of all treatment-related information to Contractor. An employee's employment shall be terminated if they do not cooperate with treatment, if they leave a treatment program before being discharged, or if they violate this policy after returning to work following treatment.

IMPLIED CONSENT

Employees are conclusively deemed to consent to cooperate in maintaining a work place free from the effects of alcohol and drugs through the use and enforcement of this and related corporate policies and procedures.

**NOTICE TO ALL PERSONNEL WORKING ON CUSA OWNED OR
OPERATED PROPERTIES**

It is the Contractor’s belief that the misuse of drugs, alcohol, or any substance having a physiological, psychological, or biochemical effect impairs a person’s health and performance and creates unsafe working conditions. Contractor is committed to maintaining a productive, safe and healthy work environment, free of unauthorized drug and alcohol usage. In order to achieve this objective, Contractor has adopted a Drug and Alcohol Policy. All Contractor Personnel are required to comply with the policy.

The use, possession, distribution or sale of unauthorized drugs by anyone while on Contractor premises or while engaged in Contractor business is prohibited. A person reporting for work on Contractor premises with unauthorized drugs and/or alcohol in his/her body is in violation of this policy.

Reporting to work while under the influence of alcohol by any person is prohibited. The consumption or possession of alcohol in unsealed or opened containers on Contractor premises is prohibited. No alcohol is allowed at any offshore location.

For the purpose of this policy, the term “unauthorized drugs” shall mean any substance, other than an authorized substance, which has the effect on the human body of being a narcotic, depressant, stimulant, hallucinogen or cannabinoid, their precursors, derivatives or analogues, and includes, but is not limited to, those substances scheduled as controlled substances pursuant to the Federal Controlled Substances Act.

“Authorized substances” are substances having a physiological, psychological, or biochemical effect that are lawfully prescribed or that are available without a prescription, that are lawfully obtained by an individual and that the individual possesses and uses in the appropriate manner, in the dosages and for the purposes for which the substances were prescribed or manufactured.

It is each person’s responsibility to notify his or her supervisor in writing when that person is taking any prescription or non-prescription medicine or substance which may impair judgment or performance or otherwise adversely affect the normal functions or his or her mental faculties or physical abilities.

In enforcing the policy, searches of persons and their property on Contractor premises, work area searches, and laboratory testing are authorized. Exhibit 7 to the Implementation Agreement

CONTRACT OPERATING AGREEMENT

This Contract Operating Agreement (this “Agreement”), dated and effective as of _____, 2021 (the “Effective Date”), is by and among Mako Buyer LLC, a Delaware limited liability company (the “Operator”) and Fieldwood Energy IV LLC (the “Owner”). Operator and Owner are sometimes referred to collectively as the “Parties” and individually as a “Party”. Capitalized terms used in this Agreement but not defined herein are defined in Appendix I.

WHEREAS, Owner is a resulting entity of a divisive merger effected in connection with the confirmed plan of reorganization of Chapter 11 Case 20-33948, *In re: Fieldwood Energy LLC et al.*, in the United States Bankruptcy Court for the Southern District of Texas, Houston Division (the “Plan”);

WHEREAS, the divisive merger was conducted in accordance with (i) the Implementation Agreement, which was agreed prior to the confirmation of the Plan, and (ii) the Plan of Merger;

WHEREAS, under the Implementation Agreement and pursuant to the divisive merger as set out in the Plan of Merger, (i) Owner was allocated the Operating Assets, and (ii) Owner agreed to assume operational responsibility for the purposes of decommissioning the Terminated Properties;

WHEREAS, Owner is or will become the operator (as designated by BOEM or BSEE or pursuant to a joint operating (or similar) agreement), of certain Assets;

WHEREAS, in accordance with the Owner’s LLC Agreement, the business and activity of Owner is managed by a Sole Manager (as such term is defined in the LLC Agreement); and

WHEREAS, Owner has requested that Operator provide certain contract operational, technical, and administrative services with respect to the Assets, upon the terms and conditions set forth herein, until the end of each respective Service Term, and Operator has agreed to do so.

NOW, THEREFORE, in consideration of the premises and of the mutual promises, covenants, conditions, and agreements contained herein, and for other valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the Parties hereby agree as follows:

ARTICLE I. SERVICES

Section 1.1 Services. Subject to the terms of this Agreement, Operator shall provide or cause to be provided the Services in support of Permitted Operations for Owner and on the Assets, in each case in accordance with the standard of performance set forth in Section 1.2 below for the Service Term. Rights to all products of the Services performed hereunder by Operator for Owner or otherwise in respect of the Assets shall belong exclusively to Owner, and Operator shall retain no ownership, interest, or rights therein. For the avoidance of doubt, the Services provided by Operator hereunder shall not include, and Operator shall not perform the Restricted Activities. Notwithstanding anything in Exhibit A to the contrary, the Services shall include, and Operator shall conduct, the day-to-day business of Owner in relation to the management of the Assets and the corporate functions of Owner, subject to Owner’s general oversight and instruction and any approval or consent rights expressly attributed to Owner herein;

provided that Operator agrees and acknowledges that it is the intent of the Owner that the business and operations of the Owner and the operation of the Assets shall be limited to, and in support of, the Permitted Operations.

Section 1.2 Standard of Performance. Subject to the terms of this Agreement, Operator shall perform or cause to be performed the Services as follows (collectively, the “Performance Standard”): (a) as a reasonably prudent operator as the contract service provider hereunder would perform such Services, (b) in a good and workmanlike manner, (c) with due diligence and dispatch, (d) in accordance with good oilfield practices, and (e) in compliance with all Laws (as defined below), licenses, authorizations and permits. In providing the Services to the Owner, Operator may use, at its discretion, its own personnel or the personnel of any of its Affiliates or employ the services of contractors, Subcontractors, vendors, or other Third Parties.

Section 1.3 Independent Contractor. At all times during the performance of Services by Operator, all Persons performing such Services who shall be in the employ and/or under the control of Operator or its Affiliates (including agents, contractors, temporary employees, and consultants) shall be independent from Owner and not employees of Owner and shall not be entitled to any payment, benefit, or perquisite directly from Owner on account of such Services, including, but not limited to, group insurance and participation in any employee benefit and pension plans maintained by Owner or any Affiliate of Owner. Operator will not be required to provide any Services solely to the extent the provision of such Services would violate applicable Laws. Notwithstanding any other provision contained elsewhere in this Agreement, in all cases where the Operator is performing Services under this Agreement offshore the State of Louisiana or are otherwise covered by the Louisiana Worker’s Compensation Act, La. Rev. Stat. § 23.1021 et seq., the Parties acknowledge and agree that all such operations pursuant to this Agreement are an integral part of and are essential to the ability of the Owner to generate Owner’s goods, products, or services, and that whenever Services and work are performed hereunder in or offshore Louisiana, or the Louisiana Workers’ Compensation Act may be applicable, the employees of Operator and their contractors providing such Services or performing such work, if any, whether direct, statutory, borrowed, or otherwise, are statutory employees of Owner in accordance with the Louisiana Worker’s Compensation Act, La. Rev. Stat. § 23.1021 et seq. and the protections afforded a statutory employer under Louisiana Law shall apply. In such event, Operator agrees that Owner is and shall be deemed a statutory employer of Operator’s employees for the sole purposes of La. Rev. Stat. § 23.1061(A)(3), as the same may be amended from time to time.

Section 1.4 Records. Operator shall use commercially reasonable efforts to maintain or cause to be maintained true and correct records of all receipts, invoices, reports, and such other documents as are customarily maintained by Operator for its own operations relating to each Service rendered hereunder for a period of the later of (i) two (2) years following the end of the calendar year during which the end of the Service Term for such Service occurs or (ii) such other time required by applicable Law. All such receipts, invoices, reports, and other documents are the property of Owner.

Section 1.5 Representatives. Each Party shall, at all times during the Service Term, keep one or more representatives available either by telephone, electronic mail, or in person during normal business hours, to receive communications from the other Party regarding the day-to-day Services and to respond to inquiries concerning the performance of the day-to-day Services. For the avoidance of doubt, all Notices required or permitted hereunder shall be delivered pursuant to Section 7.2 of this Agreement. Operator’s representatives are designated along with their contact information on Exhibit C (“Operator’s”

Representative”). Each Party may replace any of its representatives or designate such other representatives from time to time by written Notice to the other Parties delivered pursuant to Section 7.2. At all times while this Agreement remains in effect, Owner shall cause at least one of its representatives to be included on Owner’s BOEM “qualification card” as an authorized signatory for Owner.

Section 1.6 Limitation of Services.

(a) Notwithstanding anything herein to the contrary, Owner acknowledges certain personnel of Operator and/or its Affiliates involved in the provision of the Services may leave the employment of Operator and/or its Affiliates or terminate their employment or contract with Operator or its Affiliates during the term of this Agreement. The Services shall not include providing any technical evaluations regarding any proposals for the new development of any assets, including the drilling of new wells or other capital expenditure projects associated with new development. Operator makes no representation or warranty regarding the ability of Operator and/or its Affiliates to retain any employees, contractors, or Subcontractors and neither Operator nor any of its Affiliates shall have any liability to Owner as to the result of the loss of any such employees, contractors, or Subcontractors; provided that in no event will any such losses excuse Operator from the obligation to perform the Services. Operator and its Affiliates shall use commercially reasonable efforts to report all information accurately, but shall not be responsible for the accuracy or completeness of any information furnished by any other party for inclusion in any reports or for results obtained by use of any inaccurate information so furnished.

(b) Notwithstanding any other provision in this Agreement to the contrary, in each case with respect to Operator’s obligation to provide the Services under this Agreement:

- (i) Operator shall have no obligation to be designated with any Governmental Authority, as a designated operator, designated applicant, designated payor, or responsible party for any of the Assets;
- (ii) Operator shall have no obligation to post any bond or other security on behalf of the Owner arising solely from its capacity as Operator hereunder;
- (iii) Operator shall have no obligation to provide any Service for which a Third Party is obligated or permitted (under a joint operating agreement, contract services agreement or otherwise) to provide the same service for the Owner; provided, however, that Operator’s use of a Subcontractor to perform any part of the Services shall not excuse Operator from the obligation to perform such Services;
- (iv) Owner acknowledges and agrees that it will remain responsible for providing any bond or security, subject to Section 5.2(a)(3) of the Omnibus Agreement; and
- (v) if Operator reasonably believes that it cannot perform any Service without creating a breach of an agreement to which Owner is a party or an Asset is bound, and/or violating the Law, Operator shall have no obligation to perform such Service and such Service shall no longer be included within the Services, and Operator shall give prompt, written Notice of such issue to Owner, prior to the discontinuation of such Service, with detailed descriptions of the agreement in question and the breach

and/or violation Operator believes will be created. In the event such possible breach and/or violation is cured or remedied within thirty (30) days following Owner's receipt of such Notice, Operator may perform such Service only insofar as performance would not create the breach or violation.

(c) Operator and Owner shall use commercially reasonable efforts to obtain, and to keep and maintain in effect (or to cause their respective Affiliates to obtain, and to keep and maintain in effect), all governmental or Third Party licenses and consents required for the provision of any Service by Operator in accordance with the terms of this Agreement, in each case to the extent directly attributable to the Assets (and not arising from any requirement that applies on a general or areawide basis). Any direct, out-of-pocket costs relating to obtaining any such licenses or consents shall be borne by Owner; and none of Operator or any of its Affiliates shall be required to pay any money or other consideration or grant any other accommodation to any person (including any amendment to any contract) or initiate any action, suit, or proceeding against any person to obtain any such license or consent. Operator shall have no obligation to provide any Services which require any such licenses or consents which are not obtained.

(d) The Parties are entering into the Joint Development Agreement of even date herewith, and, therefore, any technical evaluation regarding any drilling, reworking, or other capital expenditure projects that may be proposed by Operator to Owner in Operator's capacity as a party to the Joint Development Agreement shall not constitute part of the Services to be provided hereunder. Costs and expenses included in the calculation of the Recovery Threshold (as defined in the Joint Development Agreement) may not also be included in Third Party costs charged to the Owner hereunder.

Section 1.7 Operator's Access to Assets. To the extent reasonably necessary for Operator to perform the Services, Owner shall provide Operator unrestricted access to all the Operated Assets. In the event requested by Owner in writing, Owner and Operator shall execute any agency agreement mutually agreed to by Operator and Owner covering certain areas of service, as requested by Owner in writing.

Section 1.8 Accounts.

(a) Operator shall receive and keep all production revenue from the Assets or other revenue received by Operator or its Affiliates that is generated by the Assets or otherwise attributable to the Owner or any of its Affiliates in the Revenue Account, provided that Operator shall have access and permission to utilize the Revenue Account in the performance of the Services. Operator shall have the right to transfer funds from the Revenue Account to timely pay on behalf of Owner: (i) taxes and royalties attributable to production from the Assets; (ii) Reimbursable Costs; (iii) Third Party Payments that are properly incurred hereunder; and (iv) any NPI Payment made (and as defined) under the NPI Conveyance shall be paid into the Escrow Account and in the event received by Operator or Owner for any reasons, shall immediately be transferred into the Escrow Account.

(b) Notwithstanding any other provision contained herein, Operator shall not have any rights under the Escrow Agreement and the Services provided hereunder shall expressly exclude management of the Escrow Account.

Section 1.9 Owner Meeting and Approvals.

(a) Owner's Representative and Operator's Representative(s) (and/or their designated representatives and consultants) shall meet on a quarterly basis by no later than ten (10) days following the end of the prior calendar quarter at the offices of Operator or another mutually agreed location to review the performance of the Services for the prior calendar quarter and the Services that Operator anticipates providing for the current calendar quarter and the three immediately subsequent calendar quarters.

(b) Operator must obtain the prior written consent of Owner's Representative for the following: (i) to perform any of the operations or other actions set forth on Exhibit B-1 on the Assets or otherwise on behalf of Owner (such operations or actions, the "Restricted Activities"); or (ii) prior to entering into any contract set forth on Exhibit B-2 on behalf of Owner or for which Operator has a reimbursement right hereunder (such contracts, the "Material Contracts").

Section 1.10 Decommissioning Services.

(a) Operator shall not amend, waive or otherwise modify any rights or obligations of Owner under the Turnkey Removal Agreement or the Omnibus Agreement or provide any consent or approval of Owner, or any release by Owner, with respect to any provision of the Turnkey Removal Agreement or the Omnibus Agreement. Any such action taken by or on behalf of Owner with respect to the Turnkey Removal Agreement or the Omnibus Agreement shall be under the sole authority of Owner's Representative, and may be performed at the sole discretion of Owner's Representative. Operator shall provide copies of all written notices, written communication and other information that is delivered or that is required to be provided by either party under the Turnkey Removal Agreement or the Omnibus Agreement to the Owner's Representative.

(b) In the event that the Turnkey Removal Agreement is terminated as to all or part of the Assets, with the cooperation of Owner's Representative, Operator shall obtain bids from at least three (3) potential counterparties to act as decommissioning operator of the applicable Assets no longer covered by the Turnkey Removal Agreement; provided that the applicable performance and pricing methodology applicable to the bid shall be approved in advance by Owner's Representative. Owner's Representative shall choose the winning bidder, with input from Operator.

ARTICLE II. COMPENSATION

Section 2.1 Compensation for Services. During the Service Term for each Service and subject to Owner's obligation to pay for Reimbursable Costs and Third Party Payments, Operator shall perform the Services at no cost to Owner, including any administrative overhead of Owner; provided that the Parties agree that: (i) if the cost for Operator to provide the Services (other than any services for which Owner bears Reimbursable Costs or Third Party Payments) increases due to a material change in Law or due to a material increase in the costs to provide services similar to the Services that impacts the overall U.S. offshore oil and gas industry or that is reflected in a broadly used price index relevant to the oil and gas industry, the Parties will work in good faith to determine appropriate fees for the Services; and (ii) any qualifying Reimbursable Costs or Third Party Payments shall be paid by Owner as provided in Section 3.1.

Section 2.2 Initial Safe Out. Notwithstanding anything herein to the contrary, payment for any Initial Safe Out Work (as defined in the Omnibus Agreement) shall be made in accordance with Section 3.4 of the Omnibus Agreement.

ARTICLE III. PAYMENT AND DEFAULT

Section 3.1 Third Person Services.

(a) *Reimbursable Costs.* Owner recognizes that Operator may hire Third Parties to provide certain portions of the Services from and after the Effective Date with respect to the Assets, whether or not the cost for such Third Party services qualify as Reimbursable Costs hereunder. Operator shall bear all costs and expenses associated with the Services, including the hire of and payment to such Third Parties; provided that in the event that Operator incurs any permitted Reimbursable Costs during a particular month, Operator shall be entitled to reimbursement of such costs and expenses by Owner under the Invoice attributable to such month pursuant to Section 3.2 and Section 3.3.

(b) *Third Party Payments.* In the event that Operator incurs and pays any Third Party Payments during a particular month, Operator shall pay such costs when due and Operator shall be entitled to reimbursement of such costs and expenses by Owner under the Invoice attributable to such month pursuant to Section 3.2 and Section 3.3; provided that, in the event that the total amount of Third Party Payments for a particular month are reasonably expected to exceed the funds in the Revenue Account that are available to cover such costs and expenses, Operator shall be entitled to require Owner to pay or cause to be paid such amount into the Revenue Account by issuance of a prepayment cash call equivalent to such excess amount to the Owner in advance of the month in which such costs will be incurred on behalf of Owner, and Owner shall cause the amount of the applicable cash call to be transferred into the Revenue Account by the date specified in Section 4.2 of the Omnibus Agreement, pursuant to Article IV of the Omnibus Agreement. If the amount of the Owner prepayment is not actually expended by Operator during a particular month, Operator will credit the overpayment to the Owner in the Invoice for such month or the next cash call issued by Operator, whichever occurs first. Any such Invoice or cash call for which any overpayment has been applied shall reflect the credit for such overpayment at the time it is submitted to Owner.

(c) With respect to any services, equipment or materials for which Owner will bear Reimbursable Costs hereunder, to the extent that Operator also utilizes such services, equipment or materials for the purpose of providing Services in support of Non-FWE IV Operations, Operator shall allocate the Reimbursable Costs charged to Owner hereunder in a commercially reasonable manner between the applicable operations and otherwise accordance with applicable COPAS guidance as between the applicable operations.

Section 3.2 Submission of Invoice. Operator shall submit an Invoice to Owner on or before the fifteenth (15th) Business Day of each month setting forth an itemized accounting of the following, in each case with respect to the prior month: (i) all revenue generated by the Assets attributable to such month, including any production revenue, (ii) the total amount of Reimbursable Costs and Third Party Payments incurred by Operator during such month, or as applicable, any earlier months for which an

Invoice was not issued, for the Services provided by Operator; (iii) the amount of any prepayments made by Owner in response to cash calls that are attributable to such month, if any; (iv) the Revenue Account balance as of the beginning and the end of the applicable month; (v) the amount, if any, that Operator has transferred from the Revenue Account to cover Reimbursable Costs and Third Party Payments; and (vi) any shortfall between the amount of funds contained in the Revenue Account and the total amount owed under clause (ii), which shall be the Invoice Payment.

Section 3.3 Payment of Invoices. Absent manifest error in inclusion or omission of items or calculations contained in an Invoice (if there is a manifest error, Owner will correct such error and show such recalculation), if there are not sufficient funds in the Revenue Account to cover an applicable Invoice amount, Owner shall cause the amount of the applicable undisputed Invoice Payment to be transferred into the Revenue Account by the date specified in Section 4.2 of the Omnibus Agreement, pursuant to Article IV of the Omnibus Agreement. The Operator and Owner agree to use reasonable efforts to resolve any dispute over Invoice amounts within thirty (30) days of Owner's written Notice to Operator of such dispute. Adjustment credit or debits shall be shown on the Invoice next succeeding the Invoice in which the adjustment is made. Operator shall provide reasonable back-up and supporting documents related to any Invoice within five (5) Business Days of an Owner's written request. Any preexisting obligation to make payment for the Services provided hereunder or out-of-pocket costs of Operator shall survive the termination of a Service and this Agreement until paid. Owner shall have access to and the right to audit all records supporting such Invoice amounts for the period set forth in Section 1.4 and Section 7.7 during normal business hours and on dates reasonably agreed between Operator and Owner.

Section 3.4 Owner Default. It shall constitute a default on behalf of an Owner (an "Owner Default") if Owner fails to timely transfer into the Revenue Account or otherwise cover any undisputed Invoice Payment amount for Services provided pursuant to this Agreement in accordance with the provisions of this ARTICLE III or perform any covenants of Owner under this Agreement, which failure is not by reason of an Operator Default or, subject to the requirements and limitations of Section 7.1 (Force Majeure), excused by an event of *force majeure*, and continues for at least thirty (30) days following receipt of written Notice to Owner that such performance is required; provided, however, that if Owner cannot reasonably cure such failure within such thirty (30) day period (other than in the case of a payment default), no Owner Default shall be deemed to occur provided Owner demonstrates that it has diligently taken reasonable steps to cure such failure within such thirty (30) day period and diligently prosecutes such cure to completion. Upon the occurrence of an Owner Default, Operator may, in addition to all other remedies available at Law or in equity, (i) suspend all or any portion of the provision of Services hereunder to Owner that is the subject of the Owner Default, including Services for which payment is outstanding, until such time as the Owner Default is cured and all unpaid, undisputed Invoice amounts for Services to Operator under this Agreement for such suspended Services are paid in full or (ii) terminate this Agreement effective immediately and be entitled to any amounts owed to Operator by Owner hereunder together with interest on such amount at a rate equal to 5% per annum, calculated daily on the basis of a year of 365 days and the actual number of days elapsed (the "Rate") from the date due, until such undisputed amounts, together with all accrued and unpaid interest thereon, are paid in full; provided, however, that Operator may not suspend or terminate Services reasonably determined by Operator to be critical to the safety of the operation of the subject Assets until such time as Operator can make the Assets safe for handover to Owner or its designee. All costs related to making the Assets safe for handover to Owner or its designee shall be borne by Owner in addition to any other amount due and owing to Operator.

Section 3.5 Operator Default. It shall constitute an Operator Default if Operator fails (i) to maintain the Revenue Account in accordance with the requirements set forth herein or to pay applicable Third Party costs and expenses that are required to provide the Services if it has an obligation to do so hereunder, (ii) to provide a Service to Owner in accordance with the terms and conditions of this Agreement or to perform any other covenants of Owner under this Agreement, which failure is not by reason of an Owner Default or, subject to the requirements and limitations of Section 7.1 (Force Majeure), excused by an event of *force majeure* event or (iii) to comply with a BSEE deadline, and in the case of a default under (iii), continues for at least fifteen (15) days following receipt of written Notice to Operator that such default has occurred or, in all other instances, for at least thirty (30) days following receipt of written Notice to Owner that such performance is required; provided, however, that if Operator cannot reasonably cure such failure within such fifteen (15) or thirty (30) day period, as applicable, no Operator Default shall be deemed to occur provided Operator demonstrates that it has diligently taken reasonable steps to cure such failure within such fifteen (15) or thirty (30) day period, as applicable, and diligently prosecutes such cure to completion. Upon the occurrence of an Operator Default, Owner may, in addition to any other rights or remedies available at Law or in equity, terminate this Agreement or specific Services provided hereunder within the time frame specified by Owner in a written Notice to Operator so terminating this Agreement.

Section 3.6 Sales Taxes. Any sales, use, value-added or similar excise taxes (but excluding any income, withholding, excess profit or other taxes levied on account of Operator's earnings or receipts, franchise taxes, or taxes assessed on any Operator property) paid hereunder for Services that Operator is required to pay or incur as a result of such Services shall be passed on to, and be the obligation of, the Owner to which such Services are provided as an explicit surcharge and shall be paid by Owner in addition to any payments for Services as set forth in Section 3.1 above, whether included in the applicable Invoice, or added retroactively, such that the amount received by the Operator shall be as if no such taxes had been imposed. If Owner submits to Operator a timely and valid resale or other exemption certificate sufficient to support the exemption from sales taxes, then such taxes will not be added to the Invoices for Services payable pursuant to this ARTICLE III; provided, however, that if Operator is ever required to pay such taxes, Owner will promptly reimburse Operator for such tax, including any interest, penalties, and attorney's fees assessed thereon by the applicable Governmental Authority. The Parties will cooperate to contest any invalid sales or use taxes imposed on the Services and to minimize the imposition of any such sales taxes.

ARTICLE IV. TERM OF AGREEMENT

Section 4.1 Term. Unless earlier terminated as herein provided, Operator shall perform the Services for the Service Term. No Services shall be provided after the expiration of the Service Term, except by the mutual written agreement of the Parties; provided however the Parties will comply with the provisions of Section 5.3 at the conclusion of the Service Term.

ARTICLE V. CESSATION OF SERVICES

Section 5.1 Discontinuation of Services. Owner may, with or without cause and for any or no reason, terminate this Agreement or discontinue any Service by giving Operator not less than ten (10) days prior written Notice of such discontinuation, to be effective on the last day of the month specified by Owner in its Notice. Owner shall be liable to Operator for all costs and expenses that Operator remains obligated to pay for Services provided until the actual completion of the transition of the Services.

Operator shall act under the Performance Standard in transitioning the performance of the Services to a Third Party or to Owner or another operator; provided that the applicable compensation for Services so transitioned shall continue until the termination thereof in accordance herewith and, with respect to any transition following a termination of Services under this Section 5.1, Owner shall pay any actual, documented out-of-pocket costs incurred for the transition of such Services.

Section 5.2 Procedures Upon Discontinuation or Termination of Services. Upon the discontinuation of all of the Services hereunder, this Agreement shall terminate and be of no further force and effect, except as to obligations accrued prior to the date of discontinuation or termination; provided, however, that Section 1.4, Section 3.3, Section 5.3 and ARTICLES VI, VII and VIII and Owner's audit rights under Section 3.3 and Section 7.7, shall survive such discontinuation or termination.

Section 5.3 Transition of Operations. The Parties agree to preserve as a priority during any transition of operations the safety of individuals and the environment in compliance with all Laws and Governmental Authorities. Prior to and through the expiration of the Service Term, including any termination of this Agreement, Operator shall make commercially reasonable efforts to transition the performance of the Services to a Third Party or to Owner in accordance with the Performance Standard, including providing commercially reasonable assistance to Owner to facilitate such transition; provided that the applicable compensation for Services so transitioned shall continue until the actual termination thereof, and Owner shall pay Operator any actual, documented out-of-pocket costs incurred by Operator for the transition of such Services. Owner shall provide Notice to Operator containing the applicable recipient and the manner and formant of delivery for transfer of any records to Owner (or its designee). Operator shall promptly deliver the records in accordance with such Notice, provided that Operator shall deliver the records by no later than 30 (thirty) days after the expiration of the Service Term and any supplemental records received by Operator after such date shall be transferred to the applicable recipient in a timely manner according to protocols established by the parties, if necessary. Owner shall be responsible for the documented out of pocket costs incurred by Operator to transfer and deliver such records. Operator may retain copies of any records or other data it is required to maintain by any Governmental Authority.

Section 5.4 Marketing Contracts. Upon expiration or termination of this Agreement pursuant to the terms hereof, to the extent Operator is the owner of such contracts or agreements, Operator shall immediately assign to Owner its rights to all contracts or agreements related to the Marketing Services described on Exhibit A hereto and take such actions as may be reasonably necessary to obtain any required consents for such assignments; provided, however, that Operator shall not be required to provide any monetary or non-monetary consideration for such consent unless paid by Owner. During the term of this Agreement, Operator shall not enter into any agreement(s) for the benefit or use of the Owner or in connection with the operation of the Assets that prohibits assignment to Owner.

ARTICLE VI. INDEMNITIES; DISCLAIMERS

Section 6.5 Insurance. Operator shall maintain, in all areas where Services are to be performed, all insurance required by applicable Law during the time that Services are being performed. Nothing contained under this Section 6.6, nor the actual amounts of insurance maintained by Operator or its Subcontractors, limits or reduces Operator's liability and indemnity obligations under this Agreement.

Section 6.6 Disclaimers. EXCEPT AS EXPRESSLY SET FORTH IN THIS AGREEMENT, OPERATOR MAKES NO, AND DISCLAIMS ANY, REPRESENTATIONS AND WARRANTIES, EXPRESS, IMPLIED, OR STATUTORY, WITH RESPECT TO THIS AGREEMENT OR THE PERFORMANCE OR RESULTS OF THE SERVICES.

Section 6.7 Laws; Application. The indemnification obligations in this ARTICLE VI are intended to comply with applicable Laws. To the extent such indemnification provisions are found to violate any applicable Laws, or in the event any applicable Laws are enacted or amended so as to cause these provisions to be in violation therewith, this Agreement shall automatically be amended to provide

that the indemnification provided hereunder shall extend only to the maximum extent permitted by the applicable Laws.

Section 7.11 Entire Agreement. This Agreement (together with the Appendix and Exhibits hereto,) constitutes the entire agreement among the Parties with respect to the subject hereof and supersedes any other representations, understandings or agreements (whether written, oral or otherwise) that may have been made or entered into by the Parties or any of their respective Affiliates relating to the transactions contemplated hereby or the subject hereof.

Section 7.12 Successors and Assignments. This Agreement is personal as to Operator and Owner and shall not be assigned by Operator without Owner's consent or any Owner without Operator's consent; provided that the foregoing shall not apply if Operator assigns this Agreement in total (i) along with all of its personnel who are performing any part of the Services hereunder to an Affiliate, provided

that no such assignment by Operator shall relieve Operator of its obligations under this Agreement, or (ii) to an acquirer of all or substantially all of Operator's employees providing Services hereunder.

Section 7.13 Amendment. This Agreement may be amended or modified in whole or in part, and terms and conditions may be waived, only by a duly authorized agreement in writing which makes reference to this Agreement executed by each Party.

Section 7.14 Construction.

(a) All article, section, schedule, and exhibit references used in this Agreement are to articles and sections of, and Appendix and Exhibits to, this Agreement, unless otherwise specified. The appendix and exhibits attached to this Agreement constitute a part of this Agreement and are incorporated herein for all purposes.

(b) Unless otherwise indicated, with respect to either Party, the terms "ordinary course of business" or "ordinary course" shall be deemed to refer to the ordinary conduct of business in a manner consistent with the past practices and customs of such Party.

(c) If a term is defined as one part of speech (such as a noun), it shall have a corresponding meaning when used as another part of speech (such as a verb). Terms defined in the singular have the corresponding meanings in the plural, and vice versa. Unless the context of this Agreement clearly requires otherwise, words importing the masculine gender shall include the feminine and neutral genders and vice versa. The words "include", "includes" or "including" do not limit the preceding terms and shall be deemed to be followed by the words "without limitation." The words "hereof," "hereto," "hereby," "herein," "hereunder" and words of similar import, when used in this Agreement, shall refer to this Agreement as a whole and not to any particular section or article in which such words appear. The term "or" is not exclusive.

(d) The terms "day" and "days" mean and refer to calendar day(s). The terms "year" and "years" mean and refer to calendar year(s).

(e) Operator and Owner have each participated in the negotiation and drafting of this Agreement, and, if an ambiguity should arise, this Agreement shall be construed as if drafted jointly by the Parties and no presumption or burden of proof shall arise favoring or burdening any Party by virtue of the authorship of any of the provisions in this Agreement.

(f) The captions in this Agreement are for convenience only and shall not be considered a part of or affect the construction or interpretation of any provision of this Agreement.

(g) All references to currency herein shall be to, and all payments required hereunder shall be paid in, United States Dollars.

(h) The serial comma is sometimes included and sometimes omitted. Its inclusion or omission shall not affect the interpretation of any phrase.

Section 7.15 Severability. If any provision of this Agreement is held invalid or unenforceable by any court of competent jurisdiction, the other provisions of this Agreement shall remain in full force

and effect. The Parties further agree that if any provision contained herein is, to any extent, held invalid or unenforceable in any respect under the Laws governing this Agreement, they shall take any actions necessary to render the remaining provisions of this Agreement valid and enforceable to the fullest extent permitted by Law and, to the extent necessary, shall amend or otherwise modify this Agreement to replace any provision contained herein that is held invalid or unenforceable with a valid and enforceable provision giving effect to the intent of the Parties to the greatest extent legally permissible.

No Person who is not a Party to this Agreement has any rights under this Agreement or may enforce any provision in this Agreement, except where a Person, or CUSA is entitled to insurance, defense, release, limitation of liability or indemnity protection under this Agreement. Notwithstanding the foregoing, the Parties agree that CUSA is an express third-party beneficiary of this Agreement. The Parties agree that CUSA shall have the right to enforce (i) Owner's rights hereunder in the event of an Operator breach or default under this Agreement, including those rights set out in Section 3.5, on behalf of Owner, in accordance with the last paragraph of Section 7.04 of the LLC Agreement, and (ii) Owner's termination rights hereunder, including those rights set out in Section 5.1, on behalf of Owner, in accordance with Section 7.10 of the Omnibus Agreement.

Section 7.18 Waivers. No waiver by any Party of this Agreement's terms, provisions or conditions is effective unless specifically evidenced in writing and signed by or on behalf of the Party granting such waiver. Any Party's failure to pursue remedies for breach of this Agreement, or payment by any Party of Invoices, does not constitute a waiver by any such Party of any breach of this Agreement or raise any defense against claims against a Party for breach of this Agreement. The waiver, failure to pursue remedies or to require the performance of any agreement or obligation under this Agreement, does not constitute (1) a waiver of any breach of this Agreement, or (2) a waiver of a later breach of any such agreement or obligation.

ARTICLE VIII. DISPUTE RESOLUTION

Section 8.1 Governing Law.

(a) If the Services are performed offshore or on inland waters, notwithstanding the place of execution hereof or the place for performance of any covenant, promise or agreement herein made, this Agreement and the validity hereof, the agreements evidenced hereby, and all matters and issues arising hereunder, shall, to the fullest extent possible, be construed pursuant to and governed by the General Maritime Laws of the United States. Section 8.2 Resolution of Disputes. The Parties shall exclusively and finally resolve any dispute between them using direct negotiations, mediation, and then arbitration as set out in this Article VIII, except as permitted in Section 8.5(g).

Section 8.3 Direct Negotiations. If a dispute arises, a Party seeking to initiate the dispute resolution process shall give Notice to the other Party of the Claim. The Parties shall attempt to resolve the dispute through direct negotiations in a meeting between the Parties, attended by individuals with decision-making authority, which must take place within 30 days, or as otherwise agreed to by the Parties, from the date the Notice was sent.

Section 8.4 Mediation. If the dispute cannot be resolved by direct negotiations within 30 days of initiation of the resolution process, either Party may initiate mediation by giving Notice to the other Party. Mediation must be attended by a representative from each Party with decision-making authority, and the proceeding must take place in Houston, Texas.

Section 8.5 Arbitration Proceedings. If the Parties fail to resolve the dispute within 60 days from Notice of mediation, either Party may initiate binding arbitration by giving Notice to the other Party. The arbitration must be conducted in accordance with the CPR Rules. To the extent of any conflicts between the Act or the CPR Rules and the provisions of this Agreement, the provisions of this Agreement prevail. The CPR is the appointing authority. The place of arbitration must be Houston, Texas. The following provisions will apply to arbitration proceedings:

(c) The existence of a dispute and any negotiations, mediation, and arbitration proceedings between the Parties in relation to any dispute are confidential and the Parties shall not make any disclosure to any Third Party. Any information, documents, or materials, created or produced for the purposes of, or used in, negotiations, mediation, or arbitration of a dispute are confidential and the Parties shall not disclose them to any Third Party unless there is a legal or

regulatory obligation to make a disclosure (but the disclosure must be limited to the extent necessary to comply with that legal or regulatory obligation), or to the extent required to enforce or challenge an award in bona fide legal proceedings before a state court or other judicial authority.

(d) The arbitrator(s) has no authority to appoint or retain expert witnesses for any purpose unless agreed to by the Parties. The arbitrator(s) may not act as *amiable compositeur* or *ex aequo et bono*.

(e) Unless a Party is otherwise entitled to be indemnified for such costs pursuant to this Agreement, the Parties intend that regardless of which Party prevails, all arbitration fees and costs must be split equally, between the Parties, and each Party shall bear its own costs of legal representation, witness expenses, and ancillary costs.

(f) The award is final and binding, and except for proceedings under Section 8.5(g), the Parties agree to waive their rights to: (i) apply to the court for determination of a point of law; and (ii) any form of appeal, review or recourse in respect of any such award to any court or other judicial authority, to the extent that such waiver may be validly made.

9. INDEMNIFICATION.

- 9.1 In consideration of Escrow Agent’s acceptance of this appointment, each Party hereby agrees to indemnify and hold Escrow Agent harmless as to any liability, and reasonable and duly documented costs and expenses (including, without limitation, counsel fees and expenses) which Escrow Agent may suffer or incur by reason of (a) any action, claim or

proceeding brought against Escrow Agent by such Party and arising out of or relating in any way to this Escrow Agreement or the transaction to which Agreement relates, except in the case of Escrow Agent's negligence, gross negligence, fraud or willful misconduct and (b) Escrow Agent's enforcement of its rights under this Section 9. The foregoing indemnification and agreement to hold harmless shall survive any resignation or removal of Escrow Agent and shall survive the termination of this Agreement.

10. INVESTMENTS.

- 10.1 Escrow Agent shall invest Escrowed Funds only in investments described on Exhibit C into which the Parties direct Escrow Agent in writing to invest ("**Permitted Investments**"); and Escrow Agent shall have no power or authority to invest or reinvest the Escrowed Funds except in such investments. All investments held in the name of Escrow Agent shall be held as the agent of the Parties. In the absence of written investment instructions described above, Escrow Agent shall invest the Escrowed Funds to the extent reasonably practicable in the investment identified in clause (a) in Exhibit C. Escrow Agent may make Permitted Investments through its own investment department or through affiliates. Interest earned will become part of the Escrowed Funds. Escrow Agent represents and warrants that neither it nor any affiliate of it will receive any compensation, commissions, fees (including, without limitation, any sale load charges, redemption fees, exchange fees, account fees, purchase fees, management fees, distribution fees, service fees or charges or similar payment) in connection with any investment of the Escrowed Funds except as disclosed on Exhibit B. The representation and warranty in the preceding sentence shall be deemed to have been made and repeated by Escrow Agent on each occasion on which any investment is made with any portion of the Escrowed Funds. Escrow Agent may elect, but shall not be obligated, to credit the Escrow Account with funds representing income or principal payments due on, or sales proceeds due in respect of, assets in any of the Escrow Account, or to credit to any of the Escrow Account assets intended to be purchased with such funds, in each case before actually receiving the requisite funds from the payment source, or to otherwise advance funds for Escrow Account transactions. Notwithstanding anything else in this Agreement, any such crediting of funds or assets shall be provisional in nature, and the Escrow Agent shall be authorized to reverse any such transactions or advances of funds in the event that it does not receive good funds with respect thereto.

11. CONFLICTS OF INTEREST.

- 11.1 No director, employee or agent of Escrow Agent shall give to or receive from any director, employee or agent of the Parties or any affiliate thereof any commission, fee, rebate, or any gift or entertainment of significant cost or value, or enter into any business arrangement with any director, employee or agent of the Parties or any affiliate thereof other than as a representative of the Parties or their affiliates, in connection with the services provided hereunder without the Parties' prior written consent. Escrow Agent shall promptly notify the Parties of any violation of this provision and any consideration received as a result of such violation shall be paid over or credited to the Parties. Additionally, if any violation of this provision occurring prior to the date of this Agreement resulted directly or indirectly in the Parties' consent to enter into this Agreement with Escrow Agent, the Parties may, at their sole option, terminate this Agreement at any time and, notwithstanding any other provision of this Agreement, pay no compensation or reimbursement to Escrow Agent whatsoever for any services provided after the date of termination.

12. NO PAYMENT TO GOVERNMENT OFFICIALS.

12.1 Neither Escrow Agent nor its employees, agents or subcontractors shall make any payment or give anything of value to any official of any government or public international organization, including any officer or employee of any government department, agency, or instrumentality to influence his or its decision, or to gain any other advantage for any Party or Escrow Agent in connection with the services performed hereunder. Any party to this Agreement shall immediately notify the other parties to this Agreement of any violation of this Section. Each party to this Agreement shall hold the others harmless from and against all losses and expenses arising out of any such violation. In the event of any violation of this Section, any party to this Agreement may, at its sole option, terminate this Agreement at any time.

13. RIGHT TO AUDIT.

13.1 Escrow Agent shall maintain true and correct records in connection with all matters relating to this Agreement and retain such records for the greater of 24 months or such period of time as is required by the Escrow Agent's document retention policies. Any representative(s) authorized by the Parties may in a reasonable time and to a reasonable extent audit records of Escrow Agent for the sole purpose of determining whether there has been compliance with the applicable provisions of this Agreement.

14. TAX REPORTING.

14.1 Each Party shall provide Escrow Agent a properly completed and duly executed applicable U.S. Internal Revenue Service ("IRS") Form W-9 for each payee to which it directs payment. If such tax documentation is not so provided, Escrow Agent is authorized to withhold taxes as required by the U.S. Internal Revenue Code and regulations promulgated thereunder. The Parties have determined that any interest or income on Escrowed Funds shall be reported on an accrual basis and deemed to be for the account of CUSA, and the Parties shall prepare and file all required tax filings with any applicable taxing authority consistent therewith.

14.2 The Parties shall provide Escrow Agent with all information requested by Escrow Agent necessary for (a) the preparation and filing by Escrow Agent with the IRS or other taxing authority of any applicable IRS Form 1099, IRS Form 1042-S, or similar document, or (b) the performance by Escrow Agent of any reporting obligations under the Foreign Account Tax Compliance Act, Foreign Investment in Real Property Tax Act, or other applicable law or regulation, in each case to the extent related to the performance or fulfillment of Escrow Agent's duties and obligations pursuant to this Agreement.

15. MISCELLANEOUS.

15.1 This Agreement (and, solely as between the Parties, the Omnibus Agreement and the Implementation Agreement) sets forth the entire agreement of the Parties and Escrow Agent with respect to the subject matter hereof. The provisions of this Agreement may be waived, altered, amended or supplemented, in whole or in part, only by writing signed by each of the Parties and Escrow Agent. Neither this Agreement nor any right or interest hereunder may be assigned in whole or in part by any party to this Agreement, except to affiliates of such party, without the prior written consent of the other parties hereto.

- 15.2 This Agreement shall be governed by and construed under the laws of the State of Texas, without giving effect to its conflict of law principles; provided, however, that nothing herein shall be construed to modify or negate the agreement of the Parties, solely as between themselves, that all disputes between them shall be resolved exclusively and finally pursuant to the dispute resolution provisions in the Omnibus Agreement.
- 15.3 No party to this Agreement is liable to any other party hereto for losses due to, or if it is unable to perform its obligations under the terms of this Agreement because of, acts of God, fire, war, earthquake, terrorism, floods, strikes, electrical outages, equipment or transmission failure, or other causes reasonably beyond its control.
- 15.4 This Agreement may be executed in one or more counterparts, each of which shall be deemed an original, but all of which together shall constitute the same instrument. All signatures of the Parties and Escrow Agent may be transmitted by facsimile, by email with the signature page as an image attachment (such as a .PDF, .TIF, .BIT, or .JPEG file) or by way of a digital signature provided by DocuSign (or such other digital signature provider as specified in writing to Escrow Agent by the authorized representative of the applicable Party), and such facsimile, email image attachment or digital signature will, for all purposes, be deemed the original signature of such Party or Escrow Agent whose signature it reproduces, and will be binding upon such Party or Escrow Agent. Each party hereto agrees to assume all risks arising out of the use of digital signatures and electronic methods to submit communications to the other parties hereto, including without limitation the risk of Escrow Agent acting on unauthorized instructions, and the risk of interception and misuse by third parties.
- 15.5 If any provision of this Agreement is determined to be prohibited or unenforceable by reason of any applicable law of a jurisdiction, then such provision shall, as to such jurisdiction, be ineffective to the extent of such prohibition or unenforceability without invalidating the remaining provisions thereof, and any such prohibition or unenforceability in such jurisdiction shall not invalidate or render unenforceable such provisions in any other jurisdiction.
- 15.6 A person who is not a Party or Escrow Agent shall have no right to enforce any term of this Agreement.
- 15.7 The Parties represent, warrant and covenant that each document, notice, instruction or request provided by such Party to Escrow Agent shall comply with applicable laws and regulations. Where, however, the conflicting provisions of any such applicable law may be waived, they are hereby irrevocably waived by the Parties and Escrow Agent to the fullest extent permitted by law, to the end that this Agreement shall be enforced as written.
- 15.8 Each of the Parties and Escrow Agent submits to the exclusive jurisdiction of the Federal and state law courts of Harris County, Texas for the limited and sole purpose to resolve any disputes regarding the formation, existence, construction, performance, validity and all aspects of this Agreement, provided that such submission will not prevent the enforcement of a Texas Federal or state court judgment in another jurisdiction. Nothing in this Section 15.8 shall be deemed to be an agreement by the Parties and Escrow Agent that Texas federal or state courts can exercise general jurisdiction over any Party or Escrow Agent. Any process may be validly served upon the Parties and Escrow Agent at the applicable address of the Party and Escrow Agent provided in Section 7.1.

16. CONFIDENTIALITY.

16.1 This Agreement and all transactions hereunder shall be kept confidential by Escrow Agent, and Escrow Agent hereby agrees not to provide copies of this Agreement or to disclose its specific terms or any of the transactions to any person without the prior written consent of CUSA and Operator except: (a) Escrow Agent may disclose to the applicable court in connection with any proceedings initiated to collect payment under this Agreement; (b) to any extent that it is required to disclose the same pursuant to any law or order of any court of competent jurisdiction, or any procedure for disclosure of documents in any proceedings before any such court (including any proceeding to enforce this Agreement) or in regulatory proceedings, or pursuant to any law or regulation having the force of law; provided, however, Escrow Agent shall give CUSA and Operator advance written notice of Escrow Agent's intention to disclose the same based on that requirement and a reasonable amount of time consistent with the requirement pursuant to which disclosure is to occur in which to seek adequate protective orders; and (c) to Escrow Agent's direct or indirect shareholders, directors, officers, employees, independent auditors, legal counsel, and other professional advisors to the extent such persons have a need to know, in each case if such persons are informed by Escrow Agent of its confidential nature and of their duty to maintain the confidentiality hereof, and who prior to any such disclosures shall have agreed to be bound by such duty of confidentiality. Notwithstanding anything to the contrary herein, Escrow Agent may provide copies of this Agreement and disclose its specific terms to a bank regulatory agency or in connection with an examination of its records by bank examiners without prior notice to CUSA or Operator, provided that Escrow Agent shall provide notice to CUSA and Operator as soon as practicable thereafter.

17. PATRIOT ACT DISCLOSURE.

17.1 Section 326 of the Uniting and Strengthening America by Providing Appropriate Tools Required to Intercept and Obstruct Terrorism Act of 2001 ("USA PATRIOT Act") requires Escrow Agent to implement reasonable procedures to verify the identity of any person that opens a new account with it. Accordingly, the Parties acknowledge that Section 326 of the USA PATRIOT Act and agree that Escrow Agent's identity verification procedures require Escrow Agent to obtain information which may be used to confirm a Party's identity, including, without limitation, name, address and organizational documents ("identifying information"). The Parties each agree to provide Escrow Agent with any such identifying information required as a condition of opening an account with or using any service provided by Escrow Agent.

18. SECURITY PROCEDURE FOR FUNDS TRANSFERS

18.1 Escrow Agent shall confirm each Disbursement Notice and any other funds transfer instruction received in the name of a Party by means of the security procedure selected by such Party and communicated to Escrow Agent through a signed certificate in the form of Exhibit D-1 (in the case of CUSA) or Exhibit D-2 (in the case of Operator) attached hereto, which upon receipt by Escrow Agent shall become a part of this Agreement. Once delivered to Escrow Agent, Exhibit D-1 and Exhibit D-2 may be revised or rescinded only by a writing signed by an authorized representative of CUSA (in the case of Exhibit D-1) or the Operator (in the case of Exhibit D-2). Such revisions or rescissions shall be effective only after actual receipt by Escrow Agent and following such period of time as may be necessary to afford Escrow Agent a reasonable opportunity to act on it. If a revised Exhibit

D-1 or Exhibit D-2 or a rescission of an existing Exhibit D-1 or Exhibit D-2 is delivered to Escrow Agent by an entity that is a successor-in-interest to the applicable Party, such document shall be accompanied by additional documentation satisfactory to the Escrow Agent showing that such entity has succeeded to the rights and responsibilities of such Party under this Escrow Agreement.

- 18.2 The Parties understand that Escrow Agent's inability to receive or confirm each Disbursement Notice or any other funds transfer instructions received in the name of a Party pursuant to the security procedure selected by such Party may result in a delay in accomplishing the funds transfer requested pursuant to such Disbursement Notice or other funds transfer instructions, and agree that Escrow Agent shall not be liable for any loss caused by any such delay.

Neptune Spar Transition Services Agreement

See attached.

*Exhibit 9 to the Implementation Agreement***NEPTUNE SPAR TRANSITION SERVICES AGREEMENT**

This Neptune Spar Transition Services Agreement dated and effective as of _____, 2021 (the “Effective Date”) (this “Agreement”) is by and between Mako Buyer LLC, a Delaware limited liability company (the “Service Provider”) and Noble Energy, Inc. a Delaware corporation (the “Predecessor”). Service Provider and Predecessor are sometimes referred to collectively as the “Parties” and individually as a “Party”.

WHEREAS, pursuant to the final confirmation order in respect of the Chapter 11 cases of Fieldwood Energy LLC and its debtor Affiliates (as defined below) (collectively the “Debtors”) in Case No. 20-33948 the Debtors have abandoned certain oil and gas properties and assets for which Predecessor is a predecessor-in-interest;

WHEREAS, Predecessor has requested that Service Provider provide certain operational maintenance, monitoring, technical, and administrative services with respect to the Asset (as defined below), upon the terms and conditions set forth herein, for three hundred sixty-five (365) days from the exit of the Chapter 11 cases, and Service Provider has agreed to do so; and

WHEREAS, other than as otherwise agreed by the Parties, during the Service Term (as defined below) and during any transition activities, Predecessor will be responsible for and shall pay all costs associated with the Asset and/or the Services (as defined below), including but not limited to third party costs and costs associated with Services provided by Service Provider’s employees.

NOW, THEREFORE, in consideration of the premises and of the mutual promises, covenants, conditions, and agreements contained herein, and for other valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the Parties hereby agree as follows:

ARTICLE I. TRANSITION SERVICES

Section 1.1 Services. Subject to the terms of this Agreement, Service Provider shall provide or cause to be provided the transition services described on Exhibit A (collectively, the “Services”) for all of the oil and gas assets described in Schedule 1 attached hereto (the “Asset”) in accordance with the standard of performance set forth in Section 1.2 below for the period set forth in Article IV, subject to the provisions of Article V. The Services will be provided to Predecessor in connection with the continued maintenance and monitoring of the Asset and, as necessary, to assist in the transition of the maintenance and monitoring of the Asset to Predecessor or another service provider and terminate the Services hereunder on or before the end of the Service Term.

Section 1.2 Standard of Performance. Subject to the terms of this Agreement, Service Provider shall perform or cause to be performed the Services (a) as a reasonably prudent operator as the contract service provider hereunder would perform such Services, (b) in a good and workmanlike manner consistent with past practices related to the Asset, (c) with due diligence and dispatch, and (d) in compliance with all Laws (as defined below), licenses, authorizations and permits; **PROVIDED, HOWEVER, EXCEPT AS EXPRESSLY PROVIDED HEREIN, IN NO EVENT SHALL SERVICE PROVIDER HAVE ANY OBLIGATIONS OR LIABILITY**

TO ANY PREDECESSOR GROUP MEMBER EXCEPT WITH RESPECT TO SERVICE PROVIDER'S INDEMNITY OBLIGATIONS AS PROVIDED IN SECTION 6.2. For purposes of this Agreement, "Laws" means any and all applicable laws, statutes, codes, constitutions, ordinances, decrees, writs, injunctions, orders, judgments, principles of common law, rules, licenses, authorizations, or regulations (including environmental laws) that are promulgated, issued, or enacted by any Governmental Authority (as defined below) having jurisdiction. In providing the Services to the Predecessor, Service Provider may use, at its discretion, its own personnel or the personnel of any of its Affiliates or employ the services of contractors, subcontractors, vendors, or other third parties. For purposes of this Agreement, "Affiliates" with respect to a Party means any person or entity that controls, is controlled by or is under common control with such Party where control means the direct or indirect power to direct the management of the entity at issue.

Section 1.3 Independent Contractor. At all times during the performance of Services by Service Provider, all persons performing such Services who shall be in the employ and/or under the control of Service Provider or its Affiliates (including agents, contractors, temporary employees, and consultants) shall be independent from Predecessor and not employees of Predecessor and shall not be entitled to any payment, benefit, or perquisite directly from Predecessor on account of such Services, including, but not limited to, group insurance and participation in any employee benefit and pension plans maintained by Predecessor or any Affiliate of Predecessor. Service Provider shall be responsible for all employee benefits and payroll taxes of its employees performing the Services. Service Provider will not be required to provide any Services the provision of which would violate applicable Laws. Notwithstanding any other provision contained elsewhere in this Agreement, in all cases where the Service Provider is performing Services under this Agreement offshore the State of Louisiana or are otherwise covered by the Louisiana Worker's Compensation Act, La. Rev. Stat. § 23.1021 et seq., the Parties acknowledge and agree that all such operations pursuant to this Agreement are an integral part of and are essential to the ability of Predecessor to generate Predecessor's goods, products, or services, and that whenever Services and work are performed hereunder in or offshore Louisiana, or the Louisiana Workers' Compensation Act may be applicable, the employees of Service Provider and their contractors providing such Services or performing such work, if any, whether direct, statutory, borrowed, or otherwise, are statutory employees of Predecessor in accordance with the Louisiana Worker's Compensation Act, La. Rev. Stat. § 23.1021 et seq. and the protections afforded a statutory employer under Louisiana Law shall apply. In such event, Service Provider agrees that Predecessor is and shall be deemed a statutory employer of Service Provider's employees for the sole purposes of La. Rev. Stat. § 23.1061(A)(3), as the same may be amended from time to time.

Section 1.4 Records. Service Provider shall use commercially reasonable efforts to maintain or cause to be maintained true and correct records of all receipts, invoices, reports, and such other documents as are customarily maintained by Service Provider for its own operations relating to each Service rendered hereunder for a period of the later of (i) two (2) years following the end of the Service Term or (ii) such other time required by applicable Law. All such receipts, invoices, reports, and other documents are the property of Predecessor.

Section 1.5 Limitation of Services. Notwithstanding anything herein to the contrary, Predecessor acknowledges certain personnel of Service Provider and/or its Affiliates involved in the provision of the Services may leave the employment of such Service Provider and/or its Affiliates or terminate their employment or contract with such Service Provider or its Affiliates during the term of this Agreement. The Services shall not include providing any technical evaluations regarding any proposals for drilling, reworking, or other capital expenditure projects, or the new development of any assets. Service Provider makes no representation or warranty regarding the ability of Service Provider and/or its Affiliates to retain any employees, contractors, or subcontractors and neither Service Provider nor any of its Affiliates shall have any liability to Predecessor as to the result of the loss of any such employees, contractors, or subcontractors. Service Provider and its Affiliates shall use commercially reasonable efforts to report all information accurately but shall not be responsible for the accuracy or completeness of any information furnished by any other party for inclusion in any reports or for results obtained by use of any inaccurate information so furnished.

(A) Notwithstanding any other provision in this Agreement to the contrary:

- (i) Service Provider shall have no obligation to be designated with any applicable state, local, or federal governmental entity (each individually, a “Governmental Authority”; and collectively, “Governmental Authorities”) as a designated operator, designated applicant, designated payor, or responsible party for the Asset;
- (ii) Service Provider shall have no obligation to post any bond or other security on behalf of Predecessor or to make any payment directly out of Service Provider’s own funds for any Services;
- (iii) Service Provider shall have no obligation to provide any Service for which a third party is obligated or permitted (under a joint operating agreement, contract services agreement or otherwise) to provide the same service for Predecessor; provided, however, that Service Provider’s use of a subcontractor to perform any part of the Services shall not excuse Service Provider from the obligation to perform such Services;
- (iv) Predecessor acknowledges and agrees that it will be responsible for and shall provide any required bond or security for the Services;
- (v) if Service Provider reasonably believes that it cannot perform any Service without creating a breach of an existing agreement to which Predecessor is a party or the Asset is bound as of the Effective Date, and/or violating the Law, then Service Provider shall have no obligation to perform such Service and such Service shall no longer be included within the Services, and Service Provider shall give prompt, written Notice (as defined below) of such issue to Predecessor, prior to the discontinuation of such Service, with detailed descriptions of the agreement in question and the breach and/or violation Service Provider believes will be created. In the event such possible breach and/or violation is cured or remedied within thirty (30) days following Predecessor’s receipt of such Notice, Service Provider may perform such Service only insofar as performance would not create the breach or violation; and

- (vi) In the performance of the Services, Service Provider must obtain consent of Predecessor to perform any of the following actions on behalf of Predecessor: execute, amend, waive, release, extend, terminate, or otherwise modify any of the governmental approvals, leases, or other agreements related to the Asset (other than an agreement in the ordinary course of business with a service provider using agreements substantially in the form previously used or other forms reasonably approved by Predecessor).

Section 1.6 Service Provider's Access to the Asset. To the extent necessary for Service Provider to perform the Services, Predecessor shall provide Service Provider unrestricted access to the Asset and shall execute any instrument, license, certificate, or other agreement reasonably necessary to provide such access.

Section 1.7 Designated Operator. To the extent allowed or required under applicable Law, as soon as reasonably possible after the Effective Date, Predecessor shall become the designated operator of the Asset for decommissioning purposes and shall provide any required bonding and/or Certificate of Financial Responsibility coverage.

ARTICLE II. COMPENSATION

Section 2.1 Compensation for Services. During the Service Term, Predecessor shall pay to and reimburse Service Provider the amounts determined pursuant to Section 3.1 below for the provision of the Services to Predecessor.

ARTICLE III. PAYMENT AND DEFAULT

Section 3.1 Submission of Invoice. Service Provider shall submit a written invoice (the "Invoice") to Predecessor, along with copies of any third party invoices and other supporting details evidencing the expenses satisfactory to Predecessor, on or before the fifteenth (15th) Business Day of each month setting forth an itemized accounting of the actual costs incurred in the preceding month, or as applicable, the preceding months for which an Invoice was not issued, for the Services provided by Service Provider. For the purposes of this Agreement, "Business Day" shall mean any day other than a Saturday or a Sunday or a day on which federally chartered banking institutions in Houston, Texas, are authorized by Law to close, but for purposes of Notices or other communications given hereunder, means before 4:00 p.m. on such day in the city of Houston, Texas.

For shared costs, such as salaried and hourly personnel, IT systems, and other office related infrastructure and overhead, Service Provider shall allocate those costs as follows:

For "people" costs, Service Provider shall bill Predecessor for actual time incurred by its full-time employees in performing Services hereunder rounded up to the nearest hour. The hourly rate of each Service Provider employee shall be equal to the annual payroll cost (including salary, vacation pay, target bonus, 401(k) match, and payroll taxes) of the employee divided by 2,080 hours.

For illustrative purposes, two actual employees are shown below:

For all other shared costs identified below, Service Provider shall bill Predecessor for the proportionate use in the performance of the Services hereunder. The proportionate use shall be determined by the Total Hours Billed divided by the Total Employee Hours. “Total Hours Billed” is equal to the total number of hours recorded by Service Provider’s full-time employees in performing Services hereunder and “Total Employee Hours” is equal to Service Provider’s average daily headcount of full-time employees performing Services hereunder during the applicable month multiplied by eight hours multiplied by the number of Business Days in the month.

All other shared costs include and are limited to the following:

- (i) IT-related costs (IT systems and software)
- (ii) Healthcare and other benefits (benefits cost and administration)
- (iii) Communications

For example, assuming an average daily headcount of 275 full-time employees performing Services hereunder and 20 Business Days in the applicable month, Total Employee Hours for the month would equal 44,000 hours (275 employees x 20 Business Days x 8 hours). If the Total Hours Billed for the month is 100, Predecessor’s proportionate use would be 0.23%; and Service Provider would bill Predecessor for 0.23% of these other shared costs.

Any third party costs associated with the Services will be billed to the Service Provider and charged to the Predecessor on monthly invoices.

Section 3.2 Payment of Invoices. Absent manifest error in inclusion or omission of items or calculations contained in an Invoice (if there is a manifest error, Predecessor will correct such error and show such recalculation on or before the date when payment would otherwise be due), the Predecessor shall pay within thirty (30) Business Days of Predecessor’s receipt of an Invoice the undisputed amounts invoiced to Predecessor by wire transfer of immediately available funds to the bank account designated on the Invoice by Service Provider. Adjustment credit or debits shall be shown on the Invoice next succeeding the Invoice in which the adjustment is made. Service Provider shall provide reasonable back-up and supporting documents related to any Invoice within five (5) Business Days of Predecessor’s written request. Any preexisting obligation to make payment for the Services provided hereunder or out-of-pocket costs of Service Provider shall survive the termination of this Agreement until paid. Predecessor shall have access to and the right to audit all records supporting such Invoice amounts for the period set forth in Section 1.4 and Section 7.4.

Section 3.3 Predecessor Default. It shall constitute a default on behalf of Predecessor (an “Predecessor Default”) if Predecessor fails to timely pay any Invoice amount for Services provided pursuant to this Agreement in accordance with the provisions of this Article III or fails to perform any covenants of Predecessor under this Agreement, which failure continues for at least fifteen (15) days following receipt of written Notice to Predecessor of such failure; provided, however, that if Predecessor cannot reasonably cure such failure (other than for the payment of money or providing indemnity defense) within such fifteen (15) day period, no Predecessor Default shall be deemed to occur provided Predecessor demonstrates that it has diligently taken reasonable steps to cure such failure within such fifteen (15) day period and diligently prosecutes such cure to completion. Upon the occurrence of a Predecessor Default, Service Provider may, in addition to all other remedies available at Law or at equity, (i) suspend all or any portion of the provision of Services hereunder to Predecessor until such time as the Predecessor Default is cured and all unpaid, undisputed Invoice amounts for Services to Service Provider under this Agreement for such suspended Services are paid in full or (ii) terminate this Agreement effective immediately and be entitled to any amounts owed to Service Provider by Predecessor hereunder together with interest on such amount at a rate equal to 5% per annum, calculated daily on the basis of a year of 365 days and the actual number of days elapsed (the “Rate”) from the date due, until such undisputed amounts, together with all accrued and unpaid interest thereon, are paid in full.

Section 3.4 Service Provider Default. Subject to Section 3.3 above, it shall constitute a default on behalf of Service Provider (an “Service Provider Default”) if Service Provider fails to provide a Service to Predecessor in accordance with the terms and conditions of this Agreement, which failure is not by reason of an Predecessor Default or Force Majeure and continues for at least fifteen (15) days following receipt of written Notice to Service Provider; provided, however, that if Service Provider cannot reasonably cure such failure within such fifteen (15) day period, no Service Provider Default shall be deemed to occur provided Service Provider demonstrates that it has diligently taken reasonable steps to cure such failure within such fifteen (15) day period and diligently prosecutes such cure to completion. Upon the occurrence of a Service Provider Default, Predecessor may, in addition to any other rights or remedies available at Law, in equity, or by contract, terminate this Agreement within the time frame specified by Predecessor in a written Notice to Service Provider so terminating this Agreement.

Section 3.5 Third Person Services. Predecessor recognizes that Service Provider may hire third parties to provide certain portions of the Services, and Predecessor shall be responsible for the payment to Service Provider of amounts due by Service Provider to such third parties, which are incurred from and after the Effective Date with respect to the Asset. In the event Service Provider incurs costs of a third party, such costs will be included in an Invoice, and Predecessor shall reimburse Service Provider at the same time and in the same manner as the payment described in Section 3.2.

Section 3.6 Sales Taxes. Any sales, use, value-added or similar taxes paid or incurred hereunder for Services that Service Provider is required to pay or incur as a result of such Services shall be passed on to, and be the obligation of, Predecessor as an explicit surcharge and shall be paid by Predecessor in addition to any payments for Services as set forth in Section 3.1 above, whether included in the applicable Invoice, or added retroactively, such that the amount received by the Service Provider shall be as if no such taxes had been imposed. If Predecessor submits to

Service Provider a timely and valid resale or other exemption certificate sufficient to support the exemption from sales taxes, then such taxes will not be added to the Invoices for Services payable pursuant to this Article III; provided, however, that if Service Provider is ever required to pay such taxes, Predecessor will promptly reimburse Service Provider for such tax, including any interest, penalties, and attorney's fees assessed thereon by the applicable Governmental Authority. The Parties will reasonably cooperate to contest any invalid sales or use taxes imposed on the Services and to minimize the imposition of any such sales taxes.

ARTICLE IV. TERM OF AGREEMENT

Section 4.1 Term. The term of this Agreement (the "Service Term") shall be a period beginning on the Effective Date until the earlier to occur of (i) the date Predecessor, in its sole discretion, is ready and able to take over operations on the Asset and (ii) a date which is 365 days from the Effective Date, subject to Article V. No Services shall be provided after the expiration of the Service Term, except by the mutual written agreement of the Parties.

ARTICLE V. CESSATION OF SERVICES

Section 5.1 Discontinuation of Services. Predecessor may, with or without cause and for any or no reason, terminate the Service Term and discontinue any Service by giving Service Provider not less than ten (10) days prior written Notice of such discontinuation. Predecessor shall be liable to Service Provider for all costs, expenses, losses, and obligations Service Provider remains obligated to pay (x_ under the terms hereunder or (y) under any other existing contract related to such Services, including as a result of such termination or discontinuation, including any and all actual, documented out-of-pocket amounts reasonably incurred by Service Provider, provided that (a) Service Provider has an obligation to mitigate such costs and (b) any such costs billed to Predecessor pursuant to clause (y) shall be limited to the average monthly charge billed to Predecessor under Section 3.1 using the previous three (3) calendar months to determine such average monthly charge.

Section 5.2 Effect of Termination of Services. Upon the discontinuation or termination of all Services hereunder, this Agreement shall terminate and be of no further force and effect, except as to obligations accrued prior to the date of discontinuation or termination; provided, however, that Section 1.4, Articles VI and VII, and Predecessor's audit rights under Section 3.2 and Section 7.4 of this Agreement shall survive such discontinuation or termination.

Section 5.3 Transition of Operations. The Parties agree to preserve as a priority during any transition of operations the safety of individuals and the environment in compliance with all Laws and Governmental Authorities. Prior to and through the termination of this Agreement, Service Provider shall make commercially reasonable efforts to transition the performance of the Services to a third party or to Predecessor, including providing commercially reasonable assistance to Predecessor to facilitate such transition; provided that the applicable compensation for Services so transitioned shall continue until the actual termination thereof, and Predecessor shall pay any actual, documented out-of-pocket costs incurred for the transition of such Services. Upon request, Predecessor shall provide Service Provider with an update as to the status of activities to transition the Services. At Predecessor's request and expense, Service

If the General Maritime Laws of the United States are held to be inapplicable to this Agreement or the Services (or any part thereof) to be performed hereunder by a court of competent jurisdiction, then Subsections 8.1(b) and 8.1(c) below shall apply, as appropriate, but only to the extent that United States General Maritime Law is held to be inapplicable.

(b) If any court of competent jurisdiction determines that United States General Maritime Law is not applicable to any relevant part of this Agreement or the work to be performed hereunder, then such part of this Agreement and/or the work to be performed hereunder, shall, to the fullest extent enforceable under applicable Law, be interpreted and enforced exclusively in accordance with the Laws of the State of Texas.

The Parties shall attempt to resolve the Dispute through direct negotiations in a meeting between the Parties, attended by individuals with decision-making authority, which must take place within thirty (30) days, or as otherwise agreed to by the Parties, from the date the Notice was sent.

Section 8.4 Mediation. If the Dispute cannot be resolved by direct negotiations within 30 days of initiation of the resolution process, either Party may initiate mediation by giving Notice to the other Party. Mediation must be attended by a representative from each Party with decision-making authority, and the proceeding must take place in Houston, Texas.

To the extent of any conflicts between the Act or the CPR Rules and the provisions of this Agreement, the provisions of this Agreement prevail. The CPR is the appointing authority. The place of arbitration must be Houston, Texas.

The following provisions will apply to arbitration proceedings:

- (D) The arbitrator(s) does not have the power to award, nor will the arbitrator(s) award, the Damages waived and released under Section 6.5. The arbitrator(s) has no authority to appoint or retain expert witnesses for any purpose unless agreed to by the Parties. The arbitrator(s) may not act as *amiable compositeur* or *ex aequo et bono*.
- (E) Unless a Party is otherwise entitled to be indemnified for such costs pursuant to this Agreement, the Parties intend that regardless of which Party prevails, all arbitration fees and costs must be split equally, between the Parties, and each Party shall bear its own costs of legal representation, witness expenses, and ancillary costs.

- (F) The award is final and binding, and except for proceedings under Sections 8.5(G) and 8.5(H), the Parties agree to waive their rights to: (1) apply to the court for determination of a point of law; and (2) any form of appeal, review or recourse in respect of any such award to any court or other judicial authority, to the extent that such waiver may be validly made.

ARTICLE X. MISCELLANEOUS

Section 10.1 Force Majeure. (d) upon instruction by CUSA and Operator, to Operator, upon delivery of a PRA Certificate, for the amount of the applicable Paid Reduction Amounts certified to CUSA in such PRA Certificate;

(e) upon instruction by CUSA and Operator, to the applicable Person(s) in accordance with instructions given by CUSA and Operator pursuant to Sections 5 or 6.1(A) of the Escrow Agreement, for the amount specified in such instructions; or

(f) upon instruction by CUSA and Operator, on the Release Date (i) if the Release Date occurred pursuant to Section 3.2(c), to CUSA for the amount of any Decommissioning Costs incurred by CUSA or any of its Affiliates and not previously paid under clause (b) above, in the amount of such Decommissioning Costs and (ii) to Operator, in an amount equal to the remaining funds on deposit in the Deepwater Escrow Account (after, if applicable, the payments made to CUSA pursuant to clause (i) above).

Upon a draw in accordance with Section 2.4(b), the Coverage Amount will be reduced by the amount of draw (as contemplated by the definition of Coverage Amount). No draw shall reduce the Deepwater Escrow Account below a zero balance.

Section 2.5 Calls on Other Securities. A call against any Deepwater Surety Bond or LC may be made from time to time by CUSA (a) in the event BOEM or BSEE issues a decommissioning order to CUSA or any of its Affiliates in relation to any CUSA Deepwater Assets in an amount equal to the Decommissioning Costs actually incurred by CUSA or any of its Affiliates in connection with such order, (b) in the event CUSA or any of its Affiliates otherwise incurs any such Decommissioning Costs with respect to the CUSA Deepwater Assets, for up to the amount of such Decommissioning Costs or (c) if Operator has failed to deliver a replacement letter of credit, decommissioning surety bond or other Applicable Required Security when required under Section 2.2(d), in the maximum amount available under such LC or Deepwater Surety Bond.

(c) If Operator is subsequently downgraded and no longer has an Acceptable Credit Rating, then Operator's obligations in Section 2.2 shall resume immediately and Operator shall provide financial security to the Coverage Amount within 60 days thereafter or, failing to do so, the Parties shall effect and instate (or reinstate) the NPI Grant pursuant to Section 2.2.

ARTICLE II **GRANTING PROVISIONS**

Section 2.1. Granting Clause. For and in consideration of good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Grantor does hereby GRANT, BARGAIN, SELL, TRANSFER, ASSIGN, CONVEY, WARRANT and DELIVER to NPI Owner a net profits overriding royalty interest in and to the Subject Interests and in and to the Subject Hydrocarbons in and under the Subject Interests and that may be produced and saved from (or otherwise allocable to) each Subject Interest that is equal to (and measured by) the NPI Percentage of the Net Profits, as determined by and calculated in accordance with the terms of Article III, of the Subject Hydrocarbons that may be produced and saved from (or otherwise allocable to) the Subject Interests, together with all and singular the rights and appurtenances

thereto in anywise belonging (the “NPI”), all as more fully discussed and subject to the terms provided below.

TO HAVE AND TO HOLD the NPI unto NPI Owner, its successors and assigns, forever. Grantor will pay and account to NPI Owner the NPI as provided herein.

Section 2.2. Non-Operating, Limited Cost-Bearing Interest. The NPI is a non-operating, limited expense-bearing net profits overriding royalty interest in and to the Subject Interests, free of all cost, risk, and expense of exploration, development, plugging and abandonment of the Subject Interests or the Subject Hydrocarbons. Except as described in Section 3.3(c), the NPI shall be free and clear of (and without deduction therefrom of), and Grantor shall bear and pay, all Taxes (other than Debited Taxes) with respect to the NPI and the Subject Hydrocarbons imposed on NPI Owner. Without limitation of the foregoing, Grantor will promptly (and in any event within thirty (30) days after receiving any notice or statement for the same) pay all Reimbursable Expenses which have been incurred and are unpaid and will reimburse NPI Owner for any Reimbursable Expenses, and for any other amounts that Grantor is obligated to pay hereunder, which have nonetheless been paid by or on behalf of NPI Owner. Each amount that is to be paid by Grantor pursuant to this Conveyance which is instead paid by or on behalf of NPI Owner shall bear interest at the Fixed Rate on each day from and including the date of such payment until but not including the date repaid by Grantor. This Conveyance is an absolute conveyance of a presently vested interest in real and/or immovable property and, in the State of Louisiana, an immovable right, causing title to the NPI to be vested in NPI Owner as of the Effective Time.

Section 2.3. No Proportionate Reduction. It is understood and agreed that, although the NPI is conveyed by Grantor to NPI Owner out of the Subject Interests, the NPI shall be determined based on all of Grantor’s right, title and interest in and to the Subject Interests as of the Conveyance Date.

Section 2.4. Renewals and Extensions. Grantor shall have the unrestricted right to renew, extend, modify or amend the Leases with respect to any of the Subject Lands covered thereby without the consent of NPI Owner. This Conveyance and the NPI shall apply to Grantor’s and its Affiliates’ interests in all renewals, extensions, modifications and amendments of each lease (or other determinable interest) which is included in the Subject Interests, whether such renewals, extensions, modifications and amendments have heretofore been obtained by Grantor or are hereafter obtained by or for Grantor or any Affiliate thereof and whether or not the same are described in Exhibit A; provided that any fees, costs and expenses actually paid by Grantor with respect to such renewal, extension, modification and amendment may be debited to the Net Profits Account. For the purposes of the preceding sentence, a new lease or other determinable property interest that covers the same interest (or any part thereof) covered by a prior lease or property interest, and which is acquired within twelve (12) months after the expiration, termination, or release of such prior lease or property interest, shall be treated as a renewal or extension of such prior lease or property interest.

Section 2.5. Termination of a Subject Interest. In the event any particular Subject Interest (or portion thereof, as applicable) should by its terms terminate and not be extended, renewed, or replaced, the NPI shall no longer apply to that particular Subject Interest (or such portion thereof, as applicable), but the NPI shall remain in full force and effect and undiminished

as to all remaining Subject Interests, if any, (and the remaining portion of such Subject Interest, as applicable); provided, however, that, notwithstanding such termination, any costs and expenses attributable to such Subject Interest (or portion thereof, as applicable) that are otherwise eligible to be debited from the Net Profits Account shall continue to be debited pursuant to the provisions of Article III.

Section 2.6. Pooling, Communitization and Unitization.

(a) Certain of the Subject Interests may have been pooled, communitized or unitized for the production of oil, gas and/or minerals prior to the Effective Time or, after the Effective Time, may be so pooled or unitized pursuant to Section 2.6(b). Such Subject Interests are and shall be subject to the terms and provisions of such pooling and unitization agreements, and the NPI in each such Subject Interest shall apply to (and the term "Subject Hydrocarbons" shall include) the production from such units which is attributable to such Subject Interest (and the Net Profits Account shall be computed giving consideration to such production and costs, expenses, charges and credits attributable to such Subject Interest) under and by virtue of the applicable pooling and unitization agreements.

(b) Grantor shall have the right and power to unitize, communitize or pool, on a voluntary basis, any portion or portions of the Subject Interests without the express written consent of NPI Owner. Notwithstanding the foregoing, if pursuant to any such voluntary pooling or unitization or any Law or order of any Governmental Authority, any portion of the Subject Interests is pooled, communitized or unitized in any manner, the NPI shall apply to the production which is attributable to such portion of the Subject Interests under and by virtue of such pooling, communitization and unitization arrangements (as if such unit or property interest and the interest of Grantor therein were specifically described in Exhibit A). NPI Owner shall, at Grantor's sole cost and expense, cooperate in good faith to prepare and execute any documents reasonably necessary to accomplish the purposes of this Section 2.6.

ARTICLE III

Section 3.2. Credits. Except as otherwise provided herein, the Net Profits Account shall be credited (without duplication herein) with the following gross revenue actually received by (or credited to Grantor if credited by a Related Person) from the sale or other disposition of Subject Hydrocarbons produced from and after the Effective Time, in each case as of the date the corresponding proceeds for Subject Hydrocarbons are actually received by Grantor (the "Gross Proceeds"). The amount of Gross Proceeds to be credited to the Net Profits Account with respect to any sale or disposition of Subject Hydrocarbons shall be subject to the following:

(a) Gross Proceeds shall include all consideration and other amounts actually received by (or credited to Grantor if credited by a Related Person) attributable to the sale or other

(b) If any Non-Affiliate withholds or delays payment of proceeds of Subject Hydrocarbons for any reason (other than at the request of Grantor), such proceeds shall not be considered to be Gross Proceeds until such proceeds are actually paid and received by Grantor (provided that if any interest or penalty is also paid in connection therewith, such interest or penalty shall be deemed proceeds of Subject Hydrocarbons), and provided further that if a Related Person withholds or delays payment of proceeds of Subject Hydrocarbons for any reason, such proceeds shall be considered to be Gross Proceeds relating to the applicable Production Period;

(c) If any Subject Hydrocarbons are Processed before sale, the amount of Gross Proceeds credited to the Net Profits Account for such Subject Hydrocarbons shall be the amount actually received from the sale of such Subject Hydrocarbons less the Manufacturing Costs; and

(d) Gross Proceeds shall not include any amounts that are to be applied as reductions to debits pursuant to Section 3.4.

Section 3.3. Debits. Except as otherwise provided herein, the Net Profits Account shall be debited (without duplication herein or any duplication resulting from any charges under the COPAS accounting procedures attached to any Applicable JOA) with the following costs and expenses to the extent (i) such costs and expenses are properly allocable to the Subject Interests and incurred during the period from and after the Effective Time, and (ii) such costs and expenses are actually paid by Grantor from and after the Effective Time:

(e) All direct costs and charges attributable to the Subject Interests that are paid by Grantor to a Non-Affiliate operator with respect to periods after the Effective Time under an Applicable JOA (and all exhibits attached thereto including the COPAS accounting procedures) governing the relevant Subject Interests;

(f) All (i) costs and expenses of litigation, proceedings, collections, liens, judgments, liabilities and claims incurred and paid by Grantor allocable to the Subject Interests or Subject Hydrocarbons and (ii) payment of judgments, penalties and other liabilities (including interest thereon), incurred by Grantor (and not paid or reimbursed under insurance maintained by Grantor or others) and involving any of the Subject Interests, or incident to the development, operation or maintenance of the Subject Interests from and after the Effective Time, or requiring the payment or restitution of any proceeds of Subject Hydrocarbons;

(g) If as a result of the occurrence of the bankruptcy or insolvency or similar occurrence of the purchaser of Subject Hydrocarbons any amounts previously included in Gross Proceeds are reclaimed from Grantor or its representative, then the amounts reclaimed as promptly as practicable following Grantor's payment thereof; and

(h) All costs, expenses and liabilities incurred by Grantor in maintaining, renewing or extending any of the Leases or maintaining or increasing production on such Lease.

Notwithstanding the foregoing provisions of this Section 3.3 or anything else to the contrary contained in this Conveyance, the amounts debited to the Net Profits Account shall not include any of the following:

(i) Non-Qualified Expenditures.

(ii) Any amount otherwise able to be debited which has also reduced the amount of the Subject Hydrocarbons or Gross Proceeds (including, by way of example, royalties and overriding royalties not included in Subject Hydrocarbons and production, severance, and other Taxes (other than penalties or interest) withheld and not included in Gross Proceeds).

(iii) Any overriding royalty, production payment or other charge burdening the Subject Interests which is created by Grantor after the Effective Time.

(viii) Any expenses, expenditures or other amounts accrued prior to the Effective Time, even if paid after the Effective Time, unless agreed to by Grantor and CUSA in writing.

Section 3.4. Reduction of Debits. The debits to the Net Profits Account provided for in Section 3.3 and elsewhere in this Conveyance shall be reduced after the Effective Time by the following to the extent actually received by or credit to Grantor and to the extent applicable to the Subject Interests:

(a) The gross proceeds attributable to Subject Interests which are received by Grantor from the sale of (or, if disposed of by Grantor other than by sale, the then current market value of) any materials, supplies, equipment and other personal property or fixtures located on or used in connection with the Subject Interests (including all amounts attributable thereto which are received by Grantor by way of conformance of investment in personal property and equipment if the Subject Interests or any part or parts thereof are hereafter unitized).

(b) The gross proceeds of all insurance payments collected by Grantor (i) if the cost of the related policy is chargeable to the Net Profits Account, directly or indirectly, or (ii) for loss of or damage to any of the Subject Interests, any Subject Hydrocarbons, or any materials, supplies, equipment or other personal property or fixtures located on or used in connection with any of the Subject Interests.

(d) Any Prior Period Debit Reduction.

Section 3.5. Accounting.

(a) By the end of the second Month after each Production Period, a calculation of Net Profits or Net Deficit shall then be made by Grantor with respect to the NPI for such Production Period by deducting (i) the result of (A) the total debits properly made to the Net Profits Account during such Production Period pursuant to Section 3.3, *plus* (B) the Net Deficit carried forward from the prior Production Period (as determined under Section 3.5)(c)), if any, *minus* (C) the total debit reductions properly made to the Net Profits Account during such Production Period pursuant to Section 3.4; *from* (ii) the results of (A) total credits properly made to the Net Profits Account for Subject Hydrocarbons produced during such Production Period pursuant to Section 3.2, *plus* (B) total credits properly made to the Net Profits Account for Subject Hydrocarbons produced during any prior Production Period, to the extent the applicable credit was not actually received by

or credited to Grantor until after the Application Date for such prior Production Period or was not otherwise allocated to the Net Profits Account for a prior Production Period; provided that if the result of the calculation under (i) is a negative number, then the absolute value of such amount shall be deemed a “Prior Period Debit Reduction” and carried forward into the next Production Period under Section 3.4.

(b) If the computation made in accordance with Section 3.5(a) results in a positive amount with respect to a Production Period (the “Net Profits”), then (i) that positive amount shall be subtracted from the balance of the Net Profits Account to cause the Net Profits Account to have a zero balance immediately following the end of such Production Period, (ii) that positive amount shall be multiplied by the NPI Percentage to determine the NPI payable with respect to such Production Period, and (iii) the product resulting from the calculations in (ii) above shall be payable to NPI Owner, as specified in Section 4.1 (the “NPI Payment”).

(c) If the computation made in accordance with Section 3.5(a) results in a negative amount with respect to a Production Period, the negative sum shall be deemed the “Net Deficit.” Any Net Deficit shall be carried forward as a debit to the Net Profits Account for the following Production Period. If there is a Net Deficit with respect to the Net Profits Account at the end of any Production Period, no payments shall be made to NPI Owner in respect of the NPI. For the avoidance of doubt, NPI Owner shall never be liable to make any payment to Grantor in respect of the Net Deficit.

Section 3.6. Monthly Statements. On or before the last day of the second Month following each Production Period, beginning with the first Production Period after the Conveyance Date, Grantor shall furnish to NPI Owner a detailed statement (a “Monthly Statement”) (a) identifying the balance (if any) of the Net Profits Account as of the close of business on the last day of the preceding Production Period, (b) identifying (with sufficient description so that NPI Owner can identify such items and the particular Subject Interest involved) those items which gave rise to debits and credits to the Net Profits Account during such Production Period and (c) identifying, with respect to each Subject Interest, the volumes of Subject Hydrocarbons both produced and sold therefrom during the Production Period covered by such Monthly Statement, the prices at which such volumes were sold, and the Taxes paid with respect to such sales. Any Net Deficit reflected by any Monthly Statement shall be carried forward and used in the calculation of Net Profits Account for the next and succeeding Production Periods until such Net Deficit has been eliminated and liquidated. As more particularly described in Section 3.5(b), NPI Payments shall be made to NPI Owner in accordance with Section 4.1 when a Net Profit is reflected by any Monthly Statement.

Section 3.7. Overpayments. If at any time Grantor pays NPI Owner more than the amount then due with respect to the NPI to NPI Owner, NPI Owner shall not be obligated to return any such overpayment to Grantor, but the amount or amounts otherwise payable for any subsequent period or periods shall be reduced by such overpayment, unless such overpayment is disputed by NPI Owner, in which case Grantor shall not reduce any future payment by the amount of the disputed overpayment until such dispute is resolved.

Section 3.8. Past Due Payments. Any amount not paid by Grantor to NPI Owner with respect to the NPI when due shall bear, and Grantor hereby agrees to pay, interest at a rate equal to the Fixed Rate, from the due date until such amount has been paid.

ARTICLE IV

Section 4.1. NPI Payments. Grantor shall pay to NPI Owner the NPI Payment attributable to each Production Period in immediately available U.S. funds on or before the Application Date for such Production Period. NPI Owner and Grantor agree that all NPI Payments or other payments required to be made to NPI Owner hereunder shall be paid via wire transfer, or other agreed means, of immediately available funds to the Escrow Account and NPI Owner agrees that all funds in the Escrow Account will be used in accordance with the terms of the Deepwater Security Agreement and the Escrow Agreement without any further notice, consent or action to or from NPI Owner.

Section 4.2. Nature of Marketing Arrangements. Grantor shall have the obligation to prudently market, or cause to be prudently marketed, the Subject Hydrocarbons in arm's-length transactions with reputable purchasers who are not Affiliates. Grantor shall duly and prudently perform all obligations performable by it under any arrangements by which Subject Hydrocarbons are sold or otherwise marketed, and shall take all appropriate measures to enforce the performance under each such arrangement of the obligations of the other parties thereto.

Section 4.3. Audit and Inspection Rights. NPI Owner shall have the right from time to time to audit the books and records of Grantor with respect to the Subject Interests and the Subject Hydrocarbons, including all information with respect to the matters to be reported on by Grantor as provided herein, and Grantor shall, within thirty (30) days after being invoiced therefor, pay (or reimburse NPI Owner for) the costs and expenses of one (but no more than one) such audit during each calendar year. Such audits shall be conducted by NPI Owner so as to result in a minimum disruption in the ongoing business and affairs of Grantor and shall be conducted during normal business hours at Grantor's offices or at the offices where Grantor maintains the records relating to the items set forth above. If, as a result of any such audit, it is determined that any amount is due NPI Owner as a result of the failure of Grantor to properly pay the full amount of any NPI Payment that is required to be made hereunder, Grantor shall pay NPI Owner the value (as reasonably determined by NPI Owner) of the proceeds which Grantor failed to remit, together with interest at the Fixed Rate from the date that such amount should have been delivered or paid in accordance with the terms of this Conveyance to the date of payment. If, as a result of any such audit, it is determined that any amount is due Grantor as a result of overpayment by Grantor, such overpayment shall be resolved in accordance with Section 3.7.

ARTICLE V

OPERATIONAL MATTERS

Section 5.1. Operations. Grantor shall conduct and carry on, or cause to be conducted and carried on, the development, maintenance and operation of the Subject Interests as a Reasonably Prudent Operator operating in the Outer Continental Shelf of the Gulf of Mexico without regard to the burden of the NPI. Without limitation of the foregoing, Grantor, without

regard to the burden of the NPI, (a) shall maintain and operate the Subject Interests in accordance with all applicable Laws in all material respects, including Environmental Laws and (b) pay promptly as and when due and payable by Grantor (i) all royalties and other lease burdens with respect to the Subject Interests or Subject Hydrocarbons (or necessary to maintain the Subject Interests in full force and effect), (ii) all Taxes which may be imposed on the Subject Interests or the Subject Hydrocarbons, and (iii) all costs and expenses of development, maintenance and operation of the Subject Interests. Decisions with regard to the conduct of operations, including, with respect to the election to shut-in, abandon or make a non-consent election on any well located or proposed to be located on the Subject Interests, will be made by Grantor without regard to the burden of the NPI. As to any portions of the Subject Interests, if any, as to which Grantor is not the operator, Grantor shall take all such action and exercise all such rights and remedies as are legally and reasonably available to it to cause the operator to so develop, maintain and operate such portions of the Subject Interests (*provided* that Grantor shall never be obligated to pay any costs or expenses attributable to any interest other than the Subject Interests and all royalties related thereto) but shall not be deemed to be in violation of any of its covenants or agreements hereunder in the event that such operator fails to do so. It is expressly understood that the powers given to Grantor in this Section 5.1 shall include the power of Grantor to elect to participate, or not participate, in drilling, reworking, plugging back, deepening, sidetracking or completing of a well, or in other operations (including, but not limited to, operations in connection with secondary and/or tertiary recovery) proposed to be conducted on the Subject Interests.

Section 5.2. Title. Grantor hereby binds itself to WARRANT and FOREVER DEFEND all and singular title to the NPI unto NPI Owner, its successors and permitted assigns, against every Person lawfully claiming or to claim the same or any part thereof by, through or under Grantor, but not otherwise.

Section 5.3. Leases, Deeds and Contracts: Performance of Obligations. Grantor agrees to use commercially reasonable efforts to maintain the oil, gas or mineral leases, contracts, servitudes, fees, deeds, and other agreements forming a part of the Subject Interests producing as of the Conveyance Date, to the extent the same cover or otherwise relate to the Subject Interests, in full force and effect to the extent a Reasonably Prudent Operator, without giving effect to the burden of the NPI or this Conveyance, would do so.

Section 5.4. Abandonment. Subject to Section 5.3, Grantor shall have the right without the joinder of NPI Owner to release, surrender and/or abandon its interest in the Subject Interests, or any part thereof, or interest therein even though the effect of such release, surrender or abandonment will be to release, surrender or abandon the NPI the same as though NPI Owner had joined therein insofar as the NPI covers the Subject Interests, or any part thereof or interest therein, so released, surrendered or abandoned by Grantor. Grantor shall have an unequivocal right to abandon the Subject Interests, or any part thereof, if such abandonment is necessary for health, safety or environmental reasons or if the Subject Hydrocarbons cannot be produced in a manner sufficient to cover operating expenses.

Section 5.5. Compliance with Laws. Grantor will not cause or permit the Subject Lands or Grantor to be in violation of any Environmental Laws or other Laws with respect to the Subject Lands.

Section 5.6. Non-consent Operations. If Grantor elects to be a non-participating party with respect to any drilling, deepening, plugging back, reworking, sidetracking or completion (or other) operation on any Subject Interest or elects to be an abandoning party with respect to a Subject Well, the consequence of which election is that Grantor's interest in such Subject Interest or part thereof is temporarily (i.e., during a recoupment period) or permanently forfeited to the parties participating in such operations, or electing not to abandon such well, then the costs and proceeds attributable to such forfeited interest shall not, for the period of such forfeiture (which may be a continuous and permanent period), be debited or credited to the Net Profits Account and such forfeited interest shall not, for the period of such forfeiture, be subject to the NPI.

ARTICLE VI

NPI Owner may not sell, convey, assign, mortgage or otherwise dispose of the NPI (including its rights, titles, interests, estates, remedies, powers and privileges appurtenant or incident to the NPI under this Conveyance), in whole or in part without the prior written consent of Grantor, which may be withheld at Grantor's discretion. No change of ownership of the NPI shall be binding upon Grantor, however, until Grantor is furnished with copies of the documents evidencing such change. Each Person comprising NPI Owner may exercise the rights of NPI Owner attributable to its percentage share. Upon receipt by Grantor of copies of the documents evidencing a sale, conveyance, assignment, mortgage or other disposition of the NPI, Grantor shall thereafter deal with the transferee NPI Owner with respect to the NPI transferred to such transferee NPI Owner in place of the transferring NPI Owner and references herein to the NPI Owner with respect to the NPI transferred to such transferee NPI Owner shall thereafter be deemed to be references to such transferee NPI Owner, provided that the transferring NPI Owner shall continue to have, and benefit from, all rights to indemnification and reimbursement that are provided herein with regard to the period of its ownership of the NPI transferred to such transferee NPI Owner.

Section 6.2. Assignment and Transfer by Grantor. Except as contemplated in the Deepwater Security Agreement, any sale, conveyance or assignment of the Subject Interests, or any part thereof or interest therein, by Grantor shall be void. Any sale, conveyance or assignment of the Subject Interests, or any part thereof or interest therein, permitted hereunder shall be subject to this Conveyance, and in the instrument effecting such sale, conveyance or assignment, the transferee or recipient must expressly recognize and assume all obligations, covenants and agreements of Grantor hereunder.

ARTICLE VII

deliver to NPI Owner, all such other and additional instruments and to do all such further acts and things as may be necessary or appropriate to more fully vest in and assure to NPI Owner all of the rights, titles, interests, remedies, powers and privileges herein granted or intended so to be including executing, delivering and recording further conveyances to effect the provisions of Section 2.4. NPI Owner agrees to execute and deliver to Grantor all such other and additional instruments and to all such further acts and things as may be necessary or appropriate to more fully implement the transactions contemplated by this Conveyance.

Section 7.2. No Waiver. The failure of any Party to insist upon strict performance of a covenant hereunder or of any obligation hereunder, irrespective of the length of time for which such failure continues, shall not be a waiver of such Party's right to demand strict compliance in the future. No consent or waiver, express or implied, to or of any breach or default in the performance of any obligation hereunder shall constitute a consent or waiver to or of any other breach or default in the performance of the same or any other obligation hereunder. No provision of this Conveyance shall be deemed a waiver by NPI Owner of any rights granted to NPI Owner under applicable Law governing overriding royalty interests and the rights of the owners thereof.

Section 7.3. Authority of Parties/Signatories. Each Person signing this Conveyance represents and warrants that he or she is duly authorized and has legal capacity to execute and deliver this Conveyance. Each Party represents and warrants to the other that the execution and delivery of this Conveyance and the performance of such Party's duties have been duly authorized and that this Conveyance is a valid and legal agreement binding on such Party and enforceable in accordance with its terms.

Section 7.4. Public Announcements. No Party shall issue any public announcement or statement concerning this Agreement or make any use of the names, image, logos, or trademarks of any other Party or any of its Affiliates without obtaining the prior written consent of the other Parties.

Section 7.5. Time is of the Essence. Each Party shall perform the obligations under this Agreement in a timely manner as set out in this Agreement. Each Party shall meet these timing requirements at its own cost. Each Party may recover against each other Party an amount equal to such Party damages arising from such other Party's failure to perform in time.

Section 7.6. Applicable Law; Dispute Resolution.

(a) Governing Law. This Agreement is governed by and interpreted in accordance with the laws of the State of Texas, without regard to its choice of law rules, except that the substantive and procedural rules of the Federal Arbitration Act, 9 U.S.C. §§ 1-16 (the "Act") govern Section 7.6(e).

(b) Resolution of Disputes. The Parties shall exclusively and finally resolve any dispute between them using direct negotiations, mediation, and then arbitration as set out in this Section 7.6.

(c) Direct Negotiations. If a dispute arises, a Party seeking to initiate the dispute resolution process shall give Notice to the other Party (or Parties) to the dispute setting out, in writing and in detail, the issues in dispute and the value of the disputed amount (the "Claim"). The

Parties to the dispute shall attempt to resolve the dispute through direct negotiations in a meeting between the Parties to the dispute, attended by individuals with decision-making authority, which must take place within thirty (30) days, or as otherwise agreed to by such Parties, from the date the Notice was sent.

(d) Mediation. If the dispute cannot be resolved by direct negotiations within thirty (30) days of initiation of the resolution process, a Party to the dispute may initiate mediation by giving Notice to the other Party (or Parties) to the dispute. Mediation must be attended by a representative from each such Party with decision-making authority, and the proceeding must take place in Houston, Texas.

(e) Arbitration Proceedings. If the Parties to a dispute fail to resolve the dispute within sixty (60) days from Notice of mediation, any Party (or Parties) the dispute may initiate binding arbitration by giving Notice to the other Party (or Parties) to the dispute. The arbitration must be conducted in accordance with the International Institute for Conflict Prevention and Resolution ("CPR") Rules. To the extent of any conflicts between the Act or the CPR Rules and the provisions of this Agreement, the provisions of this Agreement prevail. The CPR is the appointing authority. The place of arbitration must be Houston, Texas.

The following provisions will apply to arbitration proceedings, in each case with respect to the Parties to a particular dispute:

1. One arbitrator (or three (3) arbitrators if the monetary value of the dispute is more than US \$5,000,000 or its currency equivalent) will conduct the arbitral proceedings in English. If there is a dispute whether the monetary value exceeds the US \$5,000,000, then the number of arbitrators must be three (3).
2. The maximum number of witnesses each Party may call to give evidence on its behalf, including by oral testimony, declaration or witness statement, is five (5) witnesses of fact and three (3) expert witnesses.
3. The existence of a dispute and any negotiations, mediation, and arbitration proceedings between the Parties in relation to any dispute are confidential and the Parties shall not make any disclosure to any third party. Any information, documents, or materials, created or produced for the purposes of, or used in, negotiations, mediation, or arbitration of a dispute are confidential and the Parties shall not disclose them to any third party unless there is a legal or regulatory obligation to make a disclosure (but the disclosure must be limited to the extent necessary to comply with that legal or regulatory obligation), or to the extent required to enforce or challenge an award in bona fide legal proceedings before a state court or other judicial authority.
4. The arbitrator(s) has no authority to appoint or retain expert witnesses for any purpose unless agreed to by the Parties. The arbitrator(s) may not act as *amiable compositeur* or *ex aequo et bono*.
5. The Parties intend that regardless of which Party prevails, all arbitration fees and costs must be split equally, between the Parties, and each Party shall bear its own costs of legal representation, witness expenses, and ancillary costs.

6. The award is final and binding, and except for proceedings under Section 7.6(e)(7), the Parties agree to waive their rights to: (1) apply to the court for determination of a point of law; and (2) any form of appeal, review or recourse in respect of any such award to any court or other judicial authority, to the extent that such waiver may be validly made.
7. The Parties may apply to a court with appropriate jurisdiction for any of the following without waiving its arbitration rights:
 - (1) Interim measures as necessary until appointment of the arbitrator(s) or pending determination by the arbitrator(s).
 - (2) Preserving property pending determination by the arbitrator(s).
 - (3) Enforcing judgment entered on an award over the Person or assets of the non-prevailing Party.
 - (4) Enforcing Section 7.6(e)(3) and preventing any information, documents or materials used in those proceedings from being used or disclosed by that Party for any purpose other than enforcement of Section 7.6(e)(3).
8. Proceedings to (1) preserve property pending determination by the arbitrator(s), (2) enforce Section 7.6(e)(3), (3) enforce judgment entered on an award may be brought in any court having jurisdiction over the Person or assets of the non-prevailing Party. The prevailing Party may seek, in any court having jurisdiction, judicial recognition of the award, or order of enforcement or any other order or decree that is necessary to give full effect to the award.

Section 7.7. Severability. Every provision in this Conveyance is intended to be severable. If any term or provision hereof is determined to be invalid, illegal or unenforceable for any reason whatsoever, such invalidity, illegality or unenforceability shall not affect the validity, legality and enforceability of the remainder of this Conveyance. The Parties further agree that if any provision contained herein is, to any extent, held invalid or unenforceable in any respect under the Laws governing this Conveyance, they shall take any actions necessary to render the remaining provisions of this Conveyance valid and enforceable to the fullest extent permitted by Law and, to the extent necessary, this Conveyance shall be deemed to be automatically amended to replace any provision contained herein that is held invalid or unenforceable with a valid and enforceable provision giving effect to the intent of the Parties to the greatest extent legally permissible.

Exhibit D to the Decommissioning Funding Agreement

ESCROW AGREEMENT

THIS ESCROW AGREEMENT (this “**Agreement**”) is made and entered into this [--] day of [--] (the “**Effective Date**”), by and among Chevron U.S.A. Inc., a Pennsylvania corporation (“**CUSA**”), Mako Buyer LLC, a Delaware limited liability company (“**Operator**”), and **U.S. BANK NATIONAL ASSOCIATION**, as escrow agent (in such capacity, “**Escrow Agent**”). Operator and CUSA are sometimes referred to in this Agreement individually as “**Party**” or collectively as the “**Parties**”.

RECITALS

- A. CUSA and Operator have entered into that certain Decommissioning Funding Agreement, dated as of [___], 2021 (as amended, restated, supplemented or otherwise modified, the “**Decommissioning Agreement**”). Capitalized terms used but not defined in this Agreement have the meanings assigned thereto in the Decommissioning Agreement.
- B. As part of the consideration under the Decommissioning Agreement, and subject to the terms of the Decommissioning Agreement, the Parties have agreed that if applicable pursuant to Section 2.2 of the Decommissioning Agreement, any and all amounts payable under the NPI Grant (as defined in the Decommissioning Agreement) shall be deposited into the Escrow Account until the aggregate funding from all Applicable Required Securities (as defined in the Decommissioning Agreement) is equal to the Coverage Amount (as defined in the Decommissioning Agreement).
- C. CUSA and Operator have requested, and Escrow Agent has agreed, that Escrow Agent will hold the Escrowed Funds, invested as provided for in this Agreement, for the purposes set forth in the Decommissioning Agreement and make disbursements to the Parties as provided in this Agreement.
- D. In consideration of the premises and the mutual covenants set out in this Agreement, and other good and valuable consideration, the receipt and sufficiency of which is acknowledged, the Parties and the Escrow Agent agree to be bound by the provisions of this Agreement (and, solely as between the Parties, the provisions of the Decommissioning Agreement).

1. DEPOSIT TO THE ESCROW ACCOUNT.

- 1.1 Operator shall from time to time deposit any and all amounts payable under the NPI Grant into the Escrow Account until the aggregate funding from all Applicable Required Securities is equal to the Coverage Amount (such aggregate amount of funds, the “**Escrow Amount**”), and Escrow Agent hereby confirms that all or any portion of the Escrow Amount deposited from time to time in the Escrow Account will be available for payment in accordance with this Agreement. For purposes of this Agreement:
 - (A) “**Escrow Account**” means the deposit account of Escrow Agent bearing number [--] maintained by and with Escrow Agent for the benefit of CUSA and Operator pursuant to this Agreement.
 - (B) “**Banking Day**” means any day other than a Saturday, Sunday or day when Escrow Agent is authorized or required to be closed for business to the public.
 - (C) “**Dollars**” and “**US\$**” means United States Dollars.

- 1.2 Escrow Agent will hold the Escrow Amount (including any interest accrued thereon as a result of the Permitted Investments) in the Escrow Account (collectively, the “**Escrowed Funds**”), for the benefit of CUSA and Operator, and will disburse the Escrowed Funds solely in accordance with this Agreement.

2. DISBURSEMENT OF ESCROWED FUNDS.

- 2.1 Escrow Agent shall not disburse or otherwise transfer any Escrowed Funds except as follows:

- (A) After receipt from a duly authorized representative of CUSA from time to time of executed disbursement instructions in the form attached hereto as Exhibit A (each, a “**Disbursement Notice**”), that are executed by only CUSA and specifically reference this Section 2.1(A), Escrow Agent will disburse, within one (1) Banking Day (but no later than the third Banking Day) after receipt of such Disbursement Notice to CUSA the portion of Escrowed Funds equal to the amount set forth in such Disbursement Notice. CUSA will only give Escrow Agent Disbursement Notices pursuant to this Section 2.1(A) in the circumstances and in the amounts permitted by Section 2.4(c) of the Decommissioning Agreement.
- (B) After receipt from a duly authorized representative of each of the Parties from time to time of a Disbursement Notice executed by each of CUSA and Operator, that specifically references this Section 2.1(B), Escrow Agent will disburse, within one (1) Banking Day (but no later than the third Banking Day) after receipt of such Disbursement Notice to Operator the portion of Escrowed Funds equal to the amount set forth in such Disbursement Notice. For the avoidance of doubt, Escrow Agent may not take any

action with respect to the Escrow Account, the Escrowed Funds or this Agreement based upon the unilateral instruction from Operator (or any person or entity acting on its behalf, including any trustee or the equivalent on its behalf in any insolvency, bankruptcy, receivership or similar proceeding) unless CUSA agrees in writing thereto.

3.1 The duties of Escrow Agent shall be as follows:

- (A) During the term of this Agreement, Escrow Agent shall hold and disburse the Escrowed Funds in accordance with only the terms and provisions of this Agreement (*provided* that, for the avoidance of doubt, the Parties are bound by the terms of the Decommissioning Agreement and will only instruct the Escrow Agent to make disbursements of the Escrowed Funds in accordance with the terms of the Decommissioning Agreement).

- 5.2 Escrow Agent may resign at any time on ninety (90) days' prior written notice to the Parties hereto by delivering written notice of its intended resignation to the Parties; *provided* that such resignation shall not be effective until a successor escrow agent has been appointed and accepted its appointment. If Operator and CUSA jointly designate in writing a successor escrow agent, then Escrow Agent shall transfer the Escrowed Funds to such

successor and, once the Escrowed Funds have been securely transferred to such successor, Escrow Agent shall be discharged of any liability or responsibility with respect to the Escrowed Funds arising from and after the date that Escrow Agent delivers the Escrowed Funds to the designated successor Escrow Agent.

6. TERMINATION.

6.1 This Agreement shall terminate upon the earliest of the following:

- (A) Receipt by Escrow Agent of a joint written notice of termination signed by authorized representatives of both CUSA and Operator, whereupon Escrow Agent shall disburse all remaining Escrowed Funds to the applicable Party stated in such notice.

- 9.1 In consideration of Escrow Agent’s acceptance of this appointment, each Party hereby agrees to indemnify and hold Escrow Agent harmless as to any liability, and reasonable and duly documented costs and expenses (including, without limitation, counsel fees and expenses) which Escrow Agent may suffer or incur by reason of (a) any action, claim or proceeding brought against Escrow Agent by such Party and arising out of or relating in any way to this Escrow Agreement or the transaction to which Agreement relates, except in the case of Escrow Agent’s negligence, gross negligence, fraud or willful misconduct and (b) Escrow Agent’s enforcement of its rights under this Section 9. The foregoing indemnification and agreement to hold harmless shall survive any resignation or removal of Escrow Agent and shall survive the termination of this Agreement.

10. INVESTMENTS.

- 10.1 Escrow Agent shall invest Escrowed Funds only in investments described on Exhibit C into which the Parties direct Escrow Agent in writing to invest (“**Permitted Investments**”); and Escrow Agent shall have no power or authority to invest or reinvest the Escrowed Funds except in such investments. All investments held in the name of Escrow Agent shall be held as the agent of the Parties. In the absence of written investment instructions described above, Escrow Agent shall invest the Escrowed Funds to the extent reasonably practicable in the investment identified in clause (a) in Exhibit C. Escrow Agent may make Permitted Investments through its own investment department or through affiliates. Interest earned will become part of the Escrowed Funds. Escrow Agent represents and warrants that neither it nor any affiliate of it will receive any compensation, commissions, fees (including, without limitation, any sale load charges, redemption fees,

Escrow Agent may elect, but shall not be obligated, to credit the Escrow Account with funds representing income or principal payments due on, or sales proceeds due in respect of, assets in any of the Escrow Account, or to credit to any of the Escrow Account assets intended to be purchased with such funds, in each case before actually receiving the requisite funds from the payment source, or to otherwise advance funds for Escrow Account transactions. Notwithstanding anything else in this Agreement, any such crediting of funds or assets shall be provisional in nature, and the Escrow Agent shall be authorized to reverse any such transactions or advances of funds in the event that it does not receive good funds with respect thereto.

11. CONFLICTS OF INTEREST.

11.1 No director, employee or agent of Escrow Agent shall give to or receive from any director, employee or agent of the Parties or any affiliate thereof any commission, fee, rebate, or any gift or entertainment of significant cost or value, or enter into any business arrangement with any director, employee or agent of the Parties or any affiliate thereof other than as a representative of the Parties or their affiliates, in connection with the services provided hereunder without the Parties' prior written consent. Escrow Agent shall promptly notify the Parties of any violation of this provision and any consideration received as a result of such violation shall be paid over or credited to the Parties. Additionally, if any violation of this provision occurring prior to the date of this Agreement resulted directly or indirectly in the Parties' consent to enter into this Agreement with Escrow Agent, the Parties may, at their sole option, terminate this Agreement at any time and, notwithstanding any other provision of this Agreement, pay no compensation or reimbursement to Escrow Agent whatsoever for any services provided after the date of termination.

12. NO PAYMENT TO GOVERNMENT OFFICIALS.

12.1 Neither Escrow Agent nor its employees, agents or subcontractors shall make any payment or give anything of value to any official of any government or public international organization, including any officer or employee of any government department, agency, or instrumentality to influence his or its decision, or to gain any other advantage for any Party or Escrow Agent in connection with the services performed hereunder. Any party to this Agreement shall immediately notify the other parties to this Agreement of any violation of this Section. Each party to this Agreement shall hold the others harmless from and against all losses and expenses arising out of any such violation. In the event of any violation of this Section, any party to this Agreement may, at its sole option, terminate this Agreement at any time.

13. RIGHT TO AUDIT.

13.1 Escrow Agent shall maintain true and correct records in connection with all matters relating to this Agreement and retain such records for the greater of 24 months or such period of time as is required by the Escrow Agent's document retention policies. Any representative(s) authorized by the Parties may in a reasonable time and to a reasonable

extent audit records of Escrow Agent for the sole purpose of determining whether there has been compliance with the applicable provisions of this Agreement.

14. TAX REPORTING.

- 14.1 Each Party shall provide Escrow Agent a properly completed and duly executed applicable U.S. Internal Revenue Service (“**IRS**”) Form W-9 for each payee to which it directs payment. If such tax documentation is not so provided, Escrow Agent is authorized to withhold taxes as required by the U.S. Internal Revenue Code and regulations promulgated thereunder. Operator and CUSA have determined that any interest or income on Escrowed Funds shall be reported on an accrual basis and deemed to be for the account of CUSA, and Operator and CUSA shall prepare and file all required tax filings with any applicable taxing authority consistent therewith.
- 14.2 Operator and CUSA shall provide Escrow Agent with all information requested by Escrow Agent necessary for (a) the preparation and filing by Escrow Agent with the IRS or other taxing authority of any applicable IRS Form 1099, IRS Form 1042-S, or similar document, or (b) the performance by Escrow Agent of any reporting obligations under the Foreign Account Tax Compliance Act, Foreign Investment in Real Property Tax Act, or other applicable law or regulation, in each case to the extent related to the performance or fulfillment of Escrow Agent’s duties and obligations pursuant to this Agreement.

15. MISCELLANEOUS.

- 15.1 This Agreement (and, solely as between the Parties, the Decommissioning Agreement and the NPI Grant) sets forth the entire agreement of the Parties and Escrow Agent with respect to the subject matter hereof. The provisions of this Agreement may be waived, altered, amended or supplemented, in whole or in part, only by writing signed by each of the Parties and Escrow Agent. Neither this Agreement nor any right or interest hereunder may be assigned in whole or in part by any party to this Agreement, except to affiliates of such party, without the prior written consent of the other parties hereto.
- 15.2 This Agreement shall be governed by and construed under the laws of the State of Texas, without giving effect to its conflict of law principles; provided, however, that nothing herein shall be construed to modify or negate the agreement of CUSA and Operator, solely as between themselves, that all disputes between them shall be resolved exclusively and finally pursuant to the dispute resolution provisions in the Decommissioning Agreement.
- 15.3 No party to this Agreement is liable to any other party hereto for losses due to, or if it is unable to perform its obligations under the terms of this Agreement because of, acts of God, fire, war, earthquake, terrorism, floods, strikes, electrical outages, equipment or transmission failure, or other causes reasonably beyond its control.
- 15.4 This Agreement may be executed in one or more counterparts, each of which shall be deemed an original, but all of which together shall constitute the same instrument. All signatures of the Parties and Escrow Agent may be transmitted by facsimile, by email with the signature page as an image attachment (such as a .PDF, .TIF, .BIT, or .JPEG file) or by way of a digital signature provided by DocuSign (or such other digital signature provider as specified in writing to Escrow Agent by the authorized representative of the applicable Party), and such facsimile, email image attachment or digital signature will, for all purposes, be deemed the original signature of such Party or Escrow Agent whose signature

it reproduces, and will be binding upon such Party or Escrow Agent. Each party hereto agrees to assume all risks arising out of the use of digital signatures and electronic methods to submit communications to the other parties hereto, including without limitation the risk of Escrow Agent acting on unauthorized instructions, and the risk of interception and misuse by third parties.

- 15.5 If any provision of this Agreement is determined to be prohibited or unenforceable by reason of any applicable law of a jurisdiction, then such provision shall, as to such jurisdiction, be ineffective to the extent of such prohibition or unenforceability without invalidating the remaining provisions thereof, and any such prohibition or unenforceability in such jurisdiction shall not invalidate or render unenforceable such provisions in any other jurisdiction.
- 15.6 A person who is not a Party or Escrow Agent shall have no right to enforce any term of this Agreement.
- 15.7 The Parties represent, warrant and covenant that each document, notice, instruction or request provided by such Party to Escrow Agent shall comply with applicable laws and regulations. Where, however, the conflicting provisions of any such applicable law may be waived, they are hereby irrevocably waived by the Parties and Escrow Agent to the fullest extent permitted by law, to the end that this Agreement shall be enforced as written.
- 15.8 Each of the Parties and Escrow Agent submits to the exclusive jurisdiction of the Federal and state law courts of Harris County, Texas for the limited and sole purpose to resolve any disputes regarding the formation, existence, construction, performance, validity and all aspects of this Agreement, provided that such submission will not prevent the enforcement of a Texas Federal or state court judgment in another jurisdiction. Nothing in this Section 15.8 shall be deemed to be an agreement by the Parties and Escrow Agent that Texas federal or state courts can exercise general jurisdiction over any Party or Escrow Agent. Any process may be validly served upon the Parties and Escrow Agent at the applicable address of the Party and Escrow Agent provided in Section 7.1.

16. CONFIDENTIALITY.

- 16.1 This Agreement and all transactions hereunder shall be kept confidential by Escrow Agent, and Escrow Agent hereby agrees not to provide copies of this Agreement or to disclose its specific terms or any of the transactions to any person without the prior written consent of CUSA and Operator except: (a) Escrow Agent may disclose to the applicable court in connection with any proceedings initiated to collect payment under this Agreement; (b) to any extent that it is required to disclose the same pursuant to any law or order of any court of competent jurisdiction, or any procedure for disclosure of documents in any proceedings before any such court (including any proceeding to enforce this Agreement) or in regulatory proceedings, or pursuant to any law or regulation having the force of law; provided, however, Escrow Agent shall give CUSA and Operator advance written notice of Escrow Agent's intention to disclose the same based on that requirement and a reasonable amount of time consistent with the requirement pursuant to which disclosure is to occur in which to seek adequate protective orders; and (c) to Escrow Agent's direct or indirect shareholders, directors, officers, employees, independent auditors, legal counsel, and other professional advisors to the extent such persons have a need to know, in each case if such persons are informed by Escrow Agent of its confidential nature and of their

duty to maintain the confidentiality hereof, and who prior to any such disclosures shall have agreed to be bound by such duty of confidentiality. Notwithstanding anything to the contrary herein, Escrow Agent may provide copies of this Agreement and disclose its specific terms to a bank regulatory agency or in connection with an examination of its records by bank examiners without prior notice to CUSA or Operator, provided that Escrow Agent shall provide notice to CUSA and Operator as soon as practicable thereafter.

17. PATRIOT ACT DISCLOSURE.

- 17.1 Section 326 of the Uniting and Strengthening America by Providing Appropriate Tools Required to Intercept and Obstruct Terrorism Act of 2001 (“**USA PATRIOT Act**”) requires Escrow Agent to implement reasonable procedures to verify the identity of any person that opens a new account with it. Accordingly, CUSA and Operator acknowledge Section 326 of the USA PATRIOT Act and agree that Escrow Agent’s identity verification procedures require Escrow Agent to obtain information which may be used to confirm Operator’s or CUSA’s respective identities, including, without limitation, name, address and organizational documents (“identifying information”). Operator and CUSA each agree to provide Escrow Agent with any such identifying information required as a condition of opening an account with or using any service provided by Escrow Agent.

18. SECURITY PROCEDURE FOR FUNDS TRANSFERS

- 18.1 Escrow Agent shall confirm each Disbursement Notice and any other funds transfer instruction received in the name of a Party by means of the security procedure selected by such Party and communicated to Escrow Agent through a signed certificate in the form of Exhibit D-1 (in the case of CUSA) or Exhibit D-2 (in the case of Operator) attached hereto, which upon receipt by Escrow Agent shall become a part of this Agreement. Once delivered to Escrow Agent, Exhibit D-1 and Exhibit D-2 may be revised or rescinded only by a writing signed by an authorized representative of CUSA (in the case of Exhibit D-1) or the Operator (in the case of Exhibit D-2). Such revisions or rescissions shall be effective only after actual receipt by Escrow Agent and following such period of time as may be necessary to afford Escrow Agent a reasonable opportunity to act on it. If a revised Exhibit D-1 or Exhibit D-2 or a rescission of an existing Exhibit D-1 or Exhibit D-2 is delivered to Escrow Agent by an entity that is a successor-in-interest to the applicable Party, such document shall be accompanied by additional documentation satisfactory to the Escrow Agent showing that such entity has succeeded to the rights and responsibilities of such Party under this Escrow Agreement.
- 18.2 The Parties understand that Escrow Agent’s inability to receive or confirm each Disbursement Notice or any other funds transfer instructions received in the name of a Party pursuant to the security procedure selected by such Party may result in a delay in accomplishing the funds transfer requested pursuant to such Disbursement Notice or other funds transfer instructions, and agree that Escrow Agent shall not be liable for any loss caused by any such delay.

ARTICLE II. TERM

Section 2.1. Term. This Agreement shall be effective for a period commencing on the Effective Date and expiring upon the earlier to occur of (i) the date two (2) years after the Effective Date, and (ii), as to each lease, the expiration of such lease comprising a part of the Development Area (including any and all renewals, replacements, and extensions of such lease) (the “**Term**”).

Section 2.2. Effect of Termination. After the expiration of the Term, this Agreement shall terminate and be of no further force and effect; provided, however, that (i) the provisions of this Section 2.2 and Sections 3.2(d), 3.3, 4.8, 4.11, 5.3, 5.4, 5.5, and 5.14, the provisions in the third sentence of Section 3.2(a) (the sentence beginning “If Owner receives”) and the last sentence of Section 4.5(g), and (ii) any and all rights, obligations and remedies hereunder that have accrued on or prior to the expiration of the Term of this Agreement, shall survive the termination of this Agreement indefinitely; and, provided, further, that any rights, obligations, and remedies in any Transaction Document that by their nature are intended to survive termination or expiration of this Agreement shall so survive. Notwithstanding anything herein to the contrary, termination of this Agreement will not affect the rights of NewCo hereunder to any Proposals presented to Owner before the end of the Term.

ARTICLE III. PROSPECT GENERATION

Section 3.1. Evaluation of Possible Prospect. To assist NewCo in its evaluation of the Development Area, Owner will exercise reasonable efforts to provide NewCo with access to all materials either in its possession or those materials which it is entitled to review regarding the Development Area, including any Evaluation Data, but only to the extent NewCo is permitted to view such materials pursuant to any contract or agreement to which such materials may be subject. In the event that NewCo desires to present a Proposal, it shall provide a notice to Owner as set forth below.

Section 3.2. Notice of Prospects or Capital Development Project.

(a) **Notice.** With respect to any Proposal being made by NewCo, NewCo shall provide a written notice to the Owner (a “**Project Notice**”), which shall include the following information:

(i) a description of the Proposal in reasonable detail (including, if such Proposal relates to an Election Well, all potentially productive zones, the proposed Objective Depths, the proposed Objective Formations, together with descriptions of the Prospect(s) and the associated Prospect Area(s));

(ii) a good faith, preliminary estimate of Capital Development Project Costs or the Election Well Costs, as the case may be;

- (iii) a good faith, preliminary estimate of any and all P&A Costs for a Sidetrack, Bypass or Deepening Project or Election Well, as the case may be, and
- (iv) an Election to Participate.

For the avoidance of doubt, the following shall be void and deemed automatically withdrawn by NewCo: (i) Proposals for which Owner does not have the requisite authority, under the applicable Operating Agreement, to make such Proposal and (ii) Proposals that conflict with any ongoing, approved, or previously proposed operations under any applicable Operating Agreement. If Owner receives a Proposal for a Capital Development Project to be performed on a well which Owner either (A) desires to continue producing from its then-current completion or (B) desires to conduct an operation that is in conflict with the Capital Development Project proposed by NewCo, Owner may, on or before the expiration of the Election Period for such Proposal, send written notice to NewCo that it rejects the Proposal pursuant to the foregoing grounds, in which case the applicable Proposal shall be deemed to have been withdrawn and void; *provided* that if Owner rejects such a Proposal and undertakes or agrees to participate in the Project that was the subject of such rejected Proposal within two (2) years after expiration of the Election Period for such Proposal, then Owner shall offer NewCo the right (exercisable for a period of 30 days) to participate in such opportunity on the same terms as set forth in the original Proposal and this Agreement. If, after diligent efforts, NewCo or the Parties are unable to proceed with the operations contemplated under a Proposal because of conflicts with existing Operating Agreements (or other restrictions affecting the applicable Owner Interests) that existed as of the time the Proposal was made, either Party may send notice to the other Party terminating the affected Proposal. For the avoidance of doubt, the Parties recognize and agree that nothing in this Agreement shall prevent an Owner from conducting any projects, operations, or activities or from participating in projects, operations, or activities that may be proposed or offered by a Third Party or from entering into any agreements or contracts, including, without limitation, farmouts, sales, or assignments, affecting the Owner Interests, in all cases, without any obligation to offer NewCo the opportunity to participate in any such project, operations, or activities or to obtain the consent of NewCo, unless (x) any such project, operations, or activities were proposed by NewCo under a Proposal received by Owner prior to such Owner's receipt of the proposal from a Third Party and (y) such NewCo Proposal has not terminated, been withdrawn, or deemed to have been withdrawn.

(b) Technical Review Meeting. NewCo will present the Proposal and all related Evaluation Data to the Owner at an in-person meeting at the offices of NewCo (a "**Technical Review Meeting**") to be held on a mutually agreed Business Day during NewCo's normal business hours no later than ten (10) Business Days after delivery of the applicable Project Notice. At either Party's request, the meeting may be held online via technology that allows a Party to share screens with the other Party, such as Zoom, Skype, WebEx, or Microsoft Teams. Each Party shall use reasonable efforts to ensure that the Technical Review Meeting is attended by a reasonably sufficient number of technical representatives of such Party who are familiar with and capable of presenting and/or discussing the Proposal with the other Party.

(c) Access to Evaluation Data. Until the end of the Election Period, NewCo shall make Evaluation Data with respect to a Proposal available for review and evaluation by the Owner, at

the Owner's expense, in NewCo's offices during NewCo's normal business hours or available through a virtual data room or similar electronic platform. Likewise, Owner will provide NewCo with reasonable access to any Evaluation Data in its possession with respect to a Proposal, including but not limited to well files, logs, and data. Notwithstanding the foregoing, neither Party shall be obligated to disclose such Evaluation Data when such disclosure would violate any Third Party contract or agreement binding on a Party or applicable to such Evaluation Data.

(d) **Confidentiality.** Each Party shall, and shall cause its Affiliates and its and their respective Representatives to, keep the Proposals, all Evaluation Data, Well Data, and Seismic Data of the other Party, information relating to the Proposal and information from the Technical Review Meeting, to the extent prepared by or received from the other Parties, strictly confidential, and no Party or any of its Affiliates or any of its or their respective Representatives shall disclose such Proposals, Evaluation Data, Well Data, or Seismic Data, information relating to the Proposal, or information from the Technical Review Meeting to any Third Party except as required under a Third Party Operating Agreement. With respect to Evaluation Data, Well Data, and Seismic Data, these disclosure restrictions shall terminate upon the later to occur of (i) two (2) years after the date on which the Technical Review Meeting took place with respect to the applicable Proposal and (ii) the date on which such Evaluation Data, Well Data, or Seismic Data, as applicable, is no longer subject to disclosure restrictions under an agreement or contract with a Third Party. With respect to the Proposal itself, these disclosure restrictions shall terminate upon the later to occur of (x) the date on which the Project that is the subject of such Proposal is Commenced and (y) that date on which such Proposal terminates, is withdrawn, or is deemed to have been withdrawn.

Section 3.3. Waiver of Liability with Respect to Evaluation Data. The information included in a Project Notice and any other Evaluation Data or Well Data furnished by NewCo or Owner, as applicable, pursuant to this Agreement shall be provided for informational purposes only. Each Party is responsible for and shall make its own decisions with respect to Evaluation Data, Well Data, or the opinions or analysis of the other Party that may be provided. (A) NEWCO DOES NOT MAKE, AND THE OWNER WAIVES AND REPRESENTS AND WARRANTS THAT OWNER HAS NOT AND WILL NOT RELY UPON, AND (B) OWNER DOES NOT MAKE, AND NEWCO WAIVES AND REPRESENTS AND WARRANTS THAT NEWCO HAS NOT AND WILL NOT RELY UPON: ANY REPRESENTATION OR WARRANTY, EXPRESS OR IMPLIED, IN THIS AGREEMENT OR ANY OTHER INSTRUMENT, AGREEMENT, OR CONTRACT DELIVERED HEREUNDER OR IN CONNECTION WITH THE EVALUATION DATA, WELL DATA, OR ANY OTHER OPINION OR ANALYSIS THAT MAY BE PROVIDED HEREUNDER, INCLUDING, BUT NOT LIMITED TO, ANY REPRESENTATION OR WARRANTY, EXPRESS OR IMPLIED AS TO (I) THE CONTENTS, CHARACTER, OR NATURE OF ANY DESCRIPTIVE SUMMARY, OR ANY REPORT OF ANY PETROLEUM ENGINEERING CONSULTANT, OR ANY GEOLOGICAL DATA, SEISMIC DATA, WELL DATA, EVALUATION DATA, RESERVE DATA, RESERVE REPORTS, RESERVE INFORMATION (AND ANY ANALYSIS OR INTERPRETATION OF ANY OF THE FOREGOING) RELATING TO ANY SEISMIC DATA OR EVALUATION DATA OR ANY OF THE PROPOSALS, (II) THE QUANTITY, QUALITY, OR RECOVERABILITY OF HYDROCARBONS IN OR FROM ANY PROPOSAL, (III) THE PRODUCTION OF PETROLEUM SUBSTANCES FROM ANY PROPOSAL, OR ANY PRODUCTION OR DECLINE RATES, OR (IV) ANY OTHER RECORD, FILES,

MATERIALS, OR INFORMATION (INCLUDING AS TO THE ACCURACY, COMPLETENESS, OR CONTENTS OF THE RECORDS) THAT MAY HAVE BEEN MADE AVAILABLE, DELIVERED, OR COMMUNICATED TO THE OTHER PARTY IN CONNECTION WITH THE REVIEW AND EVALUATION OF THE SEISMIC DATA, WELL DATA, OR EVALUATION DATA PURSUANT TO THIS AGREEMENT. NOTHING IN THIS AGREEMENT SHALL LIMIT ANY PARTY'S RIGHTS OR REMEDIES PURSUANT TO ANY OTHER AGREEMENT BETWEEN THE PARTIES OTHER THAN THIS AGREEMENT OR PURSUANT TO ANY INSTRUMENT OR AGREEMENT DELIVERED PURSUANT TO THIS AGREEMENT.

ARTICLE IV. JOINT DEVELOPMENT OPERATIONS

Section 4.1. Election to Participate. The Owner may elect to participate in a valid Proposal by delivering its written Election to Participate to NewCo no later than 5:00 p.m. in Houston, Texas on the first Business Day that is on or after the date thirty (30) days after the Business Day the Owner received the applicable Project Notice (the "**Election Period**"). The failure of Owner to make a timely written election to participate in a valid Proposal by the expiration of the Election Period shall be deemed to be Owner's election not to participate in such Proposal. If the Owner delivers to NewCo prior to the expiration of the applicable Election Period a valid written Election to Participate, then, subject to the terms of any applicable Third Party Operating Agreement and the terms and conditions of this Agreement, such election shall constitute a valid and binding obligation of the Parties to participate in the operations set forth in such Proposal upon the terms of this Agreement.

Section 4.2. Rework or Recompletion Projects. If the Proposal is for a Rework or Recompletion Project and Owner does not reject such Proposal as contemplated under Section 3.2(a) then NewCo may proceed with the Rework or Recompletion Project at its sole risk and expense only after the Pre-Existing Net Profit relating to such Rework or Recompletion Project has been determined either by agreement of the Parties or by the Expert. In such event (i) NewCo shall pay 100% of the Capital Development Project Costs associated with the Rework or Recompletion Project and attributable to Owner Interests and (ii) upon completing the Rework or Recompletion Project as a successful completion, NewCo will receive an assignment of the NewCo NPI from Owner in a form substantially the same as Exhibit B attached hereto, reserving unto Owner the ORRI. For the avoidance of doubt, at such time as NewCo has reached the Recovery Threshold for such applicable Rework or Recompletion Project, the NewCo NPI will be reduced from one hundred percent (100%) to fifty percent (50%). The assignment of the NewCo NPI to NewCo pursuant to this Section 4.2 shall: (1) be subject to this Agreement, (2) be "as-is," without warranties of any kind, and expressly subject to all agreements and matters of record, and Permitted Encumbrances, (3) be subject to the ORRI reserved by Owner hereunder, and (4) be limited as further described in Section 4.9(a). For the avoidance of doubt, (i) upon completion of the Rework or Recompletion Project, NewCo shall not be responsible for any expenses, costs, losses, or operations associated with the well that is the subject of such Project and attributable to Owner Interests and (ii) if the Rework or Recompletion Project results in a dry hole or if NewCo does not reach the Recovery Threshold relative to a Rework or Recompletion Project, NewCo shall be solely responsible for any loss it incurred as a result of conducting such Project and shall have

no right of recovery or recourse against Owner relative to such loss; provided that NewCo shall not be responsible for paying for or conducting P&A activities on such well, except that, in the event of a dry hole or unsuccessful completion attempt, prior to removing any equipment used to conduct the applicable Rework or Recompletion Project, NewCo shall, at its sole cost and expense, take such additional actions as are necessary to leave the well in a condition that will not require Owner to take additional actions or perform any additional operations on such well in order to leave the well in a satisfactory condition under then-current regulations. For the avoidance of doubt, for the purpose of this Section 4.2, so long as Owner does not reject such Proposal as contemplated under Section 3.2(a) and subject to the other terms of this Agreement, NewCo may proceed with the activities contemplated in the Proposal regardless of whether Owner elects to participate.

Section 4.3. Sidetrack, Bypass, or Deepening Project. If the Proposal is for a Sidetrack, Bypass, or Deepening Project and Owner does not reject such Proposal as contemplated under Section 3.2(a) then NewCo may proceed with the Sidetrack, Bypass, or Deepening Project at its sole risk and expense; provided, however, that before it may proceed with such Proposal, within thirty (30) days of the expiration of the Election Period, (a) NewCo must provide Owner with Project Security for the operations contemplated under such Proposal and (b) the Pre-Existing Net Profit relating to such Sidetrack, Bypass, or Deepening Project shall have been determined either by agreement of the Parties or by the Expert. If NewCo fails to timely provide Owner with Project Security with respect to any Proposal, then such Proposal shall automatically terminate and have no further or ongoing force or effect and shall be deemed to have been withdrawn by NewCo; and, in such event, NewCo may not proceed with the Project contemplated under the applicable Proposal. In the event NewCo proceeds with a Sidetrack, Bypass, or Deepening Project as permitted herein, (i) NewCo shall pay 100% of the Capital Development Project Costs associated with the Sidetrack, Bypass, or Deepening Project and attributable to Owner Interests, (ii) following the completion of the Sidetrack, Bypass, or Deepening Project as a successful completion, NewCo will receive an assignment of the NewCo NPI in a form substantially the same as Exhibit B attached hereto, reserving unto Owner the ORRI, (iii) except for P&A Costs as set forth below in clause (iv), upon either completion or termination of the Sidetrack, Bypass, or Deepening Project, NewCo shall not be responsible for any expenses, costs, losses, or operations associated with the well that is the subject of such Project, and (iv) at such time as NewCo has reached the Recovery Threshold and the P&A work and activities are performed on the well that is the subject of such Sidetrack, Bypass, or Deepening Project, NewCo shall pay to Owner fifty percent (50%) of Owner's share of the incremental P&A Costs, if any, incurred by the Sidetrack, Bypass, or Deepening Project. Owner shall have the right to cash call NewCo for its share of P&A Costs due hereunder; and, in such event, NewCo shall pay Owner such cash called amounts within thirty (30) days of its receipt of such cash call request. Owner shall promptly following completion of the P&A notify NewCo of the incremental costs incurred and reimburse NewCo for any overpayment, if applicable. For the avoidance of doubt, at such time as NewCo has reached the Recovery Threshold for such applicable Sidetrack, Bypass, or Deepening Project, the NewCo NPI will be reduced from one hundred percent (100%) to fifty percent (50%). The assignment of the NPI to NewCo pursuant to this Section 4.3 shall: (1) be subject to this Agreement, (2) be "as-is," without warranties of any kind, and expressly subject to all agreements and matters of record, and Permitted Encumbrances, (3) be subject to the ORRI reserved by Owner hereunder, and (4) be limited as further described in Section 4.9(a). For the avoidance of doubt, with respect to any

Sidetrack, Bypass, or Deepening Project undertaken by NewCo, (A) Owner shall have no liability or responsibility to NewCo in the event NewCo is unable to reach the Recovery Threshold relative to such Project, and (B) if NewCo does not reach the Recovery Threshold relative to such Project, then NewCo shall be responsible for one hundred percent (100%) of Owner's share of the incremental P&A Costs caused by the subject of the Sidetrack, Bypass, or Deepening Project. For the avoidance of doubt, for the purpose of this Section 4.3, so long as Owner does not reject such Proposal as contemplated under Section 3.2(a) and subject to the other terms of this Agreement, NewCo may proceed with the activities contemplated in the Proposal regardless of whether Owner elects to participate.

Section 4.4. NewCo Project Manager. In the event NewCo is not the contract operator of an Owner Interest at the time of a Proposal or at the time a Capital Development Project is performed, NewCo shall be the project manager on behalf of Owner for the operation, and Owner shall take reasonable actions necessary to cause the then current operator or contract operator to promptly proceed with the operations described in the Proposal at NewCo's direction. In furtherance of such right of NewCo to be the project manager for such operation, Owner, to the extent it has the ability to do so, hereby grants to NewCo the following rights as the project manager: (i) the right to directly consult with, advise, and direct the then current operator or contract operator, as applicable, regarding such operation, provided that Owner's Representatives shall be included in any such consultations, (ii) access to all books, records, data, and information relating to such operation (including any daily or other periodic operations reports), provided that such access shall be subject to the same restrictions on access and disclosure as apply to Evaluation Data under Section 3.2, and (iii) access to all facilities relating to such operation subject to NewCo's execution of a mutually agreeable boarding agreement. All reasonable out-of-pocket costs incurred by NewCo in performing the foregoing activities as such project manager shall be included in the Capital Development Project Costs for the applicable Project.

Section 4.5. Election Well.

(a) **Operating Agreement.** If the Proposal is for the drilling of an Election Well, then contemporaneously with Owner electing to participate in an Election Well, to the extent not in conflict with any existing Third Party Operating Agreements, the Parties shall execute and deliver to each other an operating agreement in substantially the form attached hereto as Exhibit D (each, a "**Subject Operating Agreement**") setting forth the Owner Percentage and NewCo Earned Interest, and the "Contract Area" under such Subject Operating Agreement shall be limited to the Prospect Area to be assigned to NewCo under this Section 4.5(a) if NewCo were to become entitled to such assignment hereunder; provided, however, if NewCo does not earn the assignment to be made pursuant to Section 4.5(b) with respect to any Proposal for which the Parties have executed a Subject Operating Agreement, then such Subject Operating Agreement shall be deemed to have terminated, and the Parties shall take such further actions and execute such additional documents as may be necessary or appropriate to evidence the termination of such Operating Agreement. With respect to each Prospect that may be the subject of a Proposal for an Election Well, the "**Prospect Area**" associated with any such Prospect shall be limited to (i) such area as may be reasonably developed and drained by such individual well without need for further development within the applicable Prospect Area and (ii) depths from the top of shallowest Objective Formation tested by such Election Well down to the stratigraphic equivalent of one

hundred (100) feet below the base of the deepest Objective Formation tested by such Election Well from which production is commenced within two (2) years after spudding such Election Well.

(b) Owner Participation. If Owner elects to participate in an Election Well, then NewCo shall provide Owner with Project Security for the Election Well, and then, only after providing Owner with such Project Security, may proceed with the Election Well at its sole risk and expense. In such event, (i) NewCo (A) shall pay 100% of the Election Well Costs associated with the Election Well and attributable to Owner Interests and (B) upon completing the Election Well as a successful completion, will receive an assignment of the NewCo Earned Interest applicable to such Election Well in a form substantially the same as Exhibit C attached hereto (the “**Base Assignment Form**”), subject to Section 4.9(c), and shall receive the NewCo Earned Interest share of Revenue and bear the NewCo Earned Interests share of Operating Costs relative to the Project until NewCo has reached the Recovery Threshold relative to such Project, and (ii) thereafter, the ongoing Revenue and Operating Costs, and including P&A Costs, associated with the Project shall be received and borne by the Parties in accordance with the Owner Percentage and NewCo Earned Interest, provided that Owner shall not bear any portion of the ORRI or the Operating Costs incurred prior to NewCo reaching the Recovery Threshold. For the avoidance of doubt, at such time as NewCo has reached the Recovery Threshold for such applicable Election Well, the NewCo Earned Interest will be reduced from one hundred percent (100%) of the applicable Owner Interests to fifty percent (50%) of such Owner Interests, in each case still subject to the ORRI. The assignment of the NewCo Earned Interest to NewCo pursuant to this Section 4.5(b) shall: (1) be subject to this Agreement, (2) be “as-is,” without warranties of any kind, and expressly subject to all agreements and matters of record, and Permitted Encumbrances, (3) reserve unto Owner the ORRI, and (4) convey the applicable NewCo Earned Interest as further described in Section 4.9(b). For the avoidance of doubt, if the Election Well is a dry hole or results in a completion for which Owner does not reach the Recovery Threshold, then NewCo shall be solely responsible for bearing such loss and for performing the P&A associated with Owner Interests in such well, including paying all such associated P&A Costs.

(c) Third Party Operating Agreements. During the Term, in the event that any Prospect Area is subject to any existing operating agreement other than a Subject Operating Agreement (each a “**Third Party Operating Agreement**”), then the terms of such Third Party Operating Agreement shall govern and control. In the event the Prospect Area for a Proposal is subject to a Third Party Operating Agreement, Owner agrees to take such reasonable actions as may be required by the terms of such agreement to propose the Proposal to the other parties to such agreement; provided, that NewCo shall assist Owner in taking such actions as may reasonably be requested by Owner.

(d) Operating Agreement Conflicts. To the extent that the provisions of this Agreement conflict with the provisions of any Third Party Operating Agreement, then solely between the Parties, the provisions of this Agreement shall govern and control, *mutatis mutandis*; provided, however, upon commencement of any Election Well, the provisions of any applicable Operating Agreement shall govern all further elections and operations with respect to such Election Well and any subsequent operations within a Prospect Area.

(e) Operator Designation. To the extent permitted by applicable Law and subject to the terms of any Third Party Operating Agreement, upon written request of Owner for each Prospect Area associated with an Election Well pursuant to which NewCo earns a NewCo Earned Interest, NewCo shall be designated and assume the responsibilities of operator of each such Prospect Area. In such event, Owner agrees to take reasonable actions in assisting NewCo in having all co-owners of such Prospect Area agree to such designation and to execute the required documentation for such designation.

(f) Existing Facilities. Subject to (i) the terms of any applicable Third Party Operating Agreement and applicable Law and (ii) the condition of the applicable facilities and any operations then being conducted thereon, to the extent Owner has the ability to grant NewCo such rights, NewCo shall be entitled to access and use existing facilities owned by Owner to the extent necessary to drill, evaluate, complete, equip, and produce any Election Well, free of costs except Third Party costs and the fees described in Section 4.11 (which costs shall be Election Well Costs), and Owner shall take commercially reasonable actions to help facilitate NewCo's right to access such facilities. In so accessing any of Owner's facilities, NewCo shall execute and deliver to Owner a boarding agreement or such other instrument as may be reasonably required by Owner in its reasonable discretion to permit NewCo's access to such facilities and to allocate risks associated with NewCo's operations on such facilities.

(g) Elections Not to Participate. Notwithstanding anything herein to the contrary, if the Proposal is to drill an Election Well and Owner does not elect to participate within the Election Period, then the Proposal shall expire, and neither Party shall have any obligation to the other with respect to the Proposal and NewCo shall have no right to proceed with drilling the Election Well. If Owner or its successors or assigns undertake to drill the Election Well described in the Proposal within two (2) years after expiration of the Election Period for such Proposal, then Owner shall offer NewCo the right (exercisable for a period of 30 days) to participate in such Election Well on the same terms as set forth in the original Proposal and this Agreement.

Section 4.6. Withdrawal or Termination of Proposals.

(a) Subject to any applicable Third Party Operating Agreement, NewCo may withdraw a Proposal at any time prior to the mobilization of materials and equipment toward the commencement of operations under the Proposal. If a Proposal is withdrawn by NewCo or deemed to have been withdrawn as provided in this Agreement, then all terms of this Agreement shall be interpreted as if such Proposal was never made.

(b) Notwithstanding Section 4.6(a), with respect to any Project for which NewCo has the right to proceed hereunder, the Proposal for such Project shall be deemed to have automatically terminated and been withdrawn if NewCo does not (i) Commence the applicable Project within one hundred twenty (120) days (excluding any extension expressly agreed to in writing by the Parties) following NewCo's making of such Proposal and (ii) thereafter diligently and continuously perform such Project until completed, subject to extensions of the foregoing time period to the extent NewCo is prevented from either Commencing or performing such Project by events of Force Majeure; provided that NewCo shall make reasonably diligent efforts to overcome such events of Force Majeure. In the event any Project is deemed terminated or

withdrawn, Owner shall promptly return to NewCo any Project Security it provided to Owner under this Agreement in connection with such Proposal.

(c) If a Proposal is terminated pursuant to Section 4.6(b) as a result of NewCo's failure to timely Commence performance of a Project, then (i) the applicable Owner may elect to conduct the Project that was the subject of such Proposal without any obligation to offer NewCo the opportunity to participate in such Project notwithstanding any term in this Agreement to the contrary and (ii) if Owner has not so elected and NewCo desires to conduct the Project that was the subject of such terminated Proposal, it must resubmit a new Proposal for such Project which shall be subject to the terms of this Agreement in all respects.

Section 4.7. Project Security. With respect to any Project for which NewCo has provided Owner with Project Security hereunder, upon the occurrence of the Recovery Threshold for such Project, the Owner agrees that the principal amount of such Project Security shall be proportionately reduced in an amount corresponding to the reduction of NewCo's responsibility for costs and expenses attributable to such Project including the reduction of its P&A obligations; and the Parties agree to execute such instruments or take such other actions as may be reasonably necessary to evidence such reduction.

Section 4.8. Liability for Operations.

(a) **With respect to any operations conducted by NewCo or its contractors on any Capital Development Project or Election Well, as between Owner and NewCo, NewCo shall be solely responsible and liable for, and shall fully indemnify, defend, and hold harmless Owner, their affiliated and subsidiary companies, contractors (other than NewCo), representatives, and consultants, and all of their respective officers, directors, and employees, from and against any and all claims, demands, suits, causes of action, judgments, fines, penalties, or orders relating to or arising out of the operations so conducted by NewCo or its contractors, including, without limitation, incidents of non-compliance, civil penalties, personal injuries, property damage, or pollution, without regard to the negligence (whether sole, joint, or concurrent, or active or passive), strict liability, or other fault of the foregoing indemnified Persons, except to the extent resulting from the negligence, gross negligence or willful misconduct of any of the foregoing indemnified Persons.**

(b) **Notwithstanding anything herein to the contrary, in no event shall NewCo be liable for any damages or claims arising in whole or in part from its failure or inability to reach the Objective Depths or Objective Formations.**

Section 4.9. Assignments.

(a) **NPI Assignments.** If NewCo is entitled to receive an assignment of a NewCo NPI in connection with any Capital Development Project, such assignment shall be limited to the interval completed or worked over as a result of such operation.

(b) **Election Well Assignments.** If NewCo is entitled to receive an assignment from Owner in connection with any Proposal for an Election Well, such assignment shall, subject to Section 4.9(c) below, be limited to the applicable oil and gas lease(s) insofar as it pertains to each

Prospect Area that is developed by the Election Well and the depths as specified in Section 4.5(a) above.

(c) BOEM Assignments. To the extent any Prospect Area in which NewCo earns an assignment of the NewCo Earned Interest hereunder covers all or a part of one or more aliquots in which BOEM would recognize NewCo's ownership, then in conjunction with the assignment of the NewCo Earned Interest and notwithstanding the Base Assignment Form, the Parties agree to execute and file appropriate BOEM-0150 forms from the pertinent Owner to NewCo and covering fifty percent (50%) of Owner's BOEM recognized operating rights in and to such aliquot(s) from the surface to one hundred feet (100') below the deepest depth drilled of the applicable Election Well (utilizing the Base Assignment Form attached as Exhibit A thereto) ("**BOEM OR Assignments**"). In such event, the Parties recognize and agree that such BOEM OR Assignments must be filed with BOEM or such other required Governmental Authorities. In the event any such Governmental Authorities fail to accept or approve any such BOEM OR Assignments, the Parties will fully cooperate in the development of an assignment and any other filings or instruments that will comply with the requirements of such Governmental Authority's filing and approval procedures (or such other filing procedures as may be hereafter promulgated) or as will accomplish the intent of this Agreement, together with assignments to be filed in the adjacent county or parish records reasonably necessary to give effect to the intent of this Agreement and provide Third Parties with notice of any such assignments. Notwithstanding the foregoing, if, as a result of circumstances beyond the reasonable control of Owner and NewCo, the assignment will not be approved by BOEM, the Parties will file the BOEM OR Assignment in the non-required records maintained by BOEM for the applicable lease or leases.

(d) ORRI. It is understood and agreed that the ORRI reserved by the applicable Owner under any certain assignment made pursuant to the terms of this Agreement shall apply to all renewals, extensions, and other similar arrangements (and/or interests therein) of the applicable subject lease(s). Only a new lease taken by NewCo, its successors or assigns, within one (1) year after expiration or release of a such applicable subject lease and which covers the same lands, shall be considered a renewal or extension for the purposes hereof.

Section 4.10. Rights upon Abandonment of Certain Wells

(a) Abandonment Notice. Subject to the terms of all applicable Third Party Operating Agreements, in the event that Owner and/or the other joint owners in any of the Owner Interests, if any, desire to permanently plug and abandon a well in the Development Area that was producing on the Execution Date (each a "**P&A Well**"), Owner (or, if the Contract Operator Agreement is then in effect, NewCo) shall provide NewCo, no later than the earlier of (A) fifteen (15) days prior to the election deadline set forth in the applicable Third Party Operating Agreement, if any, for which the Owner must elect whether to permanently plug and abandon such well and (B) one hundred and twenty (120) days prior to the commencement of such plugging, abandonment, dismantling, or decommissioning, a written notice to NewCo ("**Abandonment Notice**") that identifies such P&A Well and, if there are no other then-completed wells within such applicable aliquot, the leasehold interests in the aliquot within which such P&A Well is then completed and for which BOEM would recognize an assignment of such interest to NewCo (the "**P&A Leasehold**"); provided that if the Contract Operator Agreement is

then in effect or if NewCo or its Affiliate is then the contract service provider to Owner, Owner shall not be obligated to provide any such Abandonment Notice to NewCo. Notwithstanding anything herein to the contrary, Owners shall have no liability or obligations to NewCo as a result of the failure to provide NewCo with any Abandonment Notice.

(b) Right to Acquire P&A Well. Subject to the terms of any Third Party Operating Agreement, NewCo may elect to acquire all or any P&A Well and the corresponding P&A Leasehold, if any, by delivering a written election to acquire same no later than ten (10) days after NewCo's receipt of an Abandonment Notice. If NewCo fails to deliver a written election to acquire any P&A Well prior to or on the date ten (10) days after receipt of an Abandonment Notice, such failure shall be deemed an election not to acquire any such P&A Well. Notwithstanding anything in this Agreement to the contrary, NewCo's election to acquire any P&A Well may be accepted or rejected by Owner in Owner's sole discretion.

(c) Effect of Exercise. If NewCo validly elects to acquire any P&A Well and the corresponding P&A Leasehold, if any, such election shall constitute a binding obligation of NewCo to acquire Owner Interests in same no later than the later of (i) sixty (60) days after NewCo's election or (ii) the date NewCo obtains all applicable pre-assignment approvals, qualifications, right of use easements, and permits required under applicable Laws and contracts to acquire and operate (if applicable) such P&A Well and P&A Leasehold, if any. Owner and NewCo shall execute and deliver to NewCo such forms and instruments reasonably requested by NewCo or Owner, including an assignment in form mutually agreeable to the Parties; provided, however, that the P&A Well and P&A Leasehold, if any, shall be assigned subject to this Agreement, "as-is" and without warranties of any kind, and expressly subject to all agreements and matters of record and all existing encumbrances. In consideration for such assignment, NewCo shall assume, and perform and indemnify, defend, and hold harmless Owner, from the P&A Costs with respect to such P&A Well and P&A Leasehold, if any; however, Owner shall retain liability for and indemnify, defend, and hold harmless NewCo for all other obligations related to the time period prior to the assignment. Furthermore, NewCo must provide Owner with a mutually agreed upon security instrument covering the full estimated cost for such P&A Well at the time of the assignment, which shall remain in place until NewCo has completed the P&A for such P&A Well. In connection with delivery of the assignment hereunder, at the sole cost and expense of NewCo, the Owner shall deliver to, or cause to be delivered to, NewCo all Well Data and all other records and information in its possession with respect to the P&A Well in a manner reasonably agreed to by the Parties. Owner shall cooperate with NewCo to execute any assignment, designation of operator, or any other instrument reasonably required by NewCo to consummate the intent of this Section 4.10, including NewCo becoming the owner and designated operator of the P&A Well and P&A Leasehold, if any.

Section 4.11. Processing Fees.

(a) Subject to any applicable Third Party Operating Agreement, NewCo agrees to pay of its proportionate share of all fees associated with any production handling agreement or any other agreement governing the processing of production at any facility owned in part or in whole or operated by Owner.

(b) Subject to any applicable Third Party Operating Agreement, in absence of a production handling agreement or any other agreement covering the processor of production any facility owned by Owner, NewCo hereby agrees to pay Owner the following fees for the NewCo Earned Interest share of production processed at any facility owned in party or in whole by Owner:

- (i) \$2.00 per barrel for oil/condensate;
- (ii) \$1.50 per barrel for water; and
- (iii) \$0.20 per MCF for gas.

As used herein, "MCF" means one thousand cubic feet measured at standard pressure and temperature, defined to as cubic feet of volume at 60 degrees Fahrenheit and 14.7 pounds per square inch and a "barrel" is 42 U.S. gallons.

Effective March 1 of each year during which any production from a Project conducted under this Agreement is processed under this Section 4.11, the fees to be charged hereunder shall be adjusted by multiplying the rates then in effect by the percentage increase, if any, in the consumer price index, as published by the Bureau of Labor Statistics of the United States Department of Labor for all Urban Consumers, specifically, the "All Items" Unadjusted Expenditure Category (the "CPI-U"), from (i) December 31 of the year immediately preceding the year then just ended to (ii) December 31 of the year just ended. For the avoidance of doubt, no adjustment will be made in the event of a decrease in the CPI-U for an applicable year.

For the avoidance of doubts, the "Operating Costs" used for the purpose of calculating the NewCo NPI and for determining when NewCo has reached the Recovery Threshold shall include the processing fees provided herein with respect to NewCo NPI share of production resulting from the Capital Development Project. For the purpose of this Section 4.11, the NewCo NPI share means fifty percent (50%) of Owner's Interest in the production.

Section 4.12. Expert Determination of Pre-Existing Net Profit. If, as contemplated in the definition of Pre-Existing Net Profit, a Party submits the determination of Pre-Existing Net Profit with respect to any Capital Development Project to the Expert, the procedures set forth in this Section 4.12 shall apply. Prior to submitting such matter to the Expert, the Party intending to make the submission shall provide written notice to the other Party of such intent. If the Parties are still unable to agree upon the Pre-Existing Net Profit within five (5) Business Days following the other Party's receipt of the notice provided herein, then the Party intending to submit the matter to the Expert may so submit such matter to the Expert for final and binding determination. To submit the determination of Pre-Existing Net Profit to the Expert, the submitting Party shall provide the Expert and the other Party with written notice of its request to have the Expert determine Pre-Existing Net Profit. Within five (5) Business Days of providing that notice, the Parties shall each provide the Expert with (a) such data and information as is necessary for the Expert to be able to determine the Pre-Existing Net Profit, which data and information shall include applicable Well Data, Evaluation Data, and production data relating to the well that is the subject of such proposed Capital Development Project and (b) such Party's estimate of the Pre-Existing Net Profit. The Expert shall, within five (5) Business Days of receiving such data and information, make its calculation of the Pre-Existing Net Profit using the data and information it has received from the

Parties and the most recently available forward curve strip pricing for crude oil and natural gas as provided by NYMEX as of the date preceding the Expert's determination. In making its determination hereunder, the Expert (i) shall be bound by the provisions of this Section 4.12 and the related definitions and (ii) may not assign a value to the Pre-Existing Net Profit greater than the value provided by Owner or less than the value provided by NewCo. If, prior to the Expert finalizing its determination of the Pre-Existing Net Profit, the Parties reach agreement, then they may withdraw the matter from the Expert. The determination of the Expert shall be (x) final and binding on the Parties and (y) final and non-appealable for all purposes hereunder. The fees and expenses of the Expert under this Section 4.12 shall be borne one half by the Owner and one half by NewCo. If the party selected as the Expert is unable or unwilling to serve as the Expert hereunder, then the Expert shall be selected by lot from among the nationally recognized independent reserves or reservoir engineering firms that have not represented any Party or its Affiliates at any time during the three-year period of time immediately preceding its designation hereunder.

Section 5.2. Conflicts. To the extent that any provision of this Agreement conflicts with the provisions of the Contractor Operator Agreement, then as solely between the Parties, the provisions of this Agreement shall govern and control. Additionally, Owner's elections in this Agreement are subject to the Company Agreement.

Section 5.3. Governing Law. This Agreement shall be governed and construed in accordance with the Laws of the State of Texas, without regard to the Laws that might be applicable under conflicts of laws principles.

Section 5.4. Venue. Each Party consents to personal jurisdiction in any action brought in the United States federal and state courts located in the State of Texas with respect to any dispute, claim, or controversy arising out of or in relation to or in connection with this Agreement, and each of the Parties hereto agrees that any action instituted by it against the other with respect to any such dispute, controversy, or claim will be instituted exclusively in the state and federal district courts located in Harris County, Texas. EACH PARTY HEREBY IRREVOCABLY WAIVES, TO THE FULLEST EXTENT PERMITTED BY LAW, ANY OBJECTION WHICH THEY MAY NOW OR HEREAFTER HAVE TO THE VENUE OF ANY SUCH DISPUTE ARISING OUT OF THIS AGREEMENT BROUGHT IN SUCH COURT OR ANY DEFENSE OF INCONVENIENT FORUM FOR THE MAINTENANCE OF SUCH DISPUTE.

Section 5.5. Waiver of Jury Trial. EACH OF THE PARTIES AND THEIR RESPECTIVE SUCCESSORS AND ASSIGNS HEREBY IRREVOCABLY WAIVES ALL RIGHT TO TRIAL BY JURY IN ANY ACTION, PROCEEDING, OR COUNTERCLAIM (WHETHER BASED ON CONTRACT, TORT, OR OTHERWISE) ARISING OUT OF OR RELATING TO THIS AGREEMENT, THE TRANSACTIONS CONTEMPLATED HEREBY, OR THE ACTIONS OF ANY OTHER PARTY IN THE NEGOTIATION, ADMINISTRATION, PERFORMANCE, AND ENFORCEMENT THEREOF.

Section 5.6. Expenses. Except as provided in another agreement, all fees, costs, and expenses incurred by NewCo and Owner in negotiating this Agreement shall be paid by the Party incurring the same, including, without limitation, legal fees, costs, and expenses.

Section 5.9. Waiver. Any failure by any Party to comply with any of its obligations, agreements, or conditions herein contained may be waived by the Party to whom such compliance is owed by an instrument signed by the Party to whom compliance is owed and expressly identified as a waiver, but not in any other manner. No waiver of, or consent to a change in or modification of, any of the provisions of this Agreement shall be deemed or shall constitute a waiver of, or consent to a change in or modification of, any other provisions hereof (whether or not similar), nor shall such waiver constitute a continuing waiver unless otherwise expressly provided.

Section 5.10. Entire Agreement. This Agreement (together with the Exhibits hereto) and the other Transaction Documents constitute the entire agreement among the Parties and supersede any term sheets or oral agreements that may have been made or entered into by the Parties or any of their respective Affiliates relating to the transactions contemplated hereby.

Section 5.11. Assignment. No Party may assign any interest in this Agreement without the prior written consent of the other Party(ies). This Agreement is personal to the Parties, and any attempted assignment shall be void *ab initio*; provided that the foregoing shall not apply if NewCo assigns this Agreement along with its personnel to an Affiliate. Neither assignment nor consent to assignment shall relieve or release the assignor from its obligations under this Agreement, without an express written release signed by the other Party or Parties. Notwithstanding anything herein to the contrary, this Agreement is personal between Owner and NewCo and shall not constitute a covenant running with the lands included in the Development Area or a burden on any Owner Interests except as to a particular Owner Interest for which (x) Owner has received a Proposal from NewCo relating to such Owner Interest and (y) such NewCo Proposal has not terminated, been withdrawn, or deemed to have been withdrawn.

Section 5.12. Binding Effect. The covenants, provisions, and conditions contained in each Assignment given pursuant to this Agreement are agreed and acknowledged to be covenants running with the land and the respective interests of the Parties and will be binding upon and inure to the benefit of the Parties and their respective successors and assigns.

Section 5.13. Further Assurances. Subject to the terms and conditions of this Agreement, each Party shall use its reasonable efforts to take, or cause to be taken, all actions and to do, or cause to be done, all things necessary or desirable, under applicable Law or otherwise, to consummate the transactions contemplated by this Agreement. The Parties agree to and shall execute and deliver such other documents, certificates, agreements, and other writings and to take such other actions as may be necessary or desirable in order to consummate or implement expeditiously the transactions contemplated by this Agreement in accordance with the terms hereof.

Section 5.14. Construction.

(a) All article, section, schedule, and exhibit references used in this Agreement are to articles and sections of, and Schedules and Exhibits to, this Agreement, unless otherwise specified. The Schedules and Exhibits attached to this Agreement shall not amend or modify this Agreement, but the facts (as distinguished from agreements) stated therein are incorporated herein for all purposes.

(b) Unless otherwise indicated, with respect to either Party, the terms “ordinary course of business” or “ordinary course” shall be deemed to refer to the ordinary conduct of business in a manner consistent with the past practices and customs of such Party.

Terms defined in the singular have the corresponding meanings in the plural, and vice versa. Unless the context of this Agreement clearly requires otherwise, words importing the masculine gender shall include the feminine and neutral genders and vice versa. The words “include”, “includes” or “including”

do not limit the preceding terms and shall be deemed to be followed by the words “without limitation.” The words “hereof,” “hereto,” “hereby,” “herein,” “hereunder” and words of similar import, when used in this Agreement, shall refer to this Agreement as a whole and not to any particular section or article in which such words appear. The term “or” is not exclusive.

(d) The terms “day” and “days” mean and refer to calendar day(s). The terms “year” and “years” mean and refer to calendar year(s). If any action is to be taken or given on or by a particular calendar day, and such calendar day is not a Business Day, then such action shall be deferred until the next Business Day.

(e) Owner and NewCo have each participated in the negotiation and drafting of this Agreement and if an ambiguity should arise, this Agreement shall be construed as if drafted jointly by the Parties, and no presumption or burden of proof shall arise favoring or burdening any Party by virtue of the authorship of any of the provisions in this Agreement.

(f) The captions in this Agreement are for convenience only and shall not be considered a part of or affect the construction or interpretation of any provision of this Agreement.

(g) The phrase “made available” means that such Party or one of its Affiliates or Representatives has had the opportunity prior to the date hereof to review such documents or materials at the offices of another Party or its Affiliates.

(h) All references to currency herein shall be to, and all payments required hereunder shall be paid in, United States Dollars.

(i) The serial comma is sometimes included and sometimes omitted. Its inclusion or omission shall not affect the interpretation of any phrase.

Section 5.15. No Partnership. Except as otherwise expressly provided in this Agreement, (a) nothing in this Agreement is intended to create, or shall be construed as creating, a partnership, joint venture, association for profit, or other business entity between or among the Parties and (b) for federal and state income tax purposes, the Parties do not intend that the provisions of Subchapter K, Chapter 1, Subtitle A of the Internal Revenue Code of 1986, as amended, as permitted and authorized by Section 761 of said Code and the regulations promulgated thereunder apply to the transactions described in this Agreement.

Section 5.16. Severability. If any provision of this Agreement is held invalid or unenforceable by any court of competent jurisdiction, the other provisions of this Agreement shall remain in full force and effect. The Parties further agree that if any provision contained herein is, to any extent, held invalid or unenforceable in any respect under the Laws governing this Agreement, they shall take any actions necessary to render the remaining provisions of this Agreement valid and enforceable to the fullest extent permitted by Law and, to the extent necessary, shall amend or otherwise modify this Agreement to replace any provision contained herein that is held invalid or unenforceable with a valid and enforceable provision giving effect to the intent of the Parties to the greatest extent legally permissible.

Section 5.17. Third Party Beneficiaries. Owner and NewCo acknowledge and agree that this Agreement is entered solely for the benefit of the Parties hereto and shall not create any rights, including without limitation third-party beneficiary rights, in favor of any other party.

Section 5.18. Counterparts. This Agreement may be executed in two or more counterparts, each of which shall be deemed an original, but all of which together shall constitute one and the same instrument. ASSIGNMENT OF NET PROFITS INTEREST

This ASSIGNMENT OF NET PROFITS INTEREST (“**Assignment**”) dated [_____, 202_], but effective as of 12:01 a.m. Central Standard Time, on [●], 202_ (the “**Effective Time**”), is from Fieldwood Energy IV LLC, a Texas limited liability, with an office at 2000 West Sam Houston Parkway South, Suite 1200, Houston, Texas 77042 (“**Assignor**”) to Mako Buyer LLC, a Delaware limited liability company, with an office at 2000 West Sam Houston Parkway South, Suite 1200, Houston, Texas 77042 (“**Assignee**”). Assignor and Assignee sometimes individually referred to herein as, a “**Party**” and collectively referred to herein as, the “**Parties**”.

FOR Ten Dollars (\$10.00) and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Assignor hereby GRANTS, BARGAINS, SELLS, CONVEYS and ASSIGNS to Assignee the Assigned NPI (as defined below), reserving unto Assignor the ORRI.

TO HAVE AND TO HOLD the Assigned NPI under Assignee subject to the ORRI and the following terms and conditions:

1. As used in this Assignment, the following terms shall have the meanings ascribed to them below:

“Affiliate” means, with respect to any Person, any other Person that, directly or indirectly, controls, is controlled by or is under common control with, such specified Person through one (1) or more intermediaries or otherwise; provided, however, that, for the purposes of this Agreement, Assignor shall not be deemed an Affiliate of Assignee, and *vice versa*. For the purposes of this definition, “control” means, where used with respect to any Person, the possession, directly or indirectly, of the power to direct or cause the direction of the management and policies of such Person, whether through the ownership of voting securities, by contract or otherwise, and the terms “controlling” and “controlled” have correlative meanings.

“Assigned NPI” means with respect to production from the Interval, a net profits interest equal to (i) one hundred percent (100%) of the Excess Net Profit until Assignee has reached the Recovery Threshold with respect to such Interval and (ii) from and after such time that Assignee has reached the Recovery Threshold with respect to such Interval, automatically reducing to fifty percent (50%) of the Excess Net Profit.

“Capital Development Project” has the meaning given such term in the Joint Development Agreement.

“Capital Development Project Costs” means, to the extent attributable to Assignor’s right, title, and interest in and to the Interval, any and all out-of-pocket costs and expenses incurred in (i) preparing for and completing the Capital Development Project pursuant to which Assignee is receiving this Assignment and (ii) conducting all other operations set forth in the applicable Proposal for such Capital Development Project, including, without

limitation, all reasonable Third Party engineering costs, legal costs, and permitting costs, but excluding overhead and general and administrative costs.

“Excess Net Profit” means the Net Profit from a Capital Development Project over any applicable period, minus the Pre-Existing Net Profit. ARTICLE 4 OPERATOR

4.1 Operator

_____ is designated as Operator of the Lease. The Parties shall promptly execute and provide Operator with all documents required by the BOEMRE in connection with the designation of _____ as Operator or with the designation of any other Party as a substitute or successor Operator. Unless agreed to the contrary by all Parties hereto, Operator shall also be classified as the designated applicant for oil spill financial responsibility purposes and each Non-operator Party shall promptly execute the appropriate documentation reflecting this designation and promptly provide same to Operator for filing with BOEMRE.

4.2 Circumstances Under Which Operator Must Conduct a Non-Consent Operation

If:

- (a) a drilling rig is on location and Operator becomes a Non-participating Party in a supplemental AFE for an Exploratory Operation, or Development Operation, or
- (b) Operator becomes a Non-participating Party in an operation to be conducted from a Platform operated by Operator,

Operator, as a Non-participating Party, shall conduct the Non-consent Operation on behalf of the Participating Parties and at the Participating Parties' sole cost and risk under Article 13 (Non-Consent Operations).

4.3 Operator's Conduct of a Non-Consent Operation in Which it is a Non-participating Party

When, under Article 4.2 (Circumstances Under Which Operator Must Conduct a Non-Consent Operation), Operator conducts a Non-consent Operation in which it is a Non-participating Party, it shall follow the practices and standards in Article 5 (Exclusive Right to Operate). Notwithstanding anything to the contrary in Exhibit "C", Operator shall not be required to proceed with the Non-consent Operation until the Participating Parties have advanced the total estimated costs of the Non-consent Operation to Operator. Operator shall never be obligated to expend any of its own funds for the Non-consent Operation in which it is a Non-participating Party.

4.4 Resignation of Operator

Subject to Article 4.6 (Selection of Successor), Operator may resign at any time by giving written notice to the Parties, except that Operator may not without the other Parties' consent resign during a Force Majeure or an emergency that poses a threat to life, safety, property, or the environment. If Operator or its Affiliates cease to own a Working Interest, Operator automatically shall be deemed to have resigned as Operator without any action by the Non-operator(s).

4.5 Removal of Operator

Operator may be removed by an affirmative vote of the Parties owning a combined Working Interest of fifty percent (50%) or more of the remaining Working Interest after excluding Operator's Working Interest if:

- (a) Operator becomes insolvent or unable to pay its debts as they mature, makes an

assignment for the benefit of creditors, commits an act of bankruptcy, or seeks relief under laws providing for the relief of debtors;

- (b) a receiver is appointed for Operator or for substantially all its property or affairs;
- (c) a Transfer of Interest by Operator (excluding an interest assigned to an Affiliate) reduces Operator's Working Interest to less than the Working Interest of any Non-operator, whether accomplished by one (1) or more Transfer of Interest.
- (d) Operator commits a substantial breach of a material provision of this Agreement and fails to cure the breach within thirty (30) days after notice of the breach.

4.6 Selection of Successor

On resignation or removal of Operator, a successor Operator shall be selected from among the Parties by an affirmative vote of one (1) or more Parties having a combined Working Interest of fifty percent (50%) or more. If the resigned or removed Operator is not entitled to vote, fails to vote, or votes only to succeed itself, the successor Operator shall be selected by the affirmative vote of the Parties owning a combined Working Interest of fifty percent (50%) or more of the remaining Working Interest after excluding the Working Interest of the resigned or removed Operator. If Operator assigns all or a part of its Working Interest, under Article 4.4 (Resignation of Operator) or Article 4.5(c), the Party that acquired all or a part of the former Operator's Working Interest shall not be excluded from voting for a successor Operator. If there are only two (2) Parties to this Agreement when Operator resigns or is removed, the Non-operator automatically has the right, but not the obligation, to become Operator. If no Party is willing to become Operator, this Agreement shall terminate under Article 27.1 (Term).

4.7 Effective Date of Resignation or Removal

The resignation or removal of Operator shall become effective as soon as practical but no later than 7:00 a.m. on the first day of the month following a period of ninety (90) days after the date of resignation or removal, unless a longer period is required for the Parties to obtain approval of the designation of the successor Operator, and designated applicant for oil spill financial responsibility purposes, by the BOEMRE; however, in no event shall the resignation or removal of Operator become effective until a successor Operator has assumed the duties of Operator. The resignation or removal of the outgoing Operator shall not prejudice any rights, obligations, or liabilities resulting from its operatorship. The successor Operator may charge the Joint Account for reasonable costs incurred in connection with copying or obtaining the former Operator's records, information, or data except when the change of Operator results from a merger, consolidation, reorganization, or sale or transfer to an Affiliate of Operator.

4.8 Delivery of Property

On the effective date of resignation or removal of Operator, the outgoing Operator shall deliver or transfer to the successor Operator custodianship of the Joint Account and possession of all items purchased for the Joint Account under this Agreement, all Hydrocarbons that are not the separate

property of a Party, and all equipment, materials, and appurtenances purchased for the Joint Account under this Agreement, which are not already in the possession of the successor Operator. The outgoing Operator shall further use its reasonable efforts to transfer to the successor Operator, as of the effective date of the resignation or removal, its rights as Operator under all contracts exclusively relating to the activities or operations conducted under this Agreement, and the successor Operator shall assume all obligations of Operator that are assignable under the contracts. The Parties may audit the Joint Account and conduct an inventory of all property and all Hydrocarbons that are not the separate property of a Party, and the inventory shall be used in the accounting to all Parties by the outgoing Operator of the property and the Hydrocarbons that are not the separate property of a Party. The inventory and audit shall be conducted under Exhibit "C".

ARTICLE 5 AUTHORITY AND DUTIES OF OPERATOR

5.1 Exclusive Right to Operate

Unless otherwise provided in this Agreement, Operator shall have the exclusive right and duty to conduct operations (or cause them to be conducted) under this Agreement. In performing services under this Agreement for the Non-operators, Operator shall be an independent contractor, not subject to the control or direction of Non-operators, except for the type of operation to be undertaken in accordance with the voting and election procedures in this Agreement. No Party shall be deemed to be, or hold itself out as, the agent or fiduciary of another Party.

5.2 Workmanlike Conduct

Operator shall timely commence and conduct all operations in a good and workmanlike manner, as would a prudent operator under the same or similar circumstances. OPERATOR SHALL NOT BE LIABLE TO NON-OPERATORS FOR LOSSES SUSTAINED OR LIABILITIES INCURRED, EXCEPT AS MAY RESULT FROM OPERATOR'S GROSS NEGLIGENCE OR WILLFUL MISCONDUCT. Operator shall never be required under this Agreement to conduct an operation that it believes would be unsafe or would endanger persons, property, or the environment. Unless otherwise provided in this Agreement, Operator shall consult with Non-operators and keep them informed of all important matters.

5.3 Liens and Encumbrances

Operator shall endeavor to keep the Lease, wells, Platforms, Development Facilities, and other equipment free from all liens and other encumbrances occasioned by operations hereunder, except those provided in Article 8.6 (Security Rights).

5.4 Employees and Contractors

Operator shall select employees and contractors and determine their number, hours of labor, and compensation.

5.5 Records

Operator shall keep or cause to be kept accurate books, accounts, and records of activities or operations under this Agreement in compliance with the Accounting Procedure in Exhibit "C". Unless otherwise provided in this Agreement, all records of the Joint Account shall be available to a Non-operator as provided in Exhibit "C". Operator shall use good-faith efforts to ensure that the settlements, billings, and reports rendered to each Party under this Agreement are complete and accurate.

5.6 Compliance

Operator shall comply, and shall require all agents and contractors to comply, with all applicable laws, rules, regulations, and orders of governmental authorities having jurisdiction. Each Non-operator Party shall take all action, including the execution of all documents and forms, as necessary for Operator to comply with all applicable laws, rules, regulations, and orders of governmental authorities having jurisdiction.

5.7 Contractors

Operator may enter into contracts with qualified and responsible independent contractors for the design, construction, installation, drilling, production, or operation of wells, Platforms, and Development Facilities. Operator shall, in its discretion, use competitive bidding to procure goods and services for the benefit of the Parties. All drilling operations conducted under this Agreement shall be conducted by properly qualified and responsible drilling contractors under current competitive contracts. A drilling contract will be presumed to be a current competitive contract if it (a) was made within twelve (12) months before the commencement of the well and (b) contains terms, rates, and provisions that, when the contract was made, did not exceed those generally prevailing in the area for operations involving substantially equivalent rigs that are capable of conducting the drilling operation. At its election, Operator may use its own or an Affiliate's drilling equipment, derrick barge, tools, or machinery to conduct drilling operations, but the work shall be (i) performed by Operator or its Affiliate acting as an independent contractor, (ii) approved by written agreement with the Participating Parties before commencement of operations, and (iii) conducted under the same terms and conditions and at the same rates as are customary and prevailing in competitive contracts of third parties doing work of similar nature.

5.8 Governmental Reports

Operator shall make reports to governmental authorities it has a duty to make as Operator and shall furnish copies of the reports to the Participating Parties. Each Non-operator Party shall take all action, including the execution of all documents and forms, as necessary for Operator to make such reports to governmental authorities.

5.9 Information to Participating Parties

Except as provided in Article 8.7.1, Operator shall furnish each Participating Party at its request the following information, if applicable, for each activity or operation conducted by Operator:

- 5.9.1** A copy of the application for permit to drill and all amendments thereto.
- 5.9.2** A daily drilling report (or Reworking report or Recompletion report, if applicable), giving the depth, corresponding lithological information, data on drilling fluid characteristics, information about drilling or operational difficulties or delays, if any, and other pertinent information, by facsimile transmission or electronic mail within forty-eight (48) hours (excluding Saturdays, Sundays, and federal holidays) for well operations conducted in the preceding twenty-four (24)-hour period.
- 5.9.3** A complete report of each core analysis.
- 5.9.4** A copy of each electrical survey, currently as it is run; all data for each radioactivity log, temperature survey, deviation or directional survey, caliper log, and other log or survey obtained during the drilling of the well; and, on completion of the well, a composite of all electrical-type logs, insofar as is reasonable and customary.
- 5.9.5** A copy of all well test results, bottom-hole pressure surveys, and fluid analyses.

- 5.9.7** To the extent possible, twenty-four (24) hours' advance notice of, and access to, logging, coring, and testing operations.

5.10 Information to Non-participating Parties

Operator shall furnish each Non-participating Party a copy of each Operator's governmental report that is available to the public and associated with the applicable Non-consent Operation. Until the applicable recoupment under Article 13 (Non-consent Operations) is complete, a Non-participating Party shall not receive or review any other information specified by Article 5.9 (Information to Participating Parties), except as may be necessary for a payout audit of the Non-consent Operation.

ARTICLE 6

VOTING AND VOTING PROCEDURES

6.1 Voting Procedures

Unless otherwise provided in this Agreement, each matter requiring approval of the Parties shall be determined as follows:

6.1.1 Voting Interest

Subject to Article 8.6 (Security Rights), each Party shall have a voting interest equal to its Working Interest or its Participating Interest, as applicable.

6.1.2 Vote Required

Unless expressly stated to the contrary herein, a matter requiring approval of the Parties shall be decided by the affirmative vote of one (1) or more Parties having a combined voting interest of more than fifty percent (50%). If there are only two (2) Parties to this Agreement, the matter shall be determined by the Party having a majority voting interest or, if the interests are equal, the matter shall require unanimous consent.

6.1.3 Votes

The Parties may vote at a meeting; by telephone, promptly confirmed in writing to Operator; by electronic mail; or by facsimile transmission. Operator shall give each Party prompt notice of the results of the voting.

6.1.4 Meetings

Meetings of the Parties may be called by Operator on its own motion or at the request of one or more Parties having a collective voting interest of not less than twenty-five percent (25%). Except in an emergency, no meeting shall be called on less than ten (10) days' advance written notice, and the notice of meeting shall include the meeting agenda prepared by Operator or the requesting Party. The representative of Operator shall be chairman of each meeting. Only matters included in the agenda may be discussed at a meeting, but the agenda and items included in the agenda may be amended before or during the meeting by unanimous agreement of all Parties.

ARTICLE 7 ACCESS

7.1 Access to Lease

Except as provided in Article 8.7.1, each Party shall have access, at its sole risk and expense and at all reasonable times, to the Lease, Platform, Development Facilities, and Joint Account assets to inspect activities, operations, and wells in which it participates, and to pertinent records and data. A Non-operator shall give Operator at least twenty-four (24) hours' notice of the Non-operator's intention to visit the Lease. To protect Operator and the Non-operators from lawsuits,

claims, and legal liability, if it is necessary for a person who is not performing services for Operator directly related to the joint operations, but is performing services solely for a Non-operator or pertaining to the business or operations of a Non-operator, to visit, use, or board a rig, well, Platform, or Development Facilities subject to this Agreement, the Non-operator shall give Operator advance notice of the visit, use, or boarding, and shall secure from that person an agreement, in a form satisfactory to Operator, indemnifying and holding Operator and Non-operators harmless, or shall itself provide the same hold harmless and indemnification in favor of Operator and other Non-operators before the visit, use, or boarding.

7.2 Reports

On written request, Operator shall furnish a requesting Party any information not otherwise furnished under Article 5 (Authority and Duties of Operator) to which that Party is entitled under this Agreement. The costs of gathering and furnishing information not furnished under Article 5 shall be charged to the requesting Party. Operator is not obligated to furnish interpretative data that was generated by Operator at its sole cost.

7.3 Confidentiality

Except as otherwise provided in Article 7.4 (Limited Disclosure), Article 7.5 (Limited Releases to Offshore Scout Association), Article 7.6 (Media Releases), and Article 21.1 (Notice of Contributions Other Than Advances for Sale of Production), and except for necessary disclosures to governmental authorities having jurisdiction, or except as agreed in writing by all Participating Parties, no Party or Affiliate shall disclose Confidential Data to a third party. This Article 7.3 shall remain in force and effect during the term of this Agreement and for one (1) year after termination of this Agreement.

7.4 Limited Disclosure

A Party may make Confidential Data to which it is entitled under this Agreement available to:

- (a) outside professional consultants and reputable engineering firms for the purpose of evaluations and/or submitting bids;
- (b) gas transmission companies for Hydrocarbon reserve or other technical evaluations;
- (c) reputable financial institutions for study before commitment of funds;
- (d) governmental authorities having jurisdiction or the public, to the extent required by applicable laws or by those governmental authorities;
- (e) the public, to the extent required by the regulations of a recognized stock exchange;
- (f) third parties with which a Party is engaged in a bona fide effort to effect a merger or consolidation, sell all or a controlling part of that Party's stock, or sell all or substantially all assets of that Party or an Affiliate of that Party;
- (g) an Affiliate of a Party;
- (h) such limited well information that is typically disclosed by Operator's representative during meetings of the Offshore Oil Scouts Association; and

- (i) third parties with which a Party is engaged in a bona fide effort to sell, farm out, or trade all or a portion of its interest in the Lease.

Confidential Data made available under Articles 7.4(f) and 7.4(h) shall not be removed from the custody or premises of the Party making the Confidential Data available to third parties described in those Articles. A third party permitted access under Articles 7.4, (a), (b), (c), (f), and (h) shall first agree in writing neither to disclose the Confidential Data to others nor to use the Confidential Data, except for the purpose for which it was disclosed. The disclosing Party shall give prior notice to the other Parties that it intends to make the Confidential Data available.

7.5 Limited Releases to Offshore Scout Association

Operator may disclose Confidential Data to the Offshore Oil Scouts Association at their regularly scheduled meetings. The Confidential Data that may be disclosed is limited to information concerning well locations, well operations, and well completions to the extent reasonable and customary in industry practice or required under the by-laws of the Offshore Oil Scouts Association.

7.6 Media Releases

Except as unanimously agreed by the Participating Parties or otherwise permitted by this Article, no Party shall issue a news or media release about operations on the Lease. In an emergency involving extensive property or environmental damage, operations failure, loss of human life, or other clear emergency, and for which there is insufficient time to obtain the prior approval of the Parties, Operator may furnish the minimum, strictly factual, information necessary to satisfy the legitimate public interest of the media and governmental authorities having jurisdiction. Operator shall then promptly advise the other Parties of the information furnished in response to the emergency.

ARTICLE 8 EXPENDITURES

8.1 Basis of Charge to the Parties

Subject to the other provisions of this Agreement, Operator shall pay all costs incurred under this Agreement, and each Party shall reimburse Operator in proportion to its Participating Interest. All charges, credits, and accounting for expenditures shall be made and done pursuant to Exhibit "C".

8.2 AFEs

Before undertaking an operation or making a single expenditure to be in excess of Two Hundred Thousand Dollars (\$200,000.00), and before conducting an activity or operation to drill, Sidetrack, Deepen, Complete, Rework, or Recomplete a well (regardless of the estimated cost), Operator shall submit an AFE for the operation or expenditure to the Parties for approval. Operator shall

also furnish an informational AFE to all Parties for an operation or single expenditure estimated to cost Two Hundred Thousand Dollars (\$200,000.00) or less, but in excess of Fifty Thousand Dollars (\$50,000.00). Operator shall notify the Participating Parties as soon as reasonably possible when it appears that the cost of an ongoing activity or operation, before its completion, will exceed the original AFE by more than one hundred twenty-five percent (125%). This overexpenditure notice shall be furnished to the Participating Parties as a supplemental AFE for informational purposes only and is not subject to an election by any of the Parties.

8.3 Emergency and Required Expenditures

Notwithstanding anything in this Agreement to the contrary, Operator is hereby authorized to conduct operations and incur expenses that in its opinion are reasonably necessary to safeguard life, property, and the environment in case of an actual or imminently threatened blowout, explosion, accident, fire, flood, storm, hurricane, catastrophe, or other emergency, and the expenses shall be borne by the Participating Parties in the affected operation. Operator shall report to the Participating Parties, as promptly as practical, the nature of the emergency and the action taken. Operator is also authorized to conduct operations and incur expenses reasonably required by statute, regulation, order, or permit condition or by a governmental authority having jurisdiction, which expenses shall be borne by the Participating Parties in the affected operation, subject to Exhibit "C".

8.4 Advance Billings

Operator may require each Party to advance its respective share of estimated expenditures pursuant to Exhibit "C".

8.5 Commingling of Funds

Funds received by Operator under this Agreement may be commingled with its own funds.

8.6 Security Rights

In addition to any other security rights and remedies provided by law with respect to services rendered or materials and equipment furnished under this Agreement, for and in consideration of the covenants and mutual undertakings of Operator and the Non-operator(s) herein, the Parties shall have the following security rights:

8.6.1 Mortgage in Favor of Operator

Each Non-operator(s) hereby grants to Operator a mortgage, hypothecate, and pledge of and over all its rights, titles, and interests in and to (a) the Lease, (b) the oil and gas in, on, under, and that may be produced from the lands within the Lease, and (c) all other immovable property or other property susceptible of mortgage situated within the Lease.

- (i) This mortgage is given to secure the complete and timely performance of and payment by each Non-operator(s) of all obligations and indebtedness of every kind and nature, whether now owed by such Non-operator(s) or hereafter arising, pursuant to this Agreement. To the extent susceptible under applicable law, this

mortgage and the security interests granted in favor of Operator herein shall secure the payment of all costs and other expenses properly charged to such Party, together with (a) interest on such indebtedness, costs, and other expenses at the rate set forth in Exhibit "C" attached hereto (the "Accounting Procedure") or the maximum rate allowed by law, whichever is the lesser, (b) reasonable attorneys' fees, (c) court costs, and (d) other directly related collection costs. If any Non-operator(s) Party does not pay any such uncontested costs and other expenses or perform its obligations under this Agreement when due, Operator shall have the additional right to notify the purchaser or purchasers of the defaulting Non-operator's(s') production and collect such costs and other expenses out of the proceeds from the sale of the defaulting Non-operator's(s') share of production until the amount owed has been paid. Operator shall have the right to offset the amount owed against the proceeds from the sale of such defaulting Non-operator's(s) share of production if the amount owing is uncontested. Any purchaser of such production shall be entitled to rely on Operator's statement concerning the amount of costs and other expenses owed by the defaulting Non-operator(s) and payment made to Operator by any purchaser shall be binding and conclusive as between such purchaser and such defaulting Non-operator(s).

- (ii) The maximum amount for which the mortgage herein granted by each Non-operator(s) shall be deemed to secure the obligations and indebtedness of such Non-operator(s) to Operator as stipulated herein is hereby fixed in an amount equal to Twenty-Five Million Dollars (\$25,000,000.00) (the "Limit of the Mortgage of each Non-operator(s)"). Except as provided in the previous sentence (and then only to the extent that such limitations are required by law), the entire amount of obligations and indebtedness of each Non-operator(s) to Operator is secured hereby without limitation. Notwithstanding the foregoing Limit of the Mortgage of each Non-operator(s), the liability of each Non-operator(s) under this Agreement and the mortgage and security interest granted hereby shall be limited to (and Operator shall not be entitled to enforce the same against such Non-operator(s) for an amount exceeding) the actual obligations and indebtedness (including all interest charges, costs, attorneys' fees, and other charges provided for in this Agreement or in the attached Exhibit "F") outstanding and unpaid and that are attributable to or charged against the interest of such Non-operator(s) pursuant to this Agreement.

8.6.2 Security Interest in Favor of Operator

To secure the complete and timely performance of and payment by each Non-operator(s)

of all obligations and indebtedness of every kind and nature, whether now owed by such Non-operator(s) or hereafter arising, pursuant to this Agreement, each Non-operator Party hereby grants to Operator a continuing security interest in and to all its rights, titles, interests, claims, general intangibles, proceeds, and products thereof, whether now existing or hereafter acquired, in and to (a) all oil and gas produced from the lands or offshore blocks covered by the Lease or attributable to the Lease when produced, (b) all accounts receivable accruing or arising as a result of the sale of such oil and gas (including, without limitation, accounts arising from gas imbalances or from the sale of oil and gas at the wellhead), (c) all cash or other proceeds from the sale of such oil and gas once produced, and (d) all Platforms, wells, facilities, fixtures, other corporeal property, whether movable or immovable, whether now or hereafter placed on the lands or offshore blocks covered by the Lease or maintained or used in connection with the ownership, use, or exploitation of the Lease, and other surface and sub-surface equipment of any kind or character located on or attributable to the Lease and the cash or other proceeds realized from the sale, transfer, disposition, or conversion thereof. The interest of the Non-operator(s) in and to the oil and gas produced from or attributable to the Lease when extracted and the accounts receivable accruing or arising as the result of the sale thereof shall be financed at the wellhead of the well or wells located on the Lease. To the extent susceptible under applicable law, the security interest granted by each Non-operator(s) hereunder covers: (a) all substitutions, replacements, and accessions to the property of such Non-operator(s) described herein and is intended to cover all the rights, titles, and interests of such Non-operator(s) in all movable property now or hereafter located on or used in connection with the Lease, whether corporeal or incorporeal; (b) all rights under any gas balancing agreement, farmout rights, option farmout rights, acreage and cash contributions, and conversion rights of such Non-operator(s) in connection with the Lease, or the oil and gas produced from or attributable to the Lease, whether now owned and existing or hereafter acquired or arising, including, without limitation, all interests of each Non-operator(s) in any partnership, tax partnership, limited partnership, association, joint venture, or other entity or enterprise that holds, owns, or controls any interest in the Lease; and (c) all rights, claims, general intangibles, and proceeds, whether now existing or hereafter acquired, of each Non-operator(s) in and to the contracts, agreements, permits, licenses, rights-of-way, and similar rights and privileges that relate to or are appurtenant to the Lease, including the following:

- (i) all its rights, titles, and interests, whether now owned and existing or hereafter acquired or arising, in, to, and under or derived from any present or future operating, farmout, bidding, pooling, unitization, and communitization agreements, assignments, and subleases, whether or not described in Exhibit

“A”, to the extent, and only to the extent, that such agreements, assignments, and subleases cover or include any of its rights, titles, and interests, whether now owned and existing or hereafter acquired or arising, in and to all or any portion of the Lease, and all units created by any such pooling, unitization, and communitization agreements and all units formed under orders, regulations, rules, or other official acts of any governmental authority having jurisdiction, to the extent and only to the extent that such units cover or include all or any portion of the Lease;

- (ii) all its rights, titles, and interests, whether now owned and existing or hereafter acquired or arising, in, to, and under or derived from all presently existing and future advance payment agreements, and oil, casinghead gas, and gas sales, exchange, and processing contracts and agreements, including, without limitation, those contracts and agreements that are described on Exhibit “A”, to the extent, and only to the extent, that those contracts and agreements cover or include all or any portion of the Lease; and
- (iii) all its rights, titles, and interests, whether now owned and existing or hereafter acquired or arising, in, to, and under or derived from all existing and future permits, licenses, rights of way, and similar rights and privileges that relate to or are appurtenant to any of the Lease(s).

8.6.3 Mortgage in Favor of the Non-operator Parties

Operator hereby grants to each Non-operator(s) a mortgage, hypothecate, and pledge of and over all its rights, titles, and interests in and to (a) the Lease; (b) the oil and gas in, on, under, and that may be produced from the lands within the Lease; and (c) all other immovable property or other property susceptible of mortgage situated within the Lease.

- (i) This mortgage is given to secure the complete and timely performance of and payment by Operator of all obligations and indebtedness of every kind and nature, whether now owed by Operator or hereafter arising, pursuant to this Agreement. To the extent susceptible under applicable law, this mortgage and the security interests granted in favor of each Non-operator(s) herein shall secure the payment of all costs and other expenses properly charged to Operator, together with (a) interest on such indebtedness, costs, and other expenses at the rate set forth in the Accounting Procedure or the maximum rate allowed by law, whichever is the lesser, (b) reasonable attorneys’ fees, (c) court costs, and (d) other directly related collection costs. If Operator does not pay any such uncontested costs and other expenses or perform its obligations under this Agreement when due, the Non-operator(s) shall have the additional right to notify the purchaser or purchasers of Operator’s production and collect such costs and

other expenses out of the proceeds from the sale of Operator's share of production until the amount owed has been paid. The Non-operator(s) shall have the right to offset the amount owed against the proceeds from the sale of Operator's share of production if the amount owing is uncontested. Any purchaser of such production shall be entitled to rely on the Non-operator(s)' statement concerning the amount of costs and other expenses owed by Operator and payment made to the Non-operator(s) by any purchaser shall be binding and conclusive as between such purchaser and Operator.

- (ii) The maximum amount for which the mortgage herein granted by Operator shall be deemed to secure the obligations and indebtedness of Operator to all Non-operator(s) as stipulated herein is hereby fixed in an amount equal to Twenty-Five Million Dollars (\$25,000,000) in the aggregate (the "Limit of the Mortgage of Operator"). Except as provided in the previous sentence (and then only to the extent such limitations are required by law), the entire amount of obligations and indebtedness of Operator to the Non-operator(s) is secured hereby without limitation. Notwithstanding the foregoing Limit of the Mortgage of Operator, the liability of Operator under this Agreement and the mortgage and security interest granted hereby shall be limited to (and the Non-operator(s) shall not be entitled to enforce the same against Operator for an amount exceeding) the actual obligations and indebtedness (including all interest charges, costs, attorneys' fees, and other charges provided for in this Agreement or in Exhibit "F") outstanding and unpaid and that are attributable to or charged against the interest of Operator pursuant to this Agreement.

8.6.4 Security Interest in Favor of the Non-operator(s)

To secure the complete and timely performance of and payment by Operator of all obligations and indebtedness of every kind and nature, whether now owed by Operator or hereafter arising, pursuant to this Agreement, Operator hereby grants to each Non-operator(s) a continuing security interest in and to all its rights, titles, interests, claims, general intangibles, proceeds, and products thereof, whether now existing or hereafter acquired, in and to (a) all oil and gas produced from the lands or offshore blocks covered by the Lease or attributable to the Lease when produced, (b) all accounts receivable accruing or arising as a result of the sale of such oil and gas (including, without limitation, accounts arising from gas imbalances or from the sale of oil and gas at the wellhead), (c) all cash or other proceeds from the sale of such oil and gas once produced, and (d) all Platforms, wells, facilities, fixtures, other corporeal property whether movable or immovable, whether now or hereafter placed on the offshore blocks covered by the Lease or maintained or used in connection with the ownership, use, or exploitation of the

Lease, and other surface and sub-surface equipment of any kind or character located on or attributable to the Lease and the cash or other proceeds realized from the sale, transfer, disposition, or conversion thereof. The interest of Operator in and to the oil and gas produced from or attributable to the Lease when extracted and the accounts receivable accruing or arising as the result of the sale thereof shall be financed at the wellhead of the well or wells located on the Lease. To the extent susceptible under applicable law, the security interest granted by Operator hereunder covers: (a) all substitutions, replacements, and accessions to the property of Operator described herein and is intended to cover all the rights, titles and interests of Operator in all movable property now or hereafter located on or used in connection with the Lease, whether corporeal or incorporeal; (b) all rights under any gas balancing agreement, farmout rights, option farmout rights, acreage and cash contributions, and conversion rights of Operator in connection with the Lease, the oil and gas produced from or attributable to the Lease, whether now owned and existing or hereafter acquired or arising, including, without limitation, all interests of Operator in any partnership, tax partnership, limited partnership, association, joint venture, or other entity or enterprise that holds, owns, or controls any interest in the Lease; and (c) all rights, claims, general intangibles, and proceeds, whether now existing or hereafter acquired, of Operator in and to the contracts, agreements, permits, licenses, rights-of-way, and similar rights and privileges that relate to or are appurtenant to the Lease, including the following:

- (i) all its rights, titles, and interests, whether now owned and existing or hereafter acquired or arising, in, to, and under or derived from any present or future operating, farmout, bidding, pooling, unitization, and communitization agreements, assignments, and subleases, whether or not described in Exhibit "A", to the extent, and only to the extent, that such agreements, assignments, and subleases cover or include any of its rights, titles, and interests, whether now owned and existing or hereafter acquired or arising, in and to all or any portion of the Lease, and all units created by any such pooling, unitization, and communitization agreements and all units formed under orders, regulations, rules, or other official acts of any governmental authority having jurisdiction, to the extent and only to the extent that such units cover or include all or any portion of the Lease;
- (ii) all its rights, titles, and interests, whether now owned and existing or hereafter acquired or arising, in, to, and under or derived from all presently existing and future advance payment agreements, and oil, casinghead gas, and gas sales, exchange, and processing contracts and agreements, including, without limitation, those contracts and agreements that are described on Exhibit "A", to

the extent, and only to the extent that those contracts and agreements cover or include all or any portion of the Lease; and

- (iii) all its rights, titles, and interests, whether now owned and existing or hereafter acquired or arising, in, to, and under or derived from all existing and future permits, licenses, rights-of-way, and similar rights and privileges that relate to or are appurtenant to any of the Lease.

8.6.5 Recording

To provide evidence of, and to further perfect the Parties' security rights created hereunder, on request, each Party shall execute and acknowledge the attached Exhibit "F" (the "Memorandum of Operating Agreement and Financing Statement") in multiple counterparts as appropriate. The Parties authorize Operator to file the Memorandum of Operating Agreement and Financing Statement in the public records set forth below to serve as notice of the existence of this Agreement as a burden on the title of Operator and the Non-operator(s) to their interests in the Lease and for purposes of satisfying otherwise relevant recording and filing requirements of applicable law and to attach an original of the Memorandum of Operating Agreement and Financing Statement to a standard UCC-1 for filing in the UCC records set forth below to perfect the security interests created by the Parties in this Agreement. Such Memorandum of Operating Agreement and Financing Statement shall be amended from time to time on acquisition of additional leasehold interests in the Lease, and the Parties shall, within five (5) business days following request by one (1) of the Parties hereto, execute and furnish to the requesting Party for recordation any such amendment.

8.6.6 The Memorandum of Operating Agreement and Financing Statement

The Memorandum of Operating Agreement and Financing Statement is to be filed or recorded, as the case may be, in (a) the conveyance records of the parish or parishes adjacent to the lands or offshore blocks covered by the Lease pursuant to La. R.S. 9:2731 et seq., (b) the mortgage records of such parish(es) or county(ies), (c) the appropriate Uniform Commercial Code records, and (d) the records of the BOEMRE as a non-required filing. A copy of such filed or recorded instrument(s) shall be furnished to Non-operator(s) once received by Operator.

8.7 Unpaid Charges and Default

- 8.7.1** If a Party fails to pay the charges due under this Agreement within sixty (60) days after receipt of Operator's statement, and if Operator then issues a notice of default and the default is not cured in the time and manner provided below, the other Participating Parties shall, on Operator's request, pay the unpaid amount in proportion to their Participating Interests. Each Party paying its share of the unpaid amount shall be subrogated to Operator's security rights, to the extent of the payment. In addition to other

remedies provided by this Agreement or by law, if a Party does not pay, when due, its share of the charges under this Agreement, Operator may give that Party notice that unless payment is made within thirty (30) days after receipt of Operator's notice, the Party shall be in default if the amount owing is uncontested. A Party in default shall have no further access to the Lease, maps, records, data, or other information obtained in connection with operations. If a Party believes that Operator's charges, or a portion thereof, are incorrect, that Party shall nevertheless pay the charges claimed by Operator and may notify Operator that the charges are in dispute. Thereafter, Operator and the Non-operator(s) shall attempt to resolve the issue within sixty (60) days after receipt of payment. A defaulting Party shall not be entitled to vote or exercise an election on any matter until that Party's payments are current. The voting interest of each non-defaulting Party shall be in the proportion its Participating Interest bears to the total Participating Interests of all non-defaulting Parties. For each operation approved while a Party is in default, the defaulting Party shall be deemed to have voted not to participate in that operation.

- 8.7.2** The first sentence of Article 8.6.1(ii) of this Agreement shall be applicable only when both of the following conditions have been met: (i) Operator has fully complied with the provisions of this Agreement that are intended for the prevention of such a default, including, without limitation, timely advance billings, reasonable efforts to timely collect payment for advance billings as well as all monthly billings, providing due notice of default to a party that fails to make timely payment as required and recording of a fully executed Memorandum of Operating Agreement and Financing Statement as set forth in Exhibit "F", and (ii) the defaulting party is any Party other than Operator or its assigns.

8.8 Confession of Judgment; Executory Process

To the extent the Contract Area is located adjacent to Louisiana and to the extent allowed under La. C.C.P. art. 2631 et seq., each Party may use executory process to enforce the mortgage and security rights granted hereunder as to any property subject hereto. Therefore, each Non-operator Party hereby confesses judgment in favor of the Operator up to the full amount secured hereunder as set forth in Article 8.6.1 (Mortgage in Favor of the Operator), and does by these present, consent, agree, and stipulate that, in the event the mortgage or security interests or any charges thereon not being promptly and fully paid when the same becomes due and payable, or in the event of failure to comply with any of the obligations herein set forth, or the breach of this Agreement in any of its parts by such Non-operator Party, the mortgage or security interests shall, at the option of the Operator, become due and payable, anything therein contained to the contrary notwithstanding, and it shall be lawful for the Operator, as holder or the mortgage or security interests, without making a demand and without notice or putting in default, the same being hereby expressly waived, to cause all and singular the property herein mortgaged or

secured to be seized and sold without appraisal, which is hereby expressly waived, by executory process issued by a competent court or to proceed with enforcement of its mortgage or security interest in any other manner provided by law. Furthermore, the Operator hereby confesses judgment in favor of each Non-operator Party up to the full amount secured hereunder as set forth in Article 8.6.3 (Mortgage in Favor of the Non-operator Parties), and does by these present, consent, agree, and stipulate that, in the event the mortgage or security interests or any charges thereon not being promptly and fully paid when the same becomes due and payable, or in the event of failure to comply with any of the obligations herein set forth, or the breach of this Agreement in any of its parts by such Operator, the mortgage or security interests shall, at the option of such Non-operator Party, become due and payable, anything therein contained to the contrary notwithstanding, and it shall be lawful for such Non-operator Party, as holder or the mortgage or security interests, without making a demand and without notice or putting in default, the same being hereby expressly waived, to cause all and singular the property herein mortgaged or secured to be seized and sold by executory process issued by a competent court or to proceed with enforcement of its mortgage or security interest in any other manner provided by law.

Except as otherwise provided in this Agreement, all AFEs and notices required or permitted by this Agreement shall be in writing and shall be delivered in person or by mail, courier service, or electronic mail, or facsimile transmission, with postage and charges prepaid, addressed to the Parties at the addresses in Exhibit "A". When a drilling rig is on location and standby charges are accumulating, however, notices pertaining to the rig shall be given orally or by telephone. All telephone or oral notices permitted by this Agreement shall be confirmed as soon as reasonably practical thereafter by written notice. A notice shall be deemed to have been delivered only when received by the Party to which it was directed, and the period for a Party to deliver a response thereto begins on the date the notice is received. A proposal for a Platform and/or Development Facilities shall include an AFE containing a description of the Platform and/or Development Facilities, including but not limited to location and the estimated costs of design, fabrication, transportation, and installation. A proposal for a well operation shall include an AFE describing the estimated commencement date, the proposed depth, the objective formation or formations to be penetrated or tested, the Objective Horizon, the surface and bottom-hole locations, proposed directional or horizontal drilling operations, the type of equipment to be used, and the estimated costs of the operation, including but not limited to the estimated costs of drilling, testing, and Completing or abandoning the well. If a proposed operation is subject to Article 13.11 (Lease Maintenance Operations), the notice shall specify that the proposal is a Lease Maintenance Operation. A proposal for multiple operations on more than one (1) well location by the same rig shall contain separate AFEs or notices for each operation and shall specify in writing in what order the operations will be conducted. Each Party shall respond to each proposed multiple operation in the manner provided in Article 9.3.3 (Proposal for Multiple Operations).

9.3 Response to Notices

Except as provided in Article 9.1, each Party's response to a proposal shall be in writing to the proposing Party. Unless otherwise provided in this Agreement, the response time shall be as follows:

Each Party shall respond within sixty (60) days after its receipt of the AFE or notice for a Platform and/or Development Facilities.

9.3.2 Well Proposals

Except as provided in Article 9.3.3 (Proposal for Multiple Operations), each Party shall respond within thirty (30) days after receipt of the well, Rework, or Recompletion proposal, but if (a) a drilling rig is on location, (b) the proposal relates to the same well or its substitute, and (c) standby charges are accumulating, a response shall be made within forty-eight (48) hours after receipt of the proposal, including Saturdays, Sundays, and federal holidays.

9.3.3 Proposal for Multiple Operations

When a proposal is made to conduct multiple Development Operations at separate well locations using the same rig, each Party shall respond (a) to the well operation taking precedence, within thirty (30) days after receipt of the proposal; and (b) to each

subsequent well location, within forty-eight (48) hours after completion of approved operations at the prior location and notification thereof by Operator.

9.3.4 Other Matters

For all other matters requiring notice, each Party shall respond within thirty (30) days after receipt of notice.

9.4 Failure to Respond

Failure of a Party to respond to a proposal or notice, to vote, or to elect to participate within the period required by this Agreement shall be deemed to be a negative response, vote, or election.

9.5 Response to Counterproposals

Should a counterproposal be allowed under this Agreement, responses to that counterproposal must be made within the response period for the original proposal.

9.6 Timely Well Operations

Unless otherwise provided, an approved well shall be commenced within one hundred eighty (180) days after the date when the last applicable election on that well may be made. Wells shall be deemed to have commenced on the day charges commence under the drilling contract for that well. Subject to Exhibit "C", if a proposal for a well is deemed to have been withdrawn, all costs incurred in the preparation for or in furtherance of that well will be chargeable to the Parties that voted to participate in the well proposal for that well.

9.7 Timely Platform / Development Facilities Operations

Unless otherwise provided, Operator shall commence, or cause to commence, the construction, acquisition, or refurbishment of an approved proposal for a Platform and/or Development Facilities within one hundred eighty (180) days after the date when the last applicable election on that Platform and/or Development Facilities may be made. The construction, acquisition, or refurbishment of an approved Platform and/or Development Facilities proposal shall be deemed to have commenced on the date the contract is awarded for the design, acquisition, fabrication, or refurbishment of the Platform and/or Development Facilities. Subject to Exhibit "C", regardless of whether or not the construction, acquisition, or refurbishment of a Platform and/or Development Facilities is commenced, all costs incurred by Operator, attributable to that activity, shall be paid by the Participating Parties.

ARTICLE 10 EXPLORATORY OPERATIONS

10.1 Proposing Operations

A Party may propose an Exploratory Operation in accordance with Article 9 (Notices) to the other Parties that are entitled to vote or make an election in regard to that operation

10.2 Counterproposals

When an Exploratory Operation is proposed, a Party may, within seven (7) days (exclusive of Saturdays, Sundays, and federal holidays) after receipt of the AFE or notice for the original proposal, make a counterproposal to conduct an alternative Exploratory Operation by sending an AFE or notice to such Parties in accordance with Article 9 (Notices). The AFE or notice shall indicate that the proposal is a counterproposal to the original proposal. If one (1) or more counterproposals are made, such Parties shall elect to participate in either the original proposal, one (1) counterproposal, or neither the original proposal nor a counterproposal. If two (2) or more proposals receive the approval of the number of Parties and combined Working Interests required by Article 10.5 (Operations by Fewer Than All Parties), the proposal receiving the largest percentage of Working Interest approval shall take precedence, and in the event of a tie between two (2) or more approved proposals, the proposal first received by the Parties shall take precedence. Except for the response period provided in this Article 10.2, a counterproposal shall be subject to the same terms and conditions as the original proposal.

10.3 Operations by All Parties

If all Parties elect to participate in the proposed operation, Operator shall conduct the operation at their cost and risk.

10.4 Second Opportunity to Participate

If there are more than two (2) Parties to this Agreement and if fewer than all but one (1) or more Parties elect to participate, the proposing Party shall notify the Parties of the elections made, whereupon a Party originally electing not to participate may then elect to participate by notifying the proposing Party within forty-eight (48) hours, including Saturdays, Sundays, and federal holidays, after receipt of such notice. If all Parties elect to participate in the proposed operation, Operator shall conduct the operation at their cost and risk. If there are only two (2) Parties to this Agreement, there shall not be a second opportunity to elect to participate, and if the Participating Party agrees to pay and bear one hundred percent (100%) of the costs and risks of the operation, Operator shall conduct the operation as a Non-consent Operation for the benefit of the Participating Party, and the provisions of Article 13 (Non-consent Operations) shall apply.

10.5 Operations by Fewer Than All Parties

If there are more than two (2) Parties to this Agreement and if, after the election made under Article 10.4 (Second Opportunity to Participate), fewer than all but one (1) or more Parties having the requisite Working Interest to approve the operation have elected to participate in the proposed operation, the proposing Party shall notify the Participating Parties, and each Participating Party shall have forty-eight (48) hours, including Saturdays, Sundays, and federal holidays, after receipt of the notice to notify the proposing Party of the portion of costs and risks attributable to the total Non-participating Parties' interests it elects to pay and bear. Unless otherwise agreed by the Participating Parties, each Participating Party may, but shall not be

obligated to, pay and bear that portion of the costs and risks attributable to the total Non-participating Parties' interests in the ratio that the Participating Party's interest bears to the total interests of all Participating Parties that elect to pay and bear a portion of costs and risks attributable to the total Non-participating Parties' interests. Failure to respond shall be deemed to be an election not to pay or bear any additional costs or risks. If the Participating Parties agree to pay and bear one hundred percent (100%) of the costs and risks of the operation, Operator shall conduct the operation as a Non-consent Operation for the benefit of the Participating Parties, and the provisions of Article 13 (Non-consent Operations) shall apply. If such agreement is not obtained, however, the operation shall not be conducted and the effect shall be as if the proposal had not been made.

10.5.1 First Exploratory Well

If a Party elects to be a Non-participating Party in the drilling of the first Exploratory Well on the Lease, then, as of the last applicable election date, each Non-participating Party shall be deemed to have relinquished its entire Working Interest in the Lease to the Participating Party. If such first Exploratory Well is commenced timely after the last applicable election date and is drilled to the proposed Objective Depth or deepest Objective Horizon, whichever is lesser, in accordance with this Agreement, each Non-participating Party shall execute an assignment of its entire Working Interest in the Lease to the Participating Party(ies) in proportion to their interests in such first Exploratory Well.

10.6 Expenditures Approved

Approval of an Exploratory Operation shall cover all necessary expenditures associated with the operation proposed in the AFE or notice that are incurred by Operator in connection with (a) preparations for drilling; (b) the actual drilling; (c) evaluations, such as testing, coring, and logging; and (d) plugging and abandonment.

10.7 Conduct of Operations

After commencement of drilling an Exploratory Well, Operator shall diligently conduct the operation without unreasonable delay until the well reaches the Objective Depth, unless the well encounters, at a lesser depth, impenetrable conditions or mechanical difficulties that cannot be overcome by reasonable and prudent operations and that render further operations impracticable. If a well does not reach its Objective Depth as a result of the conditions mentioned in this Article 10.7, the operation shall be deemed to have been completed and Article 13 (Non-consent Operations) shall apply to each Non-participating Party for the portion of the well drilled.

10.8 Course of Action After Reaching Objective Depth

When an Exploratory Well has been drilled to its Objective Depth and reasonable testing, coring, and logging have been completed as set forth in the approved AFE and the results have been furnished to the Participating Parties, Operator shall notify the Participating Parties of Operator's recommendation for further operations in the well, and the following provisions shall apply:

10.8.1 Election by Participating Parties

A Participating Party shall have the right to propose another operation by notifying Operator and the other Participating Parties of its proposed operation within twenty-four (24) hours, including Saturdays, Sundays, and federal holidays, of receipt of Operator's notice. The Participating Parties shall notify Operator within forty-eight (48) hours, including Saturdays, Sundays, and federal holidays, of receipt of Operator's proposal whether the Participating Parties elect to (a) participate in a recommended operation, or (b) not participate in a recommended operation. Failure to respond shall be deemed to be an election not to participate in any of the recommended operations.

10.8.2 Priority of Operations

If all Participating Parties elect to participate in the same proposed operation, Operator shall conduct the operation at their cost and risk. If more than one (1) operation is approved by one (1) or more Participating Parties having a combined Working Interest of fifty percent (50%) or more, the approved operation with the lowest number as indicated below shall take precedence:

- 1 Additional Testing, coring, or logging. (If conflicting proposals are approved, the proposal receiving the largest percentage of Working Interest approval shall take precedence, and in the event of a tie between two (2) or more approved proposals, the approved proposal first received by the Parties shall take precedence.)
- 2 Deepen. (If conflicting proposals are approved, the operation proposed to the deepest depth shall take precedence.)
- 3 Sidetrack. (If conflicting proposals are approved, the proposal receiving the largest percentage Working Interest approval shall take precedence, and in the event of a tie between two (2) or more approved proposals, the approved proposal first received by the Parties shall take precedence.)
- 4 Complete at the Objective Horizon.
- 5 Complete above the Objective Horizon. (If conflicting proposals are approved, the operation proposed at the deepest depth shall take precedence.)
- 6 Other operations. (If conflicting proposals are approved, the proposal receiving the largest percentage Working Interest approval shall take precedence, and in the event of a tie between two (2) or more approved proposals, the approved proposal first received by the Parties shall take precedence.)
- 7 Temporarily abandon.
- 8 Plug and abandon.

10.8.3 Second Opportunity to Participate

If there are more than two (2) Participating Parties and fewer than all but one (1) or more Participating Parties elect to participate in an operation, the proposing Party shall notify

the Participating Parties of the elections made, whereupon a Party originally electing not to participate in the proposed operation may then elect to participate by notifying the proposing Party within forty-eight (48) hours, including Saturdays, Sundays, and federal holidays, after receipt of such notice. If all Parties elect to participate in the proposed operation, Operator shall conduct the operation at their cost and risk. If there are only two (2) Participating Parties, there shall not be a second opportunity to elect to participate.

10.8.4 Operations by Fewer Than All Parties

If, after the election (if applicable) made under Article 10.8.3 (Second Opportunity to Participate), fewer than all but one (1) or more Parties having the requisite Working Interest to approve the operation elect to participate in the proposed operation that takes precedence, the proposing Party shall notify the Participating Parties and each Participating Party shall have forty-eight (48) hours, including Saturdays, Sundays, and federal holidays, after receipt of the notice to notify the proposing Party of the portion of the costs and risks attributable to the total Non-participating Parties' interests it elects to pay and bear. Unless otherwise agreed by the Participating Parties, each Participating Party may, but shall not be obligated to, pay and bear that portion of the costs and risks attributable to the total Non-participating Parties' interests in the ratio that the Participating Party's interest bears to the total interests of all Participating Parties that elect to pay and bear a portion of costs and risks attributable to the Non-participating Parties' interests. Failure to respond shall be deemed to be an election not to pay or bear any additional costs or risks. If the Participating Parties agree to bear one hundred percent (100%) of the costs and risks of the operation, Operator shall conduct the operation as a Non-consent Operation for the benefit of the Participating Parties, and the provisions of Article 13 (Non-consent Operations) shall apply. If such agreement is not obtained, however, the operation shall not be conducted and the effect shall be as if the proposal had not been made. If a Participating Party in a well elects not to participate in the Deepening or Sidetracking operation in the well, such non-consenting Party shall become a Non-participating Party in all operations conducted in the Deepened or Sidetracked portion of the well after that election.

10.8.5 Subsequent Operations

On completion of an operation conducted under Article 10.8 (Course of Action After Reaching Objective Depth), if the well is not either (a) Completed as a Producing Well, or (b) temporarily abandoned or permanently plugged and abandoned, Operator shall notify the Participating Parties of Operator's recommendation for further operations in the well under Articles 10.8.1 through 10.8.4, which again shall apply. If sufficient approval is not obtained to conduct a subsequent operation in a well or if all Participating Parties elect to plug and abandon the well, subject to Article 14 (Abandonment and Salvage), Operator

shall permanently plug and abandon the well at the cost and risk of all Participating Parties. Each Participating Party shall be responsible for its proportionate share of the plugging and abandonment costs associated with the operation in which it participated.

10.9 Wells Proposed Below Deepest Producing Reservoir

If a proposal is made to conduct an Exploratory Operation involving the drilling of a well to an Objective Horizon below the base of the deepest Producing Reservoir, a Party may elect within the applicable period to limit its participation in the operation down to the base of the deepest Producing Reservoir. For purposes of this Article 10.9, a Party that elects to limit its participation in the operation down to the base of the deepest Producing Reservoir shall be referred to as "Shallow Participant" and a Party that elects to participate in the entire operation shall be referred to as "Deep Participant". If a Party elects to limit its participation to the base of the deepest Producing Reservoir, Operator shall prepare and submit to the Shallow Participant, for informational purposes, a separate AFE covering operations down to the deepest Producing Reservoir. The Shallow Participant shall be a Participating Party in, and shall pay and bear the costs and risks of, each operation to the base of the deepest Producing Reservoir, according to its Participating Interest. The Shallow Participant shall be a Non-participating Party in each operation below the deepest Producing Reservoir, and the operation shall be considered a Non-consent Operation, and the provisions of Article 13 (Non-consent Operations) shall apply. If the well is Completed and produces Hydrocarbons from a horizon below the deepest Producing Reservoir, the Deep Participant shall reimburse the Shallow Participant for its share of the actual well costs to the base of the deepest Producing Reservoir. Payment shall be due within thirty (30) days after receipt of notice of the well being completed below the deepest Producing Reservoir. If the well is Completed and produces Hydrocarbons from a horizon below the deepest Producing Reservoir, the Shallow Participant shall reimburse the Deep Participant for its Working Interest share of the actual well costs to the base of the deepest Producing Reservoir in accordance with Article 13.4 (Deepening or Sidetracking Cost Adjustments), on the earlier of the time that (a) the well is plugged back to a horizon above the base of the deepest Producing Reservoir, as determined when the original well was proposed, (b) the well is plugged and abandoned, or (c) the amount to be recouped by the Deep Participant under Article 13 (Non-consent Operations) is recovered.

ARTICLE 11 DEVELOPMENT OPERATIONS

11.1 Proposing Operations

A Party may propose a Development Operation in accordance with Article 9 (Notices) to the other Parties that are entitled to vote or make an election in regard to that operation.

11.2 Counterproposals

When a Development Operation is proposed, a Party may, within seven (7) days (exclusive of Saturdays, Sundays, and federal holidays) after receipt of the AFE or notice for the original proposal, make a counterproposal to conduct an alternative Development Operation by sending an AFE or notice to such Parties in accordance with Article 9 (Notices). The AFE or notice shall indicate that the proposal is a counterproposal to the original proposal. If one (1) or more counterproposals are made, such Parties shall elect to participate in either the original proposal, one (1) counterproposal, or neither the original proposal nor a counterproposal. If two (2) or more proposals receive the approval of the number of Parties and combined Working Interests required by Article 11.5 (Operations By Fewer Than All Parties), the proposal receiving the largest percentage Working Interest approval shall take precedence, and in the event of a tie between two (2) or more approved proposals, the approved proposal first received by the Parties shall prevail. Except for the response period provided in this Article 11.2, a counterproposal shall be subject to the same terms and conditions as the original proposal.

11.3 Operations by All Parties

If all Parties elect to participate in the proposed operation, Operator shall conduct the operation at their cost and risk.

11.4 Second Opportunity to Participate

If there are more than two (2) Parties to this Agreement and if fewer than all but one (1) or more Parties elect to participate, the proposing Party shall notify the Parties of the elections made, whereupon a Party originally electing not to participate may then elect to participate by notifying the proposing Party within forty-eight (48) hours, including Saturdays, Sundays, and federal holidays, after receipt of such notice. If all Parties elect to participate in the proposed operation, Operator shall conduct the operation at their cost and risk. If there are only two (2) Parties to this Agreement, there shall not be a second opportunity to elect to participate, and if the Participating Party agrees to pay and bear one hundred percent (100%) of the costs and risks of the operation, Operator shall conduct the operation as a Non-consent Operation for the benefit of the Participating Party, and the provisions of Article 13 (Non-consent Operations) shall apply.

11.5 Operations by Fewer Than All Parties

If there are more than two (2) Parties to this Agreement and if, after the election made under Article 11.4 (Second Opportunity to Participate), fewer than all but one (1) or more Parties having the requisite Working Interest to approve the operation have elected to participate in the proposed operation, the proposing Party shall notify the Participating Parties, and each Participating Party shall have forty-eight (48) hours, including Saturdays, Sundays, and federal holidays, after receipt of the notice to notify the proposing Party of the portion of the costs and risks attributable to the total Non-participating Parties' interests it elects to pay and bear. Unless otherwise agreed by the Participating Parties, each Participating Party may, but shall not be obligated to, pay and bear that portion of costs and risks attributable to the total Non-participating

Parties' interests in the ratio that the Participating Party's interest bears to the total interests of all Participating Parties that elect to pay and bear a portion of the costs and risks attributable to the total Non-participating Parties' interests. Failure to respond shall be deemed to be an election not to pay or bear any additional costs or risks. If the Participating Parties agree to pay and bear one hundred percent (100%) of the costs and risks of the operation, Operator shall conduct the operation as a Non-consent Operation for the benefit of the Participating Parties, and the provisions of Article 13 (Non-consent Operations) shall apply. If such agreement is not obtained, however, the operation shall not be conducted and the effect shall be as if the proposal had not been made.

11.6 Expenditures Approved

Approval of a Development Operation shall cover all necessary expenditures associated with the operation proposed in the AFE or notice that are incurred by Operator in connection with (a) preparations for drilling; (b) the actual drilling; (c) evaluations, such as testing, coring, and logging; and (d) plugging and abandonment.

11.7 Conduct of Operations

After commencement of a Development Well, Operator shall diligently conduct the operation without unreasonable delay until the well reaches the Objective Depth, unless the well encounters, at a lesser depth, impenetrable conditions or mechanical difficulties that cannot be overcome by reasonable and prudent operations and render further operations impracticable. If a well does not reach its Objective Depth as a result of the conditions mentioned in this Article 11.7, the operation shall be deemed to have been completed and Article 13 (Non-consent Operations) shall apply to each Non-participating Party for the portion of the well drilled.

11.8 Course of Action After Reaching Objective Depth

When a Development Well has been drilled to its Objective Depth and reasonable testing, coring, and logging have been completed and the results have been furnished to the Participating Parties, Operator shall notify the Participating Parties of Operator's recommendation for further operations in the well and the following provisions shall apply:

11.8.1 Election by Fewer Than All Parties

A Participating Party shall have the right to propose another operation by notifying Operator and the other Participating Parties of its proposed operation within twenty-four (24) hours, including Saturdays, Sundays, and federal holidays, of receipt of Operator's notice. The Participating Parties shall notify Operator within forty-eight (48) hours, including Saturdays, Sundays, and federal holidays, of receipt of Operator's proposal whether the Participating Parties elect to (a) participate in a recommended operation, or (b) not participate in a recommended operation. Failure to respond shall be deemed to be an election not to participate in any of the recommended operations.

11.8.2 Priority of Operations

If all Participating Parties elect to participate in the same proposed operation, Operator shall conduct the operation at their cost and risk. If more than one (1) operation is approved by one (1) or more Participating Parties having a combined Working Interest of fifty percent (50%) or more, the approved operation with the lowest number as indicated below shall take precedence:

- 1 Additional Testing, coring, or logging. (If conflicting proposals are approved, the proposal receiving the largest percentage of Working Interest approval shall take precedence, and in the event of a tie between two (2) or more approved proposals, the approved proposal first received by the Parties shall take precedence.)
- 2 Complete at the Objective Horizon.
- 3 Complete above the Objective Horizon. (If conflicting proposals are approved, the operation proposed to the deepest depth shall take precedence.)
- 4 Deepen. (If conflicting proposals are approved, the operation proposed to the deepest depth shall take precedence.)
- 5 Sidetrack. (If conflicting proposals are approved, the proposal receiving the largest percentage of Working Interest approval shall take precedence, and in the event of a tie between two (2) or more approved proposals, the approved proposal first received by the Parties shall take precedence.)
- 6 Other operations. (If conflicting proposals are approved, the proposal receiving the largest percentage of Working Interest approval shall take precedence, and in the event of a tie between two (2) or more approved proposals, the approved proposal first received by the Parties shall take precedence.)
- 7 Temporarily abandon.
- 8 Plug and abandon.

11.8.3 Second Opportunity to Participate

If there are more than two (2) Participating Parties and if fewer than all but one (1) or more Participating Parties elect to participate in an operation, the proposing Party shall notify the Participating Parties of the elections made, whereupon a Party originally electing not to participate in the proposed operation may then elect to participate by notifying the proposing Party within forty-eight (48) hours, including Saturdays, Sundays, and federal holidays, after receipt of such notice. If all Parties elect to participate in the proposed operation, Operator shall conduct the operation at their cost and risk. If there are only two (2) Participating Parties, there shall not be a second opportunity to elect to participate.

11.8.4 Operations by Fewer Than All Parties

If, after the election (if applicable) made under Article 11.8.3 (Second Opportunity to

Participate), fewer than all but one (1) or more Parties having the requisite Working Interest to approve the operation elect to participate in the proposed operation that takes precedence, the proposing Party shall notify the Participating Parties and each Participating Party shall have forty-eight (48) hours, including Saturdays, Sundays, and federal holidays, after receipt of the notice to notify the proposing Party of the portion of the costs and risks attributable to the total Non-participating Parties' interests that it elects to pay and bear. Unless otherwise agreed by the Participating Parties, each Participating Party may, but shall not be obligated to, pay and bear that portion of the costs and risks attributable to the total Non-participating Parties' interests in the ratio that the Participating Party's interest bears to the total interests of all Participating Parties that elect to pay and bear a portion of costs and risks attributable to the Non-participating Parties' interests. Failure to respond shall be deemed to be an election not to pay or bear any additional costs or risks. If the Participating Parties agree to pay and bear one hundred percent (100%) of the costs and risks of the operation, Operator shall conduct the operation as a Non-consent Operation for the benefit of the Participating Parties, and the provisions of Article 13 (Non-consent Operations) shall apply. If such agreement is not obtained, however, the operation shall not be conducted and the effect shall be as if the proposal had not been made. If a Participating Party in a well elects not to participate in the Deepening or Sidetracking operation in the well, such non-consenting Party shall become a Non-participating Party in all operations conducted in the Deepened or Sidetracked portion of the well after that election.

11.8.5 Subsequent Operations

On the completion of an operation conducted under Article 11.8 (Course of Action After Reaching Objective Depth), if the well is not either (a) Completed as a well capable of producing Hydrocarbons in paying quantities, or (b) temporarily abandoned or permanently plugged and abandoned, Operator shall notify the Participating Parties of Operator's recommendation for operations in the well under Articles 11.8.1 through 11.8.4, which again shall apply. If sufficient approval is not obtained to conduct a subsequent operation in a well, or if all Participating Parties elect to plug and abandon the well, subject to Article 14 (Abandonment, Salvage, and Surplus), Operator shall permanently plug and abandon the well at the expense of all Participating Parties. Each Participating Party shall be responsible for its proportionate share of the plugging and abandonment costs associated with the operation in which it participated.

ARTICLE 12 PLATFORM AND DEVELOPMENT FACILITIES

12.1 Proposals

A Party may propose the fabrication or acquisition and installation of a Platform and/or Development Facilities by sending an AFE or notice to the other Parties in accordance with Article 9 (Notices).

12.2 Counterproposals

When a Platform and/or Development Facilities is proposed under Article 12.1, a Party may, within seven (7) days after receipt of the AFE or notice for the original proposal, make a counterproposal to fabricate or otherwise acquire and install said Platform and/or Development Facilities by sending an AFE or notice to the other Parties in accordance with Article 9 (Notices). The AFE or notice shall indicate that the proposal is a counterproposal to the original proposal. If one (1) or more counterproposals are made, each Party shall elect to participate in either the original proposal, one (1) counterproposal, or neither the original proposal nor a counterproposal. If two (2) or more proposals receive the approval of the number of Parties and combined Working Interests required by Article 12.5 (Operations By Fewer Than All Parties), the proposal receiving the largest percentage Working Interest approval shall be deemed approved, and if two (2) or more approved proposals receive the same Working Interest approval, the approved proposal first received by the Parties shall be deemed approved.

12.2.1 Operations by All Parties

If all Parties elect to participate in the proposed operation, Operator shall conduct the operation at their cost and risk.

12.2.2 Second Opportunity to Participate

If there are more than two (2) Parties and if fewer than all but one (1) or more Parties elect to participate in the Platform and/or Development Facilities, the proposing Party shall notify the Parties of the elections made, whereupon a Party originally electing not to participate may then elect to participate by notifying the proposing Party within forty-eight (48) hours, including Saturdays, Sundays, and federal holidays, after receipt of such notice. If all Parties elect to participate in the Platform and/or Development Facilities, Operator shall timely commence the fabrication and installation of the Platform and/or Development Facilities at their cost and risk. If there are only two (2) Parties to this Agreement, there shall not be a second opportunity to elect to participate, and if the Participating Party agrees to pay and bear one hundred percent (100%) of the costs and risks of the operation, Operator shall conduct the operation as a Non-consent Operation for the benefit of the Participating Party, and the provisions of Article 13 (Non-consent Operations) shall apply.

12.2.3 Operations by Fewer Than All Parties

If there are more than two (2) Parties to this Agreement and if, after the election made under Article 12.2.2 (Second Opportunity to Participate), fewer than all but one (1) or

more Parties having the requisite Working Interest to approve the operation elect to participate in the Platform and/or Development Facilities, the proposing Party shall notify the Participating Parties, and each Participating Party shall have forty-eight (48) hours, including Saturdays, Sundays, and federal holidays, after receipt of the notice to notify the proposing Party of the portion of the costs and risks attributable to the total Non-participating Parties' interests it elects to pay and bear. Unless otherwise agreed by the Participating Parties, each Participating Party may, but shall not be obligated to, pay and bear that portion of costs and risks attributable to the total Non-participating Parties' interests in the ratio that the Participating Party's interest bears to the total interests of all Participating Parties that elect to pay and bear a portion of the costs and risks attributable to the total Non-participating Parties' interests. Failure to respond shall be deemed to be an election not to pay or bear any additional costs or risks. If the Participating Parties agree to pay and bear one hundred percent (100%) of the costs and risks of the operation, Operator shall conduct the operation as a Non-consent Operation for the benefit of the Participating Parties, and except as provided in Article 12.4 (Rights to Take in Kind), the provisions of Article 13.2.1.(b) shall apply. If such agreement is not obtained, however, the fabrication and installation of the Platform and/or Development Facilities shall not be commenced, and the effect shall be as if the proposal had not been made.

12.3 Ownership and Use of the Platform and Development Facilities

The Participating Parties in the Development Facilities own all the excess capacity of the Development Facilities and the excess weight, space, and buoyancy of the Platform. Each Participating Party in the Development Facilities does not have the right to use its Participating Interest share of the excess capacity, weight, space, and buoyancy for hydrocarbon production from outside the Lease. Each Participating Party in the Development Facilities or Platform must obtain the unanimous approval of the other Participating Parties in the Development Facilities or Platform in order to utilize any portion of the excess capacity, weight, space, and buoyancy. It must negotiate the payment of a fee with the Participating Parties in the Development Facilities or Platform in order to utilize any portion of the excess capacity, weight, space, and buoyancy. Each of the Participating Parties in the Development Facilities or Platform shall receive its Participating Interest share of all fees derived from the utilization of the excess capacity, weight, space, and buoyancy. All hydrocarbon production from outside the Lease shall be processed under a "Facilities Use and Production Handling Agreement" unanimously agreed to by the Participating Parties in the Development Facilities.

12.4 Rights to Take in Kind

Nothing in this Article 12 shall act to limit a Party's rights under Article 22 (Disposition of Production), or to otherwise separately dispose of its share of Hydrocarbon production. If a Party

elects (a) not to participate in an approved Development Facilities proposal and (b) to separately dispose of its share of Hydrocarbon production (the "Separately Disposing Party"), the Separately Disposing Party (c) shall not be subject to the provisions of Article 13.2.1.(b), but must provide proof to the Participating Parties in the approved Development Facilities proposal, within seven (7) days from the last applicable response date to the Development Facilities proposal, that it has entered into fabrication and transportation contracts to separately dispose of its own share of Hydrocarbon production. If a Separately Disposing Party fails to provide such proof by that deadline and if there is sufficient capacity for the Development Facilities to accommodate the Separately Disposing Party's share of the Hydrocarbons, it shall immediately (i) become a Participating Party in the Development Facilities and utilize the Development Facilities for its share of Hydrocarbon production, (ii) pay to the Participating Parties in the approved Development Facilities proposal an amount equal to two hundred percent (200%) of what would have been the Separately Disposing Party's share of the costs and expense of the Development Facilities had it elected to participate in the Development Facilities under Article 12.1 or 12.2, and (iii) assume its share of the risks and liabilities associated with the construction and ownership of the Development Facilities as of the date of commencement of the operations to construct same. The Participating Parties in the original Development Facilities and the Separately Disposing Party, which becomes a Participating Party in the original Development Facilities under this Article 12.4, shall own the original Development Facilities based on their Participating Interest share in the original Development Facilities. If a Separately Disposing Party fails to provide such proof by that deadline and if there is insufficient capacity for the Development Facilities to accommodate the Separately Disposing Party's share of the Hydrocarbons, the Separately Disposing Party shall (i) become a Participating Party in the original Development Facilities and utilize the available capacity in the original Development Facilities, if any, for its share of Hydrocarbon production, (ii) pay one hundred percent (100%) of the costs of an expansion or modification of the Development Facilities, which is required to accommodate all or a portion of its share of the Hydrocarbons, and assume one hundred percent (100%) of the risks and liabilities associated with (a) the construction, installation and commissioning of the expanded or modified Development Facilities and (b) the utilization of the expanded or modified Development Facilities for thirty (30) days after the commencement of Hydrocarbon production through same, (iii) pay to the Participating Parties in the approved Development Facilities proposal an amount equal to two hundred percent (200%) of what would have been the Separately Disposing Party's share of the costs and expense of the original Development Facilities had it elected to participate in the original Development Facilities under Article 12.1 or 12.2, and (iv) assume its share of the risks and liabilities associated with the construction and ownership of the original Development Facilities as of the date of commencement of the operations to construct the original Development Facilities. The Participating Parties in the original Development Facilities and the

Separately Disposing Party, which becomes a Participating Party in the original Development Facilities under Article 12.4(i), shall own the expanded or modified Development Facilities based on their Participating Interest share in the original Development Facilities, and the Participating Parties in the original Development Facilities shall assume their Participating Interest share of the risks and liabilities associated with the ownership of the expanded or modified Development Facilities thirty (30) days after that the expanded or modified Development Facilities have been utilized.

12.5 Expansion or Modification of a Platform and/or Development Facilities

After installation of a Platform and/or Development Facilities, any Participating Party in that Platform and/or Development Facilities may propose the expansion or modification of that Platform and/or Development Facilities by written notice (along with its associated AFE) to the other Participating Parties in that Platform and/or Development Facilities. That proposal requires approval by one (1) or more of the Participating Parties in the Platform and/or Development Facilities with more than fifty percent (50%) of the Participating Interest in the Platform and/or Development Facilities. If approved, that proposal will be binding on all Participating Parties in that Platform and/or Development Facilities, and Operator shall commence that expansion or modification at the sole cost and risk of all the Participating Parties in that Platform and/or Development Facilities unless otherwise agreed.

12.6 Offsite Host Facilities

If one (1) or more Parties with more than fifty percent (50%) of the Participating Interest in Hydrocarbon production agree that Hydrocarbon production can most effectively be processed and handled by an Offsite Host Facilities, Operator, on behalf of the Participating Parties, shall use reasonable efforts to secure a formal "Facilities Use and Production Handling Agreement" from the owners of the Offsite Host Facilities. If Operator does secure access to Offsite Host Facilities in a Facilities Use and Production Handling Agreement, each Participating Party shall have the right, but not the obligation, to utilize its Participating Interest share of the capacity so secured. This Article 12.6 shall not constitute a limit on a Party's right to install its own Take-in-Kind Facilities under Article 22 (Disposition of Production).

**ARTICLE 13
NON-CONSENT OPERATIONS**

13.1 Non-consent Operations

Operator shall conduct Non-consent Operations at the sole cost and risk of the Participating Parties in accordance with the following provisions:

13.1.1 Non-interference

Non-consent Operations shall not interfere unreasonably with operations approved by all the Parties.

13.1.2 Multiple Completion Limitation

Subject to Article 10.9, a Non-consent Operation shall not be conducted in a well having multiple Completions unless (a) each Completion is owned by the same Parties in the same proportions; (b) the well is incapable of producing from any Completion; or (c) all Participating Parties in the well consent to the operation.

13.1.3 Metering

In Non-consent Operations, Hydrocarbon production shall be determined on the basis of appropriate well tests, unless separate metering devices are required by a governmental authority having jurisdiction.

13.1.4 Non-consent Well

Operations on a Non-consent Well shall not be conducted in a Producing Reservoir without approval of all Parties unless (a) the Producing Reservoir is designated in the notice as a Completion objective; (b) Completion of the well in the Producing Reservoir will not increase the rates of Hydrocarbon production that are prescribed and approved for the Producing Reservoir by the governmental authority having jurisdiction; and (c) the horizontal distance between the vertical projections of the midpoint of the Producing Reservoir in the well and an existing well currently completed in and producing from the same Producing Reservoir will be at least one thousand (1,000) feet for an oil-well Completion or two thousand (2,000) feet for a gas-well Completion.

13.1.5 Cost Information

Operator shall, within one hundred twenty (120) days after completion of a Non-consent Operation, furnish the Parties either (a) an inventory and an itemized statement of the cost of the Non-consent Operation and equipment pertaining thereto, or (b) a detailed statement of the monthly billings. Each quarter thereafter, while the Participating Parties are being reimbursed under Article 13.2.1 (Production Reversion Recoupment), Operator shall furnish the Non-participating Parties a quarterly statement detailing all costs and liabilities incurred in the Non-consent Operation, together with a statement of the quantities of Hydrocarbons produced from it and the amount of the proceeds from the sale of the Non-participating Parties' relinquished Hydrocarbon production from the Non-consent Operation for the preceding quarter. Operator shall prepare the monthly statement of the quantities of Hydrocarbons produced and the amounts of the proceeds from the sale of Non-participating Parties' relinquished Hydrocarbon production based on

the proceeds received for Operator's share of Hydrocarbon production. When Operator's payout calculation indicates that payout has occurred, Operator shall promptly notify all Parties. The Participating Parties that assumed a portion of the Non-participating Parties' relinquished interest shall then provide Operator all information pertaining to the cumulative proceeds received from the sale of the Non-participating Parties' relinquished Hydrocarbon production. Operator shall revise the payout date using the actual proceeds from the sale of the Non-participating Parties' relinquished Hydrocarbon production and administer any subsequent adjustments between the Parties.

13.1.6 Completions

For determinations under Article 13.1 (Non-consent Operations), each Non-consent Operation in a single wellbore shall be accounted for separately.

13.2 Relinquishment of Interest

On commencement of Non-consent Operations, other than Non-consent Operations governed by Article 10.5 (Operations by Fewer Than All Parties) or Article 13.7 (Operations Utilizing a Non-consent Platform and/or Development Facilities), each Non-participating Party's interest and leasehold operating rights in the Non-consent Operation and title to Hydrocarbon production resulting therefrom; and if Article 13.8 (Discovery or Extension from Non-consent Drilling) is effective, one-half (1/2) of each Non-participating Party's interest and leasehold operating rights and title to Hydrocarbon production from wells mentioned in Article 13.8 (Discovery or Extension from Non-consent Drilling), shall be owned by and vested in each Participating Party in proportion to its Participating Interest, or in the proportions otherwise agreed by the Participating Parties, for as long as the Non-Consent Operation is being conducted or Hydrocarbon production is obtained therefrom, subject to the following:

13.2.1 Production Reversion Recoupment

When the Participating Parties have recouped out of Hydrocarbon production from the Non-consent Operations attributable to the Non-participating Party's interest an amount, which when added to amounts received under Article 13.3 (Deepening or Sidetracking of Non-consent Well), equals the sum of the following:

- (a) Eight hundred percent (800%) of the Non-participating Party's share of the costs of the following Non-consent Exploratory Operations, or six hundred percent (600%) of the Non-participating Party's share of the costs of the following Non-consent Development Operations: drilling, testing, Completing, Recompleting, Deepening, Sidetracking, Reworking, plugging back, and temporarily abandoning a well, reduced by the Non-participating Party's Share of a cash contribution received under Article 21.2 (Cash Contributions);
- (b) If applicable, three hundred percent (300%) of Non-participating Party's Share of

the cost of Platforms and/or Development Facilities approved under Article 12.1 (Proposal) or Article 12.2 (Counterproposals); such recoupment is limited to the Non-participating Party's Share of the Hydrocarbon production that utilize such Platform and/or Development Facilities;

- (c) Two hundred percent (200%) of the Non-participating Party's Share of the cost charged in accordance with Article 13.9 (Allocation of Platform / Development Facilities Costs to Non-consent Operations) of using an existing Platform / Development Facilities; and
- (d) the Non-participating Party's Share of the costs of operation, maintenance, treating, processing, gathering, and transportation, including but not limited to an Offsite Host Facilities' handling fees, as well as lessor's royalties and severance, Hydrocarbon production, and excise taxes,

the relinquished interests of the Non-participating Party shall automatically revert to the Non-participating Party as of 7:00 a.m. of the day after the recoupment occurs. Thereafter, the Non-participating Party shall own the same interest in the Non-consent Well, equipment pertaining thereto, including but not limited to any Platform or Development Facilities, and the Hydrocarbon production therefrom as the Non-participating Party would have owned or been entitled to if it had participated in the Non-consent Operation. On reversion, the Non-participating Party shall become a Participating Party and, as such, shall become liable for its proportionate share of the further costs of the operation as set forth in this Agreement and Exhibit "C".

13.2.2 Non-production Reversion

If the Non-consent Operation fails to obtain Hydrocarbon production or if the operation results in Hydrocarbon production that ceases before complete recoupment by the Participating Parties under Article 13.2.1 (Production Reversion Recoupment), such leasehold operating rights shall revert to each Non-participating Party, except that all Non-consent Wells, Platforms, and Development Facilities shall remain vested in the Participating Parties (but the salvage value in excess of the sum remaining under Article 13.2.1 shall be credited to all Parties).

13.3 Deepening or Sidetracking of Non-consent Well

If a Participating Party proposes to Deepen or Sidetrack a Non-consent Well, a Non-participating Party may then elect to participate in the Deepening or Sidetracking operation by notifying Operator within thirty (30) days, or within forty-eight (48) hours, including Saturdays, Sundays, and federal holidays, if a rig is on location and standby charges are being incurred, after receiving notice of the proposal. A Non-participating Party that elects to participate in Deepening or Sidetracking the well, as proposed, shall immediately pay the Participating Parties, in accordance

with Article 13.4 (Deepening or Sidetracking Cost Adjustments), its Working Interest share of actual well costs (excluding logging, coring, testing, and Completion costs other than the cost of setting any casing or Completion Equipment that is used in the Deepening or Sidetracking), less all amounts recovered by the Participating Parties from the proceeds of Hydrocarbon production from the well, as if the Non-participating Party had originally participated to the initial objective depth or formation, in the case of a Deepening operation, or the depth at which the Sidetracking operation is initiated. Thereafter, the Non-participating Party shall be deemed to be a Participating Party for the Deepening or Sidetracking operations, and Article 13.2.1(a) shall not apply to that Party for the Deepened or Sidetracked portion of the well. The initial Participating Parties, however, shall continue to recoup out of the proceeds of Hydrocarbon production from the non-consent portion of the well any balance for the Non-consent Well remaining to be recovered under Article 13.2.1 (Production Reversion Recoupment), less the amounts paid by the Non-participating Party under this Article 13.3.

13.4 Deepening or Sidetracking Cost Adjustments

If a proposal is made to Deepen or Sidetrack a Non-consent Well, a well cost adjustment will be performed as follows:

- (a) Intangible drilling will be valued at the actual cost incurred by the Participating Parties.
- (b) Tangible materials will be valued in accordance with the provisions of Exhibit "C".
- (c) For Sidetracking operations, the values determined in Articles 13.4(a) and 13.4(b) shall be reduced by the amount allocated to that portion of the well from the surface to one hundred feet (100') below the point at which the Sidetracking was initiated. Such allocations shall be consistent with the guidelines recommended by the applicable Council of Petroleum Accountants Societies ("COPAS") Guideline, as amended from time to time.
- (d) Amortization/depreciation shall be applied to both intangible and tangible values at the rate of ten percent (10%) per annum from the date the well commenced Hydrocarbon production to the date operations commence to Deepen or Sidetrack the well, provided, however, that the value of tangible materials after applying depreciation shall never be less than fifty percent (50%) of the value determined in Article 13.4(b).

13.5 Subsequent Operations in Non-consent Well

Except as provided in Article 13.3 (Deepening or Sidetracking of Non-consent Well), an election not to participate in the drilling, Sidetracking, or Deepening of a well shall be deemed to be an election not to participate in any subsequent operations in the well before full recovery by the Participating Parties of the Non-participating Party's recoupment amount.

13.6 Operations in a Production Interval

A Participating Party in a Production Interval may propose Rework or Sidetrack operations within

that Production Interval, or to permanently plug and abandon that Production Interval in a well; however, no Production Interval in a well shall be abandoned without the unanimous approval of the Participating Parties in the Production Interval. If a proposal, estimated to exceed the amount specified in Article 8.2 (Authorization), is made to Rework or Sidetrack a Production Interval and the Participating Parties elect to participate in the proposed operation, Operator shall conduct the operation at their sole cost and risk. If fewer than all but one (1) or more Parties having a combined Participating Interest of fifty percent (50%) or more elect to participate in the proposed operation, Operator shall conduct the Reworking or Sidetracking operation at the cost and risk of the Participating Parties owning an interest in the Production Interval. A proposal to Rework an interval, other than a Production Interval, shall be made and approved in accordance with Article 11.5 (Operations by Fewer Than All Parties).

13.7 Operations Utilizing a Non-consent Platform and/or Development Facilities

Except as otherwise provided in Article 12.4 (Rights to Take in Kind) and this Article 13.7, if applicable, a Party that did not originally participate in a Platform and/or Development Facilities shall be a Non-participating Party for all operations utilizing the Platform and/or Development Facilities and shall be subject to Article 13.2 (Relinquishment of Interest). Notice, in accordance with Article 9 (Notices), shall be given to the Non-participating Party for all wells proposed to be drilled from or tied back to the Non-consent Platform and/or handled by non-consent Development Facilities. If a Non-participating Party in a Non-consent Platform and/or Development Facilities desires to participate in the drilling of any such well proposed by the Participating Parties in the Platform and/or Development Facilities, the Non-participating Party desiring to join in the proposed well shall first pay the Participating Parties in the Platform and/or Development Facilities its proportionate share of the cost of the Platform and/or Development Facilities, including but not limited to costs of material, fabrication, transportation, and installation plus any remaining amounts to be recouped under Article 13.2.1(b). The Non-participating Party shall remit payment to Operator and Operator shall (a) reimburse the Participating Parties in the Platform and/or Development Facilities in the same proportions they are sharing in the Platforms and/or Development Facilities recoupment account, and (b) credit the applicable payout account. On payment of that amount, the original Non-participating Party shall become an owner and a Participating Party in the Platform and/or Development Facilities in the same manner as if recoupment had occurred under Article 13.2.1 (Production Reversion Recoupment), and may participate in all future wells drilled from or tied back to the Platform. As to well operations conducted from the Platform and/or Development Facilities before payment under this Article 13.7, the original Non-participating Party shall remain a Non-participating Party in such Non-consent Operations until such time as the entire recoupment balance applicable to all such Non-consent Operations in the aggregate has occurred, as provided for in Articles 13.2.1(a) and 13.2.1(d).

13.8 Discovery or Extension from Non-consent Drilling

If a Non-consent Well (a) discovers a new Producing Reservoir or (b) extends an existing Producing Reservoir beyond its recognized boundaries, as unanimously agreed by the Participating Parties in all existing wells currently producing from the existing Producing Reservoir before commencement of drilling operations, the recoupment of costs for the well shall be governed by Article 13.2 (Relinquishment of Interest) and shall be recovered by the Participating Parties in one (1) of the following ways:

- (a) if the Non-consent Well is not completed and produced, recoupment shall be out of one-half (1/2) of each Non-participating Party's interest in Hydrocarbon production from all subsequently drilled and completed wells on the Lease that are completed in the Producing Reservoir discovered, or in that portion extended, by the Non-consent Well and in which the Non-participating Party has a Participating Interest; or
- (b) if the Non-consent Well is completed and produced, recoupment shall be out of the Non-participating Party's Share of all Hydrocarbon production from the Non-consent Well and one-half (1/2) of the Non-participating Party's interest in Hydrocarbon production from all subsequently drilled and completed wells on the Lease that are completed in the Producing Reservoir discovered, or in that portion extended, by the Non-consent Well and in which the Non-participating Party has a Participating Interest.

13.9 Allocation of Platform / Development Facilities Costs to Non-consent Operations

Non-consent Operations shall be subject to further conditions as follows:

13.9.1 Charges

If a well is drilled or produced from a Platform and/or is produced through Development Facilities whose Participating Parties are different from the Participating Parties in that well or if the Participating Parties' Participating Interest shares in that Platform and/or Development Facilities are different from their Participating Interest shares in that well, the rights of the Participating Parties in that well and the costs to use the Platform and/or Development Facilities for that well shall be determined as follows:

- (a) The Participating Parties in that well shall pay to Operator a one-time slot usage fee for the use of a slot on the Platform equal to two percent (2%) of the cost of the Platform. Within fifteen (15) days of its receipt of that fee, Operator shall distribute to the Participating Parties in the Platform their Participating Interest share of that payment. For purposes of calculating the slot usage fee, the total cost of the Platform shall be reduced by one-half percent (0.5%) per month, commencing on the date the Platform was installed and continuing every month thereafter until the month actual drilling operations on that well is commenced; however, the total cost of the Platform shall not be reduced by more than fifty percent (50%) of the total Platform's costs. The cost of additions to the Platform

shall be reduced in the same manner commencing the first month after the addition is installed. If that well is abandoned having never produced Hydrocarbons, the right of the Participating Parties in that well to use the Platform slot through which the well was drilled shall terminate unless those Parties commence drilling a substitute well for the abandoned well through the same slot within ninety (90) days of the abandonment. If that substitute well is abandoned having never produced Hydrocarbons, the right of the Participating Parties in that well to use the Platform slot through which the well was drilled shall terminate. The slot usage fee shall not apply to a slot deemed to be "surplus". A slot may be deemed surplus only by the unanimous agreement of the Participating Parties in the Platform.

- (b) The Participating Parties in that well shall pay to the owners of the Development Facilities a lump sum equal to that portion of the total cost of those Development Facilities that the throughput volume of the Non-consent Operation bears to the current total design throughput volume of the Development Facilities. Throughput volume shall be estimated by Operator in barrels produced per day (with 1 barrel of oil equaling 5.8 mcf of gas), using an average daily volume of the first three (3) months of Hydrocarbon production from the Non-consent Operation. For purposes of calculating the Development Facilities lump sum payment, the total cost of the Development Facilities shall be reduced by one-half percent (0.5%) per month, commencing from the date when the Development Facilities were installed and continuing every month thereafter until the first month during which Hydrocarbon production from the Non-consent Operation commences, but the total cost of the Development Facilities shall not be reduced more than fifty percent (50%) of the total Development Facilities' cost. If a modification, expansion, or addition to the Development Facilities is made after commencing first Hydrocarbon production and before connection of the Non-consent Operation to the Development Facilities, the Development Facilities lump sum payment shall be reduced in the same manner described above, from the month in which the Development Facilities modification, expansion, or addition is completed until the first month during which Hydrocarbon production from the Non-consent Operation is commenced.

Payment of sums under this Article 13.9.1 is not a purchase of an additional interest in the Platform or the Development Facilities. Such payment shall be included in the total amount that the Participating Parties are entitled to recoup out of Hydrocarbon production from the Non-consent Well.

13.9.2 Operating and Maintenance Charges

The Participating Parties shall pay all costs necessary to connect a Non-consent Well to the Platform and/or Development Facilities and that proportionate part of the costs of operating and maintaining the Platform and/or Development Facilities applicable to the Non-consent Well. Platform operating and maintenance costs that are costs not directly attributable to a wellbore shall be allocated equally to all actively producing Completions. Operating and maintenance costs for the Development Facilities shall be allocated on a volume throughput basis, that is, in the proportion that the volume throughput of the well bears to the total volume throughput of all wells connected to the Development Facilities. Volume throughput, as used in this Article 13.9.2, shall be determined by considering all Hydrocarbons and water volumes.

13.10 Allocation of Costs Between Zones

Except as provided in Article 10.9 (Wells Proposed Below Deepest Producing Reservoir), if for any reason the Participating Interests of the Parties in a well are not the same for the entire depth or the Completion thereof, the costs of drilling, Completing, and equipping the well shall be allocated in an equitable manner, as agreed by the Parties, based on the value and allocation recommended in the applicable COPAS Guideline, as amended from time to time.

13.11 Lease Maintenance Operations

An operation proposed within the last one (1) year of the primary term or, subsequent thereto, an operation proposed to perpetuate the Lease or portion thereof at its expiration date or otherwise, including but not limited to well operations, regulatory relief (for example, course of action necessary to satisfy the statutory or regulatory requirements of the governmental authority having jurisdiction), and other Lease operations, shall be deemed to be a "Lease Maintenance Operation." To invoke this Article 13.11, a notice or an AFE that proposes an operation must state that the proposed operation is a Lease Maintenance Operation.

13.11.1 Participation in Lease Maintenance Operations

A Party may propose a Lease Maintenance Operation by giving notice to the other Parties. If fewer than all Parties elect to participate in the proposed Lease Maintenance Operation, the proposing Party shall notify the Parties of the elections made. Each Party electing not to participate shall then have a second opportunity to participate in the proposed operation by notifying the other Parties of its election within forty-eight (48) hours after receipt of the notice. A Lease Maintenance Operation shall not require minimum approval, either of the number of Parties or the percentage of the voting interests of the Parties otherwise required in Article 6.1.2 (Vote Required). For a Lease Maintenance Operation to be conducted, the Participating Parties must agree to pay and bear one hundred percent (100%) of the costs and risks of the operation. If more than one (1) Lease Maintenance Operation is proposed, the operation with the greatest percentage approval shall be conducted. Notwithstanding the recoupment provisions of

this Agreement, a Party electing not to participate in a well operation proposed as a Lease Maintenance Operation shall promptly assign, effective as of the date the operation commences, to the Participating Parties all its right, title, and interest in and to that portion of the Lease that would otherwise expire and the property and equipment attributable thereto, in accordance with Article 26 (Successors, Assigns). In the event of such assignment, the assigning Party shall retain all obligations and liabilities incurred before the effective date of such assignment, and the Participating Parties that are assigned such interest may require the assigning Party to provide reasonable financial assurances including but not limited to posting a performance bond (in an amount, form and with a surety acceptable to the Participating Parties) for the retained liabilities for such assigned interest. If more than one (1) Lease Maintenance Operation is proposed and there is a tie between two (2) proposed operations, both operations shall be conducted and the costs and risks of conducting both operations shall be paid and borne by the Participating Parties. If the drilling of a well is undertaken as a Lease Maintenance Operation, further operations conducted by the Participating Parties in the well shall be governed by Article 10.9 (Course of Action After Reaching Objective Depth) or Article 11.9 (Course of Action After Reaching Objective Depth), whichever applies. If more than one (1) well operation is conducted, any of which would perpetuate the Lease or such portion thereof, an assignment shall not be required from a Party participating in any such well operation.

13.11.2 Accounting for Non-participation

If, after one (1) year from completion of a well operation conducted as a Lease Maintenance Operation, the Lease or portion thereof is being perpetuated by a Lease Maintenance Operation, as provided in Article 13.11.1 (Participation in Lease Maintenance Operations), Operator shall render a final statement, if applicable, to the assigning Party for its share of all expenses attributed to the assigned interest before the effective date of the assignment, plus any credit or deficiency in salvage value calculated under Article 15.3.1 (Prior Expenses). The assigning Party shall settle any deficiency owed the non-assigning Parties within thirty (30) days after receipt of Operator's statement.

13.12 Retention of Lease by Non-consent Well

If, at the expiration of the primary term of the Lease, one (1) or more Non-consent Wells, except wells drilled under Article 10.5.1 (First Exploratory Well) provision of Article 10.5 (Operations by Fewer Than All Parties), if selected, are the only wells perpetuating the Lease, Operator shall give written notice to each Non-participating Party that the Non-consent Wells are serving to perpetuate the Lease. Each Non-participating Party shall, within thirty (30) days after receipt of Operator's written notice, elect one (1) of the following:

- (a) to assign its entire interest in the Lease to the Participating Parties in the proportions in which the Non-consent Wells are owned subject to the assignor's retained obligations under Article 15.3.1 (Prior Expenses); or
- (b) to pay the Participating Parties, within sixty (60) days after its election, the lesser of its proportionate share of the actual well costs of the wells, as if the Non-participating Party had originally participated, or the balance of the recoupment account. The payment shall be made to Operator and credited to the account of each Participating Party. The Non-participating Party shall remain as a Non-participating Party until full recoupment is obtained, but the payment shall be credited against the total amount to be recouped by the Participating Parties.

A Non-participating Party that fails to make the required election shall be deemed to have elected under Article 13.12(a) to relinquish its entire interest in the Lease. If a Non-participating Party elects to make payment under Article 13.12(b) but fails to make the required payment within sixty (60) days after its election, the Non-participating Party shall either remain liable for the obligation to pay or, by unanimous vote of the Participating Parties, be deemed to have elected under Article 13.12(a) to relinquish its entire interest in the Lease. Each relinquishing Non-participating Party shall promptly execute and deliver an assignment of its interest to the Participating Parties, in accordance with Article 26 (Successors and Assigns) subject to the assignor's retained obligations under Article 15.3.1 (Prior Expenses).

13.13 Non-Consent Premiums

A non-consent premium paid by a Non-Participating Party to the Participating Parties shall be allocated to the Participating Parties based on their original Participating Interest share in the Non-consent Operation that generated the non-consent premium.

ARTICLE 14 ABANDONMENT, SALVAGE, AND SURPLUS

14.1 Platform Salvage and Removal Costs

When the Parties owning wells, Platforms, and/or Development Facilities unanimously agree to dispose of the wells, Platforms, and/or Development Facilities, it shall be disposed of by Operator in the time and manner approved by the Parties. The costs, risks, and net proceeds, if any, for the disposal shall be shared by the Parties in proportion to their Participating Interests therein.

14.2 Abandonment of Platforms, Development Facilities, or Wells

Except as provided in Article 10 (Exploratory Operations) and Article 11 (Development Operations), a Participating Party may propose the abandonment of a Platform and Development Facilities or wells by notifying the other Participating Parties. No Platform and Development Facilities or wellbore shall be abandoned without the unanimous approval of the Participating

Parties. If the Participating Parties do not approve abandoning the Platform and Development Facilities or wells, Operator shall prepare a statement of the abandoning Party's share of estimated abandonment costs, less its share of estimated salvage value, as determined by Operator pursuant to Exhibit "C". The Party desiring to abandon it shall pay Operator, on behalf of the Participating Parties for that Party's share of the estimated abandonment costs, less its share of estimated salvage value, within thirty (30) days after receipt of Operator's statement. If the Party that shall serve as Operator after a Party abandons its interest does not qualify by BOEMRE as exempt from supplemental bonding requirements, then the Party desiring to abandon its interest may place its share of the estimated abandonment costs, less its estimated salvage value, in escrow, with such escrowed funds made available to Operator upon abandoning Party's receipt of all necessary end of operations reports and site clearance and restoration report. If an abandoning Party's respective share of the estimated salvage value is greater than its share of the estimated costs, Operator, on behalf of the Participating Parties, shall pay a sum equal to the deficiency to the abandoning Party within thirty (30) days after the abandoning Party's receipt of Operator's statement.

14.3 Assignment of Interest

Each Participating Party desiring to abandon a Platform and Development Facilities or wells under Article 14.2 (Abandonment of Platforms, Development Facilities, or Wells) shall assign, effective as of the last applicable election date, to the non-abandoning Parties, in proportion to their Participating Interests, its interest in the Platform and Development Facilities or wells and the equipment therein and its ownership in the Hydrocarbon production from the wells. A Party so assigning shall be relieved from further liability for the Platform and Development Facilities or wells, except liability for payments under Article 14.2 (Abandonment of Platforms, Development Facilities, or Wells).

14.4 Abandonment Operations Required by Governmental Authority

A well abandonment or Platform and Development Facilities removal required by a governmental authority having jurisdiction shall be accomplished by Operator with the costs, risks, and net proceeds, if any, to be shared by the Parties owning the well or Platform and Development Facilities in proportion to their Participating Interests therein. No approval by the Parties will be necessary for Operator to proceed with the government-required well abandonment, or Platform and Development Facilities removal. Operator shall provide the Parties with an informational AFE before commencing such an abandonment or removal.

14.5 Disposal of Surplus Material

Material and equipment acquired hereunder may be classified as surplus by Operator when deemed no longer needed in present or foreseeable operations. Operator shall determine the value and cost of disposing of the materials in accordance with Exhibit "C". If the material is classified as junk or if the value, less cost of disposal, is less than or equal to Fifty Thousand

Dollars (\$50,000), Operator shall dispose of the surplus materials in any manner it deems appropriate. If the value, less the cost of disposal of the surplus material, is greater than Fifty Thousand Dollars (\$50,000), Operator shall give written notice thereof to the Parties owning the material. Unless purchased by Operator, the surplus material shall be disposed of in accordance with the method of disposal approved by the Parties owning the material. Proceeds from the sale or transfer of surplus material shall be promptly credited to each Party in proportion to its ownership of the material at the time of retirement or disposition.

ARTICLE 15 WITHDRAWAL

15.1 Right to Withdraw

Subject to this Article 15.1, any Party may withdraw from this Agreement as to the Lease (the "Withdrawing Party") by giving prior written notice to all other Parties stating its decision to withdraw ("the withdrawal notice"). The withdrawal notice shall specify an effective date of withdrawal that is at least sixty (60) days, but not more than ninety (90) days, after the date of the withdrawal notice. Within thirty (30) days of receipt of the withdrawal notice, the other Parties may join in the withdrawal by giving written notice of that fact to Operator ("written notice to join in the withdrawal") and on giving written notice to join in the withdrawal are "Other Withdrawing Parties". The withdrawal notice and the written notice to join in the withdrawal are unconditional and irrevocable offers by the Withdrawing Party and the Other Withdrawing Parties to convey to the Parties that do not join in the withdrawal ("the Remaining Parties") the Withdrawing Party's and the Other Withdrawing Parties' entire Working Interest in the Lease, Hydrocarbon production, and other property and equipment owned under this Agreement.

15.2 Response to Withdrawal Notice

Failure to respond to a withdrawal notice is deemed a decision not to join in the withdrawal.

15.2.1 Unanimous Withdrawal

If all the other Parties join in the withdrawal,

- (a) no assignment of Working Interests shall take place;
- (b) subject to Article 14.4, no further operations may be conducted under this Agreement unless agreed to by all Parties;
- (c) the Parties shall abandon all activities and operations within the Lease and relinquish all of their Working Interests to the BOEMRE within one hundred twenty (120) days of the conclusion of the thirty (30) day joining period; and
- (d) notwithstanding anything to the contrary in Article 14 (Abandonment, Salvage and Surplus), Operator shall:
 - 1) furnish all Parties a detailed abandonment plan, if applicable, and a

detailed cost estimate for the abandonment within one hundred eighty (180) days after the conclusion of the thirty (30) day joining period; and

- 2) cease operations and begin to permanently plug and abandon all wells and remove all Facilities in accordance with the abandonment plan.

15.2.2 No Additional Withdrawing Parties

If none of the other Parties join in the withdrawal, the Remaining Parties must accept an assignment of their Participating Interest share of the Withdrawing Party's Working Interest.

15.2.3 Acceptance of the Withdrawing Parties' Interests

If one (1) or more but not all of the other Parties join in the withdrawal and become Other Withdrawing Parties, within forty-eight (48) hours (excluding Saturdays, Sundays, and federal holidays) of the conclusion of the thirty (30) day joining period, each of the Remaining Parties shall submit to Operator a written rejection or acceptance of its Participating Interest share of the Withdrawing Party's and Other Withdrawing Parties' Working Interest. Failure to make that written rejection or acceptance shall be deemed a written acceptance. If the Remaining Parties are unable to select a successor Operator, if applicable, or if a Remaining Party submits a written rejection and the other Remaining Parties do not agree to accept one hundred percent (100%) of the Withdrawing Party's and Other Withdrawing Parties' Working Interest within fifteen (15) days of the conclusion of the forty-eight- (48-) hour period to submit a written rejection or acceptance, the Remaining Parties will be deemed to have joined in the withdrawal, and Article 15.2.1 (Unanimous Withdrawal) will apply.

15.2.4 Effects of Withdrawal

Except as otherwise provided in this Agreement, after giving a withdrawal notice or a written notice to join in the withdrawal, the Withdrawing Party and Other Withdrawing Parties are not entitled to approve or participate in any activity or operation in the Lease, other than those activities or operations for which they retain a financial responsibility. The Withdrawing Party and Other Withdrawing Parties shall take all necessary steps to accomplish their withdrawal by the effective date referred to in Article 15.1 (Right to Withdraw) and shall execute and deliver to the Remaining Parties all necessary instruments to assign their Working Interest to the Remaining Parties. A Withdrawing Party and Other Withdrawing Parties shall bear all expenses associated with their withdrawal and the transfer of their Working Interest.

15.3 Limitation on and Conditions of Withdrawal

15.3.1 Prior Expenses

The Withdrawing Party and Other Withdrawing Parties remain liable for their Participating Interest share of the costs of all activities, operations, rentals, royalties, taxes, damages,

Hydrocarbon imbalances, or other liability or expense accruing or relating to (i) obligations existing as of the effective date of the withdrawal, (ii) operations conducted before the effective date of the withdrawal, (iii) operations approved by the Withdrawing Party and Other Withdrawing Parties before the effective date of the withdrawal, or (iv) operations commenced by Operator under one (1) of its discretionary powers under this Agreement before the effective date of the withdrawal. Before the effective date of the withdrawal, Operator shall provide a statement to the Withdrawing Party and Other Withdrawing Parties for (1) their respective shares of all identifiable costs under this Article 15.3.1 and (2) their respective Participating Interest shares of the estimated current costs of plugging and abandoning all wells and removing all Platforms, Development Facilities, and other material and equipment owned by the Joint Account, less their respective Participating Interest Shares of the estimated salvage value of the assets at the time of abandonment, as approved by vote. This statement of expenses, costs, and salvage value shall be prepared by Operator under Exhibit "C". Before withdrawing, the Withdrawing Party and Other Withdrawing Parties shall pay Operator, for the benefit of the Remaining Parties, the amounts allocated to them as shown in the statement for all obligations and liabilities they have incurred and all obligations and liabilities attributable to them before the effective date of the withdrawal. All liens, charges, and other encumbrances, including but not limited to overriding royalties, net profits interest, and production payments, that the Withdrawing Party and Other Withdrawing Parties placed (or caused to be placed) on their Working Interest shall be fully satisfied or released before the effective date of its withdrawal (unless the Remaining Parties are willing to accept the Working Interest subject to those liens, charges, and other encumbrances).

15.3.2 Confidentiality

The Withdrawing Party and Other Withdrawing Parties will continue to be bound by the confidentiality provisions of Article 7.3 (Confidentiality) after the effective date of the withdrawal but will have no further access to technical information relating to activities or operations under this Agreement. The Withdrawing Party and Other Withdrawing Parties are not required to return to the Remaining Parties Confidential Data acquired before the effective date of the withdrawal.

15.3.3 Emergencies and Force Majeure

No Party may withdraw during a Force Majeure or emergency that poses a threat to life, safety, property, or the environment but may withdraw from this Agreement after termination of the Force Majeure or emergency. The Withdrawing Party and Other Withdrawing Parties remain liable for their share of all costs and liabilities arising from the Force Majeure or emergency, including but not limited to the drilling of relief wells,

containment and clean-up of oil spills and pollution, and all costs of debris removal made necessary by the Force Majeure or emergency.

ARTICLE 16

RENTALS, ROYALTIES, AND OTHER PAYMENTS

16.1 Overriding Royalty and Other Burdens

If the Working Interest or Participating Interest of a Party is subject to an overriding royalty, Hydrocarbon production payment, net profits interest, mortgage, lien, security interest, or other burden or encumbrance, other than lessor's royalty and other burdens listed in Exhibit "A", the Party so burdened shall pay and bear all liabilities and obligations created or secured by the burden or encumbrance and shall indemnify and hold the other Parties harmless from all claims and demands for payment asserted by the owners of the burdens or encumbrances. If a Party becomes entitled to an assignment under this Agreement, or as a result of Non-consent Operations hereunder becomes entitled to receive a relinquished interest, as provided in Article 13.2 (Relinquishment of Interest), otherwise belonging to a Non-participating Party whose Working Interest in the operations is so burdened or encumbered, the Party entitled to receive the assignment from the Non-participating Party or the relinquished interest of the Non-participating Party's Hydrocarbon production shall receive same free and clear of all such burdens and encumbrances, and the Non-participating Party whose interest is subject to the burdens and encumbrances shall hold the Participating Parties harmless for the burdens and encumbrances, and will bear same at its own expense.

16.2 Subsequently Created Interest

Notwithstanding anything in this Agreement to the contrary, if a Party, after execution of this Agreement, creates an overriding royalty, Hydrocarbon production payment, net profits interest, carried interest, or any other interest out of its Working Interest that the Parties do not unanimously agree to list on Exhibit "A" (hereinafter called "Subsequently Created Interest"), the Subsequently Created Interest shall be made specifically subject to this Agreement. If the Party owning the interest from which the Subsequently Created Interest was established fails to pay, when due, its share of costs, and if the proceeds from the sale of Hydrocarbon production under Articles 8.6 (Security Rights) are insufficient for that purpose, or elects to abandon a well, or elects to relinquish its interest in the Lease, the Subsequently Created Interest shall be chargeable with a pro rata portion of all costs in the same manner as if the Subsequently Created Interest were a Working Interest, and Operator may enforce against the Subsequently Created Interest the lien and other rights granted or recognized under this Agreement to secure and enforce collection of costs chargeable to the Subsequently Created Interest. The rights of the owner of the Subsequently Created Interest shall be, and hereby are, subordinated to the rights

granted or recognized by Article 8.6 (Security Rights).

16.3 Payment of Rentals and Minimum Royalties

Operator shall pay in a timely manner, for the joint account of the Parties, all rental, minimum royalties, and other similar payments accruing under the Lease and shall, on request, submit evidence of each such payment to the Parties. Operator shall not be held liable to the other Parties in damages for loss of the Lease or interest therein if, through mistake or oversight, a rental, minimum royalty, or other payment is not paid or is erroneously paid. The loss of a Lease or interest therein resulting from Operator's failure to pay, or erroneous payment of rental or minimum royalty shall be a joint loss, and there shall be no readjustment of interests. For Hydrocarbon production delivered in kind by Operator to a Non-operator or to another for the account of a Non-operator, the Non-operator shall provide Operator with information about the Non-operator's proceeds received or the value of the Hydrocarbon production taken in kind in order that Operator may make payments of minimum royalties due.

16.4 Non-participation in Payments

A Party that desires not to pay its share of a rental, minimum royalty, or similar payment shall notify the other Parties in writing at least sixty (60) days before the payment is due. Operator shall then make the payment for the benefit of the Parties that do desire to maintain the Lease. In such event, the Non-participating Party shall assign to the Participating Parties, on their request, the portions of its interest in the Lease maintained by the payment. The assigned interest shall be owned by each Participating Party in proportion to its Participating Interest. The assignment shall be made in accordance with Article 27 (Successors and Assigns) and shall be subject to the assignor's retained obligations under Article 15.3.1 (Prior Expenses).

16.5 Royalty Payments

Each Party shall be responsible for and shall separately bear and properly pay or cause to be paid all royalty and other amounts due on its share of Hydrocarbon production taken in accordance with state or federal regulations, as may be amended from time to time. Adjustments shall be made among the Parties in accordance with Exhibit "E" (Gas Balancing Agreement). During a period when Participating Parties in a Non-consent Operation are receiving a Non-participating Party's share of Hydrocarbon production, the Participating Parties shall bear and properly pay, or cause to be paid, the Lease royalty on the Hydrocarbon production taken, and shall hold the Non-participating Parties harmless from liability for the payment.

ARTICLE 17 TAXES

17.1 Property Taxes

Operator shall render property covered by this Agreement for ad valorem taxation, if applicable,

and shall pay the property taxes for the benefit of each Party. Operator shall charge each Party its share of the tax payments. If the ad valorem taxes are based in whole or in part on separate valuations of each Party's Working Interest, notwithstanding anything in this Agreement to the contrary, each Party's share of property taxes shall be in proportion to the tax value generated by that Party's Working Interest.

17.2 Contest of Property Tax Valuation

Operator shall timely and diligently protest to a final determination each tax valuation it deems unreasonable. Pending such determination, Operator may elect to pay under protest. On final determination, Operator shall pay the taxes and the interest, penalties, and costs accrued as a result of the protest. In either event, Operator shall charge each Party its share of any amounts due, and each Party shall be responsible for reimbursing Operator for any such amounts paid.

17.3 Production and Severance Taxes

Each Party shall pay, or cause to be paid, all production and severance taxes due on Hydrocarbon production that it receives under this Agreement.

17.4 Other Taxes and Assessments

Operator shall pay other applicable taxes (other than income taxes, excise taxes, or other similar types of taxes) or assessments and charge each Party its share.

ARTICLE 18 INSURANCE

18.1 Insurance

Operator shall provide and maintain the insurance prescribed in Exhibit "B" and charge those costs to the Joint Account. No other insurance shall be carried for the benefit of the Parties under this Agreement, except as provided in Exhibit "B".

18.2 Bonds

Operator shall obtain and maintain all bonds or financial guarantees required by an applicable law, regulation, or rule. The costs of those bonds or financial guarantees acquired exclusively for the conduct of activities and operations under this Agreement shall be charged to the Joint Account, including an amount equivalent to the reasonable cost of that bond or financial guarantee if Operator provides that bond or guarantee itself and does not engage a third party to do so. Operator shall require all contractors to obtain and maintain all bonds required by an applicable law, regulation, or rule.

ARTICLE 19 LIABILITY, CLAIMS, AND LAWSUITS

19.1 Individual Obligations

The obligations, duties, and liabilities of the Parties under this Agreement are several, not joint or collective. Nothing in this Agreement shall ever be construed as creating a partnership of any kind, joint venture, agency relationship, association, or other character of business entity recognizable in law for any purpose. In their relations with each other under this Agreement, the Parties shall not be considered to be fiduciaries or to have established a confidential relationship, except as specifically provided in Article 7.3 (Confidentiality) and Article 7.4 (Limited Disclosure), but rather shall be free to act at arm's length in accordance with their own respective self-interests. Each Party shall hold all other Parties harmless from liens and encumbrances on the Lease arising as a result of its acts.

19.2 Notice of Claim or Lawsuit

If, on account of a matter involving activities or operations under this Agreement, or affecting the Lease, a claim is made against a Party, or if a party outside this Agreement files a lawsuit against a Party, or if a Party files a lawsuit, or if a Party receives notice of a material administrative or judicial hearing or other proceeding, that Party shall give written notice of the claim, lawsuit, hearing, or proceeding ("Claim") to the other Parties as soon as reasonably practical.

19.3 Settlements

Operator may settle a Claim, or multiple Claims arising out of the same incident, involving activities or operations under this Agreement or affecting the Lease, if the aggregate expenditure does not exceed five hundred thousand dollars (\$500,000.00) and if the payment is in complete, or substantially complete, settlement of these Claims. If the amount required for settlement exceeds this amount, the Parties shall determine the further handling of the Claims under Article 19.4 (Defense of Claims and Lawsuits).

19.4 Defense of Claims and Lawsuits

Operator shall supervise the handling, conduct, and prosecution of all Claims involving activities or operations under this Agreement or affecting the Lease. Claims may be settled in excess of the amount specified in Article 19.3 (Settlements) if the settlement is approved by vote in accordance with Article 6.1.2 of the Participating Parties in the activity or operation out of which the Claim arose, but a Party may independently settle a Claim or the portion of a Claim that is attributable to its Participating Interest share alone as long as that settlement does not directly adversely affect the interest or rights of the other Participating Parties. Legal expenses shall be handled in accordance with Exhibit "C".

19.5 Liability for Damages

UNLESS SPECIFICALLY PROVIDED OTHERWISE IN THIS AGREEMENT, LIABILITY FOR LOSSES, DAMAGES, COSTS, EXPENSES OR CLAIMS INVOLVING ACTIVITIES OR OPERATIONS UNDER THIS AGREEMENT OR AFFECTING THE LEASE THAT ARE NOT

COVERED BY OR IN EXCESS OF THE INSURANCE CARRIED FOR THE JOINT ACCOUNT SHALL BE BORNE BY EACH PARTY IN PROPORTION TO ITS PARTICIPATING INTEREST SHARE IN THE ACTIVITY OR OPERATION OUT OF WHICH THAT LIABILITY ARISES, EXCEPT TO THE EXTENT THAT LIABILITY RESULTS FROM THE GROSS NEGLIGENCE OR WILLFUL MISCONDUCT OF A PARTY, IN WHICH CASE THAT PARTY SHALL BE SOLELY RESPONSIBLE FOR LIABILITY RESULTING FROM ITS GROSS NEGLIGENCE OR WILLFUL MISCONDUCT.

19.6 Indemnification for Non-consent Operations

TO THE EXTENT ALLOWED BY LAW, THE PARTICIPATING PARTIES WILL HOLD THE NON-PARTICIPATING PARTIES (AND THEIR AFFILIATES, AGENTS, INSURERS, DIRECTORS, OFFICERS, AND EMPLOYEES) HARMLESS AND RELEASE, DEFEND, AND INDEMNIFY THEM AGAINST ALL CLAIMS, DEMANDS, LIABILITIES, REGULATORY DECREES, AND LIENS FOR ENVIRONMENTAL POLLUTION AND PROPERTY DAMAGE OR PERSONAL INJURY, INCLUDING SICKNESS AND DEATH, CAUSED BY OR OTHERWISE ARISING OUT OF NON-CONSENT OPERATIONS, AND ANY LOSS AND COST SUFFERED BY A NON-PARTICIPATING PARTY AS AN INCIDENT THEREOF, EXCEPT WHERE THAT LOSS OR COST RESULTS FROM THE SOLE, CONCURRENT, OR JOINT NEGLIGENCE, FAULT, OR STRICT LIABILITY OR WILLFUL MISCONDUCT OF THAT NON-PARTICIPATING PARTY, IN WHICH CASE EACH PARTY SHALL PAY OR CONTRIBUTE TO THE SETTLEMENT OR SATISFACTION OF JUDGMENT IN THE PROPORTION THAT ITS NEGLIGENCE, FAULT, OR STRICT LIABILITY OR WILLFUL MISCONDUCT CAUSED OR CONTRIBUTED TO THE INCIDENT. IF AN INDEMNITY IN THIS AGREEMENT IS DETERMINED TO VIOLATE LAW OR PUBLIC POLICY, THAT INDEMNITY SHALL THEN BE ENFORCEABLE ONLY TO THE MAXIMUM EXTENT ALLOWED BY LAW.

19.7 Damage to Reservoir, Loss of Reserves and Profit

NOTWITHSTANDING ANY CONTRARY PROVISION OF THIS AGREEMENT, NO PARTY IS LIABLE TO ANY OTHER PARTY FOR SPECIAL, INDIRECT, CONSEQUENTIAL, EXEMPLARY OR PUNITIVE DAMAGES RESULTING FROM OR ARISING OUT OF THIS AGREEMENT, INCLUDING WITHOUT LIMITATION DAMAGE TO A RESERVOIR, LOSS OF HYDROCARBONS, LOSS OF PROFITS, OR BUSINESS INTERRUPTIONS, HOWSOEVER THE SAME MAY BE CAUSED.

19.8 Non-essential Personnel

A NON-OPERATOR THAT REQUESTS TRANSPORTATION OR ACCESS TO A DRILLING RIG, PLATFORM, VESSEL, OR OTHER FACILITY USED FOR ACTIVITIES OR OPERATIONS UNDER THIS AGREEMENT SHALL HOLD THE OTHER PARTIES HARMLESS AND SHALL RELEASE, DEFEND, AND INDEMNIFY THEM AGAINST (I) ALL CLAIMS, DEMANDS, AND LIABILITIES FOR PROPERTY DAMAGE AND (II) ALL CLAIMS, DEMANDS, AND

LIABILITIES FOR ANY LOSS OR COST SUFFERED BY A PARTY AS AN INCIDENT THEREOF, INCLUDING BUT NOT LIMITED TO INJURY, SICKNESS, AND DEATH, CAUSED BY OR OTHERWISE ARISING OUT OF THAT TRANSPORTATION OR ACCESS, OR BOTH, EXCEPT TO THE EXTENT THAT LOSS OR COST RESULTS FROM THE GROSS NEGLIGENCE OR WILLFUL MISCONDUCT OF THE PARTY SO INDEMNIFIED AND PROTECTED.

ARTICLE 20 INTERNAL REVENUE PROVISION

20.1 Internal Revenue Provision

Notwithstanding any provision in this Agreement to the effect that the rights and liabilities of the Parties are several, not joint or collective, and that the Agreement and the activities and operations under this Agreement do not constitute a partnership under state law, each Party elects to be excluded from the application of all or any part of the provisions of Subchapter K, Chapter 1, Subtitle A, of the Internal Revenue Code of 1986, as amended, or similar provisions of applicable state laws regardless of whether for federal income tax purposes this Agreement and the activities and operations under this Agreement are regarded as a partnership.

ARTICLE 21 CONTRIBUTIONS

21.1 Notice of Contributions Other Than Advances for Sale of Production

Each Party shall promptly notify the other Parties of all offers of contributions that it may obtain, or contributions it is attempting to obtain, for the drilling of a well or the conducting of an operation on the Lease. Payments received as consideration for entering into a contract for the sale of Hydrocarbon production from the Lease, loans, and other financial arrangements shall not be considered contributions for the purpose of this Article 21. No Party shall release or obligate itself to release Confidential Data in return for a contribution from a third party without prior written consent of the Participating Parties or Parties having the right to participate in the well.

21.2 Cash Contributions

If a Party receives a cash contribution for drilling a well on the Lease or conducting an activity or operation on the Lease, the cash contribution shall be paid to Operator, and Operator shall credit the amount thereof to the Parties in proportion to their Participating Interests in the well or the Platform and/or Development Facilities. If the well is a Non-consent Well, the amount of the contribution shall be deducted from the cost specified in Article 13.2.1(a) before computation of the amount to be recouped out of Hydrocarbon production.

21.3 Acreage Contributions

If a Party receives an acreage contribution for the drilling of a well on the Lease, the acreage contribution shall be shared by each Participating Party that accepts it in proportion to its Participating Interest in the well. As between the Participating Parties, this Agreement shall apply separately to the acreage.

ARTICLE 22 DISPOSITION OF PRODUCTION

22.1 Take-in-Kind Facilities

Subject to Article 22.2, a Party may, at its sole cost and risk, construct Take-in-Kind Facilities to take its share of Hydrocarbon production in kind.

22.2 Duty to Take in Kind

Each Party shall own and, at its own cost and risk, shall take in kind or separately dispose of its share of the oil, gas, and condensate produced and saved from the Lease, excluding Hydrocarbon production used by Operator in activities or operations conducted under this Agreement, subject to this Article 22. In order to avoid interference with operations on or regarding the Platform, the Development Facilities, and the Lease, a Party exercising its right to construct Take-in Kind Facilities ("the Take in Kind Party") shall provide Operator with a list of equipment it deems necessary for its Take in Kind Facilities ("the components") along with its notice informing Operator of its election to take in kind. If Operator, in its sole discretion, agrees to install and operate the Take-in Kind Facilities, Operator shall purchase the components and install it on behalf of the Take in Kind Party at the Take in Kind Party's sole risk and cost, including but not limited to any fees, penalties or other costs incurred as a result of any cancellation of placed orders as may be requested by the Take in Kind Party. Operator shall provide the Take in Kind Party with monthly updates on the progress of the ordering and installation of the Take in Kind Facilities. Operator, based on the instructions of the Take in Kind Party, shall install and operate all the components. Operator shall not be responsible for any losses or damages to the components or the Take in Kind Party's Hydrocarbon production metered, treated, processed, or transported by the components unless such losses or damages are the result of Operator's gross negligence or willful misconduct. If Operator refuses or fails to install the Take-in Kind Facilities by one hundred twenty (120) days before the deadline provided in Section 12.4, the Take-in Kind Party shall have the right to install and operate the Take-in Kind Facilities providing that such operations do not interfere with existing operations or proposed operations that have been approved under terms of this Agreement.

22.3 Failure to Take Oil and Condensate in Kind

Notwithstanding Article 22.2 (Duty to Take in Kind), if a Party fails to take in kind or dispose of its share of the oil or condensate, Operator shall have the right, but not the obligation, subject to revocation at will by the Party owning the Hydrocarbon production, to purchase for its own account, sell to others, or otherwise dispose of all or part of the Hydrocarbon production at the same price at which Operator calculates and pays lessor's royalty on its own portion of the oil or condensate. Operator shall notify the non-taking Party when the option is exercised. A purchase or sale by Operator of any other Party's share of the oil or condensate shall be for such reasonable periods of time as are consistent with the minimum needs of the industry under the circumstances, but in no event shall a contract be for a period in excess of one (1) year. Proceeds of the oil or condensate purchased, sold, or otherwise disposed of by Operator under this Article 22.3 shall be paid to the Party that had, but did not exercise, the right to take in kind and separately dispose of the oil or condensate. Operator, in disposing of another Party's oil or condensate, shall not be responsible for making any filing with regulatory agencies not required by law to be made by it in respect to another Party's share of oil or condensate. Unless required by governmental authority having jurisdiction or by judicial process, no Party shall be forced to share an available market with a non-taking Party.

22.4 Failure to Take Gas in Kind

Article 22.3 (Failure to Take Oil and Condensate in Kind) shall not apply to gas produced from the Lease. In no event shall Operator be responsible for, or obligated to dispose of, another Party's share of gas production. If for any reason a Party fails to take or market its full share of gas as produced, that Party may later take, market, or receive a cash accounting for its full share in accordance with Exhibit "E".

22.5 Expenses of Delivery in Kind

A cost that is incurred by Operator in making delivery of a Party's share of Hydrocarbons or disposing of same shall be paid by the Party.

ARTICLE 23 APPLICABLE LAW, JURISDICTION, AND VENUE

23.1 Applicable Law

THIS AGREEMENT AND THE RELATIONSHIP OF THE PARTIES UNDER THIS AGREEMENT SHALL BE GOVERNED BY AND INTERPRETED IN ACCORDANCE WITH THE GENERAL MARITIME LAW, OR IF THE GENERAL MARITIME LAW IS NOT APPLICABLE, THE LAWS OF THE STATE OF TEXAS, WITHOUT REGARD TO PRINCIPLES OF CONFLICTS OF LAWS THAT WOULD OTHERWISE REFER THE MATTER TO THE LAWS OF ANOTHER JURISDICTION; PROVIDED HOWEVER, THAT NO LAW THEORY OR PUBLIC POLICY SHALL BE GIVEN EFFECT THAT WOULD UNDERMINE, DIMINISH, OR REDUCE THE

EFFECTIVENESS OF THE WAIVER DAMAGES PROVIDED IN THE PRECEDING ARTICLE 19.7, IT BEING THE EXPRESS INTENT, UNDERSTANDING, AND AGREEMENT OF THE PARTIES THAT SUCH WAIVER IS TO BE GIVEN THE FULLEST EFFECT, NOTWITHSTANDING THE NEGLIGENCE (WHETHER SOLE, JOINT, OR CONCURRENT), GROSS NEGLIGENCE, WILLFUL MISCONDUCT, STRICT LIABILITY, OR OTHER LEGAL FAULT OF A PARTY HERETO.

23.2 Jurisdiction and Venue

For every dispute that arises under this Agreement, including any claim of breach of this Agreement, the Parties hereby consent to the exclusive jurisdiction and venue of a Federal court or Texas state court sitting in Houston, Texas.

**ARTICLE 24
LAWS, REGULATIONS, AND NONDISCRIMINATION**

24.1 Laws and Regulations

This Agreement and operations under this Agreement are subject to all applicable laws, rules, regulations, and orders by all governmental authorities claiming jurisdiction now and in the future. A provision of this Agreement found to be contrary to or inconsistent with any such law, rule, regulation, or order shall be deemed to have been modified accordingly.

24.2 Nondiscrimination

In performing work under this Agreement, the Parties shall comply and Operator shall require each independent contractor to comply with the governmental requirements in Exhibit "D" and with Articles 202(1) to (7), including Executive Order 11246, as amended.

**ARTICLE 25
FORCE MAJEURE**

25.1 Force Majeure

If a Party is unable, wholly or in part because of a Force Majeure, to carry out its obligations under this Agreement, other than the obligation to make money payments, that Party shall give the other Parties prompt written notice of the Force Majeure with sufficient particulars about it. Effective on the date notice is given, the obligations of the Party, so far as they are affected by the Force Majeure, shall be suspended during, but no longer than, the continuance of the Force Majeure. Time is of the essence in the performance of this Agreement, and every reasonable effort will be made by the Party to avoid delay or suspension of any work or acts to be performed under this Agreement. The requirement that the Force Majeure be remedied with all reasonable dispatch shall not require a Party to settle strikes or other labor difficulties.

ARTICLE 26 SUCCESSORS AND ASSIGNS

26.1 Transfer of Interest

Except as provided in 26.1.1 (Exceptions to Transfer Notice), a Transfer of Interest shall be provided by written notice to Operator and the other Parties ("the Transfer Notice"). Any Transfer of Interest shall be made to a party qualified by the BOEMRE to own leases in the Gulf of Mexico, and is financially capable of assuming the corresponding obligations under this Agreement. The non-transferring Parties' consent can be conditioned on requiring the proposed transferee to provide (i) replacement financial assurances for any financial assurances previously provided by the transferring Party and (ii) additional reasonable financial assurances of the party to which the working interest is to be transferred and its ability to perform its obligations under this Agreement, after giving due consideration to the replacement financial assurances to be provided pursuant to clause (i). All Transfers of Interest to any Person must be approved by and consented to in writing by the non-transferring Parties for any assignment made hereunder to be valid and binding upon the non-transferring Parties. Any Transfer of Interest shall contain a provision in the assignment requiring that the non-transferring Parties' written consent must also be obtained before any future Transfer of Interest under this Agreement in whole or in part to any Person, and shall also include a provision that the party to which the working interest is transferred to be bound by all the terms and conditions of this Agreement. No Transfer of Interest shall release a Party from its obligations and liabilities under this Agreement, and the security rights under Article 8.6 (Security Rights) shall continue to burden the Working Interest transferred and to secure the payment of those obligations and liabilities.

26.1.1 Exceptions to Transfer Notice

Notwithstanding any contrary provision of this Agreement, the Transfer Notice is not required when a Party proposes to mortgage, pledge, hypothecate, or grant a security interest in all or a portion of its Working Interest (including Assignments of Hydrocarbon production executed as further security for the debt secured by that security device), in any wells, Platforms, Development Facilities, or other equipment. However, an encumbrance arising from the financing transaction shall be expressly made subject and subordinated to this Agreement.

26.1.2 Effective Date of Transfer of Interest

A Transfer of Interest becomes effective twenty (20) days after the day all Parties are in receipt of the Transfer Notice. No Transfer of Interest, other than those provided in Article 15.1 (Right to Withdraw) and Article 26.1.1 (Exceptions to Prior Written Notice), is binding on the Parties unless and until (i) the assignor or assignee provides all remaining Parties with a photocopy of a fully executed Transfer of Interest, an executed BOEMRE

“Designation of Operator” form and a designation of oil spill responsibility form, and (ii) evidence of receipt of all necessary approvals by the BOEMRE. The Parties shall promptly undertake all reasonable actions necessary to secure those approvals and shall execute and deliver all documents necessary to effectuate that Transfer of Interest. All costs attributable to a Transfer of Interest are the sole obligation of the assigning Party.

26.1.3 Form of Transfer of Interest

Any Transfer of Interest shall incorporate provisions that the Transfer of Interest is subordinate to and made expressly subject to this Agreement and provide for the assumption by the assignee of the performance of all the assigning Party’s obligations under this Agreement. Any Transfer of Interest not in compliance with this provision is voidable by the non-assigning Parties.

26.1.4 Warranty

Any Transfer of Interest, vesting, or relinquishment of Working Interest between the Parties under this Agreement shall be made without warranty of title, except as provided in the next sentence. All liens, charges, and other encumbrances, including but not limited to overriding royalties, net profits interest, and production payments, which a Party placed (or caused to be placed) on its Working Interest shall be fully satisfied or released before the effective date of a Transfer of Interest, vesting, or relinquishment of Working Interest between that Party and another Party under this Agreement (unless the other Party is willing to accept the Working Interest subject to those liens, charges, and other encumbrances).

ARTICLE 27 ADMINISTRATIVE PROVISIONS

27.1 Term

This Agreement shall remain in effect so long as a Lease remains in effect and thereafter until (a) all wells have been abandoned and plugged or turned over to the Parties owning an interest in the Lease on which the wells are located; (b) all Platforms, Development Facilities, and equipment have been disposed of by Operator in accordance with Article 14 (Abandonment, Salvage, and Surplus); (c) all Claims as defined in Article 19 (Liability, Claims, and Lawsuits) have been settled or otherwise disposed of; and (d) there has been a final accounting and settlement by all Parties. In accordance with Article 4.5 (Selection of Successor Operator), this Agreement will terminate if no Party is willing to become Operator, effective after all conditions in clauses (a) through (d) above have been completed. In accordance with Article 15.2.1 (Unanimous Withdrawal), this Agreement will terminate if all Parties elect to withdraw, effective

after all conditions in clauses (a) through (d) above have been completed. Termination of this Agreement shall not relieve a Party of a liability or obligation accrued or incurred before termination and is without prejudice to all continuing confidentiality obligations or other obligations in this Agreement.

27.2 Waiver

A term, provision, covenant, representation, warranty, or condition of this Agreement may be waived only by written instrument executed by the Party waiving compliance. The failure or delay of a Party in the enforcement or exercise of the rights granted under this Agreement shall not constitute a waiver of said rights nor shall it be considered as a basis for estoppel. Time is of the essence in the performance of this Agreement and all time limits shall be strictly construed and enforced.

27.3 Waiver of Right to Partition

Each Party waives the right to bring an action for partition of its interest in the Lease, wells, Platform, Development Facilities, and other equipment held under this Agreement, and covenants that during the existence of this Agreement it shall not resort at any time to an action at law or in equity to partition any or all of the Lease and lands or personal property subject to this Agreement.

27.4 Compliance with Laws and Regulations

This Agreement, and all activities or operations conducted by the Parties under this Agreement, are expressly subject to, and shall comply with, all laws, orders, rules, and regulations of all federal, state, and local governmental authorities having jurisdiction over the Lease.

27.4.1 Severance of Invalid Provisions

If, for any reason and for so long as, a clause or provision of this Agreement is held by a court of competent jurisdiction to be illegal, invalid, unenforceable, or unconscionable under a present or future law or interpretation thereof, the remainder of this Agreement will not be affected by that illegality or invalidity. An illegal or invalid provision will be deemed severed from this Agreement, as if this Agreement had been executed without the illegal or invalid provision. The surviving provisions of this Agreement will remain in full force and effect unless the removal of the illegal or invalid provision destroys the legitimate purposes of this Agreement, in which event this Agreement shall be null and void.

27.4.2 Fair and Equal Employment

Each of the Parties is an Equal Opportunity Employer, and the equal opportunity provisions of 30 CFR 270 and 41 CFR 60-1, as amended or modified, are incorporated in this Agreement by reference. The affirmative-action clauses concerning disabled veterans and veterans of the Vietnam era (41 CFR 60-250) and the affirmative-action clauses concerning employment of the handicapped (41 CFR 60-741) are also

incorporated in this Agreement by reference. In performing work under this Agreement, the Parties shall comply with (and Operator shall require each independent contractor to comply with) the governmental requirements in Exhibit "D" that pertain to non-segregated facilities.

27.5 Construction and Interpretation of This Agreement

27.5.1 Headings for Convenience

Except for the definition headings in Article 2 (Definitions), all the table of contents, captions, numbering sequences, and paragraph headings in this Agreement are inserted for convenience only and do not define, expand, or limit the scope, meaning, or intent of this Agreement.

27.5.2 Article References

Except as otherwise provided in this Agreement, each reference to an article of this Agreement includes all the referenced article and its sub-articles.

27.5.3 Gender and Number

The use of pronouns in whatever gender or number is a proper reference to the Parties to this Agreement though the Parties may be individuals, business entities, or groups thereof. Reference in this Agreement to the singular of a noun or pronoun includes the plural and vice versa.

27.5.4 Future References

A reference to a Party includes such Party's successors and assigns and, in the case of governmental bodies, persons succeeding to their respective functions and capacities.

27.5.5 Currency

Any amounts due or payable under this Agreement shall be paid in United States currency.

27.5.6 Optional Provisions

If any "Optional" provision of this Agreement is not adopted by the Parties to this Agreement by a typed, printed, or handwritten indication, such provision shall not form a part of this Agreement, and no inference shall be made concerning the intent of the Parties in regard to the subject matter of the "Optional" provision.

27.5.7 Joint Preparation

This Agreement shall be deemed for all purposes to have been prepared through the joint efforts of the Parties and shall not be construed for or against one (1) Party or the other as a result of the preparation, submittal, drafting, execution, or other event of negotiation hereof.

27.5.8 Integrated Agreement

This Agreement contains the final and entire agreement of the Parties for the matters covered by this Agreement and, as such, supersedes all prior written or oral

communications and agreements. This Agreement may not be modified or changed except by written amendment signed by the Parties.

27.5.9 Binding Effect

To the extent that it is assignable, this Agreement shall bind and inure to the benefit of the Parties and their respective successors and assigns, and shall constitute a covenant running with the land comprising the Lease. This Agreement does not benefit or create any rights in a person or entity that is not a Party to this Agreement.

27.5.10 Further Assurances

Each Party will take all actions necessary and will sign all documents necessary to implement this Agreement. Except as otherwise provided in this Agreement, within thirty (30) days after their receipt of a valid written request for those documents from a Party, all other Parties shall prepare and execute the documents.

27.5.11 Counterpart Execution

This Agreement may be executed by signing the original or a counterpart. If this Agreement is executed in counterparts, all counterparts taken together shall have the same effect as if all Parties had signed the same agreement. No Party shall be bound to this Agreement until all Parties have executed a counterpart or the original of this Agreement. This Agreement may also be ratified by a separate instrument that refers to this Agreement and adopts by reference all provisions of this Agreement. A ratification shall have the same effect as an execution of this Agreement.

27.6 Restricted Bidding

If more than one (1) Party is ever on the list of restricted joint bidders for Outer Continental Shelf ("OCS") lease sales, as issued by the BOEMRE under 30 CFR 256.44, as amended, the Parties shall comply with all statutes and regulations regarding restricted joint bidders on the OCS.

27.7 Governing Agreement

The Parties to this Agreement are also Parties to that certain Joint Development Agreement dated effective _____, 20__, by and between _____, _____, _____, _____, and _____. The Parties agree that should any conflict arise between the terms and conditions of this Agreement and the terms and conditions of the Joint Development Agreement, the terms and conditions of the Joint Development Agreement shall govern.

IN WITNESS WHEREOF, this Agreement has been executed by the Parties as of the day and year first above written.

EXHIBIT "B"

Attached to and made a part of that certain Offshore Operating Agreement dated effective _____, 20__, by and between _____, as Operator, and _____, as Non-Operators.

INSURANCE PROVISIONS

- I. Operator shall carry the insurance specified in Section I with the limits stipulated below for the joint account. Operator shall have the right to charge the joint account premiums for the insurance coverage required by this Exhibit "B." Such premiums shall be allocated to the joint account using a fair and reasonable method based on the nature of the operations covered by this Agreement.
 - A. Workers' Compensation and Employer's Liability.
 1. Workers' Compensation and Employer's Liability Insurance covering the employees of Operator engaged in operations hereunder in compliance with all applicable State and Federal Laws.
 2. Coverage under U. S. Longshore and Harbor Worker's Compensation Act, extended to include the Outer Continental Shelf.
 3. Extension of Coverage B of policy to provide for not less than \$1,000,000 ("for assured's interest") for death or bodily injury to one person in any one accident; coverage also to include Employer's Liability under Admiralty Jurisdiction, including the Jones Act, with Marine and Voluntary Compensation Endorsement providing for a limit of liability of not less than \$1,000,000 per accident and an endorsement for transportation, maintenance, wages and cure, all with same limits, as well as an endorsement to the effect that a claim "in rem" shall be treated as a claim against the insured.
- II. Operator shall not be obligated or authorized to obtain or carry on behalf of the joint account any additional insurance covering the Parties or the operations to be conducted hereunder. Each Party, at its own expense, must carry its own coverage for the types of insurance and with the minimum limits as set forth in each of Paragraphs A-G below. Each Party must provide Operator prior to commencement of operations a certificate of insurance or other evidence of coverage demonstrating coverage with the required limits of liability. All losses and all damages to jointly owned property, except losses covered by insurance carried for the joint account, shall be borne by the Parties in proportion to their respective interests, unless the loss is caused by the gross negligence or willful misconduct of a Party hereto. The insurance coverages required herein represent minimum requirements and do not limit or invalidate any indemnity or other obligation of the Parties under this Agreement. A Party's failure to secure the required insurance coverages or the required endorsements on the policies or any denial of coverage by underwriters does not relieve such Party or limit its liabilities or obligations under this Agreement.

Any Party, at its own expense, may acquire such additional insurance as it may deem necessary to protect its own interest against claims, losses, damages or destruction to property arising out of operations hereunder.

Each Party hereby waives its rights of recovery against all other Parties to this agreement and agrees that all insurance covering its interest in the jointly owned property will be suitably endorsed to affect a waiver of subrogation as per the indemnity and obligations assumed within the agreement.

- A. Commercial General Liability and Business Automobile Liability. Coverage for all operations conducted hereunder with a combined single limit each occurrence, and in the aggregate, of \$1,000,000 ("for assured's interest"). Said Commercial General Liability Insurance shall also include contractual liability coverage, sudden and accidental pollution coverage. Automobile liability insurance shall include coverage for owned, hired and non-owned vehicles and mobile equipment licensed for highway use.
- B. Vessels. All vessels chartered by any Party shall be covered Protection and Indemnity coverage, with limits of \$1,000,000 ("for assured's interest") per occurrence and in the aggregate.
- C. Aircraft. All aircraft owned or chartered by any Party shall be covered by Aircraft Liability Insurance with limits of \$5,000,000 ("for assured's interest") per occurrence and in the aggregate.
- D. Excess Liability. Each Party shall carry Excess Liability insurance in the amount of \$50,000,000 per occurrence and in the aggregate ("for assured's interest"), excess of all primary liability limits in the insurance specified in Sections A-C.
- E. Extra Expense Liability. Extra expense liability coverage including control of well, seepage, pollution and contamination coverage, cleanup and/or containment coverage, re-drilling and/or restoring, and care, custody and control shall be carried by each Party with limits of liability of \$75,000,000 per occurrence and in the aggregate and \$5,000,000 per occurrence and in the aggregate for Care, Custody and Control coverage.
- F. Financial Responsibility Insurance: Operator shall demonstrate coverage, as required by the Bureau of Ocean Energy Management pursuant to the Oil Pollution Act of 1990 as per CFR Part 253 "Final Rule for Oil Spill Financial Responsibility", according to the applicable governmental guidelines.
- G. Contractors: Operator shall use reasonable efforts to require all contractors working or performing services hereunder to comply with the workers' compensation and employer's liability laws, both State and Federal, and said contractors or others performing services shall be required to procure and maintain appropriate insurance coverage as deemed by Operator for the types of operations undertaken. All insurance shall be endorsed to include the Operator and the Parties as additional insureds, except for Worker's Compensation. All such policies shall be endorsed with a Waiver of Subrogation in favor of Operator and the Parties.

Non-Discrimination Provisions

During the performance of this Agreement, the "contractor" (meaning and referring separately to each party hereto) agrees, unless exempt therefrom to comply with all provisions of Executive Order 11246 which are incorporated herein by reference, and (a) if contractor has more than 50 employees or contracts with another party hereto in excess of \$10,000, contractor must file Standard Form 100 (EEO 1), (b) if contractor has 50 or more employees and a contract of \$50,000 or more, contractor is required to develop a written "Affirmative Action Compliance Program" for each of its establishments according to the Rules and Regulations published by the United States Department of Labor in 41 CFR, Chapter 60. Further, contractor hereby certifies that it does not now and will not maintain any facilities provided for its employees in a segregated manner or permit its employees to perform their services at any location under its control where segregated facilities are maintained, as such segregated facilities are defined in Title 41, Chapter 60 1.8, Code of Federal Regulations, revised as of January 1, 1969, unless exempt therefrom. Contractor further warrants that no other law, regulation or ordinance of the United States, or any state, or any governmental authority or agency has been violated in the manufacture, procurement or sale of any good furnished, work performed or service rendered pursuant to this contract.

Unless exempt by rules, regulations or orders of the United States Secretary of Labor, issued pursuant to Section 204 of Executive Order 11246, dated September 24, 1965, during the performance of this contract, the contractor agrees as follows:

- (1) The contractor will not discriminate against any employee or applicant for employment because of race, color, religion, sex or national origin. The contractor will take affirmative action to ensure that applicants are employed and that employees are treated during employment, without regard to their race, color, religion, sex or national origin. Such action shall include, but not be limited to, the following: employment, upgrading, demotion, transfer, recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided by the contracting officer setting forth the provisions of this nondiscrimination clause.
- (2) The contractor will, in all solicitations or advertisements for employees placed by or on behalf of the contractor, state that all qualified applicants will receive consideration for employment without regard to race, color, religion, sex or national origin.
- (3) The contractor will send to each labor union or representative of workers with which he has a collective bargaining agreement or other contract or understanding, a notice to be provided by the agency contracting officer, advising the labor union or workers' representative of the contractor's commitments under Section 202 of Executive Order 11246 of September 24, 1965, and shall post copies of the notice in conspicuous places available to employees and applicants for employment.

- (4) The contractor will comply with all provisions of Executive Order 11246 of September 24, 1965, and of the rules, regulations and relevant orders of the Secretary of Labor.
- (5) The contractor will furnish all information and reports required by Executive Order 11246 of September 24, 1965, and by the rules, regulations and orders of the Secretary of Labor, or pursuant thereto, and will permit access to his books, records and accounts by the contracting agency and the Secretary of Labor for purposes of investigating to ascertain compliance with such rules, regulations and orders.
- (6) In the event of the contractor's noncompliance with the nondiscrimination clauses of this contract or with any of such rules, regulations or orders, this contract may be canceled, terminated or suspended in whole or in part and the contractor may be declared ineligible for further Government contracts in accordance with procedures authorized in Executive Order 11246 of September 24, 1965, or by rule, regulation or order of the Secretary of Labor, or as otherwise provided by law.
- (7) The contractor will include the provisions of paragraph (1) through (8) in every subcontract or purchase order unless exempted by rules, regulations or orders of the Secretary of Labor issued pursuant to Section 204 of Executive Order 11246 of September 24, 1965, so that such provisions will be binding upon each subcontractor or vendor. The contractor will take such action with respect to any subcontract or purchase order as the contracting agency may direct as a means of enforcing such provisions including sanctions for noncompliance; provided, however, that in the event the contractor becomes involved in, or is result of such direction by the contracting agency, the contractor may request the United States to enter into such litigation to protect the interests of the United States.
- (8) Contractor agrees and covenants that none of its employees or employees of its subcontractors who provided services pursuant to this contract are unauthorized aliens, as defined in the Immigration, Reform and Control Act of 1986.

EXHIBIT "E"

Attached to and made a part of that certain Offshore Operating Agreement dated effective _____, 20____, by and between _____, as Operator, and _____, as Non-Operators.

GAS BALANCING PROVISIONS**1. DEFINITIONS**

The following definitions shall apply to this Agreement:

1.01 "Arm's Length Agreement" shall mean any gas sales agreement with an unaffiliated purchaser or any gas sales agreement with an affiliated purchaser where the sales price and delivery conditions under such agreement are representative of prices and delivery conditions existing under other similar agreements in the area between unaffiliated parties at the same time for natural gas of comparable quality and quantity.

1.02 "Balancing Area" shall mean (**select one**):

☒ each well drilled pursuant to **the Lease** that produces Gas or is allocated a share of Gas production. If a single well is completed in two or more producing intervals, each producing interval from which the Gas production is not commingled in the wellbore shall be considered a separate well.

☐ all the acreage and depths subject to the Operating Agreement.

☐ _____

1.03 "Full Share of Current Production" shall mean the Percentage Interest of each Party in the Gas actually produced from the Balancing Area during each month.

1.04 "Gas" shall mean all hydrocarbons produced or producible from the Balancing Area, whether from a well classified as an oil well or gas well by the regulatory agency having jurisdiction in such matters, which are or may be made available for sale or separate disposition by the Parties, excluding oil, condensate and other liquids recovered by field equipment operated for the joint account. "Gas" does not include gas used in joint operations, such as for fuel, recycling or reinjection, or which is vented or lost before its sale or delivery from the Balancing Area.

1.05 "Makeup Gas" shall mean any Gas taken by an Underproduced Party from the Balancing Area in excess of its Full Share of Current Production, whether pursuant to Section 3.3 or Section 4.1 hereof.

1.06 "Mcf" shall mean one thousand cubic feet. A cubic foot of Gas shall mean the volume of gas contained in one cubic foot of space at a standard pressure base and at a standard temperature base.

1.07 "MMBtu" shall mean one million British Thermal Units. A British Thermal Unit shall mean the quantity of heat required to raise one pound avoirdupois of pure water from 58.5 degrees Fahrenheit to 59.5 degrees Fahrenheit at a constant pressure of 14.73 pounds per square inch absolute.

1.08 "Operator" shall mean the individual or entity designated as the operator of the well(s) located in the Balancing Area.

1.09 "Overproduced Party" shall mean any Party having taken a greater quantity of Gas from the Balancing Area than the Percentage interest of such Party in the cumulative quantity of all Gas produced from the Balancing Area.

1.10 "Overproduction" shall mean the cumulative quantity of Gas taken by a Party in excess of its Percentage Interest in the cumulative quantity of all Gas produced from the Balancing Area.

1.11 "Party" shall mean those individuals or entities subject to this Agreement, and their respective heirs, successors, transferees and assigns.

1.12 "Percentage Interest" shall mean the percentage or decimal interest of each Party in the Gas produced from the Balancing Area pursuant to the Lease covering the Balancing Area.

1.13 ("Intentionally Deleted")

1.14 "Underproduced Party" shall mean any Party having taken a lesser quantity of Gas from the Balancing Area than the Percentage Interest of such Party in the cumulative quantity of all Gas produced from the Balancing Area.

1.15 "Underproduction" shall mean the deficiency between the cumulative quantity of Gas taken by a Party and its

Percentage Interest in the cumulative quantity of all Gas produced from the Balancing Area.

- 1.16 ☐ (Optional) "Winter Period" shall mean the month(s) of November and December in one calendar year and the month(s) of January and February in the succeeding calendar year.

2. BALANCING AREA

2.1 If this Agreement covers more than one Balancing Area, it shall be applied as if each Balancing Area were covered by separate but identical agreements. All balancing hereunder shall be on the basis of Gas taken from the Balancing Area measured in (Alternative 1) ☐ Mcfs or (Alternative 2) ☒ MMBtus.

3. RIGHT OF PARTIES TO TAKE GAS

3.1 Each Party desiring to take Gas will notify the Operator, or cause the Operator to be notified, of the volumes nominated, the name of the transporting pipeline and the pipeline contract number (if available) and meter station relating to such delivery, sufficiently in advance for the Operator, acting with reasonable diligence, to meet all nomination and other requirements. Operator is authorized to deliver the volumes so nominated and confirmed (if confirmation is required) to the transporting pipeline in accordance with the terms of this Agreement. Operator shall provide each Party with an estimate of its Full Share of Current Production and the estimated sustainable Gas volumes for Makeup Gas by the 15th calendar day of the month before the month of production. The Parties recognize that Operator's estimates are no more than estimates, and that these estimated volumes may vary from the actual Gas sales volumes during the month. Operator will, insofar as reasonably possible and practical, notify (by telephone or facsimile) the Parties of significant variances in production volumes relative to nominations where these variances could be reasonably expected to result in penalties being imposed by pipeline/purchases. Operator will notify all the parties of scheduled operations that will impact sustained production.

3.2 Each Party shall make a reasonable, good faith effort to take its Full Share of Current Production each month, to the extent that such production is required to maintain leases in effect, to protect the producing capacity of a well or reservoir, to preserve correlative rights, or to maintain oil production.

3.3 When a Party fails for any reason to take its Full Share of Current Production (as such Share may be reduced by the right of the other Parties to make up for Underproduction as provided herein), the other Parties shall be entitled to take any Gas which such Party fails to take. To the extent practicable, such Gas shall be made available initially to each Underproduced Party in the proportion that its Percentage Interest in the Balancing Area bears to the total Percentage Interests of all Underproduced Parties desiring to take such Gas. If all such Gas is not taken by the Underproduced Parties, the portion not taken shall then be made available to the other Parties in the proportion that their respective Percentage Interests in the Balancing Area bear to the total Percentage Interests of such Parties.

3.4 All Gas taken by a Party in accordance with the provisions of this Agreement, regardless of whether such Party is underproduced or overproduced, shall be regarded as Gas taken for its own account with title thereto being in such taking Party.

3.5 Notwithstanding the provisions of Section 3.3 hereof, no Overproduced Party shall be entitled in any month to take any Gas in excess of three hundred percent (300%) of its Percentage Interest of the Balancing Area's then-current Maximum Monthly Availability; provided, however, that this limitation shall not apply to the extent that it would preclude production that is required to maintain leases in effect, to protect the producing capacity of a well or reservoir, to preserve correlative rights, or to maintain oil production. "Maximum Monthly Availability" shall mean the maximum average monthly rate of production at which Gas can be delivered from the Balancing Area, as determined by the Operator, considering the maximum efficient well rate for each well within the Balancing Area, the maximum allowable(s) set by the appropriate regulatory agency, mode of operation, production facility capabilities and pipeline pressures.

3.6 In the event that a Party fails to make arrangements to take its Full Share of Current Production required to be produced to maintain leases in effect, to protect the producing capacity of a well or reservoir, to preserve correlative rights, or to maintain oil production, the Operator may sell any part of such Party's Full Share of Current Production that such Party fails to take for the account of such Party and render to such Party, on a current basis, the full proceeds of the sale, less any reasonable marketing, compression, treating, gathering or transportation costs incurred directly in connection with the sale of such Full Share of Current Production. In making the sale contemplated herein, the Operator shall be obliged only to obtain such price and conditions for the sale as are reasonable under the circumstances and shall not be obliged to share any of its markets. Any such sale by Operator under the terms hereof shall be only for such reasonable periods of time as are consistent with the minimum needs of the industry under the particular circumstances, but in no event for a period in excess of one year. Notwithstanding the provisions of Article 3.4 hereof, Gas sold by Operator for a Party under the provisions hereof shall be deemed to be Gas taken for the account of such Party. Notwithstanding anything contained herein to the contrary, no agency relationship or other relationship of trust and confidence shall be created by such sale, and Operator's sale of production under the terms hereof shall be subject to the terms of Section 12.3 hereof.

4. IN-KIND BALANCING

4.1 Effective the first day of any calendar month following at least thirty(30) days' prior written notice to the Operator, any Underproduced Party may begin taking, in addition to its Full Share of Current

Production and any Makeup Gas taken pursuant to Section 3.3 of this Agreement, a share of current production determined by multiplying fifty percent (50%) of the Full Shares of Current Production of all Overproduced Parties by a fraction, the numerator of which is the Percentage Interest of such Underproduced Party and the denominator of which is the total of the Percentage Interests of all Underproduced Parties desiring to take Makeup Gas. In no event will an Overproduced Party be required to provide more than fifty percent (50%) of its Full Share of Current Production for Makeup Gas. The Operator will promptly notify all Overproduced Parties of the election of an Underproduced Party to begin taking Makeup Gas.

~~4.2 ☐ (Optional - Seasonal Limitation on Makeup - Option 1) Notwithstanding the provisions of Section 4.1, the average monthly amount of Makeup Gas taken by an Underproduced Party during the Winter Period pursuant to Section 4.1 shall not exceed the average monthly amount of Makeup Gas taken by such Underproduced Party during the _____ (_____) months immediately preceding the Winter Period.~~

4.2 ☐ (Optional - Seasonal Limitation on Makeup - Option 2) Notwithstanding the provisions of Section 4.1, no Overproduced Party will be required to provide more than twenty-five percent percent (25%) of its Full Share of Current Production for Makeup Gas during the Winter Period.

~~4.3 ☐ (Optional) Notwithstanding any other provision of this Agreement, at such time and for so long as Operator, or (insofar as concerns production by the Operator) any Underproduced Party, determines in good faith that an Overproduced Party has produced all its share of the ultimately recoverable reserves in the Balancing Area, such Overproduced Party may be required to make available for Makeup Gas, on the demand of the Operator or any Underproduced Party, up to _____ percent (_____) of such Overproduced Party's Full Share of Current Production.~~

5. STATEMENT OF GAS BALANCES

5.1 The Operator will maintain appropriate accounting on a monthly and cumulative basis of the volumes of Gas that each Party is entitled to receive and the volumes of Gas actually taken or sold for each Party's account. Within forty-five (45) days after the month of production, the Operator will furnish a statement for such month showing (1) each Party's Full Share of Current Production, (2) the total volume of Gas actually taken or sold for each Party's account, (3) the difference between the volume taken by each Party and that Party's Full Share of Current Production, (4) the Overproduction or Underproduction of each Party, and (5) other data as recommended by the provisions of the Council of Petroleum Accountants Societies Bulletin No.24, as amended or supplemented hereafter. Each Party taking Gas will promptly provide to the Operator any data required by the Operator for preparation of the statements required hereunder.

5.2 If any Party fails to provide the data required herein for four (4) consecutive production months, the Operator, or where the Operator has failed to provide data, another Party, may audit the production and Gas sales and transportation volumes of the non-reporting Party to provide the required data. Such audit shall be conducted only after reasonable notice and during normal business hours in the office of the Party whose records are being audited. All costs associated with such audit will be charged to the account of the Party failing to provide the required data.

6. PAYMENTS ON PRODUCTION

6.1 Each Party taking Gas shall pay or cause to be paid all production and severance taxes due on all volumes of Gas actually taken by such Party.

6.2 (Intentionally Deleted)

~~6.2.1 ☐ (Optional - For use only with Section 6.2 - Alternative 1 - Entitlement) On written request of a Party taking less than its Full Share of Current Production in a given month ("Current Underproducer"), any Party taking more than its Full Share of Current Production in such month ("Current Overproducer") will pay to such Current Underproducer an amount each month equal to the Royalty percentage of the proceeds received by the Current Overproducer for that portion of the Current Underproducer's Full Share of Current Production taken by the Current Overproducer; provided, however, that such payment will not exceed the Royalty percentage that is common to all Royalty burdens in the Balancing Area. Payments made pursuant to this Section 6.2.1 will be deemed payments to the Underproduced Party's Royalty owners for purposes of Section 7.5.~~

~~6.2 ☐ (Alternative 2 - Sales) Each Party shall pay or cause to be paid Royalty due with respect to Royalty owners to whom it is accountable based on the volume of Gas actually taken for its account.~~

6.3 (Intentionally Deleted)

7. CASH SETTLEMENTS

7.1 On the earlier of the plugging and abandonment of the last producing interval in the Balancing Area, or at any time no Gas is taken from the Balancing Area for a period of twelve (12) consecutive months, any Party may give written notice calling for cash Settlement of the Gas production imbalances among the Parties. Such notice shall be given to all Parties in the Balancing Area.

7.2 Within ninety (90) days after the notice calling for cash settlement under Section 7.1, the Operator will distribute to each Party a Final Gas Settlement Statement detailing the quantity of Overproduction owed by each Overproduced Party to each Underproduced Party and identifying the month to which such Overproduction is attributed, pursuant to the methodology set out in Section 7.4.

7.3 ■ **(Alternative 1 - Direct Party-to-Party Settlement)** Within ninety (90) days after receipt of the Final Gas Settlement Statement, each Overproduced Party will pay to each Underproduced Party entitled to settlement the appropriate cash Settlement, accompanied by appropriate accounting detail. At the time of payment, the Overproduced Party will notify the Operator of the Gas imbalance settled by the Overproduced Party's payment.

~~7.3 □ **(Alternative 2 - Settlement Through Operator)** Within sixty (60) days after receipt of the Final Gas Settlement Statement, each Overproduced Party will send its cash settlement, accompanied by appropriate accounting detail, to the Operator. The Operator will distribute the monies so received, along with any settlement owed by the Operator as an Overproduced Party, to each Underproduced Party to whom settlement is due within ninety (90) days after issuance of the Final Gas Settlement Statement. In the event that any Overproduced Party fails to pay any settlement due hereunder, the Operator may turn over responsibility for the collection of such settlement to the Party to whom it is owed, and the Operator will have no further responsibility with regard to such settlement.~~

~~7.3.1 □ **(Optional - For use only with Section 7.3, Alternative 2 - Settlement Through Operator)** Any Party shall have the right at any time on thirty (30) days² prior written notice to all other Parties to demand that any settlements due such Party for Overproduction be paid directly to such Party by the Overproduced Party, rather than being paid through the Operator. In the event that an Overproduced Party pays the Operator any sums due to an Underproduced Party at any time after thirty (30) days following the receipt of the notice provided for herein, the Overproduced Party will continue to be liable to such Underproduced Party for any sums so paid, until payment is actually received by the Underproduced Party.~~

7.4 ■ **(Alternative 1 - Historical Sales Basis)** The amount of the cash settlement will be based on the proceeds received by the Overproduced Party under an Arm's Length Agreement for the Gas taken from time to time by the Overproduced Party in excess of the Overproduced Party's Full Share of Current Production. Any Makeup Gas taken by the Underproduced Party before monetary settlement hereunder will be applied to offset Overproduction chronologically in the order of accrual. The method of valuation for cash settlement will be First In First Out (FIFO)

~~7.4 □ **(Alternative 2 - Most Recent Sales Basis)** The amount of the cash settlement will be based on the proceeds received by the Overproduced Party under an Arm's Length Agreement for the volume of Gas that constituted Overproduction by the Overproduced Party from the Balancing Area. For the purpose of implementing the cash settlement provision of the Section 7, an Overproduced Party will not be considered to have produced any of an Underproduced Party's share of Gas until the Overproduced Party has produced cumulatively all its Percentage Interest share of the Gas ultimately produced from the Balancing Area.~~

7.5 The values used for calculating the cash settlement under Section 7.4 will include all proceeds received for the sale of the Gas by the Overproduced Party calculated at the Balancing Area, after deducting any production or severance taxes paid as well as any reasonable marketing, compression, treating, gathering or transportation costs incurred directly in connection with the sale of the Overproduction.

7.5.1 ■ **(Optional - For Valuation Under Percentage of Proceeds Contracts)** For Overproduction sold under a gas purchase contract providing for payment based on a percentage of the proceeds obtained by the purchaser on resale of residue gas and liquid hydrocarbons extracted at a gas processing plant, the values used for calculating cash settlement will include proceeds received by the Overproduced Party for both the liquid hydrocarbons and the residue gas attributable to the Overproduction.

~~7.5.2 □ **(Optional - Valuation for Processed Gas - Option 1)** For Overproduction processed for the account of the Overproduced Party at a gas processing plant for the extraction of liquid hydrocarbons, the full quantity of the Overproduction will be valued for purposes of cash settlement at the prices received by the Overproduced Party for the sale of the residue gas attributable to the Overproduction without regard to proceeds attributable to liquid hydrocarbons which may have been extracted from the Overproduction.~~

7.5.2 ■ **(Optional - Valuation for Processed Gas - Option 2)** For Overproduction processed for the account of the Overproduced Party at a gas processing plant for the extraction of liquid hydrocarbons, the values used for calculating cash settlement will include the proceeds received by the Overproduced Party for the sale of the liquid hydrocarbons extracted from the Overproduction, less the actual reasonable costs incurred by the Overproduced Party to process the Overproduction and to transport, fractionate and handle the liquid hydrocarbons extracted therefrom before sale.

7.6 To the extent the Overproduced Party did not sell all Overproduction under an Arm's Length Agreement, the cash settlement will be based on the weighted average price received by the Overproduced Party for any gas sold from the Balancing Area under Arm's Length Agreements during the months to which such Overproduction is attributed. In the event that no sales under Arm's Length Agreements were made during any such month, the cash settlement for such month will be based on the simple average of the spot sales prices published for the applicable geographic area in the first issue of Inside F.E.R.C.'s Gas Market Report, *Natural Gas Week and Natural Gas Intelligence for such month. Should these publications cease to exist, a mutually acceptable pricing bulletin shall be used. * published by McGraw Hill for deliveries at Henry Hub, subject to reasonable base adjustments between the point of delivery to the applicable pipeline transportation system and the point at which the index price applies

7.7 Interest compounded at the rate of Prime rate in effect at Citibank N.A. of New York, plus one percent (1%) per annum or the maximum lawful percent (____%)

rate of interest applicable to the Balancing Area, whichever is less, will accrue for all amounts due under Section 7.1 beginning the first day following the date payment is due pursuant to Section 7.3. Such interest shall be borne by the Operator or any Overproduced Party in the proportion that their respective delays beyond the deadlines set out in Sections 7.2 and 7.3 contributed to the accrual of the interest.

7.8 In lieu of the cash settlement required by Section 7.3, an Overproduced Party may deliver to the Underproduced Party an offer to settle its Overproduction in-kind and at such rates, quantities, times and sources as may be agreed on by the Underproduced Party. If the Parties are unable to agree on the manner in which such in-kind settlement gas will be furnished within ninety (90) days after the Overproduced Party's offer to settle in kind, which period may be extended by agreement of said Parties, the Overproduced Party shall make a cash settlement as provided in Section 7.3. The making of an in-kind settlement offer under this Section 7.8 will not delay the accrual of interest on the cash settlement should the Parties fail to reach agreement on an in-kind settlement.

~~7.9 **(Optional – Interim Cash Balancing)** At any time during the term of this Agreement, any Overproduced Party may, in its sole discretion, make cash settlement(s) with the Underproduced Parties covering all or part of its outstanding Gas imbalance, provided that such settlements must be made with all Underproduced Parties proportionately based on the relative imbalances of the Underproduced Parties, and provided further that such settlements may not be made more often than once every twenty-four (24) months. Such settlements will be calculated in the same manner provided above for final cash settlements. The Overproduced Party will provide Operator a detailed accounting of any such cash settlement within thirty (30) days after the settlement is made.~~

8. TESTING

Notwithstanding any provision of this Agreement to the contrary, any Party shall have the right, from time to time, to produce and take up to one hundred percent (100%) of a well's entire Gas stream to meet the reasonable deliverability test(s) required by such Party's Gas purchaser, and the right to take any Makeup Gas shall be subordinate to the right of any Party to conduct such tests; provided, however, that such tests shall be conducted in accordance with prudent operating practices only after thirty (30) days' prior written notice to the Operator and shall last no longer than seventy-two (72) hours. Consent of parties then taking all or any part of their share of gas shall be required to conduct testing during Winter Period.

9. OPERATING COSTS (Intentionally Deleted)

10. LIQUIDS

The Parties shall share proportionately in and own all liquid hydrocarbons recovered with Gas by field equipment operated for the joint account in accordance with their Percentage Interests in the Balancing Area.

11. AUDIT RIGHTS

Notwithstanding any provision in this Agreement or any other agreement between the Parties hereto, and further notwithstanding any termination or cancellation of this Agreement, for a period of two (2) years from the end of the calendar year in which any information to be furnished under Section 5 or 7 hereof is supplied, any Party shall have the right to audit the records of any other Party regarding quantity, including but not limited to information regarding Btu-content. Any Underproduced Party shall have the right for a period of two (2) years from the end of the calendar year in which any cash settlement is received pursuant to Section 7 to audit the records of any Overproduced Party as to all matters concerning values, including but not limited to information regarding prices and disposition of Gas from the Balancing Area. Any such audit shall be conducted at the expense of the Party or Parties desiring such audit, and shall be conducted, after reasonable notice, during normal business hours in the office of the Party whose records are being audited. Each Party hereto agrees to maintain records as to the volumes and prices of Gas sold each month and the volumes of Gas used in its own operations, along with the Royalty paid on any such Gas used by a Party in its own operations. The audit rights provided for in this Section 11 shall be in addition to those provided for in Section 5.2 of this Agreement, but any statements rendered by Operator shall conclusively be presumed to be true and correct after twenty-four (24) months following the end of any such calendar year, unless with the said twenty-four (24) month period an Underproduced Party takes written exception thereto and makes claim on Overproduced Party for adjustment.

12. MISCELLANEOUS

12.1 As between the Parties, in the event of any conflict between the provisions of this Agreement and the provisions of any gas sales contract, or in the event of any conflict between the provisions of this Agreement and the provisions of the **Lease**, the provisions of this Agreement shall govern.

12.2 Each Party agrees to defend, indemnify and hold harmless all other Parties from and against any and all liability for any claims, which may be asserted by any third party which now or hereafter stands in a contractual relationship with such indemnifying Party and which arise out of the operation of this Agreement or any activities of such indemnifying Party under the provisions of this Agreement, and does further agree to save the other Parties harmless from all judgments or damages sustained and costs incurred in connection therewith.

12.3 Except as otherwise provided in this Agreement, Operator is authorized to administer the provisions of this

Agreement, but shall have no liability to the other Parties for losses sustained or liability incurred which arise out of or in connection with the performance of Operator's duties hereunder, except such as may result from Operator's gross negligence or willful misconduct. Operator shall not be liable to any Underproduced Party for the failure of any Overproduced Party, (other than Operator) to pay any amounts owed pursuant to the terms hereof.

12.4 This Agreement shall remain in full force and effect for as long as the **Lease** shall remain in force and effect as to the Balancing Area, and thereafter until the Gas accounts between the Parties are settled in full, and shall inure to the benefit of and be binding on the Parties hereto, and their respective heirs, successors, legal representatives and assigns, if any. The Parties hereto agree to give notice of the existence of this Agreement to any successor in interest of any such Party and to provide that any such successor shall be bound by this Agreement, and shall further make any transfer of any interest subject to the **Lease**, or any part thereof, also subject to the terms of this Agreement.

12.5 Unless the context clearly indicates otherwise, words used in the singular include the plural, the plural includes the singular, and the neuter gender includes the masculine and the feminine.

12.6 In the event that any "Optional" provision of this Agreement is not adopted by the Parties to this Agreement by a typed, printed or handwritten indication, such provision shall not form a part of this Agreement, and no inference shall be made concerning the intent of the Parties in such event. In the event that any "Alternative" provision of this Agreement is not so adopted by the Parties, Alternative 1 in each such instance shall be deemed to have been adopted by the Parties as a result of any such omission. In those cases where it is indicated that an Optional provision may be used only if a specific Alternative is selected: (i) an election to include said Optional provision shall not be effective unless the Alternative in question is selected; and (ii) the election to include said Optional provision must be expressly indicated hereon, it being understood that the selection of an Alternative either expressly or by default as provided herein shall not, in and of itself, constitute an election to include an associated Optional provision.

12.7 This Agreement shall bind the Parties in accordance with the provisions hereof, and nothing herein shall be construed or interpreted as creating any rights in any person or entity not a signatory hereto, or as being a stipulation in favor of any such person or entity.

12.8 If contemporaneously with this Agreement becoming effective, or thereafter, any Party requests that any other Party execute an appropriate memorandum or notice of this Agreement in order to give third parties notice of record of same and submits same for execution in recordable form, such memorandum or notice shall be duly executed by the Party to which such request is made and delivered promptly thereafter to the Party making the request. On receipt, the Party making the request shall cause the memorandum or notice to be duly recorded in the appropriate real property or other records affecting the Balancing Area.

12.9 In the event federal tax regulations require a uniform method of computing taxable income by all Parties, the Parties agree to negotiate in good faith to develop such a uniform method that is in accordance with the requirement of said tax regulations.

13. ASSIGNMENT AND RIGHTS ON ASSIGNMENT

13.1 Subject to the provisions of Sections 13.2 (if elected) and 13.3 hereof, and notwithstanding anything in this Agreement or in the Operating Agreement to the contrary, if any Party assigns (including any sale, exchange or other transfer) any of its working interest in the Balancing Area when such Party is an Underproduced or Overproduced Party, the assignment or other act of transfer shall, insofar as the Parties hereto are concerned, include all interest of the assigning or transferring Party in the Gas, all rights to receive or obligations to provide or take Makeup Gas and all rights to receive or obligations to make any monetary payment which may ultimately be due hereunder, as applicable. Operator and each of the other Parties hereto shall thereafter treat the assignment accordingly, and the assigning or transferring Party shall look solely to its assignee or other transferee for any interest in the Gas or monetary payment that such Party may have or to which it may be entitled, and shall cause its assignee or other transferee to assume its obligations hereunder.

13.2 **Optional - Cash Settlement on Assignment** Notwithstanding anything in this Agreement (including but not limited to the provisions of Section 13.1 hereof) or in the Operating Agreement to the contrary, and subject to the provisions of Section 13.3 hereof, in the event an Overproduced Party intends to sell, assign, exchange or otherwise transfer any of its interest in a Balancing Area, such Overproduced Party shall notify in writing the other working interest owners who are Parties hereto in such Balancing Area of such fact at least sixty (60) days after closing the transaction. Such notice shall contain a preliminary gas settlement statement detailing the quantity of Overproduction owed by the Overproduced Party to each Underproduced Party and the value of such Overproduction, calculated in accordance with Section 7.4 and 7.6 hereof. Thereafter, any Underproduced Party may demand from such Overproduced Party in writing, within sixty (60) days after receipt of the Overproduced Party's notice, a cash settlement of its Underproduction from the Balancing Area. The Operator shall be notified of any such demand and of any cash settlement pursuant to this Section 13, and the Overproduction and Underproduction of each Party shall be adjusted accordingly. Any cash settlement pursuant to this Section 13 shall be paid by the Overproduced Party ~~on or before the earlier to occur (i) of sixty (60) days after receipt of the Underproduced Party's demand or (ii) within 120 days after the closing of the transaction in which the Overproduced Party sells, assigns, exchanges or otherwise transfers its interest in a Balancing Area on the same basis as otherwise set forth in~~

Sections 7.3 through 7.6 hereof, and shall bear interest at the rate set forth in Section 7.7 hereof, beginning ~~sixty (60) days~~ following the 121st day after closing of

after the Overproduced Party's sale, assignment, exchange or transfer of its interest in the Balancing Area for any amounts not paid. Provided, however, if any Underproduced Party does not so demand such cash settlement of its Underproduction from the Balancing Area, such Underproduced Party shall look exclusively to the assignee or other successor in interest of the Overproduced Party giving notice hereunder for the satisfaction of such Underproduced Party's Underproduction in accordance with the provisions of Section 13.1 hereof.

13.3 The provisions of this Section 13 shall not be applicable in the event any Party mortgages its interest or disposes of its interest by merger, reorganization, consolidation or sale of substantially all its assets to a subsidiary or parent company, or to any company in which any parent or subsidiary of such Party owns a majority of the stock of such company.

MEMORANDUM OF OPERATING AGREEMENT AND FINANCING STATEMENT

To be filed in the conveyance records and in the mortgage records and as a non-standard financing statement in accordance with Paragraph 6.0 herein.

- 1.0 This Memorandum of Operating Agreement and Financing Statement (this "Memorandum") is effective as of the effective date of the Operating Agreement referred to in Paragraph 2.0 below and is executed by the undersigned, duly authorized representative of [_____] (the "Operator"), and is executed by the undersigned, duly authorized representatives of [_____] , [_____] , [_____] , and [_____] (the "Non-Operators"). Operator and Non-Operators may be referred to herein individually as a "Party" and together as the "Parties".
- 2.0 The Operator and Non-Operators are Parties to that certain Operating Agreement effective _____, 20__ (the "Operating Agreement"), which Operating Agreement provides for the exploration, development and operation of the oil and gas leases described in Exhibit "A" of the Operating Agreement (hereinafter called the "Contract Area") and which designates [_____] , as the Operator, to conduct such operations for itself and the Non-Operators.
- 3.0 Among other provisions, the Operating Agreement (a) provides for certain liens, mortgages, pledges and security interests to secure payment by the Parties of their respective share of costs and other obligations under the Operating Agreement, (b) contains an Accounting Procedure, which establishes, among other things, interest to be charged on indebtedness, certain costs, and other expenses under the Operating Agreement at the rate set forth therein, and (c) includes non-consent clauses which establish that Parties who elect not to participate in certain operations shall (i) be deemed to have relinquished their interest in production until the carrying consenting Parties recover their costs of such operations plus a specified amount or (ii) forfeit their interest in certain Contract Area or portions thereof involved in such operations.
- 4.0 The Operator hereby certifies that a true and correct copy of the Operating Agreement is on file and is available for inspection by third parties at the offices of the Operator at the address set forth in this Memorandum.
- 5.0 In addition to any other security rights and remedies provided for by law with respect to services rendered or materials and equipment furnished under the Operating Agreement, for and in consideration of the covenants and mutual undertakings of the Operator and the Non-Operators set forth in the Operating Agreement, the Operator and the Non-Operators hereby agree as follows:
 - 5.1 To secure the performance of and payment by the Non-Operators of all obligations and indebtedness of the Non-Operators pursuant to the Operating Agreement, whether now

owed or hereafter arising, and to the extent susceptible under applicable law, the Non-Operators hereby grants to the Operator a mortgage, hypothec, and pledge of and over all of its rights, titles, and interests in and to (a) the Contract Area, (b) the oil and gas in, on, under, and that may be produced from the lands covered by the Contract Area, and (c) all other immovable property susceptible of mortgage situated within the Contract Area.

- 5.2 To secure the performance of and payment by the Non-Operators of all obligations and indebtedness of the Non-Operators pursuant to the Operating Agreement, whether now owed or hereafter arising, and to the extent susceptible under applicable law, the Non-Operators hereby grant to the Operator a continuing security interest in and to all of its rights, titles, interests, claims, general intangibles, proceeds, and products thereof, whether now existing or hereafter acquired, in and to (a) all oil and gas produced from the lands covered by the Contract Area or attributable to the Contract Area when produced, (b) all accounts receivable accruing or arising as a result of the sale of such oil and gas (including, without limitation, accounts arising from gas imbalances or from the sale of oil and gas at the wellhead), (c) all cash or other proceeds from the sale of such oil and gas once produced, and (d) all platforms, wells, facilities, fixtures, other corporeal property, whether movable or immovable, whether now or hereafter placed on the property covered by the Contract Area or maintained or used in connection with the ownership, use, or exploitation of the Contract Area, and other surface and sub-surface equipment of any kind or character located on or attributable to the Contract Area, and the cash or other proceeds realized from any sale, transfer, disposition or conversion thereof. The interest of the Non-Operators in and to the oil and gas produced from or attributable to the Contract Area when extracted and the accounts receivable accruing or arising as the result of the sale thereof shall be financed at the wellhead of the well or wells located on the Contract Area. To the extent permissible under applicable law, the security interest granted by the Non-Operators hereunder covers (i) all substitutions, replacements, and accessions to the property of the Non-Operators described herein and is intended to cover all of the rights, titles, and interests of the Non-Operators in all movable property now or hereafter located upon or used in connection with the Contract Area, whether corporeal or incorporeal, (ii) all rights under any gas balancing agreement, farmout rights, option farmout rights, acreage and cash contributions, and conversion rights of the Non-Operators in connection with the Contract Area, or the oil and gas produced from or attributable to the Contract Area, whether now owned or existing or hereafter acquired or arising, including, without limitation, all interests of the Non-Operators in any partnership, tax partnership, limited partnership, association, joint venture, or other entity or enterprise that holds, owns, or controls any interest in the Contract Area, and (iii) all rights, claims, general intangibles, and proceeds, whether now existing or hereafter acquired, of the Non-Operators in and to the contracts, agreements, permits, licenses, rights-of-way, and similar rights and privileges that relate to or are appurtenant to any of the Contract Area, including the following:

- (1) all rights, titles, and interests of the Non-Operators, whether now owned and existing or hereafter acquired or arising, in, to, and under or derived from any present or future operating, farmout, bidding, pooling, unitization, and communitization agreements, assignments, and subleases, whether or not described in Attachment "1," to the extent, and only to the extent, that such agreements, assignments, and subleases cover or include any of its rights, titles, and interests, whether now owned and existing or hereafter acquired or arising, in and to all or any portion of the Contract Area, and all units created by any such pooling, unitization, and communitization agreements, and all units formed under orders, regulations, rules, or other official acts of any governmental authority having jurisdiction, to the extent and only to the extent that such units cover or include all or any portion of the Contract Area;
 - (2) all rights, titles, and interests of the Non-Operators, whether now owned and existing or hereafter acquired or arising, in, to, and under or derived from all presently existing and future advance payment agreements, and oil, casinghead gas, and gas sales, exchange, and processing contracts and agreements, including, without limitation, those contracts and agreements that are described on Attachment "1" to the extent, and only to the extent, that those contracts and agreements cover or include all or any portion of the Contract Area; and
 - (3) all rights, titles, and interests of the Non-Operators, whether now owned and existing or hereafter acquired or arising, in, to, and under or derived from all existing and future permits, licenses, rights-of-way, and similar rights and privileges that relate to or are appurtenant to any of the Contract Area.
- 5.3 As applicable to the jurisdiction of operations under the Operating Agreement, this Memorandum (including a carbon, photographic, or other reproduction thereof and hereof) shall constitute a non-standard form of financing statement under the terms of Chapter 9 of the Louisiana Commercial Laws, La. R.S. 10:9-101 et seq. (the "Uniform Commercial Code," as adopted in the State of Louisiana) and, as such, for the purposes of the security interest in favor of the Operator, may be filed for record in the office of the Clerk of Court of any parish in the State of Louisiana and/or any county in the State of Texas, as applicable, with the Operator being the secured party and the Non-Operators being the debtors with respect to such filing.
- 5.4 The maximum amount for which the mortgage herein granted by the Non-Operators shall be deemed to secure the obligations and indebtedness of such Non-Operators to the Operator as stipulated herein is hereby fixed in an amount equal to Twenty-Five Million Dollars (\$25,000,000.00) (the "Limit of the Mortgage of the Non-Operators"). Except as provided in the previous sentence (and then only to the extent such limitations are required by law), the entire amount of obligations and indebtedness of the Non-Operators to the Operator is secured hereby without limitation. Notwithstanding the foregoing Limit of the Mortgage of the Non-Operators, the liability of the Non-Operators under this Memorandum and the mortgage and security interest granted hereby shall be limited to (and the Operator shall not be entitled to enforce the same against the Non-Operators for, an amount exceeding) the actual obligations and

indebtedness (including all interest charges, Costs, attorneys' fees, and other charges provided for in this Memorandum or in the Operating Agreement) outstanding and unpaid and that are attributable to or charged against the interest of the Non-Operators pursuant to the Operating Agreement.

- 5.5 To secure the performance of and payment by the Operator of all obligations and indebtedness of the Operator pursuant to the Operating Agreement, whether now owed or hereafter arising, and to the extent susceptible under applicable law, the Operator hereby grants to the Non-Operators a mortgage, hypothec, and pledge of and over all of its rights, titles, and interests in and to (a) the Contract Area, (b) the oil and gas in, on, under, and that may be produced from the lands included within the Contract Area, and (c) all other immovable property susceptible of mortgage situated within the Contract Area.
- 5.6 To secure the performance of and payment by the Operator of all obligations and indebtedness of the Operator pursuant to the Operating Agreement, whether now owed or hereafter arising, and to the extent susceptible under applicable law, the Operator hereby grants to the Non-Operators a continuing security interest in and to all of its rights, titles, interests, claims, general intangibles, proceeds, and products thereof, whether now existing or hereafter acquired, in and to (a) all oil and gas produced from the lands covered by the Contract Area or attributable to the Contract Area when produced, (b) all accounts receivable accruing or arising as a result of the sale of such oil and gas (including, without limitation, accounts arising from gas imbalances or from the sale of oil and gas at the wellhead), (c) all cash or other proceeds from the sale of such oil and gas once produced, and (d) all platforms, wells, facilities, fixtures, other corporeal property, whether movable or immovable, whether now or hereafter placed on the property covered by the Contract Area or maintained or used in connection with the ownership, use or exploitation of the Contract Area, and other surface and sub-surface equipment of any kind or character located on or attributable to the Contract Area and the cash or other proceeds realized from any sale, transfer, disposition or conversion thereof. The interest of the Operator in and to the oil and gas produced from or attributable to the Contract Area when extracted and the accounts receivable accruing or arising as the result of the sale thereof shall be financed at the wellhead of the well or wells located on the Contract Area. To the extent permissible under applicable law, the security interest granted by the Operator hereunder covers (a) all substitutions, replacements, and accessions to the property of the Operator described herein and is intended to cover all of the rights, titles and interests of the Operator in all movable property now or hereafter located upon or used in connection with the Contract Area, whether corporeal or incorporeal, (b) all rights under any gas balancing agreement, farmout rights, option farmout rights, acreage and cash contributions, and conversion rights of the Operator in connection with the Contract Area, or the oil and gas produced from or attributable to the Contract Area, whether now owned or existing or hereafter acquired or arising, including, without limitation, all interests of the Operator in any partnership, tax partnership, limited partnership, association, joint venture, or other entity or enterprise that holds, owns, or controls any interest in the

Contract Area, and (c) all rights, claims, general intangibles, and proceeds of the Operator, whether now existing or hereafter acquired, in and to the contracts, agreements, permits, licenses, rights-of-way, and similar rights and privileges that relate to or are appurtenant to any of the Contract Area, including the following:

- (i) all rights, titles, and interests of the Operator, whether now owned and existing or hereafter acquired or arising, in, to, and under or derived from any present or future operating, farmout, bidding, pooling, unitization, and communitization agreements, assignments, and subleases, whether or not described in Attachment "1," to the extent, and only to the extent, that such agreements, assignments, and subleases cover or include any of its rights, titles, and interests, whether now owned and existing or hereafter acquired or arising, in and to all or any portion of the Contract Area, and all units created by any such pooling, unitization, and communitization agreements and all units formed under orders, regulations, rules, or other official acts of any governmental authority having jurisdiction, to the extent and only to the extent that such units cover or include all or any portion of the Contract Area;
- (ii) all rights, titles, and interests of the Operator, whether now owned and existing or hereafter acquired or arising, in, to, and under or derived from all presently existing and future advance payment agreements, and oil, casinghead gas, and gas sales, exchange, and processing contracts and agreements, including, without limitation, those contracts and agreements that are described on Attachment "1" to the extent, and only to the extent, that those contracts and agreements cover or include all or any portion of the Contract Area; and
- (iii) all rights, titles, and interests of the Operator, whether now owned and existing or hereafter acquired or arising, in, to, and under or derived from all existing and future permits, licenses, rights-of-way, and similar rights and privileges that relate to or are appurtenant to any of the Contract Area.

5.7 For the purposes of the security interest in favor of the Non-Operators, this Memorandum (including a carbon, photographic, or other reproduction thereof and hereof) may be filed as a non-standard form of financing statement pursuant to the Uniform Commercial Code in the office of the Clerk of Court of any parish in the State of Louisiana and/or any county in the State of Texas, as applicable, with the Non-Operators being the secured Party and the Operator being the debtor with respect to such filing.

5.8 The maximum amount for which the mortgage herein granted shall be deemed to secure the obligations and indebtedness of the Operator to the Non-Operators as stipulated herein is hereby fixed in an amount equal to Twenty-Five Million Dollars (\$25,000,000.00) in the aggregate (the "Limit of the Mortgage of the Operator"), irrespective of the total number of Non-Operators party to the Operating Agreement at any time. Except as provided in the previous sentence (and then only to the extent such limitations are required by law), the entire amount of obligations and indebtedness of the Operator to the Non-Operators is secured hereby without limitation.

Notwithstanding the foregoing Limit of the Mortgage of the Operator, the liability of the Operator under this Memorandum and the mortgage and security interest granted hereby shall be limited to (and the Non-Operators shall not be entitled to enforce the same against Operator for, an amount exceeding) the actual obligations and indebtedness (including all interest charges, Costs, attorneys' fees, and other charges provided for in this Memorandum or in the Operating Agreement) outstanding and unpaid and that are attributable to or charged against the interest of the Operator pursuant to the Operating Agreement.

- 6.0 As applicable to the jurisdiction of operations under the Operating Agreement, to serve as notice of the existence of the Operating Agreement as a burden on the title of the Operator and the Non-Operators to their interests in and to the Contract Area, and for purposes of satisfying otherwise relevant recording and filing requirements of applicable law, this Memorandum is to be filed or recorded, as the case may be, in (a) the conveyance records of the parish or parishes in which the lands included within the Contract Area are located or adjacent pursuant to La. R.S. 9:2731 et seq., and/or the conveyance records of the county or counties in which the lands included in the Contract Area or located or adjacent (b) the mortgage records of such parish or parishes and/or county or counties, and (c) the appropriate Uniform Commercial Code records. All parties to the Operating Agreement are identified on Attachment "1" hereto.
- 7.0 If performance of any obligation under the Operating Agreement or payment of any indebtedness created thereunder does not occur or is not made when due under the Operating Agreement or upon default of any covenant or condition of the Operating Agreement, in addition to any other remedy afforded by law, each Party to the Operating Agreement and any successor to such Party by assignment, operation of law, or otherwise, shall have, and is hereby given and vested with, the power and authority to foreclose the mortgage, pledge, and security interest established in its favor herein and in the Operating Agreement in the manner provided by law and to exercise all rights of a secured Party under the Uniform Commercial Code. If the Non-Operators do not pay its indebtedness or perform its obligations under the Operating Agreement when due, the Operator shall have the additional right to notify the purchaser or purchasers of the Non-Operator's production and collect such indebtedness out of the proceeds from the sale of the Non-Operator's share of production until the amount owed has been paid. The Operator shall have the right to offset the amount owed against the proceeds from the sale of the Non-Operator's share of production. Any purchaser of such production shall be entitled to rely on the Operator's statement concerning the amount of indebtedness owed by the Non-Operators and payment made to the Operator by any purchaser shall be binding and conclusive as between such purchaser and the Non-Operators.
- 8.0 Upon expiration of the Operating Agreement and the satisfaction of all obligations and indebtedness arising thereunder, the Operator, on behalf of all parties to the Operating Agreement, shall file of record an appropriate release and termination of all security and other rights created under the Operating Agreement and this Memorandum executed by all Parties to the Operating Agreement. Upon the filing of such release and termination instrument, all benefits and obligations under this Memorandum shall terminate as to all Parties who have executed or ratified this Memorandum. In addition, at any time prior to the filing of such

release and termination instrument, each of the Operator and the Non-Operators shall have the right to (i) file a continuation statement pursuant to the Uniform Commercial Code with respect to any financing statement filed in their favor under the terms of this Memorandum and (ii) reinscribe this act in the appropriate mortgage records.

- 9.0 It is understood and agreed by the Parties hereto that if any part, term, or provision of this Memorandum is held by the courts to be illegal or in conflict with any law of the state where made, the validity of the remaining portions or provisions shall not be affected, and the rights and obligations of the Parties shall be construed and enforced as if the Memorandum did not contain the particular part, term, or provision held to be invalid.
- 10.0 This Memorandum shall be binding upon and shall inure to the benefit of the Parties hereto and their respective legal representatives, successors and permitted assigns. The failure of one or more persons owning an interest in the Contract Area to execute this Memorandum shall not in any manner affect the validity of the Memorandum as to those persons who execute this Memorandum.
- 11.0 A party having an interest in the Contract Area may ratify this Memorandum by execution and delivery of an instrument of ratification, adopting and entering into this Memorandum, and such ratification shall have the same effect as if the ratifying party had executed this Memorandum or a counterpart thereof. By execution or ratification of this Memorandum, such party hereby consents to its ratification and adoption by any party who acquires or may acquire any interest in the Contract Area.
- 12.0 This Memorandum may be executed or ratified in one or more counterparts and all of the executed or ratified counterparts shall together constitute one instrument. For purposes of recording in each of the records described in Paragraph 6 above, duplicate copies of this Memorandum with individual signature pages attached thereto may be filed of record, one copy of each to be indexed in the name of the Operator, as grantor, and one copy of each to be indexed in the name of the Non-Operators, as grantor, and duplicate copies of this Memorandum with individual signature pages attached thereto may be filed in the appropriate Uniform Commercial Code records, one filing for the Operator, as secured Party, and another filing for the Non-Operators, as secured Party. The respective addresses of the Operator, as both secured Party and debtor, and the Non-Operators, as both debtor and secured Party, at which information with respect to the security interests created in the Operating Agreement may be obtained, are set forth in Paragraph 1.0 of this Memorandum.
- 13.0 The Operator and the Non-Operators hereby agree to execute, acknowledge and deliver or cause to be executed, acknowledged and delivered, any instrument or take any action necessary or appropriate to effectuate the terms of the Operating Agreement or any Exhibit, instrument, certificate or other document pursuant thereto.
- 14.0 Whenever the context requires, reference herein made to the single number shall be understood to include the plural, and the plural shall likewise be understood to include the singular, and specific enumeration shall not exclude the general, but shall be construed as cumulative.

For the purposes of the preceding sentence, only a new lease or other determinable property interest that covers the same interest (or any part thereof) covered by a prior lease or property interest, and which is acquired within twelve (12) months after the expiration, termination, or release of such prior lease or property interest, shall be treated as a renewal or extension of such prior lease or property interest.

Section 2.5. Termination of a Subject Interest. In the event any particular Subject Interest (or portion thereof, as applicable) should by its terms terminate and not be extended, renewed, or replaced, the NPI shall no longer apply to that particular Subject Interest (or such portion thereof, as applicable), but the NPI shall remain in full force and effect and undiminished as to all remaining Subject Interests, if any, (and the remaining portion of such Subject Interest, as applicable); provided, however, that, notwithstanding such termination, any costs and expenses attributable to such Subject Interest (or portion thereof, as applicable) that are otherwise eligible to be debited from the Net Profits Account shall continue to be debited pursuant to the provisions of Article III.

Section 2.6. Pooling, Communitization and Unitization. Grantor shall have the right and power to unitize, communitize or pool, on a voluntary basis, any portion or portions of the Subject Interests without the express written consent of NPI Owner. Section 3.5. Accounting.

(a) By the end of the second Month after each Production Period, a calculation of Net Profits or Net Deficit shall then be made by Grantor with respect to the NPI for such Production Period by deducting (i) the result of (A) the total debits properly made to the Net Profits Account during such Production Period pursuant to Section 3.3, *plus* (B) the Net Deficit carried forward from the prior Production Period (as determined under Section 3.5(c)), if any, *minus* (C) the total debit reductions properly made to the Net Profits Account during such Production Period pursuant to Section 3.4; *from* (ii) the results of (A) total credits properly made to the Net Profits Account for Subject Hydrocarbons produced during such Production Period pursuant to Section 3.2, *plus* (B) total credits properly made to the Net Profits Account total credits for Subject Hydrocarbons produced during any prior Production Period, to the extent the applicable credit was not actually received by or credited to Grantor until after the Application Date for such prior Production Period or was not otherwise allocated to the Net Profits Account for a prior Production Period; provided that if the result of the calculation under (i) is a negative number, then the absolute value of such

amount shall be deemed a “Prior Period Debit Reduction” and carried forward into the next Production Period under Section 3.4.

(b) If the computation made in accordance with Section 3.5(a) results in a positive amount with respect to a Production Period (the “Net Profits”), then (i) that positive amount shall be subtracted from the balance of the Net Profits Account to cause the Net Profits Account to have a zero balance immediately following the end of such Production Period, (ii) that positive amount shall be multiplied by the NPI Percentage to determine the NPI payable with respect to such Production Period, and (iii) the product resulting from the calculations in (ii) above shall be payable to NPI Owner, as specified in Section 4.1 (the “NPI Payment”).

(c) If the computation made in accordance with Section 3.5(a) results in a negative amount with respect to a Production Period, the negative sum shall be deemed the “Net Deficit.” Any Net Deficit shall be carried forward as a debit to the Net Profits Account for the following Production Period. If there is a Net Deficit with respect to the Net Profits Account at the end of any Production Period, no payments shall be made to NPI Owner in respect of the NPI. For the avoidance of doubt, NPI Owner shall never be liable to make any payment to Grantor in respect of the Net Deficit.

Section 3.6. Monthly Statements. On or before the last day of the second Month following each Production Period, beginning with the first Production Period after the Closing Date, Grantor shall furnish to NPI Owner a detailed statement (a “Monthly Statement”) (a) identifying the balance (if any) of the Net Profits Account as of the close of business on the last day of the preceding Production Period, (b) identifying (with sufficient description so that NPI Owner can identify such items and the particular Subject Interest involved) those items which gave rise to debits and credits to the Net Profits Account during such Production Period and (c) identifying, with respect to each Subject Interest, the volumes of Subject Hydrocarbons both produced and sold therefrom during the Production Period covered by such Monthly Statement, the prices at which such volumes were sold, and the Taxes paid with respect to such sales. Any Net Deficit reflected by any Monthly Statement shall be carried forward and used in the calculation of Net Profits Account for the next and succeeding Production Periods until such Net Deficit has been eliminated and liquidated. As more particularly described in Section 3.5(b), NPI Payments shall be made to NPI Owner in accordance with Section 4.1 when a Net Profit is reflected by any Monthly Statement.

Section 3.7. Overpayments. If at any time Grantor pays NPI Owner more than the amount then due with respect to the NPI to NPI Owner, NPI Owner shall not be obligated to return any such overpayment to Grantor, but the amount or amounts otherwise payable for any subsequent period or periods shall be reduced by such overpayment, unless such overpayment is disputed by NPI Owner, in which case Grantor shall not reduce any future payment by the amount of the disputed overpayment until such dispute is resolved.

Section 3.8. Past Due Payments. Any amount not paid by Grantor to NPI Owner with respect to the NPI when due shall bear, and Grantor hereby agrees to pay, interest at a rate equal to the Fixed Rate, from the due date until such amount has been paid.

Section 4.1. NPI Payments. Grantor shall pay to NPI Owner the NPI Payment attributable to each Production Period in immediately available U.S. funds on or before the Application Date for such Production Period. NPI Owner and Grantor agree that all NPI Payments or other payments required to be made to NPI Owner hereunder shall be paid via wire transfer, or other agreed means, of immediately available funds to the Escrow Account and NPI Owner agrees that all funds in the Escrow Account will be used in accordance with the terms of the Omnibus Agreement and the Escrow Agreement without any further notice, consent or action to or from NPI Owner.

Grantor shall have the obligation to prudently market, or cause to be prudently marketed, the Subject Hydrocarbons in arm's-length transactions with reputable purchasers who are not Affiliates. Grantor shall duly and prudently perform all obligations performable by it under any arrangements by which Subject Hydrocarbons are sold or otherwise marketed, and shall take all appropriate measures to enforce the performance under each such arrangement of the obligations of the other parties thereto.

Section 4.3. Audit and Inspection Rights. NPI Owner shall have the right from time to time to audit the books and records of Grantor with respect to the Subject Interests and the Subject Hydrocarbons, including all information with respect to the matters to be reported on by Grantor as provided herein, and Grantor shall, within thirty (30) days after being invoiced therefor, pay (or reimburse NPI Owner for) the costs and expenses of one (but no more than one) such audit during each calendar year. Such audits shall be conducted by NPI Owner so as to result in a minimum disruption in the ongoing business and affairs of Grantor and shall be conducted during normal business hours at Grantor's offices or at the offices where Grantor maintains the records relating to the items set forth above. If, as a result of any such audit, it is determined that any amount is due NPI Owner as a result of the failure of Grantor to properly pay the full amount of any NPI Payment that is required to be made hereunder, Grantor shall pay NPI Owner the value (as reasonably determined by NPI Owner) of the proceeds which Grantor failed to remit, together with interest at the Fixed Rate from the date that such amount should have been delivered or paid in accordance with the terms of this Conveyance to the date of payment. If, as a result of any such audit, it is determined that any amount is due Grantor as a result of overpayment by Grantor, such overpayment shall be resolved in accordance with Section 3.7.

ARTICLE V
OPERATIONAL MATTERS

Section 5.1. Operations. Grantor shall conduct and carry on, or cause to be conducted and carried on, the maintenance and operation of the Subject Interests as a Reasonably Prudent Operator operating in the Outer Continental Shelf of the Gulf of Mexico without regard to the burden of the NPI. Without limitation of the foregoing, Grantor, without regard to the burden of the NPI, (a) shall maintain and operate the Subject Interests in accordance with all applicable Laws in all material respects, including Environmental Laws and (b) pay promptly as and when due and payable by Grantor (i) all royalties and other lease burdens with respect to the Subject Interests or Subject Hydrocarbons (or necessary to maintain the Subject Interests in full force and effect), (ii)

all Taxes which may be imposed on the Subject Interests or the Subject Hydrocarbons, and (iii) all costs and expenses of maintenance and operation of the Subject Interests. Decisions with regard to the conduct of operations, including, with respect to the election to shut-in, abandon or make a non-consent election on any well located or proposed to be located on the Subject Interests, will be made by Grantor without regard to the burden of the NPI. As to any portions of the Subject Interests, if any, as to which Grantor is not the operator, Grantor shall take all such action and exercise all such rights and remedies as are legally and reasonably available to it to cause the operator to so develop, maintain and operate such portions of the Subject Interests (*provided* that Grantor shall never be obligated to pay any costs or expenses attributable to any interest other than the Subject Interests and all royalties related thereto) but shall not be deemed to be in violation of any of its covenants or agreements hereunder in the event that such operator fails to do so. It is expressly understood that the powers given to Grantor in this Section 5.1 shall include the power of Grantor to elect to participate, or not participate, in drilling, reworking, plugging back, deepening, sidetracking or completing of a well, or in other operations (including, but not limited to, operations in connection with secondary and/or tertiary recovery) proposed to be conducted on the Subject Interests.

Section 5.2. Title. Grantor hereby binds itself to WARRANT and FOREVER DEFEND all and singular title to the NPI unto NPI Owner, its successors and permitted assigns, against every Person lawfully claiming or to claim the same or any part thereof by, through or under Grantor, but not otherwise.

Grantor agrees to use commercially reasonable efforts to maintain the oil, gas or mineral leases, contracts, servitudes, fees, deeds, and other agreements forming a part of the Subject Interests producing as of the Closing Date, to the extent the same cover or otherwise relate to the Subject Interests, in full force and effect to the extent a Reasonably Prudent Operator, without giving effect to the burden of the NPI or this Conveyance, would do so.

Section 5.4. Abandonment. Subject to Section 5.3, Grantor shall have the right without the joinder of NPI Owner to release, surrender and/or abandon its interest in the Subject Interests, or any part thereof, or interest therein even though the effect of such release, surrender or abandonment will be to release, surrender or abandon the NPI the same as though NPI Owner had joined therein insofar as the NPI covers the Subject Interests, or any part thereof or interest therein, so released, surrendered or abandoned by Grantor. Grantor shall have an unequivocal right to abandon the Subject Interests, or any part thereof, if such abandonment is necessary for health, safety or environmental reasons or if the Subject Hydrocarbons cannot be produced in a manner sufficient to cover operating expenses.

Section 5.5. Compliance with Laws. Grantor will not cause or permit the Subject Lands or Grantor to be in violation of any Environmental Laws or other Laws with respect to the Subject Lands.

Section 5.6. Non-consent Operations. If Grantor elects to be a non-participating party with respect to any drilling, deepening, plugging back, reworking, sidetracking or completion (or other) operation on any Subject Interest or elects to be an abandoning party with respect to a Subject Well, the consequence of which election is that Grantor's interest in such Subject Interest

or part thereof is temporarily (i.e., during a recoupment period) or permanently forfeited to the parties participating in such operations, or electing not to abandon such well, then the costs and proceeds attributable to such forfeited interest shall not, for the period of such forfeiture (which may be a continuous and permanent period), be debited or credited to the Net Profits Account and such forfeited interest shall not, for the period of such forfeiture, be subject to the NPI.

No permitted change of ownership of the NPI shall be binding upon Grantor, however, until Grantor is furnished with copies of the documents evidencing such change. Each Person comprising NPI Owner may exercise the rights of NPI Owner attributable to its percentage share. (c) **THE FOREGOING INDEMNITY WILL APPLY WHETHER OR NOT ARISING OUT OF THE SOLE, JOINT OR CONCURRENT NEGLIGENCE, FAULT OR STRICT LIABILITY OF ANY NPI OWNER INDEMNITEE, ANY PERSON THAT IS PART OF GRANTOR, OR ANY OTHER PERSON, AND WILL APPLY, WITHOUT LIMITATION, TO ANY LIABILITY IMPOSED UPON ANY NPI OWNER INDEMNITEE, ANY PERSON THAT IS PART OF GRANTOR, OR ANY OTHER PERSON AS A RESULT OF ANY THEORY OF STRICT LIABILITY OR ANY OTHER DOCTRINE OF LAW,** *provided* that the foregoing indemnity will not apply to any Losses incurred by any NPI Owner Indemnatee to the extent arising from or proximately caused by the gross negligence or willful misconduct of such NPI Owner Indemnatee. The rights of the NPI Owner Indemnitees under this Section 7.9 will survive any termination of this Conveyance and will be in addition to, and not in replacement or limitation of, all other indemnities, reimbursement rights, and other similar rights and assurances at any time made by Grantor for the benefit of any NPI Owner Indemnatee.

Section 7.10. No Partition. Grantor and NPI Owner acknowledge that neither has any right or interest that would permit it to partition any portion of the Subject Interests as against the other, and each waives any such right.

Section 7.11. Disclaimer. EXCEPT AS SET FORTH IN SECTION 5.2, GRANTOR MAKES THIS CONVEYANCE AND ASSIGNS THE NPI WITHOUT RECOURSE, COVENANT OR WARRANTY OF TITLE OF ANY KIND, EXPRESS, IMPLIED OR STATUTORY. Each of the Debtors, Eni and, following execution of a Joinder, Credit Bid Purchaser and FWE III, may be referred to as a “**Party**” and, collectively, the “**Parties**”. Capitalized terms used but not defined herein shall have the meanings ascribed to them in the Plan (as defined below).

RECITALS

WHEREAS, on May 12, 2021, the Debtors and Eni executed a letter agreement whereby each of Eni and FWE agreed (i) to work to implement the terms of the Eni Term Sheet and (ii) negotiate the definitive documents described therein in good faith and in accordance with the terms of the Eni Term Sheet (the “**Eni Definitive Documents**”);

WHEREAS, commencing on August 3, 2020 (the “**Petition Date**”), the Debtors each filed with the United States Bankruptcy Court for the Southern District of Texas (the “**Bankruptcy Court**”) a voluntary case under chapter 11 of title 11 of the United States Code (the “**Bankruptcy Code**”);

WHEREAS, the Bankruptcy Court established November 25, 2020 at 5:00 p.m. (Central Time) as the deadline for creditors, other than governmental entities, to file proofs of claim against any of the Debtors (the “**Bar Date**”);

WHEREAS, Eni and its affiliates have asserted claims against certain of the Debtors that are described in proofs of claim numbered 461, 462, 468, 497, 498, 500, 601, and 693 (collectively, the “**Eni Claims**”);

¹ Capitalized terms used but not defined herein shall have the meanings ascribed to them in the Plan.

set forth therein) that were previously conveyed to the Debtors by Eni and certain of its affiliates (the “**Eni Term Sheet**”);

WHEREAS, FWE will survive the Initial Plan of Merger contemplated by the Plan as FWE III; and

WHEREAS, the interests of the Debtors in the oil and gas leases set forth on **Exhibit C** (the “**Specified Interests**”) and certain related rights-of-way and rights-of-use, as well as related facilities (including wells, pipelines and other structures) to the extent they were previously conveyed to the Debtors by Eni and certain of its affiliates (collectively, the “**Specified Assets**”) shall be abandoned pursuant to the Plan.

NOW, THEREFORE, in consideration of the mutual covenants and agreements set forth in this Agreement, and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the Parties, intending to be legally bound, agree as follows:

1. **Eni Definitive Documents.** The documents below comprise the Eni Definitive Documents as contemplated in the Eni Term Sheet:

a. *Turnkey Removal Agreement.* Annexed hereto as **Exhibit B** (the “**Turnkey Removal Agreement**”).

2. **Execution of Eni Definitive Documents; Good Faith Cooperation.**

a. Each Party agrees, and Eni expressly acknowledges, that the Debtors and Eni have satisfied the requirements under the Eni Term Sheet to negotiate mutually agreeable Eni Definitive Documents by the relevant deadlines set forth therein. Each Party agrees to negotiate any exhibits, amendments, modifications or supplements to the Eni Definitive Documents in good faith and to exercise commercially reasonable efforts with respect to the negotiation, pursuit, approval, execution, delivery, implementation, and consummation of the Eni Definitive Documents. The

Parties may, by mutual agreement, amend, modify, or supplement this Agreement and/or the forms of the Eni Definitive Documents attached hereto or negotiate to add additional documents to the list of Eni Definitive Documents, consistent with the terms and conditions herein, in the Turnkey Removal Agreement, and subject to the applicable consent rights under the Restructuring Support Agreement. Subject to the immediately preceding sentence, FWE III and Eni shall execute and deliver the Eni Definitive Documents, and Credit Bid Purchaser and FWE III shall each execute and deliver a Joinder to this Agreement in the form attached as **Exhibit D** and **E** (the “**Joinders**”), in each case, on the Effective Date of the Plan (and, for the avoidance of doubt, after the consummation of the transactions contemplated by the Credit Bid Purchase Agreement and the Divisive Merger pursuant to the Initial Plan of Merger) (the “**Credit Bid Transaction Closing**”).

b. Each Party agrees to use commercially reasonable efforts to obtain and/or execute and deliver all instruments, forms, applications, certifications, reports, permits, and filings required by federal or state authorities (including, for example, any BOEM or BSEE designation of operator forms and designated applicant Oil Spill Financial Responsibility (“**OSFR**”) form designations and any other instruments, forms, applications, certifications, plans, reports and filings required by BOEM, BSEE, EPA, the U.S. Coast Guard or other applicable federal or state authorities) that are necessary for FWE III to perform its obligations pursuant to the Eni Definitive Documents. On the Effective Date, the Debtors shall fund such premiums as are required to maintain the organizational or area-wide bonds applicable to FWE III.

3. Support of the Plan. Eni agrees not to file any objections to the Plan or to support any other party, directly or indirectly, in objecting to or opposing the Plan and agrees it will support confirmation of the Plan.

4. **Plan and Confirmation Order.** The Confirmation Order and any amendment to the Plan must be reasonably acceptable to Eni solely with respect to any provisions thereof that directly affect the rights and obligations of Eni in the Eni Definitive Documents as contemplated by the Eni Term Sheet; *provided* that, for the avoidance of doubt, the Plan and Confirmation Order shall be subject to the applicable consent rights set forth in the Restructuring Support Agreement. To facilitate the implementation of the Eni Term Sheet and the Eni Definitive Documents pursuant to the Plan as contemplated in the Eni Term Sheet, the Parties agree that any order of the Bankruptcy Court confirming the Plan (the “**Confirmation Order**”) shall provide for the following:

a. On the Effective Date, FWE shall have withdrawn as operator of the Specified Assets immediately prior to their abandonment pursuant to the Plan.

b. On the Effective Date, FWE III shall reimburse Eni for reasonable and documented legal fees and expenses incurred in connection with the Chapter 11 Cases in the amount of \$1.5 million. Additionally, on the Effective Date, FWE III shall pay \$3 million in cash to Eni to be used in connection with Actual Decommissioning Costs (as defined in the Turnkey Removal Agreement) not covered by the proceeds of Performance Bond No. 2196705 by and between Fieldwood Energy Offshore LLC (“**FEO**”) as Principal, North American Specialty Insurance Company (“**NAS**”) as Surety, and Eni as Obligee (the “**NAS Bond**”).

c. On the Effective Date, FWE III shall provide for the payment of any and all documentary, filing, recording, stamp, and registration fees, costs, and expenses incurred in connection with any required filing of record by or on behalf of FWE III of any instrument or instruments with the appropriate records office of any county, parish, state, federal, or other governmental unit (including BOEM) that may be required in connection with the FWE III Plan

of Merger as it relates to the Specified Assets or incurred in connection with the satisfaction of the Regulatory Condition (collectively, the “**Implementation Costs**”).

d. Immediately upon the occurrence of the Effective Date, FEO’s interests in the Specified Assets shall be abandoned by FEO pursuant to section 554(a) of the Bankruptcy Code, the Plan, and the Confirmation Order. For the avoidance of doubt, upon abandonment of the Specified Assets, no funds shall have been allocated to FEO to perform or satisfy any plugging, abandonment, or decommissioning obligations associated with the Specified Assets and FEO acknowledges it will be in default of such decommissioning obligations. Any Debtor which previously owned or operated a Specified Asset shall appoint FWE III as its agent to perform the Agreed Activities (as defined in the Turnkey Removal Agreement) and the Initial Safe Out (as defined in the Turnkey Removal Agreement) work, and, subject to the commencement triggers set forth in the Turnkey Removal Agreement, FWE III shall be authorized and empowered by Eni to be its decommissioning agent in relation to the Specified Assets.

e. On the Effective Date, except for the rights and remedies of Eni to enforce (i) the Plan, (ii) the Confirmation Order, and (iii) the obligations contemplated by the Eni Definitive Documents, Eni shall be deemed a Releasing Party (without submitting a ballot(s) to accept the Plan) against all Released Parties other than FEO and its Estate under the Plan for all purposes thereunder, and shall waive and release any and all pre-Effective Date claims of any kind against the Debtors, their Estates and any other Released Party, other than FEO and its Estate, including, without limitation, the Eni Claims and any claims for administrative expense under sections 503(b) or 507(a)(2) of the Bankruptcy Code; *provided, however*, that, upon the occurrence of (i) the Effective Date and (ii) effectiveness of the Eni Definitive Documents, notwithstanding this Section 4(e), Eni shall be deemed to have an Allowed Class 6B General Unsecured Claim in an amount

equal to the aggregate sum of the Eni Net Turnkey Amounts for the Decommissioning Projects (each as defined in the Turnkey Removal Agreement). Except as otherwise provided for hereunder with respect to the Released Parties (under and as defined in the Plan other than Apache and FEO and its Estate), nothing herein shall affect or be deemed to restrict or limit Eni's claims for or rights to seek payments or contribution from current or prior working interest owners, predecessors, co-owners and/or operators, or from any other parties that are contractually, legally, regulatorily or equitably liable for decommissioning or related obligations, including obligations under surety bonds, letters of credit or other instruments relating thereto, with respect to the Specified Assets. For the avoidance of doubt, the Eni Definitive Documents shall be included within the definition of Additional Predecessor Agreement Documents provided in the Plan.

f. On the Effective Date, except for the rights and remedies to enforce (i) the Plan, (ii) the Confirmation Order, and (iii) the obligations contemplated by this Agreement or the Eni Definitive Documents, the Debtors shall waive and release any and all pre-Effective Date claims of any kind against Eni (including, for the avoidance of doubt, each of Eni's affiliates and each of their and their affiliates' current and former directors, managers, officers, equity holders, predecessors, successors, and assigns, subsidiaries, and each of their current and former officers, members, managers, directors, equity holders, principals, members, employees, or other agents, in each case, in their capacities as such), in all circumstances only to the extent such claims accrued on or prior to the Effective Date.

g. All rights of Eni with respect to bonds and letters of credit constituting security for the decommissioning of the assets associated with the Specified Assets shall be reserved as against such bonding companies and letter of credit issuers in all respects. The Debtors shall not terminate

any bonds issued on behalf of the Debtors relating to such Specified Assets under which any federal, state or local governmental entity is an obligee.

h. The Bankruptcy Court (i) approves the Eni Definitive Documents and all transactions contemplated by this Agreement and all actions to be taken, undertakings to be made, and obligations to be incurred by the parties thereto; (ii) following the consummation of the Initial Plan of Merger, authorizes FWE III, without further notice to or action, order, or approval of this Bankruptcy Court and without the need for any further corporate or shareholder action, to enter into, deliver, and fully perform their obligations under the Eni Definitive Documents; and (iii) finds that the parties' entry into the Eni Definitive Documents and the implementation of the transactions contemplated therein shall not impair Eni's right and ability to draw on Performance Bond No. 2196705 by and between FEO as Principal, NAS as Surety, and Eni as Obligee, and shall not impair NAS's defenses to such draw. Upon entry of the Confirmation Order, FWE III shall be authorized and empowered, without further approval of the Bankruptcy Court or any other party, to take such actions and perform such acts as may be necessary, convenient, desirable, or appropriate to execute and deliver the Eni Definitive Documents in accordance with the Plan and Confirmation Order and to execute and deliver all documents relating thereto and to perform all of their obligations thereunder. On the Effective Date, the Eni Definitive Documents shall constitute legal, valid, binding, and authorized obligations of FWE III enforceable in accordance with their terms, and such obligations of FWE III shall not be enjoined or subject to discharge, impairment, release, avoidance, recharacterization, or subordination by FWE III, the Post-Effective Date Debtors, or the Plan Administrator, under applicable law, the Plan, or the Confirmation Order.

5. **Right of First Offer; ORRI; Notice of Sale.**

a. To the extent that, in connection with the resolution of any other predecessor-in-interest's decommissioning claims against the Debtors, any such predecessor-in-interest is granted (or Credit Bid Purchaser agrees to grant to such predecessor-in-interest) a right of first offer, right of first refusal, or similar preferential purchase right in connection with any assets to be transferred to Credit Bid Purchaser pursuant to the Plan (such assets, collectively, the "**Credit Bid Purchaser Assets**"), Credit Bid Purchaser shall grant Eni rights that are substantially similar with respect to the Credit Bid Purchaser Assets.

b. To the extent that, in connection with the resolution of any other predecessor-in-interest's decommissioning claims against the Debtors, any other predecessor-in-interest is granted (or Credit Bid Purchaser agrees to grant to such predecessor-in-interest) an overriding royalty interest or similar future interest in Credit Bid Purchaser's production from any of the Credit Bid Purchaser Assets in connection with the decommissioning of any predecessor-in-interest's prior assets, Credit Bid Purchaser shall grant Eni a similar and proportionate overriding royalty interest burdening such Credit Bid Purchaser Assets in connection with Eni's turnkey removal payments.

c. After the Effective Date of the Plan, in the event that Credit Bid Purchaser desires to sell, transfer or otherwise dispose of any portion of Credit Bid Purchaser Assets pursuant to the Plan through a sale process that has been publicly announced utilizing a third party agent, investment bank, or similar service approaching multiple potential purchasers, Credit Bid

Purchaser shall use commercially reasonable efforts to cause such agent or investment bank to provide Eni with written notice and an opportunity to participate in any related sales process.

6. FWE III Governance and Operations.

a. FWE III shall, from and after the Effective Date, prepare and furnish to Eni the following reports which, in each case, will be limited to relate solely to the Specified Assets and the Eni Definitive Documents:

- (i) Annual Financial Statements. As soon as available, and in any event within 105 days after the end of each fiscal year of FWE III, its unaudited consolidated balance sheet and related consolidated statements of operations, members' equity and cash flows as of the end of and for such year.
- (ii) Quarterly Financial Statements. As soon as available, and in any event within 60 days after the end of each quarterly accounting period in each fiscal year of FWE III (including the last fiscal quarter of such fiscal year), its unaudited consolidated balance sheet and related unaudited consolidated statements of operations, members' equity and cash flows as of the end of and for such fiscal quarter and the then elapsed portion of the current fiscal year.
- (iii) Monthly Operating Data. As soon as available, but in no event later than 45 days after the end of each calendar month, a statement showing monthly operating data for FWE III, including operating expenses and revenue for each of FWE III, for such calendar month.

b. FWE III will use reasonable efforts to seek to obtain reimbursement and/or contribution for decommissioning activity relating to the Specified Assets that is available under contract or applicable law, including any other record title and/or operating rights interest holders

and predecessors-in-interest other than Eni to the extent practicable and available surety bonding, including available surety bonding for which Eni is the beneficiary; *provided* that, for the avoidance of doubt, FWE III shall not be required to incur any out-of-pocket costs or obligations in connection with such efforts, unless such costs or obligations are reimbursed by Eni.

c. FWE III shall obtain the written consent of Eni (not to be unreasonably withheld) prior to agreeing to a settlement agreement and/or initiating dispute resolution or other formal settlement negotiation proceedings(s) with respect to obtaining contributions from other record title and/or operating rights interest holders and predecessors-in-interest for decommissioning or funds from surety bonds for decommissioning, in each case, with respect to the Specified Assets.

7. **Temporary Abandoned Wells and Excluded Wells.**

a. Reference is made to that certain Purchase and Sale Agreement by and among Eni and Eni US Operating Co. Inc., as Seller, and FEO, a Purchaser, dated as of December 1, 2015 (the “**Comal PSA**”). Defined terms used in this Section 7 that are not otherwise defined in this Agreement will have the meanings ascribed to such terms in the Comal PSA (and, for the avoidance of doubt, such definition will not be affected by the termination, or rejection in connection with the Chapter 11 Cases, of the Comal PSA). As used herein, the term “**Temporary Abandoned Well**” or “**Temporary Abandoned Wells**” means individually any of, or collectively those Wells listed on Exhibit G and the term “**Excluded Wells**” means all wells which are located on the Lands that are permanently Plugged, Abandoned, and Decommissioned as of the Closing Date, including without limitation, those listed on Exhibit F. As used herein, and as was defined in the Comal PSA, the term “**Well Intervention Work**” shall mean any work within the portion of the wellbore of any Temporary Abandoned Well or Excluded Well that FWE III deems necessary as a reasonably prudent operator to correct, remediate or redo any Plugging,

Abandonment and Decommissioning work that was performed by any member of Seller Group (when used in this Section 7, as such term is defined in the Comal PSA) or Seller's (when used in this Section 7, as such term is defined in the Comal PSA) predecessors or their respective contractors prior to the Effective Date, including which, if there is an existing plug in the wellbore of such well, requires FWE III to drill through such existing plug (or otherwise penetrate that point where such existing plug is located) in the wellbore of such Temporary Abandoned Well or Excluded Well (as determined to be required in the reasonable discretion of FWE III), and, in each case, is necessary to put any Temporary Abandoned Well or Excluded Well into compliance with applicable Laws, requirements of Governmental Authority, the Leases or the Contracts. Notwithstanding the foregoing, the following work with respect to any Temporary Abandoned Well shall not constitute Well Intervention Work: setting a surface plug if there is not currently a surface plug present in the wellbore of such well as of the Effective Date (as such term is defined in the Comal PSA), any measuring operations or circulation of fluids in the wellbore above and unrelated to any plugs or cement which were previously set by any member of Seller Group or Seller's predecessors or their respective contractors prior to the Effective Date (when used in this Section 7, as such term is defined in the Comal PSA), cutting and/or pulling the production casing in such well (except to the extent such casing is located below a plug set by Seller, Seller's predecessors or their respective contractors prior to the Effective Date), and/or cutting and/or pulling the conductor in the wellbore of any such well.

b. Without waiving any right of contribution, Eni agrees that it shall be solely responsible for the costs of Plugging, Abandoning and Decommissioning of all Excluded Wells. If FWE III becomes aware of information that indicates that the Plugging, Abandonment and Decommissioning with respect to any Excluded Well is no longer in compliance with applicable

Laws, requirements of Governmental Authority, the Leases or the Contracts, FWE III shall provide written notice to the other Parties and such Parties shall cooperate in determining how to address causing such Excluded Well to be in compliance, subject to the other provisions of this Section 7; provided, however, in the event that the Parties do not agree on how to address causing such Excluded Well to be in compliance then FWE III shall proceed with the Well Intervention Work as FWE III deems necessary at Eni's cost and expense to the extent provided in this Section 7. Upon such notice, FWE III hereby covenants and agrees to diligently perform or cause to be performed all Plugging, Abandonment and Decommissioning work with respect to any such Excluded Well as necessary to bring such Excluded Well into compliance with applicable Laws, requirements of Governmental Authority, the Leases or the Contracts. Eni shall be liable and responsible to pay for all Eligible Well Intervention Costs (as defined in Section 7(e) below) with respect to any such Excluded Well.

c. Eni shall be liable and responsible to pay for all Eligible Well Intervention Costs with respect to any Temporary Abandoned Well which is required to properly Plug, Abandon and Decommission any such Temporary Abandoned Well. For the sake of clarity, subject to Section 7(f), Eni shall remain responsible for all obligations, liabilities and Damages relating to, arising out of or attributable to work performed with respect to the Temporary Abandoned Wells prior to the Effective Date (as defined in the Comal PSA) to the extent set forth in subpart (i)(f) in the definition of "Retained Obligations" in the Comal PSA.

d. Notwithstanding anything in this Section 7 to the contrary, but and subject to Section 7(f), with respect to any Temporary Abandoned Well, FWE III shall determine whether any Well Intervention Work is necessary to properly Plug, Abandon and Decommission such Temporary Abandoned Well or Excluded Well as provided in this Section 7(d). Within thirty (30)

days of FWE III determining that Well Intervention Work is necessary to properly Plug, Abandon and Decommission any Temporary Abandoned Well or Excluded Well, FWE III shall deliver to Eni a notice that such Well Intervention Work is necessary, subject to any event of Force Majeure or imminent danger to life, property and/or the environment which requires the immediate commencement of such Well Intervention Work. The Parties shall cooperate in determining what Well Intervention Work is necessary to be conducted with respect to any Temporary Abandoned Well or Excluded Well, provided, however, in the event that the Parties do not agree on what Well Intervention Work is necessary to be conducted with respect to such Temporary Abandoned Well or Excluded Well then FWE III shall proceed with the Well Intervention Work as FWE III deems necessary at Eni's cost and expense to the extent provided in this Section 7. At least thirty (30) days prior to commencement of any Well Intervention Work concerning any Temporary Abandoned Well or Excluded Well (subject to any event of Force Majeure or imminent danger to life, property and/or the environment and/or additional or revised Well Intervention Work, in each case as set forth in this Section 7(d)), FWE III shall be required to provide any applicable Well Intervention Work Orders with respect to either the applicable Temporary Abandoned Well or the applicable Excluded Well. Subject to Section 7(f), any Well Intervention Work with respect to a Temporary Abandoned Well or Excluded Well that is set forth on a Well Intervention Work Order that is delivered to Eni on or prior to the applicable thirtieth (30th) day prior to commencement of such Well Intervention Work shall be deemed to be "Eligible Well Intervention Work" for purposes of this Section 7; provided, however, subject to Section 7(f), Eligible Well Intervention Work may include (i) additional or revised Well Intervention Work that is determined by FWE III to be necessary or is required by applicable Laws, requirements of Governmental Authority, the Leases or the Contracts if circumstances reasonably change requiring such additional or revised

Well Intervention Work after the delivery of the Well Intervention Work Order (including if such situation arises while the Well Intervention Work is being conducted) and/or (ii) Well Intervention Work that FWE III reasonably deems necessary to be performed prior to such thirty (30) day notice due to any event of Force Majeure or imminent danger to life, property and/or the environment. Upon completion of the Well Intervention Work set forth in any Well Intervention Work Order, FWE III will provide to Eni a written statement setting forth (x) evidence that such work has been completed, (y) invoices and/or billing statements outlining in reasonable detail the Well Intervention Work actually done and the costs and expenses of such Well Intervention Work (including, in the event that such costs and expenses exceed the amount set forth on the applicable Well Intervention Work Order for such work, reasonably detailed information itemizing the amount and cause of any such excess costs and expenses) and (z) the bank account to which Eni is to make payment of the amount of Eligible Well Intervention Costs (as defined below) with respect to such work (each a “**Well Intervention Completion Notice**”). Within thirty (30) days of receipt of a Well Intervention Completion Notice, Eni shall pay (or cause to be paid) to FWE III the amount of the Eligible Well Intervention Costs set forth on such Well Intervention Completion Notice by a wire transfer of immediately available funds to the account set forth in the Well Intervention Completion Notice.

e. For purposes of this Section 7, the term “**Eligible Well Intervention Costs**” shall mean, with respect to Temporary Abandoned Wells, any costs and expenses for Eligible Well Intervention Work and, with respect to Excluded Wells, any costs and expenses for Well Intervention Work incurred by FWE III pursuant to Section 7(b), such costs and expenses shall include costs to obtain, mobilize, transport, house and store, equipment, supplies and personnel to perform such Well Intervention Work. Notwithstanding anything in this Section 7 to the contrary,

Eni shall not be obligated to pay for the costs and expenses of Well Intervention Work on any Temporary Abandoned Well which is not Eligible Well Intervention Work, provided, however, Eni's obligation to pay Eligible Well Intervention Costs under this Section 7 shall not be limited to the amounts set forth on any Well Intervention Work Order but shall also include any excess costs and expenses for any Eligible Well Intervention Work that are identified on the applicable Well Intervention Completion Notice and which are reasonably and prudently incurred for any Eligible Well Intervention Work. In the event of a conflict between this Section 7 and the Turnkey Removal Agreement with respect to the costs associated with a Temporary Abandoned Well, this Section 7 shall control. All amounts charged by FWE III under this Section 7 shall include reasonable overhead charges by Credit Bid Purchaser in accordance with the COPAS attached to the Contract Operating Agreement (as defined in the Turnkey Removal Agreement), including if FWE III engages Credit Bid Purchaser to perform any Eligible Well Intervention Work.

f. Notwithstanding anything in this Section 7 to the contrary, Eni's liability for, and obligation and responsibility to pay for, Eligible Well Intervention Costs with respect to any Temporary Abandoned Well pursuant to Section 7(c) shall terminate with respect to each Temporary Abandoned Well as follows:

- (i) With respect to any Temporary Abandoned Well which (i) any Debtor has re-entered since the Effective Date of the Comal PSA or (ii) FWE III re-enters after the Effective Date of the Turnkey Removal Agreement, in each case, in order to conduct development operations (including, without limitation, to conduct any sidetracking, completing or re-completing operation in such Temporary Abandoned Well) other than operations arising out of or related to permanently Plugging, Abandonment and Decommissioning such Temporary Abandoned Well (the "**Development**

Operations”). Eni’s liability for and/or responsibility and obligation to pay Eligible Well Intervention Costs with respect to such Temporary Abandoned Well pursuant to Section 7(c) shall terminate upon the re-entry of such Temporary Abandoned Well for such Development Operations.

- (ii) With respect to any Temporary Abandoned Well which FWE III re-enters in order to conduct operations to permanently Plug, Abandon and Decommission such Temporary Abandoned Well and in which FWE III also conducts Well Intervention Work, Eni’s liability for and/or responsibility and obligation to pay Eligible Well Intervention Costs with respect to such Temporary Abandoned Well pursuant to Section 7(c) shall terminate upon the acceptance by BSEE of an End of Operations Report (Form BSEE-0125) for such Temporary Abandoned Well. For the sake of clarity, Eni shall retain the liability for and/or responsibility and obligation to pay Eligible Well Intervention Costs for any Temporary Abandoned Well pursuant to this Agreement in the event that FWE III permanently Plugs, Abandons and Decommissions such Temporary Abandoned Well but does not conduct any Well Intervention Work for such Temporary Abandoned Well.

8. **Termination of Agreement.**

- a. This Agreement shall terminate in its entirety at 11:59 p.m. on September 30, 2021 (prevailing Central Time) (the “**Outside Termination Date**”) if either (i) the ENI Definitive Documents have not been executed and delivered in accordance with Section 2(a) or (ii) the Regulatory Condition (as defined below) has not been satisfied on or prior to such date; *provided, however*, that the Outside Termination Date may be extended by mutual written agreement of the Parties (which writing may include e-mail). Each of Sections 1 through 4 hereof will terminate

automatically upon the occurrence of the Effective Date. Upon termination of this Agreement in its entirety, each Party shall be immediately released from its obligations, commitments, undertakings and agreements under or related to this Agreement and the Eni Term Sheet; *provided* that in no event shall any such termination relieve a Party from liability for its breach or non-performance of its obligations hereunder prior to the date of such termination.

b. The “**Regulatory Condition**” means that FWE III has been granted, or otherwise holds, to the satisfaction of the Parties, all necessary recognitions or approvals by applicable regulatory authorities to act as a qualified operator in the Gulf of Mexico to the extent required to perform its obligations pursuant to the Definitive Documents.

9. **363 Credit Bid Transaction.** In the event that the 363 Credit Bid Transaction is pursued, Eni agrees to support and take reasonable actions to facilitate the 363 Credit Bid Transaction, and cooperate in good faith with Debtors, the Required DIP Lenders, and the Requisite FLTL Lenders to facilitate the 363 Credit Bid Transaction, including, without limitation, by making amendments to the Eni Definitive Documents (in form and substance reasonably acceptable to Eni, the Debtors, the Required DIP Lenders, and the Requisite FLTL Lenders and to the extent that such amendments constitute reasonable actions to facilitate the 363 Credit Bid Transaction).

10. **Effectiveness.** This Agreement shall become effective and binding upon each of the parties hereto upon execution and delivery by such party of an executed signature page hereto on the Effective Date.

11. **Counterparts.** This Agreement may be executed in several counterparts, each of which shall be deemed to be an original, and all of which together shall be deemed to be

one and the same agreement. Execution copies of this Agreement may be delivered by electronic mail, or otherwise, which shall be deemed to be an original for the purposes of this paragraph.

12. **Governing Law; Jurisdiction; Waiver of Jury Trial.** To the maximum extent permitted by applicable law, this Agreement is governed by and is to be construed in accordance with the internal laws of the State of Texas, without giving effect to any principles of conflicts of law thereunder that would result in the application of the laws of any other jurisdiction. Each Party irrevocably agrees that any legal action, suit, or proceeding arising out of or relating to this Agreement brought by any Party or its successors or assigns shall be brought and determined in the Bankruptcy Court and each Party hereby irrevocably submits to the exclusive jurisdiction of the Bankruptcy Court, and if the Bankruptcy Court does not have (or abstains from) jurisdiction, Courts of the State of Texas and of the United States District Court of the Southern District of Texas, and any appellate court from any thereof, for itself and with respect to its property, generally and unconditionally, with regard to any such proceeding arising out of or relating to this Agreement. Each Party further agrees that notice as provided herein shall constitute sufficient service of process and the Parties further waive any argument that such service is insufficient. Each Party hereby irrevocably and unconditionally waives, and agrees not to assert, by way of motion or as a defense, counterclaim or otherwise, in any proceeding arising out of or relating to this Agreement, (a) any claim that it is not personally subject to the jurisdiction of the Bankruptcy Court as described herein for any reason, (b) that it or its property is exempt or immune from jurisdiction of such court or from any legal process commenced in such court (whether through service of notice, attachment prior to judgment, attachment in aid of execution of judgment, execution of judgment, or otherwise) and (c) that (1) the proceeding in such court is brought in an inconvenient forum, (2) the venue of such proceeding is improper, or (3) this Agreement, or the

subject matter hereof, may not be enforced in or by such court. EACH OF THE PARTIES HERETO HEREBY IRREVOCABLY WAIVES, TO THE FULLEST EXTENT PERMITTED BY APPLICABLE LAW, ANY AND ALL RIGHT TO TRIAL BY JURY IN ANY ACTION OR PROCEEDING ARISING OUT OF OR RELATING TO THIS AGREEMENT. EACH PARTY CERTIFIES THAT NO REPRESENTATIVE, AGENT OR ATTORNEY OF ANY OTHER PARTY HAS REPRESENTED, EXPRESSLY OR OTHERWISE, THAT SUCH OTHER PARTY WOULD NOT, IN THE EVENT OF LITIGATION, SEEK TO ENFORCE THE FOREGOING WAIVER.

EXHIBIT A

FIELDWOOD/ENI TERM SHEET

*This Term Sheet is an expression of interest only and creates no legally binding commitment by either party to negotiate any specific transaction or enter into any agreement. It is expressly understood that no liability or obligation of Fieldwood Energy LLC and its affiliated debtors (collectively, the “Debtors”) or Eni Petroleum US LLC (“Eni”) of any nature whatsoever is intended to or will be created hereunder with respect to this Term Sheet or related discussions or writings or the transactions contemplated hereby and that this Term Sheet is neither a contract nor a binding offer. It is understood and agreed that any transaction is expressly conditioned, among others, upon approval by the Debtors and Eni, the execution and delivery by the Debtors and Eni or their affiliates of definitive written agreements, in form and substance satisfactory to the Debtors and Eni in their sole discretion, the satisfaction of the conditions set forth therein, and Bankruptcy Court approval. The Debtors and Eni expressly agree that this Term Sheet does not contain all terms that would be required to be agreed to in order to enter into any definitive agreement. Without prejudice to the foregoing, this Term Sheet constitutes a “Definitive Document” under the Restructuring Support Agreement (as defined in the Plan (as defined below)) and is subject to the consent rights set forth therein. Except as provided for herein, each party is responsible for its own costs and expenses, including those of its legal advisors in conjunction with this Term Sheet.*¹

ENI / FIELDWOOD COMMERCIAL TERM SHEET

Through the Initial Plan of Merger contemplated under the *Fourth Amended Joint Chapter 11 Plan of Fieldwood Energy LLC and Its Affiliated Debtors* dated April 15, 2021 filed at ECF No. 1284 (including any exhibits and schedules thereto and as may be further amended, supplemented, or modified, the “**Plan**”), Fieldwood Energy III LLC (“**FWE III**”) will, subject to the terms and conditions set forth herein, decommission the oil and gas leases and facilities (including but not limited to, for all purposes hereunder, any wells, pipelines, or other structures) set forth on **Exhibit A** attached hereto (collectively, the “**Abandoned Properties**” and each individually, an “**Abandoned Property**”) previously conveyed to Debtors by Eni and certain of its affiliates.

Term Sheet Expiration Date

The Debtors, FWE, Credit Bid Purchaser, and Eni shall work together in good faith to negotiate the definitive documents contemplated below and any other agreements required to implement the transactions contemplated in this Term Sheet, in each case in accordance with the terms and conditions set forth herein and acceptable to the Required DIP Lenders and the Requisite FLTL Lenders (“**Definitive Documents**”), provided that this Term Sheet shall terminate if the parties have not fully agreed and finalized all such required Definitive Documents on or before the Effective Date of the Plan (such date, the “**Termination Date**”).

Conditions Precedent to Effectiveness

In addition to any other conditions precedent that may be agreed by the parties, it shall be a condition precedent to the effectiveness of the Definitive Documents that FWE III will have been granted to the satisfaction of the parties to the Definitive Documents all necessary approvals by applicable regulatory authorities to act as a qualified operator in the Gulf of Mexico. In the event that FWE III has not been granted such approval(s) by September 30, 2021, this Term Sheet and any and all executed Definitive Documents shall automatically terminate on such date. For the avoidance of doubt, in no event shall the failure to consummate any Definitive Document result in any such extension after the Termination Date.

Closing

¹ Capitalized terms used but not defined herein have the meanings ascribed to them in the Plan.

“**Closing**” shall take place in conjunction with the effectiveness of the divisive merger and simultaneous execution and delivery of the Definitive Documents.

FWE III Governance and Operations

1. FWE III will provide Eni with regular informational updates, including monthly, quarterly, and annual financial reports. Eni shall have the right but not the obligation to share such information with the sureties.
2. As a condition precedent to the effectiveness of the Turnkey Removal Agreement (and the other Definitive Documents), FWE III will become a qualified operator in the Gulf of Mexico.
3. FWE III will use reasonable efforts to obtain reimbursement/contribution for decommissioning activity that is available under contract or applicable law, including any other record title and/or operating rights interest holders and predecessors-in-interest other than Eni to the extent practicable and available surety bonding other than Eni’s bonds; provided that, for the avoidance of doubt, FWE III shall not be required to incur any out-of-pocket costs or obligations in connection with such efforts.
4. FWE III shall obtain the written consent of Eni (not to be unreasonably withheld) prior to entering settlement negotiation(s) or agreeing to a settlement and/or initiating dispute resolution regarding the Abandoned Properties, including with respect to obtaining contributions from other record title and/or operating rights interest holders and predecessors-in-interest for decommissioning or funds from surety bonds for decommissioning.
5. The Debtors and FWE III will be responsible for all costs associated with formation of FWE III in connection with the Initial Plan of Merger as contemplated in the Plan. Funds required for the ongoing operations of FWE III shall be provided as set forth in the “Implementation and Funding Agreement” below.
6. FWE III will provide all funds for any premiums for organizational/area-wide bonding requirements.

Withdrawal of Objections and Support of the Plan

In conjunction with the execution of this Term Sheet or promptly thereafter, Eni will withdraw any pending objections it has filed to the Plan, and agree not to file any further objections to the Plan or to support any other party in objecting to or opposing the Plan and agrees it will support confirmation of the Plan.

Turnkey Removal Agreement

1. ***Total Turnkey Amount.***
 - a. Eni, FWE III and Credit Bid Purchaser agree to enter into a Turnkey Removal Agreement acceptable to Eni, FWE III, Credit Bid Purchaser, the Required DIP Lenders, and the Requisite FLTL Lenders, whereby Credit Bid Purchaser will decommission the Abandoned Properties on a turnkey payment basis, and Credit Bid Purchaser will earn a turnkey amount in exchange for completing each such decommissioning project. The total turnkey amount for each lease or facility comprising an Abandoned Property shall be set forth (i) on a gross 8/8ths basis (the “**Gross Decom Amount**”) and (ii) on a net basis to Eni (such amount, the “**Eni (Net) Costs**”). The sum of each Gross Decom Amount for each lease and/or facility located at the Abandoned Properties shall not exceed \$95,755,436.46 (the “**Total Decom Cost**”). The sum of all Eni (Net) Costs for each lease and/or facility located at the Abandoned Properties shall not exceed \$57,325,130.98 (“**Total Eni (Net) Costs**”). The Total Decom Cost and Total Eni Cost

may be adjusted for the Qualified Conditions and/or Regulatory Changes, as set forth below. For the avoidance of doubt, each Gross Decom Amount for each Abandoned Property shall be inclusive of all operating expenses and all costs and expenses of decommissioning as required to meet the Performance Standard defined below. Subject to Section 1.b and Section 4 below, Eni shall have no obligation to pay the parties to this Term Sheet any costs or liability to perform any obligations associated with the decommissioning of any lease or facility comprising an Abandoned Property once Eni has paid Credit Bid Purchaser the applicable turnkey costs, as adjusted hereunder, for such lease or facility, as applicable.

- b. In order to facilitate the diligent and continuous performance of the decommissioning obligations set forth in this Term Sheet, Credit Bid Purchaser, FWE III, and Eni agree that Eni shall have the right, but not the obligation (in Eni's sole discretion) to make an irrevocable election to agree to pay to Credit Bid Purchaser the Gross Decom Amount for any such lease or facility comprising an Abandoned Property (such election, the "**Turnkey Election**"). In the event that Eni desires to make such a Turnkey Election, Eni shall provide Credit Bid Purchaser and FWE III written notice of its intent (a "**Turnkey Notice**") and Credit Bid Purchaser shall promptly commence the decommissioning contemplated for any such lease or facility. The decommissioning project schedule contained in the Turnkey Removal Agreement shall be modified to address any such Turnkey Election. Notwithstanding anything to the contrary contained in this Term Sheet or any other Definitive Document, in the event Eni makes a Turnkey Election, (i) Eni agrees to pay Credit Bid Purchaser the applicable Gross Decom Amount, as it may be increased, (ii) in the event the actual cost to decommission the lease or facility, as applicable, associated with such Turnkey Election and excluding the costs addressed in Section 4 in accordance with the Performance Standard exceeds the Gross Decom Amount, as adjusted for the Qualified Conditions and/or Regulatory Changes, Credit Bid Purchaser shall assume the risk of any costs in excess of the Gross Decom Amount, as such amounts may be adjusted as a result of a Qualified Condition and/or Regulatory Changes, and (iii) Eni shall have the right to seek contribution from third parties for any share of the Gross Decom Amount for any lease or facility comprising an Abandoned Property. In the event Eni makes a Turnkey Election, it may assign its interest in the Turnkey Removal Agreement insofar as it covers such asset (to the extent that it relates to Eni's prior undivided interests in the Abandoned Property) to any third party or parties with joint and several liability for such decommissioning, provided that Eni shall remain responsible for all of its obligations.
- c. Subject to the Qualified Conditions and Regulatory Changes provisions, Credit Bid Purchaser shall assume the risk that the costs of decommissioning each lease or facility comprising an Abandoned Property exceeds (i) the Eni (Net) Costs attributable to Eni's prior interest in such lease or facility, as applicable, in the event no Turnkey Election is made, or (ii) the Gross Decom Amount attributed to such lease or facility, as applicable, in the event a Turnkey Election is made. In the event of a Qualified Condition (as defined in Section 3 below), Eni and Credit Bid Purchaser shall share in any costs related to the Qualified Condition(s) in excess of the relevant Eni (Net) Costs (or the Gross Decom Amount if the Turnkey Election is made) up to, on an aggregated basis of all Abandoned Properties, \$15,000,000 (the "**Qualified Condition Cap**") as follows: (i) Eni shall be responsible for the first \$5,000,000 of costs related to Qualified Conditions, and (ii) Eni and Credit Bid Purchaser shall be responsible 75% / 25% respectively for the remaining cost up to the Qualified Condition Cap. Eni's responsibility for any costs related to a Qualified Condition shall not commence until the full amount of the relevant Eni (Net) Costs, or if the Turnkey Election is made the relevant Gross Decom Amount, have been

incurred. The calculation and application of these amounts (including such Qualified Condition Cap) shall be limited to the portion allocated to the Eni (Net Costs) in the event Eni did not elect to pay the Gross Decom Amount with regard to such asset. In the event that one or more Qualified Conditions results in costs that exceed the Qualified Condition Cap, Eni's liability for any additional costs shall terminate once the Qualified Condition Cap has been reached and Eni shall have no further liability for any costs or the performance of any obligations associated with any Qualified Condition.

- d. Credit Bid Purchaser will have profit opportunity following the completion of decommissioning for any lease or facility comprising an Abandoned Property if it is able to decommission any lease or facility comprising an Abandoned Property for a lower cost than the (i) the Eni (Net) Costs, provided that Eni did not make a Turnkey Election for such asset or (ii) the Gross Decom Amount if a Turnkey Election was made by Eni (including any increases to the applicable Eni (Net) Costs or Gross Decom Amount, respectively, for any Qualified Conditions or Regularly Conditions) attributed to such lease or facility comprising an Abandoned Property.
 - e. FWE III's obligations under the Turnkey Removal Agreement for any specific Abandoned Property shall commence upon the earlier of (i) receipt by Eni and other joint and several liable parties of a BOEM/BSEE order requiring decommissioning of such Abandoned Property and after full funding for the project has been finalized, or (ii) a Turnkey Election by Eni for such Abandoned Property; provided that the decommissioning project schedule contained in the Turnkey Removal Agreement shall be modified to address either such event.
2. **Services.** Services provided by Credit Bid Purchaser pursuant to the Turnkey Removal Agreement will include performing decommissioning operations at the Abandoned Properties to an agreed operational and regulatory performance standard on behalf of FWE III on agreed terms and conditions. FWE III and Eni agree that Credit Bid Purchaser will meet such required standard if it performs such decommissioning operations consistent with required laws, rules and regulations promulgated by governing regulatory agencies, including but not limited to BOEM and BSEE, and consistent with any applicable third party contracts (the "**Performance Standards**").
 3. **Qualified Conditions.** At or before Closing, Credit Bid Purchaser and Eni shall determine the turnkey amounts on a project-by-project basis for all decommissioning projects under the Turnkey Removal Agreement (leases and facilities to be operated by FWE III) and shall agree on a decommissioning project schedule consistent with the terms set forth in Section 7 below, all of which shall be attached to the Turnkey Removal Agreement. The parties shall also agree upon certain qualified conditions for the decommissioning projects ("**Qualified Conditions**"), which such Qualified Conditions, if present, can, at the election of either Credit Bid Purchaser or Eni, as applicable, and subject to the notice requirements set forth in the Definitive Documents, cause the parties to adjust the applicable turnkey amount for a particular project or agree on alternative cost arrangement; provided that such Qualified Conditions shall be set forth in the Definitive Documents and shall be limited to the items listed on **Schedule 1** attached hereto. In the event the parties are unable to agree to the adjusted turnkey amount or an alternative cost arrangement due to an occurrence of a Qualified Condition, the parties shall follow the method set forth in the Definitive Documents.
 4. **Temporary Abandoned Wells and Excluded Wells.** Credit Bid Purchaser and Eni acknowledge and agree that there may be decommissioning obligations attributable to the wells identified on **Exhibit B** attached hereto which were purported to have been temporarily

plugged and abandoned as of the effective date of that certain *Purchase and Sale Agreement by and among Eni Petroleum US LLC and Eni US Operating Co. Inc., as Seller, and Fieldwood Energy Offshore LLC, a Purchaser, dated as of December 1, 2015* (the “**Comal PSA**”). Eni will be solely responsible for the costs associated with the decommissioning of the “Excluded Wells” (as such term is defined in the Comal PSA) and shall be solely responsible for the “Eligible Well Intervention Costs” (as such term is defined in the Comal PSA) for any “Temporary Abandoned Well” (as such term is defined in the Comal PSA) as provided in the following sentence. Notwithstanding the foregoing, Eni shall have no obligation for (i) any costs or obligations attributable to any Temporary Abandoned Well in excess of the “Eligible Well Intervention Costs” associated with any such Temporary Abandoned Well, or (ii) any costs or obligations attributable to a Temporary Abandoned Well for which Eni’s liability terminated pursuant to Section 7.19(e) of the Comal PSA. Notwithstanding anything herein to the contrary, in the event the Credit Bid Purchaser is required to handle Eni’s obligations as addressed in this section, Eni shall promptly reimburse Credit Bid Purchaser for all costs and expenses incurred in connection therewith, together with a reasonable overhead charge in accordance with the COPAS attached to the Contract Operating Agreement defined in Section 2 of the Implementation and Funding Agreement and, for the avoidance of doubt, none of such costs, expenses or overhead shall be considered in the calculation of the Qualified Condition Cap. Such payment shall occur promptly upon completion of the work set forth in this section.

5. **Regulatory Changes.** In addition to the Qualified Conditions described on **Schedule 1** attached hereto, if any regulatory body either (i) issues new regulations that increase or materially change the cost to conduct decommissioning or (ii) designates additional sand sediment areas requiring pipeline removal as opposed to abandonment in place (if the turnkey amount for the particular pipeline assumes abandonment in place), Eni and Credit Bid Purchaser shall negotiate in good faith to adjust the applicable Gross Decom Amount to take into account the incremental costs to complete the project under the Turnkey Removal Agreement. For the avoidance of doubt, new regulations include but are not limited to, NTLs, BSEE or BOEM national, regional or district policies, executive orders and new regulations in the CFRs that govern decommissioning. If the parties cannot agree on a revised Gross Decom Amount, the project shall be completed on a cost-plus 15% basis.
6. **Surety Bonds.** Eni may apply any available proceeds from bonds that cover the decommissioning costs associated with the Abandoned Properties to any amounts owed hereunder. Eni will bear all costs and risks associated with such bonds and notwithstanding its failure to recover all or any bond proceeds, Eni will be required to pay the Total Eni (Net) Costs or Gross Decom Amount, as applicable pursuant to terms and conditions of this Term Sheet.
7. **Payments.** Subject to Section 1.b and without limitation of Credit Bid Purchaser’s obligation to perform the Initial Safe Out as provided in Section 9 below, Credit Bid Purchaser shall not undertake the applicable decommissioning project until full funding of the applicable Gross Decom Amount has been agreed to by Eni and Credit Bid Purchaser, including receiving or securing a contractual commitment (such as a decommissioning agreement) from applicable third parties. Eni will be required to pay Credit Bid Purchaser the Eni (Net) Costs or Gross Decom Amount (in the event a Turnkey Election was made pursuant to this Term Sheet), as applicable, attributable to the decommissioning activities performed for each lease or facility comprising an Abandoned Property upon delivery to FWE III and to Eni of the filings and other evidence (i) required by BOEM and/or BSEE or any other applicable governmental authority, including requisite approvals or regulatory concurrence, with regard to the satisfaction of decommissioning obligations with respect to the applicable asset to

support Credit Bid Purchaser's representation that the applicable project has been completed; and (ii) an invoice and/or billing statement outlining in detail the decommissioning work actually performed for such lease or facility along with supporting documentation. Notwithstanding anything to the contrary herein, the payments made by Eni in satisfaction of the obligations set forth herein, shall not exceed \$20,000,000 on an annual basis for any given year; provided that (i) if Eni has delivered the Turnkey Notice as provided in this Term Sheet or (ii) if Eni is required, pursuant to an order from any governmental or regulatory authority, to perform any decommissioning project on a schedule that is more accelerated than contemplated in the schedule set forth in the Turnkey Removal Agreement, then such annual limitation will be increased above \$20,000,000 to the extent such increase is necessitated to perform the decommissioning activities contemplated in subparts (i) and (ii) of this sentence.

8. **Termination.** Eni retains the right to terminate the Turnkey Removal Agreement as to any particular lease or facility located at the Abandoned Properties and/or require FWE III to competitively bid the decommissioning services with respect to any particular lease or facility attributable to an Abandoned Property in the event Credit Bid Purchaser is in material breach of the Turnkey Removal Agreement in relation to the particular lease or facility. Credit Bid Purchaser or Eni may terminate the Turnkey Removal Agreement as to any particular lease or facility located at the Abandoned Properties if, within three (3) years from the effective date of the Turnkey Removal Agreement, a Turnkey Election is not made for such lease or facility or contractual commitments for full funding of the applicable Gross Decom Amount for such lease or facility have not been received.
9. **Initial Safe Out.** With respect to the Abandoned Properties, FWE III will engage Credit Bid Purchaser to promptly perform, operations necessary to safe-out and otherwise perform preparatory activities to put such Abandoned Properties, subject to Section 4, into a mechanical and operational state such that they are hydrocarbon free and ready to be decommissioned (the "**Initial Safe Out**"); provided, however that such Initial Safe Out shall be completed no later than December 31, 2021, unless agreed to in writing by Eni (such consent not to be unreasonably withheld, delayed or conditioned).
10. **Right of First Offer and Notice of Sale.** To the extent that any other predecessor-in-interest, in connection with the decommissioning of such predecessor-in-interest's prior assets, is granted a right of first offer, right of first refusal, or similar preferential purchase right in connection with any assets transferred to Credit Bid Purchaser pursuant to the Plan, Credit Bid Purchaser shall grant Eni rights that are substantially similar in connection with the Abandoned Properties. After the Effective Date of the Plan, in the event that Credit Bid Purchaser desires to sell, transfer or otherwise dispose of any portion of its interests in any assets transferred to Credit Bid Purchaser pursuant to the Plan through a public marketing process utilizing a third party agent, investment bank, or similar service, Credit Bid Purchaser shall use reasonable efforts to cause such agent or investment bank to provide Eni with written notice and an opportunity to participate in any related sales process.
11. **Mutual Indemnity.** Credit Bid Purchaser and Eni shall indemnify one another for a material breach of their respective obligations under the Turnkey Removal Agreement; provided, however, the indemnity obligations set forth herein shall not include lost profit opportunity, indirect damages, consequential damages, third party claims, fines or penalties (except to the extent directly resulting from a material breach by the other party), attorney's fees, or any other third party costs.
12. **Audit Rights.** For each year the Turnkey Removal Agreement remains in effect and for up to twelve (12) months following the completion of the decommissioning obligations

contemplated in this Term Sheet, Eni shall have the right to conduct, during normal business hours upon at least thirty (30) days' prior notice, an audit of Credit Bid Purchaser's records to the extent related to any amount charged to Eni hereunder.

Implementation and Funding Agreement

1. **Funding Contribution.** Without limitation of FWE's obligation to perform the Agreed Activities pursuant to the Plan, FWE will contribute on the Effective Date \$3 million to FWE III (the "**Contribution Amount**"), which amount will be used solely in connection with the Abandoned Properties and partially in satisfaction of Eni's obligation to pay the Total Eni (Net) Costs.
2. **Operating Costs.** From and after the Effective Date and subject to Section 4 above, Credit Bid Purchaser will manage on behalf of FWE III the Abandoned Properties until the commencement of the decommissioning pursuant to a mutually acceptable contract operating agreement between FWE III and Credit Bid Purchaser (the "**Contract Operating Agreement**"). Except as set forth in Section 4 above, Eni shall not be responsible for any operating costs associated with Eni's interests in the Abandoned Properties. Management of the properties shall include, but not be limited to, as services provided: operations, production marketing (for producing assets), accounting and land administration.
3. **Legal Fees.** FWE/FWE III, as applicable, will pay for Eni's reasonable and documented legal fees incurred in connection with the Debtors' chapter 11 cases, up to a cap of \$1.5 million.
4. **ORRI.** To the extent that any other predecessor-in-interest is granted an overriding royalty interest or similar future interest in Credit Bid Purchaser's production prior to the Effective Date in connection with the decommissioning of such predecessor-in-interest's prior assets, FWE shall grant Eni a similar and proportionate interest in connection with Eni's turnkey removal payments.

Eni, FWE III and Contractor may hereinafter be referred to collectively as “**Parties**” or individually as a “**Party**.”

RECITALS

WHEREAS, FWE III is a resulting entity of a divisive merger effected in connection with the confirmed plan of reorganization of Chapter 11 Case 20-33948, In re: Fieldwood Energy LLC et al., in the United States Bankruptcy Court for the Southern District of Texas, Houston Division;

WHEREAS, Eni is identified as a predecessor-in-interest of the Specified Assets (as defined below);

WHEREAS, Eni and FWE III have requested that Contractor provide certain decommissioning and removal services with respect to the Specified Assets, upon the terms and conditions set forth herein, and Contractor has agreed to do so.

NOW, THEREFORE, in consideration of the premises and of the mutual promises, covenants, conditions, and agreements contained herein, and for other valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the Parties hereby agree as follows:

**ARTICLE I.
SERVICES**

Section 1.1 Services. Subject to the terms of this Agreement, including the Performance Standards (as defined below), with respect to the interests identified on Schedule 1 of this Agreement (the “**Specified Interests**”), Contractor will perform (i) the Agreed Activities, (ii) the Initial Safe Out, and (iii) plug, abandon, decommission, remove when reefing or burial are not allowed, and salvage as appropriate (“**Decommission**” or “**Decommissioning**”) certain platforms, wells, pipelines, facilities and equipment (including production equipment) located at, and any

hydrocarbons produced from, if applicable, the Specified Interests (collectively the “**Specified Assets**”) on a lump sum, project-by-project, turnkey payment basis as contemplated in this Agreement.

Section 1.2 Turnkey Amounts.

(a) Contractor will earn a single turnkey payment in exchange for completing the Decommissioning for each decommissioning project identified on Exhibit A hereto (each a “**Decommissioning Project**”). The total turnkey amount for each Decommissioning Project set forth on Exhibit A shall be set forth (i) on a gross 8/8ths basis (the “**Gross Turnkey Amount**”) and (ii) Eni’s individual net share of such Gross Turnkey Amount (such amount, the “**Eni Net Turnkey Amount**”). Without limitation of Eni’s share of any Agreed Excess Qualified Conditions Costs pursuant to Section 1.8 up to the Qualified Condition Cap or any Excess Regulatory Costs pursuant to Section 1.7, (i) the aggregate sum of Gross Turnkey Amounts for the Decommissioning Projects shall not exceed \$95,755,436.46, and (ii) the aggregate sum of Eni Net Turnkey Amounts for the Decommissioning Projects shall not exceed \$57,325,130.98. The Parties acknowledge and agree that except as provided in this Agreement or the Implementation Agreement (as defined below), neither Contractor nor Eni shall have any obligation to Decommission any Specified Assets which are not identified on Exhibit A.

(b) Subject to the terms of this Agreement, each Gross Turnkey Amount for each applicable Decommissioning Project shall be inclusive of all costs, expenses, taxes and reasonable overhead (in accordance with COPAS provisions attached to the Contract Operating Agreement as defined in Section 1.12) associated with a particular Decommissioning Project, including all third-party costs, any fixed and/or capital costs, and taxes as necessary to meet the Performance Standard (collectively, the “**Actual Decommissioning Costs**”). Contractor shall be paid the applicable Eni Net Turnkey Amount for each completed Decommissioning Project, unless Eni makes a Turnkey Election pursuant to Section 1.4 below, in which case, Contractor shall be paid the applicable Gross Turnkey Amount; provided, however, in either case, the payment shall be made pursuant to Section 2.3 of this Agreement.

(c) Contractor shall have a profit opportunity following the completion of Decommissioning for any Decommissioning Project if it is able to Decommission such Decommissioning Project for a lower Actual Decommissioning Cost (i) net to the interests of Eni, as set forth in Decommissioning Project Schedule on Exhibit A in the column labeled “Eni Ownership (%)”, than the Eni Net Turnkey Amount, provided, that Eni did not make a Turnkey Election for such Decommissioning Project, or (ii) than the Gross Turnkey Amount if a Turnkey Election was made by Eni. The Parties acknowledge and agree that once Eni has paid Contractor the Eni Net Turnkey Amount or Gross Turnkey Amount, as applicable, Eni shall have (subject to Sections 1.4, 1.6, 1.7, and 1.8) no further obligations (monetary or otherwise) with respect to the applicable Decommissioning Project, and Contractor shall bear the risk that the Actual Decommissioning Costs of a Decommissioning Project exceed the applicable Eni Net Turnkey Amount in the event no Turnkey Election is made, or the Gross Turnkey Amount attributed to such Decommissioning Project, in the event a Turnkey Election is made.

Section 1.3 Commencement of Decommissioning Projects. Without limitation of Contractor's obligations under Section 1.5, Contractor shall not be obligated to commence a Decommissioning Project until the earlier of (i) receipt by Eni and other joint and several parties of a BOEM/BSEE order(s) requiring such Decommissioning and full funding for such Decommissioning Project has been agreed upon in accordance with Section 2.3, or (ii) Eni makes a Turnkey Election for such Decommissioning Project; provided that the Decommissioning Project Schedule on Exhibit A shall be modified to address either such event.

Section 1.4 Turnkey Election. Eni shall have the right, but not the obligation (in Eni's sole discretion), to make an irrevocable election to agree to pay to Contractor the Gross Turnkey Amount for any particular Decommissioning Project (a "**Turnkey Election**"). In order to make a Turnkey Election, Eni shall provide Notice of its election to Contractor and FWE III, specifically identifying the Decommissioning Project to which the Turnkey Election applies (a "**Turnkey Notice**"). Upon receipt of a Turnkey Notice, Contractor shall promptly commence the applicable Decommissioning Project. Notwithstanding anything to the contrary contained in this Agreement, the Eni Term Sheet Implementation Agreement by and among (a) Fieldwood Energy LLC and its affiliated debtors and debtors in possession in the jointly administered Chapter 11 cases pending before the Honorable Marvin Isgur under Case No. 20-33948, (b) Eni Petroleum US LLC, and (c) the Credit Bid Purchaser dated of even date herewith (the "**Implementation Agreement**"), or any other Eni Definitive Documents (as defined in the Implementation Agreement), in the event Eni makes a Turnkey Election: (i) Eni agrees to pay Contractor the applicable Gross Turnkey Amount, subject to the terms of Section 2.3, plus, as applicable, any Agreed Excess Qualified Conditions Costs pursuant to Section 1.8 up to the Qualified Condition Cap or any Excess Regulatory Costs pursuant to Section 1.7, (ii) Contractor assumes the risk that the actual costs for the Decommissioning Project, performed in accordance with the Performance Standards, and excluding any costs for "Excluded Wells" and/or "Eligible Well Intervention Costs" (as such terms are defined in the Implementation Agreement) with respect to any particular "Temporary Abandoned Well" (as such term is defined in the Implementation Agreement) pursuant to Section 7 of the Implementation Agreement, exceed the Gross Turnkey Amount, plus, as applicable, any Agreed Excess Qualified Conditions Costs pursuant to Section 1.8 (up to the Qualified Condition Cap) and any Excess Regulatory Costs pursuant to Section 1.7, and (iii) Eni shall have the right to seek contribution from third parties for any share of the Gross Turnkey Amount. In the event Eni makes a Turnkey Election for any Decommissioning Project, Eni may assign its rights in this Agreement insofar as it covers such Decommissioning Project (to the extent that it relates to Eni's prior undivided interests in the Specified Assets) to any third party or parties with joint and several liability for such Decommissioning Project, provided that Eni shall remain responsible for all of its obligations hereunder in relation to such Decommissioning Project.

Section 1.5 Initial Safe Out. With respect to the Decommissioning Projects, Contractor shall promptly perform the operations necessary to safe-out and otherwise perform preparatory activities in accordance with the Performance Standards to put such assets into a mechanical and operational state such that they are hydrocarbon free and ready to be Decommissioned (the "**Initial Safe Out**"). The Initial Safe Out for all Decommissioning Projects shall be completed no later than

December 31, 2021, unless agreed to in writing by Eni, such consent not to be unreasonably withheld, delayed or conditioned.

Section 1.6 Qualified Conditions. If it is discovered that any qualified condition(s) identified on Exhibit B (“**Qualified Conditions**”) is present and is reasonably likely to result in additional costs or expenses to Contractor in excess of the existing Gross Turnkey Amount, either Contractor or Eni may provide Notice to the other, and for thirty (30) days following receipt of such Notice, the Parties shall work together in good faith to agree, as applicable, upon (i) any excess costs and expenses for such Qualified Conditions above the existing Gross Turnkey Amount or an alternative cost arrangement for an existing Decommissioning Project, and/or (ii) a Gross Turnkey Amount for a Specified Asset that is not already included in a Decommissioning Project as provided in Section 1 of Exhibit B ((i) and (ii) collectively, the “**Excess Qualified Conditions Costs**”). In the event the Parties are unable to reach an agreement with respect to (i) the existence of a Qualified Condition or (ii) the Excess Qualified Conditions Costs attributable to a Qualified Condition, the Parties may submit the matter for Expert Determination, as provided in Section 1.10 below. As either agreed by the Parties or determined by Expert Determination, any such Excess Qualified Conditions Costs are the “**Agreed Excess Qualified Conditions Costs.**”

Section 1.7 Regulatory Changes. If any regulatory body either (i) issues a new regulation(s) that increases the cost to conduct a Decommissioning Project in accordance with Performance Standards, or (ii) designates additional sand sediment areas requiring pipeline removal as opposed to abandonment in place for any Decommissioning Project that did not already assume pipeline removal, following thirty (30) days prior written notice by Contractor to Eni, Eni and Contractor shall negotiate in good faith as to the existence of any regulatory change, and any necessary excess costs above the existing Gross Turnkey Amount for any affected Decommissioning Projects (“**Excess Regulatory Costs**”) to take into account the incremental costs required to complete any such Decommissioning Project. For the avoidance of doubt, new regulations include but are not limited to, NTLs, BSEE or BOEM national, regional or district policies and requirements, executive and Secretary of Interior orders and new and revised CFR regulations that govern or affect decommissioning. In the event that of new regulations, then (i) the Excess Regulatory Costs therefor shall be as agreed upon by the Parties, or (ii) if Eni and Contractor are unable to agree on the amount of Excess Regulatory Costs for a particular Decommissioning Project, then such Excess Regulatory costs shall be determined on a cost-plus 15% basis where costs are actual, reasonable third-party costs necessary for Decommissioning in accordance with Performance Standards.

Section 1.8 Qualified Conditions Cap. Without limitation of and subject to Section 1.7, above, but subject to the existence of a Qualified Condition, Contractor shall assume the risk that the costs to Decommission a Decommissioning Project exceeds the Eni Net Turnkey Amount attributed to such Decommissioning Project, in the event no Turnkey Election is made, or the Gross Turnkey Amount attributed to such Decommissioning Project, in the event a Turnkey Election is made. In the event of a Qualified Condition, Eni and Contractor shall share in any Agreed Excess Qualified Conditions Costs related to the Qualified Condition(s) in excess of the relevant Eni Net Turnkey Amount (or the Gross Turnkey Amount if the Turnkey Election is made) up to, on an aggregated basis of all Decommissioning Projects, fifteen million and 00/100 dollars (\$15,000,000) (the “**Qualified Condition Cap**”) as follows: (i) Eni shall be responsible for the first five million and 00/100 dollars (\$5,000,000) of Agreed Excess Qualified Conditions Costs

related to Qualified Conditions, and (ii) Eni shall be responsible for 75% and Contractor shall be responsible for 25% of the remaining Agreed Excess Qualified Conditions Costs up to the Qualified Condition Cap. Eni's responsibility for any Agreed Excess Qualified Conditions Costs related to a Qualified Condition shall not commence until the full amount of the relevant Eni Net Turnkey Amount, or if the Turnkey Election is made, the relevant Gross Turnkey Amount, have been incurred. The calculation and application of these amounts (including such Agreed Excess Qualified Conditions Costs) shall be limited to the percentage portion (based on the "Eni Ownership (%)") as indicated on Exhibit A) for a particular Decommissioning Project in the event Eni did not elect to make the Turnkey Election with regard to such Decommissioning Project. In the event that one or more Qualified Conditions results in costs that exceed the Qualified Condition Cap, Eni's liability for any additional costs shall terminate once the Qualified Condition Cap has been reached and Eni shall have no further liability for any costs or the performance of any obligations associated with any Qualified Condition or the applicable Decommissioning Project.

Section 1.9 Terms and Conditions. The Parties agree that the performance of the Agreed Activities, the Initial Safe Out, and each Decommissioning Project shall be performed in accordance with the terms and conditions of this Agreement. Eni agrees that Contractor will have met the required standard of performance under this Agreement if it performs the Agreed Activities, the Initial Safe Out, and such Decommissioning Project consistent with required laws, rules and regulations promulgated by governing regulatory agencies, including but not limited to BOEM and BSEE; consistent with any applicable third-party contracts; and consistent with the Decommissioning Schedule set forth on Exhibit A (the "**Performance Standards**").

Section 1.10 Expert Determination. If the Parties cannot agree on (i) the existence of a Qualified Condition or (ii) the Excess Qualified Condition Costs as contemplated above (the "**Qualified Condition Dispute**") after good faith negotiations, either Eni or Contractor may submit the matter for expert determination according to the procedure outlined in this Section 1.10. Prior to submitting such matter to the Expert (as defined below), the Party intending to make the submission shall provide written notice to the other Party of such intent. If the Parties are unable to agree upon resolve the Qualified Condition Dispute within fifteen (15) days following the other Party's receipt of the notice provided herein, the Party intending to submit the matter to the Expert may so submit such matter to the Expert for final and binding determination. To submit the determination of the Qualified Condition Dispute to the Expert, the Parties shall each provide the Expert with (a) such data and information as is necessary for the Expert to be able to determine the resolution of the Qualified Condition Dispute, such data and information shall include applicable well data and information related to any structures, pipelines, facilities and other assets associated with the Decommissioning Project. The Expert shall, within fifteen (15) days of receiving such data and information, make its determination of the Qualified Condition Dispute using the data and information it has received from the Parties. In making its determination hereunder, the Expert (i) shall be bound by the provisions of this Section 1.10 and (ii) if the Qualified Condition Dispute relates to the amount of the Excess Qualified Condition Costs, the Expert may not assign a value to the Excess Qualified Condition Costs greater than the value provided by Contractor or less than the value provided by Eni. If, prior to the Expert finalizing its determination that the Qualified Condition Dispute relates to the amount of the Excess Qualified Condition Costs, the Expert, the Parties reach agreement, the Parties may withdraw the matter from the Expert. The determination of the Expert shall be final and binding on the Parties for all

purposes hereunder. The fees and expenses of the Expert under this Section 1.10 shall be borne one half by the Eni and one half by Contractor. The Parties agree to utilize TSB Offshore, Inc. as the Expert for the purposes herein (the “**Expert**”). If the party selected as the Expert is unable or unwilling to serve as the Expert hereunder the Parties shall agree on a newly identified Expert. If the Parties cannot agree after thirty (30) days of good faith negotiations, the Expert shall be selected by lot from among the nationally recognized independent engineering firms that have not represented any Party or its affiliates at any time during the three-year period of time immediately preceding its designation hereunder. For selection by lot, Eni shall provide two (2) options, and Contractor shall provide two (2) options. The Parties designate Opportune, LLP to make the selection by lot.

Section 1.11 Contributions from Other Predecessors. FWE III will use commercially reasonable efforts to obtain reimbursement and/or contribution for Decommissioning activity that is available under contract or applicable law, including from any other record title and/or operating rights interest holders and predecessors-in-interest other than Eni to the extent practicable and from available surety bonding other than Eni’s bonds; provided that, for the avoidance of doubt, FWE III shall not be required to incur any out-of-pocket costs or obligations in connection with such efforts. In addition, FWE III shall obtain the written consent of Eni, not to be unreasonably withheld, delayed or conditioned, prior to entering into settlement negotiation(s), agreeing to a settlement, and/or initiating dispute resolution regarding the Specified Assets, including with respect to obtaining contributions for decommissioning from other record title and/or operating rights interest holders and predecessors-in-interest or obtaining funds from surety bonds for decommissioning.

Section 1.12 Operations. Contractor will manage, on behalf of FWE III, the Specified Assets until the commencement of the Decommissioning pursuant to a contract operating agreement which is mutually acceptable to the Parties and by and between FWE III and Contractor (the “**Contract Operating Agreement**”). Except as set forth in the Implementation Agreement, Eni shall not be responsible for any operating costs associated with Eni’s interests for any Decommissioning Project. Management of the Specified Assets shall include, but not be limited to, as services provided: operations, production marketing (for producing assets), accounting and land/regulatory administration, including all actions necessary for compliance with the Turnkey Removal Additional Terms and Conditions set forth in Appendix 1. Notwithstanding anything to the contrary, the Parties acknowledge and agree that the members of the Predecessor Group shall receive the benefit of any indemnification provisions contained in the Contract Operating Agreement which are provided by Contractor in favor of FWE III as intended third party beneficiaries of such provisions.

ARTICLE II. FUNDING AND INVOICES

Section 2.1 Funding Commitment. Except with respect to the “Agreed Activities” (as such term is defined in the Plan) and the Initial Safe Out, which is governed by Section 1.5, Contractor shall not undertake any Decommissioning Project until (a) full funding of the applicable Gross Turnkey Amount has been agreed to by Eni and Contractor, including receiving funds or securing a contractual commitment (such as a decommissioning agreement) from applicable third

parties for any such Decommissioning Project, or (b) Eni makes a Turnkey Election for any such Decommissioning Project.

Section 2.2 Invoicing. Contractor shall submit a monthly invoice to FWE III LLC, with a copy to Eni, summarizing the accrued Actual Decommissioning Costs for each Decommissioning Project. If Eni or FWE III reasonably disputes any portion of any invoice, Eni or FWE III shall notify Contractor within fifteen (15) days of receipt of the invoice in writing of the amount in dispute and the reasons thereof. Contractor will provide reasonable and appropriate documentation to substantiate the charges on the invoice.

Section 2.3 Payment. For each Decommissioning Project, Eni shall pay to Contractor and Contractor shall receive, payment of the full agreed Eni Net Turnkey Amount or Gross Turnkey Amount (in the event a Turnkey Election was made), as adjusted pursuant to Section 1.7 and subject to Section 1.8. For the avoidance of doubt, such payment shall include Eni's share of any Agreed Excess Qualified Conditions Costs pursuant to Section 1.8 up to the Qualified Conditions Cap or Excess Regulatory Costs, provided Eni shall have no obligation to tender any such payment contemplated in this Section 2.3 until Contractor delivers to FWE III and to Eni (i) a Site Clearance (as defined in Appendix 1) with respect to such Specified Interest; and (ii) an invoice and/or billing statement outlining in detail the Decommissioning work actually performed for such Decommissioning Project itemized by the applicable Decommissioning Project on Exhibit A, along with supporting documentation. Notwithstanding the foregoing but subject to Section 3.1, if Contractor has achieved all requirements of Site Clearance of a particular Decommissioning Project but BOEM has failed to issue the applicable approval required under the definition of Site Clearance with respect to such Decommissioning Project within the forty-five (45) day period immediately following Contractor's proper request and submission for such approval from BOEM, and *provided that* BOEM's failure to issue an approval in such forty-five (45) day period is not due to the fault or other act or omission of Contractor or any person for whom Contractor is responsible under this Agreement, including but not limited to Contractor failing to meet BOEM's requirements to receive such approval, "Site Clearance" for the purposes of this Section 2.3 shall be deemed to have been achieved and Contractor shall be entitled to the applicable payment provided that Contractor submits to Eni all documents provided to BOEM to obtain such Site Clearance. Notwithstanding anything to the contrary herein, the payments made by Eni in satisfaction of the obligations set forth herein, shall not exceed twenty million dollars (\$20,000,000.00) on an annual basis for any given calendar year; provided that (i) if Eni has delivered a Turnkey Notice, or (ii) if Eni is required, pursuant to an order from any governmental or regulatory authority, to perform any Decommissioning Project on a schedule that is more accelerated than contemplated on Exhibit A, then such annual limitation will be increased above twenty million dollars (\$20,000,000.00) to the extent such increase is necessitated to perform the Decommissioning Project contemplated in subparts (i) and (ii) of this sentence. Such payment will be made by wire transfer in immediately available funds to a bank account designated by Contractor. Notwithstanding anything herein to the contrary in this Agreement, any amounts paid by Eni for a Decommissioning Project pursuant to this Section 2.3, shall be net of any proceeds realized by Contractor from the sale of hydrocarbons produced from the underlying Specified Asset of a Decommissioning Project identified on Exhibit A after the Effective Date. For the

avoidance of doubt, such proceeds shall be netted on the percentage basis attributed to Eni in the “Eni Ownership (%)” as indicated on Exhibit A for such particular Specified Asset.

Section 2.4 Surety Bonds. Eni may apply to any amounts owed hereunder any available proceeds from surety bonds that cover the Decommissioning of any applicable Decommissioning Projects. Eni shall bear all costs and risks associated with such surety bonds.

Section 2.5 Audit Rights. Eni shall have the right to conduct, during normal business hours upon at least thirty (30) days’ prior written notice, an audit of Contractor’s records to the extent related to any amount charged to Eni hereunder. These audit rights shall survive the termination of this Agreement for a period of twelve (12) months.

Section 2.6 Waiver and Release. Within ninety (90) days following the completion of a Decommissioning Project and only if (i) all amounts payable under this Agreement by Eni with respect to that Decommissioning Project have been paid by Eni in accordance with this Agreement and (ii) Eni has completely performed in accordance with this Agreement all of its obligations under this Agreement with respect to that Decommissioning Project, Contractor shall execute and deliver legal instruments in form and substance that are acceptable to Eni acting reasonably whereby Contractor: (a) acknowledges and agree that all amounts payable under this Agreement by Eni with respect to that Decommissioning Project have been paid by Eni in accordance with this Agreement; (b) waives, releases and forever discharges the members of the Predecessor Group from any and all Claims arising out of or relating to that Decommissioning Project; (c) acknowledges and agrees that Eni has completely performed in accordance with this Agreement all of its obligations under this Agreement with respect to that Decommissioning Project; and (d) acknowledges that Contractor has fully paid any non-disputed amounts owed to third parties in connection with such Decommissioning Project.

ARTICLE III. TERM

Section 3.1 Term and Survival. Subject to the condition precedent in Section 3.5 below, the term of this Agreement shall be from and after the Effective Date until (i) the Decommissioning Projects are completely Decommissioned in accordance with Performance Standards and (ii) Contractor has delivered a Site Clearance (as defined in Appendix 1) to FWE III and to Eni with respect to such Specified Interest, unless terminated earlier as provided in this Article III. In the event of termination pursuant to this Article III, Article II, and the terms and conditions set forth in Appendix 1, each of the foregoing shall survive such termination for four (4) years following the date of termination; provided, however, the definitions set forth in Appendix 1, the terms of Article V and Article VI, and the defined terms set forth in this Agreement shall survive indefinitely; provided further, Eni shall pay Contractor for any Decommissioning Projects completed prior to the date of termination in accordance with the terms of this Agreement. Following the termination or expiration of this Agreement, as applicable, in the event BOEM/BSEE issues an order with respect to any Specified Asset which indicates that the Decommissioning for such Decommissioning Project was not performed in accordance with the Performance Standards, then Contractor shall promptly cause, at its sole cost and expense, any

such Specified Asset that was the subject of a specific Decommissioning Project to be further Decommissioned in accordance with the Performance Standards.

Section 3.2 Termination by Eni for Particular Asset. Eni may terminate this Agreement as to any Decommissioning Project and/or require FWE III to competitively bid the decommissioning services with respect to a Decommissioning Project in the event Contractor is in breach of this Agreement with respect to such Decommissioning Project, and such breach remains outstanding thirty (30) days after Eni or FWE III have provided written notice of such breach to Contractor; provided, however, any such termination shall be limited to the applicable Decommissioning Project and the remainder of this Agreement shall survive in full force and effect in accordance with the terms set forth herein.

Section 3.3 Termination by Eni or Contractor. Contractor or Eni may terminate this Agreement as to a particular Decommissioning Project if, within three (3) years of the Effective Date, (i) a Turnkey Election is not made by Eni for such Decommissioning Project, or (ii) contractual commitments for full funding of the Gross Turnkey Amount for such Decommissioning Project has not been received; provided, however, in the event that a Party is entitled to a right of termination pursuant to subpart (i) or subpart (ii) of this Section 3.3, such termination shall be limited to the applicable Decommissioning Project and the remainder of this Agreement shall survive in full force and effect in accordance with the terms set forth herein.

Section 3.4 Suspension by Contractor. Contractor may suspend performance under this Agreement if Eni is in breach of this Agreement, and such breach remains outstanding for thirty (30) days after Contractor has provided written notice of such breach to Eni. All schedules and timelines in this Agreement shall be tolled until such breach is remedied.

Section 3.5 Condition Precedent. This Agreement shall become effective only in the event that on or before September 30, 2021 (except as otherwise mutually agreed by the Parties), Contractor has received all necessary approvals by applicable regulatory authorities to act as a qualified operator in the Gulf of Mexico.

ARTICLE IV. NOTICE

Section 4.1 Notice Addresses. All notices and correspondence required or permitted to be given by one Party to another hereunder shall be made in writing and shall be delivered to the appropriate Party at the address specified below either by hand, by nationally recognized overnight delivery service or by electronic delivery, unless a different address for notice or copy thereof is changed by notice, with copies to such other parties or addresses as a Party may designate by notice (each, a “**Notice**”). Notices sent by hand delivery or nationally recognized overnight delivery service shall be deemed to have been received upon the recipient’s actual receipt of such Notice. Notices sent by electronic delivery shall be deemed to have been received (i) on the date such transmission was sent if it was sent prior to 5:00 p.m. (at the recipient’s local time) on a business day; or (ii) on the next business day following the date such transmission was sent if it

was sent after 5:00 p.m. (at the recipient's local time) on any business day or at any time on a non-business day.

(a) Each Party warrants that, in connection with this Agreement, it and its affiliates will comply with all applicable anti-bribery and corruption, anti-money laundering, trade control, and sanctions laws and regulations, such as the Bribery Act 2010 of the United Kingdom, Foreign Corrupt Practices Act 1977 of the United States of America, and the Australian Criminal Code of 1995, as amended, Division 70 – Bribery of foreign public officials, and the OECD Convention on Combating Bribery of Foreign Public Officials in International Business Transactions, and all applicable successor legislation, and in any event, will not and will procure that its employees and third party providers (including its subcontractors, agents and other intermediaries) will not offer, give or agree to give any person whosoever, or solicit, accept or agree to accept from any person, either directly or indirectly, anything of value in order to obtain, influence, induce or reward any improper advantage (the “**Anti-Corruption Obligation**”).

(b) Contractor and FWE III each represent and warrant that it has reviewed and understood: (a) the general standards of transparency of the sensitive activities related to the Model 231 pursuant to Legislative Decree 231/2001 and Eni’s Supplier Code of Conduct, adopted by Eni; (b) the Anti-Corruption Management System Guidelines of Eni; and (c) Eni’s Statement on respect for human rights. ARTICLE VI. MISCELLANEOUS

Section 6.1 Entire Agreement. This Agreement (together with the schedule, exhibits, and appendices hereto, which are incorporated herein by reference), the Implementation Agreement of even date herewith, and the other Definitive Documents constitute the entire agreement among the Parties with respect to the subject matter hereof and supersede any other representations, understandings or agreements (whether written, oral or otherwise) that may have been made, understood or entered into by the Parties or any of their respective affiliates relating to the transactions contemplated hereby or the subject matter hereof.

Section 6.2 Successors and Assigns. This Agreement is personal as to each Party and shall not be assigned without the other Parties' consent; *provided* that the foregoing shall not apply if Contractor assigns this Agreement in total:

- (a) along with all of its personnel who are performing any part of the services hereunder to another entity *provided*, that no such assignment by Contractor, or any subsequent assignment or Transfer of ownership (other than, in each case, a Transfer that conforms with the

requirements of subpart (b) below), shall relieve Contractor of its obligations under this Agreement; or

(b) to an acquirer of all or substantially all of Contractor's employees providing services hereunder provided that: (i) such acquirer has a Tangible Net Worth of at least five (5) times the then-current P90 estimate of the remaining Decommissioning Projects to be Decommissioned in accordance with the Performance Standards and, (ii) at the time of the assignment, at least seventy percent (70%) of the Work (as defined in Appendix 1) described in the Decommissioning Schedule set forth on Exhibit A, based on the Eni Net Turnkey Amount, has been Decommissioned in accordance with the Performance Standards (a "Permitted 3rd-Party Assignment"). If any platform described on Exhibit A has not been Decommissioned in accordance with the Performance Standards ("Remaining Platforms") at the time of any Permitted 3rd Party Assignment made pursuant to this Section 6.2, the Credit Bid Purchaser shall cause the assignee to deliver, as conditions of the assignment, with evidence of their respective satisfaction prior to the effectiveness of such assignment, (i) a windstorm and casualty policy, at the expense of assignee, with a limit of not less than the total amount of the then-current P90 estimate of the Remaining Platforms, with applicable endorsements and other requirements as set forth on Exhibit C of Appendix 1, covering the Remaining Platforms that have not been Decommissioned in accordance with the Performance Standards, which such policy shall have a deductible reasonably acceptable to Eni and shall be required to be maintained throughout the Decommissioning of the Remaining Platforms in accordance with the Performance Standards; and (ii) an express assumption and agreement by assignee to the terms and obligations, accrued or unaccrued, contemplated in this Agreement.

(c) For purposes of this Agreement, "**Tangible Net Worth**" of any assignee means, as of any date of determination, the positive difference, if any, of the total assets of such assignee minus total liabilities of such assignee, with total assets and total liabilities each to be determined in accordance with generally accepted accounting principles applicable to such assignee, *excluding, however*, from the determination of total assets (i) patents, patent applications, trademarks, copyrights and trade names, (ii) goodwill, organizational, experimental, research and development expense and other like intangibles, , and (iii) unamortized debt discount and expense. For purposes of this Agreement, "**Transfer**" means the assignment, transfer, equity sale, merger, divisive merger, or hypothecation, as well as any change of control transaction.

Section 6.3 Amendment. This Agreement may be amended or modified in whole or in part, and terms and conditions may be waived, only by a duly authorized agreement in writing which makes express reference to this Agreement and is executed by each Party.

Section 6.4 Severability. If any provision of this Agreement is held invalid or unenforceable by any court of competent jurisdiction, the other provisions of this Agreement shall remain in full force and effect. The Parties further agree that if any provision contained herein is, to any extent, held invalid or unenforceable in any respect under the laws governing this Agreement, they shall take any actions necessary to render the remaining provisions of this Agreement valid and enforceable to the fullest extent permitted by law and, to the extent necessary, shall amend or otherwise modify this Agreement to replace any provision contained herein that is

held invalid or unenforceable with a valid and enforceable provision giving effect to the intent of the Parties to the greatest extent legally permissible.

Section 6.5 Counterparts. This Agreement may be executed in two or more counterparts, each of which shall be deemed an original, but all of which together shall constitute one and the same instrument. Any .pdf or other electronic transmission of an executed signature page to this Agreement shall, for all purposes, be deemed an original.

Section 6.6 Further Assurances. Subject to the terms and conditions of this Agreement, each Party shall use its reasonable efforts to take, or cause to be taken, all actions and to do, or cause to be done, all things necessary or desirable, under applicable law or otherwise, to consummate or implement the transactions contemplated by this Agreement. The Parties agree to and shall execute and deliver all such other documents, certificates, agreements, and other writings and shall take all such other actions as may be necessary or desirable in order to consummate or implement expeditiously the transactions contemplated in this Agreement in accordance with the terms hereof, including but not limited to any actions or agreements reasonably necessary as a result of the presence of a Qualified Condition or Regulatory Change.

EXHIBIT D to APPENDIX 1

DRUG AND ALCOHOL POLICY

PURPOSE

This policy implements Contractor's effort to enhance the safety of its operations and to provide its employees an opportunity to work in an environment free of drugs and alcohol. Contractor will deter alcohol and drug abuse by prevention through education, detection through testing, and disciplinary action when warranted.

POLICY

Contractor prohibits:

- employees possessing or consuming alcohol or drugs while working;
- employees working while under the influence of alcohol or drugs; and
- employees possessing or consuming drugs while not working.

EXCEPTIONS

Contractor permits employee possession of prescription drugs in containers that bear the doctor's and employee's name and a prescription date less than one year old, and permits the safe use of those drugs for the prescribed purposes, but Contractor does not permit employees to work while under the influence of prescription medications that may have an adverse effect on the employee's fitness for duty.

Contractor permits possession and moderate, lawful consumption of alcohol at business-related social functions that have been appropriately authorized by management, but prohibits employees and other attendees from working or operating motor vehicles after such a function if their abilities may have been impaired by alcohol.

DEFINITIONS

"Employees" means (for purposes of this policy only) all regular full-time, regular part-time or temporary employees, all Contractor independent contractors and agents, and all other persons using Contractor equipment, vehicles or boats (including those owned, used, rented or leased by or for Contractor) or performing duties on Contractor premises or property.

"Drugs" means (1) marijuana, cocaine, opiates, phencyclidine (PCP) and amphetamines; and (2) any other substances specified in Schedule I through V of the federal Controlled Substances Act whether or not prescribed for employee use by a physician.

"Test" means a drug test and/or alcohol test using urine and/or blood samples, conducted in accordance with this policy and Contractor testing procedures.

"Working" means reporting for work, performing job duties, engaging in business-related travel or entertainment, operating any Contractor equipment, vehicle or boat (including those owned, used, rented or leased by or for Contractor), being on Contractor property or premises, or attending any Contractor-related business or social function.

TESTING AND DISCIPLINE

Contractor may require employees to submit to tests to determine the presence of drugs or alcohol. If an employee's test yields a verified positive result, their employment will be terminated immediately. In the case of a verified positive pre-employment test result, any offer of employment will be automatically withdrawn.

A refusal to take a test, failure to cooperate with a test, an attempt to tamper with a specimen, violation of Contractor testing policies or procedures or any attempt to subvert Contractor testing policies or procedures will have the same consequences as failing a drug test – immediate termination of employment or withdrawal of offer of employment.

The Contractor human resources department maintains written procedures for testing, which may be changed by Contractor at any time, for any reason. The procedures are available for employee review.

EMPLOYEE DRUG CONVICTIONS

As required by the Drug Free Work Place Act of 1989, any employee convicted of any violation of any criminal drug statute must notify management of the conviction no later than five (5) days after a conviction. Failure to give notice shall result in the employee's termination. The management personnel given the notice will immediately notify the human resources department of any reported conviction. Contractor may terminate any employee convicted of a drug-related crime regardless of the results of any administered drug test.

PRE-EMPLOYMENT TESTING

All applicants for employment at Contractor shall undergo a pre-employment drug test within 24 hours of Contractor's request.

POST ACCIDENT TESTING

Contractor will test each employee whose performance either contributed to an accident or cannot be completely discounted as a contributing factor to the accident, if the accident:

- results in a death or a personal injury necessitating medical attention;

Exhibit D to Appendix 1

Page 2 of 5

- results in an explosion or fire;
- causes a significant damage to or loss of property;
- requires the emergency shut-down of an operation or facility;
- is a reportable incident regarding a gas pipeline facility under 49 CFR Part 191; or
- is a reportable accident involving pipeline facilities used in the transportation of hazardous liquids under 49 CFR Part 195.

In addition to the mandatory post-accident testing described above, Contractor may, in its sole discretion, also require post-accident testing following any accident that it determines is significant and warrants post-accident testing.

RANDOM TESTING

Contractor will conduct random testing on employees at certain Contractor facilities designated by the Vice President of Exploration and Production, the Vice President of Human Resources, and the Sr. Vice President and General Counsel. Procedures for selecting employees for random testing are stated in Contractor's written procedures for testing.

REASONABLE CAUSE TESTING

Contractor will test an employee when there is reasonable cause to believe that the employee is using a drug or is under the influence of alcohol. "Reasonable cause" depends on the circumstances of each case. It includes observation of an employee's:

- unauthorized use or possession of alcohol while working;
- use or possession of drugs;
- slurred speech;
- unsafe actions;
- inability or difficulty in performing routine tasks effectively;
- unsteady standing or walking;
- disorientation or confusion; or
- erratic or unusual behavior.

It may also include:

- concerns about the employee's fitness for duty;
- an employee's voluntary admission of the prohibited use of alcohol or drugs;
- an employee's arrest or conviction for a drug-related offense, or the identification of an employee as the focus of a criminal investigation into illegal drug possession, use or trafficking;
- information related to employee drug use or prohibited alcohol use provided by reliable and credible sources or independently corroborated by Contractor;
- evidence that an employee has tampered with a drug test;
- the odor of alcohol, marijuana, or any other drug; or

Exhibit D to Appendix 1

Page 3 of 5

- an employee's operation of a Contractor vehicle after leaving an establishment where alcohol is served.

Reasonable cause for testing may arise in circumstances in addition to those specified above. A test for reasonable cause will be conducted only upon concurrence of at least two of the employee's supervisors, one of whom is trained in the detection of the possible symptoms of drug and alcohol use. A drug test for reasonable cause will also require the concurrence of either the Vice President of Human Resources or the Sr. Vice President and General Counsel (either of whom may also constitute the concurring supervisors).

OTHER TESTING

If an employee transfers to a facility designated for random testing, a drug test will be required before transfer. If an employee is on a leave of absence from a facility designated for random testing, a drug test may be required before the employee may return to work. Employees may be drug tested upon commencing or ending multiple-day work shifts on offshore facilities.

MEDICAL REVIEW OFFICER

Contractor has designated a licensed physician with knowledge of drug abuse disorders as its medical review officer ("MRO"). The MRO reviews and interprets positive test results obtained through Contractor's testing program. The MRO is responsible for verifying positive test results. The MRO examines alternative medical explanations for any positive test results, and reviews all medical records made available by the tested employee when a confirmed positive drug test could have resulted from legally prescribed drugs. Contractor's test procedures describe the process under which the MRO reviews information, gives the tested employee an opportunity to discuss the test result, and otherwise determines whether the test result should be reported as negative or should be reported as a verified positive test.

RE-TESTING AT THE EMPLOYEE'S REQUEST

An employee may submit a written request to the MRO within 72 hours of receipt of a verified positive drug test, asking that the employee's original specimen be re-tested. Employees are entitled to only one re-test of each specimen. Re-testing procedures are stated in the written procedures for testing maintained by the Contractor's human resources department.

EMPLOYEE EDUCATION AND TRAINING

Employees at the facilities designated for random testing will participate in a training program that addresses the consequences of alcohol and drug use on personal health, safety, and the work environment. The program will also address indicators of alcohol and drug use and abuse. Informational materials (including a community service drug hot-line telephone number for employee assistance), and Contractor's policy regarding drug and alcohol use in the work place will be distributed as part of the training program.

In addition to training for all employees, supervisors of the designated facilities will receive annual training of specific contemporaneous physical, behavioral and performance indicators of probable drug use.

VOLUNTARY REHABILITATION

Employees are encouraged to seek treatment for any alcohol or drug problem before being in a situation that may warrant a test. Upon request, the Contractor's human resources department will refer employees to an independent treatment program.

Medical and disability benefits will be provided for treatment to the extent available under Contractor's medical and disability plans. Employees referred by Contractor to a treatment program and employees seeking Contractor medical or disability benefits for treatment must consent to the disclosure of all treatment-related information to Contractor. An employee's employment shall be terminated if they do not cooperate with treatment, if they leave a treatment program before being discharged, or if they violate this policy after returning to work following treatment.

IMPLIED CONSENT

Employees are conclusively deemed to consent to cooperate in maintaining a work place free from the effects of alcohol and drugs through the use and enforcement of this and related corporate policies and procedures.

SEARCH AND SEIZURE POLICY

NOTICE TO ALL PERSONNEL

It is the Contractor's belief that the misuse of drugs, alcohol, or any substance having a physiological, psychological, or biochemical effect impairs a person's health and performance and creates unsafe working conditions. Contractor is committed to maintaining a productive, safe and healthy work environment, free of unauthorized drug and alcohol usage. In order to achieve this objective, Contractor has adopted a Drug and Alcohol Policy. All Contractor personnel are required to comply with the policy.

The use, possession, distribution or sale of unauthorized drugs by anyone while on Contractor premises or while engaged in Contractor business is prohibited. A person reporting for work on Contractor premises with unauthorized drugs and/or alcohol in his/her body is in violation of this policy.

RECITALS

WHEREAS, FWE III is a resulting entity of a divisive merger effected in connection with the confirmed plan of reorganization of Chapter 11 Case 20-33948, In re: Fieldwood Energy LLC et al., in the United States Bankruptcy Court for the Southern District of Texas, Houston Division;

WHEREAS, Eni is identified as a predecessor-in-interest of the Specified Assets (as defined below);

WHEREAS, Eni and FWE III have requested that Contractor provide certain decommissioning and removal services with respect to the Specified Assets, upon the terms and conditions set forth herein, and Contractor has agreed to do so.

NOW, THEREFORE, in consideration of the premises and of the mutual promises, covenants, conditions, and agreements contained herein, and for other valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the Parties hereby agree as follows:

**ARTICLE I.
SERVICES**

Section 1.1 Services. Subject to the terms of this Agreement, including the Performance Standards (as defined below), with respect to the interests identified on Schedule 1 of this Agreement (the “**Specified Interests**”), Contractor will perform (i) the Agreed Activities, (ii) the Initial Safe Out, and (iii) plug, abandon, decommission, remove when reefing or burial are not allowed, and salvage as appropriate (“**Decommission**” or “**Decommissioning**”) certain platforms, wells, pipelines, facilities and equipment (including production equipment) located at, and any

hydrocarbons produced from, if applicable, the Specified Interests (collectively the “**Specified Assets**”) on a lump sum, project-by-project, turnkey payment basis as contemplated in this Agreement.

Section 1.2 Turnkey Amounts.

(a) Contractor will earn a single turnkey payment in exchange for completing the Decommissioning for each decommissioning project identified on Exhibit A hereto (each a “**Decommissioning Project**”). The total turnkey amount for each Decommissioning Project set forth on Exhibit A shall be set forth (i) on a gross 8/8ths basis (the “**Gross Turnkey Amount**”) and (ii) Eni’s individual net share of such Gross Turnkey Amount (such amount, the “**Eni Net Turnkey Amount**”). Without limitation of Eni’s share of any Agreed Excess Qualified Conditions Costs pursuant to Section 1.8 up to the Qualified Condition Cap or any Excess Regulatory Costs pursuant to Section 1.7, (i) the aggregate sum of Gross Turnkey Amounts for the Decommissioning Projects shall not exceed \$95,755,436.46, and (ii) the aggregate sum of Eni Net Turnkey Amounts for the Decommissioning Projects shall not exceed \$57,325,130.98. The Parties acknowledge and agree that except as provided in this Agreement or the Implementation Agreement (as defined below), neither Contractor nor Eni shall have any obligation to Decommission any Specified Assets which are not identified on Exhibit A.

(b) Subject to the terms of this Agreement, each Gross Turnkey Amount for each applicable Decommissioning Project shall be inclusive of all costs, expenses, taxes and reasonable overhead (in accordance with COPAS provisions attached to the Contract Operating Agreement as defined in Section 1.12) associated with a particular Decommissioning Project, including all third-party costs, any fixed and/or capital costs, and taxes as necessary to meet the Performance Standard (collectively, the “**Actual Decommissioning Costs**”). Contractor shall be paid the applicable Eni Net Turnkey Amount for each completed Decommissioning Project, unless Eni makes a Turnkey Election pursuant to Section 1.4 below, in which case, Contractor shall be paid the applicable Gross Turnkey Amount; provided, however, in either case, the payment shall be made pursuant to Section 2.3 of this Agreement.

(c) Contractor shall have a profit opportunity following the completion of Decommissioning for any Decommissioning Project if it is able to Decommission such Decommissioning Project for a lower Actual Decommissioning Cost (i) net to the interests of Eni, as set forth in Decommissioning Project Schedule on Exhibit A in the column labeled “Eni Ownership (%)”, than the Eni Net Turnkey Amount, provided, that Eni did not make a Turnkey Election for such Decommissioning Project, or (ii) than the Gross Turnkey Amount if a Turnkey Election was made by Eni. The Parties acknowledge and agree that once Eni has paid Contractor the Eni Net Turnkey Amount or Gross Turnkey Amount, as applicable, Eni shall have (subject to Sections 1.4, 1.6, 1.7, and 1.8) no further obligations (monetary or otherwise) with respect to the applicable Decommissioning Project, and Contractor shall bear the risk that the Actual Decommissioning Costs of a Decommissioning Project exceed the applicable Eni Net Turnkey Amount in the event no Turnkey Election is made, or the Gross Turnkey Amount attributed to such Decommissioning Project, in the event a Turnkey Election is made.

Section 1.3 Commencement of Decommissioning Projects. Without limitation of Contractor's obligations under Section 1.5, Contractor shall not be obligated to commence a Decommissioning Project until the earlier of (i) receipt by Eni and other joint and several parties of a BOEM/BSEE order(s) requiring such Decommissioning and full funding for such Decommissioning Project has been agreed upon in accordance with Section 2.3, or (ii) Eni makes a Turnkey Election for such Decommissioning Project; provided that the Decommissioning Project Schedule on Exhibit A shall be modified to address either such event.

Section 1.4 Turnkey Election. Eni shall have the right, but not the obligation (in Eni's sole discretion), to make an irrevocable election to agree to pay to Contractor the Gross Turnkey Amount for any particular Decommissioning Project (a "**Turnkey Election**"). In order to make a Turnkey Election, Eni shall provide Notice of its election to Contractor and FWE III, specifically identifying the Decommissioning Project to which the Turnkey Election applies (a "**Turnkey Notice**"). Upon receipt of a Turnkey Notice, Contractor shall promptly commence the applicable Decommissioning Project. Notwithstanding anything to the contrary contained in this Agreement, the Eni Term Sheet Implementation Agreement by and among (a) Fieldwood Energy LLC and its affiliated debtors and debtors in possession in the jointly administered Chapter 11 cases pending before the Honorable Marvin Isgur under Case No. 20-33948, (b) Eni Petroleum US LLC, and (c) the Credit Bid Purchaser dated of even date herewith (the "**Implementation Agreement**"), or any other Eni Definitive Documents (as defined in the Implementation Agreement), in the event Eni makes a Turnkey Election: (i) Eni agrees to pay Contractor the applicable Gross Turnkey Amount, subject to the terms of Section 2.3, plus, as applicable, any Agreed Excess Qualified Conditions Costs pursuant to Section 1.8 up to the Qualified Condition Cap or any Excess Regulatory Costs pursuant to Section 1.7, (ii) Contractor assumes the risk that the actual costs for the Decommissioning Project, performed in accordance with the Performance Standards, and excluding any costs for "Excluded Wells" and/or "Eligible Well Intervention Costs" (as such terms are defined in the Implementation Agreement) with respect to any particular "Temporary Abandoned Well" (as such term is defined in the Implementation Agreement) pursuant to Section 7 of the Implementation Agreement, exceed the Gross Turnkey Amount, plus, as applicable, any Agreed Excess Qualified Conditions Costs pursuant to Section 1.8 (up to the Qualified Condition Cap) and any Excess Regulatory Costs pursuant to Section 1.7, and (iii) Eni shall have the right to seek contribution from third parties for any share of the Gross Turnkey Amount. In the event Eni makes a Turnkey Election for any Decommissioning Project, Eni may assign its rights in this Agreement insofar as it covers such Decommissioning Project (to the extent that it relates to Eni's prior undivided interests in the Specified Assets) to any third party or parties with joint and several liability for such Decommissioning Project, provided that Eni shall remain responsible for all of its obligations hereunder in relation to such Decommissioning Project.

Section 1.5 Initial Safe Out. With respect to the Decommissioning Projects, Contractor shall promptly perform the operations necessary to safe-out and otherwise perform preparatory activities in accordance with the Performance Standards to put such assets into a mechanical and operational state such that they are hydrocarbon free and ready to be Decommissioned (the "**Initial Safe Out**"). The Initial Safe Out for all Decommissioning Projects shall be completed no later than

December 31, 2021, unless agreed to in writing by Eni, such consent not to be unreasonably withheld, delayed or conditioned.

Section 1.6 Qualified Conditions. If it is discovered that any qualified condition(s) identified on Exhibit B (“**Qualified Conditions**”) is present and is reasonably likely to result in additional costs or expenses to Contractor in excess of the existing Gross Turnkey Amount, either Contractor or Eni may provide Notice to the other, and for thirty (30) days following receipt of such Notice, the Parties shall work together in good faith to agree, as applicable, upon (i) any excess costs and expenses for such Qualified Conditions above the existing Gross Turnkey Amount or an alternative cost arrangement for an existing Decommissioning Project, and/or (ii) a Gross Turnkey Amount for a Specified Asset that is not already included in a Decommissioning Project as provided in Section 1 of Exhibit B ((i) and (ii) collectively, the “**Excess Qualified Conditions Costs**”). In the event the Parties are unable to reach an agreement with respect to (i) the existence of a Qualified Condition or (ii) the Excess Qualified Conditions Costs attributable to a Qualified Condition, the Parties may submit the matter for Expert Determination, as provided in Section 1.10 below. As either agreed by the Parties or determined by Expert Determination, any such Excess Qualified Conditions Costs are the “**Agreed Excess Qualified Conditions Costs.**”

Section 1.7 Regulatory Changes. If any regulatory body either (i) issues a new regulation(s) that increases the cost to conduct a Decommissioning Project in accordance with Performance Standards, or (ii) designates additional sand sediment areas requiring pipeline removal as opposed to abandonment in place for any Decommissioning Project that did not already assume pipeline removal, following thirty (30) days prior written notice by Contractor to Eni, Eni and Contractor shall negotiate in good faith as to the existence of any regulatory change, and any necessary excess costs above the existing Gross Turnkey Amount for any affected Decommissioning Projects (“**Excess Regulatory Costs**”) to take into account the incremental costs required to complete any such Decommissioning Project. For the avoidance of doubt, new regulations include but are not limited to, NTLs, BSEE or BOEM national, regional or district policies and requirements, executive and Secretary of Interior orders and new and revised CFR regulations that govern or affect decommissioning. In the event that of new regulations, then (i) the Excess Regulatory Costs therefor shall be as agreed upon by the Parties, or (ii) if Eni and Contractor are unable to agree on the amount of Excess Regulatory Costs for a particular Decommissioning Project, then such Excess Regulatory costs shall be determined on a cost-plus 15% basis where costs are actual, reasonable third-party costs necessary for Decommissioning in accordance with Performance Standards.

Section 1.8 Qualified Conditions Cap. Without limitation of and subject to Section 1.7, above, but subject to the existence of a Qualified Condition, Contractor shall assume the risk that the costs to Decommission a Decommissioning Project exceeds the Eni Net Turnkey Amount attributed to such Decommissioning Project, in the event no Turnkey Election is made, or the Gross Turnkey Amount attributed to such Decommissioning Project, in the event a Turnkey Election is made. In the event of a Qualified Condition, Eni and Contractor shall share in any Agreed Excess Qualified Conditions Costs related to the Qualified Condition(s) in excess of the relevant Eni Net Turnkey Amount (or the Gross Turnkey Amount if the Turnkey Election is made) up to, on an aggregated basis of all Decommissioning Projects, fifteen million and 00/100 dollars (\$15,000,000) (the “**Qualified Condition Cap**”) as follows: (i) Eni shall be responsible for the first five million and 00/100 dollars (\$5,000,000) of Agreed Excess Qualified Conditions Costs

related to Qualified Conditions, and (ii) Eni shall be responsible for 75% and Contractor shall be responsible for 25% of the remaining Agreed Excess Qualified Conditions Costs up to the Qualified Condition Cap. Eni's responsibility for any Agreed Excess Qualified Conditions Costs related to a Qualified Condition shall not commence until the full amount of the relevant Eni Net Turnkey Amount, or if the Turnkey Election is made, the relevant Gross Turnkey Amount, have been incurred. The calculation and application of these amounts (including such Agreed Excess Qualified Conditions Costs) shall be limited to the percentage portion (based on the "Eni Ownership (%)") as indicated on Exhibit A) for a particular Decommissioning Project in the event Eni did not elect to make the Turnkey Election with regard to such Decommissioning Project. In the event that one or more Qualified Conditions results in costs that exceed the Qualified Condition Cap, Eni's liability for any additional costs shall terminate once the Qualified Condition Cap has been reached and Eni shall have no further liability for any costs or the performance of any obligations associated with any Qualified Condition or the applicable Decommissioning Project.

Section 1.9 Terms and Conditions. The Parties agree that the performance of the Agreed Activities, the Initial Safe Out, and each Decommissioning Project shall be performed in accordance with the terms and conditions of this Agreement. Eni agrees that Contractor will have met the required standard of performance under this Agreement if it performs the Agreed Activities, the Initial Safe Out, and such Decommissioning Project consistent with required laws, rules and regulations promulgated by governing regulatory agencies, including but not limited to BOEM and BSEE; consistent with any applicable third-party contracts; and consistent with the Decommissioning Schedule set forth on Exhibit A (the "**Performance Standards**").

Section 1.10 Expert Determination. If the Parties cannot agree on (i) the existence of a Qualified Condition or (ii) the Excess Qualified Condition Costs as contemplated above (the "**Qualified Condition Dispute**") after good faith negotiations, either Eni or Contractor may submit the matter for expert determination according to the procedure outlined in this Section 1.10. Prior to submitting such matter to the Expert (as defined below), the Party intending to make the submission shall provide written notice to the other Party of such intent. If the Parties are unable to agree upon resolve the Qualified Condition Dispute within fifteen (15) days following the other Party's receipt of the notice provided herein, the Party intending to submit the matter to the Expert may so submit such matter to the Expert for final and binding determination. To submit the determination of the Qualified Condition Dispute to the Expert, the Parties shall each provide the Expert with (a) such data and information as is necessary for the Expert to be able to determine the resolution of the Qualified Condition Dispute, such data and information shall include applicable well data and information related to any structures, pipelines, facilities and other assets associated with the Decommissioning Project. The Expert shall, within fifteen (15) days of receiving such data and information, make its determination of the Qualified Condition Dispute using the data and information it has received from the Parties. In making its determination hereunder, the Expert (i) shall be bound by the provisions of this Section 1.10 and (ii) if the Qualified Condition Dispute relates to the amount of the Excess Qualified Condition Costs, the Expert may not assign a value to the Excess Qualified Condition Costs greater than the value provided by Contractor or less than the value provided by Eni. If, prior to the Expert finalizing its determination that the Qualified Condition Dispute relates to the amount of the Excess Qualified Condition Costs, the Expert, the Parties reach agreement, the Parties may withdraw the matter from the Expert. The determination of the Expert shall be final and binding on the Parties for all

purposes hereunder. The fees and expenses of the Expert under this Section 1.10 shall be borne one half by the Eni and one half by Contractor. The Parties agree to utilize TSB Offshore, Inc. as the Expert for the purposes herein (the “**Expert**”). If the party selected as the Expert is unable or unwilling to serve as the Expert hereunder the Parties shall agree on a newly identified Expert. If the Parties cannot agree after thirty (30) days of good faith negotiations, the Expert shall be selected by lot from among the nationally recognized independent engineering firms that have not represented any Party or its affiliates at any time during the three-year period of time immediately preceding its designation hereunder. For selection by lot, Eni shall provide two (2) options, and Contractor shall provide two (2) options. The Parties designate Opportune, LLP to make the selection by lot.

Section 1.11 Contributions from Other Predecessors. FWE III will use commercially reasonable efforts to obtain reimbursement and/or contribution for Decommissioning activity that is available under contract or applicable law, including from any other record title and/or operating rights interest holders and predecessors-in-interest other than Eni to the extent practicable and from available surety bonding other than Eni’s bonds; provided that, for the avoidance of doubt, FWE III shall not be required to incur any out-of-pocket costs or obligations in connection with such efforts. In addition, FWE III shall obtain the written consent of Eni, not to be unreasonably withheld, delayed or conditioned, prior to entering into settlement negotiation(s), agreeing to a settlement, and/or initiating dispute resolution regarding the Specified Assets, including with respect to obtaining contributions for decommissioning from other record title and/or operating rights interest holders and predecessors-in-interest or obtaining funds from surety bonds for decommissioning.

Section 1.12 Operations. Contractor will manage, on behalf of FWE III, the Specified Assets until the commencement of the Decommissioning pursuant to a contract operating agreement which is mutually acceptable to the Parties and by and between FWE III and Contractor (the “**Contract Operating Agreement**”). Except as set forth in the Implementation Agreement, Eni shall not be responsible for any operating costs associated with Eni’s interests for any Decommissioning Project. Management of the Specified Assets shall include, but not be limited to, as services provided: operations, production marketing (for producing assets), accounting and land/regulatory administration, including all actions necessary for compliance with the Turnkey Removal Additional Terms and Conditions set forth in Appendix 1. Notwithstanding anything to the contrary, the Parties acknowledge and agree that the members of the Predecessor Group shall receive the benefit of any indemnification provisions contained in the Contract Operating Agreement which are provided by Contractor in favor of FWE III as intended third party beneficiaries of such provisions.

ARTICLE II. FUNDING AND INVOICES

Section 2.1 Funding Commitment. Except with respect to the “Agreed Activities” (as such term is defined in the Plan) and the Initial Safe Out, which is governed by Section 1.5, Contractor shall not undertake any Decommissioning Project until (a) full funding of the applicable Gross Turnkey Amount has been agreed to by Eni and Contractor, including receiving funds or securing a contractual commitment (such as a decommissioning agreement) from applicable third

parties for any such Decommissioning Project, or (b) Eni makes a Turnkey Election for any such Decommissioning Project.

Section 2.2 Invoicing. Contractor shall submit a monthly invoice to FWE III LLC, with a copy to Eni, summarizing the accrued Actual Decommissioning Costs for each Decommissioning Project. If Eni or FWE III reasonably disputes any portion of any invoice, Eni or FWE III shall notify Contractor within fifteen (15) days of receipt of the invoice in writing of the amount in dispute and the reasons thereof. Contractor will provide reasonable and appropriate documentation to substantiate the charges on the invoice.

Section 2.3 Payment. For each Decommissioning Project, Eni shall pay to Contractor and Contractor shall receive, payment of the full agreed Eni Net Turnkey Amount or Gross Turnkey Amount (in the event a Turnkey Election was made), as adjusted pursuant to Section 1.7 and subject to Section 1.8. For the avoidance of doubt, such payment shall include Eni's share of any Agreed Excess Qualified Conditions Costs pursuant to Section 1.8 up to the Qualified Conditions Cap or Excess Regulatory Costs, provided Eni shall have no obligation to tender any such payment contemplated in this Section 2.3 until Contractor delivers to FWE III and to Eni (i) a Site Clearance (as defined in Appendix 1) with respect to such Specified Interest; and (ii) an invoice and/or billing statement outlining in detail the Decommissioning work actually performed for such Decommissioning Project itemized by the applicable Decommissioning Project on Exhibit A, along with supporting documentation. Notwithstanding the foregoing but subject to Section 3.1, if Contractor has achieved all requirements of Site Clearance of a particular Decommissioning Project but BOEM has failed to issue the applicable approval required under the definition of Site Clearance with respect to such Decommissioning Project within the forty-five (45) day period immediately following Contractor's proper request and submission for such approval from BOEM, and *provided that* BOEM's failure to issue an approval in such forty-five (45) day period is not due to the fault or other act or omission of Contractor or any person for whom Contractor is responsible under this Agreement, including but not limited to Contractor failing to meet BOEM's requirements to receive such approval, "Site Clearance" for the purposes of this Section 2.3 shall be deemed to have been achieved and Contractor shall be entitled to the applicable payment provided that Contractor submits to Eni all documents provided to BOEM to obtain such Site Clearance. Notwithstanding anything to the contrary herein, the payments made by Eni in satisfaction of the obligations set forth herein, shall not exceed twenty million dollars (\$20,000,000.00) on an annual basis for any given calendar year; provided that (i) if Eni has delivered a Turnkey Notice, or (ii) if Eni is required, pursuant to an order from any governmental or regulatory authority, to perform any Decommissioning Project on a schedule that is more accelerated than contemplated on Exhibit A, then such annual limitation will be increased above twenty million dollars (\$20,000,000.00) to the extent such increase is necessitated to perform the Decommissioning Project contemplated in subparts (i) and (ii) of this sentence. Such payment will be made by wire transfer in immediately available funds to a bank account designated by Contractor. Notwithstanding anything herein to the contrary in this Agreement, any amounts paid by Eni for a Decommissioning Project pursuant to this Section 2.3, shall be net of any proceeds realized by Contractor from the sale of hydrocarbons produced from the underlying Specified Asset of a Decommissioning Project identified on Exhibit A after the Effective Date. For the

avoidance of doubt, such proceeds shall be netted on the percentage basis attributed to Eni in the “Eni Ownership (%)” as indicated on Exhibit A for such particular Specified Asset.

Section 2.4 Surety Bonds. Eni may apply to any amounts owed hereunder any available proceeds from surety bonds that cover the Decommissioning of any applicable Decommissioning Projects. Eni shall bear all costs and risks associated with such surety bonds.

Section 2.5 Audit Rights. Eni shall have the right to conduct, during normal business hours upon at least thirty (30) days’ prior written notice, an audit of Contractor’s records to the extent related to any amount charged to Eni hereunder. These audit rights shall survive the termination of this Agreement for a period of twelve (12) months.

Section 2.6 Waiver and Release. Within ninety (90) days following the completion of a Decommissioning Project and only if (i) all amounts payable under this Agreement by Eni with respect to that Decommissioning Project have been paid by Eni in accordance with this Agreement and (ii) Eni has completely performed in accordance with this Agreement all of its obligations under this Agreement with respect to that Decommissioning Project, Contractor shall execute and deliver legal instruments in form and substance that are acceptable to Eni acting reasonably whereby Contractor: (a) acknowledges and agree that all amounts payable under this Agreement by Eni with respect to that Decommissioning Project have been paid by Eni in accordance with this Agreement; (b) waives, releases and forever discharges the members of the Predecessor Group from any and all Claims arising out of or relating to that Decommissioning Project; (c) acknowledges and agrees that Eni has completely performed in accordance with this Agreement all of its obligations under this Agreement with respect to that Decommissioning Project; and (d) acknowledges that Contractor has fully paid any non-disputed amounts owed to third parties in connection with such Decommissioning Project.

ARTICLE III. TERM

Section 3.1 Term and Survival. Subject to the condition precedent in Section 3.5 below, the term of this Agreement shall be from and after the Effective Date until (i) the Decommissioning Projects are completely Decommissioned in accordance with Performance Standards and (ii) Contractor has delivered a Site Clearance (as defined in Appendix 1) to FWE III and to Eni with respect to such Specified Interest, unless terminated earlier as provided in this Article III. In the event of termination pursuant to this Article III, Article II, and the terms and conditions set forth in Appendix 1, each of the foregoing shall survive such termination for four (4) years following the date of termination; provided, however, the definitions set forth in Appendix 1, the terms of Article V and Article VI, and the defined terms set forth in this Agreement shall survive indefinitely; provided further, Eni shall pay Contractor for any Decommissioning Projects completed prior to the date of termination in accordance with the terms of this Agreement. Following the termination or expiration of this Agreement, as applicable, in the event BOEM/BSEE issues an order with respect to any Specified Asset which indicates that the Decommissioning for such Decommissioning Project was not performed in accordance with the Performance Standards, then Contractor shall promptly cause, at its sole cost and expense, any

such Specified Asset that was the subject of a specific Decommissioning Project to be further Decommissioned in accordance with the Performance Standards.

Section 3.2 Termination by Eni for Particular Asset. Eni may terminate this Agreement as to any Decommissioning Project and/or require FWE III to competitively bid the decommissioning services with respect to a Decommissioning Project in the event Contractor is in breach of this Agreement with respect to such Decommissioning Project, and such breach remains outstanding thirty (30) days after Eni or FWE III have provided written notice of such breach to Contractor; provided, however, any such termination shall be limited to the applicable Decommissioning Project and the remainder of this Agreement shall survive in full force and effect in accordance with the terms set forth herein.

Section 3.3 Termination by Eni or Contractor. Contractor or Eni may terminate this Agreement as to a particular Decommissioning Project if, within three (3) years of the Effective Date, (i) a Turnkey Election is not made by Eni for such Decommissioning Project, or (ii) contractual commitments for full funding of the Gross Turnkey Amount for such Decommissioning Project has not been received; provided, however, in the event that a Party is entitled to a right of termination pursuant to subpart (i) or subpart (ii) of this Section 3.3, such termination shall be limited to the applicable Decommissioning Project and the remainder of this Agreement shall survive in full force and effect in accordance with the terms set forth herein.

Section 3.4 Suspension by Contractor. Contractor may suspend performance under this Agreement if Eni is in breach of this Agreement, and such breach remains outstanding for thirty (30) days after Contractor has provided written notice of such breach to Eni. All schedules and timelines in this Agreement shall be tolled until such breach is remedied.

Section 3.5 Condition Precedent. This Agreement shall become effective only in the event that on or before September 30, 2021 (except as otherwise mutually agreed by the Parties), Contractor has received all necessary approvals by applicable regulatory authorities to act as a qualified operator in the Gulf of Mexico.

ARTICLE IV. NOTICE

Section 4.1 Notice Addresses. All notices and correspondence required or permitted to be given by one Party to another hereunder shall be made in writing and shall be delivered to the appropriate Party at the address specified below either by hand, by nationally recognized overnight delivery service or by electronic delivery, unless a different address for notice or copy thereof is changed by notice, with copies to such other parties or addresses as a Party may designate by notice (each, a “**Notice**”). Notices sent by hand delivery or nationally recognized overnight delivery service shall be deemed to have been received upon the recipient’s actual receipt of such Notice. Notices sent by electronic delivery shall be deemed to have been received (i) on the date such transmission was sent if it was sent prior to 5:00 p.m. (at the recipient’s local time) on a business day; or (ii) on the next business day following the date such transmission was sent if it

was sent after 5:00 p.m. (at the recipient's local time) on any business day or at any time on a non-business day.

The rights set out in this Section 5.4 will be exercised in accordance with all applicable competition laws.

ARTICLE VI. MISCELLANEOUS

Section 6.1 Entire Agreement. This Agreement (together with the schedule, exhibits, and appendices hereto, which are incorporated herein by reference), the Implementation Agreement of even date herewith, and the other Definitive Documents constitute the entire agreement among the Parties with respect to the subject matter hereof and supersede any other representations, understandings or agreements (whether written, oral or otherwise) that may have been made, understood or entered into by the Parties or any of their respective affiliates relating to the transactions contemplated hereby or the subject matter hereof.

Section 6.2 Successors and Assigns. This Agreement is personal as to each Party and shall not be assigned without the other Parties' consent; *provided* that the foregoing shall not apply if Contractor assigns this Agreement in total:

- (a) along with all of its personnel who are performing any part of the services hereunder to another entity *provided*, that no such assignment by Contractor, or any subsequent assignment or Transfer of ownership (other than, in each case, a Transfer that conforms with the

requirements of subpart (b) below), shall relieve Contractor of its obligations under this Agreement; or

(b) to an acquirer of all or substantially all of Contractor's employees providing services hereunder provided that: (i) such acquirer has a Tangible Net Worth of at least five (5) times the then-current P90 estimate of the remaining Decommissioning Projects to be Decommissioned in accordance with the Performance Standards and, (ii) at the time of the assignment, at least seventy percent (70%) of the Work (as defined in Appendix 1) described in the Decommissioning Schedule set forth on Exhibit A, based on the Eni Net Turnkey Amount, has been Decommissioned in accordance with the Performance Standards (a "Permitted 3rd-Party Assignment"). If any platform described on Exhibit A has not been Decommissioned in accordance with the Performance Standards ("Remaining Platforms") at the time of any Permitted 3rd Party Assignment made pursuant to this Section 6.2, the Credit Bid Purchaser shall cause the assignee to deliver, as conditions of the assignment, with evidence of their respective satisfaction prior to the effectiveness of such assignment, (i) a windstorm and casualty policy, at the expense of assignee, with a limit of not less than the total amount of the then-current P90 estimate of the Remaining Platforms, with applicable endorsements and other requirements as set forth on Exhibit C of Appendix 1, covering the Remaining Platforms that have not been Decommissioned in accordance with the Performance Standards, which such policy shall have a deductible reasonably acceptable to Eni and shall be required to be maintained throughout the Decommissioning of the Remaining Platforms in accordance with the Performance Standards; and (ii) an express assumption and agreement by assignee to the terms and obligations, accrued or unaccrued, contemplated in this Agreement.

(c) For purposes of this Agreement, "**Tangible Net Worth**" of any assignee means, as of any date of determination, the positive difference, if any, of the total assets of such assignee minus total liabilities of such assignee, with total assets and total liabilities each to be determined in accordance with generally accepted accounting principles applicable to such assignee, *excluding, however*, from the determination of total assets (i) patents, patent applications, trademarks, copyrights and trade names, (ii) goodwill, organizational, experimental, research and development expense and other like intangibles, , and (iii) unamortized debt discount and expense. For purposes of this Agreement, "**Transfer**" means the assignment, transfer, equity sale, merger, divisive merger, or hypothecation, as well as any change of control transaction.

Section 6.3 Amendment. This Agreement may be amended or modified in whole or in part, and terms and conditions may be waived, only by a duly authorized agreement in writing which makes express reference to this Agreement and is executed by each Party.

Section 6.4 Severability. If any provision of this Agreement is held invalid or unenforceable by any court of competent jurisdiction, the other provisions of this Agreement shall remain in full force and effect. The Parties further agree that if any provision contained herein is, to any extent, held invalid or unenforceable in any respect under the laws governing this Agreement, they shall take any actions necessary to render the remaining provisions of this Agreement valid and enforceable to the fullest extent permitted by law and, to the extent necessary, shall amend or otherwise modify this Agreement to replace any provision contained herein that is

held invalid or unenforceable with a valid and enforceable provision giving effect to the intent of the Parties to the greatest extent legally permissible.

Section 6.5 Counterparts. This Agreement may be executed in two or more counterparts, each of which shall be deemed an original, but all of which together shall constitute one and the same instrument. Any .pdf or other electronic transmission of an executed signature page to this Agreement shall, for all purposes, be deemed an original.

Section 6.6 Further Assurances. Subject to the terms and conditions of this Agreement, each Party shall use its reasonable efforts to take, or cause to be taken, all actions and to do, or cause to be done, all things necessary or desirable, under applicable law or otherwise, to consummate or implement the transactions contemplated by this Agreement. The Parties agree to and shall execute and deliver all such other documents, certificates, agreements, and other writings and shall take all such other actions as may be necessary or desirable in order to consummate or implement expeditiously the transactions contemplated in this Agreement in accordance with the terms hereof, including but not limited to any actions or agreements reasonably necessary as a result of the presence of a Qualified Condition or Regulatory Change.

As used in this certification, the term “segregated facilities” means but is not limited to any waiting rooms, work areas, rest rooms and wash rooms, restaurants and other eating areas, time clocks, locker rooms and other storage or dressing areas, parking lots, drinking fountains, recreation or entertainment areas, transportation and housing facilities provided for employees which are segregated by explicit directive or are in fact segregated on the basis of race, color, religion, sex or national origin, because of habit, local custom or otherwise. It further agrees that (except where it has obtained identical certifications from proposed subcontractors for specific time periods) it will obtain identical certifications from proposed subcontractors prior to the award of subcontracts exceeding \$10,000.00, which are not exempt from the provisions of the Equal Opportunity Clause; that it will retain such certification in its files; and that it will forward the following notice to such proposed subcontractors (except where the proposed subcontractors have submitted identical certificates for specific time periods):

NOTICE TO PROSPECTIVE SUBCONTRACTORS OF REQUIREMENT FOR
CERTIFICATIONS OF NONSEGREGATED FACILITIES:

Certification of Nonsegregated Facilities must be submitted prior to the award of a subcontract exceeding \$10,000.00, which is not exempt from the provisions of the Equal Opportunity Clause. The certification may be submitted either for each subcontract or for all subcontracts during a period (i.e. quarterly, semi-annually or annually). Note: The penalty for making false statements is prescribed in 18 U.S.C. 1001.

During the term of the Agreement, Contractor will carry insurance coverages as set forth below at its own expense and with deductibles for its own account, with providers reasonably satisfactory to Owner and authorized to do business in the states or territories in which, and in the offshore blocks on which, Contractor performs any Work. The insurance coverages required herein represent Contractor's minimum requirements and do not limit or invalidate any indemnity or other obligations of Contractor under the Agreement. Contractor's failure to secure the required insurance coverages or the required endorsements on the policies or any denial of coverage by underwriters does not relieve Contractor from or limit its liabilities or obligations under the Agreement.

Required Coverage. The following insurance coverage is required. An owner's limitation clause, including any clause purporting to limit coverage to liability of an insured "as owner of the vessel," shall not be included in any of the policies required below. All policies and group policies must contain applicable territorial extensions and navigation limits adequate for the performance of the Work.

Workers' Compensation, as required by applicable law.

Employer's Liability, with a limit of not less than **\$1,000,000** per occurrence, including (i) coverage for the Longshore and Harbor Workers' Compensation Act, including its extension by the Outer Continental Shelf Lands Act, the Jones Act, and the Death on the High Seas Act, (ii) coverage for masters and members of the crews of vessels (on a voluntary compensation basis), including transportation, wages, maintenance, and cure; alternatively, protection and indemnity insurance may be used for this coverage as specified below, (iii) "in rem" endorsement, stating that an action "in rem" will be treated as a claim against the insured "in personam," and (iv) "borrowed servant" endorsement, stating that a claim brought against Owner Group for compensation as a "borrowed servant" by any member of Contractor Group will be treated as a claim against Contractor.

Automobile Liability, with a limit of not less than **\$1,000,000** per occurrence, combined single limit for bodily injury and property damage, covering all owned, hired, leased, or non-owned vehicles (as required by applicable law).

Commercial General Liability, with a limit of not less than **\$1,000,000** per occurrence, combined single limit for bodily injury and property damage, including (i) blanket contractual liability, (ii) products/completed operations liability, (iii) sudden and accidental pollution liability (including cleanup costs), (iv) surface damage for blowout and cratering, (v) removal of any exclusions, restrictions, or limitations relating to explosion, collapse, or underground property damage, (vi) removal of any professional liability exclusions or limitations, (vii) action over buyback and deletion of any provisions that limit or exclude coverage of claims made by

Contractor Group's employees against any member of Owner Group, (viii) extended reporting period of not less than 36 months, if written on a claims-made policy and is non-renewed or canceled, or deletion of any "sunset clause" purporting to cancel coverage on claims following cancellation or non-renewal, if written on an occurrence policy, (ix) "in rem" endorsement stating that an action "in rem" will be treated as a claim against the insured "in personam," and (ix) removal of the "watercraft" exclusion; alternatively, protection and indemnity insurance may be used for this coverage as specified below.

Hull and Machinery, which Contractor will carry, or cause to be carried, for each vessel owned or chartered by Contractor Group in connection with the Work at the declared value of each vessel and its equipment, including (i) deletion of limitation of liability clause, (ii) if any vessel engages in towing operations, this insurance will include full towage liability with the sistership clause unamended, and (iii) removal of wreck or debris, if removal is required by applicable law.

Protection and Indemnity, which Contractor will carry, or cause to be carried, for each vessel owned or chartered by Contractor Group in connection with the Work with a limit of not less than **\$5,000,000** per occurrence, including (i) coverage for pollution emanating from or caused by a vessel or vessels owned or chartered by Contractor Group, (ii) deletion of any language limiting coverage for Owner Group in the event of the applicability of any statute limiting liability; (iii) "in rem" endorsement stating that an action "in rem" will be treated as a claim against the insured "in personam," (iv) towage liability, where applicable; alternatively, liability coverage may be afforded in accordance with the Commercial General Liability coverages above (deleting the "watercraft" exclusions), (v) coverage for the crews; alternatively, the crew coverage may be afforded in accordance with the workers' compensation and employer's liability coverages above, and (vi) removal of wreck or debris, if removal is required by applicable law.

Charterers Legal Liability, which Contractor will carry, or cause to be carried, for each vessel chartered by Contractor Group in connection with the Work with a limit of not less than **\$1,000,000** per occurrence, including (i) liabilities arising out of operation and use of such vessel and (ii) contractual liability for liabilities assumed by Contractor.

Excess or Umbrella Liability, with a limit of not less than **\$100,000,000** per occurrence, combined single limit for bodily injury and property damage in excess of the limits specified above and is follow-form with additional exclusions for employer's liability, automobile liability, commercial general liability, hull and machinery, protection and indemnity, and charterers legal liability, which such liability limits may be met with any combination of primary, umbrella, and excess policies.

Aircraft Liability, which Contractor will carry, or cause to be carried, for each aircraft owned or chartered by Contractor Group in connection with the Work with a limit of not less than **\$75,000,000** per occurrence, combined single limit for bodily injury or death (including passengers) and loss of or damage to property, including (i) passenger liability, (ii) cargo legal liability, and (iii) no provision limiting coverage "per seat" or "per passenger."

Endorsements and Other Requirements. To the extent of the liabilities assumed by Contractor hereunder, all insurance policies of Contractor will comply with the following:

- (a) **Waiver of Subrogation.** Such policies will expressly waive subrogation as to Owner Group.
- (b) **Additional Insured.** Such policies, other than workers' compensation, employer's liability, and professional liability policies, will include Owner Group as an additional insured, on a broad-form basis. Such additional-insured endorsements must include coverage for the sole, joint, or concurrent negligence of the additional insureds and not be restricted to: (i) ongoing operations and products/completed operations; (ii) coverage for vicarious liability; or (iii) circumstances in which the named insured is partially negligent. The Parties deem a portion of the payment made by Owner for Work performed to include compensation to Contractor for any costs Contractor may incur due to including Owner Group as additional insured. If any additional-insured endorsement limits coverage to amounts required by written contract, the amounts required in the agreement will instead be the maximum amounts of Contractor's insurance policies, but not less than the minimums set forth herein.
- (c) **Primary.** Such policies will be primary to and receive no contribution from any insurance policies maintained by Owner Group.

END OF EXHIBIT C OF APPENDIX 1

EXHIBIT D to APPENDIX 1

DRUG AND ALCOHOL POLICY

PURPOSE

This policy implements Contractor's effort to enhance the safety of its operations and to provide its employees an opportunity to work in an environment free of drugs and alcohol. Contractor will deter alcohol and drug abuse by prevention through education, detection through testing, and disciplinary action when warranted.

POLICY

Contractor prohibits:

- employees possessing or consuming alcohol or drugs while working;
- employees working while under the influence of alcohol or drugs; and
- employees possessing or consuming drugs while not working.

EXCEPTIONS

Contractor permits employee possession of prescription drugs in containers that bear the doctor's and employee's name and a prescription date less than one year old, and permits the safe use of those drugs for the prescribed purposes, but Contractor does not permit employees to work while under the influence of prescription medications that may have an adverse effect on the employee's fitness for duty.

Contractor permits possession and moderate, lawful consumption of alcohol at business-related social functions that have been appropriately authorized by management, but prohibits employees and other attendees from working or operating motor vehicles after such a function if their abilities may have been impaired by alcohol.

DEFINITIONS

"Employees" means (for purposes of this policy only) all regular full-time, regular part-time or temporary employees, all Contractor independent contractors and agents, and all other persons using Contractor equipment, vehicles or boats (including those owned, used, rented or leased by or for Contractor) or performing duties on Contractor premises or property.

"Drugs" means (1) marijuana, cocaine, opiates, phencyclidine (PCP) and amphetamines; and (2) any other substances specified in Schedule I through V of the federal Controlled Substances Act whether or not prescribed for employee use by a physician.

"Test" means a drug test and/or alcohol test using urine and/or blood samples, conducted in accordance with this policy and Contractor testing procedures.

"Working" means reporting for work, performing job duties, engaging in business-related travel or entertainment, operating any Contractor equipment, vehicle or boat (including those owned, used, rented or leased by or for Contractor), being on Contractor property or premises, or attending any Contractor-related business or social function.

TESTING AND DISCIPLINE

Contractor may require employees to submit to tests to determine the presence of drugs or alcohol. If an employee's test yields a verified positive result, their employment will be terminated immediately. In the case of a verified positive pre-employment test result, any offer of employment will be automatically withdrawn.

A refusal to take a test, failure to cooperate with a test, an attempt to tamper with a specimen, violation of Contractor testing policies or procedures or any attempt to subvert Contractor testing policies or procedures will have the same consequences as failing a drug test – immediate termination of employment or withdrawal of offer of employment.

The Contractor human resources department maintains written procedures for testing, which may be changed by Contractor at any time, for any reason. The procedures are available for employee review.

EMPLOYEE DRUG CONVICTIONS

As required by the Drug Free Work Place Act of 1989, any employee convicted of any violation of any criminal drug statute must notify management of the conviction no later than five (5) days after a conviction. Failure to give notice shall result in the employee's termination. The management personnel given the notice will immediately notify the human resources department of any reported conviction. Contractor may terminate any employee convicted of a drug-related crime regardless of the results of any administered drug test.

PRE-EMPLOYMENT TESTING

All applicants for employment at Contractor shall undergo a pre-employment drug test within 24 hours of Contractor's request.

POST ACCIDENT TESTING

Contractor will test each employee whose performance either contributed to an accident or cannot be completely discounted as a contributing factor to the accident, if the accident:

- results in a death or a personal injury necessitating medical attention;

Exhibit D to Appendix 1

Page 2 of 5

- results in an explosion or fire;
- causes a significant damage to or loss of property;
- requires the emergency shut-down of an operation or facility;
- is a reportable incident regarding a gas pipeline facility under 49 CFR Part 191; or
- is a reportable accident involving pipeline facilities used in the transportation of hazardous liquids under 49 CFR Part 195.

In addition to the mandatory post-accident testing described above, Contractor may, in its sole discretion, also require post-accident testing following any accident that it determines is significant and warrants post-accident testing.

RANDOM TESTING

Contractor will conduct random testing on employees at certain Contractor facilities designated by the Vice President of Exploration and Production, the Vice President of Human Resources, and the Sr. Vice President and General Counsel. Procedures for selecting employees for random testing are stated in Contractor's written procedures for testing.

REASONABLE CAUSE TESTING

Contractor will test an employee when there is reasonable cause to believe that the employee is using a drug or is under the influence of alcohol. "Reasonable cause" depends on the circumstances of each case. It includes observation of an employee's:

- unauthorized use or possession of alcohol while working;
- use or possession of drugs;
- slurred speech;
- unsafe actions;
- inability or difficulty in performing routine tasks effectively;
- unsteady standing or walking;
- disorientation or confusion; or
- erratic or unusual behavior.

It may also include:

- concerns about the employee's fitness for duty;
- an employee's voluntary admission of the prohibited use of alcohol or drugs;
- an employee's arrest or conviction for a drug-related offense, or the identification of an employee as the focus of a criminal investigation into illegal drug possession, use or trafficking;
- information related to employee drug use or prohibited alcohol use provided by reliable and credible sources or independently corroborated by Contractor;
- evidence that an employee has tampered with a drug test;
- the odor of alcohol, marijuana, or any other drug; or

Exhibit D to Appendix 1

Page 3 of 5

- an employee's operation of a Contractor vehicle after leaving an establishment where alcohol is served.

Reasonable cause for testing may arise in circumstances in addition to those specified above. A test for reasonable cause will be conducted only upon concurrence of at least two of the employee's supervisors, one of whom is trained in the detection of the possible symptoms of drug and alcohol use. A drug test for reasonable cause will also require the concurrence of either the Vice President of Human Resources or the Sr. Vice President and General Counsel (either of whom may also constitute the concurring supervisors).

OTHER TESTING

If an employee transfers to a facility designated for random testing, a drug test will be required before transfer. If an employee is on a leave of absence from a facility designated for random testing, a drug test may be required before the employee may return to work. Employees may be drug tested upon commencing or ending multiple-day work shifts on offshore facilities.

MEDICAL REVIEW OFFICER

Contractor has designated a licensed physician with knowledge of drug abuse disorders as its medical review officer ("MRO"). The MRO reviews and interprets positive test results obtained through Contractor's testing program. The MRO is responsible for verifying positive test results. The MRO examines alternative medical explanations for any positive test results, and reviews all medical records made available by the tested employee when a confirmed positive drug test could have resulted from legally prescribed drugs. Contractor's test procedures describe the process under which the MRO reviews information, gives the tested employee an opportunity to discuss the test result, and otherwise determines whether the test result should be reported as negative or should be reported as a verified positive test.

RE-TESTING AT THE EMPLOYEE'S REQUEST

An employee may submit a written request to the MRO within 72 hours of receipt of a verified positive drug test, asking that the employee's original specimen be re-tested. Employees are entitled to only one re-test of each specimen. Re-testing procedures are stated in the written procedures for testing maintained by the Contractor's human resources department.

EMPLOYEE EDUCATION AND TRAINING

Employees at the facilities designated for random testing will participate in a training program that addresses the consequences of alcohol and drug use on personal health, safety, and the work environment. The program will also address indicators of alcohol and drug use and abuse. Informational materials (including a community service drug hot-line telephone number for employee assistance), and Contractor's policy regarding drug and alcohol use in the work place will be distributed as part of the training program.

In addition to training for all employees, supervisors of the designated facilities will receive annual training of specific contemporaneous physical, behavioral and performance indicators of probable drug use.

VOLUNTARY REHABILITATION

Employees are encouraged to seek treatment for any alcohol or drug problem before being in a situation that may warrant a test. Upon request, the Contractor's human resources department will refer employees to an independent treatment program.

Medical and disability benefits will be provided for treatment to the extent available under Contractor's medical and disability plans. Employees referred by Contractor to a treatment program and employees seeking Contractor medical or disability benefits for treatment must consent to the disclosure of all treatment-related information to Contractor. An employee's employment shall be terminated if they do not cooperate with treatment, if they leave a treatment program before being discharged, or if they violate this policy after returning to work following treatment.

IMPLIED CONSENT

Employees are conclusively deemed to consent to cooperate in maintaining a work place free from the effects of alcohol and drugs through the use and enforcement of this and related corporate policies and procedures.

EXHIBIT F to APPENDIX 1

SEARCH AND SEIZURE POLICY

NOTICE TO ALL PERSONNEL

It is the Contractor's belief that the misuse of drugs, alcohol, or any substance having a physiological, psychological, or biochemical effect impairs a person's health and performance and creates unsafe working conditions. Contractor is committed to maintaining a productive, safe and healthy work environment, free of unauthorized drug and alcohol usage. In order to achieve this objective, Contractor has adopted a Drug and Alcohol Policy. All Contractor personnel are required to comply with the policy.

The use, possession, distribution or sale of unauthorized drugs by anyone while on Contractor premises or while engaged in Contractor business is prohibited. A person reporting for work on Contractor premises with unauthorized drugs and/or alcohol in his/her body is in violation of this policy.

Reporting to work while under the influence of alcohol by any person is prohibited. The consumption or possession of alcohol in unsealed or opened containers on Contractor premises is prohibited. No alcohol is allowed at any offshore location.

For the purpose of this policy, the term "unauthorized drugs" shall mean any substance, other than an authorized substance, which has the effect on the human body of being a narcotic, depressant, stimulant, hallucinogen or cannabinoid, their precursors, derivatives or analogues, and includes, but is not limited to, those substances scheduled as controlled substances pursuant to the Federal Controlled Substances Act.

"Authorized substances" are substances having a physiological, psychological, or biochemical effect that are lawfully prescribed or that are available without a prescription, that are lawfully obtained by an individual and that the individual possesses and uses in the appropriate manner, in the dosages and for the purposes for which the substances were prescribed or manufactured.

It is each person's responsibility to notify his or her supervisor in writing when that person is taking any prescription or non-prescription medicine or substance which may impair judgment or performance or otherwise adversely affect the normal functions or his or her mental faculties or physical abilities.

In enforcing the policy, searches of persons and their property on Contractor premises, work area searches, and laboratory testing are authorized. Any person who refuses, when requested, to cooperate with a search or to submit to laboratory testing shall be deemed to be in violation of the policy. EXHIBIT A

FIELDWOOD/HUNT TERM SHEET

*This Term Sheet is an expression of interest only and creates no legally binding commitment by either party to negotiate any specific transaction or enter into any agreement. It is expressly understood that no liability or obligation of Fieldwood Energy LLC and its affiliated debtors (collectively, the “**Debtors**”) or Hunt Oil Company and its subsidiaries Chieftain International (U.S.) L.L.C. and Hunt Chieftain Development, L.P. (collectively, “**Hunt**”) of any nature whatsoever is intended to or will be created hereunder with respect to this Term Sheet or related discussions or writings or the transactions contemplated hereby and that this Term Sheet is neither a contract nor a binding offer. It is understood and agreed that any transaction is expressly conditioned, among others, upon approval by the Debtors and Hunt, the execution and delivery by the Debtors and Hunt or their affiliates of definitive written agreements, in form and substance satisfactory to the Debtors and Hunt in their sole discretion, the satisfaction of the conditions set forth therein, and Bankruptcy Court approval. The Debtors and Hunt expressly agree that this Term Sheet does not contain all terms that would be required to be agreed to in order to enter into any definitive agreement. Without prejudice to the foregoing, this Term Sheet constitutes a “Definitive Document” under the Restructuring Support Agreement (as defined in the Plan (as defined below)) and is subject to the consent rights set forth therein. Except as provided for herein, each party is responsible for its own costs and expenses, including those of its legal advisors in conjunction with this Term Sheet.*

HUNT / FIELDWOOD COMMERCIAL TERM SHEET

Through the divisive merger (the “**Divisive Merger**”) contemplated under the *Fourth Amended Joint Chapter 11 Plan of Fieldwood Energy LLC and Its Affiliated Debtors* dated April 15, 2021 filed at ECF No. 1284 (including any exhibits and schedules thereto and as may be further amended, supplemented, or modified, the “**Plan**”),¹ Fieldwood Energy III LLC (“**FWE III**”) will be allocated and vested with the Debtors’ rights, title, and interests in Eugene Island Block 63 (OCS Lease No. G00425) and OCS RUE No. G30244 (collectively, the “**Hunt Turnkey Property**”).

Through the Divisive Merger, FWE III will also be allocated and vested with rights, title, and interests in certain other oil and gas assets (collectively, the “**Hunt Non-Turnkey Properties**”). FWE III will be responsible for the decommissioning the Hunt Non-Turnkey Properties. A schedule of the Hunt Non-Turnkey Properties is attached hereto as **Exhibit A**.

The Debtors’ rights, title, and interests in certain other oil and gas assets (collectively, the “**Hunt Abandoned Properties**”) will be abandoned as set forth in the Plan. A schedule of the Hunt Abandoned Properties is attached hereto as **Exhibit B**.

Withdrawal of Objections, Support of the Plan and Hunt’s Unsecured Claim

In conjunction with the execution of this Term Sheet or promptly thereafter, Fieldwood and Hunt will enter into a mutually agreed stipulation and order that will provide that Hunt will (i) withdraw any pending objections it has filed to the Plan; (ii) not file any further objections to the Plan; (iii) support confirmation of the Plan; and (iv) not support any party in objecting to or opposing the Plan.

In conjunction with the execution of this Term Sheet or promptly thereafter, Fieldwood agrees to allow, support and approve the filing by Hunt of an unsecured claim in the bankruptcy equal to \$22,770,453.59 for the net BSEE estimated (P90) decommissioning and site clearance costs for the Hunt Abandoned Properties and RUEs and ROWs to be abandoned by Debtors as set forth in the Plan.

Turnkey Removal Agreement

¹ Capitalized terms used but not otherwise defined herein shall have the meanings ascribed to them in the Plan.

1. **Turnkey Amount.** Subject to Bankruptcy Court approval (if required), Hunt and Fieldwood Energy LLC (“**Fieldwood**”) will enter into a Turnkey Removal Agreement acceptable to Hunt, Fieldwood, the Required DIP Lenders (as defined in the Plan), and the Requisite FLTL Lenders (as defined in the Plan) whereby Fieldwood will decommission the Hunt Turnkey Property on a turnkey payment basis and Fieldwood will earn a single pre-agreed payment (the “**Turnkey Amount**”) in exchange for decommissioning the Hunt Turnkey Property. The Turnkey Amount will be \$5.4 million. Fieldwood will take commercially reasonable efforts to perform all decommissioning work for the Hunt Turnkey Property on or before June 30, 2021. Subject to certain exceptions,² Fieldwood will have an opportunity to realize a profit if it is able to decommission the Hunt Turnkey Property for a lower cost than the Turnkey Amount, and Fieldwood will bear the risk that the cost of decommissioning the Hunt Turnkey Property exceeds the sum of the Turnkey Amount.
2. **Parties to the Turnkey Removal Agreement.** On the Effective Date of the Plan, (i) FWE III will be allocated and vested with all of Fieldwood’s rights, interests, and obligations under the Turnkey Removal Agreement pursuant to the Divisive Merger and (ii) Credit Bid Purchaser will become a party to the Turnkey Removal Agreement and will perform any remaining decommissioning activities on the Hunt Turnkey Property pursuant to the terms of the Turnkey Removal Agreement.
3. **Mutual Indemnity.** Credit Bid Purchaser and Hunt shall indemnify one another for a material breach of their respective obligations under the Turnkey Removal Agreement; provided, however, the indemnity obligations set forth herein shall not include lost profit opportunity, indirect damages, consequential damages, third party claims, fines or penalties (except to the extent directly resulting from a material breach by the other party), attorney’s fees, or any other third party costs.
4. **Excluded Wells.** Notwithstanding anything herein to the contrary, the Turnkey Amount shall not include any decommissioning obligations that relate to any wells located on the Hunt Turnkey Property that were plugged and abandoned or temporarily plugged and abandoned prior to the entry into the Turnkey Removal Agreement (the “**Excluded Wells**”), and Hunt will be solely responsible for any such obligations related to the Excluded Wells.³ Fieldwood/FWE III, Credit Bid Purchaser and Hunt, as applicable, will determine the list of Excluded Wells.
5. **Surety Bonds.** Hunt may apply any available proceeds from bonds that cover the decommissioning costs associated with the Hunt Turnkey Property to the Turnkey Amount. Hunt will bear all costs and risks associated with such bonds, and notwithstanding its failure to recover all or any bond proceeds, Hunt will pay the Turnkey Amount, as it may be adjusted.
6. **Payments.** Hunt will pay Fieldwood or Credit Bid Purchaser, as applicable, the full agreed

² This agreement will include exceptions that will cause the parties to increase the Turnkey Amount limited to (i) changes to the conditions of the properties to be decommissioned outside of Fieldwood’s, FWE III’s and/or Credit Bid Purchaser’s reasonable control, including extraordinary events, such as hurricanes; and (ii) material changes in government regulations that can reasonably be expected to materially increase the applicable cost of decommissioning a particular project.

³ The Debtors are not currently aware of any liabilities, including any downhole well work, associated with the Excluded Wells.

Turnkey Amount, as it may be adjusted, upon delivery to Hunt of the filings and other evidence required by BOEM and/or BSEE or any other applicable governmental authority, including requisite approvals or regulatory concurrence, with regard to the satisfaction of decommissioning obligations with respect to the Hunt Turnkey Property; including the following filings, to the extent applicable:

- a) Certified platform post-removal report that complies with the requirements of 30 C.F.R. 250.1729, and
- b) Certified site clearance report that complies with the requirements of 30 C.F.R. 250.1743(b).

Implementation and Funding Agreement

1. **Funding Contribution.** Subject to Bankruptcy Court approval (if necessary), Hunt and Fieldwood will enter into an Implementation and Funding Agreement (unless otherwise included in the Turnkey Removal Agreement) acceptable to Hunt, Fieldwood, the Required DIP Lenders (as defined in the Plan), and the Requisite FLTL Lenders (as defined in the Plan) whereby the Debtors will contribute on the Effective Date \$375,000 to FWE III (the “**Contribution Amount**”), which amount will be used in connection with the Hunt Turnkey Property. The Contribution Amount shall be reduced by any amount spent on safety related repairs and improvements (“**Agreed Activities**”) performed on the Hunt Turnkey Property. Any Contribution Amount remaining after reduction for amounts spent on the Agreed Activities (the “**Remaining Balance**”) will be paid by FWE III to Hunt; provided that if the Turnkey Amount becomes due prior to the Effective Date, the Turnkey Amount shall be reduced by the Remaining Balance and the Debtors will not contribute any Contribution Amount to FWE III.
2. **Operating Costs.** The Implementation and Funding Agreement shall also provide that, from and after the Effective Date, Credit Bid Purchaser will manage on behalf of FWE III the Hunt Turnkey Property and the Hunt Non-Turnkey Properties, except for the Excluded Wells, until the completion of the decommissioning pursuant to a mutually acceptable contract operator agreement between FWE III and Credit Bid Purchaser. Hunt shall be responsible for any operating costs associated with the Excluded Wells, but shall not be responsible for any operating costs associated with the rest of the Hunt Turnkey Property or the Hunt Non-Turnkey Properties.

State Leases

Fieldwood and Hunt will endeavor in good faith to mutually agree on the responsibility for Debtors’ rights, title and interests acquired from Hunt in any oil and gas leases granted by the State of Louisiana.
